Pedro E. Cardenas, Commissioner District 4

John Cowen, Jr, Mayor

NOTICE OF A PUBLIC MEETING OF THE
CITY COMMISSION OF THE CITY OF BROWNSVILLE

Pursuant to Chapter 551, Title 5 of the Texas Government Code, the Texas Open Meetings Act, notice is hereby given that the City Commission of the City of Brownsville, Texas, in accordance with Article V, Section 12, of the Charter of said City, will convene a **Regular Meeting**, on **September 1, 2026**, at **5:00 P.M.**, in the Commission Chambers, on the Second Floor of the Brownsville City Hall - Old Federal Building, located at 1001 East Elizabeth Street, Brownsville, Cameron County, Texas, 78520.

Pursuant to Section 551.127, Texas Government Code, one or more Commissioners or employees may attend this meeting remotely using videoconferencing technology. The video and audio feed of the videoconferencing equipment can be viewed and heard by the public at the address posted above as the location of the meeting. Members of the public, employees, and the City Commission may join via the Webex Teleconference Meeting by logging on at:

This Notice and Meeting Agenda are posted online at: https://brownsvilletx.gov/129/Agendas-Minutes Members of the public who submitted a "Public Comment Form" will be permitted to offer public comments as provided by the agenda and as permitted by the presiding officer during the meeting. A recording of the meeting will be made and will be available to the public in accordance with the Open Meetings Act. At any time during the course of the posted meeting, the Brownsville City Commission may retire into Executive Session under Texas Government Code 551.071 to confer with legal counsel on any subject matter on this agenda in which the duty of the attorney to the City Commission under Texas Disciplinary Rules of Professional Conduct of the State Bar of Texas clearly conflicts with Chapter 551 of the Texas Government Code. Further, at any time during this meeting, the City Commission may retire to deliberate on any subject slated for discussion at this meeting, as may be permitted under one or more exceptions to the Texas Open Meetings Act set forth in Title 5, Subtitle A, Chapter 551, Subchapter D of the Texas Government Code.

CALL TO ORDER

a) ROLL CALL

b) INVOCATION

c) PLEDGE OF ALLEGIANCE TO THE FLAGS OF THE UNITED STATES OF AMERICA AND STATE OF TEXAS

PROCLAMATION(S)

1) Recognizing Ruben Hernandez (Commissioner G. De Leon; Commissioner B. Martinez)

2) Recognizing the PossAble Dream Adult High School at the Brownsville Campus (Mayor J. Cowen Jr.; Commissioner G. De Leon)

PUBLIC COMMENT PERIOD

- **Non-Agenda Items:** Kindly submit a "Public Comment Form" stating the City business or City policy you wish to speak to an hour before the start of the scheduled meeting time with the City Secretary. Forms are not reserved for anyone nor may time be deferred to anyone. PowerPoint presentations may not be accommodated. This period is limited to five (5) speakers with a time limit of three (3) minutes per speaker.
- **Agenda Items:** Kindly submit a "Public Comment Form" stating which item(s) on the agenda you wish to speak to an hour before the start of the scheduled meeting time with the City Secretary. Speakers will be allowed to address the Commission on the agenda item before it is to be considered. The speaker is limited to three (3) minutes.
- **Time Limits:** The City Commission shall have the discretion to modify its regulations regarding time limits on public comment if necessary. For example, the time limit may be shortened to accommodate a lengthy agenda or it could be lengthened to allow additional time for discussion on a complicated matter or if there is a need for an interpreter.

PRESENTATION(S)

1) Presentation by the Brownsville Public Utilities Board providing an Annual Report on the Progress of Collaboration with the City of Brownsville, as required by the City Charter. (Brownsville Public Utilities Board)

CITY MANAGER'S UPDATE(S)

1) "National Preparedness Month" (Commissioner N. Galonsky; Commissioner L. Macias)

CONSENT AGENDA ITEM(S)

The following are considered to be routine by the City Commission and will be approved by one motion. There will be no separate discussion of these items unless a City Commissioner so requests, in which event the item will be removed from the Consent Agenda and considered in its normal sequence on the Agenda.

1) Consideration of approval of minutes from the City Commission Regular Meetings held on August 4, 2026, and August 18, 2026. (Office of the City Secretary)

PUBLIC UTILITIES BOARD

August 13, 2026

Honorable Mayor and City Commissioners
City of Brownsville
1001 E. Elizabeth Street
Brownsville, Texas 78520

Subject: Annual Report Submission – Brownsville Public Utilities Board (BPUB) Collaboration Update

Dear Mayor Cowen and City Commissioners:

In accordance with Article VI – Utilities Board, Section 4(f) of the City Charter, the Public Utilities Board is required to submit an annual report to the City Commission detailing progress on collaborative efforts with the City of Brownsville toward shared goals. These goals include enhancing coordination in planning and policy, eliminating service duplication, improving administrative efficiency, fostering joint service initiatives, and ensuring high-quality service delivery at the lowest possible cost.

To fulfill this mandate, the BPUB Executive Team is pleased to submit the attached report. We are also coordinating with City Management to present this update during the Regular City Commission Meeting scheduled for September 1, 2026.

Should you have any questions or need further clarification regarding the information provided, please feel free to contact me at MDGilbert@brownsville-pub.com or (956) 572-1800. I would be happy to discuss the report at your convenience.

Respectfully,

Gerardo Martinez

Gerardo Martinez
BPUB Board Chairman

- 2026-2030 Strategic Business Plan
- Integrated Resource Plan (IRP)

Conclusion: Working Together to Serve Brownsville……30

Executive Summary

Pursuant to *Article VI, Section 4(f) of the Brownsville City Charter*, the Brownsville Public Utilities Board (BPUB) submits this Fiscal Year 2025-2026 report to the Brownsville City Commission outlining the progress made toward advancing shared goals and collaborative initiatives between BPUB and the City of Brownsville.

Throughout FY 2025-2026, BPUB and the City continued to strengthen their partnership through coordinated infrastructure investments, administrative efficiencies, customer service enhancements, community outreach efforts, and long-term planning initiatives designed to improve the quality of life for Brownsville residents.

Under the goal of Eliminating Duplication of Services, BPUB and the City coordinated utility improvements with roadway reconstruction projects throughout the community, including Calvin Street, Old Highway 77, Coffee Port Road, Old Alice Road, Wild Rose Lane, and the Adams, Washington, and Elizabeth Alleys projects, some of which are multi-year projects. By aligning utility upgrades with roadway construction, both organizations reduced costs, minimized disruptions, and maximized the value of public investments.

Under Creating Administrative Efficiency, BPUB and the City continued to streamline operations through consolidated billing, digital plan-review technology, implementation of the Cost Recovery Memorandum of Understanding, and customer-focused initiatives based on stakeholder and customer feedback. During the reporting period, BPUB launched the WaitWell customer queue management system, SilverBlaze online customer portal, RingCentral communications platform, expanded customer assistance partnerships, and transitioned to the new BPUB.com website domain. These efforts improved customer access to services, enhanced communication, and increased operational efficiency.

Under Providing Joint Service Efforts, BPUB and the City collaborated on a wide range of initiatives supporting public safety, infrastructure, environmental stewardship, and community engagement. Key efforts included streetlight maintenance and LED conversions, installation of a utility payment kiosk at the Central Library, BTXFiber coordination, airport reliability improvements, drought response activities, community events, workforce development initiatives, and educational outreach programs. Through regular communication, technical committee meetings, and coordinated public engagement efforts, both organizations continued to strengthen transparency and community awareness.

Under Ensuring Quality of Service at Lower Cost, BPUB continued to provide substantial value to the community through approximately $12 million in projected General Fund Transfers and an estimated $445,000 in reduced utility rates provided to the City. Additional initiatives included implementation of a new hydrant and valve asset management program, completion of an Electric

Rate and Cost of Service Study, development of the 2025 Integrated Resource Plan, adoption of the 2026-2030 Strategic Business Plan, and implementation of the Memorandum of Understanding for Cost Recovery of Services. BPUB also adopted its Water/Wastewater Master Plan, developed with Freese and Nichol, to guide investments in the system and outline capacity through 2050. Additionally, Dr. Joseph Hollmann presented BPUB's 2025 Water Strategy to the City Commission on November 18, outlining actions to diversify Brownsville's water resources, manage demand, modernize infrastructure, and strengthen regional resilience.

Significant long-term planning accomplishments during the fiscal year included the adoption of BPUB's 2026-2030 Strategic Business Plan in December 2025 and approval of the 2025 Integrated Resource Plan in October 2025. Both initiatives incorporated input from BPUB leadership, employees, customers, City Commissioners, City Management, community stakeholders, and advisory groups to help ensure BPUB remains positioned to provide safe, reliable, affordable, and sustainable utility services for future generations.

Together, BPUB and the City of Brownsville continue to demonstrate the value of collaboration, innovation, and responsible stewardship of public resources. Through coordinated investments, shared planning, and a commitment to continuous improvement, both organizations remain focused on delivering exceptional service and supporting the continued growth and prosperity of the Brownsville community.

Common Goal 1 – Eliminate Duplication of Services

Road Projects & BPUB Infrastructure Projects

The Brownsville Public Utilities Board (BPUB) and the City of Brownsville's Engineering and Public Works Department continue to work collaboratively to coordinate utility infrastructure improvements with roadway construction and rehabilitation projects throughout the city.

By aligning water, wastewater, and electric infrastructure upgrades with planned roadway improvements, BPUB and the City reduce construction costs, minimize disruptions to residents and businesses, and help avoid future excavation of newly reconstructed streets. This coordinated approach maximizes public investment, improves project delivery, and enhances the long-term reliability of critical infrastructure.

During FY 2025-2026, BPUB and the City partnered on numerous roadway and utility improvement projects in various stages of planning, design, and construction. These coordinated efforts support the modernization of critical infrastructure, improve service reliability, and deliver long-term value to the community.

Calvin Street

Calvin Street remains an active City roadway improvement project requiring significant BPUB utility coordination. Work includes relocating 30 distribution poles, providing temporary support for 18 poles, installing 931 linear feet of 10-inch sanitary sewer line, and completing associated water and sewer service connections. Project Design has been completed; construction is 90% complete.

Old Hwy 77 (FM802 – Morrison)

BPUB continues to coordinate closely with City staff, Hanson Professional Services, Inc., and Mako Contracting Engineering to support the roadway, water, and wastewater improvements along the Old Highway 77 corridor, which started in 2024.

BPUB Electrical Engineering is actively managing utility conflicts associated with the project. Five wood distribution poles have been identified as being in direct conflict with the proposed roadway improvements and are scheduled for relocation to maintain the construction schedule. A work order for the pole relocations has been approved and released, and BPUB's Construction Department is developing the implementation schedule.

In addition, approximately 30 distribution poles will require temporary support during excavation activities. These temporary supports are being planned to maintain system reliability and minimize service interruptions throughout construction.

Project design has been completed, and construction of the water and wastewater improvements is currently approximately 45% complete.

BPUB teams remain actively engaged throughout the project to address utility-related issues, support construction activities, and help ensure the successful delivery of these critical infrastructure improvements.

Coffee Port Road

The Coffee Port Road project will reconstruct the corridor into an urban curb-and-gutter roadway and include drainage improvements. BPUB is incorporating necessary utility improvements and adjustments into the City's construction effort.

BPUB Electrical Engineering continues to work closely with City staff and Halff Associates to identify and resolve electric utility conflicts associated with the project.

To support Phase I of the roadway improvements between Ruben M. Torres Boulevard and Galveston Road, BPUB completed the relocation of approximately 1,600 feet of three-phase overhead distribution line, including the installation of 10 new distribution poles and associated attachments. This work was completed in June 2026. An additional work order is pending approval to address utility conflicts between Galveston Road and Paredes Line Road. This is estimated to be completed by the end of August 2026, and construction will take another three months.

Phase I design has been completed, and construction of the associated water and wastewater improvements is approximately 50% complete. Design for Phase II has also recently been completed.

BPUB staff remain actively engaged with City staff to coordinate future phases of the project, minimize delays, and support a smooth transition into construction.

Old Alice Road (Frontage 69E – Ruben M. Torres)

BPUB Electric Engineering continues to coordinate closely with City staff and TEDSI to review and address electrical utility considerations associated with the Old Alice Road Improvements Project. The project is under design with the City and TEDSI.

Following its review, TEDSI confirmed that no utility pole relocations are required for the project. However, temporary support will be needed for select poles during construction activities. TEDSI will provide the locations of these poles to facilitate planning and coordination efforts. The project design is complete, and construction is in the planning phase. Expected to be completed this fiscal year.

Wildrose Lane Utility Improvements Project

The Wild Rose Lane Utility Improvements Project is a joint infrastructure initiative supporting the City's roadway reconstruction efforts. BPUB's scope includes approximately 2,300 linear feet of waterline improvements and 2,410 linear feet of wastewater system improvements to replace aging infrastructure, enhance service reliability, and support long-term growth in the area.

Project design is complete, and construction is currently 32% complete. BPUB continues to coordinate with project stakeholders to support construction activities, advance utility improvements, and minimize impacts to existing services throughout the project corridor.

Adams, Washington, and Elizabeth (Alleys)

The Adams, Washington, and Elizabeth Alleys Utility Improvements Project includes wastewater infrastructure improvements within the alleys located between Adams, Washington, and Elizabeth Streets, as well as waterline improvements between 10th and 13th Streets.

Project design is complete, and construction is 85% complete.

These improvements are being undertaken to enhance the reliability and performance of the water and wastewater systems serving the area, while supporting the continued maintenance and modernization of critical infrastructure.

Backflow Testing Update

BPUB's Cross Connection Control Department continues to perform annual backflow preventer assembly testing for approximately 127 City-owned backflow prevention devices during FY 2025-2026.

These devices play a critical role in protecting the public water supply by preventing contamination that could occur during reverse flow events. Through this ongoing partnership, BPUB helps ensure compliance with state regulatory requirements while safeguarding water quality for the community.

By providing these testing services, BPUB also removes the financial and administrative burden from the City, allowing for efficient management of critical public infrastructure. BPUB remains

committed to supporting public health, ensuring regulatory compliance, and reliably delivering safe drinking water to customers.

Common Goal 2 – Create Administrative Efficiency

City Fee Collections

BPUB and the City of Brownsville continue to enhance administrative efficiency through a consolidated billing strategy that incorporates select City fees into BPUB utility invoices.

By centralizing the collection of municipal fees, including Garbage, City Maintenance, and Federally Unfunded Environmental Compliance Mandates, within the utility billing system, BPUB and the City streamline administrative processes, reduce operational redundancies, and improve overall service delivery.

This coordinated approach simplifies the payment experience for residents by providing a single, convenient billing platform while also improving collection efficiency and reducing administrative costs for both organizations.

BPUB remains committed to working collaboratively with the City to identify opportunities that increase efficiency, enhance customer service, and deliver value to the community.

Accela Software

BPUB continues to enhance administrative efficiency and customer service through the use of Accela and DigEPlan software platforms. Electric Engineering staff maintain licenses for these tools, which support digital plan review, permit coordination, and improved communication throughout the development process. Licenses were purchased in 2023 and are renewed annually.

The implementation of these platforms has enabled BPUB engineers to review development plans more efficiently, collaborate seamlessly with stakeholders, and provide timely feedback to customers, developers, and project partners. By leveraging digital workflows, BPUB has streamlined review processes, improved transparency, and enhanced the overall customer experience.

BPUB remains committed to utilizing technology-driven solutions that improve operational efficiency, support economic development, and strengthen coordination with the City and the development community.

Collaborative Efficiency Initiatives

BPUB and the City of Brownsville share a commitment to delivering exceptional customer service and continuously improving the customer experience. Through regular discussions, members of the Brownsville City Commission and the BPUB Board of Directors provide valuable feedback, share constituent concerns, and identify opportunities to enhance customer service, communication, accessibility, and operational efficiency.

This ongoing exchange of ideas has helped guide the development of initiatives focused on improving the way customers interact with BPUB and access essential services. By listening to stakeholder feedback and evaluating opportunities for improvement, BPUB implemented several efficiency initiatives during FY 2025-2026 designed to streamline processes, expand customer service options, strengthen community partnerships, and improve overall service delivery.

The following initiatives reflect BPUB's commitment to being responsive to customer needs, incorporating feedback from its governing bodies, and continuously enhancing the services provided to the Brownsville community.

WaitWell Customer Queue Management System

Launched in October 2025, the WaitWell customer experience platform was implemented to enhance the in-person service experience. The system helps reduce lobby wait times, supports appointment scheduling, facilitates customer feedback, and provides service-level tracking to help ensure consistent and efficient customer service. These improvements streamline customer interactions and support a more convenient service experience.

SilverBlaze Online Customer Portal

Launched in March 2026, the SilverBlaze online customer portal provides customers with secure, 24/7 access to account services. Through the platform, customers can make payments, manage account information, enroll in paperless billing, and view utility consumption data. The portal expands self-service options and provides customers with greater flexibility and convenience.

Optimized Staffing Model

Implemented in November 2025, BPUB adopted an optimized staffing model by integrating revenue recovery responsibilities into existing Customer Service operations following a staff vacancy. By cross-training employees rather than filling the vacant position, BPUB maintained service levels, enhanced workforce flexibility, improved operational resiliency, and reduced personnel costs.

The success of this approach has demonstrated the value of cross-functional staffing and process optimization. As a result, BPUB is evaluating opportunities to apply similar workforce efficiency strategies in other areas of the organization where appropriate, while continuing to maintain high levels of customer service and operational performance.

RingCentral Customer Communications Platform

Implemented in June 2026, RingCentral expanded BPUB's customer communications capabilities through voice, chat, SMS, and email channels. The cloud-based platform also provides workforce optimization tools, reporting and forecasting capabilities, and supports future artificial intelligence enhancements. A key benefit for customers is the ability to request a callback rather than remain on hold while waiting for a Customer Service Representative. By respecting customers' time and providing more convenient communication options, RingCentral helps improve the overall customer experience while enhancing operational efficiency.

Expanded Customer Assistance Program Partnerships

In February 2026, BPUB expanded customer access to assistance programs by establishing additional community partner locations, including Come Dream, Come Build and Good Neighbor Settlement House. These partnerships increase program accessibility, strengthen community outreach efforts, and connect more qualifying customers with available assistance resources while reinforcing BPUB's commitment to serving the community.

New Simpler Domain – BPUB.com

As part of BPUB's ongoing commitment to improving customer access to information and supporting the City of Brownsville's broader goal of enhancing public service delivery, BPUB launched its new website domain, BPUB.com, in late July 2026.

The new domain aligns with BPUB's updated brand identity while providing customers with a simpler and more intuitive way to access utility services and information. The shorter, more recognizable web address is easier to remember and locate online and helps reduce confusion when residents seek information about utility programs, services, outages, conservation initiatives, and community projects.

By simplifying access to digital services and improving the customer experience, BPUB is making it easier for residents to interact with their utility provider while supporting a shared commitment between BPUB and the City to deliver accessible, responsive, and customer-focused public services.

Through these initiatives, BPUB continues to improve efficiency, expand customer access to services, strengthen community partnerships, and enhance the overall customer experience while responsibly managing public resources.

Customer Satisfaction Study

As part of its commitment to continuous improvement and responsive service delivery, BPUB commissioned GreatBlue Research, a nationally recognized market research firm with extensive experience serving public power, water, wastewater, and municipal utility organizations, to conduct a comprehensive Customer Satisfaction Study between June 2025 and August 2025.

The study, presented to the BPUB Board of Directors in October 2025, provided valuable insights into customer perceptions, service expectations, and opportunities to enhance the customer experience. The findings confirmed BPUB's strong operational performance, particularly in electric reliability and outage restoration, while also identifying opportunities to increase customer awareness of available programs and services, strengthen customer confidence in drinking water quality, and enhance communication about the value of BPUB's municipally owned utility model.

The findings were shared with BPUB leadership and helped inform discussions with the Brownsville City Commission and BPUB Board of Directors regarding customer service priorities and community expectations. These insights directly influenced several customer-focused initiatives implemented during FY 2025-2026, including WaitWell, SilverBlaze, RingCentral, expanded access to customer assistance programs, enhanced customer communications, and other service improvements designed to better meet customer needs.

By actively listening to customers and incorporating their feedback into operational planning, BPUB continues to strengthen customer relationships, improve service delivery, and support a culture of continuous improvement.

Common Goal 3 – Provide Joint Service Efforts

Utility Payment Kiosk Partnership

BPUB and the City of Brownsville partnered to expand customer access to utility payment services by installing a self-service payment kiosk at the Brownsville Public Library System's Main Branch (Central Library). This initiative brings convenient payment services closer to the community while supporting both organizations' commitment to improving customer accessibility and service delivery.

The kiosk provides customers with an additional payment option outside BPUB's customer service centers, improving accessibility and convenience while reducing travel and wait times. Through this

partnership, BPUB and the City are making utility services more accessible and responsive to customer needs.

The self-service kiosk allows customers to securely make utility payments and perform routine transactions via a user-friendly platform located in a central, accessible community facility.

Community Impact

- Strengthened collaboration between BPUB and the City of Brownsville.
- Expanded customer access to utility payment services.
- Increased convenience through a centrally located payment option at the Central Library.
- Reduced travel time and improved access to customer services.
- Enhanced customer service and accessibility for Brownsville residents.

Through this collaborative initiative, BPUB and the City continue to improve service delivery, expand access to essential services, and provide convenient solutions that better serve the community.

Streetlight Program

BPUB continues to support public safety and community mobility through its comprehensive streetlight program. The utility installs and maintains approximately 13,772 streetlights throughout the City of Brownsville, enhancing visibility for motorists, pedestrians, and cyclists.

These lighting assets play a vital role in promoting safer roadways, improving neighborhood security, and supporting transportation infrastructure across the community. Through ongoing maintenance, repairs, upgrades, and new installations, BPUB works to ensure the reliability and effectiveness of the streetlight system.

BPUB remains committed to partnering with the City to provide efficient, reliable streetlighting services that enhance public safety, improve quality of life, and support the needs of Brownsville's residents and businesses.

LED Streetlight Conversion Program

BPUB and the City of Brownsville continue to work together to modernize the City's streetlight system by converting streetlights to energy-efficient LED fixtures.

According to the COB's July 2026 Light Report, approximately 11,477 City-owned streetlights have been converted to LED technology. The program enhances visibility for motorists, pedestrians, and cyclists while reducing energy consumption and maintenance requirements.

BPUB's Electric Operations team works closely with the City to implement the conversions, maintain system reliability, and support the City's goals for improved public safety, operational efficiency, and sustainable infrastructure.

Through this collaborative effort, the City and BPUB are enhancing the quality of public lighting throughout Brownsville while delivering long-term benefits to residents, businesses, and the community.

New Street Light Requests

BPUB and the City of Brownsville continue to work collaboratively to address new streetlight requests and enhance lighting throughout the community. Through ongoing coordination between BPUB's Electrical Division and the City's Traffic Department, new lighting installations are evaluated, prioritized, and completed to support public safety and community development.

As of July 2026, BPUB has installed 9 new streetlights throughout the city at the request of the Traffic Department, as well as 104 streetlights within new subdivision developments during FY 2025-2026.

A key component of this collaborative effort is the monthly BPUB-City of Brownsville Technical Committee meetings. These meetings provide a forum for both organizations to identify and resolve process challenges, clarify project requirements, improve communication, and streamline the review and installation process.

Through this partnership, BPUB and the City are improving coordination, increasing transparency, and enhancing responsiveness to community lighting needs while supporting continued growth and public safety throughout Brownsville.

Expressway Lights Maintenance Program

BPUB and the City of Brownsville continue to collaborate to maintain roadway lighting along Expressway 77/69, enhancing visibility, improving public safety, and supporting reliable transportation infrastructure throughout the community.

BPUB currently maintains more than 800 roadway lighting fixtures along the expressway corridor, including a significant number of lights located outside BPUB's electric service territory. Through ongoing coordination with project partners and transportation agencies, BPUB helps ensure these critical lighting assets remain operational and continue to serve residents and visitors traveling through Brownsville.

During FY 2025-2026, BPUB completed four major expressway lighting maintenance operations, replaced more than 150 lighting fixtures, and repaired two electrical distribution circuits supporting the system. Additionally, BPUB Electrical Operations has scheduled ongoing maintenance activities throughout the remainder of the fiscal year to proactively address lighting needs and maintain system reliability.

Through this collaborative effort, BPUB and the City continue to enhance roadway safety, improve lighting performance, and support the long-term reliability of critical transportation infrastructure.

Landfill New Sanitation Department Shop

BPUB continues to coordinate with the City of Brownsville on the development of the new Sanitation Department Shop at the City Landfill, which will support the maintenance and repair of landfill equipment.

A work order has been approved for the installation of approximately 500 feet of underground three-phase primary distribution line, a service transformer, and associated electrical equipment. Construction is scheduled to begin in August 2026, with completion anticipated by the end of the month.

This collaborative effort will provide the electrical infrastructure necessary to support the City's ongoing landfill operations.

City Hall Electrical Upgrades

BPUB continues to work with the City of Brownsville and Ethos Engineering to support electrical service upgrades associated with the City Hall HVAC improvement project.

Coordination efforts are focused on sizing a new pad-mounted transformer to accommodate the proposed building load. BPUB and City staff are currently evaluating equipment location, project costs, and construction requirements to support a smooth transition into the construction phase.

This collaborative effort will help modernize City Hall infrastructure and support improved energy efficiency and building performance.

City Plaza Upgrades

BPUB is working with the City of Brownsville and Hanson Professional Services to support the City Plaza Upgrades Project. The project includes relocating an existing BPUB pad-mounted transformer to accommodate the installation of a new generator.

BPUB is coordinating with project stakeholders to identify a new accessible location for the transformer and facilitate the acquisition of any necessary easements. These efforts will help ensure reliable electrical service while supporting the City's planned infrastructure improvements.

BTXFiber

BPUB continues to collaborate with the City of Brownsville, Omni Fiber (Lit Fiber), and Davey Resource Group (DRG) to support the BTXFiber project and facilitate the deployment of broadband infrastructure throughout the community.

As part of this effort, BPUB reviews pole attachment applications, coordinates utility conflict resolution, and works with project partners to ensure proposed installations meet technical and safety standards. Omni Fiber continues to utilize Davey Resource Group to prepare and revise permit application packages, with an increased focus on underground installations to reduce reliance on aerial infrastructure.

In December 2025, DRG submitted documentation for 22 permits encompassing approximately 360 poles for BPUB review. BPUB completed its review in March 2026 and provided feedback regarding pole loading requirements, make-ready work, and telecommunications infrastructure adjustments.

As of August 2026, DRG is revising permit applications based on BPUB's comments, and both organizations continue working collaboratively to address outstanding make-ready requirements and advance permit approvals. BPUB is also actively reviewing pending applications, coordinating with project stakeholders, and streamlining internal processes to improve turnaround times and support project progress.

Weekly coordination meetings between the City, Omni Fiber, and BPUB continue to facilitate communication, resolve issues, and maintain momentum on this important community broadband initiative.

SPI Airport Electrical Reliability

BPUB continues to support reliable electrical service to the South Padre Island International Airport through proactive maintenance and infrastructure improvements.

During FY 2025-2026, BPUB Electrical Operations completed a comprehensive inspection of the overhead distribution circuit serving the airport and implemented preventive maintenance measures to enhance system reliability. As of August 6, 2026, all identified maintenance activities have been completed, including:

- 28 tree-trimming projects

- 23 pole replacements
- 11 lightning arrester replacements
- 13 transformer replacements
- 189 fog bowl insulator replacements
- 2 capacitor bank replacements

Through these improvements, BPUB is helping strengthen the reliability of the electric system serving the airport, supporting safe and dependable operations for a critical regional transportation asset.

Resaca de la Guerra Resiliency and Restoration Project

The Resaca de la Guerra Resilience and Restoration Project, located along the Resaca de la Guerra corridor in south Brownsville near the Southmost area, is designed to restore aquatic and riparian habitats, create additional potable water storage capacity, and strengthen the resilience of Brownsville's water system. The project is funded through a $3 million WaterSMART grant from the Bureau of Reclamation with a $1.6 million local cost-share contribution.

The final design is approximately 90% complete, and environmental, cultural compliance, and permitting activities are anticipated to be completed in September 2026. Contractor selection is expected in November 2026, with sediment removal activities scheduled to begin in January 2027 and conclude in June 2027.

Subsequent phases will include vegetation removal, riparian revegetation, trail construction, and the installation of stormwater treatment units through Spring 2027.

Through this project, BPUB is advancing long-term water supply resilience, environmental stewardship, habitat restoration, and water quality improvements that will benefit the Brownsville community for generations to come.

Underground Residential Distribution (URD) Conductor Replacement Project

BPUB continues to enhance the reliability and resilience of its electric distribution system through the Underground Residential Distribution (URD) Conductor Replacement Program. Using a data-driven approach developed by the Electrical Systems Planning (ESP) Department, BPUB evaluates underground electrical infrastructure based on outage history, cable failure trends, maintenance records, asset age, and reliability risks to identify and prioritize replacement projects.

This proactive strategy helps reduce service interruptions, improve system performance, lower maintenance costs, and support informed capital investment decisions. By targeting areas with the

greatest infrastructure needs, BPUB is working to improve reliability and provide a higher level of service to customers.

During FY 2026, BPUB advanced its system reliability efforts by securing engineering consulting services and commencing design of the following projects:

Galaxia Subdivision

BPUB has secured a consultant and initiated design activities for the replacement of aging direct-buried underground electrical infrastructure within the Galaxia Subdivision located by Military Highway and Calle Pluton. The project includes upgrades to associated distribution equipment and, where necessary, evaluation of transformer replacements. Engineering studies have also identified opportunities to improve system operability through loop-fed configurations and fault-location technologies that can reduce outage durations and maintenance costs. The project is expected to replace approximately 14,000 feet of underground distribution cable.

Timber Subdivision

BPUB has also advanced design efforts for the Timber Subdivision URD Replacement Project located by McKenzie Rd and Timber Dr. The proposed improvements will replace existing direct-buried cable with conduit-installed cable and incorporate junction boxes that will allow the subdivision to operate in a loop-fed configuration. These enhancements are expected to improve reliability, reduce outage durations, enhance fault isolation and troubleshooting capabilities, and lower long-term maintenance costs. The project is expected to replace approximately 4,400 feet of underground distribution cable.

Through these investments, BPUB is proactively modernizing critical electric infrastructure while improving system reliability, resiliency, and service quality for customers.

Brownsville Airport District Cable Replacement Project

BPUB continues to advance the Brownsville Airport District Cable Replacement Project to improve electric system reliability and replace aging underground infrastructure serving the airport area.

To support this effort, BPUB retained an engineering consultant and has worked closely with Airport and City staff to complete field surveys, utility locates, and staking of proposed equipment locations. The project includes replacing approximately 2.12 miles of direct-buried electrical cable within Airport District facilities.

FY 2025-2026 Update:

Boca Chica Boulevard Segment: Design has been initiated for approximately 1.12 miles of new underground cable and conductive cable improvements along Boca Chica Boulevard. The engineering design is currently under review by BPUB Electric Engineering staff. Once finalized, construction is expected to take approximately 10 to 12 weeks.

South Vermillion Avenue Segment: Design has been initiated for approximately 1 mile of overhead cable improvements along South Vermillion Avenue and is currently 98% complete. Upon completion of the design phase, construction is expected to take approximately 8 to 10 weeks.

Through this project, BPUB is proactively replacing aging infrastructure, improving system reliability, and enhancing service resiliency for critical facilities within the Airport District.

Communication Synergy

BPUB and the City of Brownsville continue to strengthen collaboration, transparency, and communication through established coordination channels that support informed decision-making and effective service delivery.

To enhance communication between both organizations, BPUB designated its Chief Administrative Officer as the primary City Liaison. In this role, the CAO serves as the central point of contact for City-BPUB communications, facilitating information sharing, coordinating responses to inquiries, and supporting intergovernmental collaboration.

Throughout FY 2025-2026, BPUB and the City maintained regular communication and coordination through a variety of forums, including:

- Presentations and discussions with the City Commission on matters of strategic importance to the community, including:
  - November 18, 2025: Ensuring a Sustainable Water Supply, presented by Dr. Joseph Hollmann, SRWA Board Chair.
  - March 3, 2026: Brownsville Public Utilities Board 2026-2030 Strategic Business Plan, presented by Gerardo Martinez, BPUB Board Chair, and Marilyn D. Gilbert, General Manager & CEO.
- Regular meetings between City and BPUB legal counsel.
- Monthly Technical Committee meetings between City and BPUB staff to coordinate projects, resolve operational issues, improve communication, and enhance organizational efficiency.

Through these ongoing efforts, BPUB and the City continue to foster a strong working relationship, improve transparency, strengthen interagency coordination, and advance shared goals that benefit the Brownsville community. In addition to these regular communication channels, joint subcommittee meetings and joint meetings of the Brownsville City Commission and BPUB Board of Directors

remain valuable tools for promoting collaboration, discussing shared priorities, and strengthening the partnership between both organizations, even though no such meetings were held during FY 2025-2026.

Event Collaboration

BPUB and the City of Brownsville continue to collaborate on a variety of community events and outreach initiatives that promote public awareness, strengthen community relationships, and maximize the effective use of shared resources. Through these joint efforts, both organizations educate residents, support civic engagement, and highlight services that enhance the quality of life in Brownsville.

During FY 2025-2026, BPUB partnered with the City on numerous community events, including:

- *One City Information and All-Hazards Preparedness Fair*
  BPUB partnered with the City of Brownsville to participate in the One City Information and All-Hazards Preparedness Fair on May 21, 2026. BPUB staff provided information on utility services, customer service resources, and billing assistance, while Leo the Lineman shared hurricane preparedness and electrical safety information. The event also provided an opportunity for City and BPUB representatives to engage directly with residents and address community questions.

- *Town Hall meeting for Valley International Country Club (VICC)*
  BPUB partnered with the City of Brownsville to host a Town Hall meeting for Valley International Country Club (VICC) residents on June 22, 2026, to discuss utility service issues and opportunities for improvement within the community.

  During the meeting, BPUB staff provided information on the history of utility service within VICC, discussed operational and infrastructure challenges affecting the area, and shared potential paths forward. BPUB's Customer Service team also addressed questions and concerns directly from residents.

- Careers and Coffee Job Expo
  BPUB participated in the Careers and Coffee Job Expo held on October 23, 2025, a workforce development event co-hosted by the City of Brownsville and the Greater Brownsville EDC (GBEDC). The event connected residents with local employers, career opportunities, and workforce development resources.

  BPUB staff engaged with job seekers, shared information about employment opportunities at the utility, and highlighted career paths within the utility industry.

- Brownsville Parks and Recreation Touch-A-Truck
  BPUB participated in the District 2 Spring Fling & Touch-A-Truck event hosted by the City of Brownsville Parks & Recreation Department at Cabler Park on April 11, 2026. BPUB showcased a backhoe from the Water/Wastewater Operations and Construction Department, giving children and families a chance to explore utility equipment and learn more about the services BPUB provides to the community.

- Scout Government Day
  BPUB participated in the 74th Annual Brownsville Scout Government Day hosted by the City of Brownsville on February 13, 2026, at Brownsville City Hall. The event provided local Scouts with a firsthand look at municipal government operations and the essential services provided to the community.

  As part of the program, Scouts interacted with representatives from various City departments and community partners, including BPUB, to learn about public service, utility operations, and career opportunities. The event encouraged civic engagement and provided participants with a deeper understanding of how local government and public utilities work together to serve residents.

- BISD 6TH Annual Sustainability Rally
  BPUB participated in the BISD 6th Annual Sustainability Rally in April 2026, where Energy Efficiency and Conservation staff engaged with approximately 270 students and provided information on sustainability initiatives, energy efficiency, water conservation, and responsible resource management.

  Through participation in community educational events such as the Sustainability Rally, BPUB supports broader community efforts to promote environmental stewardship and raise awareness of sustainability among future generations. These outreach activities complement the shared commitment of BPUB and the City of Brownsville to educating residents, encouraging conservation, and fostering a culture of environmental responsibility within the community.

- BPUB's Big Public Utilities Bash
  BPUB hosted the Big Public Utilities Bash on October 10, 2025, offering families an opportunity to learn about the utility services that support the community through interactive, educational experiences.

  More than 2,000 attendees participated in the event, which featured utility trucks, hands-on demonstrations, educational games, and information on water conservation, public power, and wastewater services. The event also included participation from community partners, including the Brownsville Police Department and Brownsville Fire Department, which provided vehicle displays and public safety information.

- Community Event Sponsorships
  In addition to its collaborative outreach efforts with the City of Brownsville, BPUB supported several community events throughout FY 2025-2026 that promoted civic engagement, community pride, education, and economic development.

  Notable sponsorships included Mayor John F. Cowen, Jr.'s 2026 State of the City Address, held on March 25, 2026, which highlighted Brownsville's accomplishments, priorities, and vision for the future. BPUB also supported the Mr. Amigo 2026 celebrations held in February 2026, which celebrated the longstanding cultural and binational ties between Brownsville and Matamoros.

Drought Response

BPUB and the City of Brownsville continue to work collaboratively to promote water conservation and raise public awareness of drought conditions through coordinated outreach, education, and community engagement. These initiatives support responsible water use, help preserve limited water resources, and reinforce the community's long-term resilience during droughts.

Throughout FY 2025-2026, BPUB and the City implemented a variety of conservation awareness initiatives, including:

- Drought-related billboard campaigns were displayed at key locations throughout the city.
- Social media outreach and public information campaigns provide updates on drought conditions, conservation measures, and water-saving practices.
- Digital signage and customer communications highlighting conservation tips and drought-related information.
- Educational outreach through career days, facility tours, schools, universities, and community partners to increase awareness of water resource challenges and conservation opportunities.
- Legislative advocacy efforts, including participation in Brownsville Day at the Capitol, where BPUB and City representatives engaged state leaders on regional water supply needs, drought challenges, and infrastructure funding opportunities.

As a result of improving reservoir conditions, Brownsville transitioned from Drought Stage 2 to Drought Stage 1 on August 7, 2026. BPUB and the City continue to promote conservation awareness and encourage responsible water use to help preserve the region's water resources and maintain long-term water sustainability.

Through these ongoing efforts, BPUB and the City are working together to build a culture of conservation, support sustainable resource management, and help ensure a reliable water supply for future generations.

Safety, Security, and Emergency Preparedness Partnerships

BPUB's Safety and Security Operations Department (SSOD) and Emergency Preparedness Division continue to collaborate with the City of Brownsville, public safety agencies, educational institutions, and community organizations to enhance public safety, strengthen emergency preparedness, and support workforce development throughout the region.

These partnerships help improve coordination between agencies, strengthen emergency response capabilities, and support the City's efforts to protect residents, critical infrastructure, and essential services before, during, and after emergency events.

During FY 2025-2026, BPUB supported the following collaborative initiatives:

- Electrical Hazard Awareness Training was provided to the Brownsville Police Department, Brownsville Fire Department, City of Brownsville personnel, Cameron County staff, and other local agencies, helping first responders and public employees safely operate around utility infrastructure during routine operations and emergency incidents.

- Traffic Control and Work Zone Safety Training was conducted on February 12, 2025, supporting the safe management of roadway incidents, infrastructure projects, and emergency response activities.
- Law Enforcement Training Support and SWAT Exercises conducted in partnership with the Brownsville Police Department, strengthening coordination between utility and public safety personnel during emergency scenarios.
- Electrical Safety Education Programs provided to Brownsville ISD students on:
  - October 7, 2025
  - December 17, 2025
  - February 26, 2026
  - April 16, 2026

These programs support community education and workforce development while increasing awareness of utility safety and career opportunities.

- Emergency Preparedness Planning Session conducted jointly with the City of Brownsville Office of Emergency Management on May 5, 2026, to review emergency plans, coordination procedures, and response priorities.
- City of Brownsville Office of Emergency Management Tabletop Exercise conducted on May 7, 2026, strengthening interagency communication, situational awareness, and Emergency Operations Center coordination.
- Tropical Storm Preparedness and Coordination Calls were held between June 15 and 17, 2026, enabling BPUB and City officials to exchange real-time information regarding weather conditions, operational impacts, infrastructure concerns, and service restoration priorities.
- BPUB 2026 Hurricane Tabletop Exercise was conducted on June 17-18, 2026, with participation from the City of Brownsville Office of Emergency Management to enhance hurricane response planning and continuity of operations.
- Harness and Pole-Climbing Safety Training was provided to Gladys Porter Zoo maintenance personnel on September 9, 2026, supporting safe work practices and community partnerships.
- Disaster Finance Training, scheduled for September 14, 2026, and open to the City of Brownsville and other jurisdictional partners, to strengthen recovery planning and disaster reimbursement readiness.

BPUB also continued coordinating with the City through the City's WebEOC platform, participation in emergency management activities, and the assignment of a dedicated Liaison Officer within BPUB's Incident Command System to support communication and coordination with the City's Emergency Operations Center during emergencies.

Through these collaborative efforts, BPUB and the City of Brownsville continue to strengthen emergency preparedness, improve operational resilience, enhance public safety, and ensure the reliable delivery of essential services to the community.

Common Goal 4 – Ensure Quality of Service at Lower Cost

General Fund Transfer

As a municipally owned utility, BPUB provides value to the community beyond the delivery of reliable electric, water, and wastewater services. Through the General Fund Transfer established under City Ordinance 2022-1700, BPUB contributes directly to the City of Brownsville's ability to fund essential municipal services, infrastructure investments, public safety initiatives, and quality-of-life programs that benefit residents throughout the community.

Unlike investor-owned utilities, BPUB's revenues remain local, allowing the utility to reinvest in both critical utility infrastructure and the broader community it serves. This unique model helps ensure that the benefits of local ownership extend beyond utility operations and directly support services relied upon by Brownsville residents.

For FY 2025-2026, BPUB projects a transfer of approximately $12 million to the City of Brownsville through the General Fund Transfer program.

This contribution reflects the value of local ownership and supports the shared goal of delivering high-quality public services at the lowest reasonable cost. By leveraging the efficiencies of a municipally owned utility, BPUB helps generate resources that can be reinvested into the community while maintaining reliable utility services and competitive rates for customers.

Reduced Utility Rates

As a municipally owned utility, BPUB provides additional value to Brownsville citizens by offering reduced utility rates for municipal operations. In accordance with City Ordinance, Section 102, Article III – Rates and Charges, the City of Brownsville receives utility services at a discounted rate, helping reduce the cost of providing essential public services to the community.

By lowering utility-related operating expenses, these savings allow the City to direct more resources toward critical services, public infrastructure, parks, public safety, and other community priorities. This arrangement reflects the benefits of local ownership and the longstanding partnership between BPUB and the City in serving Brownsville residents.

For FY 2025-2026, the estimated utility rate discount provided to the City of Brownsville is approximately $445,000.

This cost-saving measure supports the shared goal of delivering high-quality public services at the lowest reasonable cost. By leveraging the efficiencies of a municipally owned utility, BPUB helps reduce municipal operating expenses while continuing to provide reliable electric, water, and wastewater services to both the City and the citizens of Brownsville.

Through this partnership, the benefits of local ownership extend beyond utility operations, creating direct financial value that is reinvested into the community and contributes to an enhanced quality of life for Brownsville residents.

Valve and Hydrant Maintenance

BPUB's Valve and Hydrant Department continues to work closely with the Brownsville Fire Department to inspect, test, flush, and maintain fire hydrants throughout the water distribution system. This ongoing partnership helps ensure hydrants remain operational and available to support fire protection services while identifying assets that require maintenance, repair, or replacement.

Hydrants are maintained, repaired, or replaced as needed and are color-coded in accordance with American Water Works Association (AWWA) standards to help emergency responders identify available fire flow.

In addition to hydrant maintenance, BPUB conducts routine valve inspections and exercises critical system valves to ensure proper operation and prevent equipment failure. This proactive approach supports the reliability of the water distribution system and helps ensure operational readiness during both routine and emergency conditions.

During FY 2025-2026, BPUB's Water and Wastewater Operations team completed maintenance activities on approximately 750 fire hydrants and 1,987 valves, helping maintain system reliability and supporting emergency response capabilities throughout the community.

In July 2026, BPUB implemented a new asset management system and preventive maintenance program designed to improve the tracking, scheduling, and performance of hydrant and valve maintenance activities. Prior to implementation, crews averaged approximately 230 dead-end hydrant flushings per month. The new system has enabled BPUB to achieve full compliance with state requirements by increasing monthly dead-end hydrant flushes to the required 293.

The preventive maintenance program is expected to further improve the management of hydrant and valve assets, expand maintenance activities, and enhance long-term system reliability and operational readiness.

Memorandum of Understanding for Cost Recovery of Services

BPUB and the City of Brownsville continue to implement the Memorandum of Understanding (MOU) for Cost Recovery of Services, which became effective on October 1, 2025, and established a framework for the equitable recovery of costs associated with services provided between the two organizations. The agreement promotes transparency, accountability, and appropriate cost allocation while helping prevent the under-recovery of expenses. The MOU represents a significant milestone in the ongoing partnership between BPUB and the City, providing a formal framework for managing shared services and associated costs.

The MOU encompasses a variety of shared services and operational activities, including:

- Use of BPUB rights-of-way
- Capital work orders
- Street lighting
- Resaca dewatered sediment disposal at the City landfill
- Software and Accela licenses
- City damages
- City customer service inspections
- TEF check distribution processing
- BTXFiber network support
- Wastewater downtown improvements
- Potable water treatment plant sludge disposal at the City landfill
- Franchise fee administration
- Street patching
- Resaca administration
- Waste collection services at BPUB facilities

BPUB and the City continue to improve administrative efficiency, strengthen interagency coordination, and ensure the fair allocation of costs associated with shared services and community infrastructure.

Waiver of Outstanding Pre-MOU Invoices

As BPUB and the City of Brownsville transitioned to the Memorandum of Understanding (MOU) for Cost Recovery of Services, both organizations collaborated to address outstanding invoices for services provided prior to the MOU's effective date of October 1, 2025.

On October 15, 2025, the City submitted a request to waive outstanding invoices for services provided between December 5, 2022, and September 30, 2025. Following review and consideration, the BPUB Board of Directors approved a waiver totaling $264,859 on November 10, 2025.

The action provided a clear transition into the new MOU framework and established a foundation for future cost recovery, budgeting, and service coordination between BPUB and the City. By resolving legacy invoices and implementing the MOU, both organizations strengthened administrative efficiency, improved financial transparency, and created a more streamlined process for managing shared services moving forward.

Electric Rate and Cost of Service Study

To support the long-term financial sustainability of the utility and ensure rates remain fair and equitable across customer classes, BPUB completed an Electric Rate and Cost of Service Study during FY 2025-2026. The study was conducted by NewGen Strategies & Solutions and evaluated the cost of providing electric service to Residential, Commercial Non-Demand, Commercial Demand, Commercial Large Demand, and Lighting customers.

The study's objective was to ensure that each customer class pays its appropriate cost of service while providing sufficient revenue to support the reliable operation, maintenance, and future investment needs of BPUB's electric system. The analysis also evaluated BPUB's financial requirements over a five-year planning horizon and developed a proposed rate structure designed to support continued system reliability and financial stability.

The findings support the shared goals of BPUB and the City of Brownsville by promoting transparent rate-setting practices, responsible financial planning, and the continued delivery of high-quality utility services at the lowest reasonable cost. By ensuring rates accurately reflect the cost of providing service, BPUB can continue investing in critical infrastructure while maintaining affordability and long-term value for customers.

While the study was presented to the board, the implementation of the proposed rates has been temporarily delayed. The analysis will be refreshed to reflect current operating conditions and updated financial assumptions, with implementation now anticipated for FY 2028.

2026-2030 Strategic Business Plan

BPUB continued to strengthen collaboration with the City of Brownsville through the development and implementation of its 2026-2030 Strategic Business Plan, a roadmap guiding the utility's investments, operations, and service priorities over the next five years.

From June through December 2025, BPUB undertook a comprehensive strategic planning process that engaged Board Members, leadership, employees, customers, community stakeholders, City Commissioners, and City Management to help define the organization's future direction. The effort included stakeholder interviews, strategic assessments, employee engagement, a Board and Leadership Team planning retreat, development of strategic priorities, and the creation of updated Vision and Mission Statements.

The planning process culminated in December 2025, when the BPUB Board of Directors formally adopted the 2026-2030 Strategic Business Plan. The plan establishes a framework for investing in reliable infrastructure, enhancing the customer experience, advancing operational excellence, maintaining affordability, promoting environmental stewardship, and strengthening partnerships that support Brownsville's continued growth and prosperity.

On March 3, 2026, BPUB Board Chair Gerardo Martinez and General Manager & CEO Marilyn D. Gilbert presented the Strategic Business Plan to the Brownsville City Commission, providing an overview of BPUB's long-term priorities and vision for serving the community.

By incorporating feedback from key stakeholders and aligning organizational priorities with community needs, the Strategic Business Plan serves as a shared roadmap for ensuring BPUB continues to deliver safe, reliable, and affordable utility services while supporting the long-term success of the Brownsville community.

Water/Wastewater Masterplan

BPUB’s Water and Wastewater Master Plan, adopted in 2025 and developed with consultant Freese and Nichols, provides a long-term, growth-based strategy through approximately 2050. It identifies about $32 million in near-term water improvements and $68 million in near-term wastewater projects to preserve reliability, address lift-station and force-main constraints, and reduce the risk of sanitary sewer overflows.

Integrated Resource Plan (IRP)

The 2025 Integrated Resource Plan (IRP) was approved by the BPUB Board of Directors on October 13, 2025. Developed by Patrylak Energy Advisors (PEA) with input from BPUB staff, Board Members, PUBCAP, City representatives, and community stakeholders through a series of public workshops, the IRP establishes a long-term roadmap for meeting the community's future electric energy needs.

Key Takeaways

- Long-Term Reliability – Evaluates future energy needs and resource options to ensure BPUB can continue providing reliable electric service as the community grows.
- Affordability – Supports informed decision-making aimed at balancing customer costs with the investments needed to maintain and improve the electric system.
- Resiliency – Assesses resource strategies that strengthen BPUB's ability to respond to extreme weather events, market volatility, and changing energy demands.
- Sustainability – Evaluates a range of power supply options, including traditional generation, renewable resources, battery storage, and energy efficiency programs to support a balanced and sustainable energy portfolio.
- Stakeholder Engagement – Incorporated feedback from BPUB customers, PUBCAP, Board Members, City representatives, economic development organizations, and community leaders to ensure future resource decisions reflect local priorities and community needs.

Through the Integrated Resource Plan, BPUB is proactively planning for future energy needs while maintaining its commitment to reliable service, responsible financial stewardship, and long-term value for the Brownsville community.

Conclusion: Working Together to Serve Brownsville

Throughout FY 2025-2026, the Brownsville Public Utilities Board and the City of Brownsville continued to demonstrate the strength and value of their longstanding partnership. By working collaboratively to align infrastructure investments, streamline administrative processes, improve customer service, and support community initiatives, both organizations advanced shared goals that directly benefit Brownsville residents and businesses.

Significant accomplishments during the reporting period included coordinated roadway and utility improvement projects; implementation of customer-focused technologies and service enhancements; expanded community outreach and educational efforts; continued investments in electric and water system reliability; long-term resource planning initiatives; and the execution of the Memorandum of Understanding for Cost Recovery of Services. Together, these efforts improved operational efficiency, strengthened transparency, enhanced public service delivery, and helped maximize the value of public resources.

As a municipally owned utility, BPUB remains committed to providing safe, reliable, and affordable electric, water, and wastewater services while contributing to the broader success of the Brownsville community. Through direct financial contributions to the City, reduced municipal utility rates, strategic infrastructure investments, and collaborative planning efforts, BPUB continues to deliver benefits that extend beyond utility operations and support the community's long-term growth and prosperity.

Looking ahead, BPUB and the City will continue to build upon this strong foundation of collaboration to address emerging challenges, leverage new opportunities, strengthen resilience, and enhance the quality of life for the citizens they serve. Together, both organizations remain dedicated to responsible stewardship, continuous improvement, and delivering exceptional value to the Brownsville community.

The following City Commission members were present:

JOHN COWEN, JR. Mayor

COMMISSIONERS:

TINO VILLARREAL, At-Large "A"
BRYAN L. MARTINEZ, District 1

LINDA C. MACIAS, District 2

PEDRO E. CARDENAS, District 4

NURITH GALONSKY, At-Large "B"

GUSTAVO DE LEÓN, District 3

The following staff members were present:

ALAN GUARD City Manager

FELIX SAUCEDA Deputy City Manager/Chief of Police

DOROTEO GARCIA Deputy City Manager
WILL TREVINO, City Attorney

JENNIFER AVENDANO, First Assistant City Attorney

MARINA ZOLEZZI, Interim Assistant City Manager

EFREN TRUJILLO, Interim Chief of Staff

MAYRA A. RIOS City Secretary

CALL TO ORDER

a) ROLL CALL

A quorum being present, Mayra Rios, City Secretary, read the call to order to consider the matters as posted and filed for the record in the Office of the City Secretary pursuant to the Texas Open Meetings Act.

DRAFT

Mayor John Cowen, Jr., called the meeting to order at 5:00 p.m.

Mayor John Cowen, Jr., Commissioner Tino Villarreal, Commissioner Bryan L. Martinez, Commissioner Linda C. Macias, Commissioner Gustavo De Leon, and Commissioner Pedro Cardenas attended the meeting in person.

At 05:00 p.m., Commissioner Nurith Galonsky attended the meeting virtually.

b) INVOCATION

Pastor Brad Burkes delivered the invocation.

PLEDGE OF ALLEGIANCE TO THE FLAGS OF THE UNITED STATES OF AMERICA AND STATE OF TEXAS

The Pledge of Allegiance to the United States Flag and the Texas Flag was led by member of the Boy Scouts Troop 11 Allen Hobbs, Mayor and City Commission.

PUBLIC COMMENT PERIOD

Mayra Rios City Secretary noted that 30 preregistered speakers were identified, with five indicating they did not wish to speak.

Motion: Motion was made by City Commissioner Bryan Martinez, seconded by City Commissioner Linda Macias, to approve to suspend the speaker limit and allow the remaining 25 individuals to address the council, each with a three minute time limit. The vote was cast 7 for, 0 against . The motion carried unanimously.

Yolanda Speece, 305 W. Madison St., Brownsville, Texas, expressed concerns about her previous interactions with city and police leadership, stating . She urged officials to consider how decisions affect residents and reelection prospects.

Raul Juarez, 2425 Barnard Rd, Brownsville, Texas submitted a Public Comment Form but wished to register his comments directly to the Commission expressing opposition to the Data Center.

Hugo Izaguirre, 7006 Laguna Del Rey Dr., Brownsville Texas , a lifelong Brownsville resident, stated deep concern about the proximity of the proposed data center to homes, schools, and businesses.

Luis Segure, 7360 Abelard Dr., Brownsville, Texas, expressed relief that council members acknowledged resident concerns. She warned about the practice of NDAs between elected officials and corporations in other cities and asked the council to avoid signing any NDAs related to data centers.

Alexis Diaz, 1744 Cathage Ct., Brownsville, Texas, stated that Brownsville's growth should not come at the cost of local needs. He supported pausing data center development until benefits can be proven.

Victoria Oceguera 175 Downs Dr., Brownsville, Texas, argued that Brownsville is already facing extreme water scarcity and that data centers would worsen conditions. She emphasized

DRAFT

environmental impacts, especially noise affecting native and migratory birds, and encouraged investments in wildlife focused development rather than data centers.

Diablo Velez, 1254 E. Tyler St., Brownsville, Texas, submitted a Public Comment Form but he rescinded his request to address the City Commission.

Anaid Zapata, 1233 Calle Pluton, Brownsville, Texas, from Ground Game and DSA, supported the Brownsville Workers First initiative on the agenda. She urged the city to prioritize small businesses, local hiring, worker protections, and union collaboration.

Etianne Rosas, 33 Shadowbrook Lane, Brownsville, Texas, argued that data centers present significant financial risks, citing national trends in AI related debt, rapid hardware obsolescence, and declining profitability. He encouraged investing in essential services rather than data center development.

Rosa Gonzalez, 405 Valley Oak Cr., Los Fresnos, Texas, submitted a Public Comment Form but wished to register her comments directly to the Commission expressing opposition to the Data Center.

Amelia Murillo, 41546 Schafer Rd, Brownsville, Texas, opposed data centers and warned against allowing corporations to influence decisions at the expense of local residents and resources, and she emphasized "people over profit."

Nancy Cruz, 4820 Mckenzie Rd, Brownsville, Texas, urged careful evaluation of data center development. She cited risks to the electric grid, rising utility costs, water scarcity, and limited permanent job creation. She recommended updates to zoning codes to restrict high resource industrial uses.

Nathan Watson, 51 Alberte Rd., Brownsville, Texas, a student and local resident, opposed data centers near neighborhoods already affected by industrial development. He emphasized ongoing drought conditions and urged learning from Corpus Christi's challenges. He supported imposing a moratorium.

Keyla Garcia, 624 Pera Ave, Brownsville, Texas, expressed concern about the data center.

Jesse Gonzalez, 1001 E. Elizabeth St., Brownsville, Texas, urged the council to institute a full moratorium and suggested a three to five year research period to properly study impacts on electricity, cost of living, and environmental restoration.

Veronique Medrano, 980 Plantation St., Brownsville, Texas, emphasized Brownsville's past recognition for preserving natural resources. She argued the city lacks infrastructure to support large data centers and cited water use statistics from San Antonio. She advocated for a one year moratorium and stronger protections.

Rebekah Hinojosa, 3005 Old Alice Rd, Brownsville, Texas, submitted a Public Comment Form but wished to register her comments directly to the Commission expressing opposition to the Data Center.

Mary Therese Gallegos, 3160 North Buckingham Court, Brownsville, Texas, expressed concern about the data center.

DRAFT

Jacqueline Morales, 142 Acacia Dr., Brownsville, Texas, expressed opposition to local data centers. She highlighted quality of life impacts, environmental concerns, and rising costs seen in other communities.

Christopher Basaldu, 651 Old Port Isabel Rd, Brownsville, Texas, opposed data centers, arguing they are environmentally harmful, disproportionately targeted at communities of color, and financially unstable.

Adhlemy Sanchez, 478 Rey Juan Carlos St., Brownsville, Texas, represented multiple community organizations and emphasized long term responsibility to protect Brownsville's environment for future generations. She supported a one year moratorium, stronger zoning setbacks, environmental studies, protections for water and noise, and careful evaluation of tax abatements.

Bebe Jowell 23405 FM 1846, Brownsville, Texas, expressed concerns regarding the Data Center.

Italia Salazar, 3812 Southmost Rd, Brownsville, Texas, emphasized concerns about water usage, affordability, and the impacts on residents with fixed or limited incomes. She stated that data centers would create financial burdens and argued they are not beneficial to the community.

Marlane Reyna, 1615 W US HWY 77 lot 209, Brownsville, Texas, submitted a Public Comment Form but wished to register her comments directly to the Commission expressing opposition to the Data Center.

Brenda Garza, 76 Alan Dale, Brownsville, Texas, argued that data centers would require water the city does not have to spare and predicted increased financial burden on residents. She summarized her message as prioritizing water and food security.

Mikaela Martinez, 1609 W Schunior St., Brownsville, Texas, submitted a Public Comment Form but wished to register her comments directly to the Commission expressing opposition to the Data Center.

Kaled Foss, 2064 E Van Buren St., Brownsville, Texas, expressed concerns about industrial development near the border and its impacts on communities across the region, including Mexico.

Angelina Cortez, 514 W. Buchanan St., Brownsville, Texas, representing UTRGV College Democrats, emphasized youth perspectives and long term consequences of industrial projects. She opposed data centers due to drought conditions, environmental concerns, and cumulative impacts of other developments.

CITY MANAGER'S UPDATE(S)

1) 2026 City of Brownsville Interdepartmental Call Audit

Yolanda De La Torre, Director of the Enterprise Project Management Office, explained that approximately a year and a half earlier, an interdepartmental call audit—similar to a "secret shopper" review—was conducted after a commissioner called several departments and identified inconsistencies in how staff answered phones and responded to callers. As a result, customer service training was initiated, and six cohorts, totaling around 120 employees, completed the

DRAFT

training. The EPMO conducted a follow up interdepartmental call audit and identified additional issues. The purpose of the presentation was to outline those gaps and describe corrective actions underway. The collected data will be used to develop a second phase of customer service training aimed at improving consistency in telephone interactions.

Ms. De La Torre provided background on the effort, noting that an initial audit in early 2024 was performed informally by Commissioner Villarreal revealed areas needing improvement. That audit led to the development of customer service training for the Parks Department, and subsequently a citywide audit in fall 2024. Between January 2025 and June 2026, twelve training courses were delivered across four cohorts, reaching 223 staff members. She summarized the findings of the 2026 audit, which involved 68 calls made to departments listed in the City's online directory between June 1 and June 4. Calls were evaluated based on compliance with the employee handbook, telephone etiquette standards, customer service expectations, and professional communication practices, using the same criteria as the 2024 audit for consistency. Key results included:

- Departmental responsiveness increased from 64% answered calls in 2024 to 72% in 2026.
- 17% of calls in 2026 were not answered, with additional calls marked "not applicable" due to disconnected numbers.
- Professionalism ratings improved from 52% meeting expectations in 2024 to 68% in 2026.
- Helpfulness increased from 55% to 65% meeting expectations.
- Overall communication showed the most significant improvement, rising from 46% meeting expectations in 2024 to 67% in 2026.

Recommendations were provided to department directors and city leadership, including continued use of online customer service training, developing standardized phone greetings, and ensuring staff are trained on internal call routing protocols to reduce caller frustration. Additional recommendations included alphabetizing directory listings, regularly reviewing publicly posted phone numbers, updating interactive voice response systems, and evaluating the need to publish individual staff numbers.

The Enterprise Project Management Office will conduct ongoing follow ups to ensure accuracy of publicly listed contact information.

In response to commissioner questions, she confirmed that calls were limited to regular business hours and acknowledged concerns regarding weekend accessibility. She referenced available alternatives such as email, the service portal app, and emergency and non emergency numbers. She noted that IT is working on automated tools, including AI supported call routing and the ServiceNow chatbot, to improve after hours triage.

City Commissioners expressed appreciation for the work and suggested exploring incentives through HR, incorporating customer service expectations into onboarding, and continuing annual audits for ongoing improvement.

2) Second Budget Worksession with City Commission for FY 2027. (Financial Services Department)

Stephe Muse, Financial Services Director, presented the City of Brownsville's second Fiscal Year 2027 budget workshop, beginning with a recap of the prior session. He reviewed the city's strategic planning efforts, findings from the citizen satisfaction survey, and recent legislative

DRAFT

impacts. Mr. Muse also revisited departmental requests and end-of-year projections to give context for the upcoming fiscal year.

He highlighted key elements of the proposed FY 2027 budget, including the second phase of the compensation plan, continued adjustments to align salaries with market rates, and a proposed minimum wage increase to $15 per hour. Mr. Muse also discussed considerations for an additional employee holiday, noting strong staff preference for a flexible personal day. These items, he explained, were incorporated to support employee retention and organizational competitiveness.

Mr. Muse provided a detailed overview of the city's revenue outlook and tax rate options. While maintaining the current tax rate would leave an unfunded operational gap of approximately $1 million, the voter approval tax rate would generate additional revenue to cover critical needs. He emphasized that even with the higher rate, not all departmental requests could be met, reflecting the ongoing challenge of balancing limited resources with growing demands.

The presentation outlined both funded and unfunded operational requests across departments. Funded items included enhancements in public safety, emergency management, IT security, street maintenance, and staffing expansions in key service areas. Unfunded needs included airport maintenance, additional code enforcement positions, planning support, and several facility improvements. Mr. Muse explained that prioritization was guided by strategic goals and citizen feedback, particularly in areas such as roads, public safety, parks, and cultural events.

Mr. Muse concluded by summarizing expenditures, internal service fund adjustments, special revenue allocations, and enterprise fund performance. He noted that the budget maintains stable proportional spending across major categories while supporting ongoing improvements through the capital improvement plan. He then invited commissioners to ask questions and provide directions as the budget process continues.

Commissioner Pedro Cardenas requested clarification on budget items related to board meeting transparency, specifically the lack of live streaming for certain boards. Staff explained that while meetings for the Board of Adjustment, Historic Preservation Commission, and Building Standards Commission are recorded through platforms like Teams or Webex, they are not streamed live on YouTube due to unfunded costs to expand the city's formal streaming system. Commissioner Cardenas also raised concerns about the quality of streaming for other Board and inquired about licensing costs for Accela software.

Staff confirmed that essential system functions remain supported under existing licenses, and the requested funds were only for optional feature enhancements.

Mayor John Cowen Jr. addressed broader budget policy considerations, observing that the city's conservative sales tax budgeting approach may delay funding for essential projects.

Alan Guard, City Manager, noted that while this policy protects the city during economic fluctuations, midyear amendments often fill gaps once revenues exceed conservative estimates. Mr. Guard emphasized the city's strong financial health, ongoing revenue generating initiatives—including methane gas sales and dark fiber leasing—and the commission's continued commitment to transparency, competitive employee compensation, and strategic investment in community priorities.

Maribel Guerrero, Director of Engineering and Public Works, provided an extensive update on major street reconstruction projects currently underway or in development. She reported steady progress on Coffee Road Phase I, Jeanette Road, Old Highway 77, and Wild Rose Lane, noting that each project includes complete roadway reconstruction, upgraded drainage, utility improvements, curbs, gutters, and multi-use sidewalks. Ms. Guerrero also highlighted upcoming

DRAFT

work for Coffee Road Phase II and Old Alice Road, both in the design and bidding phases, and emphasized continued coordination on intelligent transportation system upgrades, including modernization of traffic signals, real time monitoring equipment, and expanded fiber connectivity.

Joel Garcia, Director of Multimodal Transportation, gave an overview of several trail projects, including Monteo Trail Park, West Road Trail to the Sports Park, Southmost Nature Trail Phase V, and additional phases of the citywide trail network. He outlined current design timelines, bid evaluations, and construction progress, noting that these projects aim to improve pedestrian mobility and strengthen connections to parks and neighborhoods.

Diego Gomez, Capital Projects Financial Manager, then presented the five-year CIP, totaling $158 million, with balanced funding between CO debt and grants. He detailed allocations for FY 2027 across departments—including landfill, engineering, parks, multimodal transportation, fire and EMS, airport, IT, and planning—while highlighting major upcoming facility upgrades, equipment replacements, historic preservation initiatives, and multiyear infrastructure investments.

Gilberto Salinas, President & CEO of the Greater Brownsville Economic Development Corporation (GBDC), presented an overview of the organization's recruitment strategy. He outlined recent lead generation efforts, prospect visits, and project conversions. Over the past year, the GBDC generated more than one thousand new jobs and facilitated approximately one hundred ninety-one million dollars in capital investment, with additional large scale projects currently under negotiation. The projected economic impact of both announced and pending projects is expected to reach several billion dollars over the next decade, significantly expanding the city's tax base and PUB's power load revenue.

Salvador Villalpando, CPA and Director of Budget and Investments for the Greater Brownsville Economic Development Corporation (GBDC) also presented its proposed Fiscal Year 2027 budget, which includes twenty-two million dollars in planned revenues, seventeen million dollars in expenditures, and a projected fund balance of sixteen million dollars. A portion of the revenue comes from one-time industrial land sales, specifically designated for development of the next phase of the Brownsville Tech District. Staff emphasized that these onetime revenues would not be used to fund ongoing operations.

Finally, Cori Peña, President and CEO of the Brownsville Community Improvement Corporation (BCIC), presented the Fiscal Year 2027 budget to the Mayor, City Commissioners, and city staff, expressing gratitude for their continued support and partnership. She emphasized BCIC's commitment to responsible stewardship and strategic investments that advance entrepreneurship, support small businesses, enhance community development, and improve quality of life.

Victoria Padron, Chief Operating Officer and Finance Program Director, outlined the balanced $10.1 million budget, funded primarily by sales tax and supplemented by interest income, GBEDC partnerships, federal EDA funds, and carry forward dollars from FY 2026. She highlighted key allocations across operations, city quality of life projects, community development programs, entrepreneurship and innovation initiatives, strategic investments, city service contracts, and the Ebridge revolving loan fund. The budget, approved by the Board on July 27, is scheduled for first and second readings at upcoming commission meetings, with implementation expected to begin on October 1.

DRAFT

CONSENT AGENDA ITEM(S)

1) Consideration and **ACTION** to authorize the City Manager to execute a budgeted Group Critical Illness Interlocal Agreement with the Texas Municipal League Intergovernmental Risk Pool (TMLIRP), enabling eligible Pool members to obtain Group Critical Illness Coverage in accordance with House Bill 4144 of the 89th Texas Legislature. (Organizational Development & Human Resources
2) Consideration and **ACTION** to authorize the City Manager, or designee, to negotiate and execute a professional services agreement with The Harbeck Company, Inc., in an amount not to exceed $100,000, for training services, hiring assessments for various departments, including the Fire and Police Departments, leadership development, coaching, and related travel expenses. (Organizational Development & Human Resources)
3) Consideration and **ACTION** to approve the first one-year renewal of the Professional Service Agreement for Air Service Development Consulting Services (RFP ASC-89-0623) with Crawford, Murphy and Tilly, Inc for the Brownsville South Padre Island International Airport in the amount of $104,187, as budgeted. (Airport Department).
4) Consideration and **ACTION** to authorize a professional services contract with Parkhill, Smith & Cooper, Inc. dba Parkhill on a Task Order basis for Contract No.153-26-AIR-RFQ, for a term of up to five years, for landside architectural, engineering, and construction management services to support the Airport's capital development program. (Airport Department)
5) Consideration and **ACTION** to approve a Task Order No.19 for Civil Engineering and Related Services for the reconstruction of Tradition Circle and Achievement Drive, to Ambiotec Civil Engineering Group, Inc., in the amount not to exceed $108,758, as budgeted. (Engineering and Public Works Department)
6) Consideration and **ACTION** on **Resolution Number 2026-113** authorizing the execution of an agreement between the City of Brownsville and the Texas Department of Transportation for the Installation and Reimbursement for the Operation and Maintenance of Traffic Signals within a Municipality. (Engineering and Public Works Department).
7) Consideration and **APPROVAL** on **SECOND** and **FINAL READING** of **Ordinance Number 2026-1811** accepting and approving an update to the Paseo De La Resaca Lighting and Landscaping Maintenance Public Improvement District (PID) Operations and Maintenance Service and Assessment Plan; accepting and approving the updated assessment roll for the PID; making a finding of special benefit to property within the PID; levying special assessments against such property and establishing a lien on such property; providing for the method of assessment and the payment of the assessments levied against the PID assessed property; providing penalties and interest on delinquent Assessments; in accordance with Chapter 372 of the Texas Local Government Code, as amended. (Paseo PID Board)
8) Consideration and **APPROVAL** on **SECOND** and **FINAL READING** of **Ordinance Number 235-2026-014-S**, to request a Specific Use Permit (SUP) in a Downtown Edge (DE) zoning district to allow an event center for Lots 13 & 14, Block 120, Brownsville Original Townsite, Cameron County, Texas, located at 1247 East Madison Street, Brownsville, Texas 78520, as shown in Exhibit "A". (District 4) (Planning & Redevelopment Department)
9) Consideration and **APPROVAL** on **SECOND** and **FINAL READING of Ordinance Number 235-2026-015**, to rezone from Agriculture (AG) to Residential Single-Family (R-1) for an

DRAFT

approximate 105.29 acres and Commercial Corridor (CC) for an approximate 14.67 acres to allow a single-family residential development and commercial development on a tract containing 119.96 acres of land out of a 239.92 acre tract (called the West 239.48 acres), out of Tract 40, Paredes Partition Tract, Subdivision “E”, in Share 19 of the Espiritu Santo Grant, Cameron County, Texas, located at 1 West Paredes Line Road , Brownsville, Texas 78566, as shown in Exhibit "A". (District 3) (Planning & Redevelopment Department)

10) Consideration and **APPROVAL** on **SECOND** and **FINAL READING of Ordinance Number 235-2026-016,** to rezone from Residential Single-Family (R-1) and Traditional Neighborhood Corridor (TNC) to Traditional Neighborhood Corridor (TNC) to allow a multifamily development for 2.00 acres of land, more or less, comprised of Tract 1, being 0.37 acres of land; and Tract 2, being 1.63 acres of land, both Tracts out of Block 4, El Jardin Subdivision, Share 27 of the Espiritu Santo Grant, Cameron County, Texas, located at 970 South Central Avenue, Brownsville, Texas 78521, as shown in Exhibit "A". (District 1) (Planning & Redevelopment Department)
11) Consideration and **APPROVAL** on **SECOND** and F**INAL READING on Ordinance Number 2026-1812**, ordering and calling a Charter Election on proposed amendments, during the General Election on November 3, 2026, on the following amendments (Charter Review Committee/ Office of the City Secretary/ Office of the City Attorney):
    a) Amending Charter Art. V., Administrative Provisions, Section 3. - Vacancies (Adding automatic triggers for forfeiting office)
    b) Amending Charter Art. V., Administrative Provisions, Section 3. - Vacancies (Adding discretionary triggers for forfeiting office)
    c) Amending Charter Art. V., Administrative Provisions, to modify Section 4. - Qualifications. (Adding tax delinquency or other liability due to City as a bar to holding office)
    d) Amending Charter Art. V., Administrative Provisions, Section 13 – Compensation (Address Mayor and City Commissioner's compensation)
    e) Amending Charter Art. V., Administrative Provisions, to add 21-B. - Office of the City Secretary (Creating the Office of the City Secretary)
    f) Amending Charter Art. V., Administrative Provisions, to add 21-C. - Office of the City Auditor (Creating the Office of the City Auditor)
    g) Amending the Charter Art. V., Administrative Provisions, to add Section 22-B, Merit Hiring (Adding Merit principle hiring to City Charter)
    h) Amending Charter Art. V., Administrative Provisions, Section 28A. Audit and oversight committee (Increasing the membership on the committee)
    i) Amending Charter Art. V., Administrative Provisions, Section 28A. Audit and oversight committee (general clean-up)
    j) Amending Charter Art. V., Administrative Provisions, to add Section 35, Municipal Campaign Finance (Requiring Commission to set campaign finance regulations by ordinance)
    k) Amending Charter Art. V., Administrative Provisions, to add Section 35, Code of Ethics; Ethics Advisory Commission (Requiring Commission to create an Ethics Board and adopt rules for ethics by ordinance)
    l) Amending Charter Art. VII., General Provisions, to add Section 3-A, - The Initiative (Adding initiative petition procedures for citizens)

DRAFT

m) Amending Charter Art. VII., General Provisions, to add Section 3-B, - Referendum (Adding referendum procedures for citizens)
n) Amending the Charter Art. I through VII, except Art. VI, Utilities Board, to revise or eliminate provisions that have been superseded by state law and to update or eliminate archaic language.

Consideración y **APROBACIÓN** en S**EGUNDA y ÚLTIMA LECTURA** de la **Ordenanza número 2026-1812**, que ordena y convoca una elección sobre la Carta Constitutiva para someter a votación las enmiendas propuestas durante las Elecciones Generales del 3 de noviembre de 2026, respecto a las siguientes enmiendas (Comité de Revisión de la Carta Constitutiva / Oficina del Secretario Municipal / Oficina del Abogado Municipal):

a) Enmienda del artículo V de los Estatutos, apartado 3, «Disposiciones administrativas». - Ofertas de empleo (Incorporación de causas automáticas de pérdida del cargo))
b) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», apartado 3. — Vacantes (Incorporación de supuestos discrecionales para la pérdida del cargo)
c) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», para modificar la sección 4. — Requisitos. (Se añade la morosidad fiscal u otras obligaciones pendientes con el Ayuntamiento como impedimento para el ejercicio de un cargo público)
d) Enmienda del artículo V de los Estatutos, Disposiciones administrativas, apartado 13: Remuneración (relativo a la compensación del alcalde y de los comisionados)
e) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», para añadir el apartado 21-B. — Oficina del Secretario Municipal (Creación de la Oficina del Secretario Municipal)
f) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», para añadir el apartado 21-C. — Oficina del Auditor Municipal (Creación de la Oficina del Auditor Municipal)
g) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», para añadir la sección 22-B, «Contratación por méritos» (Incorporación del principio de contratación por méritos a los Estatutos de la ciudad)
h) Enmienda del artículo V de los Estatutos, Disposiciones administrativas, apartado 28A. Comité de auditoría y supervisión (Ampliación del número de miembros del comité)
i) Enmienda del artículo V de los Estatutos, Disposiciones administrativas, apartado 28A. Comité de auditoría y supervisión (revisión general)
j) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», para añadir el artículo 35, «Financiación de las campañas municipales» (por el que se exige a la Comisión que establezca normas sobre la financiación de las campañas mediante ordenanza municipal)
k) Enmienda del artículo V de los Estatutos, «Disposiciones administrativas», para añadir el artículo 35, «Código deontológico»; Comisión Asesora de Ética (que exige a la Comisión crear un Consejo de Ética y aprobar normas deontológicas mediante ordenanza)
l) Enmienda del artículo VII de los Estatutos, «Disposiciones generales», para añadir la sección 3-A: «La iniciativa» (Incorporación de los procedimientos de petición de iniciativa ciudadana)
m) Enmienda del artículo VII de los Estatutos, «Disposiciones generales», para añadir la sección 3-B: «Referéndum» (Incorporación de procedimientos de referéndum para los ciudadanos)

DRAFT

n) Enmienda de los artículos I a VII de los Estatutos, excepto el artículo VI (Junta de Servicios Públicos), con el fin de revisar o eliminar las disposiciones que hayan quedado derogadas por la legislación estatal y de actualizar o eliminar la redacción arcaica.

Motion: Motion was made by City Commissioner Bryan Martinez, seconded by City Commissioner Pedro Cardenas, to approve consent agenda items 1 through 11. The vote was cast 5 for, 0 against [Galonsky and De Leon absent]. The motion carried unanimously.

PUBLIC HEARING(S)

1) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1818, making findings related to the Madeira Espiritu Santo Public Improvement District Number One, including: advisability of the special supplemental services, the estimated operation and maintenance costs, boundaries of the district, method of assessment, and apportionment of costs between the City of Brownsville and the District; updating the Service and Assessment Plan (SAP) that established the Madeira Espiritu Santo PID Number One; levying the assessments; and, also providing official notice of the PID's updated SAP to the Cameron County Clerk as required by Chapter 372, Texas Local Government Code. (Planning & Redevelopment Department/Office of the City Attorney/City Manager's Office)**

Will Treviño City Attorney explained that the developer of the district requested an increase in the Public Improvement District (PID) assessment due to higher maintenance expenses, particularly the cost of purchasing additional water during drought conditions to preserve landscaping. The proposed increase would raise the annual assessment from approximately $1,078 to $1,398 per lot, a change communicated to property owners as required by law.

Mayor John Cowen Jr. opened the public hearing.

Michelle Garza stated she owns a lot in the development and objected to the proposed 30% increase in the PID assessment. She explained that there has been little visible improvement in the area to justify the increase, noting dead trees, dying grass, and lack of irrigation. She said she pays taxes, HOA fees, and PID fees, and asked the commission to reconsider lowering the assessment.
Santiago Vero also owns a lot in the development and expressed concern about the unexpected PID increase. He asked how the assessment would be affected as future phases are built—specifically whether it would go up, down, or be divided among more lots. He emphasized that the increase was not communicated upfront and residents were surprised by the notice.
Jessi Ruiz also noted that was not aware of this increases and he would like to have more information.

Staff clarified that unsold lots remain the developer's responsibility, that the PID board has not yet convened, and that assessments fund public improvements—such as streets, utilities, trails, and landscaping—within the district.

DRAFT

Commissioners expressed appreciation for the residents' concerns and emphasized the need for clearer information, including participation from the developer and PID administrator. They discussed how PID boards are typically formed and noted that assessments, unlike tax rates, are not controlled by the commission. Given the unanswered questions, the commission opted to keep the public hearing open and table the item until the August 18 meeting so residents could receive complete explanations and the commission could evaluate the proposed increase more thoroughly.

Motion: Motion was made by City Commissioner Bryan Martinez, seconded by City Commissioner Pedro Cardenas, to table Public Hearing Number 1 for the next city commission meeting August 18, 2026. The vote was cast 5 for, 0 against [Galonsky and De Leon absent]. The motion carried unanimously.

2) **Public Hearing and ACTION on SECOND and FINAL READING on Ordinance Number 2026-1813, amending Chapter 54, Health and Sanitation, Article VI, Smoking in Public Places, to modify regulations related to smoking in public places to include e-cigarettes and other electronic nicotine delivery system devices, such as vapes, regulations related to smoking in outside patios; and regulations for Cigar/Hookah Bars/Lounges. (Office of the City Attorney)**

Will Trevino, City Attorney, addressed the mayor and city commission regarding the second reading of the proposed smoking ordinance. He noted that additional recommendations from the Health Department had been incorporated into the updated draft distributed to the commission.
Mr. Trevino explained that, consistent with prior discussions, the ordinance would allow cigar bars and hookah lounges to serve alcohol. The revised draft increased the required percentage of gross annual sales from cigar or tobacco products from 40% to 50%. It also introduced a requirement that cigar bars maintain a walk in humidor for cigar product resale, ensuring that traditional bars could not claim cigar sales merely to permit indoor smoking.
Dr. Arturo Rodriguez, Director of Health Department, clarified terms such as "humidor" and "walk in humidor." Cigar bars and cigar lounges would also be required to post notices indicating that entry is limited to individuals aged 21 and older and that entering the premises may expose patrons to secondhand tobacco smoke.
Mr. Trevino stated that the ordinance now required a designated hookah preparation station or counter and an inventory standard of one functional commercial hookah water pipe per every three seats of maximum occupancy. This ratio is used by other municipalities to prevent bars from converting into smoking facilities without meeting hookah lounge standards. Hookah lounges must also post signage regarding age restrictions and secondhand smoke exposure.
Mr. Trevino noted that the ordinance continued to prohibit electronic cigarettes and vaping inside buildings. However, individuals would still be allowed to smoke outdoors at restaurants, bars, and private clubs if certain conditions were met. Outdoor smoking areas must be at least 20 feet away from operable windows, ventilation systems, or entrances, and must include an air barrier or purification system. Smoking lounges must meet additional requirements, including full enclosure, independent ventilation systems, walk in humidors functioning as part of air quality systems, direct outdoor exhaust, and minimum fresh air supply rates based on occupancy.
Commissioners expressed concerns regarding the 20 foot buffer requirement for outdoor smoking, particularly in densely built areas such as downtown where some establishments lack

DRAFT

sufficient space. They questioned whether the ordinance amendments addressed this issue and also raised concerns about patios that serve food and beverages, noting that entire outdoor patios could be considered serving areas under the existing wording, effectively prohibiting smoking throughout those spaces. Commissioners emphasized the importance of providing clear guidance to restaurant and bar owners regarding the designation and regulation of permitted outdoor smoking areas.
Mr. Trevino explained that although the 20 foot buffer remained, the ordinance allows the Health Director to assess unique cases individually during plan review. He also clarified that outdoor seating areas may be designated for smoking by the owner, provided the area meets distance and ventilation requirements, resolving concerns about patios being entirely off limits.
Finally, Trevino noted the inclusion of a new subsection reiterating that nothing in the ordinance prohibits alcohol sales. The previous draft had contained language suggesting alcohol restrictions, which was corrected in the updated version.

Mayor Pro Tem Bryan L. Martinez opened the public hearing.

There were no speakers.

Motion: Motion made by City Commissioner Linda C. Macias, seconded by City Commissioner Tino Villarreal, to close the public hearing. The vote was cast 4 for, 0 against [Mayor Cowen, Galonsky and De Leon Absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by Commissioner Linda C. Macias, to approved first reading on Ordinance 2026-1813. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

3) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1814, amending Chapter 2, Administration, Article II, City Commission, Section 2-26, Meetings and agendas, in order to adopt rules and procedures for executive session, including preserving confidentiality of topics discussed in executive session. (Office of the City Attorney/ City Manager's Office)**

Will Trevino, City Attorney, explained that the proposed provision essentially reiterates requirements already established under the Texas Open Meetings Act. He stated that the city secretary will continue to announce the beginning of an executive session and the legal basis for entering it. A certified agenda must be maintained, and all sound or image recording devices are prohibited in executive sessions.
Mr. Trevino noted that the Texas Open Meetings Act prohibits voting or taking action during executive sessions. He added that only appropriate city staff may attend, limited to the posted agenda items, and all votes must occur in open session.
He also emphasized that remote participants must ensure secure audio and video connections so unauthorized individuals cannot listen in. Any required disclosures to the public must comply with the Open Meetings Act and the Public Information Act. Confidential legal advice and other protected deliberations must remain confidential. Trevino further explained that Chapter 38 of the ethics code already includes a provision stating that improper access or disclosure of confidential information is a violation, specifically in section 38 34. The commission's

DRAFT

procedures will reference this, clarifying that disclosing confidential information outside the requirements of the Open Meetings Act or Public Information Act would constitute an ethics violation.
Commissioner Pedro Cardenas asked two questions: first, to clarify that a computer used for presentations is permitted in executive session; and second, to ensure a phone is available in the room for emergencies, noting that some commissioners have children who are out of town.
Trevino responded that staff is working with IT to ensure the presentation computer remains secure with required login credentials, and a landline will be installed for emergency needs.

Mayor John Cowen Jr. opened the public hearing.

There were no speakers.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Bryan L. Martinez, to close the public hearing. The vote was cast 4 for, 0 against [Villarreal, Galonsky and De Leon Absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by Commissioner Linda C. Macias, to approved first reading on Ordinance 2026-1814. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

4) **Public Hearing and ACTION to acknowledge the City Secretary's Certificate of Sufficiency for the Charter Amendment Petition, proposing the Brownsville First Jobs & Contracts Policy, establishing provisions relating to local hiring, City-funded contracts, small business participation, workforce development, transparency, and safe working conditions; and ACTION on FIRST READING of Ordinance Number 2026-1819 ordering a Charter Amendment Election to be held on Tuesday, November 3, 2026; providing for the publication and posting of notice; providing for early voting dates, times, and locations; and dealing with related matters. (Office of the City Secretary/Office of the City Attorney)**

Consideración y ACCIÓN para dar constancia del Certificado de Suficiencia de la Secretaria Municipal para la Petición de Enmienda a la Carta Municipal que propone la adopción de la Política Brownsville First Jobs & Contracts, estableciendo disposiciones relacionadas con la contratación local, los contratos financiados por la Ciudad, la participación de pequeñas empresas, el desarrollo de la fuerza laboral, la transparencia y condiciones laborales seguras; y ACCIÓN en PRIMERA LECTURA de la Ordenanza Número 2026-1819 ordenando una elección de enmienda a la Carta Municipal para llevarse a cabo el martes, 3 de noviembre de 2026; disponiendo la publicación y fijación de avisos; estableciendo las fechas, horarios y lugares de la votación anticipada; y tratando asuntos relacionados. (Oficina de la Secretaria Municipal/Oficina del Abogado Municipal)

Mayra A. Rios, City Secretary reported that her office received a charter amendment petition on June 24, 2026, seeking adoption of the “Brownsville’s First Jobs and Contract Policy.” The petition included 8,195 signatures, exceeding the required 5,339 valid signatures verified through a statistical sampling method authorized by state law. An independent analysis confirmed the petition met legal requirements, and Ms. Rios certified its sufficiency on July 28,

DRAFT

2026. She clarified that the commission's action is limited to conducting the public hearing, acknowledging the Certificate of Sufficiency, and approving the ordinance to order the charter amendment election for November 3, 2026, with the second reading scheduled for August 18, 2026.

Mayor John Cowen Jr. opened the public hearing.

Anaid Zapata and Victoria Oceguera, lead organizers for Ground Game Texas, urged the commission to acknowledge the Brownsville First petition, emphasizing that it would greatly benefit the community by ensuring local workers are prioritized for jobs amid growing development in the city. They stated that the initiative encourages businesses and city contractors to hire from Brownsville, Cameron County, and nearby counties before seeking workers from outside the area, helping keep tax dollars local and supporting the local workforce. They also highlighted the importance of worker safety, noting that OSHA 10 training requirements included in the policy would help ensure safe working conditions. They concluded by expressing strong community support for the initiative and enthusiasm for voting on it in November.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by City Commissioner Linda C. Macias, to close the public hearing. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by Commissioner Linda C. Macias, to acknowledge receipt of the City Secretary's Certificated of sufficiency for the charter amendment petition and approved the First Reading of Ordinance 2026-1819 Ordering a charter amendment election, authorizing all necessary actions. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

ITEMS FOR INDIVIDUAL CONSIDERATION(S)

1) **Consideration and ACTION to acknowledge the Cameron Appraisal District Chief Appraiser's Certification of the City of Brownsville's 2026 tax roll. (Financial Services Department)**

Stephe Muse, Financial Services Director introduced the first item for individual consideration, requesting that the commission acknowledge the Cameron Appraisal District Chief Appraiser's certification of the City of Brownsville's 2026 tax roll. He reported that the county tax assessor's appraisal roll shows a market value of just under $17 billion, a net taxable value of $13 billion, and $57 million in market value still under review. Muse asked the commission to formally acknowledge the report, after which a motion and second were made. With no further discussion, the commission voted in favor and the motion carried.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by Commissioner Tino Villarreal, to acknowledge the Cameron Appraisal District Chief Appraiser's certification of the City of Brownsville's 2026 tax roll. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

DRAFT

2) **Consideration and ACTION to acknowledge the Cameron County Tax Assessor-Collector's certification of the estimated ad valorem tax debt collection rate for tax year 2026, and the excess debt tax collections for tax year 2025. (Financial Services Department)**

Stephen Muse, Financial Services Director, explained that the state requires any taxing entity that levies a debt tax rate to estimate anticipated collections, noting that the city used a 96.1 percent collection rate for the calculation. He reported that last year the city collected $3 million in excess debt taxes, which will help reduce debt service requirements for the upcoming fiscal year.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by Commissioner Pedro Cardenas, to acknowledge the Cameron County Tax Assessor-Collector's Report. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

3) **Consideration and ACTION to acknowledge the Finance Director's calculation of the City's No-New-Revenue and Voter-Approval tax rates for tax year 2026/fiscal year 2027. (Financial Services Department)**

Stephen Muse Financial Services Director explained that the city's tax rates were calculated in accordance with state tax code requirements and the mandated tax forms. He reported that the no new revenue rate is .563407, showing the breakdown between the maintenance and operations (M&O) portion and the debt service portion in comparison to the current rate. Mr. Muse also presented the voter approval tax rate, limited by the 3.5 percent increase cap, which is .6134440; under this rate, the M&O component increases slightly to .363517.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by Commissioner Tino Villarreal, to acknowledge the City's No-New-Revenue and Voter-Approval tax rates for tax year 2026/fiscal year 2027. The vote was cast 5 for, 0 against [Galonsky and De Leon absent]. The motion carried unanimously.

4) **Consideration and ACTION to discuss a possible ad valorem tax rate increase and to authorize a public hearing on August 18, 2026, to discuss the proposed ad valorem tax rate that will exceed the No-New-Revenue tax rate. (Financial Services Department)**

Stephen Muse Financial Services Director explained that state law requires the proposed tax rate to be discussed at a public hearing. He requested that the commission authorize this hearing for the next meeting, noting that it must occur within the taxing unit's boundaries, on a weekday, with a quorum present, and must provide taxpayers an opportunity to express their views.
Commissioner Tino Villarreal emphasized the importance of clarity and transparency, explaining that the commission's action simply allows the public to speak on the proposed tax rate at the upcoming meeting, rather than approving any tax increase. He stressed that the commission is providing the same opportunity for public input as it has on other issues, reinforcing that democracy depends on allowing residents to voice their opinions. He clarified that the property tax rate has not been raised and will remain flat for the third consecutive year.
Alan Guard, City Manager, explained that the state's complex tax rate terminology can make it appear as though an increase is being adopted, even when the rate stays the same. They described

DRAFT

how valuation changes, new property, and multiple taxing entities affect overall tax bills and noted that despite decreasing tax rates, revenues have risen as needed to maintain city services. Mr. Guard highlighted that Brownsville has kept property taxes low compared to other cities through diversified revenue sources. He encouraged residents to participate in the upcoming hearing to share whether they feel they are receiving the services they expect, and confirmed that the item simply authorizes placing the hearing on the next agenda, with notices to be published and posted.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by Commissioner Linda C. Macias, to authorize a public hearing on August 18, 2026, to discuss the proposed ad valorem tax rate that will exceed the No-New-Revenue tax rate The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

5) **Consideration and ACTION on Resolution Number 2026-112 to approve the 2026-2030 Regional Consolidated Plan & Allocation of the City of Brownsville's Community Development Block Grant (CDBG), HOME Investment Partnerships Program (HOME), and Emergency Solutions Grant (ESG), subject to appropriation by the U.S. Department of Housing and Urban Development (HUD) for the 2026-2027 One Year Action Plan. (Grants & Community Development)**

Ruth Cuellar from the Grants and Community Development Department introduced Jennifer Alpha of TDA Consulting, who presented the City of Brownsville's consolidated plan, annual action plan, and analysis of impediments to fair housing.

Jannifer Alpha explained that TDA, a national consulting firm, assisted the city in developing these federally required planning documents, which guide the use of HUD funds over a five year period. She outlined the city's allocations for 2026, including over $2.5 million in Community Development Block Grant funds, nearly $900,000 in HOME funds, and $225,000 in Emergency Solutions Grant funds, each with specific eligible uses focused on benefiting low to moderate income residents, expanding affordable housing, and addressing homelessness. Ms. Alpha described an extensive community outreach process involving public meetings, regional collaboration, stakeholder interviews, surveys with more than 300 responses, and focus groups. Using this input and supporting data, the city identified a wide range of priorities that were organized into four HUD required goals: increasing affordable housing, improving public infrastructure and facilities, enhancing services for low to moderate income populations, and addressing homelessness. She detailed planned 2026 funding allocations for capital improvements, public services, housing construction, homebuyer assistance, and homelessness programs. Ms. Alpha concluded by noting that the plan has already undergone public comment and must be submitted to HUD by August 16, after which HUD will review and provide final approval by October.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by Commissioner Bryan L. Martinez, to approve Resolution Number 2026-2030. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously.

6) **Consideration and ACTION on Resolution Number 2026-115 to approve a one-time waiver of the maintenance bond required for the construction of improvements serving the Greater Brownsville Tech Park. (City Manager's Office/ GBEDC)**

DRAFT

Alan Guard, City Manager informed the commission that the GBEDC, a quasi city agency, requested a waiver of the city's required two year maintenance bond for infrastructure improvements at the industrial park, a bond estimated to cost around $70,000.
Doro Garcia, Deputy City Manager, explained that the maintenance bond is normally mandated under the Unified Development Code to ensure developers address any issues for two years after project completion, but because GBEDC is associated with the city, it would still be responsible for any problems that arise. Mr. Garcia noted that this would be the first instance of granting such a waiver and emphasized that the resolution clearly states it will not set a precedent for other developers, as the request pertains exclusively to a city initiated project.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by Commissioner Tino Villarreal, to approve Resolution Number 2026-115. The vote was cast 5 for, 0 against [Galonsky and De Leon Absent]. The motion carried unanimously**.**

POSSIBLE ACTION ON ANY ITEM(S) AS DISCUSSED IN EXECUTIVE SESSION

There was no action.

ADJOURNMENT

There being no further business to come before the Commission, upon duly made motion the meeting adjourned at 8:55 PM.

Approved 1st day of September, 2026.

_____
John Cowen, Jr.
Mayor

ATTEST:

_____
Mayra A. Rios,
City Secretary

Respectfully submitted by: Blanca E. Gonzalez, Administrative Assistant, MPA, TRMC

DRAFT

THE STATE OF TEXAS §

CITY OF BROWNSVILLE §
COUNTY OF CAMERON §

MINUTES of a **Regular Meeting** of the City Commission of the City of Brownsville, Texas, held on **Tuesday, August 18, 2026**, at **5:00 p.m.** at the **City Commission Chambers,** located at **1001 East Elizabeth Street** and **via Webex Teleconference Meeting by logging on at:**

https://brownsvilletx.webex.com/brownsvilletx/j.php?MTID=mb0f8d1240d8f166059ae34c036f78f88

The following City Commission members were present:

JOHN COWEN, JR. Mayor

COMMISSIONERS:

TINO VILLARREAL At-Large "A"

NURITH GALONSKY At-Large "B"

BRYAN L. MARTINEZ District 1

LINDA C. MACIAS District 2

GUSTAVO DE LEÓN District 3

PEDRO E. CARDENAS District 4

The following staff members were present:

ALAN GUARD City Manager

FELIX SAUCEDA Deputy City Manager/Chief of Police

DOROTEO GARCIA Deputy City Manager

WILL TREVINO City Attorney

JENNIFER AVENDANO First Assistant City Attorney

MARINA ZOLEZZI Interim Assistant City Manager

EFREN TRUJILLO Interim Chief of Staff

MAYRA A. RIOS City Secretary

CALL TO ORDER

a) **ROLL CALL**

DRAFT

A quorum being present, Mayra Rios, City Secretary, read the call to order to consider the matters as posted and filed for the record in the Office of the City Secretary pursuant to the Texas Open Meetings Act.

Mayor Pro Tem Nurith Galonsky, called the meeting to order at 5:00 p.m.

Mayor Pro Tem Nurith Galosnky, Commissioner Tino Villarreal, Commissioner Bryan L. Martinez, Commissioner Linda C. Macias, Commissioner Gustavo De Leon, and Commissioner Pedro Cardenas attended the meeting in person.

Mayor John Cowen Jr. attended the meeting virtually at 5:00 P.M.

b) INVOCATION

Alica Justilian delivered the invocation.

PLEDGE OF ALLEGIANCE TO THE FLAGS OF THE UNITED STATES OF AMERICA AND STATE OF TEXAS

The Pledge of Allegiance to the United States Flag and the Texas Flag was led by Emma Aguilera, a member of the Girls Scouts Troop 111.

PROCLAMATION(S)

1) **Recognizing "National Aviation Day" (Commissioner L. Macias; Commissioner T. Villarreal)**

Commissioner Linda C. Macias presented a proclamation declaring August 18, 2026, as "National Aviation Day" in Brownsville, honoring aviation's historic contributions, the local airport's economic role, and the dedication of aviation professionals.

2) **Recognizing the Brownsville Police Department SWAT Competition Team (Mayor J. Cowen; Commissioner P. Cardenas)**

Mayor Pro Tem Nurith Galonsky presented a proclamation honoring the Brownsville Police Department's SWAT competition team for earning the title of 2026 Rio Grande Valley SWAT Challenge champions and for their continued service, professionalism, and dedication to the community.

PUBLIC COMMENT PERIOD

Mayra Rios, City Secretary, noted that 29 preregistered speakers were identified, with three indicating they did not wish to speak.

Motion: Motion was made by City Commissioner Bryan Martinez, seconded by City Commissioner Pedro Cardenas, to suspend the number of speakers to allow all registered individuals to address the City Commission. The vote was cast 7 for, 0 against. The motion carried unanimously.

Ofelia Alonso of 1175 Toyan Ln., Brownsville, Texas, submitted a public comment form but chose to voice her opposition to the data center directly to the Commission.

Dr. Laura Cisneros of 6301 Achievement Ave., Brownsville, Texas, submitted a public comment form but also chose to speak directly to the Commission in opposition to the data center.

Kaleb Foss of 25 Fireside Dr., Brownsville, Texas, stated that he opposes AI data centers due to high energy and water use, pollution risks, and global impacts, urging commissioners to reject them.

DRAFT

Yolanda Speece of 305 W. Madison, Brownsville, Texas, criticized city leadership and argued that residents cannot spare resources for data centers, warning that voters will hold officials accountable.

Hugo Izaguirre of 1710 N. Vermillion Ave., Brownsville, Texas, reminded the Commission that residents never asked for a data center and requested a 180 day moratorium due to noise, water, and utility concerns.

Jesse Gonzalez of 1001 E. Elizabeth St., Brownsville, Texas, urged adoption of a longer moratorium, zoning protections for colonias, prohibition of PUB utilities for data centers, and creation of a community task force.

Annelise Rosas of 25 Fireside Dr., Brownsville, Texas, spoke as a mother worried about pollution and industrialization, urging commissioners to prioritize families and adopt a moratorium.

Veronique Medrano of 980 Plantation St., Brownsville, Texas, requested a 120–180 day moratorium and independent impact studies, noting job postings suggest ongoing interest despite a withdrawn permit.

Gustavo Sanchez Jr. of 1001 E. Elizabeth St., Brownsville, Texas, argued for a 180 day moratorium due to health risks, higher utility bills, and water contamination concerns, reminding commissioners elections are approaching.

Anaid Zapata of 1233 Calle Pluton, Brownsville, Texas, stated that rising heat and living costs make data centers unaffordable and urged adoption of a 180 day moratorium with better transparency.

Desto Huerta of 801 Tropical Dr., Brownsville, Texas, said data centers threaten local resources and workers, advocating for a community led moratorium and investment in green union jobs.

John Cuvillier of 801 Tropical Dr., Brownsville, Texas, called for a 180 day moratorium, a community task force without industry ties, protections for water and energy, and full city transparency.

Alexis Diaz of 1001 E. Elizabeth St., Brownsville, Texas, expressed opposition to the data center.

Hermilio Hernandez of 1001 E. Elizabeth St., Brownsville, Texas, urged adoption of a 180 day moratorium and greater transparency, stressing that economic development should not override residents' needs.

Kyle Voreis of 120 Lomax Rd., Brownsville, Texas, expressed opposition to the data center.

Shayla Gonzalez of 1001 E. Elizabeth St., Brownsville, Texas, demanded a 180 day moratorium and stronger regulations, arguing data centers endanger water, electricity, and public health and should not receive PUB resources.

Father Paul Hughes of 5409 Austin Rd., Brownsville, Texas, requested clearer disclosure from data center operators, federal and state environmental reviews, and consideration of water scarcity and workers' rights.

Nathan Watson of 51 Alberta Dr., Brownsville, Texas, supported a 180 day moratorium and suggested extending it until the end of the next Texas legislative session to align with future state regulations.

Uriel Gavito of 5527 Southmost Blvd., Brownsville, Texas, warned of climate risks, grid failures, and pollution, arguing data centers are neither inevitable nor beneficial, and urged the commission to listen to residents.

DRAFT

Dr. Etienne Rosa of 33 Shadowbrook Ln., Brownsville, Texas, described data centers as exploitative projects that worsen inequality and undermine democracy, urging a moratorium and eventual ban.

Dr. Christopher Basaldu, a Brownsville resident, cited Rio Grande water depletion and environmental destruction from upstream data centers, urging Brownsville to avoid NDAs and reject data centers entirely.

Diablo Velez of 1254 E. Tyler St., Brownsville, Texas, submitted a public comment form but rescinded his request to address the Commission.

Victoria Sanchez of 2505 Tulipan St., Brownsville, Texas, highlighted constant data center noise and called for a public vote on the issue, expressing confidence that residents would reject data centers.

Rebecca Hinojosa of 3005 Old Alice Rd., Brownsville, Texas, delivered a letter signed by 15 organizations urging a 180 day moratorium and prohibiting data centers in the city and neighboring colonias.

Adlemi Sanchez of 478 Rey Juan Carlos St., Brownsville, Texas, called for a one year moratorium, citing past industrial pollution, ongoing data center job postings, and the need to protect water, electricity, neighborhoods, and schools.

Luis Sanchez of 64 Druscilla Cir., Brownsville, Texas, offered closing remarks as a lifelong resident, adding his concerns before the public comment period ended.

PRESENTATION(S)

1) **Presentation on Municipal Court collection services provided by Perdue, Brandon, Fielder, Collins & Mott, LLP, including the Brownsville City Fines and Fees Collection Report for the period of October 1, 2025, through March 31, 2026. (Municipal Court)**

Romeo Cantu of the law firm Perdue Brandon Fielder Collins & Mott provided the Commission with an overview of the firm's work collecting outstanding delinquent municipal court cases for the City of Brownsville. He explained that once a municipal court case becomes 60 days past due, whether from failure to appear, missed payment deadlines, or incomplete payment plans, it becomes eligible for transfer to the firm for collection efforts. Mr. Cantu reported that between October 25, 2025, and March 26, 2026, the firm mailed more than 15,000 letters after conducting extensive address research and skip tracing, made ongoing phone contacts, and sent text message reminders to defendants, collecting approximately $188,000 in cash during that period. He noted that collections fluctuate with economic conditions and tend to increase during tax return season. Mr. Cantu also highlighted their annual case resolution campaign, formerly known as the "great warrant roundup," involving postcards, billboards, digital ads, and newspaper notices to encourage defendants to resolve their cases. He stated that the municipal court has assigned roughly $17.8 million in delinquent cases to the firm, with total cash collected since the start of the contract reaching about $912,000 as of the date of the meeting. Mr. Cantu acknowledged that collections have declined this year due to financial hardships statewide and outlined plans for a secondary mailing campaign in October to stimulate payments. He concluded by expressing appreciation for the city's partnership and readiness to answer questions.

2) **Receive a presentation on USL Steering Committee.**

Sean De Palma, Director of the Parks and Recreation Department, provided an update on the city's ongoing exploration of establishing a United Soccer League (USL) professional team in

DRAFT

Brownsville. He highlighted Brownsville's deep cultural and athletic connection to soccer, noting multiple state championships, strong youth participation, and active academies. Mr. De Palma explained that the effort began with a letter of intent in September 2025, followed by a USL funded feasibility study focused on the Sports Park and the potential development of an entertainment district. A steering committee was formed and first met in December 2025, producing four key recommendations: creating a sports commission, developing a regional youth soccer pathway, ensuring continued access to fields for local leagues and academies, and establishing partnerships that integrate local soccer programs with the future USL team. He outlined the timeline of stakeholder meetings, exploratory site visits to successful USL communities, and the upcoming milestones, including a steering committee meeting on August 19, a progress announcement on August 27, and the opening of applications for the newly created Sports Commission on September 1, 2026. Mr. De Palma concluded by noting that the city is continuing due diligence discussions with USL leadership and working to ensure community collaboration throughout the process.

Commissioner Tino Villarreal expressed enthusiasm for the USL effort, noting the community's strong support and praising the commission's commitment to including existing local leagues in the project while thanking staff for their collaborative work.

CITY MANAGER'S UPDATE(S)

1) Driver Safety Training

Alan Guard, City Manager, introduced a driver safety initiative led by Michael Chandler from the ODHR Risk & Safety program.

Mr. Chandler Safety and Risk Coordinator explained that the city has seen a rising trend in motor vehicle accidents involving city operators, particularly at fault incidents that carry significantly higher costs due to litigation, employee injuries, vehicle downtime, reduced productivity, and reputational risk. He presented data showing that while total accident counts remained relatively stable from 2020 through 2024, overall costs continued to rise, in part because claims can take up to two years to mature. Mr. Chandler also noted that 2026 figures demonstrate a three fold cost difference between not at fault and at fault claims, averaging about $8,000 versus $27,000 respectively.

To reduce preventable incidents, Mr. Chandler described the city's evaluation of national driver safety programs and its selection of a curriculum already proven effective by B Metro, which includes on road driver evaluations in addition to classroom instruction. Starting next week, the city will begin a train the trainer program for ten employees before rolling out two trainings per week, prioritizing high risk departments such as Police and Public Works and aiming to certify all city drivers within a year, with roughly 250 employees trained by year end. He emphasized that the initiative is designed to reduce crashes and claims, strengthen public trust, improve operational reliability, and support employee safety, and he confirmed that a formal citywide driver safety policy will be implemented to define expectations and ensure accountability.

2) Pet of the Month Adoption Spotlight

Joanna Medina, Assistant Director for the Department of Health, Animal Wellness, and Animal Services, introduced Jordan Wally, BARCC's Adoption Specialist, who presented the "Pets of the Month."

DRAFT

Ms. Wally highlighted August as "Clear the Shelters" month, a national adoption and fundraising campaign supported by NBC Universal and Telemundo—and introduced Annie, the featured pet, who arrived in a small stroller. Ms. Wally shared that all previously selected spotlight dogs had been adopted and noted that Bridget, a mother dog featured the previous month, still remains at the shelter despite all six of her puppies finding homes. She explained the variety of animals received and how litters can differ greatly in appearance, celebrated recent adoptions that kept family groups together, and invited residents to visit the shelter at 416 FM 511, where all pets are available for $25 and come spayed or neutered, vaccinated, microchipped, and flea treated. A fun fact was also shared: one unsprayed female dog can have 12 to 18 puppies in a single year, underscoring the importance of sterilization.

CONSENT AGENDA ITEM(S)

1) Consideration of approval of minutes from the City Commission Regular Meeting held on July 21, 2026. (Office of the City Secretary)

2) Consideration and **ACTION** to approve the second one-year renewal of the Professional Service Agreement for Marketing and Advertising Services (RFP 074-25-AIR-RFP) with Dovetail, Inc for the Brownsville South Padre Island International Airport for an amount not to exceed $450,000. (Airport Department).

3) Consideration and **ACTION** to ratify Amendment No. 2 to Contract No. HHS001309800001 with the Texas Department of State Health Services and authorize the City Manager, or designee, to execute all necessary documents. (Department of Health, Wellness & Animal Services)

4) Consideration and **ACTION** to authorize the execution of the Safe Streets for All (SS4A) Grant Agreement between the City of Brownsville and the Federal Highway Administration (FHWA). (Multimodal Transportation)

5) Consideration and **ACTION** to authorize a Contract with G&E Escobedo Construction Inc. for Contract No. 218-26-EPW-IFB, Bore and Trenching On-Call Services, for a term consisting of a three (3) year base term with two (2) optional one-year renewal periods. (Engineering and Public Works Department)

6) Consideration and **ACTION** to adopt and enter into an Interlocal Agreement with Cameron County for certain administrative, financial, and other matters concerning City and County participation in the Estrella Reinvestment Zone Number Six, City of Brownsville, and authorize the City Manager to execute the same. (Office of the City Attorney/ Planning and Redevelopment Department)

7) Consideration and **ACTION** to authorize the execution of an Interlocal Cooperation Agreement by and between the City of Brownsville and the Cameron County Elections Office for election services for the purpose of the Charter Amendment; and dealing with related matters. (Office of the City Secretary)

   Consideración y **ACCIÓN** para autorizar la firma de un Acuerdo de Cooperación Interlocal entre la Ciudad de Brownsville y la Oficina de Servicios Electorales del Condado de Cameron para la prestación de servicios electorales para la Enmienda a la Carta Municipal; y abordar asuntos relacionados. (Oficina de la Secretaria Municipal)

8) Consideration and **ACTION** to adopt **Resolution No. 2026-116**, repealing and replacing all prior resolutions creating the Youth Advisory Board and establishing governing bylaws of the Youth Advisory Board (YAB). (City Manager's Office)

DRAFT

9) Consideration and **APPROVAL on SECOND and FINAL READING of Ordinance Number 2026-1814,** amending Chapter 2, Administration, Article II, City Commission, Section 2-26, Meetings and agendas, in order to adopt rules and procedures for executive session, including preserving confidentiality of topics discussed in executive session. (Office of the City Attorney/ City Manager's Office)

10) Consideration and **APPROVAL on SECOND and FINAL READING** acknowledging the City Secretary's Certificate of Sufficiency for the Charter Amendment Petition, proposing the Brownsville First Jobs & Contracts Policy, establishing provisions relating to local hiring, City-funded contracts, small business participation, workforce development, transparency, and safe working conditions; and **APPROVAL on SECOND and FINAL READING on Ordinance Number 2026-1819** ordering a Charter Amendment Election to be held on Tuesday, November 3, 2026; providing for the publication and posting of notice; providing for early voting dates, times, and locations; and dealing with related matters. (Office of the City Secretary/Office of the City Attorney)

Consideración y **APROBACIÓN en SEGUNDA y ÚLTIMA LECTURA** para dar constancia del Certificado de Suficiencia de la Secretaria Municipal para la Petición de Enmienda a la Carta Municipal que propone la adopción de la Política Brownsville First Jobs & Contracts, estableciendo disposiciones relacionadas con la contratación local, los contratos financiados por la Ciudad, la participación de pequeñas empresas, el desarrollo de la fuerza laboral, la transparencia y condiciones laborales seguras; y Consideración y **APROBACIÓN en SEGUNDA y ÚLTIMA LECTURA de la Ordenanza número de la Ordenanza Número 2026-1819** ordenando una elección de enmienda a la Carta Municipal para llevarse a cabo el martes, 3 de noviembre de 2026; disponiendo la publicación y fijación de avisos; estableciendo las fechas, horarios y lugares de la votación anticipada; y tratando asuntos relacionados. (Oficina de la Secretaria Municipal/Oficina del Abogado Municipal)

City Commissioner Tino Villarreal requested to pull consent item 2.

Motion: Motion was made by City Commissioner Tino Villarreal, seconded by City Commissioner Bryan Martinez, to approve Items 1, 3 thought 9. The vote was cast 7 for, 0 against. The motion carried unanimously.

2) Consideration and ACTION to approve the second one-year renewal of the Professional Service Agreement for Marketing and Advertising Services (RFP 074-25-AIR-RFP) with Dovetail, Inc for the Brownsville South Padre Island International Airport for an amount not to exceed $450,000. (Airport Department).

Commissioner Tino Villarreal asked about the return on investment for the previous year's $450,000 expenditure and what measurable supported renewal.

Lorena Cardona, Marketing and Business Development Manager, explained that the airport's load factor had increased since marketing campaigns began the previous year, rising from roughly 70–75% to the high 70s and low 80s. She noted that some metrics were difficult to track through APIs, but monthly reports were available.

Brief discussion among the City Commission and City staff.

Motion: Motion was made by Commissioner Tino Villarreal, seconded by City Commissioner Bryan Martinez, to approve item 2 from the consent agenda. The vote was cast 7 for, 0 against. The motion carried unanimously.

Commissioner Tino Villarreal requested to alter the agenda to move Item Number 3, under Individual Items for Consideration, out of order and taken up as the next item.

DRAFT

PUBLIC HEARING(S)

1) **Public Hearing and ACTION on FIRST READING to adopt end-of-year budget amendment Ordinance Number 2026-1781-B to amend the Fiscal Year 2026 Budget. (Financial Services Department)**

Stephen Muse, Financial Services Director, presented the end of year amendment request for the Fiscal Year 2026 budget, explaining that revenues include 2 million dollars from sales tax and 3 million dollars in surplus Bridge Fund revenue, with an unassigned fund balance projected at 34 million dollars—eight days above the required 70 day reserve—of which approximately 3.26 million dollars is proposed for use in the amendment. He outlined various General Fund adjustments, including allocations for the DHR agreement, capital reserve and economic development incentive transfers, Canary construction related funding, liability and retiree insurance, disaster recovery systems, appraisal district fees, contingencies, special projects, personnel reclassifications, salary adjustments, and transfers supporting fleet, facility services, software, and departmental needs. Additional amendments across multiple funds include debt service contributions from the airport and landfill, downtown camera and First Friday event funding through the Motor Vehicle Parking Fund, landfill sanitation building costs, golf course pump purchases funded through Certificates of Obligation transfers, employee benefit adjustments, facility personnel support, and IT subscription and disaster recovery software costs.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by Commissioner Linda C. Macias, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by Commissioner Pedro Cardenas, to approve the first reading of Ordinance Number 2026-1781-B. The vote was cast 7 for, 0 against. The motion carried unanimously.

2) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1815 of the City of Brownsville, Texas, to adopt the Fiscal Year 2027 Annual Budget for BCIC. (BCIC)**

Victoria Padron, Chief Operating Officer and Finance Program Director, presented the Fiscal Year 2027 BCIC proposed budget totaling approximately 10.1 million dollars, noting that it was approved by the board on July 27 and previously presented to the City Commission during the August 4 budget workshop with no changes requested. She reported projected revenues of 9.3 million dollars, with roughly 82 percent derived from sales tax, and additional revenue from interest earnings, the GBDC partnership, federal EDA funding, and other program income. Ms. Padron stated that 709,000 dollars in previously approved but unspent FY 2026 funds will carry forward, balancing total sources and expenditures. Expenditures include 4 million dollars for City of Brownsville Quality of Life Projects, reflecting the city's 50 percent allocation of Type B sales tax revenue and 500,000 dollars for Sports Park maintenance and operations; 2.2 million dollars for BCIC operations such as staffing, technology, insurance, and professional services; 1.9 million dollars for community development initiatives including BIG Grants, Big Lift, and sponsorships; and 1.1 million dollars for entrepreneurship and innovation programs such as accelerators, E Bridge Academy, prototyping, and RGV Startup Week. Additional allocations include 446,000 dollars for city service contracts, 245,000 dollars for strategic projects requiring

DRAFT

board approval, and the e-Bridge Revolving Loan Fund, which remains separate as it is supported by federal EDA grant funds rather than sales tax revenue.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion was made by Commissioner Pedro Cardenas, seconded by Commissioner Linda C. Macias, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by Commissioner Pedro Cardenas, to approve the first reading of Ordinance Number 2026-1815. The vote was cast 7 for, 0 against. The motion carried unanimously.

3) Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1816 of the City of Brownsville, Texas, to adopt the Fiscal Year 2027 Annual Budget for GBEDC. (GBEDC)

Gilberto Salinas, President and CEO of the Greater Brownsville Economic Development Corporation (GBEDC), presented the Fiscal Year 2027 budget and provided an overview of the organization's operational structure and workflow. He explained that GBEDC's processes begin with research and due diligence, which feed into marketing efforts targeted at Fortune 1000 executives and enterprises considering investment along the border or in Texas. Leads generated through this outreach move through business development, cross border and industrial development, and global engagement, eventually becoming prospects and projects that involve executive leadership, board members, and sometimes commissioners. Mr. Salinas emphasized that closing major projects can take years and highlighted GBEDC's role in developing incentives packages, promoting major announcements, and supporting companies post announcement through workforce development, supply chain integration, and business retention efforts. He noted GBEDC's engagement in legislative affairs and its responsibility for filling approximately 700 acres at the Greater Brownsville Tech Park.

Salvador Villalpando, CPA and Director of Budget and Investments, provided a financial overview, stating that the proposed FY 2027 budget includes 22.2 million dollars in revenues and 17 million in expenditures, with a balanced operating budget of 9 million dollars. He noted that 13.2 million dollars in land sale proceeds from Phase One of the Tech District will be reinvested with 8 million dollars allocated to Phase Two, resulting in a net positive capital impact of 5.2 million dollars and a projected year end fund balance of 16.8 million dollars. Mr. Villalpando detailed revenue sources—93 percent from sales tax and 7 percent from interest income—and outlined expenditure categories including operating costs, job creation incentives, airport development contributions, workforce initiatives, and strategic initiatives. He also compared the proposed budget to the current fiscal year, noting increases in sales tax revenue, operating costs, job creation incentives, and airport development contributions, along with reductions in interest income and strategic initiatives. Commissioners expressed appreciation for GBDC's shift toward in house strategy development, professionalism, and continued contributions to Brownsville's economic growth.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

DRAFT

Adhlem Martinez urged the commission to apply greater transparency and deeper due diligence when considering new businesses, ensuring that only those which genuinely benefit the community and responsibly use local resources are brought to Brownsville.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by Commissioner Tino Villarreal, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by Commissioner Tino Villarreal, to approve the first reading of Ordinance Number 1816. The vote was cast 7 for, 0 against. The motion carried unanimously.

4) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1820 of the City of Brownsville Texas to adopt the Fiscal Year 2027 Annual Budget. (Financial Services Department)(Roll Call Vote Required)**

Stephen Muse, Financial Services Director, presented the proposed Fiscal Year 2027 budget, noting that it remained unchanged from the version shared at the previous workshop. He highlighted key milestones in the budget development process, beginning with community engagement meetings held in February, where residents met with the City Manager to discuss tax allocations and city services. Departments simultaneously submitted budget requests aligned with city goals, which were later reviewed individually by the City Manager. Over $10 million in requests were received, with $2.2 million selected based on alignment with organizational priorities. Public workshops were held to present departmental operations, legislative impacts, and draft budget documents, all of which were made accessible to the community through required notices and expanded digital outreach.

Mr. Muse provided an overview of general fund revenues and expenditures, emphasizing continued year over year sales tax growth and a 13.86 percent reduction in the property tax rate since 2020. Although the proposed FY 2027 budget maintains the current tax rate, rising valuations will result in a slight increase for taxpayers. Revenue projections reflect increases in property tax collections, sales tax, and adjustments to franchise and grant allocations, including the creation of a dedicated grants fund. Expenditure highlights include higher personnel costs due to the second phase of the compensation plan, reduced contingency funding, and increased transfers to various special revenue and enterprise funds. Mr. Muse detailed changes across multiple funds, including increases for street maintenance, airport operations, transit services, and the new Stormwater Drainage Maintenance Fund. He also noted major adjustments to enterprise funds, particularly the landfill and fiber operations. He concluded by recognizing the contributions of the Budget Committee and opened the floor for questions from commissioners and the public.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by Commissioner Tino Villarreal, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by Commissioner Bryan L. Martinez, to approve the first reading of Ordinance Number 2026-1820. The vote was cast 7 for, 0 against. The motion carried unanimously.

DRAFT

Roll Call Votes Summary:

Ayes: Mayor John Cowen Jr., Commissioner Tino Villarreal, Commissioner Nurith Galonsky, Commissioner Bryan Martinez, Commissioner Linda Macias, Commissioner Gustavo De Leon, and Commissioner Pedro Cardenas.

5) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1821 to ratify the Fiscal Year 2027 budget that will raise more total property taxes than last year's budget. (Financial Services Department)(Roll Call Vote Required)**

Stephen Muse, Financial Services Director, explained that the Texas Local Government Code requires the City to formally acknowledge both the increase in the budget and a separate acknowledgment related to the tax rate. He clarified that this action simply reflects the additional revenue generated compared to the prior year, including an estimated increase of approximately 1.8 million dollars for maintenance and operations and about 1.2 million dollars for debt service. Mr. Muse emphasized that the City is not raising the tax rate; rather, the increase in revenue is the result of ongoing development, additional properties being added to the tax roll, and overall growth within the community.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion was made by Commissioner Tino Villarreal, seconded by Commissioner Linda C. Macias, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by Commissioner Tino Villarreal, to approve the first reading of Ordinance Number 2026-1821. The vote was cast 7 for, 0 against. The motion carried unanimously.

Roll Call Votes Summary:

Ayes: Mayor John Cowen Jr., Commissioner Tino Villarreal, Commissioner Nurith Galonsky, Commissioner Bryan Martinez, Commissioner Linda Macias, Commissioner Gustavo De Leon, and Commissioner Pedro Cardenas.

6) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1822 levying ad valorem taxes for the Tax Year 2026 for the use and support of the Municipal Government of the City of Brownsville, Texas, for the Fiscal Year 2027, providing for the interest and sinking fund for the Fiscal Year 2027 City of Brownsville, Texas, General Obligation Debt. (Financial Services Department)(Roll Call Vote Required)**

Stephen Muse, Financial Services Director, noted that the item required a roll call vote and served as the formal disclosure of the tax rate used to establish the Fiscal Year 2027 budget. He explained that the current tax rate remains at 0.603504, even though the voter approval tax rate—calculated according to state requirements, would have allowed a 1.65 percent increase. Mr. Muse outlined the components of the rate, including the portion dedicated to debt service and the portion allocated to maintenance and operations within the general fund. He also emphasized that while the tax rate itself is unchanged, state law requires specific language that may imply an increase, which often causes confusion. The mandated disclosure reflects the impact of rising property valuations, not a change in the rate itself.

DRAFT

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion was made by Commissioner Pedro Cardenas, seconded by Commissioner Tino Villarreal, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by Mayor Pro Tem Nurith Galonsky, seconded by Commissioner Bryan L. Martinez, to approve that the property tax rate be increased by the adoption of a tax rate of $0.603504, which is effectively an 8.06 % increase in the tax rate. The vote was cast 7 for, 0 against. The motion carried unanimously.

Roll Call Votes Summary:

Ayes: Mayor John Cowen Jr., Commissioner Tino Villarreal, Commissioner Nurith Galonsky, Commissioner Bryan Martinez, Commissioner Linda Macias, Commissioner Gustavo De Leon, and Commissioner Pedro Cardenas.

Due to technical issues, staff requested to adjust the order of the agenda items, moving to item number 8 and 9 then returning to item 7 afterward.

7) Consideration and ACTION on SECOND READING on Ordinance Number 2026-1817 to adopt the City of Brownsville's Downtown Renaissance's Master Plan. (Planning & Redevelopment)

Daniel Leal, Director of the Planning and Zoning Department, introduced the first reading of Ordinance No. 2026 1817 to adopt the Downtown Renaissance Masterplan, noting that the plan was completed within its twelve month schedule and original budget, and highlighting its collaborative, community driven development.

Allan Garces, Downtown Manager, thanked the Mayor and Commissioners for their time and expressed appreciation to staff and the Planning Department for their work throughout the year long Downtown Renaissance Masterplan process. He emphasized that the initiative was community led, with engagement efforts extending beyond traditional town halls to locations where residents already gathered, such as First Friday events, the zoo, and meetings with the Youth Advisory Council. Mr. Garces highlighted recurring themes from public feedback, including a desire for improved comfort, cleanliness, lighting, safety, walkability, and connectivity. He noted strong community support for the public draft, with 86 percent of respondents favoring adoption of the plan. Mr. Garces explained that downtown has momentum but needs clearer direction, improved connectivity, expanded housing opportunities, and enhanced shade infrastructure. He concluded by outlining opportunities in the Switch area and reaffirming the City's ongoing efforts to proactively implement improvements rather than allowing the plan to remain unused.

Caitlin Admire, project consultant, provided a concise overview of the plan's key deliverables, noting that the document has been available for public review for several weeks and that commissioners have been involved throughout the year long process. She highlighted the three major transformational project along with housing strategies aimed at increasing residential opportunities in the downtown core. Admire outlined the plan's public realm framework, mobility and parking recommendations, and character areas designed to guide strategic investment. She explained that the implementation chapter includes 63 action items with short,

medium, and long term timelines, developed in collaboration with more than 30 staff members to ensure departmental alignment and readiness. Ms. Admire concluded by emphasizing that the final draft is ready for adoption and that the document remains accessible online for public viewing.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

Motion: Motion made by City Commissioner Gustavo De Leon, seconded by City Commissioner Bryan L. Martinez, to close the public hearing. The vote was cast 7 for, 0 against. The motion carried unanimously.

Motion: Motion made by City Commissioner Bryan L. Martinez, seconded by City Commissioner Tino Villarreal, to approve first reading of Ordinance 2026-1817. The vote was cast 7 for, 0 against. The motion carried unanimously.

8) **Public Hearing and ACTION on FIRST READING on Ordinance Number 235-2026-018, to rezone from Agriculture (AG) to Residential Single-Family (R-1) to allow a single-family residential subdivision for all of Summer Lakes Subdivision Phase 4, Cameron County, Texas, located at Summerhill Boulevard, Brownsville, Texas 78520, as shown in Exhibit "A". (District 4) (Planning & Redevelopment Department)**

Carlos Guerra, Senior Planner with the City's Planning and Redevelopment Department, presented a rezoning request for a property located on Summer Hill Boulevard, proposing a change from Agriculture to Residential Single Family to allow continuation of an existing subdivision. He reported that all required notifications were issued, including a public hearing notice, a posted sign, and 47 mailed notices to nearby property owners, with no written opposition received. The surrounding area is largely developed with single family homes and the request aligns with the City's comprehensive plan, future land use plan, and established development patterns within the Emerging City West District. Staff recommended approval, and the Planning and Zoning Commission supported this recommendation. Guerra then opened the item for public comment.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion made by City Commissioner Bryan Martinez, seconded by City Commissioner Linda Macias, to close the public hearing. The vote was cast 6 for, 0 against [Villarreal absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Bryan Martinez, seconded by City Commissioner Linda Macias, to approve first reading of Ordinance 235-2026-018. The vote was cast 6 for, 0 against [Villarreal absent]. The motion carried unanimously.

9) **Public Hearing and ACTION on FIRST READING on Ordinance Number 235-2026-903-S, to request a Specific Use Permit (SUP) in a Commercial Corridor (CC) zoning district to allow a commercial plaza and establish reduced setbacks for Lots 16, 17, and 18, Block 1, Naranja Vista Subdivision, Cameron County, Texas located at 9935 Naranjo Road,**

DRAFT

Brownsville, Texas 78521, as shown in Exhibit "A". (District 3) (Planning & Redevelopment Department)

Samuel Nunez, Senior Planner with the Planning and Zoning Department, presented a Special Use Permit request for a commercial plaza proposed along Ankle Road, currently zoned Commercial Corridor. He explained that the SUP would allow specific reductions to required setbacks due to future right of way dedication for an eventual roadway expansion. Public hearing notices were issued in accordance with state law, including a posted sign and 13 mailed notifications to adjacent property owners, with no written opposition received. Mr. Nunez reviewed the zoning map, noting a mix of commercial and residential districts in the vicinity, and described how the applicant's site plan accommodates temporary front parking spaces and a trash enclosure until the roadway expansion occurs. He added that the applicant exceeds the minimum required side setback adjacent to a residential property, providing 7.5 feet instead of the required 5 feet. Staff found the request consistent with the comprehensive and future land use plans and recommended approval, which the Planning and Zoning Commission also supported.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

Motion: Motion made by City Commissioner Gustavo De Leon, seconded by City Commissioner Linda C. Macias, to close the public hearing. The vote was cast 5 for, 0 against [Villarreal and Cardenas absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Gustavo De Leon, seconded by City Commissioner Linda C. Macias, to approve first reading of Ordinance 235-2026-903-S. The vote was cast 5 for, 0 against [Villarreal and Cardenas absent]. The motion carried unanimously.

10) **Public Hearing and ACTION on FIRST READING on Ordinance Number 235-2026-904, to rezone from Residential Single-Family (R-1) to Residential Suburban (R-2) to allow an existing duplex subdivision for all of Hidden Meadows Subdivision Section 2, Cameron County, Texas, located at Hidden Meadows Boulevard, Brownsville, Texas 78520, as shown in Exhibit "A". (District 4) (Planning & Redevelopment Department)**

Carlos Guerra, Senior Planner with the City's Planning and Redevelopment Department, presented a request to rezone a portion of a duplex subdivision along Hidden Meadows Boulevard from Residential Single Family (R 1) to Residential Suburban (R 2) to formally allow duplex uses already present on most of the lots. He reported that all required public notices were completed, including a posted sign and 126 mailed notices, and no written opposition was received. Mr. Guerra explained that the rezoning corrects an inconsistency from the previous zoning code, which had permitted duplexes on larger R 1 lots, and noted that the request aligns with the City's comprehensive and future land use plans. Although one individual outside the notification area spoke in opposition at the Planning and Zoning Commission meeting, staff recommended approval, and the Commission voted in favor of the rezoning.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Linda C. Macias, to close the public hearing. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

DRAFT

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Tino Villarreal, to approve first reading of Ordinance 235-2026-904. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

11) **Public Hearing and ACTION on FIRST READING on Ordinance Number 235-2026-905, to rezone from Commercial Corridor (CC) to Residential Transition (R-3) to allow an existing single-family development for an approximate 2.09 acres out of Lots 1, 2, 5, 6, 7, and 8, Block 40, out of Share 28 of the Brownell Tract, coming from a portion of El Jardin Subdivison, located at Lester Drive, Brownsville, Texas 78521, as shown in Exhibit "A". (District 2) (Planning & Redevelopment Department)**

Samuel Nunez, Senior Planner with the Planning and Zoning Department, presented a request to rezone a cluster of long established single family homes along Lester Drive from Commercial Corridor (CC) to Residential Transition (R 3). He confirmed that all required public notices were completed, including a posted sign and 23 mailed notifications, with no written opposition received. Mr. Nunez reviewed the zoning map, noting the surrounding mix of commercial, residential transition, undeveloped land, multifamily, and light industrial districts, and explained that the rezoning would bring the longstanding single family properties into conformity with the current Unified Development Code. Staff found the request consistent with the comprehensive and future land use plans and recommended approval, which the Planning and Zoning Commission also supported.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Bryan L. Martinez, to close the public hearing. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Bryan L. Martinez, to approve first reading of Ordinance 235-2026-905. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

12) **Public Hearing and ACTION on FIRST READING on Ordinance Number 235-2026-012, to rezone from Residential Single-Family (R-1) to Residential Transition (R-3) to allow a townhome development for 3.205 acres out of Share 4, Espiritu Santo Grant, Cameron County, Texas, located at Vasquez Ranch Road, Brownsville Texas 78520, as shown in Exhibit "A". (District 4) (Planning & Redevelopment Department)**

Martin Vega, Assistant Director with the Planning and Zoning Department, explained that the developer originally requested a rezoning from Residential Single Family (R 1) to Residential Transition (R 3) to construct town homes. He confirmed that required public notices were issued, including a posted sign and five mailed notifications, with no written opposition received. Vega reviewed the zoning context, noting surrounding agriculture, ETJ land, residential single family, and commercial corridor uses, and described roadway requirements that would necessitate a 50 foot right of way dedication. He detailed the developer's initial and revised proposals, both of which created too many driveway access points along a future rural collector road, violating the City's access management policy requiring 150 foot separation between driveways. After extensive meetings, staff proposed an alternative: rezoning to R 2 with a Planned Development District to prohibit direct driveway access on the road, require an internal slip street for circulation, and restricting parking to preserve emergency access. The developer accepted the alternative, and the Planning and Zoning Commission voted to deny the original petition and

DRAFT

support staff's recommended option. The City Commission later closed the public hearing and approved the alternative as recommended.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Linda C. Macias, to close the public hearing. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Tino Villarreal, to approve first reading of Ordinance 235-2026-905. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

13) **Public Hearing and ACTION on FIRST READING on Ordinance Number 2026-1818, making findings related to the Madeira Espiritu Santo Public Improvement District Number One, including: advisability of the special supplemental services, the estimated operation and maintenance costs, boundaries of the district, method of assessment, and apportionment of costs between the City of Brownsville and the District; updating the Service and Assessment Plan (SAP) that established the Madeira Espiritu Santo PID Number One; levying the assessments; and, also providing official notice of the PID's updated SAP to the Cameron County Clerk as required by Chapter 372, Texas Local Government Code. (Planning & Redevelopment Department/Office of the City Attorney/City Manager's Office) (Public Hearing Tabled from August 4, 2026 Commission Meeting)**

Denis Sanchez, speaking on behalf of Madeira, explained the scope of the existing Public Improvement District (PID), highlighting the public amenities maintained under the assessment. These include multiple playgrounds, mailbox clusters, heavily landscaped areas, and roughly two miles of hiking and biking trails, all of which were developed as part of Phase One. Phase Two is scheduled to begin later in the year and contains fewer amenities, meaning that once both phases are active, overall maintenance costs will be shared across more lots, likely reducing the per lot assessment. Mr. Sanchez noted that the PID's largest unexpected expense stems from irrigation costs, which increased significantly when the nearby resaca dried up, forcing the development to purchase water from the El Jardin Water Supply Corporation. This shift raised irrigation expenses from approximately $500 to nearly $5,000 per month during drought conditions.As a result, the total annual PID budget increased to approximately $233,498, covering both maintenance and administrative costs, and raising the per lot assessment from around $1,100 to roughly $1,300 for the 187 current lot owners. Mr. Sanchez clarified that all buyers are notified of PID obligations through contract documents at the title company and emphasized the distinction between HOA assessments and PID taxes. He acknowledged concerns raised by some homeowners regarding costs and participation and stated that a PID board may be established once Phase Two progresses and more lots are sold, allowing for greater homeowner involvement.

Brief discussion among the City Commission and City staff.

Mayor Pro Tem Nurith Galonsky opened the public hearing.

There were no speakers.

DRAFT

Motion: Motion made by City Commissioner Pedro Cardenas, seconded by City Commissioner Tino Villarreal, to close the public hearing. The vote was cast 5 for, 0 against [Mayor Cowen and Macias absent]. The motion carried unanimously.

Mayor Pro Tem Nurith Galonsky and Commissioner Bryan L. Martinez wished to abstain from the item. However, due to the lack of sufficient votes on the motion, the commission decided to move to the next item until they had enough votes to proceed.

Motion: Motion made by City Commissioner Tino Villarreal, seconded by City Commissioner Pedro Cardenasl, to approve first reading of Ordinance 2026-1818. The vote was cast 4 for, 0 against [Mayor Pro Tem Galonsky and Martinez abstain] [Mayor Cowen absent]. The motion carried.

ITEMS FOR INDIVIDUAL CONSIDERATION(S)

1) **Consideration and ACTION to grant employees an additional paid holiday and/or personal day based on the results of the Employee Time-Off Preference Survey for Fiscal Year 2026–2027. (Organizational Development & Human Resources Department)**

Gerardo Villarreal, Assistant Director for Organizational Development and Human Resources, explained that the City conducted an employee survey as part of its effort to remain an employer of choice and to respond to employee feedback, including questions about observing the Juneteenth holiday. He reported that 419 non civil service employees participated, and the survey offered three options: Juneteenth as a fixed holiday, a Charro Days holiday, and an additional personal day. Results showed that 62 percent preferred a personal day, 23 percent Juneteenth, and 15 percent Charro Days, noting that Charro Days poses scheduling challenges for departments providing essential services. Mr. Villarreal addressed questions regarding personal day utilization, stating that 90.2 percent of employees had already used their day and that scheduling discretion remains with department leadership. He reviewed cost considerations and clarified that any added holiday is already accounted for within the personnel budget. The commission ultimately approved the personal day option based on employee preference, with commissioners expressing appreciation for the collaborative effort and the City's commitment to prioritizing employee voices. Mr. Villarreal confirmed that the new personal day will take effect on October 1, to be used within the fiscal year ending September 30.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by City Commissioner Pedro Cardenas, to grant employees an additional paid personal day. The vote was cast 5 for, 0 against [Mayor Cowen and Macias absent]. The motion carried unanimously.

2) **Consideration and ACTION to award a managed print services contract to Documation, Inc. for the provision, installation, maintenance, and support of a managed print solution for a term of sixty-three (63) months, in an amount not to exceed $247,619 annually and a total contract amount not to exceed $1,300,000, as budgeted. (Information Technology Department)**

James McCoy, the City's IT Director, presented the proposed citywide Managed Print Services contract, emphasizing its goals of modernizing infrastructure, strengthening security, and achieving financial efficiencies. He reported an estimated annual savings of $329,616 through the deployment of 40 new multifunction devices and the implementation of PaperCut, which secures print jobs and ensures hard drive destruction upon device retirement. Mr. McCoy explained that the current fragmented system consists of four vendors and 229 aging devices, resulting in approximately $46,000 in monthly maintenance costs, unmanaged endpoints, inconsistent service levels, and frequent downtime. The new centralized approach consolidates services under a single vendor, Documentation, establishing a fixed monthly fee of $18,631 for

DRAFT

all devices, secure badge authentication, and proactive monitoring. He added that the contract requires a $100,000 buyout of existing vendor agreements and will eliminate administrative burdens for IT staff while delivering immediate return on investment. Mr. McCoy recommended approval of the 63 month contract, noting that it includes no renewal options and was selected over a shorter term to maximize value.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by City Commissioner Tino Villarreal, to approve a managed print services contract to Documantion, Inc. The vote was cast 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

3) **Consideration and ACTION to approve Guaranteed Maximum Price No. 2 with Noble Texas Builders, LLC, for construction of the Brownsville Public Safety Complex under the Construction Manager at Risk contract, RFQ #142-25-EPW-RFQ, in the amount of $74,181,729. (Enterprise Project Management Office)**

Kimberly Salinas, Capital Improvement Projects Manager, provided an overview of the Public Safety Complex project, noting that Noble Texas Builders is serving as the Construction Manager at Risk. She explained that Bid Package Number One—covering utilities, earthwork, and the generator allowance approved in June—is currently under construction. Bid Package Number Two is in procurement and recommended for approval in the amount of 74,181,720 dollars, resulting in a total Guaranteed Maximum Price (GMP) of 81,934,118 dollars. She stated that substantial completion is targeted for September 2028, with final completion anticipated in October or November. Ms. Salinas outlined the components of Bid Package Number Two, including accepted alternatives, general conditions, CMAR fees, subcontracted work, contingencies, and approximately 5 million dollars in allowances. She also noted that savings from the generator allowance in Bid Package Number One are being moved into the owner's contingency. Ms. Salinas reported that while the project's approved construction budget is 75 million dollars, Bid Package Number One totaled 7.7 million dollars and Bid Package Number Two is recommended at 74,181,729 dollars, resulting in a variance of approximately 6.9 million dollars from the original estimate to the final GMP. She explained that the variance is driven primarily by higher-than-expected bid amounts for utilities, grading, landscaping, perimeter security fencing, and security screening equipment, exacerbated by changes in project location to a newly developed industrial park area. She detailed accepted and unaccepted alternatives, value engineered items totaling roughly 990,000 dollars in savings, and items retained due to ordinance or operational requirements. Ms. Salinas concluded by stating that approval of the GMP would allow the project to proceed on schedule and secure current pricing, while a delay could result in cost escalation. Staff recommends approval of Bid Package Number Two in the amount of 74,181,729 dollars.

Alan Guard, City Manager, thanked the project team, the committee, Noble Construction as the Construction Manager at Risk, and all individuals involved in the Public Safety Complex project. He stated that original cost estimates were significantly higher, but the team worked diligently to reduce costs without compromising essential project elements. Mr. Guard explained that because the City issued 150 million dollars in Certificates of Obligation, interest earnings will cover the project's cost overage, eliminating the need to issue additional Certificates of Obligation. He emphasized that for a project of this size, coming within 7 percent of the original budget is commendable given the constantly changing construction environment. Guard recommended approval of the Guaranteed Maximum Price (GMP) to keep the project moving forward.

Brief discussion among the City Commission and City staff.

DRAFT

Motion: Motion was made by Commissioner Tino Villarreal, seconded by City Commissioner Pedro Cardenas, to approve a Contract with Noble Texas Builders, LLC for the amount of $74,181,729. The vote was cast 7 for, 0 against. The motion carried unanimously.

BOARD APPOINTMENT(S)

1) **Consideration and ACTION on Resolution Number 2026-117 to appoint or reappoint members to the Youth Advisory Board. (Office of the City Manager)**

Motion: Motion was made by Commissioner Pedro Cardenas, seconded by Commissioner Tino Villarreal, to reappoint Massimiliano Marin-Mera as a primary board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Gustavo De Leon, seconded by Commissioner Tino Villarreal, to reappoint Emmanuel Vera Jr. as a primary board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by Commissioner Tino Villarreal, to appoint Katherine M. Mayer as a primary board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Tino Villarreal, seconded by Commissioner Bryan L. Martinez, to reappoint Friday Diaz as a primary board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Linda C. Macias, seconded by Commissioner Tino Villarreal, to reappoint David Escamilla as a primary board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Mayor Pro Tem Nurith Galonsky, seconded by Commissioner Tino Villarreal, to appoint Arianna S. Carraza as an alternative board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Pedro Cardenas, seconded by Commissioner Tino Villarreal, to reappoint Natali Galvan as a primary board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Gustavo De Leon, seconded by Commissioner Tino Villarreal, to appoint Alexandra C. Garcia as an alternative board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Linda C. Macias, seconded by Commissioner Tino Villarreal, to appoint Mae Villarreal as an alternative board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Mayor Pro Tem Nurith Galonsky, seconded by Commissioner Pedro Cardenas, to appoint Aldo I. Castro as an alternative board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

DRAFT

Motion: Motion was made by Commissioner Tino Villarreal, seconded by Commissioner Pedro Cardenas, to appoint Luis Zolezzie as an alternative board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

Motion: Motion was made by Commissioner Bryan L. Martinez, seconded by Commissioner Linda C. Macias, to appoint Madison Cabrera as an alternative board member to the Youth Advisory Board. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

EXECUTIVE SESSION

Motion: Motion made by Commissioner Tino Villarreal, seconded by City Commissioner Bryan Martinez to enter into Executive Session at 9:37 p.m. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

1) **Closed session pursuant to Tex. Gov't. Code Section 551.071 (Consultation with Attorney) related to Project Ascend. (Office of the City Attorney/ City Manager's Office)**

2) **Closed session pursuant to Tex. Gov't. Code Section 551.071 (Consultation with Attorney) related to Collective Bargaining Agreement with Brownsville Police Officers' Association, Charter 290577-01 (Office of the City Attorney/ City Manager's Office)**

All items scheduled for discussion in the Executive Session were addressed, and a certified agenda was maintained.

Upon the conclusion of the Executive Session, Mayor Pro Tem Nurith Galonsky reconvened the Regular Meeting at 10:01 pm.

POSSIBLE ACTION ON ANY ITEM(S) AS DISCUSSED IN EXECUTIVE SESSION

1) **Consideration and ACTION, if any, related to Project Ascend. (Office of the City Attorney/ City Manager's Office)**

Motion: Motion was made by City Commissioner Bryan Martinez, seconded by Commissioner Linda C. Macias, to proceed as discussed in executive session. The vote was 6 for, 0 against [Mayor Cowen absent]. The motion carried unanimously.

2) **Consideration and ACTION, if any, related to Collective Bargaining Agreement with Brownsville Police Officers' Association, Charter 290577-01. (Office of the City Attorney/ City Manager's Office)**

No Action.

ADJOURNMENT

There being no further business to come before the Commission, upon duly made motion the meeting adjourned at 10:02 PM.

Approved 1st day of September, 2026.

Agenda #:	Consideration and **ACTION** to approve amendments to the City of Brownsville Employee Handbook to revise the Orientation Policy and establish a Bereavement Leave Policy, with an effective date of October 1, 2026. (Organizational Development & Human Resources)

Summary:
The Organizational Development & Human Resources Department is recommending amendments to the City of Brownsville Employee Handbook to update the City's Orientation Policy and establish a Bereavement Leave Policy.

The proposed Orientation Policy revisions are intended to provide clearer guidance regarding the orientation period for newly hired employees and establish consistent expectations for employees and departments during the introductory period of employment.
The proposed Bereavement Leave Policy establishes paid leave provisions for eligible employees following the death of a qualifying family member. The policy is intended to provide employees with appropriate time away from work to grieve, attend funeral or memorial services, travel, and address related family matters while providing departments with consistent guidelines for administering the leave.
The proposed policies have been submitted to the City Attorney's Office for legal review. Upon approval by the City Commission, the amendments will be incorporated into the Employee Handbook with an effective date of October 1, 2026.
Organizational Development & Human Resources will coordinate implementation and employee education prior to the effective date through Cornerstone, departmental staff meetings, employee town hall, and HR Ambassadors. Department leadership will also receive information regarding the policy changes and implementation plan following Commission consideration.

CHAPTER THREE- EMPLOYMENT

ORIENTATION PERIOD

The first one hundred eighty (180) calendar days of employment are considered an orientation period. It is a time of learning and acclimation for you. During this time, your demonstrated ability to do the job for which you were hired, your conduct, and your ability to work effectively with others are evaluated by the Department Director, through subordinate supervisors, with particular care. The Department Director, through subordinate supervisors, will conduct formal check-ins throughout the orientation period and will complete a final written evaluation by the end of this period.

INTERNAL MOVEMENT DURING ORIENTATION

Employees currently serving in an orientation period are not eligible to apply for, or be considered for, internal job postings, promotions, or transfers until they have successfully completed their orientation period. This ensures employees have the opportunity to fully demonstrate their performance, reliability, and suitability in their current role before pursuing other opportunities within the City. Exceptions may be considered based on organizational need and must be approved by the City Manager, unless otherwise governed by Civil Service rules or applicable law.

COMPLAINT PROCEDURE

A decision based on this evaluation to terminate the employment relationship is not subject to the formal complaint procedure found in "**EMPLOYEE COMMUNICATIONS**." This does not apply to complaints involving discrimination, harassment, or retaliation, which will be addressed in accordance with applicable law and City policy.

PERFORMANCE CONCERNS

If performance or conduct concerns arise during the orientation period, the Department Director, through subordinate supervisors, may initiate a Performance Improvement Plan in accordance with City policy.

DOCUMENTATION

The Department Director, through subordinate supervisors, is responsible for conducting check-ins and documenting performance throughout the orientation period.

EMPLOYMENT STATUS

The employment relationship with the City is terminable at will, either with or without cause and with or without notice, at any time during the employment relationship.

ORIENTATION PERIOD – PROMOTIONS, TRANSFERS, AND NEW ROLES

Any employee who is promoted, transferred, or otherwise assumes a new position with the City — regardless of prior service — will be subject to a ninety (90) calendar day orientation period in that new

role. This period provides an opportunity for the employee and the Department Director, through subordinate supervisors, to assess the employee's ability to successfully perform the duties and responsibilities of the new position.

APPLICABILITY

This ninety (90) calendar day orientation period applies to any change in position, including promotions, lateral moves, demotions, and voluntary transfers. Involuntary transfers are subject to this orientation period only upon approval of the City Manager.

EVALUATION

During the ninety (90) calendar day orientation in a new role, the Department Director, through subordinate supervisors, will assess job performance, adaptability, and conduct specific to the requirements of the new position.

PERFORMANCE CONCERNS

If performance or conduct concerns arise during the ninety (90) calendar day orientation period in a new role, the Department Director, through subordinate supervisors, may initiate a Performance Improvement Plan in accordance with City policy.

DOCUMENTATION

For employees transitioning into a new role through promotion, transfer, or any other change in position, the Department Director, through subordinate supervisors, is responsible for conducting check-ins and documenting performance throughout the orientation period.

EMPLOYMENT STATUS AND APPEAL

Employment with the City may be ended by either the employee or the City at any time, with or without cause and with or without notice. Employees who do not successfully complete the orientation period in a new role may be returned to their previous position or a comparable position, where operationally feasible, prior to any consideration of separation. An employee who is returned to a previous or comparable position may appeal that decision in accordance with the complaint procedure found in "EMPLOYEE COMMUNICATIONS."

CHAPTER SIX - LEAVE TIME

BEREAVEMENT LEAVE

The City of Brownsville recognizes that employees may need time away from work following the death of a family member to grieve, attend funeral or memorial services, travel, and attend to related family matters. The City provides paid Bereavement Leave to eligible employees in accordance with this policy.

This policy is intended to provide employees with meaningful support during a difficult time while ensuring Bereavement Leave is administered fairly and consistently throughout the City.

ELIGIBILITY

Bereavement Leave is available to Regular Full-Time employees, as defined under "Employee Status."

Regular Part-Time, Temporary Full-Time, and Temporary Part-Time employees, including seasonal employees classified as Temporary Part-Time, are not eligible for paid Bereavement Leave.

Bereavement Leave is available beginning on an employee's first day of employment and is not subject to completion of the Orientation Period.

DEFINITIONS

Immediate Family: Spouse or domestic partner; child or stepchild, whether biological or adopted; parent or stepparent; sibling or step-sibling; grandchild or step-grandchild; foster child or foster parent; legal guardian; and any individual who stood in loco parentis to the employee or for whom the employee stands in loco parentis.

Extended Family: Grandparent; parent-in-law; son-in-law or daughter-in-law; brother-in-law or sister-in-law not otherwise included above; aunt; uncle; niece; nephew; and first cousin.

All Other Relationships: A relationship not identified as Immediate Family or Extended Family under this policy, including a close friend, godparent, godchild, co-worker, or other individual of personal significance to the employee, is not eligible for paid Bereavement Leave.

The City recognizes that the loss of any individual of personal significance may be difficult. Employees may speak with their supervisor regarding the use of accrued Vacation Leave, a Floating Holiday, accrued Compensatory Time, or, when appropriate, a Leave of Absence Without Pay to attend services or address related matters.

AMOUNT OF LEAVE

Bereavement Leave is provided per qualifying death. Each qualifying death is treated as a separate leave event, regardless of whether two or more qualifying deaths occur on the same date or arise from the same incident. There is no annual limit on the number of qualifying Bereavement Leave events an employee may experience.

Employees may receive Bereavement Leave as follows:

Relationship to Employee	Initial Bereavement Leave	Additional Bereavement Leave	Maximum Total
Immediate Family	3 paid workdays	Up to 4 additional paid workdays, usable within 6 months of the date of death	**7 paid workdays**
Extended Family	3 paid workdays	Not applicable	**3 paid workdays**
All Other Relationships	Not eligible — see "Definitions" above	Not applicable	**None**

Initial Bereavement Leave (3 days): Initial Bereavement Leave provides up to three (3) paid workdays and is intended to be used during the period immediately surrounding the death, funeral, memorial service, or related travel of an Immediate or Extended Family member.

Additional Bereavement Leave (up to 4 days): Employees who experience the death of an Immediate Family member may receive up to four (4) additional paid workdays of Bereavement Leave.

Additional Bereavement Leave may be used consecutively with Initial Bereavement Leave or nonconsecutively within six (6) months of the date of death. The leave may be used for continued time away to grieve, travel, delayed funeral or memorial services, estate or legal matters, or other matters reasonably related to the qualifying death.

Any of the three (3) days of Initial Bereavement Leave and the four (4) Additional Bereavement Leave days not used within six (6) months of the date of death is forfeited. All unused Bereavement Leave, Initial and Additional, does not carry over, accumulate, create a permanent leave balance, or have a cash value.

USE OF LEAVE

Bereavement Leave may be used in full-day or half-day increments based on the employee's regularly scheduled workday.

Bereavement Leave is intended to provide employees reasonable time away from work following a qualifying death. Use of Bereavement Leave must be reasonably connected to the qualifying death and consistent with the purposes described in this policy.

NOTIFICATION AND APPROVAL

Employees must notify their immediate supervisor of the need for Bereavement Leave as soon as reasonably possible, consistent with the City's "Attendance and Punctuality" policy.

The Organizational Development and Human Resources (OD&HR) Department is responsible for determining eligibility under this policy. A Bereavement Leave request that meets the eligibility requirements of this policy will be granted. Timing of the Additional Bereavement Leave days may be coordinated with the employee's supervisor to accommodate department staffing needs, consistent with the six-month window described above.

REPORTING

Employees requesting Bereavement Leave, or their supervisor on their behalf, must complete the City's Bereavement Leave notification form, providing the employee's name and employee number, the name of the deceased, the date of death, and the employee's relationship to the deceased. This is the only information required to process Bereavement Leave under this policy.

RELATIONSHIP TO OTHER LEAVE

Bereavement Leave is separate from and does not reduce an employee's accrued Vacation Leave, Sick Leave, Floating Holidays, or Compensatory Time.

The death of a family member, by itself, is not a qualifying reason for leave under the Family and Medical Leave Act. If an employee is on FMLA leave to care for a qualifying family member and that family member dies, the employee's FMLA entitlement for that caregiving reason ends upon the family member's death.

An employee's circumstances following a death may independently qualify for FMLA or another form of protected leave. Any such request will be evaluated separately by the Organizational Development and Human Resources Department in accordance with applicable law and City policy.

Employees who require additional time away from work beyond the Bereavement Leave provided under this policy may request to use accrued Vacation Leave, a Floating Holiday, accrued Compensatory Time, or a Leave of Absence Without Pay, subject to the applicable leave policy and approval requirements.

MISUSE OF LEAVE

Bereavement Leave is provided in good faith to support employees following the death of a qualifying family member.

Misrepresentation of a death, an employee's relationship to the deceased, or other information provided to obtain Bereavement Leave is a serious violation of the City's Code of Integrity and may result in corrective action, up to and including separation of employment.

The City may also seek recovery of wages improperly paid as a result of misuse or misrepresentation in accordance with applicable law and City procedures.

ADMINISTRATION

The Organizational Development and Human Resources (OD&HR) Department is responsible for the interpretation and administration of this policy and will make final determinations regarding eligibility for Bereavement Leave.

Department Directors and supervisors are expected to administer Bereavement Leave consistently and may not independently expand, reduce, or create exceptions to the benefits provided under this policy. Unique or unusual circumstances must be referred to OD&HR for review.

An employee who disagrees with a determination made under this policy, including a denial of Bereavement Leave, may use the complaint procedure described under "Complaints and Concerns" in Chapter Four of this Handbook.

To:	Mayor and City Commission
Through:	Alan Guard, Interim City Manager
From:	Laura Hernandez, Assistant Director
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** to approve Cooperative Service Agreement No. 355-26-ODHR-CP with Octagon Staffing, LLC, for temporary personnel services on an as-needed basis, for an initial nine-month term with the option to extend for up to three additional months, not to extend beyond September 30, 2027. (Organizational Development and Human Resources).

Summary:
Earlier this fiscal year, the City issued an RFP for temporary staffing services. The City Commission subsequently approved the rejection of all proposals after staff determined that the scope of services needed to be revised. Octagon Staffing, LLC, currently provides temporary personnel services to the City.

Approval of the proposed agreement will maintain continuity of these services while staff revises and completes the new competitive solicitation. Staff anticipates completing the evaluation process and presenting a recommended vendor to the City Commission by February 2027. Upon Commission approval and implementation of the resulting contract, the City intends to discontinue use of the Octagon agreement and, if necessary, terminate it in accordance with its terms.

Project Scope and Analysis:
The agreement will allow City departments to obtain temporary personnel on an as-needed basis to address vacancies, employee leave, seasonal workloads, and other short-term operational needs. Available positions and hourly rates are established in the agreement's pricing schedule under BuyBoard Contract No. 774-25.

The agreement provides an initial nine-month term with the option to extend for up to three additional months, but may not extend beyond September 30, 2027. The maximum authorized amount is $1,000,000; however, this amount represents a contractual ceiling and does not guarantee any minimum expenditure. The City will pay only for services requested and performed.

Based on recent utilization, expenditures through the anticipated transition in February 2027 are estimated at approximately $150,000. The remaining term and contract capacity will be available only if the competitive solicitation or transition requires additional time, or if operational needs increase.

COOPERATIVE SERVICE AGREEMENT
355-26-ODHR-CP

This Cooperative Service Agreement ("Agreement") is entered into by and between Octagon Staffing, LLC ("Vendor") and the City of Brownsville ("City"), a Texas home rule municipality.

The Cooperative Service Agreement includes the following documents which shall be construed in the order of precedence in which they are listed:

1. This Cooperative Service Agreement.
2. Exhibit A – Quote: Scope of Services, Additional Services, and Compensation/Fees
3. Exhibit B – BuyBoard Contract #774-25
4. Exhibit C – Form 2 - Statement of Conflict of Interest
5. Exhibit D – Certificate of Insurance
6. Exhibit E – Form 3 - Texas Ethics Commission Certificate of Interested Parties (1295)

Exhibits A, B, C, D, and E, which are attached hereto and incorporated herein, are made a part of this Agreement for all purposes. Vendor agrees to provide City with the services and goods included in Exhibit A pursuant to the terms and conditions of this Cooperative Participation Agreement, including all exhibits thereto.

City shall pay Vendor in accordance with the fee schedule in Exhibit A and in accordance with the provisions of this Agreement. Services shall be rendered on an as-needed basis, not to exceed one million dollars ($1,000,000) without prior authorization. Any expenditure or amendment that causes the total contract amount to exceed one million dollars ($1,000,000) shall require City Commission approval. The Vendor shall not provide any additional items or services or bill for expenses incurred for City not specified by this Agreement unless City requests and approves in writing the additional costs for such services. City shall not be liable for any additional expenses of Vendor not specified by this Agreement unless City first approves such expenses in writing.

The term of this Agreement shall commence upon approval by the City Commission or its designee and shall continue for an initial period of nine (9) months, with the option to extend the Agreement for up to three (3) additional months upon approval by the City; provided, however, that in no event shall the term of this Agreement exceed twelve (12) months or extend beyond September 30, 2027, whichever occurs first. Notwithstanding the foregoing, the parties understand and acknowledge that the Buyboard Cooperative Contract #774-25 the City is relying on for cooperative purchase, expires on June 30, 2028, at which time the City's Agreement with Vendor shall also expire.

Termination for Cause. The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. CITY may also terminate this Agreement upon such notice as the City of Brownsville's City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The parties agree that if the CITY erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to CITY's satisfaction; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

Termination for Convenience. CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this Agreement is terminated for convenience, Contractor shall be paid for any services performed to CITY's satisfaction pursuant to the Agreement through the termination date specified in the written notice of termination. Contractor acknowledges and agrees that he/she/it has received good, valuable and sufficient consideration from CITY, the receipt and adequacy of which are hereby acknowledged by Contractor, for CITY's right to terminate this Agreement for convenience.

Cancellation for Non-appropriated Funds. CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for non-appropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of CITY for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

Force Majeure. CITY and Contractor will be excused from the performance of their respective obligations under this agreement when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of transportation, equipment, or service from a public utility needed for their performance, provided that:

i. The non-performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;

ii. The excuse of performance is of no greater scope and of no longer duration than is reasonably necessary when considered in light of the Force Majeure;

iii. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure; and

iv. The non-performing party uses its best efforts to remedy its inability to perform.

v. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of sixty (60) days, provided that in extenuating circumstances, CITY may excuse performance for a longer term. Economic hardship of the Contractor will not constitute Force Majeure. The term of the agreement shall be extended by a period equal to that during which either party's performance is suspended under this Section.

Vendor agrees that City shall, until the expiration of final payment under this Agreement, or the final conclusion of any audit commenced during the term of the Agreement, have access to and the right to examine at reasonable times, as reasonably required, not more than once per year unless cause is established, any directly pertinent books, documents, papers and records, including, but not limited to, all electronic records, of Vendor involving transactions relating to this Agreement at no additional cost to City. Vendor agrees that City shall have access during normal working hours to all necessary Vendor facilities and shall be provided adequate and appropriate workspace in order to conduct audits in compliance with the provisions of this section. City shall give Vendor reasonable advance notice of intended audits, which shall not be less than 30 days prior to the intended audit. Vendor may refuse a request for such information if in the Vendor's sole and reasonable discretion, it will present a security risk to Vendor.

VENDOR ACKNOWLEDGES THAT CITY IS A GOVERNMENT ENTITY AND AS SUCH CANNOT INDEMNIFY OR HOLD HARMLESS A PARTY WITHOUT FIRST CREATING A SINKING FUND OR LEVYING A TAX. VENDOR FURTHER ACKNOWLEDGES THAT THE CITY HAS NO INTENTION OF CREATING SUCH A SINKING FUND OR LEVYING A TAX. THE PARTIES AGREE THAT ANY PROVISION CONTAINED WITHIN THE CONTRACT DOCUMENTS REQUIRING THE CITY TO INDEMNIFY OR HOLD HARMLESS THE VENDOR IS HEREBY STRICKEN.

Notices required pursuant to the provisions of this Agreement shall be conclusively determined to have been delivered when (1) hand-delivered to the other party, its agents, employees, servants or representatives, (2) delivered by facsimile with electronic confirmation of the transmission, or (3) received by the other party by United States Mail, registered, return receipt requested, addressed as follows:

Re: Temporary Personnel Staffing and Workforce Management Services
BuyBoard Contract 774-25

The Local Government Purchasing Cooperative (BuyBoard) awarded your company a contract under Temporary Personnel Staffing and Workforce Management Services, Contract 774-25 effective July 1, 2025 through June 30, 2026, with two possible one-year renewals. At this time the BuyBoard is renewing your contract through June 30, 2027.

All discounts, terms, and conditions of your contract will remain the same. If you agree to this renewal, there is nothing you need to do. However, if you do not agree to this renewal, you must notify me via email at contractadmin@buyboard.com prior to the start of the renewal term.

Reminder: Once a BuyBoard contract is awarded, vendors must generate a minimum of $15,000 annually or they may not be offered a contract renewal.

If you have questions or comments concerning this renewal, please contact me as soon as possible at contractadmin@buyboard.com . We appreciate your interest in The Local Government Purchasing Cooperative.

Sincerely,

Jim Tulberg

Welcome to BuyBoard!

Re: *Notice of The Local Government Purchasing Cooperative Contract Award;* Proposal Invitation No. 774-25, Temporary Personnel Staffing and Workforce Management Services

Congratulations, The Local Government Purchasing Cooperative (Cooperative) has awarded your company a BuyBoard® contract based on the above-referenced Proposal Invitation. The contract is effective for an initial one-year term of Juky 1, 2025 through June 30, 2026, and may be subject to two possible one-year renewals. Please refer to the Proposal Invitation for the contract documents, including the General Terms and Conditions of the Contract.

To review the items your company has been awarded, please review Proposal Tabulation No. 774-25 at: www.buyboard.com/vendor. Only items marked as awarded to your company are included in this contract award, and only those awarded items may be sold through the BuyBoard contract. All sales must comply with the contract terms and must be at or below the awarded pricing as set forth in the General Terms and Conditions.

A list of Cooperative members is available on the buyboard.com website. In addition, the BuyBoard Administrator's vendor relations staff is available to assist you in locating available BuyBoard informational resources and answering questions you may have as an awarded BuyBoard vendor.

On behalf of the Cooperative, we appreciate your interest in the Cooperative and we are looking forward to your participation in the program. If you have any questions, feel free to contact me at bids@buyboard.com.

Sincerely,

Stacy Finn

Re: *Notice of National Purchasing Cooperative Award;* Proposal Invitation No. 774-25, Temporary Personnel Staffing and Workforce Management Services

Congratulations, The National Purchasing Cooperative (National Cooperative) has awarded your company a BuyBoard® contract based on the above-referenced Proposal Invitation. The contract is effective for an initial one-year term of July 1, 2025 through June 30, 2026, and may be subject to two possible one-year renewals. Please refer to the Proposal Invitation for the contract documents, including the National Purchasing Cooperative Vendor Award Agreement and General Terms and Conditions of the Contract.

To review the items your company has been awarded, please review Proposal Tabulation No. 774-25 at www.buyboard.com/vendor. Only items marked as awarded to your company are included in this contract award, and only those awarded items may be sold through the BuyBoard contract. All sales must comply with the contract terms and must be at or below the awarded pricing as set forth in the General Terms and Conditions.

A list of National Cooperative members is available on the buyboard.com website. In addition, the BuyBoard Administrator's vendor relations staff is available to assist you in locating available BuyBoard informational resources and answering questions you may have as an awarded BuyBoard vendor.

On behalf of the National Cooperative, we are looking forward to your participation in the program. If you have any questions, feel free to contact me at bids@buyboard.com.

Sincerely,

Stacy Finn

PROPOSAL FORMS PART 1: COMPLIANCE FORMS

INSTRUCTIONS:

Proposer must review and complete all forms in this Proposal Forms Part 1:

- Proposal Acknowledgements
- Felony Conviction Disclosure
- Resident/Nonresident Certification
- Debarment Certification
- Vendor Employment Certification
- No Boycott Verification
- No Excluded Nation or Foreign Terrorist Organization Certification
- Historically Underutilized Business Certification
- Acknowledgement of BuyBoard Technical Requirements
- Construction-Related Goods and Services Affirmation
- Deviation and Compliance
- Vendor Consent for Name Brand Use
- Confidential/Proprietary Information
- EDGAR Vendor Certification
- Compliance Forms Signature Page

An authorized representative of Proposer *must initial in the bottom right corner of each page* where indicated and complete and sign the Compliance Forms Signature Page. Proposer's failure to fully complete, initial, and sign forms as required may result in your Proposal being rejected as non-responsive.

PROPOSAL ACKNOWLEDGEMENTS

The proposing company ("you" or "your") hereby acknowledges and agrees as follows:

1. You have carefully examined and understand all information and documentation associated with this Proposal Invitation, including the Instructions to Proposers, General Information, General Terms and Conditions, attachments/forms, appendices, item specifications, and line items (collectively "Requirements");
2. By your response ("Proposal") to this Proposal Invitation, you propose to supply the products or services submitted at the pricing quoted in your Proposal and in strict compliance with the Requirements, unless specific deviations or exceptions are noted in the Proposal;
3. By your Proposal, you acknowledge and certify all items set forth in the General Terms and Conditions, Section B.12 (Certifications), including all non-collusion certifications and certifications regarding legal, ethical, and other matters set forth therein.
4. Any and all deviations and exceptions to the Requirements have been noted in your Proposal on the required form and no others will be claimed;

Initial: _____

5. If the Cooperative accepts any part of your Proposal and awards you a Contract, you will furnish all awarded products or services at the pricing quoted and in strict compliance with the Requirements (unless specific deviations or exceptions are noted on the required form and accepted by the Cooperative), including without limitation the Requirements related to:
   a. conducting business with Cooperative members, including offering pricing to members that is the best you offer compared to similarly situated customers in similar circumstances;
   b. payment of a service fee in the amount specified and as provided for in this Proposal Invitation;
   c. the **possible** award of a piggy-back contract by the National Purchasing Cooperative or nonprofit entity, in which event you will offer the awarded products and services in accordance with the Requirements; and
   d. submitting price sheets or catalogs in the proper format as required by the Cooperative as a prerequisite to activation of your Contract;
6. You have clearly identified on the included form any information in your Proposal that you believe to be confidential or proprietary or that you do not consider to be public information subject to public disclosure under the Texas Public Information Act or similar public information law;
7. The individual submitting this Proposal is duly authorized to enter into the contractual relationship represented by this Proposal Invitation on your behalf and bind you to the Requirements, and such individual (and any individual signing a form or Proposal document) is authorized and has the requisite knowledge to provide the information and make the representations and certifications required in the Requirements;
8. You have carefully reviewed your Proposal, and certify that all information provided is true, complete, and accurate to the best of your knowledge, and you authorize the Cooperative to take such action as it deems appropriate to verify such information; and
9. Any misstatement, falsification, or omission in your Proposal, whenever or however discovered, will be grounds for disqualifying you from consideration for a contract award under this Proposal Invitation, termination of a contract award, or any other remedy or action provided for in the General Terms and Conditions or by law.

FELONY CONVICTION DISCLOSURE

Subsection (a) of Section 44.034 of the Texas Education Code (Notification of Criminal History of Contractor) states: "A person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony."

Section 44.034 further states in Subsection (b): "A school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

Please check (√) one of the following:

☐ My company is a publicly-held corporation. (Advance notice requirement does not apply to publicly-held corporation.)
☒ My company is not owned or operated by anyone who has been convicted of a felony.
☐ My company is owned/operated by the following individual(s) who has/have been convicted of a felony:

Name of Felon(s): _____

Details of Conviction(s): _____

_____

Initial: EG

RESIDENT/NONRESIDENT CERTIFICATION

Chapter 2252, Subchapter A, of the Texas Government Code establishes certain requirements applicable to proposers who are not Texas residents. Under the statute, a "resident" proposer is a person whose principal place of business is in Texas, including a contractor whose ultimate parent company or majority owner has its principal place of business in Texas. A "nonresident" proposer is a person who is not a Texas resident. Please indicate the status of your company as a "resident" proposer or a "nonresident" proposer under these definitions.

Please check (√) one of the following:

☒ I certify that my company is a **Resident Proposer.**
☐ I certify that my company is a **Nonresident Proposer.**

If your company is a Nonresident Proposer, you must provide the following information for your resident state (the state in which your company's principal place of business is located):

Company Name _____ Address _____

City _____ State _____ Zip Code _____

A. Does your resident state require a proposer whose principal place of business is in Texas to under-price proposers whose resident state is the same as yours by a prescribed amount or percentage to receive a comparable contract?

☐ Yes ☐ No

B. What is the prescribed amount or percentage? $_____ or _____%

DEBARMENT CERTIFICATION

By signature on the Compliance Forms Signature Page, I certify that neither my company nor an owner or principal of my company has been debarred, suspended or otherwise made ineligible for participation in Federal Assistance programs under Executive Order 12549, "Debarment and Suspension," as described in the Federal Register and Rules and Regulations. Neither my company nor an owner or principal of my company is currently listed on the government-wide exclusions in SAM, debarred, suspended, or otherwise excluded by agencies or declared ineligible under any statutory or regulatory authority. My company agrees to immediately notify the Cooperative and all Cooperative members with pending purchases or seeking to purchase from my company if my company or an owner or principal is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under any statutory or regulatory authority.

VENDOR EMPLOYMENT CERTIFICATION

Section 44.031(b) of the Texas Education Code establishes certain criteria that a school district must consider when determining to whom to award a contract. Among the criteria for certain contracts is whether the vendor or the vendor's ultimate parent or majority owner (i) has its principal place of business in Texas; or (ii) employs at least 500 people in Texas. If neither your company nor the ultimate parent company or majority owner has its principal place of business in Texas, does your company, ultimate parent company, or majority owner employ at least 500 people in Texas?

Please check (√) one of the following:

☐ Yes ☒ No

Initial: EG

NO BOYCOTT VERIFICATION

A Texas governmental entity may not enter into a contract with a value of $100,000 or more that is to be paid wholly or partly from public funds with a company (excluding a sole proprietorship) that has 10 or more full-time employees for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel and will not boycott Israel during the term of the contract (TEX. GOV'T CODE Ch. 2271), (2) does not boycott energy companies and will not boycott energy companies during the term of the contract (TEX. GOV'T CODE Ch. 2276), and (3) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of the contract against a firearm entity or firearm trade association (TEX. GOV'T CODE Ch. 2274). Accordingly, this certification form is included to the extent required by law.

"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. TEX. GOV'T CODE §808.001(1).

"Boycott energy company" means, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company: (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by Paragraph (A). TEX. GOV'T CODE §809.001(1).

"Discriminate against a firearm entity or firearm trade association" means, (A) with respect to the entity or association, to: (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association. TEX. GOV'T CODE §2274.001(3).

By signature on the Compliance Forms Signature Page, to the extent applicable, I certify and verify that Vendor does not boycott Israel, boycott energy companies, or discriminate against a firearm entity or firearm trade association and will not do so during the term of any contract awarded under this Proposal Invitation, that this certification is true, complete and accurate, and that I am authorized by my company to make this certification.

Initial: _EG_

NO EXCLUDED NATION OR FOREIGN TERRORIST ORGANIZATION CERTIFICATION

Chapter 2252 of the Texas Government Code provides that a Texas governmental entity may not enter into a contract with a company engaged in active business operations with Sudan, Iran, or a foreign terrorist organization – specifically, any company identified on a list prepared and maintained by the Texas Comptroller under Texas Government Code §§806.051, 807.051, or 2252.153. (A company that the U.S. Government affirmatively declares to be excluded from its federal sanctions regime relating to Sudan, Iran, or any federal sanctions regime relating to a foreign terrorist organization is not subject to the contract prohibition.)

By signature on the Compliance Forms Signature Page, I certify and verify that Vendor is not on the Texas Comptroller's list identified above; that this certification is true, complete and accurate; and that I am authorized by my company to make this certification.

HISTORICALLY UNDERUTILIZED BUSINESS CERTIFICATION

A Proposer that has been certified as a Historically Underutilized Business (also known as a Minority/Women Business Enterprise or "MWBE" and all referred to in this form as a "HUB") is encouraged to indicate its HUB certification status when responding to this Proposal Invitation. The BuyBoard website will indicate HUB certifications for awarded Vendors that properly indicate and document their HUB certification on this form. *(Please check (√) all that apply)*

☒ I certify that my company has been certified as a HUB in the following categories:

☒ **Minority Owned Business** ☐ **Women Owned Business**

☐ **Service-Disabled Veteran Owned Business (veteran defined by 38 U.S.C. §101(2), who has a service-connected disability as defined by 38 U.S.C. § 101(16), and who has a disability rating of 20% or more as determined by the U. S. Department of Veterans Affairs or Department of Defense)**

Certification Number: HS17797 (MBE)

Name of Certifying Agency: _____

☐ My company has **NOT** been certified as a HUB.

ACKNOWLEDGEMENT OF BUYBOARD TECHNICAL REQUIREMENTS

Vendor shall review the BuyBoard Technical Requirements included in this Proposal Invitation. By signature on the Compliance Forms Signature Page, the undersigned affirms that Proposer has obtained a copy of the BuyBoard Technical Requirements, has read and understands the requirements, and certifies that Vendor is able to meet and will comply with those requirements except as follows: *[List and explain BuyBoard Technical Requirements, if any, to which your company **cannot** or will **not** comply.]*

Note: In accordance with the General Terms and Conditions of the Contract, to the extent Vendor is awarded a Contract under this Proposal Invitation but is unable or unwilling to meet the applicable BuyBoard Technical Requirements, the information available on the BuyBoard for Vendor's awarded products or services may be limited, potentially placing Vendor at a disadvantage and impacting the ability of Cooperative members to search, find, review, and purchase Vendor's awarded products and services on the BuyBoard website. Further, to the extent Vendor has acknowledged ability to meet and comply with the BuyBoard Technical Requirements, any subsequent failure or refusal by Vendor to promptly provide information upon request to the Cooperative administrator in accordance with those technical requirements may be deemed an event of default under the Contract. **Initial:** EG

CONSTRUCTION-RELATED GOODS AND SERVICES AFFIRMATION

The Cooperative issued the BuyBoard Procurement and Construction-Related Goods and Services Advisory for Texas Members ("Advisory"), which provides information specifically relevant to the procurement of construction-related goods and services by Texas Cooperative members. The Advisory, available at buyboard.com/Vendor/Resources.aspx, provides an overview of certain legal requirements that are potentially relevant to a Cooperative member's procurement of construction or construction-related goods and services, including those for projects that may involve or require architecture, engineering or independent testing services. A copy of the Advisory can also be provided upon request. Because many BuyBoard contracts include goods or installation services that might be considered construction-related, Proposer must make this Construction Related-Goods and Services Affirmation regardless of type of goods or services associated with this Proposal Invitation.

A contract awarded under this Proposal Invitation covers only the specific goods and/or services awarded by the Cooperative. As explained in the Advisory ("Advisory"), **Texas law prohibits the procurement of architecture or engineering services through a purchasing cooperative. This Proposal Invitation and any Contract awarded thereunder does not include such services. Architecture or engineering services must be procured by a Cooperative member separately, in accordance with the Professional Services Procurement Act (Chapter 2254 of the Texas Government Code) and other applicable law and local policy.**

By signature on the Compliance Forms Signature Page, Proposer affirms that Proposer has obtained a copy of the Advisory, has read and understands the Advisory, and is authorized by Proposer to make this affirmation. If Proposer sells construction-related goods or services to a Cooperative member under a Contract awarded under this Proposal Invitation, Proposer will comply with the Advisory and applicable legal requirements, make a good faith effort to make its Cooperative member customers or potential Cooperative member customers aware of such requirements, and provide a Cooperative member with a copy of the Advisory before accepting the member's Purchase Order or other agreement for construction-related goods or services.

Initial: _EG_

DEVIATION AND COMPLIANCE

If your company intends to deviate from the General Terms and Conditions, Proposal Specifications or other requirements associated with this Proposal Invitation, you MUST list all such deviations on this form, and provide complete and detailed information regarding the deviations on this form or an attachment to this form. **Prior to completing this form, Vendor shall review the General Terms and Conditions section B.4 (Deviations from Item Specifications and General Terms and Conditions). Please note that, as provided in section B.4, certain provisions of the General Terms and Conditions are NOT subject to deviation, and certain deviations will be deemed rejected without further action by the Cooperative. Any attempted deviation, whether directly or indirectly, to provisions identified in this Proposal Invitation as not subject to deviation shall be deemed rejected by the Cooperative and, unless otherwise withdrawn by Vendor, may result in Vendor's Proposal being rejected in its entirety.**

The Cooperative will consider any deviations in its contract award decision and reserves the right to accept or reject a proposal based upon any submitted deviation.

In the absence of any deviation identified and described in accordance with the above, your company must fully comply with the General Terms and Conditions, Proposal Specifications and all other requirements associated with this Proposal Invitation if awarded a Contract under this Proposal Invitation. A deviation will not be effective unless accepted by the Cooperative. The Cooperative, by and through the Cooperative administrator, may, in its sole discretion, seek clarification from and/or communicate with Proposer(s) regarding any submitted deviation, consistent with general procurement principles of fair competition. The Cooperative reserves the right to accept or reject a Proposal based upon any submitted deviation.

Please check (√) one of the following:

☒ **No**; Deviations
☐ **Yes**; Deviations

List and fully explain any deviations you are submitting:

Initial: EG

VENDOR CONSENT FOR NAME BRAND USE

BuyBoard members seeking to make purchases using a Contract awarded under this Proposal Invitation may view information regarding awarded Vendors, including but not limited to product catalogs, pricelists, pricing, and Proposals, through the BuyBoard website. To improve and enhance the experience of BuyBoard members seeking to procure goods and services under the Contract utilizing the BuyBoard website, any Vendor logo, product images, and similar brand and trademark information provided by Vendor for purposes of the Contract ("Vendor Information") may be posted on the BuyBoard website.

You acknowledge that, by submitting your Proposal, unless you specifically opt out below, you consent to use of your company's Vendor Information on the BuyBoard website if awarded a Contract. You further acknowledge that whether, where, and when to include the Vendor Information on the BuyBoard website shall be at the sole discretion of the BuyBoard Administrator. Vendor retains, however, the right of general quality control over the BuyBoard Administrator's authorized display of proprietary Vendor Information. Neither the BuyBoard nor its administrator will be responsible for the use or distribution of Vendor Information by BuyBoard members or any other third party using the BuyBoard website. This Vendor Consent shall be effective for the full term of the Contract, including renewals, unless Vendor provides a signed, written notice revoking consent to contractadmin@buyboard.com. BuyBoard shall have up to thirty days from the date of receipt of a termination or revocation of a Vendor Consent to remove Vendor information from the BuyBoard website.

This Vendor Consent is subject to the Terms and Conditions of the Contract, including, but not limited to, those terms pertaining to Disclaimer of Warranty and Limitation of Liability, Indemnification, and Intellectual Property Infringement.

Vendor logo files must be submitted in one of the formats set forth in the BuyBoard Technical Requirements. Proposers are requested to submit this information with Vendor's Proposal. (This consent shall not authorize use of your company's Vendor Information by BuyBoard if your company is not awarded a Contract.)

OPT OUT:

If your company wishes to opt out of the Vendor Consent for Name Brand Use, you must check the opt out box below. *DO NOT select this box unless your company is opting out of this Vendor Consent for Name Brand Use.*

☐ By checking this box, Vendor hereby declines to provide consent for use of Vendor Information (as defined herein) on the BuyBoard website. **By opting out, Vendor acknowledges and agrees that, if Vendor is awarded a Contract under this Proposal Invitation, information available on the BuyBoard for Vendor's awarded products or services may be limited, potentially placing Vendor at a disadvantage and impacting the ability of Cooperative members to search, find, review, and purchase Vendor's awarded products and services on the BuyBoard website.**

Initial: EG

CONFIDENTIAL/PROPRIETARY INFORMATION

A. Public Disclosure Laws

All Proposals, forms, documentation, catalogs, pricelists, or other materials submitted by Vendor to the Cooperative in response to this Proposal Invitation, may be subject to the disclosure requirements of the Texas Public Information Act (Texas Government Code chapter 552.001, *et. seq.*) or similar disclosure law. Proposer must clearly identify on this form any information in its Proposal (including forms, documentation, or other materials submitted with the Proposal) that Proposer considers proprietary or confidential. If Proposer fails to properly identify the information, the Cooperative shall have no obligation to notify Vendor or seek protection of such information from public disclosure should a member of the public or other third party request access to the information under the Texas Public Information Act or similar disclosure law. When required by the Texas Public Information Act or other disclosure law, Proposer may be notified of any third-party request for information in a Proposal that Proposer has identified in this form as proprietary or confidential.

Does your Proposal (including forms, documentation, catalogs, pricelists, or other materials submitted with the Proposal) contain information which Vendor considers proprietary or confidential?

Please check (√) one of the following:

☐ **NO**, I certify that none of the information included with this Proposal is considered confidential or proprietary.

☐ **YES**, I certify that this Proposal contains information considered confidential or proprietary and all such information is specifically identified on this form.

If you responded "YES", you must clearly identify below the specific information you consider confidential or proprietary. List each page number, form number, or other information sufficient to make the information readily identifiable. The Cooperative and Cooperative administrator shall not be responsible for a Proposer's failure to clearly identify information considered confidential or proprietary. Further, by submitting a Proposal, Proposer acknowledges that the Cooperative and Cooperative administrator will disclose information when required by law, even if such information has been identified herein as information Vendor considers confidential or proprietary.

Confidential / Proprietary Information:

Please note that information submitted under sections 2.A and 2.B are considered proprietary

(Attach additional sheets if needed.)

Initial: EG

B. Copyright Information

Does your Proposal (including forms, documentation, pricelists, catalogs, or other materials submitted with the Proposal) contain copyright information?

Please check (√) one of the following:

☑ **NO,** Proposal (including forms, documentation, pricelists, catalogs, or other materials submitted with the Proposal) does not contain copyright information.

☐ **YES,** Proposal (including forms, documentation, pricelists, catalogs, or other materials submitted with the Proposal) does contain copyright information.

If you responded "YES", clearly identify below the specific documents or pages containing copyright information.

Copyright Information: _____

_____

_____

_____

(Attach additional sheets if needed.)

C. Consent to Release Confidential/Proprietary/Copyright Information to BuyBoard Members

BuyBoard members (Cooperative and nonprofit members) seeking to make purchases through the BuyBoard may wish to view information included in the Proposals of awarded Vendors. If you identified information on this form as confidential, proprietary, or subject to copyright, and you are awarded a BuyBoard contract, your acceptance of the BuyBoard contract award constitutes your consent to the disclosure of such information to BuyBoard members, including posting of such information on the secure BuyBoard website for members. Note: Neither the Cooperative nor Cooperative administrator will be responsible for the use or distribution of information by BuyBoard members or any other party.

D. Consent to Release Proposal Tabulation

Notwithstanding anything in this Confidential/Proprietary Information form to the contrary, by submitting a Proposal, Vendor consents and agrees that, upon Contract award, the Cooperative may publicly release, including posting on the public BuyBoard website, a copy of the proposal tabulation and award information for the Contract including Vendor name; proposed catalog/pricelist name(s); proposed percentage discount(s), hourly labor rate(s), or other specified pricing; and Vendor award or non-award information.

EDGAR VENDOR CERTIFICATION
(2 CFR Part 200 and Appendix II)

When a Cooperative member seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "Uniform Guidance" or new "EDGAR"). All Vendors submitting a Proposal must complete this EDGAR Certification Form regarding Vendor's willingness and ability to comply with certain requirements which ***may*** be applicable to specific Cooperative member purchases using federal grant funds. Completed forms will be made available to Cooperative members for their use while considering their purchasing options when using federal grant funds. Cooperative members may also require Vendors to enter into ancillary agreements, in addition to the terms and conditions of the BuyBoard contract, to address the member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

For <u>each</u> of the items below, Vendor should certify Vendor's agreement and ability to comply, where applicable, by having Vendor's authorized representative check the applicable boxes, initial each page, and sign the Compliance Forms Signature Page. If you fail to complete any item in this form, the Cooperative will consider and may list the Vendor's response on the BuyBoard as "NO," the Vendor is unable or unwilling to comply. A "NO" response to any of the items may, if applicable, impact the ability of a Cooperative member to purchase from the Vendor using federal funds.

1. Vendor Violation or Breach of Contract Terms:

Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Provisions regarding Vendor default are included in the BuyBoard General Terms and Conditions, including Section E.18, Remedies for Default and Termination of Contract. Any Contract award will be subject to such BuyBoard General Terms and Conditions, as well as any additional terms and conditions in any Purchase Order or Cooperative member ancillary contract agreed upon by Vendor and the Cooperative member which must be consistent with and protect the Cooperative member at least to the same extent as the BuyBoard Terms and Conditions. The remedies under the Contract are in addition to any other remedies that may be available under law or in equity. By submitting a Proposal, you agree to these Vendor violation and breach of contract terms.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

2. Termination for Cause or Convenience:

For any Cooperative member purchase or contract in excess of $10,000 made using federal funds, you agree that the following term and condition shall apply:

The Cooperative member may terminate or cancel any Purchase Order under this Contract at any time, with or without cause, by providing seven (7) business days advance written notice to the Vendor. If this Agreement is terminated in accordance with this Paragraph, the Cooperative member shall only be required to pay Vendor for goods or services delivered to the Cooperative member prior to the termination and not otherwise returned in accordance with Vendor's return policy. If the Cooperative member has paid Vendor for goods or services not yet provided as of the date of termination, Vendor shall immediately refund such payment(s).

If an alternate provision for termination of a Cooperative member purchase for cause and convenience, including the manner by which it will be effected and the basis for settlement, is included in the Cooperative member's Purchase Order or ancillary agreement agreed to by the Vendor, the Cooperative member's provision shall control.

☑ **YES**, I agree. ☐ **NO**, I do not agree. **Initial:** EG

3. Equal Employment Opportunity:

Except as otherwise provided under 41 CFR Part 60, all Cooperative member purchases or contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Vendor agrees that such provision applies to any Cooperative member purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and Vendor agrees that it shall comply with such provision.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

4. Davis-Bacon Act:

When required by Federal program legislation, Vendor agrees that, for all Cooperative member prime construction contracts/purchases in excess of $2,000, Vendor shall comply with the Davis-Bacon Act (40 USC 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, Vendor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determinate made by the Secretary of Labor. In addition, Vendor shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at www.sam.gov. Vendor agrees that, for any purchase to which this requirement applies, the award of the purchase to the Vendor is conditioned upon Vendor's acceptance of the wage determination.

Vendor further agrees that it shall also comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

5. Contract Work Hours and Safety Standards Act:

Where applicable, for all Cooperative member contracts or purchases in excess of $100,000 that involve the employment of mechanics or laborers, Vendor agrees to comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 USC 3702 of the Act, Vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.

The requirements of 40 USC 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

Initial: EG

6. Right to Inventions Made Under a Contract or Agreement:

If the Cooperative member's Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Vendor agrees to comply with the above requirements when applicable.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

7. Clean Air Act and Federal Water Pollution Control Act:

Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act (33 USC 1251-1387), as amended – Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 USC 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

When required, Vendor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

8. Debarment and Suspension:

Debarment and Suspension (Executive Orders 12549 and 12689) – A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Vendor certifies that Vendor is not currently listed on the government-wide exclusions in SAM, is not debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor further agrees to immediately notify the Cooperative and all Cooperative members with pending purchases or seeking to purchase from Vendor if Vendor is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

9. Byrd Anti-Lobbying Amendment:

Byrd Anti-Lobbying Amendment (31 USC 1352) - Vendors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 USC 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. As applicable, Vendor agrees to file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352).

☑ **YES**, I agree. ☐ **NO**, I do not agree.

Initial: EG

10. Procurement of Recovered Materials:

For Cooperative member purchases utilizing Federal funds, Vendor agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a Cooperative member may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

11. Domestic Preferences for Procurements:

Where appropriate and consistent with law, 2 CFR §200.322 contains certain considerations for domestic preferences for procurements which may be applicable to Cooperative members using federal funds. When required by a Cooperative member, Vendor agrees to provide such information or certification as may reasonably be requested by the Cooperative member regarding Vendor's products, including whether goods, products, or materials are produced in the United States.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

12. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

2 CFR §200.216 prohibits expending federal loan or grant funds to procure or obtain covered telecommunications equipment or services. To the extent applicable and when required by a Cooperative member, Vendor agrees to provide such information or certification as may reasonably be requested by the Cooperative member to confirm whether any telecommunications equipment or services provided by Vendor is covered telecommunications equipment or services under 2 CFR §200.216.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

13. General Compliance and Cooperation with Cooperative Members:

In addition to the foregoing specific requirements, Vendor agrees, in accepting any Purchase Order from a Cooperative member, it shall make a good faith effort to work with Cooperative members to provide such information and to satisfy such requirements as may apply to a particular Cooperative member purchase or purchases including, but not limited to, applicable recordkeeping and record retention requirements.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

PROPOSAL FORMS PART 2: VENDOR INFORMATION FORMS

INSTRUCTIONS:

Proposer must completely and accurately provide all information requested in the following Vendor Information Forms or your Proposal may be rejected as non-responsive:

- Vendor Business Name
- Vendor Contact Information
- Federal and State/Purchasing Cooperative Experience
- Governmental References
- Company Profile
- Texas Regional Service Designation
- State Service Designation
- National Purchasing Cooperative Vendor Award Agreement *(Vendors serving outside Texas only)*
- Local/Authorized Seller Listings
- Manufacturer Dealer Designation
- Proposal Invitation Questionnaire

To the extent any information requested is not applicable to your company, you must so indicate on the form.

VENDOR BUSINESS NAME

By submitting a Proposal, Vendor is seeking to enter into a legal contract with the Cooperative. As such, Vendor must be an individual or legal business entity capable of entering into a binding contract.

Name of Proposing Company:

Octagon Staffing, LLC

*(List the **legal** name of the company seeking to contract with the Cooperative. Do **NOT** list an assumed name, dba, aka, etc. here. Such information may be provided below. If you are submitting a joint proposal with another entity to provide the same proposed goods or services, each submitting entity should complete a separate vendor information form. Separately operating legal business entities, even if affiliated entities, which propose to provide goods or services separately must submit their own Proposals.)*

Please check (√) one of the following:

Type of Business: ☐ Individual/Sole Proprietor ☐ Corporation ☑ Limited Liability Company ☐ Partnership

☐ Other (Specify: _____)

State of Incorporation (if applicable): Texas

Federal Employer Identification Number: 85-4371071
*(Vendor must include a completed **IRS W-9** form with their Proposal)*

Name by which Vendor, if awarded, wishes to be identified on the BuyBoard: *(Note: If different than the Name of Proposing Company listed above, only valid trade names (dba, aka, etc.) of the Proposing Company may be used and a copy of your Assumed Name Certificate(s), if applicable, must be attached.)* _____

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Octagon Staffing, LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . **P**

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) _____

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

2327 Commerce St., Suite 100B

Requester's name and address (optional)

6 City, state, and ZIP code

Houston, Texas 77002

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

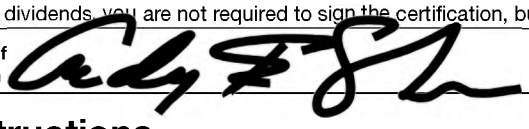
Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number



8	5	–	4	3	7	1	0	7	1

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here Signature of U.S. person  Date January 1, 2025

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

VENDOR CONTACT INFORMATION

Vendor shall provide the requested Vendor Contact Information in the electronic proposal submission system including contract, purchase order, RFQ, and invoice contacts (or, if submitting a hard copy Proposal, timely request and complete the Vendor Contact Information form in accordance with the Instructions to Proposers).

FEDERAL AND STATE/PURCHASING COOPERATIVE EXPERIENCE

The Cooperative strives to provide Cooperative members with the best services and products at the best prices available from Vendors with the technical resources and ability to serve Cooperative members. Please respond to the following questions.

1. Provide the dollar value of sales to or through purchasing cooperatives at or based on an established catalog or market price during the previous 12-month period or the last fiscal year: $_____. (The period of the 12-month period is _____/_____). In the event that a dollar value is not an appropriate measure of the sales, provide and describe your own measure of the sales of the item(s).
2. By submitting a proposal, you agree that, based on your written discounting policies, the discounts you offer the Cooperative are equal to or better than the best price you offer other purchasing cooperatives for the same items under equivalent circumstances.
3. Provide the information requested below for other purchasing cooperatives for which Proposer currently serves, or in the past has served, as an awarded vendor. Rows should be added to accommodate as many purchasing cooperatives as required.

5.	Third Coast Terminals	Paul Glenn, VP of Human Resources		pglenn@thirdcoast.com	N/A	

Do you ever modify your written policies or standard governmental sales practices as identified in the above chart to give better discounts (lower pricing) than indicated? **YES** ☐ **NO** ☑ If YES, please explain:

COMPANY PROFILE

Information on awarded Cooperative Contracts is available to Cooperative Members on the BuyBoard website. If your company is awarded a Contract under this Proposal Invitation, please provide a brief company description that you would like to have included with your company profile on the BuyBoard website. **Submit your company profile in a separate file, in Word format, with your Proposal.** (Note: Vendor is solely responsible for any content provided for inclusion on the BuyBoard website. The Cooperative reserves the right to exclude or remove any content in its sole discretion, with or without prior notice, including but not limited to any content deemed by the Cooperative to be inappropriate, irrelevant to the Contract, inaccurate, or misleading.)

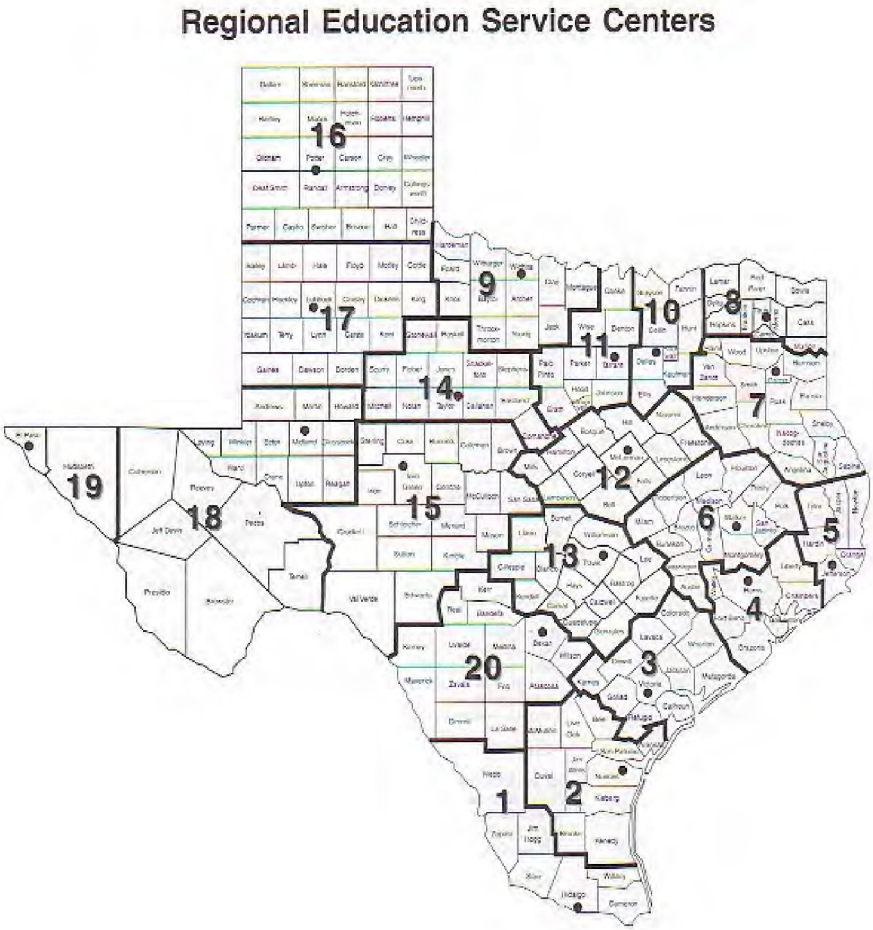
Octagon Staffing is a nationwide full-service staffing firm that provides contract, temp-to-hire, direct hire, contingent workforce, peak period, and project staffing or recruitment process outsourcing services across several occupational categories to produce performance-driven employees.

We are passionate about our clients. By leveraging our collective genius, we listen to our clients' needs, learn how we can add value and launch a solution tailored for success in the following areas:

- Talent Search & Management
- Recruitment Process Outsourcing
- Talent Recruitment & Selection
- Performance & Partnerships

Differentiators

We utilize "high touch" and "high-tech" recruitment strategies to foster key relationships in the recruitment lifecycle. Our customizable implementation designs allow primary thinking for recruitment goals.



Clients see Octagon as more of a business partner than a vendor, partly because we use the most advanced technology possible for the delivery of service. Qualified, involved and with a robust outlook, our consultants bring a premium experience to each engagement. Our internal standard to provide outstanding services that exceeds client's expectations is reflected through our unique approach and personal touch. Octagon truly understands the importance of supplying our clients with a diverse and qualified group of professionals.

Our goal is assisting our clients in creating a blueprint for success within their workforce.

TEXAS REGIONAL SERVICE DESIGNATION

This form must be completed in the electronic proposal submission system (or, if submitting a hard copy Proposal, timely request and complete the form in accordance with the Instructions to Proposers).

The Cooperative (referred to as "Texas Cooperative" in this form and in the State Service Designation form) offers vendors the opportunity to service its members throughout the entire State of Texas. In the electronic proposal submission system, you must indicate if you will service Texas Cooperative members statewide or, if you do not plan to service all Texas Cooperative members statewide, you ***must*** indicate the specific regions you will service. If you propose to serve different regions for different products or services included in your Proposal, you must complete and submit a separate Texas Regional Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. **(Additional forms can be obtained by contacting** bids@buyboard.com *at least five (5) business days prior to the Proposal Due Date.*) ***By designating a region or regions, you are certifying that you are authorized and willing to provide the proposed products and services in those regions. Designating regions in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.*** Additionally, if you do not plan to service Texas Cooperative members (i.e., if you will service only states other than Texas), *you must so indicate on the form in the electronic proposal submission system.*

NATIONAL PURCHASING COOPERATIVE VENDOR AWARD AGREEMENT

In accordance with the Terms and Conditions associated with this Proposal Invitation, a contract awarded under this Proposal Invitation may be "piggy-backed" by another governmental entity. The National Purchasing Cooperative is an intergovernmental purchasing cooperative formed by certain school districts outside of Texas to serve its members throughout the United States. If you agree to be considered for a piggy-back award by the National Purchasing Cooperative, you agree to the following terms and agree to serve National Purchasing Cooperative members in the states you have indicated on the State Service Designation form, in your Proposal.

By signing this form, Proposer (referred to in this Agreement as "Vendor") agrees as follows:

1. Vendor acknowledges that if The Local Government Purchasing Cooperative ("Texas Cooperative") awards Vendor a contract under this Proposal Invitation ("Underlying Award"), the National Purchasing Cooperative ("National Cooperative") may - but is not required to - "piggy-back" on or re-award all or a portion of that Underlying Award ("Piggy-Back Award"). By signing this National Cooperative Vendor Award Agreement ("Agreement"), Vendor accepts and agrees to be bound by any such Piggy-Back Award as provided for herein.

2. In the event National Cooperative awards Vendor a Piggy-Back Award, the National Cooperative Administrator ("BuyBoard Administrator") will notify Vendor in writing of such Piggy-Back Award, which award shall commence on the effective date stated in the Notice and end on the expiration date of the Underlying Award, subject to annual renewals as authorized in writing by the BuyBoard Administrator. Vendor agrees that no further signature or other action is required of Vendor in order for the Piggy-Back Award and this Agreement to be binding upon Vendor. Vendor further agrees that no interlineations or changes to this Agreement by Vendor will be binding on National Cooperative, unless such changes are agreed to by its BuyBoard Administrator in writing.

3. Vendor agrees that it shall offer its goods and services to National Cooperative members at the same pricing and same general terms and conditions, subject to applicable state laws in the state of purchase, as required by the Underlying Award. However, nothing in this Agreement prevents Vendor from offering National Cooperative members better (i.e., lower) competitive pricing and more favorable terms and conditions than those in the Underlying Award.

4. Vendor hereby agrees and confirms that it will serve those states it has designated on the State Service Designation Form of this Proposal Invitation. Any changes to the states designated on the State Service Designation Form must be approved in writing by the BuyBoard Administrator.

5. Vendor agrees to pay National Cooperative the service fee provided for in the Underlying Award based on the amount of purchases generated from National Cooperative members through the Piggy-Back Award. Vendor shall remit payment to National Cooperative on such schedule as it specifies (which shall not be more often than monthly). Further, upon request, Vendor shall provide National Cooperative with copies of all purchase orders generated from National Cooperative members, vendor invoices, and/or such other documentation regarding those purchase orders as the Cooperative's administrators may require in their reasonable discretion for purposes of reviewing and verifying purchase activity. Vendor further agrees that National Cooperative shall have the right, upon reasonable written notice, to review Vendor's records pertaining to purchases made by National Cooperative members in order to verify the accuracy of service fees.

6. Vendor agrees that the Underlying Award, including its General Terms and Conditions, are adopted by reference to the fullest extent such provisions can reasonably apply to the post-proposal/contract award phase. The rights and responsibilities that would ordinarily inure to the Texas Cooperative pursuant to the Underlying Award shall inure to National Cooperative; and, conversely, the rights and responsibilities that would ordinarily inure to Vendor in the Underlying Award shall inure to Vendor in this Agreement. Vendor recognizes and agrees that Vendor and National Cooperative are the only parties to this Agreement, and that nothing in this Agreement has application to other third parties, including the Texas Cooperative. In the event of conflict between this Agreement and the terms of the Underlying Award, the terms of this Agreement shall control, and then only to the extent necessary to reconcile the conflict.

7. This Agreement shall be governed and construed in accordance with the laws of the State of Texas and venue for any dispute shall lie in the federal district court of Travis County, Texas.

8. Vendor acknowledges and agrees that the award of a Piggy-Back Award is within the sole discretion of National Cooperative, and that this Agreement does not take effect unless and until National Cooperative awards Vendor a Piggy-Back Award and the BuyBoard Administrator notifies Vendor in writing of such Piggy-Back Award as provided for herein.

WHEREFORE, by signing below Vendor agrees to the foregoing and warrants that it has the authority to enter into this Agreement.

PROPOSAL INVITATION QUESTIONNAIRE

The Cooperative will use your responses to the questions below in evaluating your Proposal and technical and financial resources to provide the goods and perform the services ("Work") under the BuyBoard contract contemplated by this Proposal Invitation ("Contract"). Proposers must fully answer each question, numbering your responses to correspond to the questions/numbers below. Proposers must complete below or attach your responses to this questionnaire and submit in one document with your Proposal. **You must submit the questionnaire and responses with your Proposal or the Proposal will not be considered.**

1. List the number of years Proposer has been in business and former business names (if applicable). Note whether your company is currently for sale or involved in any transaction that would significantly alter its business or result in acquisition by another entity.

6 years, 7 months

2. Describe the resources Proposer has to manage staff and successfully perform the Work contemplated under this Contract. State the number and summarize the experience of company personnel who may be utilized for the Work, including those who will be available to Cooperative members for assistance with project development, technical issues, and product selection for Work associated with this Contract.

Octagon dedicates each client with an account manager who is available around the clock for services with a designate group of recruiters. Octagon's team combined has over 30 years of experience in this scope of work.

3. **Marketing Strategy:** For your Proposal to be considered, you must submit the Marketing Strategy you will use if the Cooperative accepts all or part of your Proposal. *(Example: Explain how your company will initially inform Cooperative members of your BuyBoard Contract, and how you will continue to support the BuyBoard for the duration of the Contract term.)* Attach additional pages if necessary.

Please see attached.

4. Describe Proposer's financial capability to perform the Contract. State or describe the firm's financial strength and rating, bonding capacity, and insurance coverage limits. State whether the firm, or any of the firm's past or present owners, principal shareholders or stockholders, or officers, have been a debtor party to a bankruptcy, receivership, or insolvency proceeding in the last 7 years, and identify any such debtor party by name and relationship to or position with your firm.

5. Does your company have any outstanding financial judgments and/or is it currently in default on any loan or financing agreement? If so, provide detailed information on the nature of such items and prospects for resolution.

No

6. List all contracts, if any, in the last 10 years on which Proposer has defaulted, failed to complete or deliver the work, or that have been terminated for any reason. For each such contract, provide the project name, scope, value and date and the name of the procuring entity. Fully explain the circumstances of the default, failure to complete or deliver the work, or termination.

None

7. List all litigation or other legal proceedings (including arbitration proceedings), if any, in the last 10 years brought against your firm, or any of the firm's past or present owners, principal shareholders or stockholders, officers, agents or employees, that relate to or arise from a contract similar to this Contract or the Work contemplated under this Contract. Provide the style of the lawsuit or proceeding (name of parties and court or tribunal in which filed), nature of the claim, and resolution or current status.

N/A

58. Pricing is to be provided for key personnel or any other parameters.

Response: Proposal Invitation is a request for a discount off of catalog or price list for vendors that specialize in providing temporary personnel staffing services and workforce management programs.

59. Please elaborate with an example on how to provide the information mentioned in Page 38 under PROPOSAL SPECIFICATION SUMMARY.

Response: See response to question #57 above.

Please sign and return one copy of this Addendum with your proposal as verification of your receipt and compliance with the information contained in this Addendum.

REQUIRED-In PDF format, upload W-9 form. (DO NOT password protect uploaded files.)

Bid Attributes

1	**Federal Identification Number** Federal Identification Number 85-4371071
2	**No Boycott Verification/No Excluded Nation or Foreign Terrorist Organization Certification/Historically Underutilized Business Certification** No Boycott Verification/No Excluded Nation or Foreign Terrorist Organization Certification/Historically Underutilized Business Certification

3 No Boycott Certification

A Texas governmental entity may not enter into a contract with a value of $100,000 or more that is to be paid wholly or partly from public funds with a company (excluding a sole proprietorship) that has 10 or more full-time employees for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel and will not boycott Israel during the term of the contract (TEX. GOV'T CODE Ch. 2271), (2) does not boycott energy companies and will not boycott energy companies during the term of the contract (TEX. GOV'T CODE Ch. 2276), and (3) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of the contract against a firearm entity or firearm trade association (TEX. GOV'T CODE Ch. 2274). Accordingly, this certification form is included to the extent required by law.
"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. TEX. GOV'T CODE §808.001(1).

"Boycott energy company" means, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company: (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by Paragraph (A). TEX. GOV'T CODE §809.001(1).

"Discriminate against a firearm entity or firearm trade association" means, (A) with respect to the entity or association, to: (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association. TEX. GOV'T CODE §2274.001(3).

By signature on the Compliance Forms Signature Page, to the extent applicable, I certify and verify that Vendor does not boycott Israel, boycott energy companies, or discriminate against a firearm entity or firearm trade association and will not do so during the term of any contract awarded under this Proposal Invitation, that this certification is true, complete and accurate, and that I am authorized by my company to make this certification.

Yes

4 No Excluded Nation or Foreign Terrorist Organization Certification

Chapter 2252 of the Texas Government Code provides that a Texas governmental entity may not enter into a contract with a company engaged in active business operations with Sudan, Iran, or a foreign terrorist organization – specifically, any company identified on a list prepared and maintained by the Texas Comptroller under Texas Government Code §§806.051, 807.051, or 2252.153. (A company that the U.S. Government affirmatively declares to be excluded from its federal sanctions regime relating to Sudan, Iran, or any federal sanctions regime relating to a foreign terrorist organization is not subject to the contract prohibition.)

By signature on the Compliance Forms Signature Page, I certify and verify that Vendor is not on the Texas Comptroller's list identified above; that this certification is true, complete and accurate; and that I am authorized by my company to make this certification.

Yes

5	**Historically Underutilized Business Certification** A Proposer that has been certified as a Historically Underutilized Business (also known as a Minority/Women Business Enterprise or "MWBE" and all referred to in this form as a "HUB") is encouraged to indicate its HUB certification status when responding to this Proposal Invitation. The BuyBoard website will indicate HUB certifications for awarded Vendors that properly indicate and document their HUB certification on this form. **I certify that my company has been certified as a MWBE/HUB in the following categories**: *(Please check all that apply)*
6	**Minority Owned Business** Minority Owned Business ☑ Minority Owned Business
7	**Women Owned Business** Women Owned Business ☐ *Women Owned Business*
8	**Service-Disabled Veteran Owned Business** Service-Disabled Veteran Owned Business (veteran defined by 38 U.S.C. §101(2), who has a service-connected disability as defined by 38 U.S.C. § 101(16), and who has a disability rating of 20% or more as determined by the U. S. Department of Veterans Affairs or Department of Defense) ☐ *Service-Disabled Veteran Owned Business*
9	**Certification Number** Certification Number HS17797
10	**Name of Certifying Agency** Certifying Agency National Minority Supplier Development Council
11	**Non-MWBE/HUB** My company has NOT been certified as a MWBE/HUB ☐ *Non-HUB*

80 **Texas Regional Service Designation**

Texas Regional Service Designation - Refer to Form in Proposal Invitation

The Cooperative (referred to as "Texas Cooperative" in this form and in the State Service Designation form) offers vendors the opportunity to service its members throughout the entire State of Texas. If you do not plan to service all Texas Cooperative members statewide, you **must** indicate the specific regions you will service on this form. If you propose to serve different regions for different products or services included in your Proposal, you must complete and submit a separate Texas Regional Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. ***By designating a region or regions, you are certifying that you are authorized and willing to provide the proposed products and services in those regions. Designating regions in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.*** Additionally, if you do not plan to service Texas Cooperative members (i.e., if you will service only states other than Texas), you must so indicate on this form.

81 **Company Name**

Company Name

Octagon Staffing, LLC

82 **Texas Regional Service Designation**

Select only one of the following options. If you select **"I will NOT serve all Regions of Texas",** you must then check the individual Regions you wish to serve.

I will serve all Regions of Texas

83 **Region 1**

Region 1 - Edinburg

☑ Region 1

100	**Region 18** Region 18 - Midland ☑ Region 18

101 **Region 19**

Region 19 - El Paso

☑ Region 19

102 **Region 20**

Region 20 - San Antonio

☑ Region 20

103 **State Service Designation**

State Service Designation - Refer to Form in Proposal Invitation.

As set forth in the Proposal Invitation, it is the Cooperative's intent that other governmental entities in the United States have the opportunity to purchase goods or services awarded under the Contract, subject to applicable state law, through a piggy-back award or similar agreement through the National Purchasing Cooperative BuyBoard. If you plan to service the entire United States or only specific states, you must complete this form accordingly. *(Note: If you plan to service Texas Cooperative members, be sure that you complete the Texas Regional Service Designation form.)* ***In addition to this form, to be considered for a piggy-back award by the National Purchasing Cooperative, you must have an authorized representative sign the National Purchasing Cooperative Vendor Award Agreement that follows this form.***

If you serve different states for different products or services included in your Proposal, you must complete and submit a separate State Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. *By designating a state or states, you are certifying that you are authorized and willing to provide the proposed products and services in those states. Designating states in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.*

104 **Company Name**

Company Name

Octagon Staffing, LLC

105 **State Service Designation**

Exhibit C

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

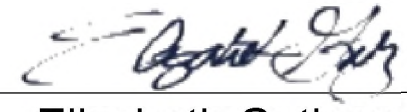
If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:



1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1034 E Levee Street, City Plaza, 1st Floor, Brownsville, TX 78520
Email: City.Secretary@brownsvilletx.gov
Phone: (956) 548-6042

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

Octagon Staffing. LLC

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

N/A

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☒ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☒ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

EXHIBIT "D"

INSURANCE

Contractor shall obtain and maintain insurance coverage as agreed in paragraph 7 of the City of Brownsville Contract Agreement and ensure that coverage with the parameters contained herein remains in full force at all times during the contract period as follows:

1. **Workers' Compensation and Employers' Liability Insurance**

   Minimum Limits Consistent with Texas Worker's Compensation Act (Section 401):

   1. $100,000 bodily injury each accident
   2. $500,000 bodily injury by disease policy limit
   3. $100,000 Bodily injury by disease each employee

   Any firm performing work for or on behalf of the City of Brownsville must provide Workers' Compensation insurance.

2. **Commercial General Liability Insurance**

   Covering premises-operations, products-completed operations, independent Contractors and contractual liability, with a combined single limit bodily injury/property damage of $1,000,000. This coverage must include, but not be limited to:

   1. Coverage for the liability assumed by the Contractor under the indemnity provision of the contract.
   2. Coverage for Premises/Operations
   3. Products/Completed Operations
   4. Broad Form Contractual Liability
   5. Independent Contractors

3. **Automobile Liability Insurance**

   Covering all owned, hired and non-owned automobile equipment with the following Limits:

   1. Bodily injury

      $250,000 each person,

      $500,000 each occurrence

   2. Property damage

      $100,000 each occurrence

Exhibit E

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed in accordance with TEC requirements.

PROCUREMENT ANALYSIS

Date: Friday, August 21, 2026
To: Mr. John Cowen Jr., City Mayor
From: Mr. Alan Guard, City Manager
CC: Mr. Damian Espinoza, Procurement Director
Mrs. Perla Cepeda, Chief People Officer

Agenda Title:
Agenda Item for the City Commission meeting of Tuesday, September 1, 2026.
"Consideration and **ACTION** to Authorize a Contract with Octagon Staffing, LLC in an amount not to exceed $1,000,000 for Contract No. 355-26-ODHR-CP, for an initial term of nine (9) months, with the option to extend for up to three (3) additional months. (Organizational Development and Human Resources Department).

Executive Summary:

- Department: Organizational Development and Human Resources Department
- Exemption Type: Cooperative Purchase Exemption
    - Cooperative Entity: BuyBoard
- Contract Number: 355-26-ODHR-CP
- Vendor: Octagon Staffing, LLC
- Contract Amount: Not to exceed $1,000,000
- Term: Initial nine (9) months, with the option to extend for up to three (3) additional months, not to exceed twelve (12) months or September 30, 2027, whichever occurs first.

Background:
The Organizational Development and Human Resources Department identified the need to procure temporary staffing services. The proposed agreement will commence upon approval by the City Commission or its designee and will continue for an initial period of nine (9) months, with the option to extend for up to three (3) additional months. In no event shall the agreement exceed twelve (12) months or extend beyond September 30, 2027, whichever occurs first. This term will allow the Department sufficient time to finalize the Request for Proposals (RFP) process for temporary staffing services and transition to a longer-term contract.

Exemption Justification:
Authorized use of contracts competitively solicited and awarded by another governmental entity or cooperative organization in compliance with Texas Local Government Code §271.102.

Procurement has verified that Octagon Staffing LLC is an actively awarded vendor under BuyBoard Contract #774-25: Temporary Personnel Staffing and Workforce Management Services. The BuyBoard Cooperative contract is included as **Exhibit B.**

Vendor Information:
Octagon Staffing, LLC.
2327 Commerce St. Suite 100B, Houston, TX 77002
Point of Contact: Elizabeth Gutierrez, Account Manager
Phone/Email: (281) 962-8020 | Elizabeth@octagonhr.com

Exhibits & Supporting Documents:

- Exhibit A – Vendor Proposal: Scope of Services and Compensation/Fees
- Exhibit B – BuyBoard Cooperative Contract #774-25
- Exhibit C – Acknowledged Form 1295

Recommendation:
The Procurement Department recommends that the City Commission authorize a contract with **Octagon Staffing LLC.** under the Cooperative exemption provided by Texas Local Gov't Code §271.102, in a total amount not to exceed **$1,000,000** for an initial term of nine (9) months, with the option to extend for up to three (3) additional months, not to exceed twelve (12) months or September 30, 2027, whichever occurs first.

Approval of this agenda item will authorize the full contract value, including the extension option. The City Manager will be authorized to execute the extension if exercised.

Re: Temporary Personnel Staffing and Workforce Management Services
BuyBoard Contract 774-25

The Local Government Purchasing Cooperative (BuyBoard) awarded your company a contract under Temporary Personnel Staffing and Workforce Management Services, Contract 774-25 effective July 1, 2025 through June 30, 2026, with two possible one-year renewals. At this time the BuyBoard is renewing your contract through June 30, 2027.

All discounts, terms, and conditions of your contract will remain the same. If you agree to this renewal, there is nothing you need to do. However, if you do not agree to this renewal, you must notify me via email at contractadmin@buyboard.com prior to the start of the renewal term.

Reminder: Once a BuyBoard contract is awarded, vendors must generate a minimum of $15,000 annually or they may not be offered a contract renewal.

If you have questions or comments concerning this renewal, please contact me as soon as possible at contractadmin@buyboard.com . We appreciate your interest in The Local Government Purchasing Cooperative.

Sincerely,

Jim Tulberg

Welcome to BuyBoard!

Re: *Notice of The Local Government Purchasing Cooperative Contract Award;* Proposal Invitation No. 774-25, Temporary Personnel Staffing and Workforce Management Services

Congratulations, The Local Government Purchasing Cooperative (Cooperative) has awarded your company a BuyBoard® contract based on the above-referenced Proposal Invitation. The contract is effective for an initial one-year term of Juky 1, 2025 through June 30, 2026, and may be subject to two possible one-year renewals. Please refer to the Proposal Invitation for the contract documents, including the General Terms and Conditions of the Contract.

To review the items your company has been awarded, please review Proposal Tabulation No. 774-25 at: www.buyboard.com/vendor. Only items marked as awarded to your company are included in this contract award, and only those awarded items may be sold through the BuyBoard contract. All sales must comply with the contract terms and must be at or below the awarded pricing as set forth in the General Terms and Conditions.

A list of Cooperative members is available on the buyboard.com website. In addition, the BuyBoard Administrator's vendor relations staff is available to assist you in locating available BuyBoard informational resources and answering questions you may have as an awarded BuyBoard vendor.

On behalf of the Cooperative, we appreciate your interest in the Cooperative and we are looking forward to your participation in the program. If you have any questions, feel free to contact me at bids@buyboard.com.

Sincerely,

Stacy Finn

Welcome to BuyBoard!

Re: *Notice of National Purchasing Cooperative Award;* Proposal Invitation No. 774-25, Temporary Personnel Staffing and Workforce Management Services

Congratulations, The National Purchasing Cooperative (National Cooperative) has awarded your company a BuyBoard® contract based on the above-referenced Proposal Invitation. The contract is effective for an initial one-year term of July 1, 2025 through June 30, 2026, and may be subject to two possible one-year renewals. Please refer to the Proposal Invitation for the contract documents, including the National Purchasing Cooperative Vendor Award Agreement and General Terms and Conditions of the Contract.

To review the items your company has been awarded, please review Proposal Tabulation No. 774-25 at www.buyboard.com/vendor. Only items marked as awarded to your company are included in this contract award, and only those awarded items may be sold through the BuyBoard contract. All sales must comply with the contract terms and must be at or below the awarded pricing as set forth in the General Terms and Conditions.

A list of National Cooperative members is available on the buyboard.com website. In addition, the BuyBoard Administrator's vendor relations staff is available to assist you in locating available BuyBoard informational resources and answering questions you may have as an awarded BuyBoard vendor.

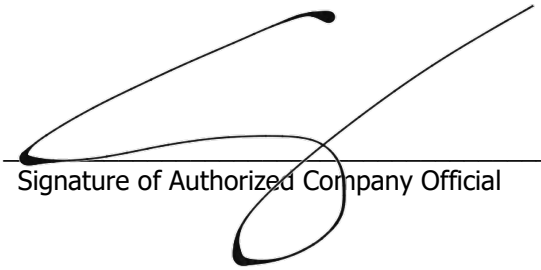
On behalf of the National Cooperative, we are looking forward to your participation in the program. If you have any questions, feel free to contact me at bids@buyboard.com.

Sincerely,

Stacy Finn, Bid Analyst
Texas Association of School Boards, Inc.,
Administrator for the National Purchasing Cooperative

v.01.03.2025

PROPOSER'S ACCEPTANCE AND AGREEMENT



Proposal Invitation Name Temporary Personnel Staffing and Workforce Management Services	**Proposal Due Date/Opening Date and Time** January 30, 2025, at 4:00 PM
Proposal Invitation Number 774-25	**Location of Proposal Opening** Texas Association of School Boards, Inc. BuyBoard Department 12007 Research Blvd. Austin, TX 78759
Contract Term July 1, 2025, through June 30, 2026, with two possible one-year renewals.	**Anticipated Cooperative Board Meeting Date** April 2025

By signature below, the undersigned acknowledges and agrees that you are authorized to submit this Proposal, including making all acknowledgements, consents, and certifications herein, on behalf of Proposer and, to the best of your knowledge, the information provided is true, accurate, and complete.

PROPOSAL FORMS PART 1: COMPLIANCE FORMS

INSTRUCTIONS:

Proposer must review and complete all forms in this Proposal Forms Part 1:

- Proposal Acknowledgements
- Felony Conviction Disclosure
- Resident/Nonresident Certification
- Debarment Certification
- Vendor Employment Certification
- No Boycott Verification
- No Excluded Nation or Foreign Terrorist Organization Certification
- Historically Underutilized Business Certification
- Acknowledgement of BuyBoard Technical Requirements
- Construction-Related Goods and Services Affirmation
- Deviation and Compliance
- Vendor Consent for Name Brand Use
- Confidential/Proprietary Information
- EDGAR Vendor Certification
- Compliance Forms Signature Page

An authorized representative of Proposer *must initial in the bottom right corner of each page* where indicated and complete and sign the Compliance Forms Signature Page. Proposer's failure to fully complete, initial, and sign forms as required may result in your Proposal being rejected as non-responsive.

PROPOSAL ACKNOWLEDGEMENTS

The proposing company ("you" or "your") hereby acknowledges and agrees as follows:

1. You have carefully examined and understand all information and documentation associated with this Proposal Invitation, including the Instructions to Proposers, General Information, General Terms and Conditions, attachments/forms, appendices, item specifications, and line items (collectively "Requirements");
2. By your response ("Proposal") to this Proposal Invitation, you propose to supply the products or services submitted at the pricing quoted in your Proposal and in strict compliance with the Requirements, unless specific deviations or exceptions are noted in the Proposal;
3. By your Proposal, you acknowledge and certify all items set forth in the General Terms and Conditions, Section B.12 (Certifications), including all non-collusion certifications and certifications regarding legal, ethical, and other matters set forth therein.
4. Any and all deviations and exceptions to the Requirements have been noted in your Proposal on the required form and no others will be claimed;

Initial: _____

5. If the Cooperative accepts any part of your Proposal and awards you a Contract, you will furnish all awarded products or services at the pricing quoted and in strict compliance with the Requirements (unless specific deviations or exceptions are noted on the required form and accepted by the Cooperative), including without limitation the Requirements related to:
   a. conducting business with Cooperative members, including offering pricing to members that is the best you offer compared to similarly situated customers in similar circumstances;
   b. payment of a service fee in the amount specified and as provided for in this Proposal Invitation;
   c. the **possible** award of a piggy-back contract by the National Purchasing Cooperative or nonprofit entity, in which event you will offer the awarded products and services in accordance with the Requirements; and
   d. submitting price sheets or catalogs in the proper format as required by the Cooperative as a prerequisite to activation of your Contract;
6. You have clearly identified on the included form any information in your Proposal that you believe to be confidential or proprietary or that you do not consider to be public information subject to public disclosure under the Texas Public Information Act or similar public information law;
7. The individual submitting this Proposal is duly authorized to enter into the contractual relationship represented by this Proposal Invitation on your behalf and bind you to the Requirements, and such individual (and any individual signing a form or Proposal document) is authorized and has the requisite knowledge to provide the information and make the representations and certifications required in the Requirements;
8. You have carefully reviewed your Proposal, and certify that all information provided is true, complete, and accurate to the best of your knowledge, and you authorize the Cooperative to take such action as it deems appropriate to verify such information; and
9. Any misstatement, falsification, or omission in your Proposal, whenever or however discovered, will be grounds for disqualifying you from consideration for a contract award under this Proposal Invitation, termination of a contract award, or any other remedy or action provided for in the General Terms and Conditions or by law.

FELONY CONVICTION DISCLOSURE

Subsection (a) of Section 44.034 of the Texas Education Code (Notification of Criminal History of Contractor) states: "A person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony."

Section 44.034 further states in Subsection (b): "A school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

Please check (√) one of the following:

☐ My company is a publicly-held corporation. (Advance notice requirement does not apply to publicly-held corporation.)
☒ My company is not owned or operated by anyone who has been convicted of a felony.
☐ My company is owned/operated by the following individual(s) who has/have been convicted of a felony:

Name of Felon(s): _____

Details of Conviction(s): _____

_____

Initial: EG

RESIDENT/NONRESIDENT CERTIFICATION

Chapter 2252, Subchapter A, of the Texas Government Code establishes certain requirements applicable to proposers who are not Texas residents. Under the statute, a "resident" proposer is a person whose principal place of business is in Texas, including a contractor whose ultimate parent company or majority owner has its principal place of business in Texas. A "nonresident" proposer is a person who is not a Texas resident. Please indicate the status of your company as a "resident" proposer or a "nonresident" proposer under these definitions.

Please check (√) one of the following:

☒ I certify that my company is a **Resident Proposer.**
☐ I certify that my company is a **Nonresident Proposer.**

If your company is a Nonresident Proposer, you must provide the following information for your resident state (the state in which your company's principal place of business is located):

Company Name _____ Address _____

City _____ State _____ Zip Code _____

A. Does your resident state require a proposer whose principal place of business is in Texas to under-price proposers whose resident state is the same as yours by a prescribed amount or percentage to receive a comparable contract?

☐ Yes ☐ No

B. What is the prescribed amount or percentage? $_____ or _____%

DEBARMENT CERTIFICATION

By signature on the Compliance Forms Signature Page, I certify that neither my company nor an owner or principal of my company has been debarred, suspended or otherwise made ineligible for participation in Federal Assistance programs under Executive Order 12549, "Debarment and Suspension," as described in the Federal Register and Rules and Regulations. Neither my company nor an owner or principal of my company is currently listed on the government-wide exclusions in SAM, debarred, suspended, or otherwise excluded by agencies or declared ineligible under any statutory or regulatory authority. My company agrees to immediately notify the Cooperative and all Cooperative members with pending purchases or seeking to purchase from my company if my company or an owner or principal is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under any statutory or regulatory authority.

VENDOR EMPLOYMENT CERTIFICATION

Section 44.031(b) of the Texas Education Code establishes certain criteria that a school district must consider when determining to whom to award a contract. Among the criteria for certain contracts is whether the vendor or the vendor's ultimate parent or majority owner (i) has its principal place of business in Texas; or (ii) employs at least 500 people in Texas. If neither your company nor the ultimate parent company or majority owner has its principal place of business in Texas, does your company, ultimate parent company, or majority owner employ at least 500 people in Texas?

Please check (√) one of the following:

☐ Yes ☒ No

Initial: EG

NO BOYCOTT VERIFICATION

A Texas governmental entity may not enter into a contract with a value of $100,000 or more that is to be paid wholly or partly from public funds with a company (excluding a sole proprietorship) that has 10 or more full-time employees for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel and will not boycott Israel during the term of the contract (TEX. GOV'T CODE Ch. 2271), (2) does not boycott energy companies and will not boycott energy companies during the term of the contract (TEX. GOV'T CODE Ch. 2276), and (3) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of the contract against a firearm entity or firearm trade association (TEX. GOV'T CODE Ch. 2274). Accordingly, this certification form is included to the extent required by law.

"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. TEX. GOV'T CODE §808.001(1).

"Boycott energy company" means, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company: (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by Paragraph (A). TEX. GOV'T CODE §809.001(1).

"Discriminate against a firearm entity or firearm trade association" means, (A) with respect to the entity or association, to: (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association. TEX. GOV'T CODE §2274.001(3).

By signature on the Compliance Forms Signature Page, to the extent applicable, I certify and verify that Vendor does not boycott Israel, boycott energy companies, or discriminate against a firearm entity or firearm trade association and will not do so during the term of any contract awarded under this Proposal Invitation, that this certification is true, complete and accurate, and that I am authorized by my company to make this certification.

Initial: _EG_

NO EXCLUDED NATION OR FOREIGN TERRORIST ORGANIZATION CERTIFICATION

Chapter 2252 of the Texas Government Code provides that a Texas governmental entity may not enter into a contract with a company engaged in active business operations with Sudan, Iran, or a foreign terrorist organization – specifically, any company identified on a list prepared and maintained by the Texas Comptroller under Texas Government Code §§806.051, 807.051, or 2252.153. (A company that the U.S. Government affirmatively declares to be excluded from its federal sanctions regime relating to Sudan, Iran, or any federal sanctions regime relating to a foreign terrorist organization is not subject to the contract prohibition.)

By signature on the Compliance Forms Signature Page, I certify and verify that Vendor is not on the Texas Comptroller's list identified above; that this certification is true, complete and accurate; and that I am authorized by my company to make this certification.

HISTORICALLY UNDERUTILIZED BUSINESS CERTIFICATION

A Proposer that has been certified as a Historically Underutilized Business (also known as a Minority/Women Business Enterprise or "MWBE" and all referred to in this form as a "HUB") is encouraged to indicate its HUB certification status when responding to this Proposal Invitation. The BuyBoard website will indicate HUB certifications for awarded Vendors that properly indicate and document their HUB certification on this form. *(Please check (√) all that apply)*

☒ I certify that my company has been certified as a HUB in the following categories:

☒ **Minority Owned Business** ☐ **Women Owned Business**

☐ **Service-Disabled Veteran Owned Business (veteran defined by 38 U.S.C. §101(2), who has a service-connected disability as defined by 38 U.S.C. § 101(16), and who has a disability rating of 20% or more as determined by the U. S. Department of Veterans Affairs or Department of Defense)**

Certification Number: HS17797 (MBE)_____

Name of Certifying Agency: _____

☐ My company has **NOT** been certified as a HUB.

ACKNOWLEDGEMENT OF BUYBOARD TECHNICAL REQUIREMENTS

Vendor shall review the BuyBoard Technical Requirements included in this Proposal Invitation. By signature on the Compliance Forms Signature Page, the undersigned affirms that Proposer has obtained a copy of the BuyBoard Technical Requirements, has read and understands the requirements, and certifies that Vendor is able to meet and will comply with those requirements except as follows: *[List and explain BuyBoard Technical Requirements, if any, to which your company **cannot** or will **not** comply.]*

Note: In accordance with the General Terms and Conditions of the Contract, to the extent Vendor is awarded a Contract under this Proposal Invitation but is unable or unwilling to meet the applicable BuyBoard Technical Requirements, the information available on the BuyBoard for Vendor's awarded products or services may be limited, potentially placing Vendor at a disadvantage and impacting the ability of Cooperative members to search, find, review, and purchase Vendor's awarded products and services on the BuyBoard website. Further, to the extent Vendor has acknowledged ability to meet and comply with the BuyBoard Technical Requirements, any subsequent failure or refusal by Vendor to promptly provide information upon request to the Cooperative administrator in accordance with those technical requirements may be deemed an event of default under the Contract. **Initial:** EG

CONSTRUCTION-RELATED GOODS AND SERVICES AFFIRMATION

The Cooperative issued the BuyBoard Procurement and Construction-Related Goods and Services Advisory for Texas Members ("Advisory"), which provides information specifically relevant to the procurement of construction-related goods and services by Texas Cooperative members. The Advisory, available at buyboard.com/Vendor/Resources.aspx, provides an overview of certain legal requirements that are potentially relevant to a Cooperative member's procurement of construction or construction-related goods and services, including those for projects that may involve or require architecture, engineering or independent testing services. A copy of the Advisory can also be provided upon request. Because many BuyBoard contracts include goods or installation services that might be considered construction-related, Proposer must make this Construction Related-Goods and Services Affirmation regardless of type of goods or services associated with this Proposal Invitation.

A contract awarded under this Proposal Invitation covers only the specific goods and/or services awarded by the Cooperative. As explained in the Advisory ("Advisory"), **Texas law prohibits the procurement of architecture or engineering services through a purchasing cooperative. This Proposal Invitation and any Contract awarded thereunder does not include such services. Architecture or engineering services must be procured by a Cooperative member separately, in accordance with the Professional Services Procurement Act (Chapter 2254 of the Texas Government Code) and other applicable law and local policy.**

By signature on the Compliance Forms Signature Page, Proposer affirms that Proposer has obtained a copy of the Advisory, has read and understands the Advisory, and is authorized by Proposer to make this affirmation. If Proposer sells construction-related goods or services to a Cooperative member under a Contract awarded under this Proposal Invitation, Proposer will comply with the Advisory and applicable legal requirements, make a good faith effort to make its Cooperative member customers or potential Cooperative member customers aware of such requirements, and provide a Cooperative member with a copy of the Advisory before accepting the member's Purchase Order or other agreement for construction-related goods or services.

Initial: _EG_

DEVIATION AND COMPLIANCE

If your company intends to deviate from the General Terms and Conditions, Proposal Specifications or other requirements associated with this Proposal Invitation, you MUST list all such deviations on this form, and provide complete and detailed information regarding the deviations on this form or an attachment to this form. **Prior to completing this form, Vendor shall review the General Terms and Conditions section B.4 (Deviations from Item Specifications and General Terms and Conditions). Please note that, as provided in section B.4, certain provisions of the General Terms and Conditions are NOT subject to deviation, and certain deviations will be deemed rejected without further action by the Cooperative. Any attempted deviation, whether directly or indirectly, to provisions identified in this Proposal Invitation as not subject to deviation shall be deemed rejected by the Cooperative and, unless otherwise withdrawn by Vendor, may result in Vendor's Proposal being rejected in its entirety.**

The Cooperative will consider any deviations in its contract award decision and reserves the right to accept or reject a proposal based upon any submitted deviation.

In the absence of any deviation identified and described in accordance with the above, your company must fully comply with the General Terms and Conditions, Proposal Specifications and all other requirements associated with this Proposal Invitation if awarded a Contract under this Proposal Invitation. A deviation will not be effective unless accepted by the Cooperative. The Cooperative, by and through the Cooperative administrator, may, in its sole discretion, seek clarification from and/or communicate with Proposer(s) regarding any submitted deviation, consistent with general procurement principles of fair competition. The Cooperative reserves the right to accept or reject a Proposal based upon any submitted deviation.

Please check (√) one of the following:

☒ **No**; Deviations
☐ **Yes**; Deviations

List and fully explain any deviations you are submitting:

VENDOR CONSENT FOR NAME BRAND USE

BuyBoard members seeking to make purchases using a Contract awarded under this Proposal Invitation may view information regarding awarded Vendors, including but not limited to product catalogs, pricelists, pricing, and Proposals, through the BuyBoard website. To improve and enhance the experience of BuyBoard members seeking to procure goods and services under the Contract utilizing the BuyBoard website, any Vendor logo, product images, and similar brand and trademark information provided by Vendor for purposes of the Contract ("Vendor Information") may be posted on the BuyBoard website.

You acknowledge that, by submitting your Proposal, unless you specifically opt out below, you consent to use of your company's Vendor Information on the BuyBoard website if awarded a Contract. You further acknowledge that whether, where, and when to include the Vendor Information on the BuyBoard website shall be at the sole discretion of the BuyBoard Administrator. Vendor retains, however, the right of general quality control over the BuyBoard Administrator's authorized display of proprietary Vendor Information. Neither the BuyBoard nor its administrator will be responsible for the use or distribution of Vendor Information by BuyBoard members or any other third party using the BuyBoard website. This Vendor Consent shall be effective for the full term of the Contract, including renewals, unless Vendor provides a signed, written notice revoking consent to contractadmin@buyboard.com. BuyBoard shall have up to thirty days from the date of receipt of a termination or revocation of a Vendor Consent to remove Vendor information from the BuyBoard website.

This Vendor Consent is subject to the Terms and Conditions of the Contract, including, but not limited to, those terms pertaining to Disclaimer of Warranty and Limitation of Liability, Indemnification, and Intellectual Property Infringement.

Vendor logo files must be submitted in one of the formats set forth in the BuyBoard Technical Requirements. Proposers are requested to submit this information with Vendor's Proposal. (This consent shall not authorize use of your company's Vendor Information by BuyBoard if your company is not awarded a Contract.)

OPT OUT:

If your company wishes to opt out of the Vendor Consent for Name Brand Use, you must check the opt out box below. *DO NOT select this box unless your company is opting out of this Vendor Consent for Name Brand Use.*

☐ By checking this box, Vendor hereby declines to provide consent for use of Vendor Information (as defined herein) on the BuyBoard website. **By opting out, Vendor acknowledges and agrees that, if Vendor is awarded a Contract under this Proposal Invitation, information available on the BuyBoard for Vendor's awarded products or services may be limited, potentially placing Vendor at a disadvantage and impacting the ability of Cooperative members to search, find, review, and purchase Vendor's awarded products and services on the BuyBoard website.**

Initial: EG

CONFIDENTIAL/PROPRIETARY INFORMATION

A. Public Disclosure Laws

All Proposals, forms, documentation, catalogs, pricelists, or other materials submitted by Vendor to the Cooperative in response to this Proposal Invitation, may be subject to the disclosure requirements of the Texas Public Information Act (Texas Government Code chapter 552.001, *et. seq.*) or similar disclosure law. Proposer must clearly identify on this form any information in its Proposal (including forms, documentation, or other materials submitted with the Proposal) that Proposer considers proprietary or confidential. If Proposer fails to properly identify the information, the Cooperative shall have no obligation to notify Vendor or seek protection of such information from public disclosure should a member of the public or other third party request access to the information under the Texas Public Information Act or similar disclosure law. When required by the Texas Public Information Act or other disclosure law, Proposer may be notified of any third-party request for information in a Proposal that Proposer has identified in this form as proprietary or confidential.

Does your Proposal (including forms, documentation, catalogs, pricelists, or other materials submitted with the Proposal) contain information which Vendor considers proprietary or confidential?

Please check (√) one of the following:

☐ **NO,** I certify that none of the information included with this Proposal is considered confidential or proprietary.

☐ **YES,** I certify that this Proposal contains information considered confidential or proprietary and all such information is specifically identified on this form.

If you responded "YES", you must clearly identify below the specific information you consider confidential or proprietary. List each page number, form number, or other information sufficient to make the information readily identifiable. The Cooperative and Cooperative administrator shall not be responsible for a Proposer's failure to clearly identify information considered confidential or proprietary. Further, by submitting a Proposal, Proposer acknowledges that the Cooperative and Cooperative administrator will disclose information when required by law, even if such information has been identified herein as information Vendor considers confidential or proprietary.

Confidential / Proprietary Information:

Please note that information submitted under sections 2.A and 2.B are considered proprietary

(Attach additional sheets if needed.)

Initial: EG

B. Copyright Information

Does your Proposal (including forms, documentation, pricelists, catalogs, or other materials submitted with the Proposal) contain copyright information?

Please check (√) one of the following:

☑ **NO,** Proposal (including forms, documentation, pricelists, catalogs, or other materials submitted with the Proposal) does not contain copyright information.

☐ **YES,** Proposal (including forms, documentation, pricelists, catalogs, or other materials submitted with the Proposal) does contain copyright information.

If you responded "YES", clearly identify below the specific documents or pages containing copyright information.

Copyright Information: _____

C. Consent to Release Confidential/Proprietary/Copyright Information to BuyBoard Members

BuyBoard members (Cooperative and nonprofit members) seeking to make purchases through the BuyBoard may wish to view information included in the Proposals of awarded Vendors. If you identified information on this form as confidential, proprietary, or subject to copyright, and you are awarded a BuyBoard contract, your acceptance of the BuyBoard contract award constitutes your consent to the disclosure of such information to BuyBoard members, including posting of such information on the secure BuyBoard website for members. Note: Neither the Cooperative nor Cooperative administrator will be responsible for the use or distribution of information by BuyBoard members or any other party.

D. Consent to Release Proposal Tabulation

Notwithstanding anything in this Confidential/Proprietary Information form to the contrary, by submitting a Proposal, Vendor consents and agrees that, upon Contract award, the Cooperative may publicly release, including posting on the public BuyBoard website, a copy of the proposal tabulation and award information for the Contract including Vendor name; proposed catalog/pricelist name(s); proposed percentage discount(s), hourly labor rate(s), or other specified pricing; and Vendor award or non-award information.

Initial: EG

EDGAR VENDOR CERTIFICATION
(2 CFR Part 200 and Appendix II)

When a Cooperative member seeks to procure goods and services using funds under a federal grant or contract, specific federal laws, regulations, and requirements may apply in addition to those under state law. This includes, but is not limited to, the procurement standards of the Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards, 2 CFR 200 (sometimes referred to as the "Uniform Guidance" or new "EDGAR"). All Vendors submitting a Proposal must complete this EDGAR Certification Form regarding Vendor's willingness and ability to comply with certain requirements which ***may*** be applicable to specific Cooperative member purchases using federal grant funds. Completed forms will be made available to Cooperative members for their use while considering their purchasing options when using federal grant funds. Cooperative members may also require Vendors to enter into ancillary agreements, in addition to the terms and conditions of the BuyBoard contract, to address the member's specific contractual needs, including contract requirements for a procurement using federal grants or contracts.

For <u>each</u> of the items below, Vendor should certify Vendor's agreement and ability to comply, where applicable, by having Vendor's authorized representative check the applicable boxes, initial each page, and sign the Compliance Forms Signature Page. If you fail to complete any item in this form, the Cooperative will consider and may list the Vendor's response on the BuyBoard as "NO," the Vendor is unable or unwilling to comply. A "NO" response to any of the items may, if applicable, impact the ability of a Cooperative member to purchase from the Vendor using federal funds.

1. Vendor Violation or Breach of Contract Terms:

Contracts for more than the simplified acquisition threshold, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Provisions regarding Vendor default are included in the BuyBoard General Terms and Conditions, including Section E.18, Remedies for Default and Termination of Contract. Any Contract award will be subject to such BuyBoard General Terms and Conditions, as well as any additional terms and conditions in any Purchase Order or Cooperative member ancillary contract agreed upon by Vendor and the Cooperative member which must be consistent with and protect the Cooperative member at least to the same extent as the BuyBoard Terms and Conditions. The remedies under the Contract are in addition to any other remedies that may be available under law or in equity. By submitting a Proposal, you agree to these Vendor violation and breach of contract terms.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

2. Termination for Cause or Convenience:

For any Cooperative member purchase or contract in excess of $10,000 made using federal funds, you agree that the following term and condition shall apply:

The Cooperative member may terminate or cancel any Purchase Order under this Contract at any time, with or without cause, by providing seven (7) business days advance written notice to the Vendor. If this Agreement is terminated in accordance with this Paragraph, the Cooperative member shall only be required to pay Vendor for goods or services delivered to the Cooperative member prior to the termination and not otherwise returned in accordance with Vendor's return policy. If the Cooperative member has paid Vendor for goods or services not yet provided as of the date of termination, Vendor shall immediately refund such payment(s).

If an alternate provision for termination of a Cooperative member purchase for cause and convenience, including the manner by which it will be effected and the basis for settlement, is included in the Cooperative member's Purchase Order or ancillary agreement agreed to by the Vendor, the Cooperative member's provision shall control.

☑ **YES**, I agree. ☐ **NO**, I do not agree. **Initial:** EG

3. Equal Employment Opportunity:

Except as otherwise provided under 41 CFR Part 60, all Cooperative member purchases or contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 shall be deemed to include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR Part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

The equal opportunity clause provided under 41 CFR 60-1.4(b) is hereby incorporated by reference. Vendor agrees that such provision applies to any Cooperative member purchase or contract that meets the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 and Vendor agrees that it shall comply with such provision.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

4. Davis-Bacon Act:

When required by Federal program legislation, Vendor agrees that, for all Cooperative member prime construction contracts/purchases in excess of $2,000, Vendor shall comply with the Davis-Bacon Act (40 USC 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, Vendor is required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determinate made by the Secretary of Labor. In addition, Vendor shall pay wages not less than once a week.

Current prevailing wage determinations issued by the Department of Labor are available at www.sam.gov. Vendor agrees that, for any purchase to which this requirement applies, the award of the purchase to the Vendor is conditioned upon Vendor's acceptance of the wage determination.

Vendor further agrees that it shall also comply with the Copeland "Anti-Kickback" Act (40 USC 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

5. Contract Work Hours and Safety Standards Act:

Where applicable, for all Cooperative member contracts or purchases in excess of $100,000 that involve the employment of mechanics or laborers, Vendor agrees to comply with 40 USC 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 USC 3702 of the Act, Vendor is required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week.

The requirements of 40 USC 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

Initial: EG

6. Right to Inventions Made Under a Contract or Agreement:

If the Cooperative member's Federal award meets the definition of "funding agreement" under 37 CFR 401.2(a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance or experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.

Vendor agrees to comply with the above requirements when applicable.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

7. Clean Air Act and Federal Water Pollution Control Act:

Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act (33 USC 1251-1387), as amended – Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 USC 7401-7671q.) and the Federal Water Pollution Control Act, as amended (33 USC 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).

When required, Vendor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act and the Federal Water Pollution Control Act.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

8. Debarment and Suspension:

Debarment and Suspension (Executive Orders 12549 and 12689) – A contract award (see 2 CFR 180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR 180 that implement Executive Orders 12549 (3 CFR Part 1966 Comp. p. 189) and 12689 (3 CFR Part 1989 Comp. p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Vendor certifies that Vendor is not currently listed on the government-wide exclusions in SAM, is not debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549. Vendor further agrees to immediately notify the Cooperative and all Cooperative members with pending purchases or seeking to purchase from Vendor if Vendor is later listed on the government-wide exclusions in SAM, or is debarred, suspended, or otherwise excluded by agencies or declared ineligible under statutory or regulatory authority other than Executive Order 12549.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

9. Byrd Anti-Lobbying Amendment:

Byrd Anti-Lobbying Amendment (31 USC 1352) - Vendors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 USC 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. As applicable, Vendor agrees to file all certifications and disclosures required by, and otherwise comply with, the Byrd Anti-Lobbying Amendment (31 USC 1352).

☑ **YES**, I agree. ☐ **NO**, I do not agree.

Initial: EG

10. Procurement of Recovered Materials:

For Cooperative member purchases utilizing Federal funds, Vendor agrees to comply with Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act where applicable and provide such information and certifications as a Cooperative member may require to confirm estimates and otherwise comply. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery, and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

11. Domestic Preferences for Procurements:

Where appropriate and consistent with law, 2 CFR §200.322 contains certain considerations for domestic preferences for procurements which may be applicable to Cooperative members using federal funds. When required by a Cooperative member, Vendor agrees to provide such information or certification as may reasonably be requested by the Cooperative member regarding Vendor's products, including whether goods, products, or materials are produced in the United States.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

12. Prohibition on Certain Telecommunications and Video Surveillance Services or Equipment

2 CFR §200.216 prohibits expending federal loan or grant funds to procure or obtain covered telecommunications equipment or services. To the extent applicable and when required by a Cooperative member, Vendor agrees to provide such information or certification as may reasonably be requested by the Cooperative member to confirm whether any telecommunications equipment or services provided by Vendor is covered telecommunications equipment or services under 2 CFR §200.216.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

13. General Compliance and Cooperation with Cooperative Members:

In addition to the foregoing specific requirements, Vendor agrees, in accepting any Purchase Order from a Cooperative member, it shall make a good faith effort to work with Cooperative members to provide such information and to satisfy such requirements as may apply to a particular Cooperative member purchase or purchases including, but not limited to, applicable recordkeeping and record retention requirements.

☑ **YES**, I agree. ☐ **NO**, I do not agree.

PROPOSAL FORMS PART 2: VENDOR INFORMATION FORMS

INSTRUCTIONS:

Proposer must completely and accurately provide all information requested in the following Vendor Information Forms or your Proposal may be rejected as non-responsive:

- Vendor Business Name
- Vendor Contact Information
- Federal and State/Purchasing Cooperative Experience
- Governmental References
- Company Profile
- Texas Regional Service Designation
- State Service Designation
- National Purchasing Cooperative Vendor Award Agreement *(Vendors serving outside Texas only)*
- Local/Authorized Seller Listings
- Manufacturer Dealer Designation
- Proposal Invitation Questionnaire

To the extent any information requested is not applicable to your company, you must so indicate on the form.

VENDOR BUSINESS NAME

By submitting a Proposal, Vendor is seeking to enter into a legal contract with the Cooperative. As such, Vendor must be an individual or legal business entity capable of entering into a binding contract.

Name of Proposing Company:

Octagon Staffing, LLC

*(List the **legal** name of the company seeking to contract with the Cooperative. Do **NOT** list an assumed name, dba, aka, etc. here. Such information may be provided below. If you are submitting a joint proposal with another entity to provide the same proposed goods or services, each submitting entity should complete a separate vendor information form. Separately operating legal business entities, even if affiliated entities, which propose to provide goods or services separately must submit their own Proposals.)*

Please check (√) one of the following:

Type of Business: ☐ Individual/Sole Proprietor ☐ Corporation ☑ Limited Liability Company ☐ Partnership

☐ Other (Specify: _____)

State of Incorporation (if applicable): Texas

Federal Employer Identification Number: 85-4371071
*(Vendor must include a completed **IRS W-9** form with their Proposal)*

Name by which Vendor, if awarded, wishes to be identified on the BuyBoard: *(Note: If different than the Name of Proposing Company listed above, only valid trade names (dba, aka, etc.) of the Proposing Company may be used and a copy of your Assumed Name Certificate(s), if applicable, must be attached.)* _____

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

Octagon Staffing, LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . **P**

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions) _____

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any) _____

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any) _____

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

2327 Commerce St., Suite 100B

6 City, state, and ZIP code

Houston, Texas 77002

Requester's name and address (optional)

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

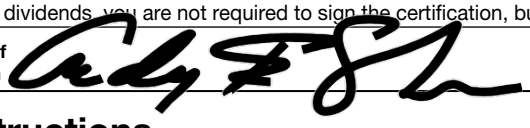
Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number



8	5	–	4	3	7	1	0	7	1

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person**  **Date** January 1, 2025

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

VENDOR CONTACT INFORMATION

Vendor shall provide the requested Vendor Contact Information in the electronic proposal submission system including contract, purchase order, RFQ, and invoice contacts (or, if submitting a hard copy Proposal, timely request and complete the Vendor Contact Information form in accordance with the Instructions to Proposers).

FEDERAL AND STATE/PURCHASING COOPERATIVE EXPERIENCE

The Cooperative strives to provide Cooperative members with the best services and products at the best prices available from Vendors with the technical resources and ability to serve Cooperative members. Please respond to the following questions.

1. Provide the dollar value of sales to or through purchasing cooperatives at or based on an established catalog or market price during the previous 12-month period or the last fiscal year: $_____. (The period of the 12-month period is _____/_____). In the event that a dollar value is not an appropriate measure of the sales, provide and describe your own measure of the sales of the item(s).
2. By submitting a proposal, you agree that, based on your written discounting policies, the discounts you offer the Cooperative are equal to or better than the best price you offer other purchasing cooperatives for the same items under equivalent circumstances.
3. Provide the information requested below for other purchasing cooperatives for which Proposer currently serves, or in the past has served, as an awarded vendor. Rows should be added to accommodate as many purchasing cooperatives as required.

_____

COMPANY PROFILE

Information on awarded Cooperative Contracts is available to Cooperative Members on the BuyBoard website. If your company is awarded a Contract under this Proposal Invitation, please provide a brief company description that you would like to have included with your company profile on the BuyBoard website. **Submit your company profile in a separate file, in Word format, with your Proposal**. (Note: Vendor is solely responsible for any content provided for inclusion on the BuyBoard website. The Cooperative reserves the right to exclude or remove any content in its sole discretion, with or without prior notice, including but not limited to any content deemed by the Cooperative to be inappropriate, irrelevant to the Contract, inaccurate, or misleading.)

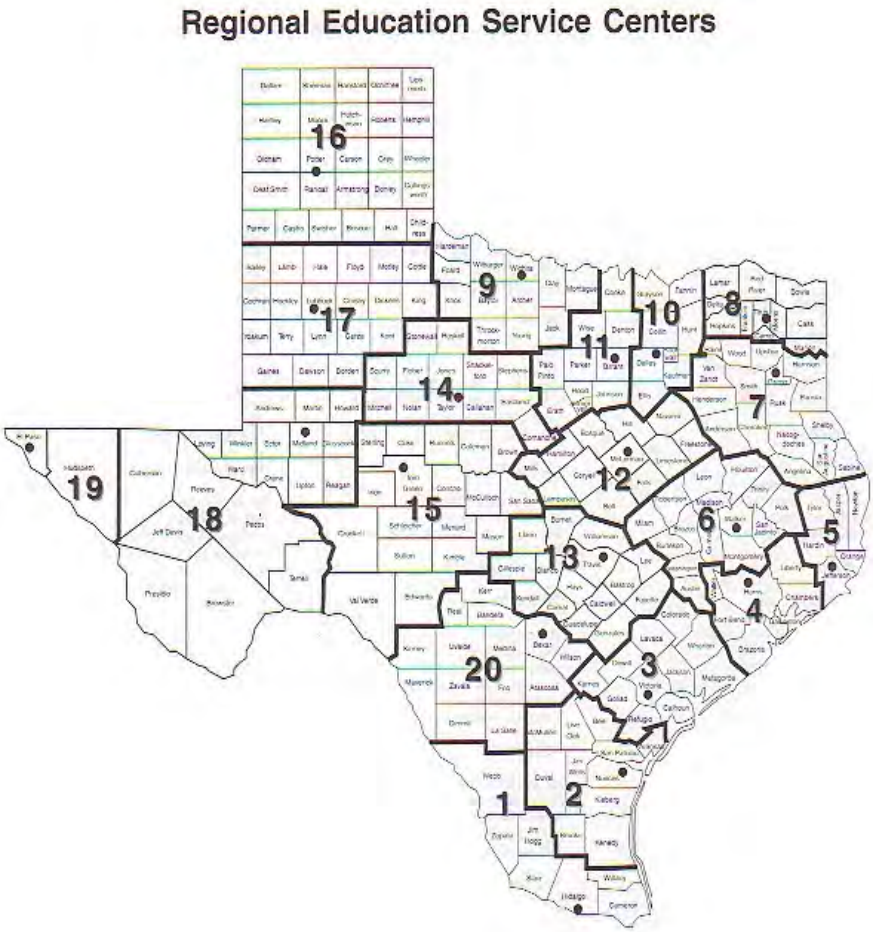
Octagon Staffing is a nationwide full-service staffing firm that provides contract, temp-to-hire, direct hire, contingent workforce, peak period, and project staffing or recruitment process outsourcing services across several occupational categories to produce performance-driven employees.

We are passionate about our clients. By leveraging our collective genius, we listen to our clients' needs, learn how we can add value and launch a solution tailored for success in the following areas:

- Talent Search & Management
- Recruitment Process Outsourcing
- Talent Recruitment & Selection
- Performance & Partnerships

Differentiators

We utilize "high touch" and "high-tech" recruitment strategies to foster key relationships in the recruitment lifecycle. Our customizable implementation designs allow primary thinking for recruitment goals.



Clients see Octagon as more of a business partner than a vendor, partly because we use the most advanced technology possible for the delivery of service. Qualified, involved and with a robust outlook, our consultants bring a premium experience to each engagement. Our internal standard to provide outstanding services that exceeds client's expectations is reflected through our unique approach and personal touch. Octagon truly understands the importance of supplying our clients with a diverse and qualified group of professionals.

Our goal is assisting our clients in creating a blueprint for success within their workforce.

TEXAS REGIONAL SERVICE DESIGNATION

This form must be completed in the electronic proposal submission system (or, if submitting a hard copy Proposal, timely request and complete the form in accordance with the Instructions to Proposers).

The Cooperative (referred to as "Texas Cooperative" in this form and in the State Service Designation form) offers vendors the opportunity to service its members throughout the entire State of Texas. In the electronic proposal submission system, you must indicate if you will service Texas Cooperative members statewide or, if you do not plan to service all Texas Cooperative members statewide, you ***must*** indicate the specific regions you will service. If you propose to serve different regions for different products or services included in your Proposal, you must complete and submit a separate Texas Regional Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. **(Additional forms can be obtained by contacting** bids@buyboard.com *at least five (5) business days prior to the Proposal Due Date*.) ***By designating a region or regions, you are certifying that you are authorized and willing to provide the proposed products and services in those regions. Designating regions in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.*** Additionally, if you do not plan to service Texas Cooperative members (i.e., if you will service only states other than Texas), *you must so indicate on the form in the electronic proposal submission system.*

STATE SERVICE DESIGNATION

This form must be completed in the electronic proposal submission system (or, if submitting a hard copy Proposal, timely request and complete the in accordance with the Instructions to Proposers).

As set forth in the Proposal Invitation, it is the Cooperative's intent that other governmental entities in the United States have the opportunity to purchase goods or services awarded under the Contract, subject to applicable state law, through a piggy-back award or similar agreement through the National Purchasing Cooperative BuyBoard. If you plan to service the entire United States or only specific states, *you must complete the State Service Designation information in the electronic proposal submission system. (Note: If you plan to service Texas Cooperative members, be sure that you complete the Texas Regional Service Designation form.)* ***In addition to this form, to be considered for a piggy-back award by the National Purchasing Cooperative, you must have an authorized representative sign the National Purchasing Cooperative Vendor Award Agreement that follows this page.***

If you serve different states for different products or services included in your Proposal, you must complete and submit a separate State Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. **(Additional forms can be obtained by contacting bids@buyboard.com** ***at least five (5) business days prior to the Proposal Due Date.) By designating a state or states, you are certifying that you are authorized and willing to provide the proposed products and services in those states. Designating states in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.***

NATIONAL PURCHASING COOPERATIVE VENDOR AWARD AGREEMENT

In accordance with the Terms and Conditions associated with this Proposal Invitation, a contract awarded under this Proposal Invitation may be "piggy-backed" by another governmental entity. The National Purchasing Cooperative is an intergovernmental purchasing cooperative formed by certain school districts outside of Texas to serve its members throughout the United States. If you agree to be considered for a piggy-back award by the National Purchasing Cooperative, you agree to the following terms and agree to serve National Purchasing Cooperative members in the states you have indicated on the State Service Designation form, in your Proposal.

By signing this form, Proposer (referred to in this Agreement as "Vendor") agrees as follows:

1. Vendor acknowledges that if The Local Government Purchasing Cooperative ("Texas Cooperative") awards Vendor a contract under this Proposal Invitation ("Underlying Award"), the National Purchasing Cooperative ("National Cooperative") may - but is not required to - "piggy-back" on or re-award all or a portion of that Underlying Award ("Piggy-Back Award"). By signing this National Cooperative Vendor Award Agreement ("Agreement"), Vendor accepts and agrees to be bound by any such Piggy-Back Award as provided for herein.

2. In the event National Cooperative awards Vendor a Piggy-Back Award, the National Cooperative Administrator ("BuyBoard Administrator") will notify Vendor in writing of such Piggy-Back Award, which award shall commence on the effective date stated in the Notice and end on the expiration date of the Underlying Award, subject to annual renewals as authorized in writing by the BuyBoard Administrator. Vendor agrees that no further signature or other action is required of Vendor in order for the Piggy-Back Award and this Agreement to be binding upon Vendor. Vendor further agrees that no interlineations or changes to this Agreement by Vendor will be binding on National Cooperative, unless such changes are agreed to by its BuyBoard Administrator in writing.

3. Vendor agrees that it shall offer its goods and services to National Cooperative members at the same pricing and same general terms and conditions, subject to applicable state laws in the state of purchase, as required by the Underlying Award. However, nothing in this Agreement prevents Vendor from offering National Cooperative members better (i.e., lower) competitive pricing and more favorable terms and conditions than those in the Underlying Award.

4. Vendor hereby agrees and confirms that it will serve those states it has designated on the State Service Designation Form of this Proposal Invitation. Any changes to the states designated on the State Service Designation Form must be approved in writing by the BuyBoard Administrator.

5. Vendor agrees to pay National Cooperative the service fee provided for in the Underlying Award based on the amount of purchases generated from National Cooperative members through the Piggy-Back Award. Vendor shall remit payment to National Cooperative on such schedule as it specifies (which shall not be more often than monthly). Further, upon request, Vendor shall provide National Cooperative with copies of all purchase orders generated from National Cooperative members, vendor invoices, and/or such other documentation regarding those purchase orders as the Cooperative's administrators may require in their reasonable discretion for purposes of reviewing and verifying purchase activity. Vendor further agrees that National Cooperative shall have the right, upon reasonable written notice, to review Vendor's records pertaining to purchases made by National Cooperative members in order to verify the accuracy of service fees.

6. Vendor agrees that the Underlying Award, including its General Terms and Conditions, are adopted by reference to the fullest extent such provisions can reasonably apply to the post-proposal/contract award phase. The rights and responsibilities that would ordinarily inure to the Texas Cooperative pursuant to the Underlying Award shall inure to National Cooperative; and, conversely, the rights and responsibilities that would ordinarily inure to Vendor in the Underlying Award shall inure to Vendor in this Agreement. Vendor recognizes and agrees that Vendor and National Cooperative are the only parties to this Agreement, and that nothing in this Agreement has application to other third parties, including the Texas Cooperative. In the event of conflict between this Agreement and the terms of the Underlying Award, the terms of this Agreement shall control, and then only to the extent necessary to reconcile the conflict.

7. This Agreement shall be governed and construed in accordance with the laws of the State of Texas and venue for any dispute shall lie in the federal district court of Travis County, Texas.

8. Vendor acknowledges and agrees that the award of a Piggy-Back Award is within the sole discretion of National Cooperative, and that this Agreement does not take effect unless and until National Cooperative awards Vendor a Piggy-Back Award and the BuyBoard Administrator notifies Vendor in writing of such Piggy-Back Award as provided for herein.

WHEREFORE, by signing below Vendor agrees to the foregoing and warrants that it has the authority to enter into this Agreement.

LOCATION/AUTHORIZED SELLER LISTINGS

If you have more than one location/authorized seller that will service a Contract awarded under this Proposal Invitation, please list each location/authorized seller below. If additional sheets are required, please duplicate this form as necessary. NOTE: Awarded Vendors shall remain responsible for all aspects of the Contract, including processing of Purchase Orders, and shall be responsible for the performance of all locations and authorized sellers under and in accordance with the Contract. ***If you are a product manufacturer and wish to designate Designated Dealers as defined in the General Terms and Conditions to receive Cooperative member Purchase Orders on your behalf, you must complete the Manufacturer Designated Dealer form.***

Location/Authorized Seller Name	**Contact Person**	**Contact Information** (Mailing Address, Phone, Fax, Email)

PROPOSAL INVITATION QUESTIONNAIRE

The Cooperative will use your responses to the questions below in evaluating your Proposal and technical and financial resources to provide the goods and perform the services ("Work") under the BuyBoard contract contemplated by this Proposal Invitation ("Contract"). Proposers must fully answer each question, numbering your responses to correspond to the questions/numbers below. Proposers must complete below or attach your responses to this questionnaire and submit in one document with your Proposal. **You must submit the questionnaire and responses with your Proposal or the Proposal will not be considered.**

1. List the number of years Proposer has been in business and former business names (if applicable). Note whether your company is currently for sale or involved in any transaction that would significantly alter its business or result in acquisition by another entity.

6 years, 7 months

2. Describe the resources Proposer has to manage staff and successfully perform the Work contemplated under this Contract. State the number and summarize the experience of company personnel who may be utilized for the Work, including those who will be available to Cooperative members for assistance with project development, technical issues, and product selection for Work associated with this Contract.

Octagon dedicates each client with an account manager who is available around the clock for services with a designate group of recruiters. Octagon's team combined has over 30 years of experience in this scope of work.

3. **Marketing Strategy:** For your Proposal to be considered, you must submit the Marketing Strategy you will use if the Cooperative accepts all or part of your Proposal. *(Example: Explain how your company will initially inform Cooperative members of your BuyBoard Contract, and how you will continue to support the BuyBoard for the duration of the Contract term.)* Attach additional pages if necessary.

Please see attached.

4. Describe Proposer's financial capability to perform the Contract. State or describe the firm's financial strength and rating, bonding capacity, and insurance coverage limits. State whether the firm, or any of the firm's past or present owners, principal shareholders or stockholders, or officers, have been a debtor party to a bankruptcy, receivership, or insolvency proceeding in the last 7 years, and identify any such debtor party by name and relationship to or position with your firm.

5. Does your company have any outstanding financial judgments and/or is it currently in default on any loan or financing agreement? If so, provide detailed information on the nature of such items and prospects for resolution.

No

6. List all contracts, if any, in the last 10 years on which Proposer has defaulted, failed to complete or deliver the work, or that have been terminated for any reason. For each such contract, provide the project name, scope, value and date and the name of the procuring entity. Fully explain the circumstances of the default, failure to complete or deliver the work, or termination.

None

7. List all litigation or other legal proceedings (including arbitration proceedings), if any, in the last 10 years brought against your firm, or any of the firm's past or present owners, principal shareholders or stockholders, officers, agents or employees, that relate to or arise from a contract similar to this Contract or the Work contemplated under this Contract. Provide the style of the lawsuit or proceeding (name of parties and court or tribunal in which filed), nature of the claim, and resolution or current status.

N/A

58. Pricing is to be provided for key personnel or any other parameters.

Response: Proposal Invitation is a request for a discount off of catalog or price list for vendors that specialize in providing temporary personnel staffing services and workforce management programs.

59. Please elaborate with an example on how to provide the information mentioned in Page 38 under PROPOSAL SPECIFICATION SUMMARY.

Response: See response to question #57 above.

Please sign and return one copy of this Addendum with your proposal as verification of your receipt and compliance with the information contained in this Addendum.

Bid Attributes

1	**Federal Identification Number** Federal Identification Number 85-4371071
2	**No Boycott Verification/No Excluded Nation or Foreign Terrorist Organization Certification/Historically Underutilized Business Certification** No Boycott Verification/No Excluded Nation or Foreign Terrorist Organization Certification/Historically Underutilized Business Certification

3 **No Boycott Certification**

A Texas governmental entity may not enter into a contract with a value of $100,000 or more that is to be paid wholly or partly from public funds with a company (excluding a sole proprietorship) that has 10 or more full-time employees for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel and will not boycott Israel during the term of the contract (TEX. GOV'T CODE Ch. 2271), (2) does not boycott energy companies and will not boycott energy companies during the term of the contract (TEX. GOV'T CODE Ch. 2276), and (3) does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of the contract against a firearm entity or firearm trade association (TEX. GOV'T CODE Ch. 2274). Accordingly, this certification form is included to the extent required by law.
"Boycott Israel" means refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations specifically with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory, but does not include an action made for ordinary business purposes. TEX. GOV'T CODE §808.001(1).

"Boycott energy company" means, without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company: (A) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law; or (B) does business with a company described by Paragraph (A). TEX. GOV'T CODE §809.001(1).

"Discriminate against a firearm entity or firearm trade association" means, (A) with respect to the entity or association, to: (i) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (ii) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (iii) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; and (B) does not include: (i) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (ii) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship: (aa) to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency; or (bb) for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association. TEX. GOV'T CODE §2274.001(3).

By signature on the Compliance Forms Signature Page, to the extent applicable, I certify and verify that Vendor does not boycott Israel, boycott energy companies, or discriminate against a firearm entity or firearm trade association and will not do so during the term of any contract awarded under this Proposal Invitation, that this certification is true, complete and accurate, and that I am authorized by my company to make this certification.

Yes

4 **No Excluded Nation or Foreign Terrorist Organization Certification**

Chapter 2252 of the Texas Government Code provides that a Texas governmental entity may not enter into a contract with a company engaged in active business operations with Sudan, Iran, or a foreign terrorist organization – specifically, any company identified on a list prepared and maintained by the Texas Comptroller under Texas Government Code §§806.051, 807.051, or 2252.153. (A company that the U.S. Government affirmatively declares to be excluded from its federal sanctions regime relating to Sudan, Iran, or any federal sanctions regime relating to a foreign terrorist organization is not subject to the contract prohibition.)

By signature on the Compliance Forms Signature Page, I certify and verify that Vendor is not on the Texas Comptroller's list identified above; that this certification is true, complete and accurate; and that I am authorized by my company to make this certification.

Yes

5 **Historically Underutilized Business Certification**

A Proposer that has been certified as a Historically Underutilized Business (also known as a Minority/Women Business Enterprise or "MWBE" and all referred to in this form as a "HUB") is encouraged to indicate its HUB certification status when responding to this Proposal Invitation. The BuyBoard website will indicate HUB certifications for awarded Vendors that properly indicate and document their HUB certification on this form.

I certify that my company has been certified as a MWBE/HUB in the following categories: *(Please check all that apply)*

6 **Minority Owned Business**

Minority Owned Business

☑ Minority Owned Business

7 **Women Owned Business**

Women Owned Business

☐ *Women Owned Business*

8 **Service-Disabled Veteran Owned Business**

Service-Disabled Veteran Owned Business (veteran defined by 38 U.S.C. §101(2), who has a service-connected disability as defined by 38 U.S.C. § 101(16), and who has a disability rating of 20% or more as determined by the U. S. Department of Veterans Affairs or Department of Defense)

☐ *Service-Disabled Veteran Owned Business*

80 **Texas Regional Service Designation**

Texas Regional Service Designation - Refer to Form in Proposal Invitation

The Cooperative (referred to as “Texas Cooperative” in this form and in the State Service Designation form) offers vendors the opportunity to service its members throughout the entire State of Texas. If you do not plan to service all Texas Cooperative members statewide, you **must** indicate the specific regions you will service on this form. If you propose to serve different regions for different products or services included in your Proposal, you must complete and submit a separate Texas Regional Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. ***By designating a region or regions, you are certifying that you are authorized and willing to provide the proposed products and services in those regions. Designating regions in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.*** Additionally, if you do not plan to service Texas Cooperative members (i.e., if you will service only states other than Texas), you must so indicate on this form.

81 **Company Name**

Company Name

State Service Designation

State Service Designation - Refer to Form in Proposal Invitation.

As set forth in the Proposal Invitation, it is the Cooperative's intent that other governmental entities in the United States have the opportunity to purchase goods or services awarded under the Contract, subject to applicable state law, through a piggy-back award or similar agreement through the National Purchasing Cooperative BuyBoard. If you plan to service the entire United States or only specific states, you must complete this form accordingly. *(Note: If you plan to service Texas Cooperative members, be sure that you complete the Texas Regional Service Designation form.)* ***In addition to this form, to be considered for a piggy-back award by the National Purchasing Cooperative, you must have an authorized representative sign the National Purchasing Cooperative Vendor Award Agreement that follows this form.***

If you serve different states for different products or services included in your Proposal, you must complete and submit a separate State Service Designation form for each group of products and clearly indicate the products or services to which the designation applies. *By designating a state or states, you are certifying that you are authorized and willing to provide the proposed products and services in those states. Designating states in which you are either unable or unwilling to provide the specified products and services shall be grounds for either rejection of your Proposal or, if awarded, termination of your Contract.*

Agenda #:	Consideration and **ACTION** to approve the Memorandum of Understanding (MOU) between the Lower Rio Grande Valley Development Council (LRGVDC) and the City of Brownsville establishing a formal framework for regional cooperation during declared emergencies and disasters. (Office of Emergency Management & Homeland Security)

Summary:

The Lower Rio Grande Valley Development Council (LRGVDC) Master Mutual Aid Agreement allows participating member jurisdictions to provide emergency assistance to one another during declared emergencies or disasters. The agreement establishes procedures for requesting and providing mutual aid, implementing unified incident command, reimbursing eligible response costs, and addressing liability protections and governmental immunity. It also outlines LRGVDC's responsibilities for maintaining regional resource inventories and coordinating participation among member jurisdictions. Participation is voluntary, and each member retains the authority to determine whether and to what extent it will respond to a request for assistance.

Project Scope and Analysis:

The proposed project authorizes the City of Brownsville to participate in the Lower Rio Grande Valley Development Council (LRGVDC) Master Mutual Aid Agreement, establishing a formal framework for regional emergency cooperation among participating jurisdictions. Through this agreement, the City may request or provide emergency assistance—including law enforcement, fire, emergency medical services, public works, and other essential resources—during declared emergencies or disasters. Participation provides a coordinated approach to emergency response through the use of unified incident command principles, regional resource inventories maintained by LRGVDC, established reimbursement procedures for eligible response costs, and continued interoperability with existing local and state mutual aid agreements.

Approval of the agreement strengthens the City's ability to respond effectively to large-scale emergencies by expanding access to regional resources, enhancing coordination among neighboring jurisdictions, and improving operational efficiency during disaster response. The

agreement also establishes clear procedures for requesting, deploying, and managing mutual aid resources while providing liability protections and ensuring responding personnel remain covered under their employing agency's benefits. Participation further enhances regional preparedness, resilience, and compliance with established emergency management practices throughout the State of Texas.

Recommendation:

It is recommended that the City Commission approve the City of Brownsville's participation in the Lower Rio Grande Valley Development Council (LRGVDC) Master Mutual Aid Agreement. Approval will strengthen the City's emergency response capabilities, enhance regional coordination, expand access to mutual aid resources during disasters, and establish a clear framework for resource sharing, reimbursement, and liability protections. Participation will improve the City's overall preparedness and resilience while reinforcing collaborative emergency management efforts throughout the Lower Rio Grande Valley.

1. Brownsville Mutual Aid Agreement 2026

MASTER MUTUAL AID AGREEMENT
LOWER RIO GRANDE VALLEY DEVELOPMENT COUNCIL

This Master Agreement For Mutual Aid (this "Agreement") is by and between participating members of the Lower Rio Grande Valley Development Council (the "LRGVDC"). WHEREAS, the attacks of September 11, 2001, have heightened our awareness that emergency planning is essential for the public health, safety, and welfare, and have fortified our resolve to effectively respond to disasters. NOW, THEREFORE, in consideration of the mutual covenants herein, the participating local governments (the "Parties"), authorized by appropriate actions of their governing bodies, hereby agree as follows:

1. **Legal Authority.** This Agreement is made pursuant to the authority of Chapters 418,433 and 791 of the Texas Government Code, Chapter 362 of the Texas Local Government Code, and all other constitutional and statutory provisions which may provide authority for any of the Parties.

2. **Scope of Agreement.**

(a) Each Party will endeavor to provide Disaster Assistance upon request from another Party. (The requesting Party is hereafter referred to as the "Requesting Party"; the requested Party as the "Responding Party.")

"Disaster Assistance" means provision. of emergency management, police, fire, emergency medical, utility, street, debris removal, and other services, without limitation, during a Disaster.

"Disaster", consistent with the definition in Section 418.004 of the Texas Government Code, means the occurrence or imminent threat of widespread or severe damage, injury, or loss of life or property resulting from any natural or manmade cause, including fire, flood, earthquake, wind, storm, wave action, oil spill or other water contamination, volcanic activity, epidemic, air contamination, blight, drought, infestation, explosion, riot, hostile military or paramilitary action, other public calamity requiring emergency action, or energy emergency (as that term is defined in Chapter 418 of the Texas Government. Code), within the jurisdiction of any of the Parties.

The Parties agree that an act of terrorism is contemplated within the definition of "disaster" as that word is defined in Section 418.004 of the Texas Government Code. "Disaster" may include ordinary emergencies, such as, hazardous material spills, which have historically been handled in the normal course of government operations by the Parties.

(b) In accordance with Section 362.002, Texas Local Government Code, law enforcement assistance may be provided only when the mayor or other officer authorized to declare a state of civil emergency in the requesting county, municipality, or joint airport considers additional law enforcement officers necessary to protect health, life, and property in the county, municipality, or joint airport because of disaster, riot, threat of concealed explosives, or unlawful assembly characterized by force and violence or the threat of force and violence by three or more persons acting together or without lawful authority.

3. **Request for Assistance.** The request for assistance will:

(a) be made only after a Declaration of a state of Local Civil Emergency or Declaration of Disaster by a Requesting Party pursuant to Section 418.108, Texas Government Code, or after a proclamation of a State of Emergency under Section 433.001, Texas Government Code,

(b) be made by the highest ranking authority of Requesting Party available at the time of need,

(c) be made to the highest ranking authority of the Responding Party available at the time of need, and

(d) specify to the greatest extent possible the nature of the problem requiring assistance and the resources requested.

Notwithstanding anything in this Agreement, the decision whether to respond in any particular situation or the level of response to be provided is at the sole discretion of the representative of the Responding Party making the decision. The Responding Party's representative will make a discretionary decision at the time of the request, considering the nature and magnitude of the request, whether and the extent to which the Responding Party's resources are available and should be provided.

4. **Incident Command.**

(a) The Requesting Party will designate an Incident Commander. Resources provided by the Responding Party will be subject to the direction of the Incident Commander, unless the Incident Commander, based on all the facts and circumstances at the scene of operation, requests that the Responding Party take charge of the operation based on superior resources, expertise, or other reason. In order to realize maximum effectiveness, it is the intention of the Parties that the response be under unified command with the highest degree of coordination possible under the circumstances.

(b) Any Request for Assistance hereunder shall include a statement of the amount and type of equipment and number of personnel requested, shall specify the location to which the equipment and personnel are to be dispatched, and shall state the time period for which such equipment and personnel are requested. The Responding Party shall, in its sole discretion, determine what equipment and personnel are available to furnish the requested assistance.

(c) The Responding Party shall report to the Incident Commander at the location to which the equipment and personnel are dispatched.

(d) A Responding Party shall be released by the Requesting Party when the services of the Responding Entity are no longer required or when the officer in charge of the Responding party's forces determines, in the officer's sole discretion, that further assistance should not be provided.

5. **Training Exercises.** The Parties will endeavor to participate in joint training exercises and drills for emergency response situations which may result in a request under this Agreement.

6. **Other Mutual Aid Agreements, Supplementary Agreements and Protocols.** The Parties are encouraged, all or some, to enter into additional agreements and protocols governing response to particular situations and circumstances. Operating departments of the Parties (for example, fire and police) are authorized and encouraged to enter into specific emergency protocols with their counterparts to enhance coordination in Disaster response situations. Notwithstanding Section 23 below, it is understood and agreed that certain signatory Parties may have heretofore contracted or may hereafter contract with each other for mutual aid in disaster situations, and it is agreed that this Agreement shall be subordinate to any such individual contract. To assist each other in the process of mutual aid response planning, each Party agrees to inform the other Parties of all mutual aid agreements that each Party has with other municipalities, entities, counties, and state or federal agencies.

   Specifically, the existence of this Agreement shall not prevent a municipality, coilllty, rural fire prevention district, emergency services district, fire protection agency, organized volunteer group, or other emergency services entity from providing mutual aid assistance on request from another municipality, county, rural fire prevention district, emergency services district, fire protection agency, organized volunteer group, or other emergency services entity, in accordance with the provisions in Section_418.109 (d) of the Texas Government Code. Additionally, the existence of this Agreement shall not prevent any Local Government which is a Party hereto from providing emergency assistance to another Local Government which is not a party hereto, in accordance with the provisions in Section 791.027 of the Texas Government Code.

7. **Responsibility for Response Costs.** A Responding Party is authorized to request reimbursement from the Requesting Party for reasonable costs incurred pursuant to this Agreement in furnishing disaster assistance. The Requesting Party will make reimbursement when it is reasonably, fiscally able, but no later than 90 days after receipt of a claim for reimbursement, subject to paragraph 21. Current FEMA Guidelines will determine what costs are reasonable in the event of a dispute regarding a request for reimbursement. Personnel who are assigned, designated or ordered by their governing body to perform duties pursuant to this Agreement shall continue to receive from the Responding Party the same wages, salary, pension, and other compensation and benefits for the performance of such duties, including injury or death benefits, disability payments, and worker's compensation benefits, as though the service had been rendered within the limits of the jurisdiction where the personnel are regularly employed. This will be referenced and processed through Texas Government Code Sec 418.1181 Reimbursement of Costs: Request by Local Government Entity. This is dependent on State and/or Federal reimbursement are formally available.

8. **Participation Notice.** Each Party shall notify the LRGVDC Executive Director of its participation in this Agreement by furnishing an executed original of the attached Participation Notice.

9. **Administrative Services.** The LRGVDC agrees to provide administrative services necessary to coordinate this Agreement, including notifying Parties of new participants and withdrawals and timely providing Parties with a current list of contact information for each Party.

10. **Federal and State Participation.** Federal and state entities may participate in this Agreement, to the extent of any limitations of their authority, by furnishing an executed original of the attached Participation Notice to the LRGVDC Executive Director.

11. **Inventory and Database.** A current inventory and database of resources available to each Party for response under this Agreement shall be maintained by the LRGVDC and disbursed to the Parties. on a timely basis, at least every six months. The LRGVDC will develop a form to facilitate Parties entry and updating of inventory and resource information, send reminders to parties to update information, place inventory and resource information on its website, and take other actions reasonably necessary for the Parties to access current information. This will be maintained yearly by the agreeing entity and sent to the LRGVDC to maintain a rolling data base every October 1 of the calendar year.

12. **Withdrawal.** A Party may withdraw from this Agreement at any time by written notice to the LRGVDC Executive Director, transmitting a copy of the action of the Party's governing body. The Party withdrawing from this Agreement will still be responsible for any outstanding claims for reimbursement.

13. **Not for Benefit of Third Parties.** This Agreement and all activities hereunder are solely for the benefit of the Parties and not the benefit of any third party.

14. **Exercise of Police Power.** This Agreement and all activities hereunder are undertaken solely as an exercise of the police power of the Parties, exercised for the health, safety, and welfare of the public generally, and not for the benefit of any particular person or persons and the Parties shall not have nor pe deemed to have any duty to any particular person or persons.

15. **Immunity not Waived.** Nothing in this Agreement is intended, nor may it be deemed, to waive any governmental, official, or other immunity or defense of any of the Parties or their officers, employees, representatives, and agents as a result of the execution of this Agreement and the performance of the covenants contained herein.

16. **Civil Liability to Third Parties.** Each Responding Party will be responsible for any civil liability for its own actions in responding to a request for assistance, and will determine what level, if any, of insurance or self-insurance it should maintain for such situations.

17. **No Liability of Parties to One Another.** One Party may not be responsible and shall not be civilly liable to another for not responding, or for responding at a particular level of resources or in a particular manner. Each Party hereto waives all claims against the other Parties hereto for compensation for any loss, damage, personal injury, or death occurring as a consequence of the performance of this Agreement, except those caused in whole or in part by the negligence of an officer, employee, or agent of another Party.

18. **Amendments to Agreement.** This Agreement may not be amended without the lawful action of the governing bodies of the Parties. No officer or employee of any of the Parties shall have authority to waive or otherwise modify the limitations in this Agreement, without the express action of the governing body of the Party.

19. **Captions.** Captions to provisions of this Agreement are for convenience and shall not be considered in the interpretation of the provisions.

20. **Equipment and Personnel.** During the time mutual aid is being furnished, all equipment used by the Party rendering aid shall continue to be owned, leased, or rented by the Party rendering aid. At all times while equipment and personnel of a Party rendering aid are traveling to, from, or within the geographical limits of the requesting Party in accordance with the terms of this Agreement, such personnel and equipment shall be deemed to be employed or used, as the case may be, in the full line and cause of duty of the Party rendering aid. In addition, such personnel shall be deemed to be engaged in a governmental function of their entity.

21. **Term.** This Agreement shall become effective as to each Party when approved and executed by that Party. This Agreement shall continue in force and remain binding on each and every Party until such time as the governing body of a Party terminates its participation in this Agreement pursuant to Section 12 of this Agreement. Termination of participation in this Agreement by a Party(ies) shall not affect the continued operation of this Agreement between and among the remaining Parties and this Agreement shall continue in force and remain binding on the remaining Parties.

22. **Entirety.** This Agreement contains all commitments and agreements of the Parties with respect to the mutual aid to be rendered hereunder during or **in** connection with a disaster. No other oral or written commitments of the Parties with respect to mutual aid under this Agreement shall have any force or effect if not contained herein, except as provided in Section 6 above.

23. **Interlocal Cooperation Act.** The Parties agree that mutual aid in the context contemplated herein is a "governmental function and service" and that the Parties are "local governments" as that term is defined herein and in the Interlocal Cooperation Act.

24. **Severability.** If a provision contained in this Agreement is held invalid for any reason, the invalidity does not affect other provisions of the Agreement that can be given effect without the invalid provision, and to this end the provisions of this Agreement are severable.

25. **Validity and Enforceability.** If any current or future legal limitations affect the validity or enforceability of a provision of this Agreement, then the legal limitations are made a part of this Agreement and shall operate to amend this Agreement to the minimum extent necessary to bring this Agreement into conformity with the requirements of the limitations, and so modified, this Agreement shall continue in full force and effect.

26. **Warranty.** The Agreement has been officially authorized by the governing body of each Party hereto and each signatory to this Agreement guarantees and warrants that the signatory has full authority to execute this Agreement and to legally bind the respective Party to this Agreement.

27. **Governing Law and Venue.** This Agreement shall be governed by the laws of the State of Texas. Venue for an action arising under this Agreement shall be in accordance with the Texas Rules of Civil Procedure.

PARTICIPATION NOTICE

I hereby notify the Lower Rio Grande Valley Development Council, for its notification to its members, that City of Brownsville has approved participation in the Master Mutual Aid Agreement of the Lower Rio Grande Valley Development Council, by lawful action of its governing body, a true copy of which is attached and incorporated herein.

Through:	Alan Guard, Interim City Manager
From:	Mary Perez, Social Services Coordinator, Efren Trujillo, Interim Chief of Staff , Armando Rangel, Assistant Director for Community Developement
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** to approve the Brownsville Community Resource Center lease agreements between the City of Brownsville & South Texas Afghanistan Iraq Veteran Association (STAIVA) and Community Action Corporation of South Texas (CACOST) for a three-year term. (Grants & Community Development Department)

Summary:
As the Brownsville Community Resource Center was rehabilitated with Community Development Block Grant funding, the use of the building is restricted to nonprofit organizations that can assist low/moderate-income persons as defined by the United States Department of Housing & Urban Development (Low/Moderate Income Persons). At least 51% of the participants in tenant's programs & activities (STAIVA & CACOST) must be low/moderate income persons. The lease agreement is for a three-year term starting July 1, 2026 and ending on June 30, 2029. Attached please find the lease agreement signed by non-profit organizations.

Project Scope and Analysis:
As the Brownsville Community Resource Center was rehabilitated with Community Development Block Grant funding, the use of the building is restricted to nonprofit organizations that can assist low/moderate-income persons as defined by the United States Department of Housing & Urban Development (Low/Moderate Income Persons). At least 51% of the participants in the tenant's programs & activities (STAIVA & CACOST) must be low/moderate income persons. The lease agreement is for a three-year term starting July 1, 2026 and ending on June 30, 2029 at $1 a year. The organizations are responsible for Electricity, Internet, Phone, Security Alarm. Attached please find the lease agreement signed by the non-profit organizations. They have been providing services at BCRC for over seven years.

CACOST SERVICES
CACOST is a private non-profit organization established in 1971 and funded through federal, state and local grants. CACOST provides various services such as utility assistance, health care, Head Start, and nutrition to low-income families and seniors in 16 counties. CACOST lives its mission each day, which is to continuously improve the lives of South Texans by providing high-quality health care, education, housing and economic opportunities to reduce poverty through services and partnerships. For more information on CACOST Services: CEAP Utility Assistance — Community Action Corporation of South Texas .

STAIVA SERVICES
The South Texas Afghanistan Iraq Veterans Association is a non-profit organization which helps ease the transition for military members of all branches and their families from military to civilian life. STAIVA's goal is to help, advocate, educate, and assist veterans with any needed resources, funding, medical care and emotional support. Please see the link for more information on STAIVA; www.staivargv.org.

B.2.g. Alter the premises in any way without specific written consent from Landlord.

B.2.h. Allow a lien to be placed on the Premises.

B.2.i. Assign this lease or sublease any portion of the Premises without Landlord's written consent.

C. Landlord's Obligations

C.1. **Landlord agrees to-**

C.1.a. Lease to Tenant the Premises for the entire Term beginning on the Commencement Date and ending on the Termination Date..

C.1.b. Obey all laws relating to the Landlord's operation of the Building and Common Areas.

C.1.c. Provide the Essential Services as defined under Section A.

C.1.d. Repair, replace, and maintain the (i) roof, (ii) foundation, (iii) Common Areas, (iv) structural soundness of the exterior walls, doors, corridors, and windows, and (v) plumbing (vi) electrical systems except damage to fixtures caused by tenant's or tenant's invitees negligence (vii) other structures or equipment serving the Premises.

C.1.e. Maintain the exterior landscaping.

C.2. **Landlord agrees not to-**

C.2.a. Interfere with Tenant's possession of the Premises as long as Tenant is not in default.

D. General Provisions

Landlord and Tenant agree to the following:

D.1. Alterations. Any physical additions or improvements to the Premises made by Tenant will become the property of Landlord. Landlord may require that Tenant, at the end of the Term and at Tenant's expense, remove any physical additions and improvements, repair any alterations, and restore the Premises to the condition existing at the Commencement Date, normal wear excepted.

D.2. Abatement. Tenant's covenant to pay Rent and Landlord's covenants are independent. Except as otherwise provided, Tenant will not be entitled to abate Rent for any reason.

D.3. Insurance. Tenant must maintain policies of commercial general liability insurance, insuring against loss of life, bodily injury and/or property damage in commercially reasonable amounts and in no event less than $1,000,000 per occurrence, with a $2,000,000 aggregate, and including Landlord as an additional insured. Tenant shall also insure Tenant's property on the premises and hereby releases Landlord from any liability for loss or damage to any of Tenant's property which is or would have been covered by a policy of insurance on that property.

D.4. Release of Claims/Subrogation. LANDLORD AND TENANT RELEASE EACH OTHER AND LIENHOLDER, AND THEIR RESPECTIVE AGENTS, FROM ALL CLAIMS OR LIABILITIES FOR DAMAGE TO THE PREMISES OR BUILDING, DAMAGE TO OR LOSS OF PERSONAL PROPERTY WITHIN THE BUILDING, AND LOSS OF BUSINESS OR REVENUES THAT ARE COVERED BY THE RELEASING PARTY'S PROPERTY INSURANCE OR THAT WOULD HAVE BEEN COVERED BY THE REQUIRED INSURANCE IF THE PARTY FAILS TO MAINTAIN THE PROPERTY COVERAGES REQUIRED BY THIS LEASE. THE PARTY INCURRING THE DAMAGE OR LOSS WILL BE RESPONSIBLE FOR ANY DEDUCTIBLE OR SELF-INSURED RETENTION UNDER ITS PROPERTY INSURANCE. LANDLORD AND

TENANT WILL NOTIFY THE ISSUING PROPERTY INSURANCE COMPANIES OF THE RELEASE SET FORTH IN THIS PARAGRAPH AND WILL HAVE THE PROPERTY INSURANCE POLICIES ENDORSED, IF NECESSARY, TO PREVENT INVALIDATION OF COVERAGE. THIS RELEASE WILL NOT APPLY IF IT INVALIDATES THE PROPERTY INSURANCE COVERAGE OF THE RELEASING PARTY. **THE RELEASE IN THIS PARAGRAPH WILL APPLY EVEN IF THE DAMAGE OR LOSS IS CAUSED IN WHOLE OR IN PART BY THE ORDINARY NEGLIGENCE OR STRICT LIABILITY OF THE RELEASED PARTY OR ITS AGENTS BUT WILL NOT APPLY TO THE EXTENT THE DAMAGE OR LOSS IS CAUSED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE RELEASED PARTY OR ITS AGENTS.**

D.5. Casualty/Total or Partial Destruction

D.5.a. If the Premises are damaged by casualty and can be restored within ninety days, Landlord will, at its expense, restore the roof, foundation, Common Areas, and structural soundness of the exterior walls of the Premises and any leasehold improvements within the Premises that are not within Tenant's Rebuilding Obligations to substantially the same condition that existed before the casualty and Tenant will, at its expense, be responsible for replacing any of its damaged furniture, fixtures, and personal property and performing Tenant's Rebuilding Obligations. If Landlord fails to complete the portion of the restoration for which Landlord is responsible within ninety days from the date of written notification by Tenant to Landlord of the casualty, Tenant may terminate this lease by written notice delivered to Landlord before Landlord completes Landlord's restoration obligations.

D.5.b. If the Premises cannot be restored within ninety days, Landlord has an option to restore the Premises. If Landlord chooses not to restore, this lease will terminate. If Landlord chooses to restore, Landlord will notify Tenant of the estimated time to restore and give Tenant an option to terminate this lease by notifying Landlord within ten days. If Tenant does not terminate this lease, the lease will continue and Landlord will restore the Premises as provided in D.5.a. above.

D.5.c. To the extent the Premises are untenantable after the casualty, the Rent will be adjusted as may be fair and reasonable.

D.6. Condemnation/Substantial or Partial Taking

D.6.a. If the Premises cannot be used for the purposes contemplated by this lease because of condemnation or purchase in lieu of condemnation, this lease will terminate.

D.6.b. If there is a condemnation or purchase in lieu of condemnation and this lease is not terminated, Landlord will, at Landlord's expense, restore the Premises, and the Rent payable during the unexpired portion of the Term will be adjusted as may be fair and reasonable.

D.6.c. Tenant will have no claim to the condemnation award or proceeds in lieu of condemnation.

D.7. Uniform Commercial Code. Tenant grants Landlord a security interest in Tenant's personal property now or subsequently located on the Premises. This lease is a security agreement under the Uniform Commercial Code. Landlord may file financing statements or continuation statements to perfect or continue the perfection of the security interest.

D.8. Default by Landlord/Events. Defaults by Landlord are failing to comply with

any provision of this lease within thirty days after written notice and failing to provide Essential Services to Tenant within ten days after written notice.

D.9. Default by Landlord/Tenant's Remedies. Tenant's remedies for Landlord's default are to sue for damages and, if Landlord does not provide an Essential Service within thirty days after default, terminate this lease.

D.10. Default by Tenant/Events. Defaults by Tenant are (a) failing to pay timely Rent, (b) abandoning the Premises or vacating a substantial portion of the Premises, and (c) failing to comply within ten days after written notice with any provision of this lease other than the defaults set forth in (a) and (b).

D.11. Default by Tenant/Landlord's Remedies. Landlord's remedies for Tenant's default are to (a) enter and take possession of the Premises and sue for Rent as it accrues; (b) enter and take possession of the Premises, after which Landlord may relet the Premises on behalf of Tenant and receive the Rent directly by reason of the reletting, and Tenant agrees to reimburse Landlord for any expenditures made in order to relet; (c) enter the Premises and perform Tenant's obligations; and (d) terminate this lease by written notice and sue for damages. Landlord may enter and take possession of the Premises by self-help, by picking or changing locks if necessary, and may lock out Tenant or any other person who may be occupying the Premises, until the default is cured, without being liable for damages.

D.12. Default/Waiver. It is not a waiver of default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of a remedy does not preclude pursuit of another remedy.

D.13. Mitigation. Landlord has mitigated the loss of rent if Landlord, within thirty days after Tenant's loss of possession, (a) places a "For Lease" sign at the Premises, (b) places the Premises on Landlord's inventory of properties for lease, (c) makes Landlord's inventory available to area brokers on a monthly basis, (d) advertises the Premises for lease in a suitable trade journal in the county in which the Premises are located, and (e) shows the Premises to prospective tenants who request to see it.

D.14. Intentionally left blank.

D.15. Holdover. If Tenant does not vacate the Premises following termination of this lease, Tenant will become a tenant at will and must vacate the Premises on receipt of notice from Landlord. No holding over by Tenant, whether with or without the consent of Landlord, will extend the Term.

D.16. Intentionally left blank

D.17. Intentionally left blank

D.18. Venue. Exclusive venue is in Cameron County, Texas.

D.19. Entire Agreement. This lease, its exhibits, addenda, and riders are the entire agreement of the parties concerning the lease of the Premises by Landlord to Tenant. There are no representations, warranties, agreements, or promises pertaining to the Premises or the lease of the Premises by Landlord to Tenant, and Tenant is not relying on any statements or representations of any agent of Landlord, that are not in this lease and any exhibits, addenda, and riders.

D.20. Amendment of Lease. This lease may be amended only by an instrument in writing signed by Landlord and Tenant.

D.21. Limitation of Warranties. THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY, OF FITNESS FOR A PARTICULAR PURPOSE, OR OF ANY OTHER KIND ARISING OUT OF THIS LEASE, AND THERE ARE NO WARRANTIES THAT EXTEND BEYOND THOSE EXPRESSLY STATED IN THIS LEASE.

D.22. Notices. Any notice required or permitted under this lease must be in writing. Any notice required by this lease will be deemed to be given (whether received or not) the earlier of receipt or three business days after being deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this lease. Notice may also be given by regular mail, personal delivery, courier delivery, or e-mail and will be effective when received. Any address for notice may be changed by written notice given as provided herein.

D.23. Use of Common Areas. Tenant will have the nonexclusive right to use the Common Areas subject to any reasonable rules and regulations that Landlord may prescribe.

D.24. Abandoned Property. Landlord may retain, destroy, or dispose of any property left on the Premises at the end of the Term.

D.25. Signatures: Tenant hereby warrants and declares that they are legally able to bind the entity they represent, otherwise any claims may be a personal action against such signatory.

B.1.g. Obtain and pay for utility services not included by Landlord, services used by Tenant.

B.1.h. Allow Landlord to enter the Premises to perform Landlord's obligations, inspect the Premises, provide public viewing, and show the Premises to prospective purchasers or tenants.

B.1.i. Repair, Replace, and maintain, any part of the Premises that Landlord is not obligated to repair, replace or maintain, normal wear excepted.

B.1.j. Submit in writing to Landlord any request for repairs, replacement, and maintenance that are the obligations of the Landlord.

B.1.k. If requested, deliver to Landlord a financing statement perfecting the security created by this lease.

B.1.l. Vacate the Premises and return all keys to the Premises on the Last day of the Term.

B.1.m. On request, execute an estoppel certificate that stated the Commencement Date and Termination Date of the Lease, identifies any amendment to the lease, describes any rights to extend the Term or purchase rights, lists defaults by Landlord, and provides any other information reasonably requested.

B1.n. INDEMNIFY, DEFEND, AND HOLD LANDLORD AND LIENHOLDER, AND THEIR RESPECTIVE AGENTS, HARMLESS FROM ANY INJURY (AND ANY RESULTING OR RELATED CLAIM, ACTION, LOSS, LIABILITY, OR REASONABLE EXPENSE, INCLUDING ATTORNEY'S FEES AND OTHER FEES AND COURT AND OTHER COSTS) OCCURRING IN ANY PORTION OF THE PREMISES. **THE INDEMNITY CONTAINED IN THIS PARAGRAPH (i) IS INDEPENDENT OF TENANT'S INSURANCE, (ii) WILL NOT BE LIMITED BY COMPARATIVE NEGLIGENCE STATUTES OR DAMAGES PAID UNDER THE WORKERS' COMPENSATION ACT OR SIMILAR EMPLOYEE BENEFIT ACTS, (iii) WILL SURVIVE THE END OF THE TERM, AND (iv) WILL APPLY EVEN IF AN INJURY IS CAUSED IN WHOLE OR IN PART BY THE ORDINARY NEGLIGENCE OR STRICT LIABILITY OF LANDLORD BUT WILL NOT APPLY TO THE EXTENT AN INJURY IS CAUSED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF LANDLORD AND LIENHOLDER AND THEIR RESPECTIVE AGENTS.**

B.1.o. Cover Janitorial Services for office units and common areas, including the purchase of janitorial supplies. Coordination between all Tenants is required.

B.2. **Tenant agrees not to-**

B.2.a. Use the Premises for any purpose other than the Permitted Use.

B.2.b. Create a nuisance.

B.2.c. Interfere with any other tenant's normal business operations or Landlord's management of the Building.

B.2.d. Permit any waste.

B.2.e. Use the Premises in any way that would increase insurance premiums or void insurance on the Building.

B.2.f. Change Landlord's lock system, and alarm system.

B.2.g. Alter the premises in any way without specific written consent from Landlord.

B.2.h. Allow a lien to be placed on the Premises.

B.2.i. Assign this lease or sublease any portion of the Premises without Landlord's written consent.

C. Landlord's Obligations

C.1. **Landlord agrees to-**

C.1.a. Lease to Tenant the Premises for the entire Term beginning on the Commencement Date and ending on the Termination Date.

C.1.b. Obey all laws relating to the Landlord's operation of the Building and Common Areas.

C.1.c. Provide the Essential Services as defined under Section A.

C.1.d. Repair, replace, and maintain the (i) roof, (ii) foundation, (iii) Common Areas, (iv) structural soundness of the exterior walls, doors, corridors, and windows, and (v) plumbing (vi) electrical systems except damage to fixtures caused by tenant's or tenant's invitees negligence (vii) other structures or equipment serving the Premises.

C.1.e. Maintain the exterior landscaping.

C.2. **Landlord agrees not to-**

C.2.a. Interfere with Tenant's possession of the Premises as long as Tenant is not in default.

D. General Provisions

Landlord and Tenant agree to the following:

D.1. Alterations. Any physical additions or improvements to the Premises made by Tenant will become the property of Landlord. Landlord may require that Tenant, at the end of the Term and at Tenant's expense, remove any physical additions and improvements, repair any alterations, and restore the Premises to the condition existing at the Commencement Date, normal wear excepted.

D.2. Abatement. Tenant's covenant to pay Rent and Landlord's covenants are independent. Except as otherwise provided, Tenant will not be entitled to abate Rent for any reason.

D.3. Insurance. Tenant must maintain policies of commercial general liability

insurance, insuring against loss of life, bodily injury and/or property damage in commercially reasonable amounts and in no event less than $1,000,000 per occurrence, with a $2,000,000 aggregate, and including Landlord as an additional insured. Tenant shall also insure Tenant's property on the premises and hereby releases Landlord from any liability for loss or damage to any of Tenant's property which is or would have been covered by a policy of insurance on that property.

D.4. Release of Claims/Subrogation. LANDLORD AND TENANT RELEASE EACH OTHER AND LIENHOLDER, AND THEIR RESPECTIVE AGENTS, FROM ALL CLAIMS OR LIABILITIES FOR DAMAGE TO THE PREMISES OR BUILDING, DAMAGE TO OR LOSS OF PERSONAL PROPERTY WITHIN THE BUILDING, AND LOSS OF BUSINESS OR REVENUES THAT ARE COVERED BY THE RELEASING PARTY'S PROPERTY INSURANCE OR THAT WOULD HAVE BEEN COVERED BY THE REQUIRED INSURANCE IF THE PARTY FAILS TO MAINTAIN THE PROPERTY COVERAGES REQUIRED BY THIS LEASE. THE PARTY INCURRING THE DAMAGE OR LOSS WILL BE RESPONSIBLE FOR ANY DEDUCTIBLE OR SELF-INSURED RETENTION UNDER ITS PROPERTY INSURANCE. LANDLORD AND TENANT WILL NOTIFY THE ISSUING PROPERTY INSURANCE COMPANIES OF THE RELEASE SET FORTH IN THIS PARAGRAPH AND WILL HAVE THE PROPERTY INSURANCE POLICIES ENDORSED, IF NECESSARY, TO PREVENT INVALIDATION OF COVERAGE. THIS RELEASE WILL NOT APPLY IF IT INVALIDATES THE PROPERTY INSURANCE COVERAGE OF THE RELEASING PARTY. **THE RELEASE IN THIS PARAGRAPH WILL APPLY EVEN IF THE DAMAGE OR LOSS IS CAUSED IN WHOLE OR IN PART BY THE ORDINARY NEGLIGENCE OR STRICT LIABILITY OF THE RELEASED PARTY OR ITS AGENTS BUT WILL NOT APPLY TO THE EXTENT THE DAMAGE OR LOSS IS CAUSED BY THE GROSS NEGLIGENCE OR WILLFUL MISCONDUCT OF THE RELEASED PARTY OR ITS AGENTS.**

D.5. Casualty/Total or Partial Destruction

D.5.a. If the Premises are damaged by casualty and can be restored within ninety days, Landlord will, at its expense, restore the roof, foundation, Common Areas, and structural soundness of the exterior walls of the Premises and any leasehold improvements within the Premises that are not within Tenant's Rebuilding Obligations to substantially the same condition that existed before the casualty and Tenant will, at its expense, be responsible for replacing any of its damaged furniture, fixtures, and personal property and performing Tenant's Rebuilding Obligations. If Landlord fails to complete the portion of the restoration for which Landlord is responsible within ninety days from the date of written notification by Tenant to Landlord of the casualty, Tenant may terminate this lease by written notice delivered to Landlord before Landlord completes Landlord's restoration obligations.

D.5.b. If the Premises cannot be restored within ninety days, Landlord has an option to restore the Premises. If Landlord chooses not to restore, this lease will terminate. If Landlord chooses to restore, Landlord will notify Tenant of the estimated time to restore and give Tenant an option to terminate this lease by notifying Landlord within ten days. If Tenant does not terminate this lease, the lease will continue and Landlord will restore the Premises as provided in D.5.a. above.

D.5.c. To the extent the Premises are untenantable after the casualty, the Rent will be adjusted as may be fair and reasonable.

D.6. Condemnation/Substantial or Partial Taking

D.6.a. If the Premises cannot be used for the purposes contemplated by this lease because of condemnation or purchase in lieu of condemnation, this lease will terminate.

D.6.b. If there is a condemnation or purchase in lieu of condemnation and this lease is not terminated, Landlord will, at Landlord's expense, restore the Premises, and the Rent payable during the unexpired portion of the Term will be adjusted as may be fair and reasonable.

D.6.c. Tenant will have no claim to the condemnation award or proceeds in lieu of condemnation.

D.7. Uniform Commercial Code. Tenant grants Landlord a security interest in Tenant's personal property now or subsequently located on the Premises. This lease is a security agreement under the Uniform Commercial Code. Landlord may file financing statements or continuation statements to perfect or continue the perfection of the security interest.

D.8. Default by Landlord/Events. Defaults by Landlord are failing to comply with any provision of this lease within thirty days after written notice and failing to provide Essential Services to Tenant within ten days after written notice.

D.9. Default by Landlord/Tenant's Remedies. Tenant's remedies for Landlord's default are to sue for damages and, if Landlord does not provide an Essential Service within thirty days after default, terminate this lease.

D.10. Default by Tenant/Events. Defaults by Tenant are (a) failing to pay timely Rent, (b) abandoning the Premises or vacating a substantial portion of the Premises, and (c) failing to comply within ten days after written notice with any provision of this lease other than the defaults set forth in (a) and (b).

D.11. Default by Tenant/Landlord's Remedies. Landlord's remedies for Tenant's default are to (a) enter and take possession of the Premises and sue for Rent as it accrues; (b) enter and take possession of the Premises, after which Landlord may relet the Premises on behalf of Tenant and receive the Rent directly by reason of the reletting, and Tenant agrees to reimburse Landlord for any expenditures made in order to relet; (c) enter the Premises and perform Tenant's obligations; and (d) terminate this lease by written notice and sue for damages. Landlord may enter and take possession of the Premises by self-help, by picking or changing locks if necessary, and may lock out Tenant or any other person who may be occupying the Premises, until the default is cured, without being liable for damages.

D.12. Default/Waiver. It is not a waiver of default if the nondefaulting party fails to declare immediately a default or delays in taking any action. Pursuit of a remedy does not preclude pursuit of another remedy.

D.13. Mitigation. Landlord has mitigated the loss of rent if Landlord, within thirty days after Tenant's loss of possession, (a) places a "For Lease" sign at the Premises, (b) places the Premises on Landlord's inventory of properties for lease, (c) makes Landlord's inventory available to area brokers on a monthly basis, (d) advertises the Premises for lease in a suitable trade journal in the county in which the Premises are located, and (e) shows the Premises to prospective tenants who request to see it.

D.14. Intentionally left blank.

D.15. Holdover. If Tenant does not vacate the Premises following termination of this lease, Tenant will become a tenant at will and must vacate the Premises on receipt of notice from Landlord. No holding over by Tenant, whether with or without the consent of Landlord, will extend the Term.

D.16. Intentionally left blank

D.17. Intentionally left blank

D.18. Venue. Exclusive venue is in Cameron County, Texas.

D.19. Entire Agreement. This lease, its exhibits, addenda, and riders are the entire agreement of the parties concerning the lease of the Premises by Landlord to Tenant. There are no representations, warranties, agreements, or promises pertaining to the Premises or the lease of the Premises by Landlord to Tenant, and Tenant is not relying on any statements or representations of any agent of Landlord, that are not in this lease and any exhibits, addenda, and riders.

D.20. Amendment of Lease. This lease may be amended only by an instrument in writing signed by Landlord and Tenant.

D.21. Limitation of Warranties. THERE ARE NO IMPLIED WARRANTIES OF MERCHANTABILITY, OF FITNESS FOR A PARTICULAR PURPOSE, OR OF ANY OTHER KIND ARISING OUT OF THIS LEASE, AND THERE ARE NO WARRANTIES THAT EXTEND BEYOND THOSE EXPRESSLY STATED IN THIS LEASE.

D.22. Notices. Any notice required or permitted under this lease must be in writing. Any notice required by this lease will be deemed to be given (whether received or not) the earlier of receipt or three business days after being deposited with the United States Postal Service, postage prepaid, certified mail, return receipt requested, and addressed to the intended recipient at the address shown in this lease. Notice may also be given by regular mail, personal delivery, courier delivery, or e-mail and will be effective when received. Any address for notice may be changed by written notice given as provided herein.

D.23. Use of Common Areas. Tenant will have the nonexclusive right to use the Common Areas subject to any reasonable rules and regulations that Landlord may prescribe.

D.24. Abandoned Property. Landlord may retain, destroy, or dispose of any property left on the Premises at the end of the Term.

D.25. Signatures: Tenant hereby warrants and declares that they are legally able to bind the entity they represent, otherwise any claims may be a personal action against such signatory.

BROWNSVILLE COMMUNITY RESOURCE CENTER
519 E. Madison St., Brownsville, TX

To:	Mayor and City Commission
Through:	Alan Guard, Interim City Manager
From:	
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** to authorize the City Manager to execute a Memorandum of Understanding (MOU) between the City of Brownsville and the City of Harlingen for participation in the FY 2025 FEMA Assistance to Firefighters Grant (AFG) Regional Project. (Brownsville Fire Department)

Summary:
The City of Brownsville, through the Brownsville Fire Department, is a participating partner in the City of Harlingen's FY 2025 FEMA Assistance to Firefighters Grant (AFG) Regional Project. The application is currently undergoing FEMA technical review, and FEMA requires an executed Memorandum of Understanding (MOU) identifying the responsibilities and level of participation of each regional partner, participating entities' EINs, and the proposed distribution of grant-funded assets.
Approval of this item will authorize the Brownsville City Manager to execute the MOU with the City of Harlingen. Under the agreement, Harlingen will serve as the Regional Host and grant recipient, provide 100% of the required non-federal cost share, and retain ownership and custody of all grant-funded equipment. Brownsville will participate as an operational regional partner and will have access to the equipment for authorized regional emergency response, mutual aid, training, and related fire and rescue operations.
Authorization of the MOU will allow Brownsville to formally document its participation in the regional project without creating a local match obligation or transferring ownership or custody of grant-funded equipment to the City.

1. MOU FEMA-2 (JMA_approved_08.24.2026)

MEMORANDUM OF UNDERSTANDING

BETWEEN THE CITY OF HARLINGEN, TEXAS, AND THE CITY OF BROWNSVILLE, TEXAS

FY 2025 ASSISTANCE TO FIREFIGHTERS GRANT REGIONAL PROJECT

This Memorandum of Understanding ("MOU") is entered into by and between the **City of Harlingen, Texas**, acting through the Harlingen Fire Department ("Harlingen" or "Regional Host"), and the **City of Brownsville, Texas**, acting through the Brownsville Fire Department ("Brownsville" or "Participating Partner"). Harlingen and Brownsville may individually be referred to as a "Party" and collectively as the "Parties."

RECITALS

WHEREAS, the Harlingen Fire Department and Brownsville Fire Department cooperate in providing fire protection, rescue, emergency medical, and other emergency-response services and participate cooperatively in regional emergency-response activities through the **Regional Emergency Response Unit**; and

WHEREAS, the Parties recognize that major or extended-duration emergencies may require specialized equipment and capabilities that benefit from a coordinated regional response; and

WHEREAS, the City of Harlingen, through the Harlingen Fire Department, submitted a Regional application under the **Fiscal Year 2025 Assistance to Firefighters Grant ("AFG") Program**, administered by the Federal Emergency Management Agency ("FEMA"), to acquire specialized fire and emergency-response equipment for use through the Regional Emergency Response Unit; and

WHEREAS, the Regional Project is intended to strengthen the operational capabilities of the Harlingen Fire Department and Brownsville Fire Department through the acquisition and regional availability of specialized emergency-response equipment; and

WHEREAS, the FY 2025 AFG Program requires a Regional host and participating partners to execute a memorandum of understanding or equivalent document identifying, among other things, their individual and mutual responsibilities, each participant's level of involvement, the Employer Identification Numbers ("EINs") of participating partners, and the proposed distribution of grant-funded assets or contracted services; and

WHEREAS, the City of Harlingen will serve as the Regional Host and grant recipient, will provide **one hundred percent (100%) of the required non-federal cost share**, and will retain ownership, custody, and recipient-level accountability for all equipment acquired through the Regional Project; and

WHEREAS, the City of Brownsville, through the Brownsville Fire Department, will participate as a regional operational partner and will have access to the Grant-Funded Assets for authorized

regional emergency-response, mutual-aid, training, and related activities without receiving grant funds or permanent ownership or custody of the equipment; and

WHEREAS, this MOU is intended to supplement, and not replace, existing lawful mutual-aid agreements or other emergency-response arrangements applicable to the Parties.

NOW, THEREFORE, in consideration of the mutual understandings set forth herein, the Parties agree as follows:

1. PURPOSE

The purpose of this MOU is to document the participation of Harlingen and Brownsville in the FY 2025 AFG Regional Project and to establish their respective responsibilities, levels of involvement, financial responsibilities, and the proposed ownership, custody, distribution, management, and regional use of equipment acquired through the Project.

This MOU is specifically intended to document the agreement between the Regional Host and Participating Partner for purposes of the FY 2025 AFG Regional application and award.

2. PARTICIPATING ORGANIZATIONS

The organizations participating in and directly benefiting from the Regional Project are:

Regional Host / Applicant

City of Harlingen, Texas
Harlingen Fire Department
Employer Identification Number (EIN): **74-6001047**

Participating Partner

City of Brownsville, Texas
Brownsville Fire Department
Employer Identification Number (EIN): **74-6000422**

Each Party acknowledges that its participation in the Regional Project is through its respective fire department and represents that it is authorized to perform the governmental functions and emergency-response activities contemplated by this MOU.

3. REGIONAL PROJECT

The Parties agree to participate in the FY 2025 AFG Regional Project for the acquisition, deployment, and regional use of specialized fire and emergency-response equipment.

Subject to FEMA's final award determination and approval of eligible costs, the Regional Project consists of the following Grant-Funded Assets:

1. One (1) Skid Unit;

2. One (1) Mobile Air Compressor/Cascade/Fill Station for filling Self-Contained Breathing Apparatus (SCBA);
3. Eight (8) Basic Life Support Automated External Defibrillators (BLS AEDs);
4. Eight (8) Thermal Imaging Cameras; and
5. Eight (8) Rapid Intervention Team (RIT) Packs/Cylinders.

Detailed specifications and the proposed distribution of the Grant-Funded Assets are identified in **Exhibit A**, incorporated herein by reference.

Final equipment specifications, quantities, configurations, and costs shall conform to those approved by FEMA under the FY 2025 AFG award.

4. CITY OF HARLINGEN: REGIONAL HOST RESPONSIBILITIES AND LEVEL OF INVOLVEMENT

Harlingen shall serve as the **Regional Host, applicant, and, if awarded, recipient** of the FY 2025 AFG Regional award.

Harlingen shall have primary responsibility for the administration and management of the Regional Project. Harlingen's responsibilities and level of involvement shall include:

a. Serving as the Regional applicant and recipient of the FY 2025 AFG award;

b. Serving as the primary point of contact with FEMA concerning administration of the award;

c. Administering the grant in accordance with applicable federal laws and regulations, FEMA requirements, the FY 2025 AFG Notice of Funding Opportunity, and the terms and conditions of the award;

d. Providing **one hundred percent (100%) of the required non-federal cost share** for the Regional Project;

e. Conducting or administering the procurement of all Grant-Funded Assets in accordance with applicable federal, state, and local procurement requirements;

f. Maintaining all required financial, procurement, grant, inventory, and property records;

g. Preparing and submitting required FEMA financial, programmatic, performance, and closeout reports;

h. Purchasing, receiving, inventorying, tagging, and maintaining custody of all Grant-Funded Assets;

i. Retaining ownership and recipient-level accountability for all Grant-Funded Assets, subject to applicable federal property-management requirements;

j. Serving as the primary and permanent custodian of all Grant-Funded Assets;

k. Maintaining records sufficient to identify the location, condition, use, maintenance history, and disposition of each Grant-Funded Asset;

l. Coordinating routine inspection, preventive maintenance, repairs, and inventory control of the Grant-Funded Assets;

m. Coordinating with Brownsville concerning operational deployment, regional training, equipment use, and implementation of the Regional Project;

n. Making the Grant-Funded Assets reasonably available for authorized regional operations involving Brownsville, subject to equipment availability, operational needs, incident requirements, and applicable mutual-aid procedures; and

o. Ensuring that the Grant-Funded Assets are used and maintained for purposes consistent with the FEMA-approved Regional Project.

5. CITY OF BROWNSVILLE: PARTICIPATING PARTNER RESPONSIBILITIES AND LEVEL OF INVOLVEMENT

Brownsville shall serve as the **Participating Partner** in the FY 2025 AFG Regional Project.

Brownsville's participation shall be operational in nature. Brownsville shall not receive AFG grant funds, shall not be responsible for any portion of the required non-federal cost share, and shall not receive permanent ownership or custody of Grant-Funded Assets under this MOU.

Brownsville's responsibilities and level of involvement shall include:

a. Participating in the identification of regional emergency-response needs and operational requirements;

b. Providing technical and operational input concerning equipment use, regional deployment, training needs, and operational readiness;

c. Designating appropriate Brownsville Fire Department personnel to coordinate with the Harlingen Fire Department regarding the Regional Project;

d. Participating in regional training, exercises, drills, and emergency-response activities involving the Grant-Funded Assets;

e. Making appropriately trained personnel available, subject to Brownsville's operational needs and applicable mutual-aid procedures, to participate in Regional Emergency Response Unit activities;

f. Using Grant-Funded Assets made available through the Regional Emergency Response Unit only for authorized fire, rescue, emergency medical, training, emergency-response, and related purposes consistent with the AFG award;

g. Exercising reasonable care and safeguarding Grant-Funded Assets while such equipment is being operated or used by Brownsville personnel;

h. Promptly reporting to Harlingen any loss, damage, theft, malfunction, maintenance need, or other material condition affecting Grant-Funded Assets while being used by Brownsville personnel;

i. Providing Harlingen with information reasonably necessary to satisfy FEMA reporting, monitoring, inventory, audit, and grant-management requirements; and

j. Cooperating with Harlingen in FEMA monitoring, audits, inspections, reporting, closeout, and other grant-compliance activities associated with the Regional Project.

Brownsville further represents and warrants that (i) it is an eligible AFG Program organization and is current and in good standing on all prior AFG Program awards, including reporting and closeout obligations; (ii) it has not requested, and will not request, any item identified in Section 3 or Exhibit A under its own FY 2025 AFG Program application, which the FY 2025 AFG Notice of Funding Opportunity prohibits; and (iii) it will notify Harlingen in writing within ten (10) days if either representation ceases to be accurate. The Parties acknowledge that under the FY 2025 AFG Notice of Funding Opportunity the Regional host may not distribute grant-funded assets to a non-compliant partner, and that Harlingen may suspend Brownsville's access to the Grant-Funded Assets for so long as a representation in this paragraph is inaccurate.

6. MUTUAL RESPONSIBILITIES

The Parties mutually agree to:

a. Coordinate the deployment and use of Grant-Funded Assets through the Regional Emergency Response Unit;

b. Promote interoperability and coordinated emergency response between the Harlingen Fire Department and Brownsville Fire Department;

c. Coordinate training necessary for the safe and effective operation of Grant-Funded Assets;

d. Ensure that personnel operating specialized Grant-Funded Assets possess appropriate training consistent with manufacturer requirements, applicable standards, and departmental procedures;

e. Use Grant-Funded Assets for purposes consistent with the FEMA-approved Regional Project;

f. Protect Grant-Funded Assets against loss, damage, theft, misuse, or unauthorized disposition;

g. Cooperate in maintaining information necessary for equipment inventory, maintenance, use, monitoring, and federal grant compliance;

h. Coordinate joint training and exercises as reasonably necessary to maintain regional operational readiness; and

i. Cooperate in resolving operational, maintenance, or grant-compliance issues affecting the Regional Project.

7. NON-FEDERAL COST SHARE

The Parties expressly agree that the **City of Harlingen shall provide one hundred percent (100%) of the non-federal cost share required for the FY 2025 AFG Regional Project.**

The City of Brownsville shall have **no obligation to contribute to the required non-federal cost share**.

Nothing in this MOU creates a reimbursement obligation, debt, matching-fund requirement, or other financial obligation on Brownsville for Harlingen's AFG cost-share obligation.

8. OWNERSHIP, CUSTODY, AND PROPOSED DISTRIBUTION OF GRANT-FUNDED ASSETS

The proposed distribution of Grant-Funded Assets is set forth in **Exhibit A**.

The Parties expressly agree that:

a. **One hundred percent (100%) of the Grant-Funded Assets shall be purchased by and assigned to the City of Harlingen.**

b. The City of Harlingen shall retain ownership of all Grant-Funded Assets, subject to applicable federal property-management requirements.

c. Except as provided in subsection (i), the Harlingen Fire Department shall serve as the **primary and permanent custodian** of all Grant-Funded Assets.

d. Harlingen shall maintain recipient-level accountability and inventory control for all Grant-Funded Assets.

e. Except as provided in subsection (i), no Grant-Funded Asset is proposed for permanent transfer, assignment, or distribution to Brownsville.

f. Brownsville shall have authorized operational access to the Grant-Funded Assets through its participation in the Regional Emergency Response Unit and applicable mutual-aid activities.

g. Temporary operation or use of a Grant-Funded Asset by Brownsville personnel shall not constitute a transfer of ownership, custody, title, or grant accountability to Brownsville.

h. Neither Party shall sell, transfer, encumber, dispose of, permanently relocate, or materially change the authorized use of a Grant-Funded Asset except in accordance with applicable FEMA requirements and any required FEMA approval.

i. [Assigned custody. The following Grant-Funded Assets shall be placed in the custody of the Brownsville Fire Department and stationed within its first-due response area for the duration of the federal use period: four (4) BLS Automated External Defibrillators; four

(4) Thermal Imaging Cameras; and four (4) Rapid Intervention Team (RIT) Packs/Cylinders. Assignment of custody does not transfer ownership, title, or grant accountability, and each such asset remains subject to Harlingen's inventory and inspection rights and to the disposition requirements of the FEMA award.]

9. REGIONAL USE AND DEPLOYMENT

The Grant-Funded Assets are being acquired to strengthen the joint and regional emergency-response capabilities of the Harlingen Fire Department and Brownsville Fire Department.

The equipment may be used for authorized purposes including:

a. Fire suppression;

b. Firefighter rescue and Rapid Intervention Team operations;

c. Firefighter health and safety;

d. Structural fire and emergency incident response;

e. Search and rescue;

f. Emergency medical response;

g. Extended-duration emergency incidents;

h. SCBA cylinder filling and breathing-air support;

i. Regional emergency-response operations;

j. Joint training and exercises; and

k. Other emergency-response activities consistent with the FEMA-approved AFG Regional Project.

Grant-Funded Assets may accompany Harlingen or Brownsville personnel responding to lawful mutual-aid requests outside their respective jurisdictions when such deployment is consistent with the authorized use of the equipment.

Temporary deployment of Grant-Funded Assets during a mutual-aid response shall not constitute a transfer or permanent distribution of federally funded equipment to the jurisdiction receiving mutual-aid assistance.

No organization that is not a Party to this MOU shall receive ownership, permanent custody, or a direct allocation of Grant-Funded Assets under the Regional Project.

10. MAINTENANCE AND OPERATING COSTS

Each Party shall be responsible for loss of or damage to Grant-Funded Assets to the extent such loss or damage is caused by the negligent act or omission of that Party's officers, employees, or agents while the Grant-Funded Asset is in that Party's possession, use, or operational control.

A Party responsible for such loss or damage shall, subject to applicable law, be responsible for the reasonable cost of repair or, when repair is not reasonably practicable, the reasonable cost of replacement of the affected Grant-Funded Asset.

Neither Party shall be responsible under this Section for ordinary wear and tear or for loss or damage not caused by the negligence of its officers, employees, or agents.

Any financial obligation arising under this Section is subject to the lawful appropriation and availability of funds and shall be payable solely from current revenues lawfully available to the responsible Party.

Nothing in this Section shall be construed as an indemnification of one Party by the other or as a waiver of governmental immunity, sovereign immunity, statutory protections, defenses, or limitations of liability available to either Party under applicable law.

11. FEDERAL GRANT COMPLIANCE

The Parties acknowledge that the Grant-Funded Assets will be acquired using federal financial assistance.

Harlingen, as the Regional Host and grant recipient, shall retain primary responsibility to FEMA for compliance with the award.

Each Party shall comply, as applicable to its respective role, with:

a. The FY 2025 AFG Notice of Funding Opportunity;

b. The terms and conditions of the FEMA award;

c. Applicable federal grant requirements, including applicable provisions of 2 C.F.R. Part 200;

d. Applicable FEMA policies and requirements governing federally funded equipment;

e. Applicable property-management, record-retention, monitoring, audit, and disposition requirements; and

f. Applicable federal, state, and local laws.

If a provision of this MOU conflicts with a requirement of the FEMA award applicable to the Regional Project, the applicable federal award requirement shall control with respect to administration and use of the federal award and Grant-Funded Assets.

12. NO SUBAWARD OR PASS-THROUGH OF GRANT FUNDS

Nothing in this MOU is intended to make Brownsville a subrecipient of Harlingen or to authorize a subaward or pass-through of AFG funds to Brownsville.

Harlingen shall remain the Regional Host and FEMA grant recipient and shall retain responsibility for administration of the grant and accountability for Grant-Funded Assets.

Brownsville's participation and authorized operational use of Grant-Funded Assets constitute participation in the Regional Project and do not constitute a subaward or transfer of federal funds.

13. RELATIONSHIP TO EXISTING MUTUAL-AID AGREEMENTS

This MOU addresses participation in and administration of the FY 2025 AFG Regional Project and the ownership, custody, management, and regional use of Grant-Funded Assets.

This MOU supplements and does not replace, terminate, or supersede otherwise valid mutual-aid agreements, emergency-management agreements, or emergency-response arrangements applicable to the Parties.

Operational matters arising during a mutual-aid deployment, including incident command, supervision of personnel, workers' compensation, reimbursement of response costs, and related matters, shall continue to be governed by applicable law and the mutual-aid agreement or other lawful authority under which the response occurs.

14. RECORDS, MONITORING, AND AUDIT COOPERATION

Each Party shall maintain records within its possession concerning its participation in the Regional Project in accordance with applicable records-retention requirements.

Brownsville shall provide Harlingen with information reasonably necessary for Harlingen to satisfy FEMA reporting, monitoring, inventory, audit, and closeout requirements.

The Parties shall cooperate with lawful federal or state monitoring, inspection, or audit requirements relating to the Regional Project.

Nothing in this MOU requires either Party to disclose information made confidential by law.

15. PERSONNEL

Personnel participating in activities under this MOU shall remain employees of their respective employing Party.

Nothing in this MOU creates an employer-employee, principal-agent, partnership, joint venture, or similar relationship between the Parties.

Each Party shall remain responsible for the supervision, compensation, benefits, and employment obligations of its own personnel.

16. LIABILITY AND GOVERNMENTAL IMMUNITY

Each Party shall be responsible for the acts and omissions of its own officers, employees, and agents to the extent provided by applicable law.

Nothing in this MOU shall be construed as a waiver of governmental immunity, sovereign immunity, official immunity, statutory protection, defense, limitation of liability, or other immunity available to either Party or its officers, employees, or agents.

Nothing in this MOU creates a cause of action or right for the benefit of any third party.

As authorized by Section 791.006(a) of the Texas Government Code, and to the extent permitted by Texas law and subject to appropriation, each Party shall be responsible for the reasonable cost of repairing or replacing a Grant-Funded Asset that is lost, damaged, or destroyed by the negligent act or omission of that Party's officers, employees, or agents while the asset is in that Party's operational control. Responsibility under this paragraph shall not exceed the replacement cost of the asset, less any insurance or self-insurance proceeds actually received, and does not extend to ordinary wear and tear or to loss or damage occurring in the course of a response conducted under an applicable mutual-aid agreement, which shall be governed by that agreement. Any payment owed under this paragraph shall be made solely from current revenues lawfully available to the paying Party, and nothing in this paragraph creates a debt within the meaning of Article XI, Section 5 of the Texas Constitution or obligates either Party to levy a tax or pledge any revenue.

Nothing in this MOU is or shall be construed as an agreement by either Party to indemnify or hold harmless the other. Each Party shall determine the level of insurance or self-insurance it maintains with respect to its activities under this MOU.

17. INTERLOCAL COOPERATION

To the extent applicable, this MOU is entered into pursuant to Chapter 791 of the Texas Government Code and other applicable authority.

Each Party represents that the governmental functions and services contemplated by this MOU are functions and services that it is authorized to perform individually.

To the extent either Party incurs an expenditure under this MOU, any payment shall be made from current revenues lawfully available to the paying Party.

18. TERM AND TERMINATION

This MOU becomes effective on the date of the last signature below.

The MOU shall remain in effect throughout the period of performance of the FY 2025 AFG award and thereafter for so long as the Grant-Funded Assets remain subject to applicable federal use, property-management, record-retention, or disposition requirements.

A Party seeking to terminate its participation shall provide the other Party with at least thirty (30) days' written notice.

No termination shall relieve either Party of obligations previously incurred or authorize any action inconsistent with the terms of the FEMA award or applicable federal requirements. Harlingen may notify FEMA of any termination or material change in regional participation when required by the award.

19. AMENDMENTS

This MOU may be amended only by written agreement executed by the **City Manager of each Party, or their respective duly authorized designee**, following any approval required by applicable law or the respective Party's governing body.

Exhibit A may be amended to reflect FEMA-approved changes to quantities, specifications, costs, or equipment configuration, provided that any amendment remains consistent with the FEMA award and applicable law.

20. NOTICES AND PROJECT COORDINATION

For purposes of administration and operational coordination under this MOU, the primary contacts shall be:

City of Harlingen, Texas

Harlingen Fire Department
Fire Chief Rafael Balderas or Designee
24200 North FM 509
Harlingen, Texas
Telephone: (956) 230-8050

City of Brownsville, Texas

Brownsville Fire Department
Fire Chief Jarrett V. Sheldon
1150 East Adams Street, 2nd Fl
Brownsville, Texas 78520
Telephone: (956) 546-3195

Either Party may update its contact information by written notice without requiring a formal amendment to this MOU.

21. GOVERNING LAW

This MOU shall be governed by and construed in accordance with applicable federal law and the laws of the State of Texas. Venue for any action arising under this MOU shall lie in Cameron County, Texas.

22. SEVERABILITY

If any provision of this MOU is determined to be invalid or unenforceable, the remaining provisions shall remain in effect to the extent permitted by law.

23. ENTIRE AGREEMENT REGARDING THE AFG REGIONAL PROJECT

This MOU and its incorporated Exhibit A constitute the understanding of the Parties concerning their respective participation, responsibilities, financial obligations, and proposed distribution of assets for the FY 2025 AFG Regional Project.

Nothing in this section shall be construed to supersede an otherwise valid mutual-aid agreement except to the extent necessary to administer the AFG Regional Project in compliance with applicable federal requirements.

24. COUNTERPARTS AND ELECTRONIC SIGNATURES

This MOU may be executed in counterparts, each of which shall be considered an original and all of which together shall constitute one agreement.

Electronic or digital signatures may be accepted to the extent permitted by applicable law and the policies of the respective Parties.

25. AUTHORIZATION AND EXECUTION

This MOU shall be executed on behalf of each Party by its respective **City Manager**, following any authorization or approval required by applicable law or the governing body of the respective City.

Each City Manager signing this MOU represents that he or she is duly authorized to execute the MOU on behalf of the respective City.

The Parties acknowledge that the City Managers' execution of this MOU constitutes execution by the Regional Host and Participating Partner for purposes of the FY 2025 AFG Regional Project.

EXHIBIT A

FY 2025 ASSISTANCE TO FIREFIGHTERS GRANT REGIONAL PROJECT

PROPOSED DISTRIBUTION OF GRANT-FUNDED ASSETS

A. Asset Distribution

For purposes of the FY 2025 AFG Regional Project:

- The **City of Harlingen will purchase and retain ownership of 100% of the Grant-Funded Assets**, subject to applicable federal property requirements.
- The **Harlingen Fire Department will serve as the primary and permanent custodian of the Grant-Funded Assets, except those assigned to Brownsville custody below**.
- The **City of Harlingen will maintain recipient-level grant and property accountability for 100% of the Grant-Funded Assets**.
- Except as provided in the following bullet, no Grant-Funded Asset is proposed for permanent transfer or assignment to the City of Brownsville.
- [Custody of four (4) BLS Automated External Defibrillators, four (4) Thermal Imaging Cameras, and four (4) Rapid Intervention Team (RIT) Packs/Cylinders will be assigned to the Brownsville Fire Department under Section 8 of the MOU. Assignment of custody does not transfer ownership, title, or grant accountability.]
- The Brownsville Fire Department will have authorized operational access to the Grant-Funded Assets through its participation in the Regional Emergency Response Unit for regional responses, mutual aid, training, and other authorized activities consistent with the FEMA award.

Grant-Funded Asset	Quantity	Owner / Grant Accountability	Permanent Custodian	Authorized Regional Users
FeldFire Skid Unit	1	City of Harlingen	Harlingen Fire Department	Harlingen FD / Brownsville FD
Mobile Air Compressor/Cascade/Fill Station for Filling SCBA	1	City of Harlingen	Harlingen Fire Department	Harlingen FD / Brownsville FD
BLS Automated External Defibrillators (AEDs)	8	City of Harlingen	Harlingen Fire Department	Harlingen FD / Brownsville FD

Thermal Imaging Cameras	8	City of Harlingen	Harlingen Fire Department	Harlingen FD / Brownsville FD
Rapid Intervention Team (RIT) Packs/Cylinders	8	City of Harlingen	Harlingen Fire Department	Harlingen FD / Brownsville FD

B. Equipment Specifications

Each item identified below is specified as a **brand name or approved equal**. Harlingen shall procure equipment meeting or exceeding these specifications in accordance with applicable federal, state, and local procurement requirements, including the competition requirements of 2 C.F.R. Part 200.

1. FeldFire Skid Unit – Quantity: 1

One (1) **FeldFire Skid Unit** or approved equal consisting of:

- 5-foot aluminum frame;
- 400-gallon tank;
- Waterous P818-2515 18 hp pump;
- LP reel with rollers;
- 150 feet of hose;
- No foam system; and
- Suction intake consisting of:
    - One (1) Akon 2-inch valve; and
    - T2P 2.5-inch Male NST with cap.

2. Mobile Air Compressor/Cascade/Fill Station for Filling SCBA – Quantity: 1

One (1) **Air Compressor/Cascade/Fill Station for filling Self-Contained Breathing Apparatus (SCBA)** or approved equal consisting of:

- Arctic 2500 compressor block;
- Two-position fill station;
- Four-bank manual control panel;
- Four (4) storage cylinders;
- M4200 CO monitor;
- Single 7,000-lb. axle;
- Electronic brakes;
- 24 kW battery with All Power Technology;
- Scene lighting;
- Adjustable-height ball hitch (2-5/16 inch);

- High-pressure hose reel;
- 120V 15-amp auxiliary power output;
- 12V/USB auxiliary power outputs; and
- 12V busbar.

3. BLS Automated External Defibrillators – Quantity: 8

Eight (8) **Basic Life Support Automated External Defibrillators (AEDs)** or approved equal for emergency medical and regional emergency-response operations.

4. Thermal Imaging Cameras – Quantity: 8

Eight (8) **Thermal Imaging Cameras** for fireground operations, search and rescue, incident assessment, firefighter safety, and other authorized emergency-response activities.

5. Rapid Intervention Team Packs/Cylinders – Quantity: 8

Eight (8) **Rapid Intervention Team (RIT) Packs/Cylinders** or approved equal for firefighter rescue, emergency air supply, and other authorized rapid-intervention operations.

C. Regional Operational Availability

Although Harlingen will retain ownership, custody, and grant accountability for all Grant-Funded Assets, the equipment is being acquired as part of a Regional AFG Project supporting the coordinated emergency-response capabilities of the Harlingen Fire Department and Brownsville Fire Department.

The Grant-Funded Assets shall be available for authorized regional use for purposes including:

- Fire suppression;
- Firefighter rescue and safety;
- Rapid Intervention Team operations;
- Structural fire and emergency incident response;
- Search and rescue;
- Emergency medical response;
- Extended-duration incidents;
- SCBA cylinder filling and breathing-air support;
- Regional emergency-response operations;
- Joint training and exercises; and
- Other activities consistent with the FEMA-approved AFG Regional Project.

Deployment shall be based upon incident needs, equipment availability, operational readiness, and applicable incident-command and mutual-aid procedures.

Brownsville's authorized operational use of a Grant-Funded Asset during an incident, training activity, exercise, or mutual-aid deployment shall not constitute a transfer of ownership or permanent custody.

D. Mutual-Aid Deployment

Grant-Funded Assets may accompany Harlingen or Brownsville personnel when participating in authorized mutual-aid responses outside the Parties' respective jurisdictions.

Such temporary deployment constitutes regional emergency-response use of the equipment and does not constitute a transfer, distribution, or permanent assignment of the Grant-Funded Assets to the jurisdiction receiving mutual-aid assistance.

No non-party organization will receive ownership, permanent custody, or direct allocation of a Grant-Funded Asset under this MOU.

E. Cost Share

The **City of Harlingen shall provide one hundred percent (100%) of the required non-federal cost share** associated with the FY 2025 AFG Regional Project.

The **City of Brownsville shall not be required to provide any portion of the required non-federal cost share**.

F. Final FEMA Award

The equipment quantities identified above reflect the equipment proposed under the FY 2025 AFG Regional Project.

Final equipment specifications, quantities, configurations, and costs shall conform to the equipment approved by FEMA. If FEMA approves a modification to the equipment package, the Parties may revise this Exhibit as necessary to conform to the final federal award.

To:	Mayor and City Commission
Through:	Alan Guard, Interim City Manager
From:	Martin Vega, Assistant Director of Land Development Services
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** to approve the contract with Borderless Studio LLC for the completion of the Southmost Corridor Study and related services to be rendered during the eight-month project period, in an amount not to exceed $169,995. (Planning & Redevelopment Services)

Summary:
The City of Brownsville will enter into a contract with Borderless Studio LLC. for the services rendered to prepare a focused planning and policy study for the Southmost area. The assignment will evaluate corridor conditions, community needs, and applicable regulations, and will produce implementation-ready recommendations to preserve neighborhood character while supporting compatible reinvestment, safer multimodal connectivity, and targeted public realm improvements. The consultant will work under the direction of the Planning & Redevelopment Department. City staff will supervise the project and coordinate internal review; the consultant will perform the technical analysis, engagement, and policy development. The name of the study is Southmost Area Corridor Study and Policy Initiative, and it will be funded with local, general funds.

Project Scope and Analysis:
Task 1. Project Initiation
Conduct a kickoff meeting, confirm the work plan and schedule, identify needed data, and coordinate with staff throughout the project. Deliverables: Work plan, schedule, monthly status updates.

Task 2. Existing Conditions Analysis
Document existing land use, zoning, development pattern, business activity, housing types, corridor character, mobility conditions, public facilities, transit conditions, pedestrian and bicycle connectivity, environmental conditions, and opportunities/constraints within the study area. Deliverables: Existing conditions memorandum, corridor maps, opportunities and constraints summary.

Task 3. Policy and Regulatory Review

Review applicable plans, current zoning, and relevant development standards to identify gaps, conflicts, and opportunities for more context-sensitive regulations. Deliverables: Policy and regulatory review memorandum, including how specific plans translate into aligned strategies in this study.

Task 4. Public Engagement
Conduct a targeted engagement process that includes stakeholder interviews, at least two public meetings or open houses, and one walk audit and/or corridor workshop. Engagement shall be accessible and responsive to the needs of residents, business owners, transit users, and older adults. Deliverables: Engagement plan, meeting materials, engagement summary.

Task 5. Vision and Corridor Framework
Prepare a concise vision and planning framework for the study area, including corridor-specific principles for neighborhood preservation, public realm improvements, multimodal mobility, and compatible reinvestment. Deliverables: Vision and framework memorandum.

Task 6. Transportation and Design Alternatives
Develop corridor-level concepts for sidewalks, crossings, bicycle facilities, bus stop enhancements, traffic calming, streetscape improvements, trail connections, shade, ADA access, and other public realm improvements. Deliverables: Corridor alternatives package, illustrative sections or concepts.

Task 7. Land Use and Economic Development Recommendations
Recommend land use and reinvestment strategies that support neighborhood-scale business activity, adaptive reuse, small commercial nodes where appropriate, and improved compatibility between residential and commercial areas. Deliverables: Land use and economic development recommendations memorandum.

Task 8. Environmental and Resiliency Strategies
Identify practical strategies related to tree planting, shade, heat mitigation, stormwater-sensitive design, low-maintenance public improvements, and animal-friendly amenities where appropriate. Deliverables: Environmental and resiliency summary.

Task 9. Overlay / Zoning Recommendations
Recommend an implementation tool or combination of tools, such as an overlay district, special area standards, or targeted UDC amendments. Recommendations shall address uses, setbacks, frontage, parking, landscaping, signage, buffering, adaptive reuse, and other context-sensitive development standards. Deliverables: Zoning strategy memorandum and draft code framework.

Task 10. Final Report and Implementation Strategy
Prepare a draft and final report that consolidates findings, recommendations, concept improvements, zoning direction, and implementation actions. The implementation strategy shall identify priority actions, responsible parties, and short-, medium-, and long-term steps. Deliverables: Draft report, final report, implementation matrix, presentation materials.

Funding:

PROCUREMENT ANALYSIS

Date: Thursday, August 13, 2026
To: Mr. John Cowen Jr., City Mayor
From: Mr. Alan Guard, Interim City Manager
CC: Mr. Damian Espinoza, Procurement Director
Mr. Daniel Leal, Planning & Redevelopment Director

Agenda Title:
Agenda Item for the City Commission meeting of Tuesday, September 1, 2026.
"Consideration and Action to Authorize a Contract with Borderless Studio LLC in the amount of $169,995.00 for Contract No. 206-26-PLN-RFQ, for a term of Eight (8) Months, for consulting services for the Southmost Area Corridor Study and Policy Initiative, (Planning and Redevelopment Department.)"

Executive Summary:

- Department: Planning and Redevelopment Department
- Procurement Method: RFQ
- Submittals Received: Three (3)
- Contract Number: 206-26-PLN-RFQ
- Vendor: Borderless Studio LLC
- Contract Amount: $169,995.00
- Term: Eight (8) Months from Issuance of the Notice to Proceed

Background:
The Planning and Redevelopment Department requested qualifications for professional planning services to conduct the Southmost Area Corridor Study and Policy Initiative. The study will evaluate existing conditions and community needs and develop actionable land use, redevelopment, zoning, mobility, and policy recommendations to guide future development and investment in the Southmost area.

Procurement Process:
The Procurement Department issued an RFQ in compliance with the Texas Local Government Code. The solicitation was advertised in the local newspaper and posted on the City's electronic bidding platform. Three (3) qualifications were received.

This procurement is governed by the following statute:

- **RFQ (Professional Services): Texas Government Code Chapter 2254 – Professional Services Procurement Act.**

Results:
Three firms submitted qualifications. The evaluation committee reviewed each submission based on qualifications, experience, and capacity to perform the work. Borderless Studio LLC ranked first overall, followed by Consor North America, Inc. and LEC Engineering, Inc. The qualifications scoring results are provided as Exhibit A.

Vendor Information:
Borderless Studio LLC
118 Broadway St Suite 607, San Antonio, TX 78205
Point of Contact: Paola Aguirre Serrano, Partner
Phone/Email: (773) 270-2195 | paola@borderless-studio.com

Exhibits & Supporting Documents:
- RFQ: Exhibit A – Evaluation Results (committee scoring).
- Exhibit B: Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Recommendation:
The Procurement Department recommends that the City Commission authorize a contract with Borderless Studio LLC, the highest-ranked firm selected through Request for Qualifications No.20-26-PLN-RFQ, in a total amount not to exceed $169,995.00, for a term of eight (8) months.

Approval of this agenda item will authorize the full contract value.

CITY OF BROWNSVILLE CONTRACT AGREEMENT FOR SOUTHMOST AREA CORRIDOR STUDY AND POLICY INITIATIVE
206-26-PLN-RFQ

This Agreement shall commence upon the approval of the City Commission and executed by the City of Brownsville's Mayor or designee. This Agreement is between The City of Brownsville, Texas, hereinafter referred to as ("CITY") and Borderless Studio LLC, hereinafter referred to as ("CONTRACTOR"), collectively referred to as "Parties" and individually as "Party".

1. **Documents**
    a. The following documents (collectively, "Contract Documents") are hereby incorporated into and made part of this Agreement.

        i. Scope of Services/ Proposal, Compensation and Fees (Exhibit A)
        ii. Term of Agreement (Exhibit B)
        iii. Form 2 - Statement of Conflict of Interest (Exhibit C)
        iv. Insurance (Exhibit D)
        v. Form 3 – Texas Ethics Commission Certificate of Interested Parties 1295 (Exhibit E)

2. **Scope of Services**
    a. Contractor shall perform the Services under this agreement upon written request orders by CITY. Unless otherwise specified in a project request, Contractor and CITY agree that the scope of work is deemed to include preliminary considerations and prerequisites, and all tasks which are an integral and inseparable part of the work described in the Contract Documents or by separate written request.
    b. Contractor will perform such Services in a diligent and workmanlike manner consistent with industry standards.
    c. By signing this Agreement, Contractor represents that it has thoroughly reviewed the Contract Documents incorporated into this Agreement, including but not limited to "Exhibit A" Scope of services and that it accepts the description of the Work and the conditions under which the Work is to be performed and completed.

3. **Independent Contractor; Personnel**
    a. Contractor enters into this Agreement as, and shall continue to be, an independent Contractor. All Services shall be performed only by Contractor and Contractor's employees. Under no circumstances shall Contractor, or any of Contractor's employees, look to CITY as his/her employer, or as a partner, agent or principal. Neither Contractor, nor any of Contractor's employees, shall be entitled to any benefits accorded to CITY's employees, including without limitation worker's compensation, disability insurance, vacation or sick pay. Contractor shall be responsible for providing, at Contractor's expense, and in Contractor's name, unemployment, disability, worker's compensation and other insurance, as well as any and all licenses and permits usual or necessary for conducting the Services. Contractor shall be responsible for paying all applicable local, state and federal taxes.
    b. Contractor represents and warrants to CITY that its employees performing Work hereunder will have sufficient expertise, training, licensure (if applicable) and experience to accomplish the Services.

4. **Term of Agreement.**

   a. The initial contract period shall commence upon approval by the City Commission and when executed by the City of Brownsville's Mayor or designee and shall end or be extended upon the terms specified in Contract Documents "Exhibit B". The term or any continuation of this Agreement shall be subject to both the appropriation and the availability of funds by CITY.

5. **Compensation**

   a. Contractor agrees that compensation for services shall be as specified in the Contract Documents "Exhibit A". It is acknowledged and agreed by Contractor that compensation, as enumerated in Exhibit A constitutes a limitation upon CITY's obligation to compensate Contractor for Contractor's services pursuant and related to this Agreement but it does not constitute a limitation of any sort upon Contractor's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services.

   b. Contractor may submit invoices for compensation no more often than monthly, but only after the services for which the invoices are submitted have been completed. An original invoice plus one copy are due within fifteen (15) days of the end of the month except the final invoice which must be received no later than sixty (60) days after this Agreement expires. Invoices shall designate the nature of the services performed and/or the goods provided. Notwithstanding any provision of this Agreement to the contrary, CITY may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or defective work that has not been remedied or resolved in a manner satisfactory to the CITY's Contract Administrator or failure to comply with this Agreement. The amount withheld shall not be subject to payment of interest by CITY.

6. **Observation and Review of the Project.**

   a. The Contractor shall exercise reasonable care and due diligence in discovering and promptly reporting to the City defects or deficiencies in the work of the Contractor or any subContractors or sub-Contractors reasonably observed during regular site visits.

7. **Ownership of Documents.**

   a. All documents prepared or furnished by the Contractor (and Contractor's subContractors or sub-Contractors) pursuant to this Agreement are instruments of service and shall become property of the City upon the termination of this Agreement. The Contractor is entitled to retain copies of all such documents.

8. **Insurance**

   a. The Contractor shall furnish proof of insurance requirements as specified in Contract Documents "Exhibit D". The coverage is to remain in force at all times during the contract period and the minimum insurance coverage is required. The commercial general liability insurance policy shall name the City of Brownsville, Texas, as an "additional insured." This MUST be written in the description section of the insurance certificate, even if there is a check-off box on the insurance certificate. Any costs for adding the City as "additional insured" shall be at the Contractor's expense.

   b. The CITY shall be given notice 10 days prior to cancellation or modification of any required insurance. The insurance provided shall be endorsed or amended to comply with this notice requirement. In the event that the insurer is unable to accommodate, it shall be the responsibility of the Contractor to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested and addressed to the Procurement Services Division.

c. The Contractor's insurance must be provided by an A.M. Best's "A-"rated or better insurance company authorized to issue insurance policies in the State of Texas, subject to approval by the City of Brownsville Department of Safety and Risk Management. Any exclusions or provisions in the insurance maintained by the Contractor that excludes coverage for work contemplated in this solicitation shall be deemed unacceptable, and shall be considered breach of contract.

9. Termination

a. *Termination for Cause.* The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. CITY may also terminate this Agreement upon such notice as the City of Brownsville's City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The parties agree that if the CITY erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to CITY's satisfaction; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

b. *Termination for Convenience.* CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this Agreement is terminated for convenience, Contractor shall be paid for any services performed to CITY's satisfaction pursuant to the Agreement through the termination date specified in the written notice of termination. Contractor acknowledges and agrees that he/she/it has received good, valuable and sufficient consideration from CITY, the receipt and adequacy of which are hereby acknowledged by Contractor, for CITY's right to terminate this Agreement for convenience.

c. *Cancellation for Non-appropriated Funds.* CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for non-appropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of CITY for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

d. *Force Majeure.* CITY and Contractor will be excused from the performance of their respective obligations under this agreement when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of transportation, equipment, or service from a public utility needed for their performance, provided that:

   i. The non performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;

   ii. The excuse of performance is of no greater scope and of no longer duration than is reasonably necessary when considered in light of the Force Majeure;

iii. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure; and
iv. The non-performing party uses its best efforts to remedy its inability to perform.
v. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of sixty (60) days, provided that in extenuating circumstances, CITY may excuse performance for a longer term. Economic hardship of the Contractor will not constitute Force Majeure. The term of the agreement shall be extended by a period equal to that during which either party's performance is suspended under this Section.

10. Materiality and Waiver of Breach.

a. CITY and Contractor agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and that each is, therefore, a material term hereof. CITY's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement

11. Indemnification.

a. CONTRACTOR COVENANTS AND AGREES TO FULLY INDEMNIFY, DEFEND AND HOLD HARMLESS, THE CITY AND THE ELECTED OFFICIALS, EMPLOYEES, OFFICERS, DIRECTORS, VOLUNTEERS AND REPRESENTATIVES OF THE CITY, INDIVIDUALLY AND COLLECTIVELY, FROM AND AGAINST ANY AND ALL COSTS, CLAIMS, LIENS, DAMAGES, LOSSES, EXPENSES, FEES, FINES, PENALTIES, PROCEEDINGS, ACTIONS, DEMANDS, CAUSES OF ACTION, LIABILITY AND SUITS OF ANY KIND AND NATURE, INCLUDING BUT NOT LIMITED TO, PERSONAL OR BODILY INJURY, DEATH AND PROPERTY DAMAGE, MADE UPON THE CITY DIRECTLY OR INDIRECTLY ARISING OUT OF, RESULTING FROM OR RELATED TO CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, INCLUDING ANY ACTS OR OMISSIONS OF CONTRACTOR, ANY AGENT, OFFICER, DIRECTOR, REPRESENTATIVE, EMPLOYEE, CONTRACTOR OR SUBCONTRACTOR OF CONTRACTOR, AND THEIR RESPECTIVE OFFICERS, AGENTS EMPLOYEES, DIRECTORS AND REPRESENTATIVES WHILE IN THE EXERCISE OF THE RIGHTS OR PERFORMANCE OF THE DUTIES UNDER THIS AGREEMENT. THIS INDEMNIFICATION PROVISION IS SPECIFICALLY INTENDED TO OPERATE AND BE EFFECTIVE EVEN IF IT IS ALLEGED OR PROVEN THAT ALL OR SOME OF THE DAMAGES BEING SOUGHT WERE CAUSED, IN WHOLE OR IN PART, BY ANY ACT, OMISSION OR NEGLIGENCE OF THE CITY. THIS INDEMNITY PROVISION IS INTENDED TO INCLUDE, WITHOUT LIMITATION, INDEMNITY FOR COSTS, EXPENSES AND LEGAL FEES INCURRED BY THE CITY IN DEFENDING AGAINST SUCH CLAIMS AND CAUSES OF ACTIONS. IN THE EVENT CONTRACTOR AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION,

LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

b. THE PROVISIONS OF THIS INDEMNITY ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY. CONTRACTOR SHALL ADVISE THE CITY IN WRITING WITHIN 24 HOURS OF ANY CLAIM OR DEMAND AGAINST THE CITY OR CONTRACTOR KNOWN TO CONTRACTOR RELATED TO OR ARISING OUT OF CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, AND SHALL SEE TO THE INVESTIGATION AND DEFENSE OF SUCH CLAIM OR DEMAND AT CONTRACTOR'S COST. THE CITY SHALL HAVE THE RIGHT, AT ITS OPTION AND AT ITS OWN EXPENSE, TO PARTICIPATE IN SUCH DEFENSE WITHOUT RELIEVING CONTRACTOR OF ANY OF ITS OBLIGATIONS UNDER THIS PARAGRAPH.

c. This Indemnification provision shall survive termination or expiration of the Agreement.

12. Miscellaneous Provisions.

a. *Successors and Assigns.* All of the provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, if any, successors, and assigns.

b. *Choice of Law.* The laws of the state of Texas shall govern the validity of this Agreement, the construction of its terms and the interpretation of the rights and duties of the parties hereto.

c. *No Waiver of Governmental Immunity.* NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED TO WAIVE CITY'S GOVERNMENTAL IMMUNITY FROM LAWSUIT, WHICH IMMUNITY IS EXPRESSLY RETAINED TO THE EXTENT IT IS NOT CLEARLY AND UNAMBIGUOUSLY WAIVED BY STATE LAW.

d. *Assignment.* Contractor shall not assign any of Contractor's rights under this Agreement or delegate the performance of any of Contractor's duties hereunder, without the prior consent of CITY.

e. *Modification or Amendment.* No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties hereto.

f. *Venue.* This Agreement and any and all matters arising directly or indirectly here from shall be governed by and construed and enforced in accordance with the Laws of the State of Texas, in the Federal and State Courts of Cameron County, Texas having jurisdiction. (b) If at any time there is a dispute between or among the Parties with respect to any matter arising directly or indirectly from this Agreement (an "Agreement Matter"), the Parties agree that, prior to seeking judicial remedy, they will engage in face-to-face negotiations in an attempt to resolve such dispute and shall, upon failing to negotiate a mutually-satisfactory resolution, choose a mutually agreeable neutral third party to mediate such dispute. Mediation shall be non-binding and shall be confidential.

g. *Notices.* Any and all notices, demands, or other communications required or desired to be given hereunder by any party shall be in writing and shall be validly given or made to another party if personally served, or if deposited in the United States mail, certified or registered, postage prepaid, return receipt requested. If such notice or demand is served personally, notice shall be deemed constructively

made at the time of such personal service. If such notice, demand or other communication is given by mail, such notice shall be conclusively deemed given five days after deposit thereof in the United States mail addressed to the party to whom such notice, demand or other communication is to be given as follows:

If to Contractor:	Borderless Studio LLC 118 Broadway St Suite 607 San Antonio, Texas 78205
If to CITY:	City of Brownsville 1001 E. Elizabeth St. Brownsville, Texas, 78521

Any party hereto may change its address for purposes of this paragraph by written notice given in the manner provided above.

h. *Entire Understanding.* This document and any exhibit attached constitute the entire understanding and agreement of the parties, and any and all prior agreements, understandings, and representations are hereby terminated and canceled in their entirety and are of no further force and effect.

i. *Unenforceability of Provisions.* If any provision of this Agreement, or any portion thereof, is held to be invalid and unenforceable, then the remainder of this Agreement shall nevertheless remain in full force and effect.

IN WITNESS WHEREOF the undersigned have executed this Agreement as of the day and year first written above.

Southmost Area Corridor Study

FEE PROPOSAL
RFQ # 206-26-PLN-RFQ

FEE PROPOSAL DATED
17 JULY 2026

PREPARED FOR
CITY OF BROWNSVILLE

FEE PROPOSAL SUBMITTED BY

BORDERLESS STUDIO

WITH

COLLABO + NELSON NYGAARD + CODE STUDIO

July 17, 2026

City of Brownsville
Procurement Department

Dear Procurement Team,

Borderless Studio, in partnership with **Collabo Planning**, **Nelson\Nygaard**, and **Code Studio**, is pleased to submit the attached revised fixed-cost pricing proposal for the Southmost Area Corridor Study and Policy Initiative.

This revised proposal responds to the City's comments regarding scope, level of effort, and available professional services budget, as well as the scope alignment conversation held on Tuesday, July 14. Based on that discussion, we have restructured the work to more closely reflect the City's primary objectives: advancing land use, redevelopment, zoning, and policy recommendations that can help attract investment, guide future development, and support Southmost's participation in Brownsville's broader growth.

The revised scope maintains the overall intent of the RFQ while streamlining the level of effort. Project coordination will be conducted primarily virtually. Existing conditions work will rely on City-provided reports, studies, GIS data, and other background materials. Public engagement will be more targeted and supported by City staff where appropriate. Mobility, public infrastructure, environmental, and public realm considerations will remain part of the study, but at a planning and strategy level rather than as engineering or detailed design alternatives.

The proposal also places greater emphasis on an implementation-ready land use and zoning framework, including recommendations for an overlay district, targeted development standards, and related implementation tools. The final work product will be organized as a focused, actionable package that supports City decision-making, future investment, and potential adoption steps.

We appreciate the City's willingness to work with our team to refine the scope in a way that maintains the value and purpose of the study while aligning with available resources. Thank you again for the opportunity to continue moving forward in this process. We look forward to our continued collaboration with the City of Brownsville on this important effort.

Sincerely,

Paola Aguirre Serrano, AICP
Principal-in-Charge

Timeline Overview

The revised schedule is organized as an eight-month process beginning at notice to proceed. The work plan is structured to maintain momentum through overlapping tasks, allowing project management, engagement, technical analysis, policy review, land use and zoning recommendations, and implementation planning to advance in parallel.

The first month will focus on project initiation, City coordination, data collection, schedule confirmation, and consultant team alignment. Existing conditions analysis and policy / regulatory review will begin shortly thereafter and continue through the first four months, establishing the technical foundation for the corridor recommendations.

Public engagement will occur throughout the process and will include stakeholder interviews, a baseline survey, two consultant-supported community meetings, one City-led community meeting and/or City-supported pop-ups, and a corridor walk audit / workshop. These activities are intended to create a focused feedback loop so that community priorities inform the corridor framework, land use recommendations, zoning / overlay strategy, and implementation plan.

Visioning and corridor framework development will occur during the middle of the project, followed by land use and economic development recommendations, planning-level transportation and public realm strategies, focused environmental and resiliency considerations, and zoning / overlay recommendations. These tasks will be coordinated so that mobility, land use, public realm, and regulatory strategies are developed as one integrated implementation framework.

The final two months will focus on preparing the draft report, confirming priorities with the City and community, refining recommendations, and completing the final report and implementation strategy. Planning Commission and City Council presentations may be coordinated during this period, as requested by the City.

The schedule is adaptable and may be refined with the City during contract negotiation to confirm review periods, meeting dates, and key milestones.

Community Engagement + Project Trips

- Trip 1 - Community Meeting #1 — Month 2-3
- Trip 2 - Community Meeting #2 — Month 5-6
- City Hosted - Community Meeting #3 and/or Pop-Ups (x3) — Month 6-7

Virtual Workshops

- Mobility Workshop #1 Existing Conditions + Priorities — Month 3-4
- Mobility Workshop #2 Draft Corridor Concepts / Toolbox Review — Month 5-6

Presentations (Optional) (In Person or Virtual)

- Present Zoning Recommendations to Planning Commission — Month 8
- Present Zoning Recommendations to City Council — Month 8

Project Kick-Off Meeting

Project kickoff is assumed to occur virtually unless the City requests an in-person kickoff.

Project Deliverables

- Existing Conditions Memorandum
- Policy + Regulatory Review Memorandum
- Vision + Corridor Framework Memorandum
- Land Use + Economic Development Memorandum
- Zoning Strategy Memorandum + Draft Code Framework
- Final Report + Implementation Strategy

Deliverables Moved to be included with Final Report

- Engagement Summary
- Transportation + Design Alternatives Package
- Environmental + Resiliency Summary

Task 4.7	City Led Community pop-ups Design and Development (x3)							POP-UPS x3						
Task 4.8	~~Community Meeting #3 (Draft Plan)~~													
Task 4.9	~~Prepare Engagement Summary~~ (MOVE TO FINAL REPORT)													
TASK 5 - VISION + CORRIDOR FRAMEWORK (4 MONTHS)					1	2	3	4			(L)	(S)	(R)	(S)
Task 5.1	Develop corridor vision and guiding principles													
Task 5.2	Define neighborhood preservation + reinvestment framework													
Task 5.3	Establish public realm and placemaking strategies													
Task 5.4	Integrate multimodal mobility framework													
Task 5.5	Develop corridor typologies													
Task 5.6	Prepare Vision + Corridor Framework Memorandum													
TASK 6 - TRANSPORTATION + DESIGN ALTERNATIVES (4 MONTHS)						1	2	3	4		(L)	(R)	(S)	(R)
Task 6.1	Identify key strategies, projects and toolbox of improvements													
Task 6.2	Prepare draft concepts for each corridor													
Task 6.2A	Virtual Mobility Workshop #2 – Draft Corridor Concepts / Toolbox Review						WORKSHOP							
Task 6.3	~~Finalize Corridor Package (illustrative sections)~~ (MOVE TO FINAL REPORT)													
TASK 7 - LAND USE + ECONOMIC DEVELOPMENT (4 MONTHS)						1	2	3	4		(L)	(S)	(S)	(C)
Task 7.1	Assess development patterns and reinvestment opportunities													
Task 7.2	Identify neighborhood-scale commercial nodes													
Task 7.3	Develop land use recommendations													
Task 7.4	Prepare Land Use + Economic Development Memorandum													
TASK 8 -ENVIRONMENTAL + RESILIENCY STRATEGIES (4 MONTHS)						1	2				(L)	(S)	(S)	(S)
Task 8.1	Develop environment and resiliency strategies													
Task 8.2	~~Prepare Environmental + Resiliency Summary~~ (MOVE TO FINAL REPORT)													
TASK 9 - OVERLAY / ZONING RECOMMENDATIONS (3 MONTHS)						1	2	3			(C)	(S)	(S)	(L)
Task 9.1	Define zoning and overlay strategy approach													
Task 9.2	Develop recommended development standards													
Task 9.3	Prepare Zoning Strategy Memorandum + Draft Code Framework													
TASK 10 - FINAL REPORT + IMPLEMENTATION STRATEGY (3 MONTHS)									1	2	(L)	(S)	(S)	(S)
Task 10.1	~~Draft report~~													
Task 10.2	Develop implementation strategy and recommendations													
Task 10.3	Develop funding and phasing considerations													
Task 10.4	Zoning Presentation to Planning Commission (OPTIONAL) (2 People)								PRESENT					
Task 10.5	Zoning Presentation to City Council (OPTIONAL) (2 People)								PRESENT					
Task 10.6	Final Report													

Project Cost Summary

In conversation with the City of Brownsville procurement team Borderless Studio proposes a total fixed fee, shown below, for the Southmost Area Corridor Study and Policy Initiative.

This amount includes professional services for the full consultant team, Borderless Studio, Collabo Planning, Nelson\Nygaard, and Code Studio, as well as a capped expenses budget.

The proposed fee is based on the scope of work developed from the RFQ, an eight-month project schedule, and the anticipated level of effort required to complete the study's major tasks, including project management, existing conditions analysis, public engagement, vision and corridor framework development, transportation and design alternatives, land use and economic development recommendations, environmental and resiliency strategies, zoning / overlay recommendations, and final report preparation.

The total not-to-exceed contract amount, inclusive of professional services and all project-related expenses, is $169,995.

Project-related expenses, including travel, printing, materials, and meeting-related costs, are included within the total fixed fee and will not be billed separately to the City. The consultant team has capped these expenses at $6,000 and will manage them within the total contract amount.

No additional reimbursable expenses will be requested without prior written authorization from the City.

Billing will be issued monthly based on percentage of scheduled completion.

If necessary a secondary scope alignment conversation with the City prior to finalizing the agreement is welcome.

SUMMARY BUDGET PROPOSAL

SERVICES FEE BY TASK

Task 1 - Project Initiation + Set Up + Recurring Meetings	$ 9,130
Task 2 - Existing Conditions Analysis	$ 24,405
Task 3 - Policy + Regulatory Review	$ 9,465
Task 4 - Listening + Learning / Public Engagement	$ 28,960
Task 5 - Vision + Corridor Framework	$ 22,275
Task 6 - Transportation + Design Alternatives	$ 22,985
Task 7 - Land Use + Economic Development	$ 19,620
Task 8 -Environmental + Resiliency Strategies	$ 4,795
Task 9 - Overlay / Zoning Recommendations	$ 15,380
Task 10 - Final Report + Implementation Strategy	$ 12,980
TOTAL	$ 169,995

SERVICES FEE BY FIRM

Borderless Studio	$ 104,750
Collabo Planning	$ 12,775
Nelson\Nygaard	$ 10,035
Code Studio	$ 42,435
TOTAL	$ 169,995

EXPENSES CAP

Travel, Printing and Materials capped at:	$ 6,000

FEE ASSUMPTIONS

- Eight-month schedule from notice to proceed.
- Kickoff and monthly check-ins are to be virtual.
- Design outcomes are planning-level concepts, not engineering documents.
- No civil engineering, extensive traffic modeling, surveying, or signed/sealed drawings.
- Zoning scope includes planning-level regulatory recommendations and draft zoning framework, including proposed district metrics and allowed uses.
- Adoption ready zoning ordinance to be provided for City Staff review and initial presentation to Planning Commission and City Council, if deemed necessary.
- Extended adoption support are additional services.

"EXHIBIT B" – Contract Term

Contract Term: The Contract shall commence upon approval by the City Commission and issuance of a written Notice to Proceed by the City and shall remain in effect until completion and acceptance of all required services and deliverables, but no later than eight (8) months from the date of the Notice to Proceed, unless extended by written agreement of the parties or terminated earlier in accordance with the Contract.

Renewal Periods: There are no renewal periods under this Contract.

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1001 East Elizabeth Street, Brownsville, Texas 78520
Email: citysecretary@brownsvilletx.gov
Phone: (956) 548-6000

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

For vendor doing business with local governmental entity

FORM CIQ

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

_____
Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

"EXHIBIT D"

INSURANCE

Contractor shall obtain and maintain insurance coverage as agreed in paragraph 8 of the City of Brownsville Contract Agreement and ensure that coverage with the parameters contained herein remains in full force at all times during the contract period as follows:

1. **Workers' Compensation and Employers' Liability Insurance**

   Minimum Limits Consistent with Texas Worker's Compensation Act (Section 401):

   1. $100,000 bodily injury each accident
   2. $500,000 bodily injury by disease policy limit
   3. $100,000 Bodily injury by disease each employee

   Any firm performing work for or on behalf of the City of Brownsville must provide Workers' Compensation insurance.

2. **Commercial General Liability Insurance**

   Covering premises-operations, products-completed operations, independent Contractors and contractual liability, with a combined single limit bodily injury/property damage of $1,000,000. This coverage must include, but not be limited to:

   1. Coverage for the liability assumed by the Contractor under the indemnity provision of the contract.
   2. Coverage for Premises/Operations
   3. Products/Completed Operations
   4. Broad Form Contractual Liability
   5. Independent Contractors

3. **Automobile Liability Insurance**

   Covering all owned, hired and non-owned automobile equipment with the following Limits:

   1. Bodily injury

      $250,000 each person,

      $500,000 each occurrence

   2. Property damage

      $100,000 each occurrence

Exhibit E

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print, sign, and notarize the TEC Form 1295 and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed and notarized in accordance with TEC requirements.

To:	Mayor and City Commission
Through:	Alan Guard, Interim City Manager
From:	Jorge Cardenas, Chief Information Officer
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** to approve the purchase of Information Technology (IT) network hardware, wireless equipment, software, licensing, and related services from SHI Government Solutions, Inc. for the Cummings Building in an amount not to exceed $129,571.85, as budgeted. (Information Technology)

Summary:
The Information Technology Department is requesting approval to purchase the technology infrastructure necessary to support City departments that will be relocating to the Cummings Building.

As employees move into the facility, they will require secure and reliable access to the City's network, internet, applications, phones, wireless services, printers, and other technology resources needed to perform their daily responsibilities and provide services to the public.

The proposed purchase, totaling **$129,571.85**, will provide the core technology infrastructure necessary to make the Cummings Building operational for City staff.

Project Scope and Analysis:
Several City departments are scheduled to relocate to the Cummings Building. Before employees can begin operating effectively from the facility, the City must establish the technology infrastructure necessary to connect the building to City systems and provide employees with reliable wired and wireless connectivity.

The proposed equipment will establish the technology foundation for the facility and includes:

- Network switches that will connect computers, phones, printers, cameras, and other City devices.
- A network router that will securely connect the Cummings Building to the City's network and technology resources.

- Wireless access points that will provide Wi-Fi coverage throughout the areas being occupied by City departments.
- Backup power equipment that will protect critical network equipment from power interruptions and fluctuations.
- Network racks and power distribution equipment necessary to securely house and operate the technology.
- Three-year software licensing, monitoring, maintenance, and technical support for the network infrastructure.

This equipment is not simply an upgrade to existing technology. **It is part of the basic infrastructure required for City employees to operate from the Cummings Building.**

Once installed, employees relocating to the facility will be able to securely access City applications, shared systems, internet services, communications platforms, and other technology resources required to conduct City business.

Why This Purchase Is Needed:

Modern City operations depend heavily on technology. Employees require access to City systems and communications in much the same way a building requires electricity, water, and other basic utilities.

Preparing office space without installing the necessary network infrastructure would result in departments moving into a facility without the technology required to perform their work.

Approval of this purchase will allow Information Technology to prepare the Cummings Building in coordination with the planned relocation of City departments and provide employees with a secure, reliable, and properly supported technology environment.

The equipment will also provide sufficient network capacity and wireless coverage to support current operations while creating infrastructure capable of supporting additional technology needs as use of the facility grows.

Impact if Purchase Is Not Approved:

If the equipment is not purchased and installed, the City will not have the network infrastructure necessary to fully support employees relocating to the Cummings Building.

This could result in:

- Delays in relocating City departments and employees into the facility.
- Limited or unavailable access to City applications and network resources.
- Insufficient Wi-Fi and wired network connectivity.
- Inability to reliably operate City computers, phones, printers, and other connected equipment.
- Increased risk of service interruptions due to inadequate network and backup power infrastructure.
- Reduced employee productivity and potential disruptions to services provided to residents.

- Additional costs or delays if temporary technology solutions are required while permanent infrastructure is procured.

For these reasons, the IT infrastructure should be considered an essential component of preparing the Cummings Building for City occupancy.

Funding:

Source: 69-9110-848-069

Amount: $129,571.85

Local Contribution if Applicable:

Recommendation:

The Information Technology Department recommends that the Mayor and City Commission approve the purchase of IT network hardware, wireless equipment, software, licensing, support, and related services from **SHI Government Solutions, Inc. in an amount not to exceed $129,571.85, as budgeted.**

Approval will allow the City to establish the technology infrastructure required for departments relocating to the Cummings Building and ensure employees have secure and reliable access to the systems and resources necessary to perform their responsibilities and continue providing City services.

Commission Pillar:

Quality of Life & Vibrancy, Governance

PROCUREMENT ANALYSIS

Date: Monday, August 24, 2026
To: Mr. John Cowen Jr., City Mayor
From: Mr. Alan Guard, Interim City Manager
CC: Mr. Damian Espinoza, Procurement Director
Mr. Jorge Cardenas, Chief Information Officer

Agenda Title:
Agenda Item for the City Commission meeting of Tuesday, September 1, 2026.
"Consideration and Action to Authorize a Contract with SHI Government Solutions, Inc. in the amount not to exceed $129,571.85 for Contract No.343-26-IT-CP, for a total term of three (3) years, for the purchase of network and power infrastructure equipment and associated three-year licensing for the Cummings Location (IT Department)."

Executive Summary:

- Department: IT Department
- Exemption Type: Cooperative Purchase Exemption
- Contract Number: 343-26-IT-CP
- Vendor: SHI Government Solutions, Inc.
- Contract Amount: Not to exceed $129,571.85
- Base Term: Three (3) Years
- Renewal Periods: NA
- Total Term: Potential three (3) years

Background:
The Information Technology Department identified the need to procure network and power infrastructure equipment to prepare the Cummings location for use by City staff. The purchase includes power and rack equipment, network switches, routers, wireless access points, and associated licensing and technical support necessary to provide reliable network connectivity and support City operations at the facility. **The agreement will be for a term of three (3) years.**

Exemption Justification:
Authorized use of contracts competitively solicited and awarded by another governmental entity or cooperative organization in compliance with Texas Local Government Code §271.102.

Procurement has verified that SHI Government Solutions Inc. is an actively awarded vendor under the Cooperative.

Vendor Information:
SHI Government Solutions, Inc.
290 Davidson Ave, Somerset, NJ 08873
Point of Contact: – Monica Espinoza – Account Executive

The products offered under this proposal are resold in accordance with the terms and conditions of the Contract referenced under that applicable line item.

STATE OF TEXAS

DEPARTMENT OF INFORMATION RESOURCES

CONTRACT FOR PRODUCT, SERVICES, AND RELATED SERVICES

SHI/Government Solutions, Inc.

1 Introduction

1.1 Parties

This contract for Miscellaneous Information Technology (IT) Hardware Peripherals, Components, and Related Services (this "Contract") is entered into between the State of Texas, acting by and through the Department of Information Resources (hereinafter "DIR") with its principal place of business at 300 West 15th Street, Suite 1300, Austin, Texas 78701, and SHI/Government Solutions, Inc., a Texas Domestic For-Profit Corporation (hereinafter "Successful Respondent"), with its principal place of business at 3828 Pecana Trail, Austin, Texas 78749.

1.2 Compliance with Procurement Laws

This Contract is the result of compliance with applicable procurement laws of the State of Texas. DIR issued a solicitation on the Comptroller of Public Accounts' Electronic State Business Daily, Request for Offer (RFO) DIR-CPO-TMP-558, on 10/20/2021, for Miscellaneous Information Technology (IT) Hardware Peripherals, Components, and Related Services (the "RFO"). Upon execution of all Contracts, a notice of award for DIR-CPO-TMP-558 shall be posted by DIR on the Electronic State Business Daily.

1.3 Order of Precedence

a) For transactions under this Contract, the order of precedence shall be as follows:
   i. this Contract;
   ii. Appendix A, Standard Terms and Conditions;
   iii. Appendix B, Successful Respondent's Historically Underutilized Businesses Subcontracting Plan;
   iv. Appendix C, Pricing Index;
   v. Exhibit 1, RFO DIR-CPO-TMP-558, including all Addenda; and
   vi. Exhibit 2, Successful Respondent's Response to RFO DIR-CPO-TMP-558, including all Addenda.

b) Each of the foregoing documents is hereby incorporated by reference and together constitute the entire agreement between DIR and Successful Respondent.

1.4 Definitions

Capitalized terms used but not defined herein have the meanings given to them in Appendix A, Standard Terms and Conditions.

2 Term of Contract

The initial term of this Contract shall be up to two (2) years commencing on the date of the last signature hereto (the "Initial Term"), with one (1) optional two-year renewal and one (1) optional one-year renewal (each, a "Renewal Term"). Prior to expiration of the Initial Term and each Renewal Term, this Contract will renew automatically under the same terms and conditions unless either party provides written notice to the other party at least sixty (60) days in advance of the renewal date stating that the party wishes to discuss amendment or non-renewal.

3 Option to Extend

Successful Respondent agrees that DIR may require continued performance under this Contract at the rates specified in this Contact following the expiration of the Initial Term or any Renewal Term. This option may be exercised more than once, but the total extension of performance hereunder shall not exceed ninety (90) calendar days. Such extension of services shall be subject to the requirements of this Contract, with the sole and limited exception that the term shall be extended pursuant to this provision. DIR may exercise this option upon thirty (30) calendar days written notice to Successful Respondent.

4 Product and Service Offerings

Products and services available under this Contract are limited to the technology categories defined in Request for Offer DIR-CPO-TMP-558 for Miscellaneous Information Technology (IT) Hardware Peripherals, Components, and Related Services. At DIR's sole discretion, Successful Respondent may incorporate changes or make additions to its product and service offerings, provided that any changes or additions must be within the scope of the RFO.

5 Pricing

5.1 Pricing Index

Pricing to Customers shall be as set forth in **Appendix C, Pricing Index**, and shall include the DIR Administrative Fee (as defined below).

5.2 Customer Discount

a) The minimum Customer discount for all products and services will be the percentage off List Price (as defined below) or MSRP (as defined below), as applicable, as specified in **Appendix C, Pricing Index**. Successful Respondent shall not establish a List Price or

MSRP for a particular solicitation. For purposes of this Section, "List Price" is the price for a product or service published in Successful Respondent's price catalog (or similar document) before any discounts or price allowances are applied. For purposes of this Section, "MSRP," or manufacturer's suggested retail price, is the price list published by the manufacturer or publisher of a product and available to and recognized by the trade.

b) Customers purchasing products or services under this Contract may negotiate additional discounts with Successful Respondent. Successful Respondent and Customer shall provide the details of such additional discounts to DIR upon request.

c) If products or services available under this Contract are provided at a lower price to: (i) an eligible Customer who is not purchasing those products or services under this Contract, or (ii) to any other customer under the same terms and conditions provided for the State for the same products and services under this contract, then the price of such products and services under this Contract shall be adjusted to that lower price. This requirement applies to products or services quoted by Successful Respondent for a quantity of one (1), but does not apply to volume or special pricing purchases. Successful Respondent shall notify DIR within ten (10) days of providing a lower price as described in this Section, and this Contract shall be amended within ten (10) days to reflect such lower price.

5.3 Changes to Prices

a) Subject to the requirements of this section, Successful Respondent may change the price of any product or service upon changes to the List Price or MSRP, as applicable. Discount levels shall not be subject to such changes, and will remain consistent with the discount levels specified in this Contract.

b) Successful Respondent may revise its pricing by publishing a revised pricing list, subject to review and approval by DIR. If DIR, in its sole discretion, finds that the price of a product or service has been increased unreasonably, DIR may request that Successful Respondent reduce the pricing for the product or service to the level published before such revision. Upon such request, Successful Respondent shall either reduce the pricing as requested, or shall remove the product or service from the pricing list for this Contract. Failure to do so will constitute an act of default by Successful Respondent.

5.4 Shipping and Handling

Prices to Customers shall include all shipping and handling fees. Shipments will be Free On Board Customer's Destination. No additional fees may be charged to Customers for standard shipping and handling. If a Customer requests expedited or special delivery, Customer will be responsible for any additional charges for expedited or special delivery.

6 DIR Administrative Fee

a) Successful Respondent shall pay an administrative fee to DIR based on the dollar value of all sales to Customers pursuant to this Contract (the "DIR Administrative Fee"). The amount of the DIR Administrative Fee shall be seventy-five hundredths of a percent (0.75%) of all sales, net of returns and credits. For example, the administrative fee for sales totaling $100,000 shall be $750.

b) All prices quoted to Customers shall include the DIR Administrative Fee. DIR reserves the right to increase or decrease the DIR Administrative Fee during the term of this Contract, upon written notice to Successful Respondent without amending this Contract. Any increase or decrease in the DIR Administrative Fee shall be incorporated in the price to Customers.

7 Internet Access to Contract and Pricing Information

In addition to the requirements listed in Appendix A, Section 7.2, Internet Access to Contract and Pricing Information, Successful Respondent shall include the following with its webpage:

a) A current price list or mechanism to obtain specific contract pricing;
b) MSRP/list price or DIR Customer price;
c) Discount percentage (%) off MSRP or List Price;
d) Warranty policies; and
e) Return policies.

8 Use of Order Fulfillers

8.1 Authorization to Use Order Fulfillers

Subject to the conditions in this Section 8, DIR agrees to permit Successful Respondent to utilize designated order fulfillers to provide products, services, and support resources to Customers under this Contract ("Order Fulfillers").

8.2 Designation of Order Fulfillers

a) Successful Respondent may designate Order Fulfillers to act as the distributors for products and services available under this Contract. In designating Order Fulfillers, Successful Respondent must be in compliance with the State's Policy on Utilization of Historically Underutilized Businesses. DIR and Successful Respondent will agree on the number of Order Fulfillers that are Historically Underutilized Businesses as defined by the CPA.

b) In addition to the required Subcontracting Plan, Successful Respondent shall provide DIR with the following Order Fulfiller information: Order Fulfiller name, Order Fulfiller

business address, Order Fulfiller CPA Identification Number, Order Fulfiller contact person email address and phone number.

c) DIR reserves the right to require Successful Respondent to rescind any Order Fulfiller participation or request that Successful Respondent name additional Order Fulfillers should DIR determine it is in the best interest of the State.

d) Successful Respondent shall be fully liable for its Order Fulfillers' performance under and compliance with the terms and conditions of this Contract. Successful Respondent shall enter into contracts with Order Fulfillers and use terms and conditions that are consistent with the terms and conditions of this Contract.

e) Successful Respondent may qualify Order Fulfillers and their participation under the Contract provided that: i) any criteria is uniformly applied to all potential Order Fulfillers based upon Successful Respondent's established, neutrally applied criteria, ii) the criteria is not based on a particular procurement, and iii) all Customers are supported under the criteria.

f) Successful Respondent shall not prohibit any Order Fulfiller from participating in other procurement opportunities offered through DIR.

8.3 Changes in Order Fulfiller

Successful Respondent may add or remove Order Fulfillers throughout the term of this Contract upon written authorization by DIR. Prior to adding or removing Order Fulfillers, Successful Respondent must make a good faith effort to revise its Subcontracting Plan in accordance with the State's Policy on Utilization of Historically Underutilized Businesses. Successful Respondent shall provide DIR with its updated Subcontracting Plan and the Order Fulfillers information listed above.

8.4 Order Fulfiller Pricing to Customer

Order Fulfiller pricing to the Customer shall be in accordance with Section 5.

9 Notification

All notices under this Contract shall be sent to a party at the respective address indicated below.

If sent to the State:

Hershel Becker or Successor in Office
Chief Procurement Officer
Department of Information Resources
300 W. 15th St., Suite 1300
Austin, Texas 78701
Phone: (512) 475-4700
Email: hershel.becker@dir.texas.gov

If sent to Successful Respondent:

Stacie Becker, Sr. Proposal Specialist
SHI/Government Solutions, Inc.
3828 Pecana Trail
Austin, Texas 78749
Phone: (512) 983-6502
Email: Stacie_Becker@shi.com

10 Conflicting or Additional Terms

a) The terms and conditions of this Contract shall supersede any additional conflicting or additional terms in any additional service agreements, statement of work, and any other provisions, terms, conditions, and license agreements, including those which may be affixed to or accompany software upon delivery (sometimes called shrink-wrap or click-wrap agreements), and any linked or supplemental documents, which may be proposed, issued, or accepted by Successful Respondent and Customer in addition to this Contract (such additional agreements, "Additional Agreements"), regardless of when such Additional Agreements are proposed, issued, or accepted by Customer. Notwithstanding the foregoing, it is Customer's responsibility to review any Additional Agreements to determine if Customer accepts such Additional Agreement. If Customer does not accept such Additional Agreement, Customer shall be responsible for negotiating any changes thereto.

b) Any update or amendment to an Additional Agreement shall only apply to Purchase Orders for the associated product or service offering after the effective date of such update or amendment; provided that, if Successful Respondent has responded to a Customer's solicitation or request for pricing, any subsequent update or amendment to an Additional Agreement may only apply to a resulting Purchase Order if Successful Respondent directly informs such Customer of such update or amendment before the Purchase Order is executed.

c) Successful Respondent shall not require any Additional Agreement that: i) diminishes the rights, benefits, or protections of Customer, or that alters the definitions, measurements, or method for determining any authorized rights, benefits, or protections of Customer; or ii) imposes additional costs, burdens, or obligations upon Customer, or that alters the definitions, measurements, or method for determining any authorized costs, burdens, or obligations upon Customer.

d) If Successful Respondent attempts to do any of the foregoing, the prohibited documents will be void and inapplicable to this Contract or the Purchase Order between Successful Respondent and Customer, and Successful Respondent will nonetheless be obligated to perform such Purchase Order without regard to the prohibited documents, unless

Customer elects instead to terminate such Purchase Order, which in such case may be identified as a termination for cause against Successful Respondent.

11 Authorized Exceptions to Appendix A, Standard Terms and Conditions

No exceptions have been agreed to by DIR and Successful Respondent.

(Remainder of this page intentionally left blank.)

This Contract is executed to be effective as of the date of last signature.

DEPARTMENT OF INFORMATION RESOURCES

CONTRACT FOR PRODUCT AND RELATED SERVICES

CISCO SYSTEMS, INC.

1 INTRODUCTION

1.1 Parties

This contract for Cisco Branded Products and Related Services (this "Contract") is entered into between the State of Texas, acting by and through the Department of Information Resources (hereinafter "DIR") with its principal place of business at 300 West 15th Street, Suite 1300, Austin, Texas 78701, and CISCO SYSTEMS, INC. a Delaware For-Profit Corporation (hereinafter "Successful Respondent"), with its principal place of business at 170 West Tasman Drive San Jose CA 95134.

1.2 Compliance with Procurement Laws

This Contract is the result of compliance with applicable procurement laws of the State of Texas. DIR issued a solicitation on the Comptroller of Public Accounts' Electronic State Business Daily, Request for Offer (RFO) DIR-CPO-TMP-578, on 6/09/2023, for Cisco Branded Products and Related Services (the "RFO"). Upon execution of all Contracts, a notice of award for DIR-CPO-TMP-578, shall be posted by DIR on the Electronic State Business Daily.

1.3 Order of Precedence

A. For transactions under this Contract, the order of precedence shall be as follows:
   1. this Contract;
   2. **Appendix A, Standard Terms and Conditions**;
   3. **Appendix B, Successful Respondent's Historically Underutilized Businesses Subcontracting Plan**;
   4. **Appendix C, Pricing Index**;
   5. **Appendix D, End User Terms**;
   6. **Appendix E, Services Agreement template**;
   7. **Appendix F, Master Operating Lease Agreement**;

8. **Appendix G, Master Lease Agreement**;
9. **Exhibit 1, RFO DIR-CPO-TMP-578**, including all Addenda; and
10. **Exhibit 2, Successful Respondent's Response to RFO** DIR-CPO-TMP-578, including all Addenda.

B. Each of the foregoing documents is hereby incorporated by reference and together constitute the entire agreement between DIR and Successful Respondent.

1.4 Definitions

Capitalized terms used but not defined herein have the meanings given to them in **Appendix A, Standard Terms and Conditions**.

2 TERM OF CONTRACT

The initial term of this Contract shall be up to two (2) years commencing on the date of the last signature hereto (the "Initial Term"), with one (1) optional two-year renewal and one (1) optional one-year renewal (each, a "Renewal Term"). Prior to expiration of the Initial Term and each Renewal Term, this Contract will renew automatically under the same terms and conditions unless either party provides written notice to the other party at least sixty (60) days in advance of the renewal date stating that the party wishes to discuss amendment or non-renewal.

3 OPTION TO EXTEND

Successful Respondent agrees that DIR may require continued performance under this Contract at the rates specified in this Contact following the expiration of the Initial Term or any Renewal Term. This option may be exercised more than once, but the total extension of performance hereunder shall not exceed ninety (90) calendar days. Such extension of services shall be subject to the requirements of the Contract, with the sole and limited exception that the original date of termination shall be extended pursuant to this provision. DIR may exercise this option upon thirty (30) calendar days written notice to the Successful Respondent.

4 PRODUCT AND SERVICE OFFERINGS

Products and services available under this Contract are limited to the technology categories defined in Request for Offer DIR-CPO-TMP-578 for Cisco Branded Products

and Related Services. At DIR's sole discretion, Successful Respondent may incorporate changes or make additions to its product and service offerings, provided that any changes or additions must be within the scope of the RFO.

5 PRICING

5.1 Pricing Index

Pricing to Customers shall be as set forth in **Appendix C, Pricing Index**, and shall include the DIR Administrative Fee (as defined below).

5.2 Customer Discount

A. The minimum Customer discount for all products and services will be the percentage off List Price (as defined below) or MSRP (as defined below), as applicable, as specified in **Appendix C, Pricing Index**. Successful Respondent shall not establish a List Price or MSRP for a particular solicitation. For purposes of this Section, "List Price" is the price for a product or service published in Successful Respondent's price catalog (or similar document) before any discounts or price allowances are applied. For purposes of this Section, "MSRP," or manufacturer's suggested retail price, is the price list published by the manufacturer or publisher of a product and available to and recognized by the trade.

B. Customers purchasing products or services under this Contract may negotiate additional discounts with Order Fulfiller. Order Fulfiller and Customer shall provide the details of such additional discounts to DIR upon request.

C. If products or services available under this Contract are provided at a lower price to: (i) an eligible Customer who is not purchasing those products or services under this Contract, or (ii) to any other entity or consortia authorized to sell said products and services to eligible Customers, under the same terms and conditions provided for the State for the same products and services under this contract, then the available price of such products and services under this Contract shall be adjusted to that lower price prospectively (such adjustments shall not apply to previously invoiced or fulfilled Purchase Orders). This requirement applies to products or services quoted by Successful Respondent for a quantity of one (1) but does not apply to volume or special pricing purchases. DIR or an eligible Customer shall notify and provide evidence of better pricing to

Successful Respondent within ten (10) days of Successful Respondent providing a lower price as described in this Section to an eligible Customer, and Successful Respondent shall inform DIR upon receiving such notice. This Contract shall be amended within ten (10) days to reflect such lower price.

5.3 Changes to Prices

A. Subject to the requirements of this section, Successful Respondent may change the price of any product or service upon changes to the List Price or MSRP, as applicable. Discount levels shall not be subject to such changes, and will remain consistent with the discount levels specified in this Contract.

B. Successful Respondent may revise its pricing by publishing a revised pricing list, subject to review and approval by DIR. If DIR, in its sole discretion, finds that the price of a product or service has been increased unreasonably, DIR may request that Successful Respondent reduce the pricing for the product or service to the level published before such revision. Upon such request, Successful Respondent shall either reduce the pricing as requested, or shall remove the product or service from the pricing list for this Contract. Failure to do so will constitute an act of default by Successful Respondent.

5.4 Shipping and Handling

Prices to Customers shall include all shipping and handling fees. Shipments will be Free On Board Customer's Destination. No additional fees may be charged to Customers for standard shipping and handling. If a Customer requests expedited or special delivery, Customer will be responsible for any additional charges for expedited or special delivery.

6 DIR ADMINISTRATIVE FEE

A. Successful Respondent shall pay an administrative fee to DIR based on the dollar value of all sales to Customers pursuant to this Contract (the "DIR Administrative Fee"). The amount of the DIR Administrative Fee shall be seventy-five hundredths of a percent (0.75%) of all sales, net of returns and credits. For example, the administrative fee for sales totaling $100,000 shall be $750.

B. All prices quoted to Customers shall include the DIR Administrative Fee. DIR reserves the right to increase or decrease the DIR Administrative Fee during the term of this Contract, upon written notice to Successful Respondent without

amending this Contract. Any increase or decrease in the DIR Administrative Fee shall be incorporated in the price to Customers.

7 INTERNET ACCESS TO CONTRACT AND PRICING INFORMATION

In addition to the requirements listed in **Appendix A, Section 7.2, Internet Access to Contract and Pricing Information**, Successful Respondent shall include the following with its webpage:

A. A current price list or mechanism to obtain specific contract pricing;
B. MSRP/list price or DIR Customer price;
C. Discount percentage (%) off MSRP or List Price;
D. Warranty policies; and
E. Return policies.

8 USE OF ORDER FULFILLERS

8.1 Authorization to Use Order Fulfillers

Subject to the conditions in this Section 8, DIR agrees to permit Successful Respondent to utilize designated order fulfillers to provide products, services, and support resources to Customers under this Contract ("Order Fulfillers").

8.2 Designation of Order Fulfillers

A. Successful Respondent may designate Order Fulfillers to act as the distributors for products and services available under this Contract. In designating Order Fulfillers, Successful Respondent must be in compliance with the State's Policy on Utilization of Historically Underutilized Businesses. DIR and Successful Respondent will agree on the number of Order Fulfillers that are Historically Underutilized Businesses as defined by the CPA.
B. In addition to the required Subcontracting Plan, Successful Respondent shall provide DIR with the following Order Fulfiller information: Order Fulfiller name, Order Fulfiller business address, Order Fulfiller CPA Identification Number, Order Fulfiller contact person email address and phone number.
C. DIR reserves the right to require Successful Respondent to rescind any Order Fulfiller participation or request that Successful Respondent name additional Order Fulfillers should DIR determine it is in the best interest of the State.

D. Successful Respondent shall be fully liable for its Order Fulfillers' performance under and compliance with the terms and conditions of this Contract. Successful Respondent shall enter into contracts with Order Fulfillers and use terms and conditions that are consistent with the terms and conditions of this Contract.
E. Successful Respondent may qualify Order Fulfillers and their participation under the Contract provided that: i) any criteria is uniformly applied to all potential Order Fulfillers based upon Successful Respondent's established, neutrally applied criteria, ii) the criteria is not based on a particular procurement, and iii) all Customers are supported under the criteria.
F. Successful Respondent shall not prohibit any Order Fulfiller from participating in other procurement opportunities offered through DIR.

8.3 Changes in Order Fulfiller

Successful Respondent may add or remove Order Fulfillers throughout the term of this Contract upon written authorization by DIR. Prior to adding or removing Order Fulfillers, Successful Respondent must make a good faith effort to revise its Subcontracting Plan in accordance with the State's Policy on Utilization of Historically Underutilized Businesses. Successful Respondent shall provide DIR with its updated Subcontracting Plan and the Order Fulfillers information listed above.

8.4 Order Fulfiller Pricing to Customer

Order Fulfiller pricing to the Customer shall be in accordance with Section 5.

9 NOTIFICATION

All notices under this Contract shall be sent to a party at the respective address indicated below.

If sent to the State:

Lisa Massock or Successor in Office
Chief Procurement Officer
Department of Information Resources
300 W. 15th St., Suite 1300
Austin, Texas 78701
Phone: (512) 475-4700

If sent to Successful Respondent:

Jumana Dihu
CISCO SYSTEMS, INC.
170 West Tasman Drive
San Jose, CA 95134
Phone: (773) 269-6397
Email: jdihu@cisco.com

10 SOFTWARE LICENSE, LEASE, AND SERVICE AGREEMENTS

10.1 Software License Agreement

A. Customers acquiring software licenses to Cisco-branded products under this Contract shall hold, use, and operate such software subject to compliance with the End User Terms set forth in **Appendix D** of this Contract. Customer and Successful Respondent may agree to additional terms and conditions that do not diminish a term or condition in the End User Terms, or in any manner lessen the rights or protections of Customer or the responsibilities or liabilities of Successful Respondent. Successful Respondent shall make the End User Terms available to all Customers at all times.

B. Compliance with the End User Terms is the responsibility of the Customer. DIR shall not be responsible for any Customer's compliance with the End User Terms.

10.2 Services Agreement

Services provided under this Contract shall be in accordance with the Services Agreement as set forth in **Appendix E** of this Contract. No changes to the Services Agreement terms and conditions may be made unless previously agreed to by Successful Respondent and DIR. Successful Respondent and Customer may agree to terms and conditions that do not diminish or lessen the rights or protections of the Customer or the responsibilities or liabilities of Successful Respondent.

10.3 Master Operating Lease Agreement

DIR and Successful Respondent hereby agree that Successful Respondent is authorized to utilize the Master Operating Lease Agreement in **Appendix F** of this Contract for Lessees that are Texas State Agencies or otherwise authorized to conduct lease transactions through DIR Contracts.

10.4 Master Lease Agreement

DIR and Successful Respondent hereby agree that Successful Respondent is authorized to utilize the Master Lease Agreement in **Appendix G** of this Contract for DIR authorized entities as Lessees that are **not** Texas State Agencies or otherwise required by statute to utilize the Texas Public Finance Authority for such leasing transactions. Texas State Agencies that have the requisite capital authority and who are not required to utilize such authority via the Texas Public Finance Authority may or may not be eligible to utilize the Master Lease Agreement; each such agency must confer with its own counsel to make this determination.

11 CONFLICTING OR ADDITIONAL TERMS

A. The terms and conditions of this Contract shall supersede any additional conflicting or additional terms in any additional service agreements, statement of work, and any other provisions, terms, conditions, and license agreements, including those which may be affixed to or accompany software upon delivery (sometimes called shrink-wrap or click-wrap agreements), and any linked or supplemental documents, which may be proposed, issued, or accepted by Successful Respondent and Customer in addition to this Contract (such additional agreements, "Additional Agreements"), regardless of when such Additional Agreements are proposed, issued, or accepted by Customer. Notwithstanding the foregoing, it is Customer's responsibility to review any Additional Agreements to determine if Customer accepts such Additional Agreement. If Customer does not accept such Additional Agreement, Customer shall be responsible for negotiating any changes thereto. For third party products appearing on Appendix C, Successful Respondent or Order Fulfiller, as applicable, will provide the applicable third-party software license terms to Customer.

B. Any update or amendment to an Additional Agreement shall only apply to Purchase Orders for the associated product or service offering after the effective date of such update or amendment; provided that, if Successful Respondent has responded to a Customer's solicitation or request for pricing, any subsequent update or amendment to an Additional Agreement may only apply to a resulting Purchase Order if Successful Respondent directly informs such Customer of such update or amendment before the Purchase Order is executed.

C. Successful Respondent shall not require any Additional Agreement that: i) diminishes the rights, benefits, or protections of Customer, or that alters the definitions, measurements, or method for determining any authorized rights, benefits, or protections of Customer; or ii) imposes additional costs, burdens, or obligations upon Customer, or that alters the definitions, measurements, or method for determining any authorized costs, burdens, or obligations upon Customer.

D. If Successful Respondent attempts to do any of the foregoing, the prohibited documents will be void and inapplicable to this Contract or the Purchase Order between Successful Respondent and Customer, and Successful Respondent will nonetheless be obligated to perform such Purchase Order without regard to the prohibited documents, unless Customer elects instead to terminate such Purchase Order, which in such case may be identified as a termination for cause against Successful Respondent.

12 AUTHORIZED EXCEPTIONS TO APPENDIX A, STANDARD TERMS AND CONDITIONS

A. **Appendix A, Section 3.8, Invoice,** is hereby deleted and replaced in its entirety as follows:

Refers to a Customer approved instrument submitted by Successful Respondent or Order Fulfiller for payment of services.

B. **Appendix A, Section 3.11, Statement of Work (SOW),** is hereby deleted and replaced in its entirety as follows:

Means a document entered into between Customer and Successful Respondent or Order Fulfiller describing a specific set of activities and/or deliverables, which may include Work Product and Intellectual Property Rights, that Successful Respondent or Order Fulfiller is to provide Customer, issued pursuant to the Contract.

C. **Appendix A, Section 4.5, Survival,** is hereby deleted and replaced in its entirety as follows:

All applicable Statements of Work that were entered into between Successful Respondent and a Customer under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Successful Respondent shall survive expiration or termination of the Contract for the term of the Purchase Order, unless the Customer terminates the Purchase Order in accordance with Section 11. However, regardless of the term of the Purchase Order, no Purchase Order shall survive the expiration or termination of the Contract for more than three (3) years. In all instances of termination or expiration and no later than five (5) days after termination or expiration or upon DIR request, Successful Respondent shall provide a list, in accordance with the format requested by DIR (i.e., Excel, Word, etc.), of all surviving Statements of Work and Purchase Orders to the DIR Contract Manager and shall continue to report sales and pay the DIR Administrative Fees for the duration of all such surviving Statements of Work and Purchase Orders. Rights and obligations under the Contract which by their nature should survive, including, but not limited to the DIR Administrative Fee and any and all payment obligations invoiced prior to the termination or expiration hereof, obligations of confidentiality; and indemnification will remain in effect.

D. **Appendix A, Section 4.9, Data Location,** is hereby deleted and replaced in its entirety as follows:

Regardless of any other provision of the Contract or its incorporated or referenced documents, all data for State of Texas Customers shall remain, and be stored always and exclusively within the contiguous United States. State of Texas Customers can specifically request and agree otherwise in a Purchase Order by placing an order for a hosted data solution with data locations outside the United States. All data for State of Texas Customers shall be processed, accessed, viewed, transmitted, and received, always and exclusively within the contiguous United States, provided that State of Texas Customers can specifically request and agree otherwise in a Purchase Order. "Support Data," defined as data collected and maintained by Successful Respondent when a Customer submits requests for support and troubleshooting services, including information about the solutions and other details about the support incident and interaction; configuration

support data; performance monitoring data; and security threat data (threat intelligence data, URLs, metadata, netflow data, and origin and nature of malware) necessary to enable provisioning of the services, including security features of the solutions, shall not be subject to this requirement, unless otherwise requested by a Customer. For all Customers outside the State of Texas' jurisdiction, the question of data location shall be at the discretion of such Customers. NOTE: CUSTOMERS SHOULD CONSIDER WHETHER THEY REQUIRE CONTIGUOUS US-ONLY DATA LOCATION AND HANDLING AND MAKE SUCCESSFUL RESPONDENT AWARE OF THEIR REQUIREMENTS.

E. **Appendix A, Section 5, Intellectual Property Matters,** is hereby deleted and replaced in its entirety as follows:

This Contract does not contemplate, authorize or support acquisition of custom software products or services or the creation of intellectual property. If Successful Respondent and Customer seek to contract for such product or service, they must use a separate contract or seek amendment with DIR of this Contract. If DIR and Successful Respondent decide to authorize customized software or hardware products or the creation of intellectual property, then the terms and conditions of ownership of intellectual property will be negotiated between the parties at such time.

F. **Appendix A, Section 6.A, Terms and Conditions Applicable to State Agency Purchases Only,** is hereby deleted and replaced in its entirety as follows:

Under Texas Government Code, Chapter 2054, Subchapter M, and DIR implementing rules, DIR state agency and Institution of Higher Education Customers must procure EIR that complies with the Accessibility Standards defined in the Texas Administrative Codes 1 TAC 206, 1 TAC 213, and in the Worldwide Web Consortium WCAG 2.0 AA technical standard as applicable, and when such products or services are available in the commercial marketplace or when such products are developed in response to procurement solicitations. Successful Respondent complies with Section 255 of the Telecommunications Act of 1996 and the Twenty-First Century Communications and Video Accessibility

Act ("CVAA") of 2010, as applicable. Successful Respondent hereby represents, certifies, and warrants its products and services comply with its then current Accessibility Conformance Reports.

G. **Appendix A, Section 7.2, Internet Access to Contract and Pricing Information,** is hereby deleted and replaced in its entirety as follows:

A. Successful Respondent Webpage

Within thirty (30) calendar days from the Effective Date, Successful Respondent will establish and maintain a website specific to the product and services offerings awarded under the Contract that is clearly distinguishable from other, non-DIR Contract offerings on Successful Respondent's website. Successful Respondent must use a web hosting service that provides a dedicated internet protocol (IP) address. Successful Respondent's website must have a Secure Sockets Layer (SSL) certificate and Customers must access Successful Respondent's website using Hyper Text Transfer Protocol Secure (HTTPS) and it will encrypt all communication between Customer browser and website. The website must include a webpage that contains:

i) a list with description of products and/or services awarded;

ii) Successful Respondent contact information (name, telephone number and email address);

iii) instructions for obtaining quotes and placing Purchase Orders;

iv) the DIR Contract number with a hyperlink to the Contract's DIR webpage;

v) a link to the DIR "Cooperative Contracts" webpage;

vi) the DIR logo in accordance with the requirements of Section 7.9; and

vii) any other information that the Contract indicates is required to be included on the webpage.

B. If Successful Respondent does not meet the webpage requirements listed above, DIR may cancel the Contract without penalty.

H. **Appendix A, Section 7.8, Services Warranty and Return Policies,** is hereby deleted and replaced in its entirety as follows:

Order Fulfiller and Successful Respondent will adhere to Successful Respondent's then-currently published policies concerning product and service warranties and returns. Such policies for Customers will not be more restrictive or more costly than warranty and return policies for other similarly situated customers for like products and services. Warranty and returns for third-party products may also be subject to separate, additional policies and terms set forth by the applicable third-party, in accordance with Section 11 of the Contract, provided said policies and terms were provided to Customers prior to acceptance by Customer of the third-party products. Successful Respondent and Order Fulfiller will assign any such warranty and return rights to Customer, to the extent applicable.

I. **Appendix A, Section 8.1, Purchase Orders,** is hereby deleted and replaced in its entirety as follows:

All Customer Purchase Orders will be placed directly with Successful Respondent or Order Fulfiller. Accurate Purchase Orders shall be effective and binding upon Successful Respondent or Order Fulfiller when accepted by Successful Respondent or Order Fulfiller.

J. **Appendix A, Section 10.1.1, Indemnities by Successful Respondent,** is hereby deleted and replaced in its entirety as follows:

A. Successful Respondent shall defend and indemnify DIR, the State of Texas, and Customers, AND/OR THEIR OFFICERS, DIRECTORS, AGENTS, EMPLOYEES, REPRESENTATIVES, CONTRACTORS, SUCCESSORS, ASSIGNEES, AND/OR DESIGNEES ("Indemnified Parties") FROM ANY AND ALL LIABILITY, ACTIONS, CLAIMS, DEMANDS, OR SUITS, AND ALL RELATED REASONABLE COSTS, ATTORNEY FEES, AND EXPENSES arising out of, resulting from a claim brought by a third party based upon:

i) any negligent acts or omissions, or willful misconduct of Successful Respondent or its employees, agents, or subcontractors in

connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract;

ii) any and all third party claims involving infringement of United States patents, copyrights, trade and service marks, and any other intellectual or intangible property rights (an "Infringement") in or in connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract; and

iii) tax liability, unemployment insurance or workers' compensation or expectations of benefits by Successful Respondent, its employees, representatives, agents, or subcontractors in or in connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract.

B. Successful Respondent shall defend Indemnified Parties and shall provide the remedies outlined in Section B below for any third-party claim directly arising from an accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to DIR data, Customer data (including, but not limited to, text, audio, video or image files, provided by Customer to Successful Respondent in connection with Customer's use of Successful Respondent's solutions, and data developed at Customer's specific request related to a statement of work or contract), confidential information of DIR or Customer, any personal identifying information, or any other protected or regulated data resulting from a breach by Successful Respondent of its security obligations as set forth in the Contract or Customer's Purchase Order (a "Data Breach"), provided Customer has complied with any data protection requirements to which it has agreed in writing. Any third-party claim outlined in this Section B is referred to herein as a "Data Breach Claim."

Successful Respondent shall indemnify the Indemnified Parties against the following arising from the Data Breach Claim:

i) final judgement entered by the court of competent jurisdiction, or fine levied by the supervisory authority or regulator;

ii) a final settlement of the Data Breach Claim;

iii) actual and reasonable expenses notifying affected individuals of the loss, destruction, or unauthorized access of data, as such notice is required by applicable law; and

iv) one (1) year of credit monitoring services for individuals affected by the unauthorized access of data.

C. THIS SECTION IS NOT INTENDED TO AND SHALL NOT BE CONSTRUED TO REQUIRE SUCCESSFUL RESPONDENT TO DEFEND OR INDEMNIFY INDEMNIFIED PARTIES FOR ANY CLAIMS OR LIABILITIES RESULTING FROM THE NEGLIGENT ACTS OR OMISSIONS OF INDEMNIFIED PARTIES.

D. THE DEFENSE SHALL BE COORDINATED BY SUCCESSFUL RESPONDENT WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND SUCCESSFUL RESPONDENT MAY NOT AGREE TO ANY SETTLEMENT WHICH WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL. FOR NON-STATE AGENCY CUSTOMERS, THE DEFENSE SHALL BE COORDINATED BY CUSTOMER'S LEGAL COUNSEL. SUCCESSFUL RESPONDENT AND THE CUSTOMER AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER AND TO DIR OF ANY SUCH CLAIM.

K. **Appendix A, Section 10.1.2, Infringements,** is hereby deleted and replaced in its entirety as follows:

A. Notwithstanding the foregoing, such indemnity shall not apply, and Successful Respondent shall have no liability under this section if the alleged infringement is caused by:

(1) any designs, specifications or requirements provided by Customer, or on Customer's behalf by a third party;

(2) modification of a Cisco product by Customer, or on Customer's behalf pursuant to Customer's specific instructions;

(3) the amount or duration of use made of a Cisco product, revenue Customer earned, or services Customer offered;

(4) combination, operation, or use of the Cisco product with non-Cisco products, software, content or business processes; or

(5) Customer's failure to change or replace the Cisco product as required and properly notified by Successful Respondent.

B. If Successful Respondent becomes aware of an actual or potential claim of an Infringement, or Customer provides Successful Respondent with notice of an actual or potential claim of an Infringement, Successful Respondent may (or in the case of an injunction against Customer, shall), at Successful Respondent's sole expense: (i) procure for Customer the right to continue to use the affected portion of the product or service, or (ii) modify or replace the affected portion of the product or service with functionally equivalent or superior product or service so that Customer's use is non-infringing.

L. **Appendix A, Section 10.2, Property Damage,** is hereby deleted and replaced in its entirety as follows:

IN THE EVENT OF LOSS, DAMAGE, OR DESTRUCTION OF ANY TANGIBLE PROPERTY (NOT INCLUDING DATA) OF CUSTOMER OR THE STATE DUE TO THE NEGLIGENCE, MISCONDUCT, WRONGFUL ACT OR OMISSION ON THE PART OF SUCCESSFUL RESPONDENT, ITS EMPLOYEES, AGENTS, REPRESENTATIVES, OR SUBCONTRACTORS, SUCCESSFUL RESPONDENT SHALL PAY COMMERCIALLY REASONABLE THIRD PARTY COSTS OF EITHER REPAIR, RECONSTRUCTION, OR REPLACEMENT OF THE PROPERTY, AT THE CUSTOMER'S SOLE ELECTION. (IN ADDITION TO COSTS OF PRIVATE CONTRACTORS OR SUPPLIERS, REPAIR OR REPLACEMENT COSTS OF A GOVERNMENTAL ENTITY EMPLOYED TO PERFORM SUCH SHALL MEET THE DEFINITION OF "THIRD PARTY COSTS"). SUCH COSTS SHALL BE ACCURATELY DOCUMENTED BY THE CUSTOMER AND SHALL BE DUE AND PAYABLE BY SUCCESSFUL RESPONDENT NINETY (90) CALENDAR DAYS AFTER THE DATE OF SUCCESSFUL RESPONDENT'S RECEIPT FROM THE CUSTOMER OF A WRITTEN NOTICE AND REQUIRED DOCUMENTATION OF THE AMOUNT DUE. THE FOREGOING SHALL CONSTITUTE CUSTOMER'S, OR STATE'S, AS APPLICABLE, SOLE AND EXCLUSIVE REMEDY FOR SUCH PROPERTY DAMAGE CLAIMS.

M. **Appendix A, Section 10.11, Background and/or Criminal History Investigation,** is hereby deleted and replaced in its entirety as follows:

Prior to commencement of any services, background and/or criminal history investigation of Successful Respondent's employees and Third-Party Providers who will be providing services to the Customer under the Contract may be performed by the Customer or the Customer may require that Successful Respondent or Order Fulfiller relay the confirmation of a successful background check status. Should any employee or Third-Party Provider of Successful Respondent who will be providing services to the Customer under the Contract not be acceptable to the Customer as a result of the background and/or criminal history check, then Customer may immediately terminate its Purchase Order and related Service Agreement or request replacement of the employee or Third-Party Provider in question.

N. **Appendix A, Section 10.12, Limitation of Liability,** is hereby deleted and replaced in its entirety as follows:

A. For any claim or cause of action arising under or related to the Contract, to the extent permitted by the Constitution and the laws of the State, none of the parties shall be liable to the other for punitive, special, or consequential damages, even if it is advised of the possibility of such damages.

B. Successful Respondent's aggregate liability to each individual purchasing Customer for damages of any kind under the Contract shall not exceed two times (2x) the total value of the individual purchasing Customer's Purchase Order under the Contract. Such value includes all amounts to be paid over the life of the Purchase Order to Successful Respondent by such Customer as described in the Purchase Order.

C. Notwithstanding the foregoing or anything to the contrary herein, any limitation of Successful Respondent's liability contained herein shall not apply to: claims of bodily injury; disclosures of confidential information (excluding a Data Breach, as defined in Section 10.1.1.B); violations of intellectual property rights including but not limited to patent, trademark, or copyright infringement; and violation of State or Federal law including any penalty of any kind lawfully

assessed as a result of such violation (excluding a Data Breach, as defined in Section 10.1.1.B).

O. **Appendix A, Section 10.15, Required Insurance Coverage,** is hereby deleted and replaced in its entirety as follows:

A. As a condition of the Contract, Successful Respondent shall provide certificates of insurance as evidence that it is maintaining the required insurance within five (5) business days of execution of the Contract if Successful Respondent is awarded services which require that Successful Respondent's employees perform work at any Customer premises or use vehicles to conduct work on behalf of Customers. In addition, when engaged by a Customer to provide services on Customer premises, Successful Respondent shall, at its own expense, secure and maintain the insurance coverage specified herein, and shall provide certificates of insurance as evidence that it is maintaining the required insurance to such Customer within five (5) business days following the execution of the Purchase Order. Successful Respondent may not begin performance under the Contract and/or a Purchase Order until such proof of insurance coverage is provided to DIR and the Customer. If Successful Respondent's services under the Contract will not require Successful Respondent to perform work on Customer premises, or to use vehicles (whether owned or otherwise) to conduct work on behalf of Customers, Successful Respondent may certify to the foregoing facts, and agree to provide notice and the required insurance if the foregoing facts change. The certification and agreement must be provided by executing the Certification of Off-Premise Customer Services in the form provided by DIR, which shall serve to meet the insurance requirements.

B. All required insurance must be issued by companies that have an A rating and a minimum Financial Size Category Class of VII from AM Best, and are licensed in the State of Texas and authorized to provide the corresponding coverage. The Customer and DIR will be included as additional insureds on the required commercial general liability and business automobile liability coverage for liabilities that fall within Successful Respondent's contractual and indemnity obligations pursuant to this Contract. Required coverage must remain in effect

through the term of the Contract and each Purchase Order issued to Successful Respondent thereunder. The insurance requirements are as follows:

P. **Appendix A, Section 10.15.1, Commercial General Liability,** is hereby deleted and replaced in its entirety as follows:

Commercial General Liability must include $1,000,000.00 per occurrence for Bodily Injury and Property Damage with a separate aggregate limit of $2,000,000.00; Personal Injury and Advertising Liability of $1,000,000.00; Products/Completed Operations aggregate Limit of $2,000,000.00 and Damage to Premises Rented: $50,000.00. Agencies may require additional Umbrella/Excess Liability insurance. The policy shall contain the following provisions:

A. Blanket contractual liability coverage for liability assumed under the Contract;

B. Independent Contractor coverage;

C. State of Texas, DIR, and Customer included as an additional insured but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract; and

D. Waiver of Subrogation, but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract.

Q. **Appendix A, Section 10.15.3, Business Automobile Liability Insurance,** is hereby deleted and replaced in its entirety as follows:

Business Automobile Liability Insurance must cover all owned, non-owned, and hired vehicles with a minimum combined single limit of $500,000 per occurrence for bodily injury and property damage. The policy shall contain the following endorsements in favor of DIR and/or Customer:

A. Waiver of subrogation, but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract;

B. Additional insured, but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract.

R. **Appendix A, Section 11.2.1.1, Termination for Non-Appropriation by Customer,** is hereby deleted and replaced in its entirety as follows:

Customers may terminate Purchase Orders if funds sufficient to pay its obligations under the Contract are not appropriated: i) by the governing body on behalf of local governments; ii) by the Texas legislature on behalf of state agencies; or iii) by budget execution authority provisioned to the Governor or the Legislative Budget Board as provided in Chapter 317, Texas Government Code. In the event of non-appropriation, Successful Respondent and/or Order Fulfiller will be provided ten (10) calendar days written notice of intent to terminate. Notwithstanding the foregoing, if a Customer issues a Purchase Order and has accepted delivery of the product or services, they are obligated to pay for the product or services or they may return the product and discontinue using services under any return provisions that Successful Respondent offers. In the event of such termination, Customer will not be in default or breach under the Purchase Order or the Contract, nor shall it be liable for any further payments ordinarily due under the Contract (except for products or services accepted before termination, for which return provisions are provided, which Customer fails to return), nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination.

S. **Appendix A, Section 11.2.3, Termination for Convenience,** is hereby deleted and replaced in its entirety as follows:

DIR may terminate the Contract, in whole or in part, by giving the other party thirty (30) calendar days' written notice. A Customer may terminate a Purchase Order by giving the other party thirty (30) calendar days' written notice. Notwithstanding the foregoing, if a Customer issued a Purchase Order and accepted delivery of the ordered products or services, the Customer is obligated

to pay for or return and discontinue using the product or services in accordance with the payment and return provisions contained in this Contract.

T. **Appendix A, Section 11.2.4.2, Purchase Order,** is hereby deleted and replaced in its entirety as follows:

Customer or Successful Respondent may terminate a Purchase Order or other contractual document or relationship upon the occurrence of a material breach of any term or condition: (i) of the Contract, or (ii) included in the Purchase Order or other contractual document or relationship, upon the following preconditions: first, the parties must comply with the requirements of Chapter 2260, Texas Government Code, in an attempt to resolve a dispute; second, after complying with Chapter 2260, Texas Government Code, and the dispute remains unresolved, then the non- defaulting party shall give the defaulting party thirty (30) calendar days from receipt of notice to cure said default. If the defaulting party fails to cure said default within the timeframe allowed, the non-defaulting party may, at its option and in addition to any other remedies it may have available, cancel and terminate the Purchase Order. Customer may immediately suspend or terminate a Purchase Order without advance notice in the event Successful Respondent fails to comply with applicable laws or regulations, if such non-compliance relates to vendor provision of goods or services to the Customer.

U. **Appendix A, Section 11.3, Force Majeure,** is hereby deleted and replaced in its entirety as follows:

DIR, Customer, Order Fulfiller or Successful Respondent may be excused from performance under the Contract or a Purchase Order for any period when performance is prevented as the result of an act of God, strike, war, civil disturbance, epidemic, or court order (each such event, an "Event of Force Majeure"), provided that the party experiencing such Event of Force Majeure has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance and to shorten the duration or impact of the Event of Force Majeure. The party suffering an Event of Force Majeure shall provide notice of the event to the other parties when commercially reasonable. Subject to

this Section, such non-performance shall not be deemed a default or a ground for termination. However, a Customer may terminate a Purchase Order if it is determined by such Customer that Successful Respondent will not be able to deliver services in a timely manner to meet the business needs of such Customer.

V. **Appendix A, Section 13, Warranty,** is hereby deleted and replaced in its entirety as follows:

The products offered under this proposal are resold in accordance with the terms and conditions of the Contract referenced under that applicable line item.

COOPERATIVE PURCHASE AGREEMENT
343-26-IT-CP

This Cooperative Purchase Agreement ("Agreement") is entered into by and between SHI/Government Solutions, Inc. ("Vendor") and the City of Brownsville ("City"), a Texas home rule municipality.

The Cooperative Purchase Agreement includes the following documents, which shall be construed in the order of precedence in which they are listed:

1. This Cooperative Purchase Agreement.
2. Exhibit A – Quote # 27884299
3. Exhibit B – DIR Cooperative Agreements - DIR-CPO-5094 and DIR-CPO-5347
4. Exhibit C – Form 2 – Statement of Conflict of Interest
5. Exhibit D – Form 3 – Texas Ethics Commission Certificate of Interested Parties (1295)

Exhibits A, B, C, and D, which are attached hereto and incorporated herein, are made a part of this Agreement for all purposes. Vendor agrees to provide City with the services and goods included in Exhibit A pursuant to the terms and conditions of this Cooperative Purchase Agreement, including all exhibits thereto.

City shall pay Vendor in accordance with the fee schedule in Exhibit A and in accordance with the provisions of this Agreement. Total compensation payable by the City under this Agreement shall not exceed One Hundred Twenty-Nine Thousand Five Hundred Seventy-One Dollars and Eighty-Five Cents ($129,571.85). Vendor shall not provide any additional items or services or bill for expenses incurred for City not specified by this Agreement unless City requests and approves in writing the additional costs for such services. City shall not be liable for any additional expenses of Vendor not specified by this Agreement unless City first approves such expenses in writing.

The term of this Agreement shall commence on approval by the City Commission or designee and shall continue for a period of three (3) years, unless terminated earlier in accordance with the terms of this Agreement. Notwithstanding the foregoing, the parties acknowledge that this Agreement is being awarded pursuant to DIR Cooperative Contracts No. DIR-CPO-5094 and DIR-CPO-5347. To the extent applicable, purchases made under this Agreement shall be subject to the applicable terms and conditions of the corresponding DIR Cooperative Contracts, including any provisions governing the survival of Purchase Orders following expiration or termination of the cooperative contract.

Vendor agrees that City shall, until the expiration of final payment under this Agreement, or the final conclusion of any audit commenced during the said three years, have access to and the right to examine at reasonable times any directly pertinent books, documents, papers and records, including, but not limited to, all electronic records, of Vendor involving transactions relating to this Agreement at no additional cost to City. Vendor agrees that City shall have access during normal working hours to all necessary Vendor facilities and shall be provided adequate and appropriate workspace in order to conduct audits in compliance with the provisions of this section. City shall give Vendor reasonable advance notice of intended audits.

VENDOR ACKNOWLEDGES THAT CITY IS A GOVERNMENT ENTITY AND AS SUCH CANNOT INDEMNIFY OR HOLD HARMLESS A PARTY WITHOUT FIRST CREATING A SINKING FUND OR LEVYING A TAX. VENDOR FURTHER ACKNOWLEDGES THAT THE CITY HAS NO INTENTION OF CREATING SUCH A SINKING FUND OR LEVYING A TAX. THE PARTIES AGREE THAT ANY PROVISION CONTAINED WITHIN THE CONTRACT DOCUMENTS REQUIRING THE CITY TO INDEMNIFY OR HOLD HARMLESS THE VENDOR IS HEREBY STRICKEN.

Notices required pursuant to the provisions of this Agreement shall be conclusively determined to have been delivered when (1) hand-delivered to the other party, its agents, employees, servants or representatives, (2) delivered by facsimile with electronic confirmation of the transmission, or (3) received by the other party by United States Mail, registered, return receipt requested, addressed as follows:

To CITY:
City of Brownsville
Attn: City Manager
1001 East Elizabeth Street
Brownsville, Texas 78520

With copy to Brownsville City
Attorney's Office at same address.

To VENDOR:
SHI/Government Solutions, Inc.

290 Davidson Ave
Somerset, New Jersey 08873

The undersigned represents and warrants that he or she has the power and authority to execute this Agreement and bind the respective parties.

STATE OF TEXAS

DEPARTMENT OF INFORMATION RESOURCES

CONTRACT FOR PRODUCT, SERVICES, AND RELATED SERVICES

SHI/Government Solutions, Inc.

1 Introduction

1.1 Parties

This contract for Miscellaneous Information Technology (IT) Hardware Peripherals, Components, and Related Services (this "Contract") is entered into between the State of Texas, acting by and through the Department of Information Resources (hereinafter "DIR") with its principal place of business at 300 West 15th Street, Suite 1300, Austin, Texas 78701, and SHI/Government Solutions, Inc., a Texas Domestic For-Profit Corporation (hereinafter "Successful Respondent"), with its principal place of business at 3828 Pecana Trail, Austin, Texas 78749.

1.2 Compliance with Procurement Laws

This Contract is the result of compliance with applicable procurement laws of the State of Texas. DIR issued a solicitation on the Comptroller of Public Accounts' Electronic State Business Daily, Request for Offer (RFO) DIR-CPO-TMP-558, on 10/20/2021, for Miscellaneous Information Technology (IT) Hardware Peripherals, Components, and Related Services (the "RFO"). Upon execution of all Contracts, a notice of award for DIR-CPO-TMP-558 shall be posted by DIR on the Electronic State Business Daily.

1.3 Order of Precedence

a) For transactions under this Contract, the order of precedence shall be as follows:
   i. this Contract;
   ii. Appendix A, Standard Terms and Conditions;
   iii. Appendix B, Successful Respondent's Historically Underutilized Businesses Subcontracting Plan;
   iv. Appendix C, Pricing Index;
   v. Exhibit 1, RFO DIR-CPO-TMP-558, including all Addenda; and
   vi. Exhibit 2, Successful Respondent's Response to RFO DIR-CPO-TMP-558, including all Addenda.

b) Each of the foregoing documents is hereby incorporated by reference and together constitute the entire agreement between DIR and Successful Respondent.

1.4 Definitions

Capitalized terms used but not defined herein have the meanings given to them in Appendix A, Standard Terms and Conditions.

2 Term of Contract

The initial term of this Contract shall be up to two (2) years commencing on the date of the last signature hereto (the "Initial Term"), with one (1) optional two-year renewal and one (1) optional one-year renewal (each, a "Renewal Term"). Prior to expiration of the Initial Term and each Renewal Term, this Contract will renew automatically under the same terms and conditions unless either party provides written notice to the other party at least sixty (60) days in advance of the renewal date stating that the party wishes to discuss amendment or non-renewal.

3 Option to Extend

Successful Respondent agrees that DIR may require continued performance under this Contract at the rates specified in this Contact following the expiration of the Initial Term or any Renewal Term. This option may be exercised more than once, but the total extension of performance hereunder shall not exceed ninety (90) calendar days. Such extension of services shall be subject to the requirements of this Contract, with the sole and limited exception that the term shall be extended pursuant to this provision. DIR may exercise this option upon thirty (30) calendar days written notice to Successful Respondent.

4 Product and Service Offerings

Products and services available under this Contract are limited to the technology categories defined in Request for Offer DIR-CPO-TMP-558 for Miscellaneous Information Technology (IT) Hardware Peripherals, Components, and Related Services. At DIR's sole discretion, Successful Respondent may incorporate changes or make additions to its product and service offerings, provided that any changes or additions must be within the scope of the RFO.

5 Pricing

5.1 Pricing Index

Pricing to Customers shall be as set forth in **Appendix C, Pricing Index**, and shall include the DIR Administrative Fee (as defined below).

5.2 Customer Discount

a) The minimum Customer discount for all products and services will be the percentage off List Price (as defined below) or MSRP (as defined below), as applicable, as specified in **Appendix C, Pricing Index**. Successful Respondent shall not establish a List Price or

MSRP for a particular solicitation. For purposes of this Section, "List Price" is the price for a product or service published in Successful Respondent's price catalog (or similar document) before any discounts or price allowances are applied. For purposes of this Section, "MSRP," or manufacturer's suggested retail price, is the price list published by the manufacturer or publisher of a product and available to and recognized by the trade.

b) Customers purchasing products or services under this Contract may negotiate additional discounts with Successful Respondent. Successful Respondent and Customer shall provide the details of such additional discounts to DIR upon request.

c) If products or services available under this Contract are provided at a lower price to: (i) an eligible Customer who is not purchasing those products or services under this Contract, or (ii) to any other customer under the same terms and conditions provided for the State for the same products and services under this contract, then the price of such products and services under this Contract shall be adjusted to that lower price. This requirement applies to products or services quoted by Successful Respondent for a quantity of one (1), but does not apply to volume or special pricing purchases. Successful Respondent shall notify DIR within ten (10) days of providing a lower price as described in this Section, and this Contract shall be amended within ten (10) days to reflect such lower price.

5.3 Changes to Prices

a) Subject to the requirements of this section, Successful Respondent may change the price of any product or service upon changes to the List Price or MSRP, as applicable. Discount levels shall not be subject to such changes, and will remain consistent with the discount levels specified in this Contract.

b) Successful Respondent may revise its pricing by publishing a revised pricing list, subject to review and approval by DIR. If DIR, in its sole discretion, finds that the price of a product or service has been increased unreasonably, DIR may request that Successful Respondent reduce the pricing for the product or service to the level published before such revision. Upon such request, Successful Respondent shall either reduce the pricing as requested, or shall remove the product or service from the pricing list for this Contract. Failure to do so will constitute an act of default by Successful Respondent.

5.4 Shipping and Handling

Prices to Customers shall include all shipping and handling fees. Shipments will be Free On Board Customer's Destination. No additional fees may be charged to Customers for standard shipping and handling. If a Customer requests expedited or special delivery, Customer will be responsible for any additional charges for expedited or special delivery.

6 DIR Administrative Fee

a) Successful Respondent shall pay an administrative fee to DIR based on the dollar value of all sales to Customers pursuant to this Contract (the "DIR Administrative Fee"). The amount of the DIR Administrative Fee shall be seventy-five hundredths of a percent (0.75%) of all sales, net of returns and credits. For example, the administrative fee for sales totaling $100,000 shall be $750.

b) All prices quoted to Customers shall include the DIR Administrative Fee. DIR reserves the right to increase or decrease the DIR Administrative Fee during the term of this Contract, upon written notice to Successful Respondent without amending this Contract. Any increase or decrease in the DIR Administrative Fee shall be incorporated in the price to Customers.

7 Internet Access to Contract and Pricing Information

In addition to the requirements listed in Appendix A, Section 7.2, Internet Access to Contract and Pricing Information, Successful Respondent shall include the following with its webpage:

a) A current price list or mechanism to obtain specific contract pricing;
b) MSRP/list price or DIR Customer price;
c) Discount percentage (%) off MSRP or List Price;
d) Warranty policies; and
e) Return policies.

8 Use of Order Fulfillers

8.1 Authorization to Use Order Fulfillers

Subject to the conditions in this Section 8, DIR agrees to permit Successful Respondent to utilize designated order fulfillers to provide products, services, and support resources to Customers under this Contract ("Order Fulfillers").

8.2 Designation of Order Fulfillers

a) Successful Respondent may designate Order Fulfillers to act as the distributors for products and services available under this Contract. In designating Order Fulfillers, Successful Respondent must be in compliance with the State's Policy on Utilization of Historically Underutilized Businesses. DIR and Successful Respondent will agree on the number of Order Fulfillers that are Historically Underutilized Businesses as defined by the CPA.

b) In addition to the required Subcontracting Plan, Successful Respondent shall provide DIR with the following Order Fulfiller information: Order Fulfiller name, Order Fulfiller

business address, Order Fulfiller CPA Identification Number, Order Fulfiller contact person email address and phone number.

c) DIR reserves the right to require Successful Respondent to rescind any Order Fulfiller participation or request that Successful Respondent name additional Order Fulfillers should DIR determine it is in the best interest of the State.

d) Successful Respondent shall be fully liable for its Order Fulfillers' performance under and compliance with the terms and conditions of this Contract. Successful Respondent shall enter into contracts with Order Fulfillers and use terms and conditions that are consistent with the terms and conditions of this Contract.

e) Successful Respondent may qualify Order Fulfillers and their participation under the Contract provided that: i) any criteria is uniformly applied to all potential Order Fulfillers based upon Successful Respondent's established, neutrally applied criteria, ii) the criteria is not based on a particular procurement, and iii) all Customers are supported under the criteria.

f) Successful Respondent shall not prohibit any Order Fulfiller from participating in other procurement opportunities offered through DIR.

8.3 Changes in Order Fulfiller

Successful Respondent may add or remove Order Fulfillers throughout the term of this Contract upon written authorization by DIR. Prior to adding or removing Order Fulfillers, Successful Respondent must make a good faith effort to revise its Subcontracting Plan in accordance with the State's Policy on Utilization of Historically Underutilized Businesses. Successful Respondent shall provide DIR with its updated Subcontracting Plan and the Order Fulfillers information listed above.

8.4 Order Fulfiller Pricing to Customer

Order Fulfiller pricing to the Customer shall be in accordance with Section 5.

9 Notification

All notices under this Contract shall be sent to a party at the respective address indicated below.

If sent to the State:

Hershel Becker or Successor in Office
Chief Procurement Officer
Department of Information Resources
300 W. 15th St., Suite 1300
Austin, Texas 78701
Phone: (512) 475-4700
Email: hershel.becker@dir.texas.gov

If sent to Successful Respondent:

Stacie Becker, Sr. Proposal Specialist
SHI/Government Solutions, Inc.
3828 Pecana Trail
Austin, Texas 78749
Phone: (512) 983-6502
Email: Stacie_Becker@shi.com

10 Conflicting or Additional Terms

a) The terms and conditions of this Contract shall supersede any additional conflicting or additional terms in any additional service agreements, statement of work, and any other provisions, terms, conditions, and license agreements, including those which may be affixed to or accompany software upon delivery (sometimes called shrink-wrap or click-wrap agreements), and any linked or supplemental documents, which may be proposed, issued, or accepted by Successful Respondent and Customer in addition to this Contract (such additional agreements, "Additional Agreements"), regardless of when such Additional Agreements are proposed, issued, or accepted by Customer. Notwithstanding the foregoing, it is Customer's responsibility to review any Additional Agreements to determine if Customer accepts such Additional Agreement. If Customer does not accept such Additional Agreement, Customer shall be responsible for negotiating any changes thereto.

b) Any update or amendment to an Additional Agreement shall only apply to Purchase Orders for the associated product or service offering after the effective date of such update or amendment; provided that, if Successful Respondent has responded to a Customer's solicitation or request for pricing, any subsequent update or amendment to an Additional Agreement may only apply to a resulting Purchase Order if Successful Respondent directly informs such Customer of such update or amendment before the Purchase Order is executed.

c) Successful Respondent shall not require any Additional Agreement that: i) diminishes the rights, benefits, or protections of Customer, or that alters the definitions, measurements, or method for determining any authorized rights, benefits, or protections of Customer; or ii) imposes additional costs, burdens, or obligations upon Customer, or that alters the definitions, measurements, or method for determining any authorized costs, burdens, or obligations upon Customer.

d) If Successful Respondent attempts to do any of the foregoing, the prohibited documents will be void and inapplicable to this Contract or the Purchase Order between Successful Respondent and Customer, and Successful Respondent will nonetheless be obligated to perform such Purchase Order without regard to the prohibited documents, unless

Customer elects instead to terminate such Purchase Order, which in such case may be identified as a termination for cause against Successful Respondent.

11 Authorized Exceptions to Appendix A, Standard Terms and Conditions

No exceptions have been agreed to by DIR and Successful Respondent.

(Remainder of this page intentionally left blank.)

This Contract is executed to be effective as of the date of last signature.

STATE OF TEXAS

DEPARTMENT OF INFORMATION RESOURCES

CONTRACT FOR PRODUCT AND RELATED SERVICES

CISCO SYSTEMS, INC.

1 INTRODUCTION

1.1 Parties

This contract for Cisco Branded Products and Related Services (this "Contract") is entered into between the State of Texas, acting by and through the Department of Information Resources (hereinafter "DIR") with its principal place of business at 300 West 15th Street, Suite 1300, Austin, Texas 78701, and CISCO SYSTEMS, INC. a Delaware For-Profit Corporation (hereinafter "Successful Respondent"), with its principal place of business at 170 West Tasman Drive San Jose CA 95134.

1.2 Compliance with Procurement Laws

This Contract is the result of compliance with applicable procurement laws of the State of Texas. DIR issued a solicitation on the Comptroller of Public Accounts' Electronic State Business Daily, Request for Offer (RFO) DIR-CPO-TMP-578, on 6/09/2023, for Cisco Branded Products and Related Services (the "RFO"). Upon execution of all Contracts, a notice of award for DIR-CPO-TMP-578, shall be posted by DIR on the Electronic State Business Daily.

1.3 Order of Precedence

A. For transactions under this Contract, the order of precedence shall be as follows:
   1. this Contract;
   2. **Appendix A, Standard Terms and Conditions**;
   3. **Appendix B, Successful Respondent's Historically Underutilized Businesses Subcontracting Plan**;
   4. **Appendix C, Pricing Index**;
   5. **Appendix D, End User Terms**;
   6. **Appendix E, Services Agreement template**;
   7. **Appendix F, Master Operating Lease Agreement**;

8. **Appendix G, Master Lease Agreement**;
9. **Exhibit 1, RFO DIR-CPO-TMP-578**, including all Addenda; and
10. **Exhibit 2, Successful Respondent's Response to RFO** DIR-CPO-TMP-578, including all Addenda.

B. Each of the foregoing documents is hereby incorporated by reference and together constitute the entire agreement between DIR and Successful Respondent.

1.4 Definitions

Capitalized terms used but not defined herein have the meanings given to them in **Appendix A, Standard Terms and Conditions**.

2 TERM OF CONTRACT

The initial term of this Contract shall be up to two (2) years commencing on the date of the last signature hereto (the "Initial Term"), with one (1) optional two-year renewal and one (1) optional one-year renewal (each, a "Renewal Term"). Prior to expiration of the Initial Term and each Renewal Term, this Contract will renew automatically under the same terms and conditions unless either party provides written notice to the other party at least sixty (60) days in advance of the renewal date stating that the party wishes to discuss amendment or non-renewal.

3 OPTION TO EXTEND

Successful Respondent agrees that DIR may require continued performance under this Contract at the rates specified in this Contact following the expiration of the Initial Term or any Renewal Term. This option may be exercised more than once, but the total extension of performance hereunder shall not exceed ninety (90) calendar days. Such extension of services shall be subject to the requirements of the Contract, with the sole and limited exception that the original date of termination shall be extended pursuant to this provision. DIR may exercise this option upon thirty (30) calendar days written notice to the Successful Respondent.

4 PRODUCT AND SERVICE OFFERINGS

Products and services available under this Contract are limited to the technology categories defined in Request for Offer DIR-CPO-TMP-578 for Cisco Branded Products

and Related Services. At DIR's sole discretion, Successful Respondent may incorporate changes or make additions to its product and service offerings, provided that any changes or additions must be within the scope of the RFO.

5 PRICING

5.1 Pricing Index

Pricing to Customers shall be as set forth in **Appendix C, Pricing Index**, and shall include the DIR Administrative Fee (as defined below).

5.2 Customer Discount

A. The minimum Customer discount for all products and services will be the percentage off List Price (as defined below) or MSRP (as defined below), as applicable, as specified in **Appendix C, Pricing Index**. Successful Respondent shall not establish a List Price or MSRP for a particular solicitation. For purposes of this Section, "List Price" is the price for a product or service published in Successful Respondent's price catalog (or similar document) before any discounts or price allowances are applied. For purposes of this Section, "MSRP," or manufacturer's suggested retail price, is the price list published by the manufacturer or publisher of a product and available to and recognized by the trade.

B. Customers purchasing products or services under this Contract may negotiate additional discounts with Order Fulfiller. Order Fulfiller and Customer shall provide the details of such additional discounts to DIR upon request.

C. If products or services available under this Contract are provided at a lower price to: (i) an eligible Customer who is not purchasing those products or services under this Contract, or (ii) to any other entity or consortia authorized to sell said products and services to eligible Customers, under the same terms and conditions provided for the State for the same products and services under this contract, then the available price of such products and services under this Contract shall be adjusted to that lower price prospectively (such adjustments shall not apply to previously invoiced or fulfilled Purchase Orders). This requirement applies to products or services quoted by Successful Respondent for a quantity of one (1) but does not apply to volume or special pricing purchases. DIR or an eligible Customer shall notify and provide evidence of better pricing to

Successful Respondent within ten (10) days of Successful Respondent providing a lower price as described in this Section to an eligible Customer, and Successful Respondent shall inform DIR upon receiving such notice. This Contract shall be amended within ten (10) days to reflect such lower price.

5.3 Changes to Prices

A. Subject to the requirements of this section, Successful Respondent may change the price of any product or service upon changes to the List Price or MSRP, as applicable. Discount levels shall not be subject to such changes, and will remain consistent with the discount levels specified in this Contract.

B. Successful Respondent may revise its pricing by publishing a revised pricing list, subject to review and approval by DIR. If DIR, in its sole discretion, finds that the price of a product or service has been increased unreasonably, DIR may request that Successful Respondent reduce the pricing for the product or service to the level published before such revision. Upon such request, Successful Respondent shall either reduce the pricing as requested, or shall remove the product or service from the pricing list for this Contract. Failure to do so will constitute an act of default by Successful Respondent.

5.4 Shipping and Handling

Prices to Customers shall include all shipping and handling fees. Shipments will be Free On Board Customer's Destination. No additional fees may be charged to Customers for standard shipping and handling. If a Customer requests expedited or special delivery, Customer will be responsible for any additional charges for expedited or special delivery.

6 DIR ADMINISTRATIVE FEE

A. Successful Respondent shall pay an administrative fee to DIR based on the dollar value of all sales to Customers pursuant to this Contract (the "DIR Administrative Fee"). The amount of the DIR Administrative Fee shall be seventy-five hundredths of a percent (0.75%) of all sales, net of returns and credits. For example, the administrative fee for sales totaling $100,000 shall be $750.

B. All prices quoted to Customers shall include the DIR Administrative Fee. DIR reserves the right to increase or decrease the DIR Administrative Fee during the term of this Contract, upon written notice to Successful Respondent without

amending this Contract. Any increase or decrease in the DIR Administrative Fee shall be incorporated in the price to Customers.

7 INTERNET ACCESS TO CONTRACT AND PRICING INFORMATION

In addition to the requirements listed in **Appendix A, Section 7.2, Internet Access to Contract and Pricing Information**, Successful Respondent shall include the following with its webpage:

A. A current price list or mechanism to obtain specific contract pricing;
B. MSRP/list price or DIR Customer price;
C. Discount percentage (%) off MSRP or List Price;
D. Warranty policies; and
E. Return policies.

8 USE OF ORDER FULFILLERS

8.1 Authorization to Use Order Fulfillers

Subject to the conditions in this Section 8, DIR agrees to permit Successful Respondent to utilize designated order fulfillers to provide products, services, and support resources to Customers under this Contract ("Order Fulfillers").

8.2 Designation of Order Fulfillers

A. Successful Respondent may designate Order Fulfillers to act as the distributors for products and services available under this Contract. In designating Order Fulfillers, Successful Respondent must be in compliance with the State's Policy on Utilization of Historically Underutilized Businesses. DIR and Successful Respondent will agree on the number of Order Fulfillers that are Historically Underutilized Businesses as defined by the CPA.
B. In addition to the required Subcontracting Plan, Successful Respondent shall provide DIR with the following Order Fulfiller information: Order Fulfiller name, Order Fulfiller business address, Order Fulfiller CPA Identification Number, Order Fulfiller contact person email address and phone number.
C. DIR reserves the right to require Successful Respondent to rescind any Order Fulfiller participation or request that Successful Respondent name additional Order Fulfillers should DIR determine it is in the best interest of the State.

D. Successful Respondent shall be fully liable for its Order Fulfillers' performance under and compliance with the terms and conditions of this Contract. Successful Respondent shall enter into contracts with Order Fulfillers and use terms and conditions that are consistent with the terms and conditions of this Contract.
E. Successful Respondent may qualify Order Fulfillers and their participation under the Contract provided that: i) any criteria is uniformly applied to all potential Order Fulfillers based upon Successful Respondent's established, neutrally applied criteria, ii) the criteria is not based on a particular procurement, and iii) all Customers are supported under the criteria.
F. Successful Respondent shall not prohibit any Order Fulfiller from participating in other procurement opportunities offered through DIR.

8.3 Changes in Order Fulfiller

Successful Respondent may add or remove Order Fulfillers throughout the term of this Contract upon written authorization by DIR. Prior to adding or removing Order Fulfillers, Successful Respondent must make a good faith effort to revise its Subcontracting Plan in accordance with the State's Policy on Utilization of Historically Underutilized Businesses. Successful Respondent shall provide DIR with its updated Subcontracting Plan and the Order Fulfillers information listed above.

8.4 Order Fulfiller Pricing to Customer

Order Fulfiller pricing to the Customer shall be in accordance with Section 5.

9 NOTIFICATION

All notices under this Contract shall be sent to a party at the respective address indicated below.

If sent to the State:

Lisa Massock or Successor in Office
Chief Procurement Officer
Department of Information Resources
300 W. 15th St., Suite 1300
Austin, Texas 78701
Phone: (512) 475-4700

If sent to Successful Respondent:

Jumana Dihu
CISCO SYSTEMS, INC.
170 West Tasman Drive
San Jose, CA 95134
Phone: (773) 269-6397
Email: jdihu@cisco.com

10 SOFTWARE LICENSE, LEASE, AND SERVICE AGREEMENTS

10.1 Software License Agreement

A. Customers acquiring software licenses to Cisco-branded products under this Contract shall hold, use, and operate such software subject to compliance with the End User Terms set forth in **Appendix D** of this Contract. Customer and Successful Respondent may agree to additional terms and conditions that do not diminish a term or condition in the End User Terms, or in any manner lessen the rights or protections of Customer or the responsibilities or liabilities of Successful Respondent. Successful Respondent shall make the End User Terms available to all Customers at all times.

B. Compliance with the End User Terms is the responsibility of the Customer. DIR shall not be responsible for any Customer's compliance with the End User Terms.

10.2 Services Agreement

Services provided under this Contract shall be in accordance with the Services Agreement as set forth in **Appendix E** of this Contract. No changes to the Services Agreement terms and conditions may be made unless previously agreed to by Successful Respondent and DIR. Successful Respondent and Customer may agree to terms and conditions that do not diminish or lessen the rights or protections of the Customer or the responsibilities or liabilities of Successful Respondent.

10.3 Master Operating Lease Agreement

DIR and Successful Respondent hereby agree that Successful Respondent is authorized to utilize the Master Operating Lease Agreement in **Appendix F** of this Contract for Lessees that are Texas State Agencies or otherwise authorized to conduct lease transactions through DIR Contracts.

10.4 Master Lease Agreement

DIR and Successful Respondent hereby agree that Successful Respondent is authorized to utilize the Master Lease Agreement in **Appendix G** of this Contract for DIR authorized entities as Lessees that are **not** Texas State Agencies or otherwise required by statute to utilize the Texas Public Finance Authority for such leasing transactions. Texas State Agencies that have the requisite capital authority and who are not required to utilize such authority via the Texas Public Finance Authority may or may not be eligible to utilize the Master Lease Agreement; each such agency must confer with its own counsel to make this determination.

11 CONFLICTING OR ADDITIONAL TERMS

A. The terms and conditions of this Contract shall supersede any additional conflicting or additional terms in any additional service agreements, statement of work, and any other provisions, terms, conditions, and license agreements, including those which may be affixed to or accompany software upon delivery (sometimes called shrink-wrap or click-wrap agreements), and any linked or supplemental documents, which may be proposed, issued, or accepted by Successful Respondent and Customer in addition to this Contract (such additional agreements, "Additional Agreements"), regardless of when such Additional Agreements are proposed, issued, or accepted by Customer. Notwithstanding the foregoing, it is Customer's responsibility to review any Additional Agreements to determine if Customer accepts such Additional Agreement. If Customer does not accept such Additional Agreement, Customer shall be responsible for negotiating any changes thereto. For third party products appearing on Appendix C, Successful Respondent or Order Fulfiller, as applicable, will provide the applicable third-party software license terms to Customer.

B. Any update or amendment to an Additional Agreement shall only apply to Purchase Orders for the associated product or service offering after the effective date of such update or amendment; provided that, if Successful Respondent has responded to a Customer's solicitation or request for pricing, any subsequent update or amendment to an Additional Agreement may only apply to a resulting Purchase Order if Successful Respondent directly informs such Customer of such update or amendment before the Purchase Order is executed.

C. Successful Respondent shall not require any Additional Agreement that: i) diminishes the rights, benefits, or protections of Customer, or that alters the definitions, measurements, or method for determining any authorized rights, benefits, or protections of Customer; or ii) imposes additional costs, burdens, or obligations upon Customer, or that alters the definitions, measurements, or method for determining any authorized costs, burdens, or obligations upon Customer.

D. If Successful Respondent attempts to do any of the foregoing, the prohibited documents will be void and inapplicable to this Contract or the Purchase Order between Successful Respondent and Customer, and Successful Respondent will nonetheless be obligated to perform such Purchase Order without regard to the prohibited documents, unless Customer elects instead to terminate such Purchase Order, which in such case may be identified as a termination for cause against Successful Respondent.

12 AUTHORIZED EXCEPTIONS TO APPENDIX A, STANDARD TERMS AND CONDITIONS

A. **Appendix A, Section 3.8, Invoice,** is hereby deleted and replaced in its entirety as follows:

Refers to a Customer approved instrument submitted by Successful Respondent or Order Fulfiller for payment of services.

B. **Appendix A, Section 3.11, Statement of Work (SOW),** is hereby deleted and replaced in its entirety as follows:

Means a document entered into between Customer and Successful Respondent or Order Fulfiller describing a specific set of activities and/or deliverables, which may include Work Product and Intellectual Property Rights, that Successful Respondent or Order Fulfiller is to provide Customer, issued pursuant to the Contract.

C. **Appendix A, Section 4.5, Survival,** is hereby deleted and replaced in its entirety as follows:

All applicable Statements of Work that were entered into between Successful Respondent and a Customer under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. All Purchase Orders issued and accepted by Successful Respondent shall survive expiration or termination of the Contract for the term of the Purchase Order, unless the Customer terminates the Purchase Order in accordance with Section 11. However, regardless of the term of the Purchase Order, no Purchase Order shall survive the expiration or termination of the Contract for more than three (3) years. In all instances of termination or expiration and no later than five (5) days after termination or expiration or upon DIR request, Successful Respondent shall provide a list, in accordance with the format requested by DIR (i.e., Excel, Word, etc.), of all surviving Statements of Work and Purchase Orders to the DIR Contract Manager and shall continue to report sales and pay the DIR Administrative Fees for the duration of all such surviving Statements of Work and Purchase Orders. Rights and obligations under the Contract which by their nature should survive, including, but not limited to the DIR Administrative Fee and any and all payment obligations invoiced prior to the termination or expiration hereof, obligations of confidentiality; and indemnification will remain in effect.

D. **Appendix A, Section 4.9, Data Location,** is hereby deleted and replaced in its entirety as follows:

Regardless of any other provision of the Contract or its incorporated or referenced documents, all data for State of Texas Customers shall remain, and be stored always and exclusively within the contiguous United States. State of Texas Customers can specifically request and agree otherwise in a Purchase Order by placing an order for a hosted data solution with data locations outside the United States. All data for State of Texas Customers shall be processed, accessed, viewed, transmitted, and received, always and exclusively within the contiguous United States, provided that State of Texas Customers can specifically request and agree otherwise in a Purchase Order. "Support Data," defined as data collected and maintained by Successful Respondent when a Customer submits requests for support and troubleshooting services, including information about the solutions and other details about the support incident and interaction; configuration

support data; performance monitoring data; and security threat data (threat intelligence data, URLs, metadata, netflow data, and origin and nature of malware) necessary to enable provisioning of the services, including security features of the solutions, shall not be subject to this requirement, unless otherwise requested by a Customer. For all Customers outside the State of Texas' jurisdiction, the question of data location shall be at the discretion of such Customers. NOTE: CUSTOMERS SHOULD CONSIDER WHETHER THEY REQUIRE CONTIGUOUS US-ONLY DATA LOCATION AND HANDLING AND MAKE SUCCESSFUL RESPONDENT AWARE OF THEIR REQUIREMENTS.

E. **Appendix A, Section 5, Intellectual Property Matters,** is hereby deleted and replaced in its entirety as follows:

This Contract does not contemplate, authorize or support acquisition of custom software products or services or the creation of intellectual property. If Successful Respondent and Customer seek to contract for such product or service, they must use a separate contract or seek amendment with DIR of this Contract. If DIR and Successful Respondent decide to authorize customized software or hardware products or the creation of intellectual property, then the terms and conditions of ownership of intellectual property will be negotiated between the parties at such time.

F. **Appendix A, Section 6.A, Terms and Conditions Applicable to State Agency Purchases Only,** is hereby deleted and replaced in its entirety as follows:

Under Texas Government Code, Chapter 2054, Subchapter M, and DIR implementing rules, DIR state agency and Institution of Higher Education Customers must procure EIR that complies with the Accessibility Standards defined in the Texas Administrative Codes 1 TAC 206, 1 TAC 213, and in the Worldwide Web Consortium WCAG 2.0 AA technical standard as applicable, and when such products or services are available in the commercial marketplace or when such products are developed in response to procurement solicitations. Successful Respondent complies with Section 255 of the Telecommunications Act of 1996 and the Twenty-First Century Communications and Video Accessibility

Act ("CVAA") of 2010, as applicable. Successful Respondent hereby represents, certifies, and warrants its products and services comply with its then current Accessibility Conformance Reports.

G. **Appendix A, Section 7.2, Internet Access to Contract and Pricing Information,** is hereby deleted and replaced in its entirety as follows:

A. Successful Respondent Webpage

Within thirty (30) calendar days from the Effective Date, Successful Respondent will establish and maintain a website specific to the product and services offerings awarded under the Contract that is clearly distinguishable from other, non-DIR Contract offerings on Successful Respondent's website. Successful Respondent must use a web hosting service that provides a dedicated internet protocol (IP) address. Successful Respondent's website must have a Secure Sockets Layer (SSL) certificate and Customers must access Successful Respondent's website using Hyper Text Transfer Protocol Secure (HTTPS) and it will encrypt all communication between Customer browser and website. The website must include a webpage that contains:

i) a list with description of products and/or services awarded;

ii) Successful Respondent contact information (name, telephone number and email address);

iii) instructions for obtaining quotes and placing Purchase Orders;

iv) the DIR Contract number with a hyperlink to the Contract's DIR webpage;

v) a link to the DIR "Cooperative Contracts" webpage;

vi) the DIR logo in accordance with the requirements of Section 7.9; and

vii) any other information that the Contract indicates is required to be included on the webpage.

B. If Successful Respondent does not meet the webpage requirements listed above, DIR may cancel the Contract without penalty.

H. **Appendix A, Section 7.8, Services Warranty and Return Policies,** is hereby deleted and replaced in its entirety as follows:

Order Fulfiller and Successful Respondent will adhere to Successful Respondent's then-currently published policies concerning product and service warranties and returns. Such policies for Customers will not be more restrictive or more costly than warranty and return policies for other similarly situated customers for like products and services. Warranty and returns for third-party products may also be subject to separate, additional policies and terms set forth by the applicable third-party, in accordance with Section 11 of the Contract, provided said policies and terms were provided to Customers prior to acceptance by Customer of the third-party products. Successful Respondent and Order Fulfiller will assign any such warranty and return rights to Customer, to the extent applicable.

I. **Appendix A, Section 8.1, Purchase Orders,** is hereby deleted and replaced in its entirety as follows:

All Customer Purchase Orders will be placed directly with Successful Respondent or Order Fulfiller. Accurate Purchase Orders shall be effective and binding upon Successful Respondent or Order Fulfiller when accepted by Successful Respondent or Order Fulfiller.

J. **Appendix A, Section 10.1.1, Indemnities by Successful Respondent,** is hereby deleted and replaced in its entirety as follows:

A. Successful Respondent shall defend and indemnify DIR, the State of Texas, and Customers, AND/OR THEIR OFFICERS, DIRECTORS, AGENTS, EMPLOYEES, REPRESENTATIVES, CONTRACTORS, SUCCESSORS, ASSIGNEES, AND/OR DESIGNEES ("Indemnified Parties") FROM ANY AND ALL LIABILITY, ACTIONS, CLAIMS, DEMANDS, OR SUITS, AND ALL RELATED REASONABLE COSTS, ATTORNEY FEES, AND EXPENSES arising out of, resulting from a claim brought by a third party based upon:

i) any negligent acts or omissions, or willful misconduct of Successful Respondent or its employees, agents, or subcontractors in

connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract;

ii) any and all third party claims involving infringement of United States patents, copyrights, trade and service marks, and any other intellectual or intangible property rights (an "Infringement") in or in connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract; and

iii) tax liability, unemployment insurance or workers' compensation or expectations of benefits by Successful Respondent, its employees, representatives, agents, or subcontractors in or in connection with the execution or performance of the Contract and any Purchase Orders issued under the Contract.

B. Successful Respondent shall defend Indemnified Parties and shall provide the remedies outlined in Section B below for any third-party claim directly arising from an accidental or unlawful destruction, loss, alteration, unauthorized disclosure of, or access to DIR data, Customer data (including, but not limited to, text, audio, video or image files, provided by Customer to Successful Respondent in connection with Customer's use of Successful Respondent's solutions, and data developed at Customer's specific request related to a statement of work or contract), confidential information of DIR or Customer, any personal identifying information, or any other protected or regulated data resulting from a breach by Successful Respondent of its security obligations as set forth in the Contract or Customer's Purchase Order (a "Data Breach"), provided Customer has complied with any data protection requirements to which it has agreed in writing. Any third-party claim outlined in this Section B is referred to herein as a "Data Breach Claim."

Successful Respondent shall indemnify the Indemnified Parties against the following arising from the Data Breach Claim:

i) final judgement entered by the court of competent jurisdiction, or fine levied by the supervisory authority or regulator;

ii) a final settlement of the Data Breach Claim;

iii) actual and reasonable expenses notifying affected individuals of the loss, destruction, or unauthorized access of data, as such notice is required by applicable law; and

iv) one (1) year of credit monitoring services for individuals affected by the unauthorized access of data.

C. THIS SECTION IS NOT INTENDED TO AND SHALL NOT BE CONSTRUED TO REQUIRE SUCCESSFUL RESPONDENT TO DEFEND OR INDEMNIFY INDEMNIFIED PARTIES FOR ANY CLAIMS OR LIABILITIES RESULTING FROM THE NEGLIGENT ACTS OR OMISSIONS OF INDEMNIFIED PARTIES.

D. THE DEFENSE SHALL BE COORDINATED BY SUCCESSFUL RESPONDENT WITH THE OFFICE OF THE ATTORNEY GENERAL WHEN TEXAS STATE AGENCIES ARE NAMED DEFENDANTS IN ANY LAWSUIT AND SUCCESSFUL RESPONDENT MAY NOT AGREE TO ANY SETTLEMENT WHICH WITHOUT FIRST OBTAINING THE CONCURRENCE FROM THE OFFICE OF THE ATTORNEY GENERAL. FOR NON-STATE AGENCY CUSTOMERS, THE DEFENSE SHALL BE COORDINATED BY CUSTOMER'S LEGAL COUNSEL. SUCCESSFUL RESPONDENT AND THE CUSTOMER AGREE TO FURNISH TIMELY WRITTEN NOTICE TO EACH OTHER AND TO DIR OF ANY SUCH CLAIM.

K. **Appendix A, Section 10.1.2, Infringements,** is hereby deleted and replaced in its entirety as follows:

A. Notwithstanding the foregoing, such indemnity shall not apply, and Successful Respondent shall have no liability under this section if the alleged infringement is caused by:

(1) any designs, specifications or requirements provided by Customer, or on Customer's behalf by a third party;

(2) modification of a Cisco product by Customer, or on Customer's behalf pursuant to Customer's specific instructions;

(3) the amount or duration of use made of a Cisco product, revenue Customer earned, or services Customer offered;

(4) combination, operation, or use of the Cisco product with non-Cisco products, software, content or business processes; or

(5) Customer's failure to change or replace the Cisco product as required and properly notified by Successful Respondent.

B. If Successful Respondent becomes aware of an actual or potential claim of an Infringement, or Customer provides Successful Respondent with notice of an actual or potential claim of an Infringement, Successful Respondent may (or in the case of an injunction against Customer, shall), at Successful Respondent's sole expense: (i) procure for Customer the right to continue to use the affected portion of the product or service, or (ii) modify or replace the affected portion of the product or service with functionally equivalent or superior product or service so that Customer's use is non-infringing.

L. **Appendix A, Section 10.2, Property Damage,** is hereby deleted and replaced in its entirety as follows:

IN THE EVENT OF LOSS, DAMAGE, OR DESTRUCTION OF ANY TANGIBLE PROPERTY (NOT INCLUDING DATA) OF CUSTOMER OR THE STATE DUE TO THE NEGLIGENCE, MISCONDUCT, WRONGFUL ACT OR OMISSION ON THE PART OF SUCCESSFUL RESPONDENT, ITS EMPLOYEES, AGENTS, REPRESENTATIVES, OR SUBCONTRACTORS, SUCCESSFUL RESPONDENT SHALL PAY COMMERCIALLY REASONABLE THIRD PARTY COSTS OF EITHER REPAIR, RECONSTRUCTION, OR REPLACEMENT OF THE PROPERTY, AT THE CUSTOMER'S SOLE ELECTION. (IN ADDITION TO COSTS OF PRIVATE CONTRACTORS OR SUPPLIERS, REPAIR OR REPLACEMENT COSTS OF A GOVERNMENTAL ENTITY EMPLOYED TO PERFORM SUCH SHALL MEET THE DEFINITION OF "THIRD PARTY COSTS"). SUCH COSTS SHALL BE ACCURATELY DOCUMENTED BY THE CUSTOMER AND SHALL BE DUE AND PAYABLE BY SUCCESSFUL RESPONDENT NINETY (90) CALENDAR DAYS AFTER THE DATE OF SUCCESSFUL RESPONDENT'S RECEIPT FROM THE CUSTOMER OF A WRITTEN NOTICE AND REQUIRED DOCUMENTATION OF THE AMOUNT DUE. THE FOREGOING SHALL CONSTITUTE CUSTOMER'S, OR STATE'S, AS APPLICABLE, SOLE AND EXCLUSIVE REMEDY FOR SUCH PROPERTY DAMAGE CLAIMS.

M. **Appendix A, Section 10.11, Background and/or Criminal History Investigation,** is hereby deleted and replaced in its entirety as follows:

Prior to commencement of any services, background and/or criminal history investigation of Successful Respondent's employees and Third-Party Providers who will be providing services to the Customer under the Contract may be performed by the Customer or the Customer may require that Successful Respondent or Order Fulfiller relay the confirmation of a successful background check status. Should any employee or Third-Party Provider of Successful Respondent who will be providing services to the Customer under the Contract not be acceptable to the Customer as a result of the background and/or criminal history check, then Customer may immediately terminate its Purchase Order and related Service Agreement or request replacement of the employee or Third-Party Provider in question.

N. **Appendix A, Section 10.12, Limitation of Liability,** is hereby deleted and replaced in its entirety as follows:

A. For any claim or cause of action arising under or related to the Contract, to the extent permitted by the Constitution and the laws of the State, none of the parties shall be liable to the other for punitive, special, or consequential damages, even if it is advised of the possibility of such damages.

B. Successful Respondent's aggregate liability to each individual purchasing Customer for damages of any kind under the Contract shall not exceed two times (2x) the total value of the individual purchasing Customer's Purchase Order under the Contract. Such value includes all amounts to be paid over the life of the Purchase Order to Successful Respondent by such Customer as described in the Purchase Order.

C. Notwithstanding the foregoing or anything to the contrary herein, any limitation of Successful Respondent's liability contained herein shall not apply to: claims of bodily injury; disclosures of confidential information (excluding a Data Breach, as defined in Section 10.1.1.B); violations of intellectual property rights including but not limited to patent, trademark, or copyright infringement; and violation of State or Federal law including any penalty of any kind lawfully

assessed as a result of such violation (excluding a Data Breach, as defined in Section 10.1.1.B).

O. **Appendix A, Section 10.15, Required Insurance Coverage,** is hereby deleted and replaced in its entirety as follows:

A. As a condition of the Contract, Successful Respondent shall provide certificates of insurance as evidence that it is maintaining the required insurance within five (5) business days of execution of the Contract if Successful Respondent is awarded services which require that Successful Respondent's employees perform work at any Customer premises or use vehicles to conduct work on behalf of Customers. In addition, when engaged by a Customer to provide services on Customer premises, Successful Respondent shall, at its own expense, secure and maintain the insurance coverage specified herein, and shall provide certificates of insurance as evidence that it is maintaining the required insurance to such Customer within five (5) business days following the execution of the Purchase Order. Successful Respondent may not begin performance under the Contract and/or a Purchase Order until such proof of insurance coverage is provided to DIR and the Customer. If Successful Respondent's services under the Contract will not require Successful Respondent to perform work on Customer premises, or to use vehicles (whether owned or otherwise) to conduct work on behalf of Customers, Successful Respondent may certify to the foregoing facts, and agree to provide notice and the required insurance if the foregoing facts change. The certification and agreement must be provided by executing the Certification of Off-Premise Customer Services in the form provided by DIR, which shall serve to meet the insurance requirements.

B. All required insurance must be issued by companies that have an A rating and a minimum Financial Size Category Class of VII from AM Best, and are licensed in the State of Texas and authorized to provide the corresponding coverage. The Customer and DIR will be included as additional insureds on the required commercial general liability and business automobile liability coverage for liabilities that fall within Successful Respondent's contractual and indemnity obligations pursuant to this Contract. Required coverage must remain in effect

through the term of the Contract and each Purchase Order issued to Successful Respondent thereunder. The insurance requirements are as follows:

P. **Appendix A, Section 10.15.1, Commercial General Liability,** is hereby deleted and replaced in its entirety as follows:

Commercial General Liability must include $1,000,000.00 per occurrence for Bodily Injury and Property Damage with a separate aggregate limit of $2,000,000.00; Personal Injury and Advertising Liability of $1,000,000.00; Products/Completed Operations aggregate Limit of $2,000,000.00 and Damage to Premises Rented: $50,000.00. Agencies may require additional Umbrella/Excess Liability insurance. The policy shall contain the following provisions:

A. Blanket contractual liability coverage for liability assumed under the Contract;

B. Independent Contractor coverage;

C. State of Texas, DIR, and Customer included as an additional insured but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract; and

D. Waiver of Subrogation, but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract.

Q. **Appendix A, Section 10.15.3, Business Automobile Liability Insurance,** is hereby deleted and replaced in its entirety as follows:

Business Automobile Liability Insurance must cover all owned, non-owned, and hired vehicles with a minimum combined single limit of $500,000 per occurrence for bodily injury and property damage. The policy shall contain the following endorsements in favor of DIR and/or Customer:

A. Waiver of subrogation, but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract;

B. Additional insured, but only to the extent of liabilities falling within Successful Respondent's contractual and indemnity obligations pursuant to this Contract.

R. **Appendix A, Section 11.2.1.1, Termination for Non-Appropriation by Customer,** is hereby deleted and replaced in its entirety as follows:

Customers may terminate Purchase Orders if funds sufficient to pay its obligations under the Contract are not appropriated: i) by the governing body on behalf of local governments; ii) by the Texas legislature on behalf of state agencies; or iii) by budget execution authority provisioned to the Governor or the Legislative Budget Board as provided in Chapter 317, Texas Government Code. In the event of non-appropriation, Successful Respondent and/or Order Fulfiller will be provided ten (10) calendar days written notice of intent to terminate. Notwithstanding the foregoing, if a Customer issues a Purchase Order and has accepted delivery of the product or services, they are obligated to pay for the product or services or they may return the product and discontinue using services under any return provisions that Successful Respondent offers. In the event of such termination, Customer will not be in default or breach under the Purchase Order or the Contract, nor shall it be liable for any further payments ordinarily due under the Contract (except for products or services accepted before termination, for which return provisions are provided, which Customer fails to return), nor shall it be liable for any damages or any other amounts which are caused by or associated with such termination.

S. **Appendix A, Section 11.2.3, Termination for Convenience,** is hereby deleted and replaced in its entirety as follows:

DIR may terminate the Contract, in whole or in part, by giving the other party thirty (30) calendar days' written notice. A Customer may terminate a Purchase Order by giving the other party thirty (30) calendar days' written notice. Notwithstanding the foregoing, if a Customer issued a Purchase Order and accepted delivery of the ordered products or services, the Customer is obligated

to pay for or return and discontinue using the product or services in accordance with the payment and return provisions contained in this Contract.

T. **Appendix A, Section 11.2.4.2, Purchase Order,** is hereby deleted and replaced in its entirety as follows:

Customer or Successful Respondent may terminate a Purchase Order or other contractual document or relationship upon the occurrence of a material breach of any term or condition: (i) of the Contract, or (ii) included in the Purchase Order or other contractual document or relationship, upon the following preconditions: first, the parties must comply with the requirements of Chapter 2260, Texas Government Code, in an attempt to resolve a dispute; second, after complying with Chapter 2260, Texas Government Code, and the dispute remains unresolved, then the non- defaulting party shall give the defaulting party thirty (30) calendar days from receipt of notice to cure said default. If the defaulting party fails to cure said default within the timeframe allowed, the non-defaulting party may, at its option and in addition to any other remedies it may have available, cancel and terminate the Purchase Order. Customer may immediately suspend or terminate a Purchase Order without advance notice in the event Successful Respondent fails to comply with applicable laws or regulations, if such non-compliance relates to vendor provision of goods or services to the Customer.

U. **Appendix A, Section 11.3, Force Majeure,** is hereby deleted and replaced in its entirety as follows:

DIR, Customer, Order Fulfiller or Successful Respondent may be excused from performance under the Contract or a Purchase Order for any period when performance is prevented as the result of an act of God, strike, war, civil disturbance, epidemic, or court order (each such event, an "Event of Force Majeure"), provided that the party experiencing such Event of Force Majeure has prudently and promptly acted to take any and all steps that are within the party's control to ensure performance and to shorten the duration or impact of the Event of Force Majeure. The party suffering an Event of Force Majeure shall provide notice of the event to the other parties when commercially reasonable. Subject to

this Section, such non-performance shall not be deemed a default or a ground for termination. However, a Customer may terminate a Purchase Order if it is determined by such Customer that Successful Respondent will not be able to deliver services in a timely manner to meet the business needs of such Customer.

V. **Appendix A, Section 13, Warranty,** is hereby deleted and replaced in its entirety as follows:

Date: 1/7/2025

Exhibit C

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1034 E Levee Street, City Plaza, 1st Floor, Brownsville, TX 78520
Email: City.Secretary@brownsvilletx.gov
Phone: (956) 548-6042

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

SHI Government Solutions

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

N/A

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☒ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☒ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Exhibit D

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed in accordance with TEC requirements.

To:	Mayor and City Commission
Through:	Alan Guard, Interim City Manager
From:	Will Trevino, City Attorney
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** to adopt and enter into an Interlocal Agreement with Cameron County for certain administrative, financial, and other matters concerning City and County participation in the GBEDC Tech Park Reinvestment Zone Number Five, City of Brownsville, and authorize the City Manager to execute the same. (Office of the City Attorney/ Planning and Redevelopment Department)

Summary:
On July 7, 2026, and July 21, 2026, the City Commission of the City of Brownsville adopted and approved Ordinance Number 2026-1810 designating a +/- 804.13-acre area as Tax Increment Reinvestment Zone #5 (Greater Brownsville Tech District Reinvestment Zone Number Five, City of Brownsville) (the "TIRZ #5), pursuant to Chapter 311, Texas Tax Code. The TIRZ #5 may provide funding for eligible project costs within the TIRZ #5 as provided for in Chapter 311 of the Texas Tax Code, as amended.

Project Scope and Analysis:
On June 5, 2026, the City of Brownsville, Texas (the "City") received a petition submitted by Greater Brownsville Economic Development Corporation (the "Petitioner") under TEX. TAX CODE § 311.005(a)(4) (the "Petition"), requesting, among other things, that the City Commission (the "Commission") designate and create a tax increment reinvestment zone ("TIRZ" or "Zone") in accordance with Chapter 311, Texas Tax Code ("Chapter 311"). The Petition was accepted on June 2, 2026, and a public hearing was called for July 7, 2026. A copy of the petition was filed with the City Secretary on the above date and sought the designation of a TIRZ on approximately 804.13 acres of property located in the City's corporate boundaries, with such property being as more particularly described in Exhibit "A" of the resolution adopted by the City Commission (the "Property").

On July 7, 2026, and July 21, 2026, the City Commission of the City of Brownsville adopted and approved Ordinance Number 2026-1810 designating the +/- 804.13-acre area as Tax Increment Reinvestment Zone #5 (Greater Brownsville Tech District Reinvestment Zone Number Five, City of Brownsville), pursuant to Chapter 311, Texas Tax Code. The Cameron

County Commissioners Court also approved participation in TIRZ #5. Pursuant to state law, the City and Cameron County must enter into an interlocal agreement to participate and cooperate in funding TIRZ #5.

Subject to the terms set out in the attached Interlocal Agreement and requirements of Chapter 311, Texas Tax Code, Cameron County agrees to participate in the TIRZ #5 by contributing to the TIRZ #5 Tax Increment Fund an amount equal to fifty percent (50%) of its Maintenance and Operation Tax Rate levied by the County each year during the term of the attached Interlocal Agreement (ILA), beginning with the 2026 tax year though 2051. The County has no obligation for any Tax Year after the twenty-fifth (25th) Tax Year of the Zone Term, notwithstanding that the Zone Term runs thirty (30) years. This does not include the County's Interest and Sinking Tax Rate.

Furthermore, the Parties agree that Cameron County's contribution to the Tax Increment Fund shall be used to fund project costs supporting the development and revitalization efforts as provided in the Project Plan for TIRZ #5, as allowed under Chapter 311 of the Texas Tax Code, as amended.

Agenda #:	Consideration and **ACTION** to Authorize a Contract with RM Walsdorf Inc. for the Abilene Trail Storm Sewer Improvements Project (246-26-EPW-IFB), in the amount not to exceed $104,911.70, as budgeted. (Engineering and Public Works Department)

Summary:
The City of Brownsville Procurement Department issued an Invitation For Bids (IFB) for the Abilene Trail Storm Sewer Improvements Project, in compliance with the Texas Local Government Code. The solicitation was advertised in the local newspaper and posted on the City's electronic bidding platform. A total of nine (9) bids were received. Following the review of the bids for responsiveness, responsibility, minimum qualifications, and technical requirements, RM Walsdorf Inc. was determined to be the lowest responsive and responsible bidder eligible for award, with a total bid of $104,911.70, as budgeted.

Project Scope and Analysis:
This project consists of the construction of the drainage improvements across Abilene Trail to address water ponding and improve stormwater conveyance. The project includes the construction of drainage improvements, including new 36-inch pipe culvert crossing and associated stormwater infrastructure. This project is estimated to be for a term of sixty (60) consecutive calendar days from the issuance of a notice to proceed.

CONTRACT FOR:
Abilene Trail Storm Sewer Improvements

A. AGREEMENT

This Agreement is made by and between:

the Owner ("Owner" or "City"):	The City of Brownsville 1001 E. Elizabeth St., P.O. Box 911 Brownsville, Texas 78520
and the Contractor ("Contractor"):	RM Walsdorf Inc. 117 N. Arroyo Blvd. Los Fresnos, Texas 78566
for the following Project ("Project"):	IFB #246-26-EPW-IFB: Abilene Trail Storm Sewer Improvements Project Stillman Road, Brownsville, Texas 78520

Each individually referred to as a "Party" and collectively referred to as the "Parties". Owner and Contractor, in consideration of the covenants contained herein, and for the mutual benefits to be obtained hereby, the parties hereto agree as follows:

B. CONTRACT DOCUMENTS

The Contractor shall complete the Work described in the Contract Documents for the project. The Contract Documents consist of the following Exhibits:

A. This Agreement;
B. Notice of Award;
C. Invitation For Bids (IFB) #246-26-EPW-IFB;
D. Addenda, as indicated in the IFB;
E. Original Bid submittal;
F. Official Bid Tabulation & Recommendation Letter;
G. Plans and Drawings;
H. Specifications;
I. General Conditions;
J. Special Conditions;
K. Certificates of Insurance;
L. Release of Liens;
M. Payment Bond *(Upon City Commission Approval)*;
N. Performance Bond *(Upon City Commission Approval)*;
O. Maintenance Bond *(Upon City Commission Approval)*; and
P. Form 2 - Statement of Conflict of Interest
Q. Form 3 - Texas Ethics Commission Certificate of Interested Parties (1295)
R. Written Change Orders issued after execution of this Agreement,

which are attached hereto and incorporated herein, and made a part of this Agreement for all

purposes. The Contract Documents represent the entire and integrated agreement between the Owner and the Contractor and supersede all prior negotiations, representations, or agreements, either oral or written. This Agreement may be amended only by written instrument signed by both the Owner and the Contractor. In the event of an inconsistency or conflict in any of the provisions of the Contract Documents, then the inconsistency or conflict shall be resolved by giving precedence first to this Agreement then to the Contract Documents in the order in which they are listed above.

C. **WORK**

Contractor shall complete all Work as specified or indicated in the Contract Documents for the Project identified herein.

D. **PROJECT**

The Project is the total construction for which the Work performed under the Contract Documents may be the whole or a part and which may include construction by the Owner and by Separate Contractors, and is generally defined as IFB #246-26-EPW-IFB:

E. **CONTRACT PRICE; PAYMENT TERMS**

Owner agrees to pay Contractor for performance of the Work in accordance with the Contract Documents the guaranteed maximum price of **One Hundred Four Thousand Nine Hundred Eleven Dollars and Seventy Cents ($104,911.70)** (hereinafter "Guaranteed Maximum Price" or "GMP"). Guaranteed Maximum Price includes all costs incurred by Contractor, including but not limited to Costs of Work (including among others, labor, equipment, materials, fees, inspections, and permits), construction contingency amount, and Contractor's overhead, all bond financing, profit, price escalation and market price variations. Nothing contained in this Agreement shall require the Owner to pay Contractor an aggregate amount that exceeds the Guaranteed Maximum Price or to make any payment if, in the Owner's belief, the cost to complete the Work would exceed the Guaranteed Maximum Price. Change orders may be approved in writing by Owner for increased costs needed for refinement, development and completion of the Project. However, the maximum allowable amount of change orders payable to the Project shall not exceed Twenty-Five percent (25%) of the Guaranteed Maximum Price for the Project.

The Owner shall pay within ***thirty (30) days*** for completed work in monthly draws, less 10% retainage, upon receipt of an acceptable invoice. Invoices shall be in standard form, Application and Certificate for Payment, and shall be accompanied by signed Conditional Release of Liens forms from each applicable subcontractor and supplier.

Retainage shall be paid within in thirty (30) days of receipt of an acceptable Final Invoice. The final Application for Payment shall be accompanied by signed Final Release and Waiver of Liens forms from all subcontractors and suppliers.

F. **CONTRACT TIME**

The Contract Time will commence to run on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within 14 days after the Effective Date of the Agreement, and shall substantially complete the Work within 60 consecutive calendar days as identified in the Bid package.

G. **LIQUIDATED DAMAGES**

Contractor recognizes that time is of the essence for completion of the Work, and to achieve Final Acceptance of the Work, and City will suffer financial loss if the Work is not completed within the time(s) specified herein. The Contractor also recognizes the delays, expense and difficulties involved in proving in a legal proceeding, the actual loss suffered by the City if the Work is not completed on time. Accordingly, instead of requiring any such proof, Contractor agrees that as liquidated damages for delay (but not as a penalty), Contractor shall pay City **One Thousand Dollars ($1000.00)** for each day that expires after the time specified in Paragraph F above, for Final Acceptance until the City issues the Final Letter of Acceptance.

H. **INSPECTION AND FINAL ACCEPTANCE**

The City's inspection and acceptance of contractual compliance will be accomplished by an engineering Inspector of the engineering Department. The City reserves the right to reject unsatisfactory work within a 24-hour period. Contractors have 48 hours to correct unacceptable work. (To be corrected during regular working days, holidays or weekends.)

Prior to beginning work, the Contractor shall provide to the City a Schedule of Values related to the Work, which shall be used for purposes of periodic payments.

The Contract Sum shall include all materials, supplies, tools, equipment, permits, perimeter fencing, portable restrooms, construction debris container(s), supervision and labor necessary for the proper prosecution and completion of the Work.

The Contractor warrants that the completed Project shall be adequate for the purposes intended.

I. **INDEMNIFICATION**

(a) CONTRACTOR COVENANTS AND AGREES TO FULLY INDEMNIFY, DEFEND AND HOLD HARMLESS, THE CITY AND THE ELECTED OFFICIALS, EMPLOYEES, OFFICERS, DIRECTORS, VOLUNTEERS AND REPRESENTATIVES OF THE CITY, INDIVIDUALLY AND COLLECTIVELY, FROM AND AGAINST ANY AND ALL COSTS, CLAIMS, LIENS, DAMAGES, LOSSES, EXPENSES, FEES, FINES, PENALTIES, PROCEEDINGS, ACTIONS, DEMANDS, CAUSES OF ACTION, LIABILITY AND SUITS OF ANY KIND AND NATURE, INCLUDING BUT NOT LIMITED TO, PERSONAL OR BODILY INJURY, DEATH AND PROPERTY DAMAGE, MADE UPON THE CITY DIRECTLY OR INDIRECTLY ARISING OUT OF,

RESULTING FROM OR RELATED TO CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, INCLUDING ANY ACTS OR OMISSIONS OF CONTRACTOR, ANY AGENT, OFFICER, DIRECTOR, REPRESENTATIVE, EMPLOYEE, CONSULTANT OR SUBCONTRACTOR OF CONTRACTOR, AND THEIR RESPECTIVE OFFICERS, AGENTS EMPLOYEES, DIRECTORS AND REPRESENTATIVES WHILE IN THE EXERCISE OF THE RIGHTS OR PERFORMANCE OF THE DUTIES UNDER THIS AGREEMENT. THIS INDEMNIFICATION PROVISION IS SPECIFICALLY INTENDED TO OPERATE AND BE EFFECTIVE EVEN IF IT IS ALLEGED OR PROVEN THAT ALL OR SOME OF THE DAMAGES BEING SOUGHT WERE CAUSED, IN WHOLE OR IN PART, BY ANY ACT, OMISSION OR NEGLIGENCE OF THE CITY. THIS INDEMNITY PROVISION IS INTENDED TO INCLUDE, WITHOUT LIMITATION, INDEMNITY FOR COSTS, EXPENSES AND LEGAL FEES INCURRED BY THE CITY IN DEFENDING AGAINST SUCH CLAIMS AND CAUSES OF ACTIONS. IN THE EVENT CONTRACTOR AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

(b) THE PROVISIONS OF THIS INDEMNITY ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY. CONTRACTOR SHALL ADVISE THE CITY IN WRITING WITHIN 24 HOURS OF ANY CLAIM OR DEMAND AGAINST THE CITY OR CONTRACTOR KNOWN TO CONTRACTOR RELATED TO OR ARISING OUT OF CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, AND SHALL SEE TO THE INVESTIGATION AND DEFENSE OF SUCH CLAIM OR DEMAND AT CONTRACTOR'S COST. THE CITY SHALL HAVE THE RIGHT, AT ITS OPTION AND AT ITS OWN EXPENSE, TO PARTICIPATE IN SUCH DEFENSE WITHOUT RELIEVING CONTRACTOR OF ANY OF ITS OBLIGATIONS UNDER THIS PARAGRAPH.

(c) This Indemnification provision shall survive termination or expiration of the Agreement.

J. **INDEPENDENT CONTRACTOR; PERSONNEL**

(a) Contractor enters into this Agreement as, and shall continue to be, an independent contractor. All Services shall be performed only by Contractor and Contractor's employees. Specifically, Contractor must perform within its own organization, work equivalent to at least thirty-five (35) percent of the Contract Price, unless otherwise approved by the City. Subject to and in accordance with the conditions and provisions of this Agreement, Contractor shall have the exclusive right to control the details of its operations and activities and be solely responsible for the acts and omissions of its officers, agents, servants, employees, consultants and subcontractors. Under no circumstances shall Contractor, or any of Contractor's employees, look to City as his/her employer, or as a partner, agent or principal. Neither Contractor, nor any of Contractor's employees, shall be entitled to any benefits accorded to City's employees, including without limitation worker's

compensation, disability insurance, vacation or sick pay. Contractor shall be responsible for providing, at Contractor's expense, and in Contractor's name, unemployment, disability, worker's compensation and other insurance, as well as any and all licenses and permits usual or necessary for conducting the Services. Contractor shall be responsible for paying all applicable local, state and federal taxes.

(b) Contractor represents and warrants to City that its employees performing Work hereunder will have sufficient expertise, training, licensure (if applicable) and experience to accomplish the Work for the Project.

(c) Contractor shall not subcontract any portion of the work required by this Agreement, except as provided in the Contract Documents. City may terminate this Agreement, effective immediately, if there is any assignment, or attempted assignment, transfer, or encumbrance, by Contractor of this Agreement or any right or interest herein without City's written consent. In the event Contractor engages any subcontractor in the performance of this Agreement, Contractor shall ensure that all of Contractor's subcontractors perform in accordance with the terms and conditions of this Agreement. Contractor shall be fully responsible for all of Contractor's subcontractors' performance, and liable for any of Contractor's subcontractors' non-performance and all of Contractor's subcontractors' acts and omissions.

K. INSURANCE

(a) The Contractor shall furnish proof of insurance requirements as indicated below. The coverage is to remain in force at all times during the contract period. The following minimum insurance coverage is required. The commercial general liability insurance policy shall name the City of Brownsville, Texas, as an "additional insured." This MUST be written in the description section of the insurance certificate, even if there is a check-off box on the insurance certificate. Any costs for adding the City as "additional insured" shall be at the Contractor's expense.

(b) The City of Brownsville shall be given notice ten (10) days prior to cancellation or modification of any required insurance. The insurance provided shall be endorsed or amended to comply with this notice requirement. In the event that the insurer is unable to accommodate, it shall be the responsibility of the Contractor to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested and addressed to the Purchasing & Contract Services Department located at City Hall, 1001 E. Elizabeth St. 1st Floor Suite 101.

(c) The Contractor's insurance must be provided by an A.M. Best's "A-"rated or better insurance company authorized to issue insurance policies in the State of Texas, subject to approval by the City of Brownsville Department of Safety and Risk Management. Any exclusions or provisions in the insurance maintained by the Contractor that excludes coverage for work contemplated in this solicitation shall be deemed unacceptable, and shall be considered breach of contract.

i. Workers' Compensation and Employers' Liability Insurance

Contractor shall purchase and maintain such insurance coverage with limits consistent with statutory benefits outlined in the Texas Workers' Compensation Act (Texas Labor Code, Ch. 406, as amended), and minimum limits for Employers' Liability as is appropriate for the Work being performed and as will provide protection from claims set forth below which may arise out of or result from Contractor's performance of the Work and Contractor's other obligations under the

Contract Documents, whether it is to be performed by Contractor, any Subcontractor or Supplier, or by anyone directly or indirectly employed by any of them to perform any of the Work, or by anyone for whose acts any of them may be liable:

1. claims under workers' compensation, disability benefits, and other similar employee benefit acts;

2. claims for damages because of bodily injury, occupational sickness or disease, or death of I Contractor' s employees. Any firm performing work for or on behalf of the City of Brownsville must provide Workers' Compensation insurance.

ii. General Liability Insurance

Covering premises-operations, products-completed operations, independent contractors and contractual liability.

Limits: Combined single limit bodily injury/property damage $1,000,000.

This coverage must include, but not limited to:

1. Coverage for the liability assumed by the Contractor under the indemnity provision of the contract.
2. Coverage for Premises/Operations
3. Products/Completed Operations
4. Broad Form Contractual Liability
5. Independent Contractors

iii. Commercial Automobile Liability Insurance

Covering all owned, hired and non-owned automobile equipment.

Limits:	Bodily injury	$250,000 each person, $500,000 each occurrence
	Property damage	$100,000 each occurrence

This insurance shall be kept in force until the work under this Agreement has been completed and accepted by the City. The City shall be listed as Additional Insured under the policy.

L. **TERMINATION**

(a) *Termination for Cause.* The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. The City Manager may also terminate this Agreement upon such notice as the City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The parties agree that if the City erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to the City's satisfaction; or failure to continuously perform

the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

(b) *Termination for Convenience.* The City reserves the right, in its best interest as determined by the City, to cancel this Agreement for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this Agreement is terminated for convenience, Contractor shall be paid for any services performed to the City's satisfaction pursuant to the Agreement through the termination date specified in the written notice of termination. Contractor acknowledges and agrees that he/she/it has received good, valuable and sufficient consideration from City, the receipt and adequacy of which are hereby acknowledged by Contractor, for City's right to terminate this Agreement for convenience.

(c) *Cancellation for Non-appropriated Funds.* The City reserves the right, in its best interest as determined by the City, to cancel this Agreement for non-appropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of the City for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

(d) *Force Majeure.* The City and Contractor will be excused from the performance of their respective obligations under this Agreement when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of transportation, equipment, or service from a public utility needed for their performance, provided that:

i. The non performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;

ii. The excuse of performance is of no greater scope and of no longer duration than is reasonably necessary when considered in light of the Force Majeure;

iii. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure; and

iv. The non-performing party uses its best efforts to remedy its inability to perform.

v. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of sixty (60) days, provided that in extenuating circumstances, the City may excuse performance for a longer term. Economic hardship of the Contractor will not constitute Force Majeure. The term of the agreement shall be extended by a period equal to that during which either party's performance is suspended under this Section.

M. WARRANTIES

The Contractor warrants to the Owner that materials and equipment furnished under the Agreement will be of good quality and new unless the Contract Documents require or permit otherwise. The

Contractor further warrants that the Work will conform to the requirements of the Contract Documents and will be free from defects, except for those inherent in the quality of the Work the Contract Documents require or permit. Work, materials, or equipment not conforming to these requirements may be considered defective. The Contractor's warranty excludes remedy for damage or defect caused by abuse, alterations to the Work not executed by the Contractor, improper or insufficient maintenance, improper operation, or normal wear and tear and normal usage. If required by the Architect, the Contractor shall furnish satisfactory evidence as to the kind and quality of materials and equipment.

N. MISCELLANEOUS PROVISIONS

(a) *Successors and Assigns.* All of the provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto, and their partners, assigns, successors, subcontractors, executors, heirs, officers, agents, employees, representatives, and administrators.

(b) *Choice of Law*. The laws of the state of Texas shall govern the validity of this Agreement, the construction of its terms and the interpretation of the rights and duties of the parties hereto.

(c) *No Waiver of Governmental Immunity.* NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED TO WAIVE CITY'S GOVERNMENTAL IMMUNITY FROM LAWSUIT, WHICH IMMUNITY IS EXPRESSLY RETAINED TO THE EXTENT IT IS NOT CLEARLY AND UNAMBIGUOUSLY WAIVED BY STATE LAW.

(d) *Assignment.* Contractor shall not assign any of Contractor's rights under this Agreement, or delegate the performance of any of Contractor's duties hereunder, without the prior written consent of the City.

(e) *Modification or Amendment.* No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties hereto.

(f) *Venue.* This Agreement and any and all matters arising directly or indirectly herefrom shall be governed by and construed and enforced in accordance with the Laws of the State of Texas, with the Federal and State Courts of **Cameron County**, Texas having jurisdiction. If at any time there is a dispute between or among the Parties with respect to any matter arising directly or indirectly from this Agreement (an "Agreement Matter"), the Parties agree that, prior to seeking judicial remedy, they will engage in face-to-face negotiations in an attempt to resolve such dispute and shall, upon failing to negotiate a mutually-satisfactory resolution, choose a mutually agreeable neutral third party to mediate such dispute. Mediation shall be non-binding and shall be confidential.

(g) *Execution and Consideration*. This Agreement is executed by the parties hereto without coercion or duress for any substantial consideration, the sufficiency of which is forever confessed

(h) *Notices.* Any and all notices, demands, or other communications required or desired to be given hereunder by any party shall be in writing and shall be validly given or made to another party if personally served, or if deposited in the United States mail, certified or registered, postage prepaid, return receipt requested. If such notice or demand is served personally, notice shall be deemed constructively made at the time of such personal service. If such notice, demand or other communication is given by mail, such notice shall be conclusively deemed given five days after deposit thereof in the United States mail addressed to the party to whom such notice, demand or other communication is to be given as follows:

If to Contractor:	RM Walsdorf Inc. Attn: Ernesto Garcia Jr 117 N. Arroyo Blvd. Los Fresnos, Texas 78566
If to City:	City of Brownsville Attn: City Manager 1001 E Elizabeth St. Brownsville, TX 78520
With Copy to:	City of Brownsville Attn: City Attorney 1001 E Elizabeth St. Brownsville, TX 78520

Any party hereto may change its address for purposes of this paragraph by written notice given in the manner provided above.

(i) *Cumulative Remedies*. All rights and remedies of the Parties under this Agreement shall be cumulative, and none shall exclude any other right or remedy provided by law, or by any other provisions of the Agreement. All such rights and remedies may be exercised and enforced concurrently and whenever, and as often, as occasion for their exercise arises.

(j) *Waiver of Breach*. A waiver by either Party of a breach of the Agreement by the other Party does not constitute a continuing waiver or a waiver of any subsequent breach of the Agreement.

(k) *No Third Party Beneficiaries*. Nothing in this Agreement shall be construed to create any right in any third party not a signatory to this Agreement, and the Parties do not intend to create any third party beneficiaries by entering into this Agreement.

(l) *Entire Understanding*. This document and any exhibit attached hereto, constitute the entire understanding and agreement of the parties, and any and all prior agreements, understandings, and representations are hereby terminated and canceled in their entirety and are of no further force and effect.

(m) *Counterparts*. This Agreement may be executed in a number of identical counterparts, each of which shall be deemed an original for all purposes. A facsimile signature will also be deemed to constitute an original if properly executed.

(n) *Miscellaneous Drafting Provisions*. This Agreement shall be deemed drafted equally by the Parties hereto. The language of all parts of this Agreement shall be construed as a whole according to its fair meaning, and any presumption or principle that the language herein is to be construed against any Party shall not apply. Headings in this Agreement are for the convenience of the Parties and are not intended to be used in construing this document.

(o) *Authority to Execute*. The individuals executing this Agreement on behalf of the respective Parties below represent to each other and to others that all appropriate and necessary action has been taken to authorize the individual who is executing this Agreement to do so for and on behalf of the Party for which his or her signature appears, that there are no other parties or entities required to execute this Agreement in order for the same to be an authorized and binding agreement on the Party for whom the individual is signing this Agreement and that each individual affixing his or her signature hereto is authorized to do so, and such authorization is valid and effective on the date hereof.

(p) *Savings/Severability*. In case any one or more of the provisions contained in this Agreement shall for any reason be held to be invalid, illegal or unenforceable in any respect, such invalidity, illegality or unenforceability shall not affect any other provision hereof, and this Agreement shall be construed as if such invalid, illegal or unenforceable provision had never been contained herein.

(q) *Prohibition On Contracts With Companies Boycotting Israel*. Contractor acknowledges that in accordance with Chapter 2270 of the Texas Government Code, the City is prohibited from entering into a contract with a company for goods or services unless the contract contains a written verification from the company that it: (1) does not boycott Israel; and (2) will not boycott Israel during the term of the contract.

The terms " boycott Israel" and" company" shall have the meanings ascribed to those terms in Section 808.001 of the Texas Government Code. ***By signing this* Agreement, *Contractor certifies that Contractor' s signature provides written verification to the City that Contractor: (1) does not boycott Israel, and (2) will not boycott Israel during the term of the Agreement.***

(r) Immigration Nationality Act. As required by law, Contractor shall verify the identify and employment eligibility of its employees who perform work under this Agreement, including completing the Employment Eligibility Verification Form (I-9). Upon request by the City, Contractor shall provide City with copies of all I-9 forms and supporting eligibility documentation for each employee who performs work under this Agreement. Contractor shall adhere to all Federal and State laws as well as establish appropriate procedures and controls so that no services will be performed by any Contractor employee who is not legally eligible to perform such services. **CONTRACTOR SHALL INDEMNIFY CITY AND HOLD CITY HARMLESS FROM ANY PENALTIES, LIABILITIES, OR LOSSES DUE TO VIOLATIONS OF THIS PARAGRAPH BY CONTRACTOR, CONTRACTOR'S EMPLOYEES, SUBCONTRACTORS, AGENTS, OR LICENSEES**. City, upon written notice to Contractor, shall have the right to immediately terminate this Agreement for violation of this provision by Contractor.

(s) *Representations*. Each signatory represents this Agreement has been read by the Party for which this Agreement is executed and that such Party has had an opportunity to confer with its legal counsel.

IN WITNESS WHEREOF the undersigned have executed this Agreement as of the day and year

first written above.

NO OFFICIAL, EMPLOYEE, AGENT, OR REPRESENTATIVE OF THE OWNER HAS ANY AUTHORITY, EITHER EXPRESSED OR IMPLIED, TO AMEND THIS AGREEMENT, EXCEPT SUCH EXPRESS AUTHORITY AS MAY BE GRANTED BY THE CITY COMMISION OF THE CITY OF BROWNSVILLE.

EXECUTED THIS _____ DAY OF _____, 2026.

"EXHIBIT B"

NOTIFICATION OF INTENT TO AWARD

To: RM Walsdorf Inc.
117 N. Arroyo Blvd.
Los Fresnos, Texas 78566

Date: Friday, August 7, 2026
Attn: Mr. Ernesto Garcia Jr
Project Title Abilene Trail Storm Sewer Improvements
Project Location Stillman Road, Brownsville, Texas 78520
Project Number #246-26-EPW-IFB

Dear Mr. Ernesto Garcia Jr

On behalf of the City of Brownsville, I am pleased to announce that your company, RM Walsdorf Inc, will be submitted for approval to City Commission for the above referenced project on September 1, 2026.

This Notice of Intent to Award is subject to execution of a written contract and, as a result, this Notice does NOT constitute the formation of a contract between the City of Brownsville and RM Walsdorf Inc. RM Walsdorf Inc shall not acquire any legal or equitable rights relative to the contract services until a contract containing terms and conditions acceptable to the City of Brownsville is executed.

The City of Brownsville further reserves the right to cancel this Notice of Intent to Award at any time, with or without cause, prior to the execution of a written contract.

Congratulations and we look forward to working with your company on this project.

Thank you,

Alexandra Guajardo

Form 1 – Proposal Acknowledgment & Authorized Contact

Purpose

This form officially acknowledges the Respondent's intention to submit a response to this solicitation. It also identifies the authorized contact who is empowered to act on behalf of the Respondent and will serve as the primary point of contact throughout the project. By submitting this form, the Respondent acknowledges and accepts all terms, conditions, and requirements stated in the solicitation.

Solicitation No. 246-26-EPW-IFB

Respondent Information

Legal Entity Name: RM WALSDORF INC

Primary Contact Name: ERNESTO GARCIA JR

Title: VICE PRESIDENT OF OPERATIONS

Telephone: 956-831-3984 Email: ERNESTO@RMWALSDORF.COM

Acknowledgment of Solicitation Requirements

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has examined the solicitation documents, including all addenda issued, and is familiar with all conditions affecting the response.
2. The Respondent understands that submission of this acknowledgment constitutes a binding offer subject to the terms, conditions, and validity period stated in the solicitation package issued by the City of Brownsville.
3. The Respondent certifies that they possess full authority to bind the entity and to enter into an agreement with the City of Brownsville if selected.
4. The Respondent acknowledges that failure to submit this completed form or to sign below may result in rejection of the response as nonresponsive.
5. The Respondent acknowledges receipt of all addenda issued and confirms that all changes, clarifications, and revisions have been incorporated into this submission.

☐ No Addenda Issued Out

■ Addendum No. 1 Date: 06/25/26

■ Addendum No. 2 Date: 07/06/26

☐ Addendum No. ____ Date: _____

☐ Addendum No. ____ Date: _____

☐ Addendum No. ____ Date: _____

☐ Addendum No. ____ Date: _____

(Attach additional sheet if necessary)

Note: This acknowledgment applies to all addenda issued, regardless of whether each addendum is individually listed above.

Certification

By signing below, the undersigned Respondent certifies that all statements made herein are true and correct and that they are duly authorized to sign this form and bind the Respondent to its contents.

Signature: ERNESTO GARCIA JR.

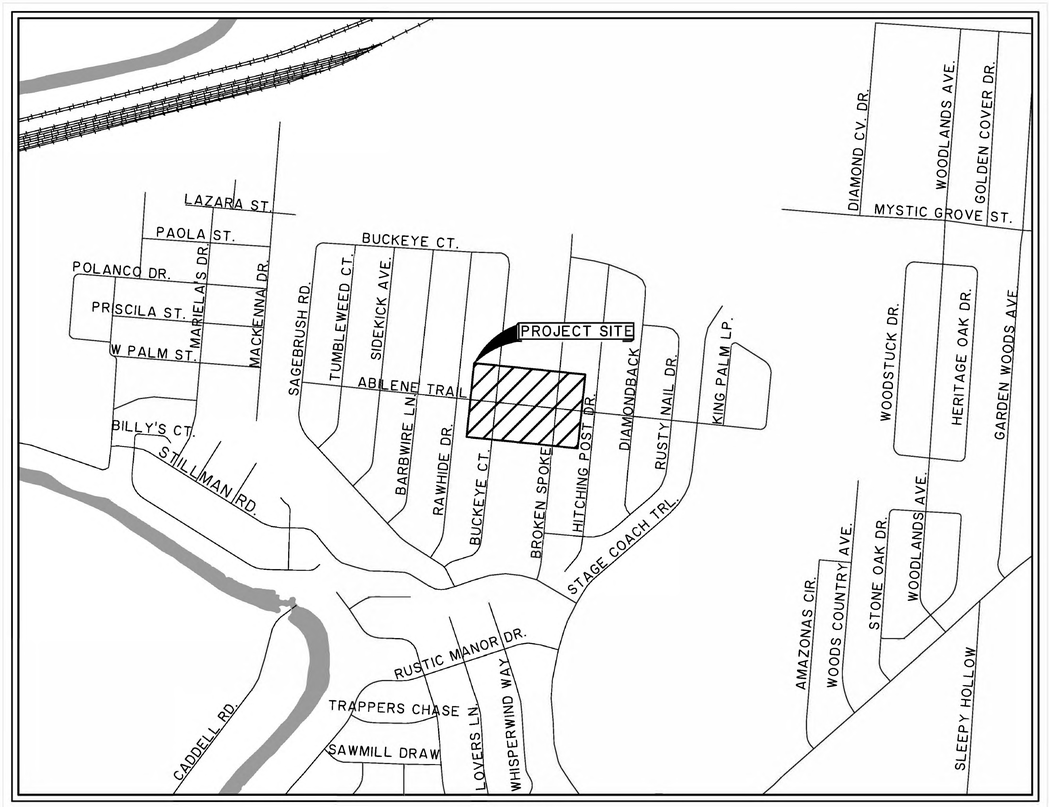
CONSTRUCTION PLANS
FOR
ABILENE TRAIL DRAIN DITCH
STORM SEWER IMPROVEMENTS
BROWNSVILLE, TEXAS

RE: PLANS PREPARED BY,
CONSISTING OF ____ SHEETS, LAST REVISED ON _____

RE: SPECIFICATIONS PREPARED BY CONSISTING OF _____
SHEETS, LAST REVISED ON _____

RE: CONSTRUCTION PLANS AND SPECIFICATIONS
EFFECTIVE DATE_____ EXPIRATION DATE _____



THE ABOVE IDENTIFIED PLANS AND SPECIFICATIONS HAVE BEEN REVIEWED AND FOUND TO BE IN COMPLIANCE WITH THE APPLICABLE ENGINEERING PROVISIONS (PAVING AND DRAINAGE IMPROVEMENTS) OF THE MUNICIPAL CODE OF THE CITY OF BROWNSVILLE. ISSUANCE OF THIS APPROVAL SHALL NOT BE CONSTRUED AS APPROVAL OF THE CONCEPT FOR THE CONSTRUCTION DETAILS OF THE PROPOSED IMPROVEMENTS AND SHALL NOT IN ANY WAY RELEASE THE DEVELOPER AND THE DESIGN ENGINEER FROM LIABILITY FOR THE ADEQUACY OF THE DESIGN NOR FROM LIABILITY CAUSED BY OR RESULTING FROM THE CONSTRUCTION OF IMPROVEMENTS AS PROVIDED IN THE ABOVE SPECIFIED DOCUMENTS.

THE ISSUANCE OF THIS APPROVAL DOES NOT AUTHORIZE CONSTRUCTION, WHICH CONSTRUCTION SHALL NOT PROCEED UNTIL THE OWNER HAS EFFECTED COMPLIANCE WITH ALL OTHER APPLICABLE PROVISIONS OF THE MUNICIPAL CODE OF THE CITY OF BROWNSVILLE AND COMPLIANCE OF ALL OTHER STATE STATUTES, AND REGULATORY REQUIREMENTS APPLICABLE TO THE IMPROVEMENTS SPECIFIED IN THE IDENTIFIED DOCUMENTS, INCLUDING COMPLETION OF ANY AND ALL REQUIREMENTS OF THE CITY OF BROWNSVILLE, PAYMENT OF ALL FEES, POSTING OF ALL BONDS, AND THEN SECURING AN "APPROVAL TO PROCEED" FROM THE CITY ENGINEER.

ANY CHANGES MUST BE APPROVED BY THE APPROPRIATE REGULATORY AGENCIES AS WELL AS THE CITY ENGINEER. AFTER THE DEVELOPER'S DESIGN ENGINEER APPROVES THE MODIFICATIONS, THE CITY'S ASSIGNED ENGINEERING INSPECTOR SHALL BE CONSULTED, WHO WILL EITHER APPROVE AND/OR SECURE APPROVAL FROM THE CITY ENGINEER, AT WHICH TIME A SUPPLEMENTAL PLAN APPROVED WILL BE AFFIXED TO THE APPROVED PLANS, AND REFERENCED IN A SUPPLEMENTAL APPROVAL LETTER BY THE CITY ENGINEER. ALL REVISIONS WILL BE INCLUDED IN THE "AS-BUILT" PLANS TO BE SUBMITTED 30 DAYS AFTER SUBSTANTIAL COMPLETION OF ALL PUBLIC IMPROVEMENTS.

SHEET
1
OF 6

GENERAL NOTES

* PRIOR TO BEGINNING CONSTRUCTION, THE OWNER OR HIS AUTHORIZED REPRESENTATIVE SHALL SCHEDULE A PRECONSTRUCTION CONFERENCE BETWEEN THE OWNER & THE CONSULTING ENGINEER, CONTRACTOR, AND ALL OTHER AFFECTED PARTIES.

* CONTRACTOR TO KEEP ACCESS PUBLIC ROADS OPEN AT ALL TIMES FOR EMPLOYEES. AREA USED FOR CONTRACTOR'S PERSONNEL PARKING, MATERIAL STORAGE, STOCKPILE, MATERIAL FABRICATION, AND RELATED CONSTRUCTION USES ARE NOT TO INTERFERE WITH NORMAL TRAFFIC.

* CONTRACTOR TO GIVE NOTICE IN WRITING TO ALL AUTHORIZED INSPECTORS, SUPERINTENDENTS, OR PERSONS IN CHARGE OF PRIVATE AND PUBLIC UTILITIES AFFECTED BY HIS OPERATIONS PRIOR TO COMMENCEMENT OF WORK.

* CONTRACTOR SHALL PERSONALLY ENSURE THAT ALL CONSTRUCTION PERMITS HAVE BEEN OBTAINED PRIOR TO COMMENCEMENT OF WORK. REQUIRED PERMITS THAT CAN BE ISSUED ONLY TO CONTRACTOR SHALL BE OBTAINED AT NO EXPENSE TO THE OWNER.

* UTILITY NOTE: THE LOCATIONS OF ALL EXISTING UTILITIES SHOWN ON THESE PLANS ARE BASED UPON RECORD INFORMATION ONLY, AND HAVE NOT BEEN INDEPENDENTLY VERIFIED BY THE OWNER OR THE ENGINEER. THE CONTRACTOR SHALL DETERMINE THE EXACT LOCATION, HORIZONTAL AND VERTICAL OF ALL EXISTING UTILITIES BEFORE COMMENCING WORK, AND AGREES TO BE FULLY RESPONSIBLE FOR ANY AND ALL DAMAGES WHICH MIGHT BE CAUSED BY THE CONTRACTOR'S FAILURE TO EXACTLY LOCATE AND PRESERVE ANY AND ALL UNDERGROUND UTILITIES, EXISTING OR ABANDONED. NO SEPARATE PAY. THE INFORMATION SHOWN CONCERNING TYPE AND LOCATIONS OF UNDERGROUND AND OVERHEAD UTILITIES IS NOT GUARANTEED TO BE ACCURATE OR ALL INCLUSIVE. CONTRACTOR SHALL BE RESPONSIBLE FOR VERIFICATION OF EXISTING UTILITIES. THE CONTRACTORS INFORMATION SHALL BE CONDUCTED TO PREVENT UNNECESSARY INTERFERENCE WITH ANY EXISTING UTILITY SYSTEM INFRASTRUCTURE. IF THE CONTRACTOR'S WORK REQUIRES INTERRUPTION, THE CONTRACTOR MUST COORDINATE WITH AFFECTED UTILITY COMPANIES 48 HOURS IN ADVANCE.

* THROUGHOUT THE CONSTRUCTION, AND AT THE COMPLETION OF CONSTRUCTION, THE CONTRACTOR IS TO ENSURE THAT DRAINAGE OF STORM WATER RUNOFF IS NOT BLOCKED. MAINTAIN DRAINAGE OF SITE DURING ALL PHASES OF CONSTRUCTION. DO NOT BLOCK DRAINAGE FROM ADJACENT AREAS NOR ADD FLOW TO ADJACENT AREAS.

* THE CONTRACTOR SHALL NOTIFY ALL UTILITY COMPANIES 48 HOURS PRIOR TO BEGINNING OF CONSTRUCTION IN A PARTICULAR AREA.

* DAMAGES DONE TO EXISTING UTILITIES, POWER POLES, FENCES, SIGNS, MAILBOXES, DRIVEWAYS, CULVERTS, PAVEMENT, DRAINAGE SYSTEMS, ETC., SHALL BE REPAIRED BY THE CONTRACTOR AT NO COST TO THE OWNER. DRIVEWAYS SHALL BE REPAIRED ON A LIKE FOR LIKE BASIS.

* THE CONTRACTOR SHALL HAVE A PERSON ON CALL 24 HOURS A DAY TO TAKE CARE OF MAINTENANCE ITEMS-CONSTRUCTION AREA, SIGNS ETC. THIS PERSON SHALL HAVE AUTHORITY TO ACT ON BEHALF OF THE CONTRACTOR IN EMERGENCY CONDITIONS. THE PERSON SHALL BE STATIONED CLOSE ENOUGH TO BE ON SITE WITHIN 1/2 HOUR OF NOTIFICATION. THE PERSON SHALL BE IDENTIFIED IN WRITING PRIOR TO THE START OF CONSTRUCTION. THE ON-SITE REPRESENTATIVE SHALL HAVE ACCESS TO ALL EQUIPMENT AND MATERIAL AND HAVE FULL AUTHORITY NECESSARY TO CORRECT ANY PROBLEMS. DEFICIENCIES, OR EMERGENCIES WHICH MAY ARISE. DURING NON-WORKING HOURS, AND DURING THE ABSENCE OF THE SUPERINTENDENT.

* EXCESS SPOIL PRODUCED DURING PREPARATION OF THE SUB-GRADE SHALL BE PLACED SPREAD AND COMPACTED ON-SITE IN AREAS AS INSTRUCTED BY THE ENGINEER TO ACHIEVE ADEQUATE GRADING. ANY UNUSABLE MATERIAL WILL BECOME THE PROPERTY OF THE CONTRACTOR TO BE PROPERLY DISPOSED OF AT HIS EXPENSE OR TO HIS ADVANTAGE.

* THE CONTRACTOR WILL PROVIDE HIS OWN CONSTRUCTION STAKING.

* CONTRACTOR TO MATCH EXISTING PAVEMENT, SIDEWALK RAMPS AND CURB & GUTTER PAVEMENT OR ANY OTHER IMPROVEMENTS WHERE APPLICABLE.

* ALL CONCRETE AND ASPHALT DRIVEWAYS ADJUSTED, DAMAGED, OR REPLACED DURING CONSTRUCTION MUST BE SAW-CUT AT A STRAIGHT, NEAT LINE, BEFORE REPAIRING.

* ABANDONED LINES FOUND DURING CONSTRUCTION SHALL BE REMOVED (UNLESS SPECIFIED OTHERWISE). NO SEPARATE PAY. THIS WORK SHALL BE SUBSIDIARY TO OTHER WORK.

* THE CONTRACTOR SHALL PLACE BARRICADES, FLAG-MEN, ETC. ON THIS PROJECT IN COMPLIANCE WITH THE PROCEDURE OUTLINED IN THE "TEXAS MANUAL ON UNIFORM TRAFFIC CONTROL DEVICES FOR STREET AND HIGHWAYS." (PART IV TRAFFIC CONTROLS FOR STREET AND HIGHWAY CONSTRUCTION AND MAINTENANCE OPERATIONS, LATEST REVISION). UPON COMPLETION OF THE WORK, ALL SIGNS SHALL BE REMOVED BY THE CONTRACTOR.

* REFERENCE POINTS: THE ENGINEER WILL ESTABLISH HORIZONTAL AND VERTICAL CONTROLS ONLY (REFERENCE POINTS AND BENCHMARKS AS SHOWN ON THE CONSTRUCTION PLANS.) THE CONTRACTOR MUST NOTIFY THE ENGINEER AT LEAST 48 HOURS PRIOR TO STARTING WORK ON ANY SECTION OR PART OF THE WORK WHERE CONTROLS HAVE NOT BEEN ESTABLISHED OR ARE NOT IDENTIFIABLE OR VISIBLE TO THE CONTRACTOR. THE ENGINEER WILL UPON SUCH ADVANCE NOTICE WILL REPLACE ANY CONTROL POINTS THAT HAVE BEEN DESTROYED BY OTHERS PRIOR TO BEGINNING OF CONTRACTORS OPERATIONS. AFTER CONTROL POINTS ARE ESTABLISHED AND / OR IDENTIFIED AS OUTLINED ABOVE, MAINTENANCE OF SUCH CONTROL POINTS SHALL BE RESPONSIBILITY OF THE CONTRACTOR. ANY RE-STAKING REQUIRED FOR ANY REASON THEREAFTER SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR. THE CONTRACTOR WILL PROVIDE ALL OTHER CONSTRUCTION STAKING (CUT STAKES, BLUE TOPPING, INTERMEDIATE STRING LINE CONTROL, ETC.) REQUIRED TO VERIFY GRADES, DEPTHS THICKNESSES, AND ALIGNMENT OF THE VARIOUS ITEMS OF CONSTRUCTION.

AS BUILT DRAWINGS: THE CONTRACTOR IS RESPONSIBLE FOR MAINTAINING A SET OF AS-BUILT PLANS SHOWING NOTES TO ANY CHANGES TO THE DESIGN PLANS. THIS INFORMATION, SIGNED BY ALL INSPECTORS, WILL BE SUBMITTED TO THE ENGINEER AT THE END OF CONSTRUCTION. THE PROJECT'S FINAL ACCEPTANCE AND FINAL PAYMENT WILL NOT BE APPROVED UNTIL THE CONTRACTOR HAS SUBMITTED THE REQUIRED INFORMATION NEEDED BY THE ENGINEER FOR AS-BUILT DRAWINGS.

* CONCRETE CURB AND GUTTER, PIPE STRUCTURES, ETC. WHICH MUST BE REMOVED IN ORDER TO CONSTRUCT THE PROPOSED IMPROVEMENTS WILL BECOME THE PROPERTY OF THE CONTRACTOR AND SHALL BE REMOVED AND PROPERLY DISPOSED OF AT THE CONTRACTOR'S EXPENSE. THIS WORK SHALL BE CONSIDERED SUBSIDIARY TO THE VARIOUS BID ITEMS IN THE CONTRACT.

* MATERIALS CERTIFICATION AND TESTING: CONTRACTOR SHALL PROVIDE SUPPLIERS CERTIFICATION FOR ALL PROJECT MATERIALS (CONCRETE, HYDRATED LIME, LIME-STONE BASE MATERIAL, PRE-CAST INLETS, PIPES, ETC.) THAT SUCH MATERIALS DO MEET PROJECT SPECIFICATIONS PRIOR TO DELIVERY ON-SITE. CONTRACTOR SHALL PROVIDE HOT MIX ASPHALTIC CONCRETE DESIGN FROM A REPUTABLE COMMERCIAL TESTING LABORATORY.

* STANDARD WORK HOURS: THE STANDARD WORK HOURS FOR THE OWNER IS 8:00 AM TO 5:00 PM, MONDAY THROUGH FRIDAY. SHOULD THE CONTRACTOR ELECT TO WORK ON SATURDAY, SUNDAYS OR HOLIDAYS, THE CONTRACTOR SHALL BE RESPONSIBLE FOR PAYING OVERTIME CHARGES FOR THE OWNER'S PERSONNEL INVOLVED. THESE CHARGES WILL BE AT COST AND WILL BE CALCULATED EITHER AT TIME AND A HALF OR DOUBLE TIME, AS APPLICABLE TO THE PARTICULAR DAY BEING WORKED. PRE-APPROVAL SHALL BE OBTAINED FROM THE ENGINEER OR ENGINEER'S REPRESENTATIVE BY COMPLETING AND SIGNING A OWNER'S FORM ENTITLED " CONSTRUCTION INSPECTORS OVERTIME COMPENSATION AUTHORIZATION" , 48 HRS. PRIOR TO COMMENCING ANY OVERTIME WORK. ANY WORK DONE OUTSIDE THE STANDARD WORKDAY, WITHOUT PRIOR AUTHORIZATION, SHALL BE CONSIDERED UNAUTHORIZED WORK. THE CONTRACTOR IS REQUIRED TO PAY THE OVERTIME WAGES OF THE OWNER INSPECTORS THAT WORK OVERTIME MONDAYS THROUGH FRIDAYS AT TIME AND A HALF. THE CONTRACTOR IS RESPONSIBLE FOR THE OVERTIME WAGES OF THE OWNER INSPECTORS THAT WORK HOLIDAYS AT DOUBLE TIME. MINIMUM HOURS WILL BE BILLED TO CONTRACTOR FOR CALLOUTS OR FOR INSUFFICIENT NOTICE OF TWO (2) HOURS.

CONCRETE MIX DESIGN

* CLARIFICATION: ALL CONCRETE USED ON THIS PROJECT SHALL CONTAIN A MINIMUM 4.5 SACKS OF CEMENTITIOUS MATERIAL PER CUBIC YARD OF CONCRETE. THE CEMENTITIOUS MATERIAL SHALL BE PORTLAND CEMENT OR A BLEND OF PORTLAND CEMENT AND FLY ASH. THE PERCENTAGE OF FLY ASH IN THE CEMENTITIOUS MATERIAL SHALL NOT EXCEED 23%. ALL CONCRETE WORK SHALL CONTAIN 1.5 POUNDS OF FIBER MESH PER CUBIC YARD.

* ALL EXPOSED CONCRETE SURFACES SHALL BE TREATED WITH CURING COMPOUND RESIN BASE ASTM C 309 TYPE 2 WITH PIGMENTED TINT OF FUGITIVE DYE.

* IN ADDITION TO THE ABOVE REQUIREMENTS, ALL CONCRETE SHALL TEST TO A MINIMUM 3000 PSI COMPRESSIVE STRENGTH AT 28 DAYS. (OR AS SHOWN ON PLANS).

* EXPANSION JOINTS WILL BE PLACED AT CURB RETURNS, INLETS AND AT THE END OF EACH POUR WITH INTERVALS NOT TO EXCEED 60 FT. JOINTS SHALL CONSIST OF 1/2" PRE-MOLDED EXPANSION JOINT MATERIAL WITH 3, 36" X 1/2" DOWELS, ONE END GREASED AND WRAPPED. CARE MUST BE TAKEN THAT DOWELS ARE STRAIGHT AND LAID PARALLEL WITH CURB AND NO CONCRETE PLUGS OR OTHER MATERIAL BE ALLOWED THROUGH THE DOWEL HOLES OR EXPANSION MATERIAL WHICH WOULD PREVENT THE JOINT FROM OPERATION AS AN EXPANSION JOINT. EXPANSION JOINT MATERIALS SHALL BE PRE-MOLDED ASPHALT IMPREGNATED EXPANSION JOINT MATERIAL CONFORMING WITH ASTM D 994 (NOT WOOD FIBER TYPE)

* DUMMY JOINTS (SAW CUT JOINTS) SHALL BE 2" DEEP AND PLACED AT MAXIMUM 15 FT. INTERVALS.

* WHEN CONNECTING TO EXISTING CURB AND GUTTER, THE CONTRACTOR SHALL DRILL AND DOWEL TWO, # 6 X 16" TIE BARS A MINIMUM OF 6" DEEP INTO EXISTING CURB AND GUTTER SECTION.

PAVING NOTES:

CRUSHED LIMESTONE:

THE CRUSHED LIMESTONE MATERIALS SHALL BE AS SPECIFIED BY "ITEM 247 FLEXIBLE BASE TYPE A GRADE 1." TEXAS DEPARTMENT OF TRANSPORTATION, 2014 STANDARD SPECIFICATION FOR CONSTRUCTION OF HIGHWAYS, STREETS, AND BRIDGES SHALL MEET THE REQUIREMENTS AS FOLLOWS:

* TYPE A MATERIAL SHALL BE CRUSHED STONE PRODUCED FROM OVERSIZE QUARRIED AGGREGATE, SIZED BY CRUSHING AND PRODUCED FROM A NATURALLY OCCURRING SINGLE SOURCE. CRUSHED GRAVEL OR UNCRUSHED GRAVEL SHALL NOT BE ACCEPTABLE FOR TYPE A MATERIAL. NO BLENDING OF SOURCES AND/OR ADDITIVE MATERIALS WILL BE ALLOWED IN TYPE A MATERIAL.

* TRIAXIAL CLASS 1: MINIMUM COMPRESSIVE STRENGTH, 45 AT OPSI LATERAL PRESSURE AND 175 AT 15 PSI LATERAL PRESSURE.

RETAINED ON SQUARE SIEVE NUMBER	PERCENT RETAINED
1-3/4" (44 MM)	0
7/8" (22.23 MM)	10-35
3/8" (9.5 MM)	30-50
NUMBER 4 (4.75 MM)	45-65
NUMBER 40 (0.425 MM)	70-85

MATERIAL PASSING THE NUMBER 40 SIEVE SHALL BE KNOWN AS "BINDER MATERIAL" AND SHALL MEET THE FOLLOWING REQUIREMENTS:

MAXIMUM LIQUID LIMIT (LL)	=	35
MAXIMUM PLASTICITY INDEX (PI)	=	10
WET BALL MILL (MAX)	=	40
CALIFORNIA BEARING RATIO (MIN)	=	100

ALL AGGREGATE RETAINED ON THE NUMBER 10 SIEVE SHALL BE COMPRISED OF ONLY CRUSHED LIMESTONE.

THE CONTRACTOR SHALL NOT PLACE CRUSHED LIMESTONE ON THE ROAD BED UNTIL THE ENGINEER HAS ACCEPTED THE SHAPED AND COMPACTED SUBGRADE.

THE CONTRACTOR MUST MAINTAIN THE ROAD BED FREE OF HOLES, RUTS AND DEPRESSIONS AND IN CONDITION TO RECEIVE THE CRUSHED LIMESTONE.

THE CONTRACTOR UPON REQUEST SHALL PROVIDE CERTIFICATION THAT THE MATERIAL SUPPLIED MEETS THE ABOVE REQUIREMENTS PRIOR TO DELIVERY TO THE JOB SITE. SAMPLES FOR TESTING OF THE MATERIAL MUST BE TAKEN PRIOR TO THE COMPACTION OPERATIONS.

CRUSHED LIMESTONE: GRADE 3

IF TYPE A, GRADE 1 CRUSHED LIMESTONE IS NOT AVAILABLE, CONTRACTOR MAY USE TXDOT 2014 SPECIFICATION ITEM 247, GRADE 3 FLEXIBLE BASE MATERIALS. (ALANZA BASE BY VULCAN OR APPROVED EQUAL)

ACCEPTANCE, SAMPLING, AND TESTING OF BITUMINOUS MIXTURE (COMPACTION)

* EXTRACTION AND GRADATION ANALYSIS: PER 500 TONS OR WHICHEVER IS GREATER.

* DENSITY AND DEPTH TESTING: PER 500 FEET OF PAVING REPAIR. MINIMUM DENSITY ACCEPTED: 92% OF AVERAGE MAXIMUM THEORETICAL DENSITY AS DETERMINED IN ACCORDANCE WITH ASTM D 2041.

CORES OR SAWED SAMPLES TAKEN FROM THE PAVEMENT SHALL BE USED TO DETERMINE THE FIELD DENSITY. DENSITY OF THE CORED OR SAWED SAMPLES SHALL BE DETERMINED IN ACCORDANCE WITH ASTM 2725. THE SAME SPECIMEN SHALL BE USED FOR DETERMINING BOTH THE MAXIMUM THEORETICAL DENSITY AND THE FIELD DENSITY.

SPECIMENS TO BE USED FOR FIELD DENSITY DETERMINATION SHALL BE DONE USING HEAT. IF HEATING IS NECESSARY, THE SPECIMEN SHOULD BE HEATED TO THE LOWEST TEMPERATURE REQUIRED FOR PROPER PREPARATION OF THE SAMPLE; THE USE OF NUCLEAR FIELD DENSITY DETERMINATION SHALL NOT BE USED AS A BASIS FOR ACCEPTANCE WITH RESPECT TO DENSITY :

* HVEEM STABILITY SHALL NOT BE LESS THAN 30%. STABILITY TEST SHALL BE TAKEN TWICE DAILY.

* RETAINED STABILITY WHEN TESTED IN ACCORDANCE WITH ASTM D 1075 SHALL NOT BE <70%

* NO MORE THAN 2½" FINISHED THICKNESS HMAC PAVEMENT SHALL BE LAID AT ANY GIVEN TIME. UNLESS APPROVAL IS OBTAINED AHEAD BY THE OWNER / ENGINEER.

SHEET 3 OF 6

STORM WATER POLLUTION PREVENTION PLAN

NATURE OF CONSTRUCTION ACTIVITY

* DRAIN DITCH IMPROVEMENTS.

SEQUENCE OF MAJOR ACTIVITIES

* CLEARING AND GRUBING
* EXCAVATE EXISTING STREET PAVEMENT, SUBGRADE MATERIAL, AND SUB-BASE.
* INSTALLATION OF STORM SEWER (PIPE INSTALLATION)
* COMPACTION, SHAPING OF STREET SUBGRADE
* PLACE AND COMPACT FLEXIBLE ROAD BASE
* LAY PRIMER AND HMAC WEAR COURSE
* FINAL GRADING
* CLEAN UP

AREA OF SITE

* TOTAL AREA OF DISTURBANCE: 0.11 ACRES

ESTIMATED RUNOFF COEFFICIENT

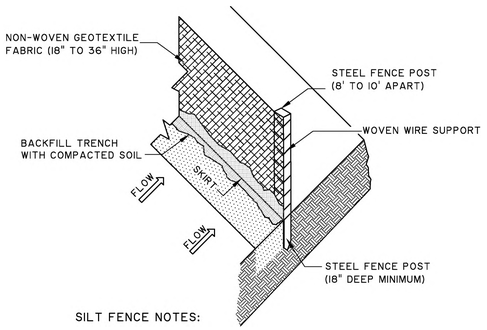
* PRE-CONSTRUCTION C=0.75 (5 YEAR EVENT) RESIDENTIAL LAND USE
* POST-CONSTRUCTION C=0.75 (5 YEAR EVENT) RESIDENTIAL LAND USE

SOIL DESCRIPTION: CHARGO SILTY CLAY

SITE PLAN SHOWS THE FOLLOWING:

* AREAS OF SOIL DISTURBANCE
* LOCATIONS OF MAJOR STRUCTURAL / NON-STRUCTURAL CONTROLS
* LOCATIONS WHERE STABILIZATION PRACTICES ARE TO OCCUR

NAME OF RECEIVING WATERS



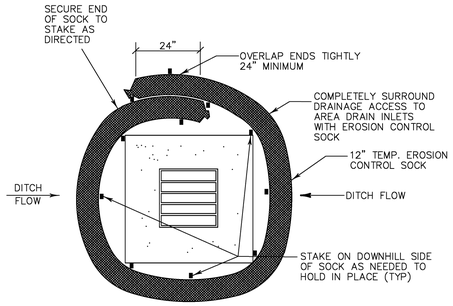
CAMERON COUNTY DRAINAGE DISTRICT No.1

BMP'S TO BE IMPLEMENTED

* DURING CONSTRUCTION, SILT FENCING OR EROSION CONTROL LOGS SHALL BE ERECTED AND MAINTAINED TO MINIMIZE ESCAPE OF SEDIMENT INTO STORM SEWER SYSTEM.

TEMPORARY STABILIZATION

ANY AREA LEFT DISTURBED FOR MORE THAN 21 DAYS SHALL BE TEMPORARILY REVEGETATED WITH SEED AT THE DIRECTION OF THE ENGINEER.



SILT FENCE NOTES:

1. WHERE JOINTS IN THE FABRIC ARE REQUIRED, THE FILTER CLOTH SHOULD BE SPLICED TOGETHER ONLY AT A SUPPORT POST, WITH A MINIMUM 6" OVERLAP AND SHALL BE SECURELY SEALED.
2. INSPECT FILTER FENCES DAILY DURING PERIODS OF PROLONGED RAINFALL, IMMEDIATELY AFTER EACH RAINFALL EVENT, AND WEEKLY DURING PERIODS OF NO RAINFALL. MAKE ANY REQUIRED REPAIRS IMMEDIATELY.
3. ALL INLETS SHALL BE ENCIRCLED WITH SILT FENCE AT A MAXIMUM DISTANCE OF 5' FROM INLET STRUCTURE.

NOTES:

1. EACH BALE SHALL BE EMBEDDED IN THE SOIL A MINIMUM OF FOUR INCHES.
2. BALES SHALL BE SECURELY ANCHORED IN PLACE BY 3/4 INCH REBAR STAKES DRIVEN THROUGH THE BALES. THE FIRST STAKE IN EACH BALE SHALL BE ANGLED TOWARD PREVIOUSLY LAID BALE TO FORCE BALES TOGETHER.
3. INSPECTION SHALL BE MADE WEEKLY OR AFTER EACH RAINFALL EVENT AND REPAIR OR REPLACEMENT SHALL BE MADE PROMPTLY AS NEEDED BY THE CONTRACTOR.
4. WHEN SILT REACHES A DEPTH OF 6 INCHES, IT SHALL BE REMOVED AND DISPOSED OF IN AN APPROVED SITE AS NOT TO CREATE A SILTATION PROBLEM.
5. AFTER THE DEVELOPMENT OF THE SITE IS COMPLETELY STABILIZED, THE BALES AN ACCUMULATED SILT SHALL BE REMOVED AND DISPOSED OF AT AN APPROVED SPOIL DISPOSAL SITE.

SEDIMENT BASIN & TRAP USAGE GUIDELINES

A SEDIMENT TRAP MAY BE USE TO PRECIPITATE SEDIMENT OUT OF RUNOFF DRAINING FROM AN UNSTABILIZED AREA.

TRAPS: THE DRAINAGE AREA FOR A SEDIMENT TRAP NOT EXCEED 5 ACRES. THE TRAP CAPACITY SHOULD BE 1800 CF/ACRES (0.5"OVER THE DRAINAGE AREA).

SEDIMENT TRAPS SHOULD BE PLACE IN THE FOLLOWING LOCATIONS

1. IMMEDIATELY PRECEDING DRAIN INLETS
2. JUST BEFORE THE DRAIN ENTERS A WATER COURSE
3. JUST BEFORE THE DRAINAGE LEAVES THE RIGHT OF WAY
4. JUST BEFORE THE DRAINAGE LEAVES THE CONSTRUCTION LIMITS WERE DRAINAGE FLOWS AWAY FROM THE PROJECT

THE TRAPS SHOULD BE CLEAN WHEN THE CAPACITY HAS BEEN REDUCED BY ½ OR SEDIMENT AS ACCUMULATED TO A DEPTH OF 1', WHICHEVER IS LESS.
CLEANING AND REMOVAL OF ACCUMULATED SEDIMENT DEPOSITS IS INCIDENTAL AND WILL NOT BE PAID FOR SEPARATELY.

GENERAL NOTES

1. LENGTHS OF EROSION CONTROL SOCKS SHALL BE IN ACCORDANCE WITH MANUFACTURER'S RECOMMENDATIONS AND AS REQUIRED FOR THE PURPOSE INTENDED. MAXIMUM LENGTH OF SOCKS SHALL BE 30' FOR 12" DIAMETER SOCKS.
2. UNLESS OTHERWISE DIRECTED, USE BIODEGRADABLE OR PHOTODEGRADABLE CONTAINMENT MESH ONLY WHERE SOCK WILL REMAIN IN PLACE AS PART OF A VEGETATIVE SYSTEM. FOR TEMPORARY INSTALLATIONS, USE RECYCLABLE CONTAINMENT MESH.
3. STUFF SOCKS WITH SUFFICIENT FILTER MATERIAL TO ACHIEVE DENSITY THAT WILL HOLD SHAPE WITHOUT EXCESSIVE DEFORMATION.
4. STAKES SHALL BE 2" X 2" WOOD 4' LONG, EMBEDDED SUCH THAT 2" PROTRUDES ABOVE SOCK.
5. COMPOST CRADLE MATERIAL IS INCIDENTAL AND WILL NOT BE PAID FOR SEPARATELY.

CONSTRUCTION PHOTOGRAPHS AND VIDEO

PART 1 - GENERAL

1.01 PHOTOGRAPHY

A. CONTRACTOR shall be responsible for the production of pre-construction, during-construction (construction progress) and post-construction photographs as provided herein. OWNER's Representative may also designate additional subjects for photographs in addition to the general guidelines identified below.

B. All photographs must be produced by a competent photographer and shall be digital color photography of commercial quality. All CONTRACTOR-generated photographs must be stored in a .jpeg file format. Each photograph shall be submitted in CD disc format. Each photo shall be marked with the name of the Contract, name of CONTRACTOR, description and location of view and identity of photographer.

C. Each photograph submittal must include a Photo Log that includes the name and number of Contract, name of CONTRACTOR, the name of the photographer, company of the photographer, photograph number, the date of the photograph and the filename that the camera assigns to the photo (e.g. MVC-001.jpg). In addition, appropriate descriptive information to properly identify the location of view must be entered into the Photo Log to assist in maintaining a concise project record (e.g. Sta. 2+00 - Line A or location of Tie-In point at Sta. 46+00).

D. All pre-construction photographs must be submitted prior to the CONTRACTOR beginning any Work that may cause site disturbance. All construction progress photographs shall be submitted with the monthly progress payment. All post-construction photographs shall be submitted prior to release of final payment to the CONTRACTOR.

1. Pre-construction photographs must be taken at sufficient intervals to be able to fully document the pre-construction conditions of the Work, but in no case less than 100 feet along the street, right-of-way or water/wastewater line route before commencement of Work. Each photograph location shall be taken from a minimum of two (2) views (one forward station view and one backward station view along the street or pipeline route) within the limits of construction. Particular attention must be devoted to pre-existing damage to streets, curbs, sidewalks, driveways, signs, mailboxes, etc. for which the CONTRACTOR could be blamed following construction. An identification marker such as houses, businesses, signs, property numbers, mail boxes, landscaping, etc. must be included in each view to properly confirm its location for ease of later

identification. At a minimum, photographs must be taken of the following views:

- the entire street (full width and length)
- all curbs (both sides of street) – all pre-existing curb damage not called for replacement within the Work must be documented, including major cracks
- all driveways, steps, and curbs (both sides of street)
- fence and gate conditions
- trees, ornamental shrubs, plantings/planter boxes and evidence of irrigation features
- other privately owned features that might be disturbed by the construction
- prominent utility features, such as: guy wires, poles, signs, valves, meters, pull boxes, etc.
- streams and stream banks within the limits of construction
- other significant or prominent features in order to protect the OWNER and CONTRACTOR following construction (e.g. close up photographs of pre-existing broken curbs, cracked/failed pavement, damaged adjacent retaining walls, etc.)
- views of structures in areas where CONTRACTOR will be working within five (5) feet of said structure
- other views as requested by the OWNER

2. For street, right-of-way and/or pipeline alignment documentation, construction progress photographs shall be taken from a minimum of two (2) views (one forward station view and one backward station view along the street and/or pipeline route, and one front view and one side view for fittings and appurtenances of pipeline projects) within the limits of construction. Additional photographs shall be taken at stations of significant features and, for pipeline projects at dead ends, tees, bends, valves, manholes, connections, at locations of concrete placement, at stations which will potentially affect adjacent property owners, and at other such times and locations as requested by the OWNER.

E. Construction progress photographs of the same views taken during pre-construction photography must be taken during the progress of the Work and shall be submitted monthly with the CONTRACTOR's monthly progress payments. Post-construction photographs must be taken of the same views taken during pre-construction photography to fully document the completed project. Post-construction photographs must be taken after cleanup and site restoration, and must be submitted prior to release of final payment.

1.02 PRE-CONSTRUCTION VIDEO

A. For all horizontal projects (streets and water & wastewater lines) the CONTRACTOR shall also document by video, within the limits of construction, all pre-existing site conditions / elements as documented in above.

B. The video documentation shall provide a clear and continuous view of the project alignment and everything within the limits of construction.

C. The video shall not be taken from inside a vehicle that is moving. The video shall be taken standing within the limits of construction, as applicable.

D. The pre-construction video shall be digital and submitted to the OWNER in DVD disc format prior to the occurrence of any site disturbance.

E. Post-construction video must be taken after cleanup and site restoration, and must be submitted prior to release of final payment.

SECTION 01 33 00

SUBMITTAL PROCEDURES

PART 1 GENERAL

1.1 SECTION INCLUDES

1. Submittal procedures for:

    1. Schedule of Values.

    2. Construction Schedules.

    3. Shop Drawings, Product Data, and Sampler.

    4. Operations and Maintenance Data.

    5. Manufacturer's Certificates.

    6. Construction Photographs.

    7. Project Record Documents.

    8. Video Tapes.

    9. Design Mixes.

1.2 SUBMITTAL PROCEDURES

1. Scheduling and Handling:

    1. Schedule submittals well in advance of the need for the material or equipment for construction. Allow time to make delivery of material or equipment after submittal is approved.

    2. Develop a submittal schedule that allows sufficient time for initial review, correction, resubmission and final review of all submittals. The Owner will review and return submittals to the Contractor as expeditiously as possible but the amount of time required for review will vary depending on the complexity and quantity of data submitted. In no case will a submittal schedule be acceptable which allows less than 10 days for initial review by the Owner. This time for review shall in no way be justification for delays or additional compensation to the Contractor.

    3. The Owner's review of submittals covers only general conformity to the Drawings, Specifications and dimensions which affect the layout. The Contractor is responsible for quantity determination. No quantities will be verified by the Owner. The

Contractor is responsible for any errors, omissions or deviations from the Contract requirements; review of submittals in no way relieves the Contractor from his obligation to furnish required items according to the Drawings and Specifications.

4. Submit 4 copies of documents unless otherwise specified in the following paragraphs or in the Specifications.

5. Revise and resubmit submittals as required. Identify all changes made since previous submittal.

6. The Contractor shall assume the risk for material or equipment which is fabricated or delivered prior to approval. No material or equipment shall be incorporated into the Work or included in periodic progress payments until approval has been obtained in the specified manner.

2. Transmittal Form and Numbering:

1. Transmit each submittal to the Owner with a Transmittal Form.

2. Sequentially number each transmittal form beginning with the number 1. Resubmittals shall use the original number with an alphabetic suffix (i.e., 2A for first resubmittal of Submittal 2 or 15C for third resubmittal of Submittal 15). Each submittal shall only contain one type of work, material, or equipment. Mixed submittals will not be accepted.

3. Identify variations from requirements of Contract Documents and identify product or system limitations.

4. For submittal numbering of video tapes, see paragraph 1.10 Video.

3. Contractor's Stamp:

1. Apply Contractor's stamp, certifying that the items have been reviewed in detail and are correct and in accordance with Contract Documents, except as noted by any requested variance.

2. As a minimum, Contractor's Stamp shall include:
    1. Contractor's name.
    2. Job number.
    3. Submittal number.
    4. Certification statement that the Contractor has reviewed the submittal and it is in compliance with the Contract Documents.
    5. Signature line for Contractor.

1.3 MANUFACTURER'S CERTIFICATES

1. When specified in Specification sections, submit manufacturers' certificate of compliance for review by the Owner.

2. Contractor's Stamp, as described in paragraph 3.2, shall be placed on front page of the certification.

3. Submit supporting reference data, affidavits, and certifications as appropriate.

4. Certificates may be recent or previous test results on material or product, but must be acceptable to the Owner.

1.4 DESIGN MIXES

1. When specified in Specifications, submit design mixes for review.

2. Contractor's Stamp, as described in paragraph 3.2, shall be placed on front page of each design mix.

3. Mark each design mix to identify proportions, gradations, and additives for each class and type of design mix submitted. Include applicable test results on samples for each mix.

4. Maintain a copy of approved design mixes at mixing plant.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION - Not Used

END OF SECTION

SECTION 01 45 29

TESTING LABORATORY SERVICES

PART 1 GENERAL

1.1 SECTION INCLUDES

1. Testing laboratory services and Contractor responsibilities related to those services.

1.2 REFERENCES

1. ASTM C 1077 - Standard Practice for Laboratories Testing Concrete and Concrete Aggregates for Use in Construction and Criteria for Laboratory Evaluation.

2. ASTM D 3666 - Standard Specification for Minimum Requirements for Agencies Testing and Inspecting Bituminous Paving Materials.

3. ASTM D 3740 - Standard Practice for Minimum Requirements for Agencies Engaged in the Testing and/or Inspection of Soil and Rock as Used in Engineering Design and Construction.

4. ASTM E 329 - Specification for Minimum Requirements for Agencies Engaged the Testing and/or Inspection of Materials Used in Construction.

5. ISO/TEC Guide 25 - General Requirements for the Competence of Calibration and Testing Laboratories.

1.3 SELECTION AND PAYMENT

1. The Owner will select, employ, and pay for services of an independent testing laboratory to perform inspection and testing as required.

2. When required, the Contractor shall employ and pay for services of an independent testing laboratory or laboratories to perform inspection and testing identified in “Products” sections of the individual Specification.

3. Employment of a testing laboratory by the Owner shall not relieve Contractor of obligation to perform work in accordance with requirements of Contract Documents.

4. The Contractor will have the cost of retesting deducted from the estimate for payment whenever failed work must be removed and replaced and retested.

1.4 QUALIFICATION OF LABORATORY

1. Meet laboratory requirements of ASTM E 329 and applicable requirements of ASTM C 1077, ASTM D 3666, and ASTM D 3740.

2. Meet the ISO/TEC Guide 25 conditions for accreditation by the American Association for Laboratory Accreditation (A2LA) in specific fields of testing required in individual Specification sections.

3. Where a laboratory subcontracts any part of the testing services, such work shall be placed with a laboratory complying with the requirements of this Section.

1.5 LABORATORY REPORTS

1. The testing laboratory shall provide and distribute copies of laboratory reports to the following: the Owner, the Engineer, and the Contractor. Other copies of the reports may be required to be submitted to other parties. The testing laboratory will be informed of any other persons that required laboratory reports.

2. One copy of each laboratory report distributed or faxed to the Contractor shall be kept at the site field office for the duration of the project.

3. Before close of business on the working day following test completion and review, reports which indicate failing test results shall be transmitted immediately via fax from the testing laboratory to the Owner, Contractor, and Engineer.

1.6 LIMITS ON TESTING LABORATORY AUTHORITY

1. Laboratory may not release, revoke, alter, or enlarge on requirements of Contract Documents.

2. Laboratory may not approve or accept any portion of the Work.

3. Laboratory may not assume any duties of the Contractor.

4. Laboratory has no authority to stop the Work. The laboratory's representative shall immediately inform the Engineer and the Owner of any conflicts with the Contractor or Contractor's construction methods.

1.7 CONTRACTOR RESPONSIBILITIES

1. Provide safe access to the Work and to applicable facilities (e.g. manufacturers, suppliers) for the Owner, Engineer, and testing laboratory personnel.

2. Provide to the testing laboratory a copy of the construction schedule and a copy of each update to the construction schedule.

3. Notify the Engineer and the testing laboratory during normal working hours of the day previous, but not less than 18 hours prior notice, to the expected time for operations requiring inspection and testing services. If the Contractor fails to make timely prior notification, then the Contractor shall not proceed with the operations requiring inspection and testing services.

4. Notify the Engineer 24 hours in advance if the Specification requires the presence of the Engineer for sampling or testing.

5. Request and monitor testing as required to provide timely results and to avoid delay to the Work. Provide samples to the laboratory in sufficient time to allow the required test to be performed in accordance with specified test methods before the intended use of the material.

6. Cooperate with laboratory personnel in collecting samples on site. Provide incidental labor and facilities for safe access to the Work to be tested; to obtain and handle samples at the site or at source of products to be tested; and to facilitate tests and inspections including storage and curing of test samples.

PART 2 P R O D U C T S - Not Used

PART 3 E X E C U T I O N

3.01.1 CONDUCTING TESTING

1 Laboratory sampling and testing specified in individual Specification sections shall conform to the latest issues of ASTM standards, TxDOT methods, or other recognized test standards as approved by the Engineer.

2. The requirements of this section shall also apply to those tests for approval of materials, for mix designs, and for quality control of materials as performed by the testing laboratories employed by the Contractor.

END OF SECTION

Section 01 50 00

TEMPORARY FACILITIES AND CONTROLS

PART 1 GENERAL

1.1 SECTION INCLUDES

1. Temporary facilities and the necessary controls for the project including utilities, telephone, sanitary facilities, field office, storage sheds and building, safety requirements, first aid equipment, fire protection, security measures, protection of the Work and property, access roads and parking, environmental controls, disposal of trash, debris, and excavated material, pest and rodent control, water runoff and erosion control.

2. The facilities and controls specified in this section are considered minimum for the Project. The Contractor may provide additional facilities and controls for the proper execution of the Work and to meet Contractor's responsibilities for protection of persons and property.

1.2 CONTRACTOR'S RESPONSIBILITY

1. Comply with applicable requirements specified in other sections of the Specifications.

    1. Maintain and operate temporary facilities and systems to assure continuous service.

    2. Modify and extend systems as Work progress requires.

    3. Completely remove temporary materials and equipment when their use is no longer required.

    4. Restore existing facilities used for temporary services to specified or to original condition.

1.3 TEMPORARY UTILITIES

1. Obtaining Temporary Service:

    1. Make arrangements with utility service companies for temporary services.

    2. Abide by rules and regulations of the utility service companies or authorities having jurisdiction.

3. Be responsible for utility service costs until the Work is substantially complete. Included are fuel, power, light, heat, and other utility services necessary for execution, completion, testing, and initial operation of the Work.

2. Water:

1. Provide water required for and in connection with Work to be performed and for specified tests of piping, equipment, devices, or for other use as required for proper completion of the Work.

2. For water to be drawn from public fire hydrants, obtain special permit or license from the proper Utility officials. A deposit based on rates established by latest ordinance will be required.

3. Provide and maintain an adequate supply of potable water for domestic consumption by Contractor personnel and the Owner or his Representatives.

3. Electricity and Lighting:

1. Provide electric powered service as required for the Work, including testing of Work. Provide power for lighting, operation of the Contractor's equipment, or for any other use by Contractor.

2. Electric power service includes temporary power service or generator to maintain plant operations during any scheduled shutdown.

3. Minimum lighting level shall be 5 foot-candles for open areas; 10-foot-candles for stairs and shops. Provide a minimum of one 300-watt lamp for each 20 square feet in work area.

4. Temporary Heat and Ventilation:

1. Provide temporary heat as necessary for protection or completion of the Work.

2. Provide temporary heat and ventilation to assure safe working conditions; maintain enclosed areas at a minimum of 50 degrees F.

5. Telephone:

1. Provide emergency telephone service at the Contractor's office for use by Contractor personnel and others performing work or furnishing services at the site.

2. Provide a separate phone line and instrument in the field office, if used, for the Owner or his representatives. Cost for local calls and other project-related calls made by the Inspector shall be paid for by the Contractor.

6. Sanitary Facilities:

    1. Provide and maintain sanitary facilities for persons on the job site; comply with the regulations of State and local departments of health.

    2. Enforce the use of sanitary facilities by construction personnel at the job site. Such facilities shall be enclosed. Pit-type toilets will not be permitted. No discharge will be allowed from these facilities. Collect and store sewage and waste so as not to cause a nuisance or health problem; have sewer and waste hauled off-site and properly disposed in accordance with City and County regulations.

    3. Locate toilets near the Work site and secluded from view insofar as possible. Keep toilets clean and supplied throughout the course of the Work.

1.4 FIELD OFFICE

1. Furnish and Locate:

    1. Furnish, install and maintain a field office for the use of the Owner and his representatives. Provide sufficient room for project meetings. Locate the office at the Site in a place approved by the Owner.

    2. Provide office space ready for occupancy, 10 days after date fixed in Notice to Proceed.

    3. Construct two all-weather, hard surfaced parking spaces, suitable for weather and duration of Project, for use by the Contractor and the Owner or his representatives. Provide an all-weather surfaced walk between the parking spaces and the office.

2. Minimum Construction:

    1. Structurally sound foundation and superstructure.

    2. Completely weather tight with insulated roof and walls.

    3. Exterior finish and interior finish acceptable to the Owner.

    4. Stairs or walkway with handrail and entrance platform (4' x 4') with a mud scraper at door.

    5. Resilient floor covering.

6. Screened windows with an area equal to approximately 10 percent of floor area sufficient for light, view, and ventilation. Provide windows with operable sash.

7. Secure lockable exterior doors with dead bolt cylinder locks.

3. Minimum Services:

1. Exterior light at entrance.

2. Interior lighting of 50 foot-candles at desktop height.

3. Automatic heating to maintain 65 degrees F in winter.

4. Automatic cooling to maintain 75 degrees F in summer.

5. Electric power service.

6. Four electric wall outlets.

7. Separate telephone service.

8. Chilled drinking water.

9. Separate sanitary facilities with one water closet and one lavatory and medicine cabinet.

10. Plumbing and sewers as required, protected from freezing.

4. Minimum Furnishings:

1. Two 5-drawer desks.

2. Two swivel desk chairs.

3. One drafting table with built-in drawer, drafting stool, and light.

4. One plan rack to hold eight racks of drawings.

5. Two 4-drawer legal file cabinets.

6. Book shelving and bookcase with a minimum of 15 feet of shelf space.

7. Two waste baskets.

8. One tack board 30 inches by 36 inches.

9. Fire extinguishers.

10. Identifying exterior sign acceptable to the Owner.

11. First aid kit.

12. Six protective helmets (hard hats) for use by visitors.

13. Conference table and chairs to accommodate 15 persons.

14. Fax machine.

15. Other furnishings at Contractor's option.

5. Maintenance:

1. Schedule continuous maintenance of office, walkways, and services; cleaned not less than once per week;

2. Provide soap, paper towels, cleansers, janitorial service and appurtenances;

3. Immediately repair any damage, leaks or defective service.

6. Provide adequate space for one set of Contract Documents in the office for ready reference.

1.5 STORAGE SHEDS AND BUILDINGS

1. Provide adequately ventilated, watertight storage facilities with floor above ground level for materials and equipment susceptible to weather damage.

2. Storage of materials not susceptible to weather damage may be on blocks off the ground.

3. Store materials in a neat and orderly manner. Place materials and equipment to permit easy access for identification, inspection and inventory.

4. Fill and grade site for temporary structures to provide drainage away from temporary and existing buildings.

1.6 SAFETY REQUIREMENTS
1.7

1. Submit and follow a safety program in accordance with General Conditions. Include in the safety program documented response to trench safety requirements as specified in Section 31 23 16.13 - Trench Safety Systems.

2. Conduct operations in strict accord with applicable Federal, State and local safety codes and statutes and with good construction practice. The Contractor is fully responsible and obligated to establish and maintain procedures for safety of all work, personnel and equipment involved in the Project.

3. Observe and comply with Texas Occupational Safety Act (Art. 5182a, V.C.S.) and with all safety and health standards promulgated by Secretary of Labor under Section 107 of Contract Work Hours and Standards Act, published in 29 CFR Part 1926 and adopted by Secretary of Labor as occupational safety and health standards under the Williams-Steiger Occupational Safety and Health Act of 1970, and to any other legislation enacted for safety and health of Contractor employees. Such safety and health standards apply to subcontractors and their employees as well as to the Contractor and its employees.

4. Observance of and compliance with the regulations shall be solely and without qualification the responsibility of the Contractor without reliance or superintendence of or direction by the Owner or his representative. Immediately advise the Owner and engineer of investigation or inspection by Federal Safety and Health inspectors of the Contractor or subcontractor's work or place of work on the job site under this Contract, and after such investigation or inspection, advise the Owner and engineer of the results. Submit one copy of accident reports to Owner within 10 days of occurrence.

5. Protect areas occupied by workmen using the best available devices for detection of lethal and combustible gases. Test such devices frequently to assure their functional capability. Constantly observe infiltration of liquids into the Work area for visual or odor evidences of contamination, immediate take appropriate steps to seal off entry of contaminated liquids to the Work area.

6. Safety measures, including but not limited to safety personnel, first-aid equipment, ventilating equipment and safety equipment, in the specifications and shown on the Drawings are obligations of the Contractor.

7. Maintain required coordination with the City's Police and Fire Departments during the entire period covered by the Contract.

1.8 FIRST AID EQUIPMENT

1. Provide a first aid kit throughout the construction period. List telephone numbers for physicians, hospitals, and ambulance services in each first aid kit.

2. Have at least one person thoroughly trained in first aid procedures present on the site whenever Work is in progress.

1.9 FIRE PROTECTION

1. Conform to specified fire protection and prevention requirements established by Federal, State, or local governmental agencies and as provided in Contractor's Safety Program.

1.10 SECURITY MEASURES

1. Protect all Work materials, equipment, and property from loss, theft, damage, and vandalism. Contractor's duty to protect property includes public property, and property of the Owner and his representatives used in connection with the performance of the Contract.

2. If existing fencing or barriers are breached or removed for purposes of construction. Provide and maintain temporary security fencing equal to existing.

1.11 PROTECTION OF PUBLIC UTILITIES

1. Prevent damage to existing public utilities during construction. These utilities are shown on the Drawings at their approximate locations. Give owners of these utilities at least 48 hours notice before commencing Work in the area, for locating the utilities during construction, and for making adjustments or relocation of the utilities when they conflict with the proposed Work.

2. Utilize the Utility Coordinating Committee One Call System, telephone number, (713) 223-4567, which must be called 48 hours in advance. The toll free telephone number is 1-800-669-8344, Texas One Call System.

1.12 PROTECTION OF THE WORK AND PROPERTY

1. Preventive Actions:

    1. Take precautions, provide programs, and take actions necessary to protect the Work and public and private property from damage.

    2. Take action to prevent damage, injury or loss, including, but not be limited to, the following:

        1. Store apparatus, materials, supplies, and equipment in an orderly, safe manner that will not unduly interfere with progress of the Work or the Work of any other contractor, any utility service company, or the City's operations.

        2. Provide suitable storage for materials which are subject to damage by exposure to weather, theft, breakage, or otherwise.

3. Place upon the Work or any part thereof only such loads as are consistent with the safety of that portion of the Work.

4. Frequently clean up refuse, rubbish, scrap materials, and debris caused by construction operations, keeping the Project site safe and orderly.

5. Provide safe barricades and guard rails around openings, for scaffolding, for temporary stairs and ramps, around excavations, elevated walkways, and other hazardous areas.

3. Obtain written consent from proper parties before entering or occupying with workers, tools, materials or equipment, privately-owned land except on easements provided for construction.

4. Assume full responsibility for the preservation of public and private property on or adjacent to the site. If any direct or indirect damage is done by or on account of any act, omission, neglect, or misconduct in execution of the Work by the Contractor, it shall be restored by the Contractor to a condition equal to or better than that existing before the damage was done.

2. Barricades and Warning Signals: Where Work is performed on or adjacent to any roadway, right-of-way, or public place, furnish and erect barricades, fences, lights, warning signs, and danger signals; provide watchmen; and take other precautionary measures for the protection of persons or property and protection of the Work. Use barricades painted to be visible at night. From sunset to sunrise, furnish and maintain at least one light at each barricade. Erect sufficient barricades to keep vehicles from being driven on or into Work under construction. Furnish watchmen in sufficient numbers to protect the Work. Maintain barricades, signs, and lights, and provide watchmen until the Project is accepted by the Owner, engineer, and building officials.

3. Tree and Plant Protection: Conform to requirements of Section 01562 - Tree and Plant Protection.

4. Protection of Existing Structures:

1. Underground Structures:

1. Underground structures are defined to include, but not be limited to, sewer, water, gas, and other piping, and manholes, chambers, electrical and signal conduits, tunnels, and other existing subsurface installations located within or adjacent to the limits of the Work.

2. Known underground structures, including water, sewer, electric, and telephone service connections are shown on the Drawings. This information is shown for the assistance of the Contractor in accordance with the best information available, but is not guaranteed to be correct or complete.

3. Explore ahead of trenching and excavation work and uncover obstructing underground structures sufficiently to determine their location, to prevent damage to them and to prevent interruption of utility services. Restore to original condition damages to underground structure at no additional cost to the Owner.

4. Necessary changes in location of the Work may be made by the Engineer to avoid unanticipated underground structures.

5. If permanent relocation of an underground structure or other subsurface installations is required and not otherwise provided for in the Contract Documents, the Engineer will direct Contractor in writing to perform the Work, which shall be paid for under the provisions for change orders in the Contract Document - General Conditions.

2. Surface Structures: Surface structures are defined as existing buildings, structures and other constructed installations above the ground surface. Included with such structures are their foundations or any extension below the surface. Surface structures include, but are not limited to buildings, tanks, walls, bridges, roads, dams, channels, open drainage, piping, poles, wires, posts, signs, markers, curbs, walks, guard cables, fencing, and other facilities that are visible above the ground surface.

3. Protection of Underground and Surface Structures:

1. Support in place and protect from direct or indirect injury underground and surface structures located within or adjacent to the limits of the Work. Install such supports carefully and as required by the party owning or controlling such structure. Before installing structure supports, Contractor shall satisfy the Engineer that the methods and procedures to be used have been approved by the owner of the structure.

2. Avoid moving or in any way changing the property of public utilities or private service corporations without prior written consent of a responsible official of that service or public utility. Representatives of these utilities reserve the right to enter within the limits of this project for the purpose of maintaining their properties, or of making such changes or repairs to their property that may be considered necessary by performance of this Contract.

3. Notify the owners and/or operators of utilities and pipelines of the nature of construction operations to be performed and the date or dates on which those operations will be performed. When construction operations are required in the immediate vicinity of existing structures, pipelines, or utilities, give a minimum of 5 working days advance notice. Probe and flag the location of underground utilities prior to

commencement of excavation. Keep flags in place until construction operation reach and uncover the utility.

4. Assume risks attending the presence or proximity of underground and surface structures within or adjacent to the limits to the Work including but not limited to damage and expense for direct or indirect injury caused by his Work to any structure. Immediately repair damage caused, to the satisfaction of the owner of the damaged structure.

5. Protection of Installed Products:

1. Provide protection of installed products to prevent damage from subsequent operations. Remove protection facilities when no longer needed, prior to completion of Work.

2. Control traffic to prevent damage to equipment, materials, and surfaces.

3. Provide coverings to protect equipment and materials from damage. Cover projections, wall corners, jambs, sills, and exposed sides of openings in areas used for traffic and for passage of materials in subsequent work.

1.13 ROADS AND PARKING

1. Prevent interference with traffic and public operations on existing roads.

2. Designate temporary parking areas to accommodate construction personnel. When site space is not adequate, provide additional off-site parking. Locate as approved by the Owner.

3. Minimize use by construction traffic of existing streets and driveways.

4. Do not allow heavy vehicles or construction equipment in existing parking areas.

1.14 ENVIRONMENTAL CONTROLS

1. Provide and maintain methods, equipment, and temporary construction as necessary for controls over environmental conditions at the construction site and adjacent areas.

2. Comply with statutes, regulations, and ordinances which relate to the proposed Work for the prevention of environmental pollution and preservation of natural resources, including but not limited to the National Environmental Policy Act of 1969, PL 91-190, Executive Order 11514.

3. The Owner recognizes that the site has considerable natural value and that construction of projects should have minimum impact to the surrounding environment. The Contractor shall adopt construction procedures that do not cause unnecessary excavation and filling of the terrain, indiscriminate destruction of vegetation, air or stream pollution, nor the harassment or destruction of wildlife.

4. Recognize and adhere to the environmental requirements of the Project. Disturbed areas shall be strictly limited to boundaries established by the Contract Documents. Particularly avoid pollution of "on-site" streams, sewers, wells, or other water sources.

5. Burning of rubbish, debris or waste materials is not permitted.

1.15 POLLUTION CONTROL

1. Provide methods, means, and facilities required to prevent contamination of soil, water or atmosphere by discharge of noxious substances from construction operations.

2. Provide equipment and personnel to perform emergency measures required to contain any spillage, and to remove contaminated soils or liquids. Excavate and dispose of any contaminated earth off-site, and replace with suitable compacted fill and topsoil.

3. Take special measures to prevent harmful substances from entering public waters. Prevent disposal of wastes, effluents, chemicals, or other such substances adjacent to streams, or in sanitary or storm sewers.

4. Provide systems for control of atmospheric pollutants.

    1. Prevent toxic concentrations of chemicals.

    2. Prevent harmful dispersal of pollutants into the atmosphere.

5. Use equipment during construction that conforms to current Federal, State, and local laws and regulations.

1.16 PEST AND RODENT CONTROL

1. Provide rodent and pest control as necessary to prevent infestation of construction or storage areas.

2. Employ methods and use materials which will not adversely affect conditions at the site or on adjoining properties.

1.17 NOISE CONTROL

1. Provide vehicles, equipment, and construction activities that minimize noise to the greatest degree practicable. Noise levels shall conform to the latest OSHA standards and City Ordinances and in no case will noise levels be permitted which interfere with other work or create a nuisance in the surrounding residential neighborhoods.

2. Conduct construction operations during daylight hours except as approved by Owner and Engineer.

3. Select construction equipment to operate with minimum noise and vibration. If in the opinion of the City, Owner or Engineer, objectionable noise or vibration is produced by equipment, rectify such conditions without additional cost to the Owner. The Sound Power Level (PWL) of any equipment shall not exceed 85 dbA (re: 10^{-12} watts) measured 5 feet from the piece of equipment, or the levels prescribed by City Ordinances, whichever is lower Explicit equipment noise requirements are specified with equipment specifications.

1.18 DUST CONTROL

1. Control objectionable dust caused by operation of vehicles and equipment. Apply water or use other methods, subject to approval of the City, Owner and Engineer, which will control the amount of dust generated.

1.19 WATER RUNOFF AND EROSION CONTROL

1. Where required, the Contractor shall comply with the National Pollutant Discharge Elimination system (NPDES) permit as stated in the Federal Register, Vol.57, and No.175.

2. In addition to the NPDES requirements the Contractor shall:

    1. Provide methods to control surface water, runoff, subsurface water, and water from excavations and structures to prevent damage to the Work, the site, or adjoining properties.

    2. Control fill, grading and ditching to direct water away from excavations, pits, tunnels, and other construction areas; and to direct drainage to proper runoff courses so as to prevent any erosion, sedimentation or damage.

    3. Provide, operate, and maintain equipment and facilities of adequate size to control surface water.

    4. Dispose of drainage water in a manner to prevent flooding, erosion, or other damage to any portion of the site or to adjoining areas and in conformance with environmental requirements.

    5. Retain existing drainage patterns external to the construction site by constructing temporary earth berms, sedimentation basins, retaining areas, and temporary ground cover as needed to control conditions.

    6. Plan and execute construction and earthwork by methods to control surface drainage from cuts and fills, and from borrow and waste disposal areas, to prevent erosion and sedimentation.

        1. Keep to a minimum the area of bare soil exposed at one time.

        2. Provide temporary control measures, such as berms, dikes, and drains.

7. Construct fills and waste areas by selective placement to eliminate surface silts or clays which will erode.

8. Inspect earthwork periodically to detect any evidence of the start of erosion. Apply corrective measures as required to control erosion.

PART 2 P R O D U C T S - Not Used

PART 3 E X E C U T I O N - Not Used

END OF SECTION

Section 01 55 26
TRAFFIC CONTROL AND REGULATION

PART 1 GENERAL

1.01 SECTION INCLUDES

1. Requirements for signs, signals, control devices, flares, lights and traffic signals, as well as construction parking control, designated haul routes and bridging of trenches and excavations.
2. Requirement for and qualifications of flagmen.

1.02 SUBMITTALS

1. The contractor shall submit prior to the beginning of work a Traffic Control Plan responsive to the Texas Manual on Uniform Traffic Control Devices (TMUTCD) and sealed by a Registered Professional Engineer.
2. For both the traffic control plan and flagmen use, submit schedules of values within 30 days following the Notice to Proceed.
3. Make submittals in accordance with Section 01 33 00 - Submittal Procedures.

1.03 UNIT PRICES

No payment will be made for Traffic Control and Regulation. Costs associated with this item are subsidiary to other items.

PART 2 PRODUCTS

2.01 SIGNS, SIGNALS, AND DEVICES

1. Comply with Texas State Manual on Uniform Traffic Control Devices.
2. Traffic Cones and Drums, Flares and Lights: As approved by local jurisdictions.

PART 3 EXECUTION

3.01 PUBLIC ROADS

1. Abide by laws and regulations of governing authorities when using public roads. If the Contractor's work requires that public roads be temporarily impeded or closed, approvals shall be obtained from governing authorities and permits paid for before starting any work. Coordinate activities with the City, County, and Owner.

2. Contractor shall maintain at all times a 10-foot-wide all-weather lane adjacent to work areas which shall be kept free of construction equipment and debris and shall be for the use of emergency vehicles, or as otherwise provided in the traffic control plan.
3. Contractor shall not obstruct the normal flow of traffic from 7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m. on designated major arterials or as directed by the City and County.
4. Contractor shall maintain local driveway access to residential and commercial properties adjacent to work areas at all times.
5. Cleanliness of Surrounding Streets: Keep streets used for entering or leaving the job area free of excavated material, debris, and any foreign material resulting from construction operations.

3.02 CONSTRUCTION PARKING CONTROL

1. Control vehicular parking to prevent interference with public traffic and parking, access by emergency vehicles, and County and City's operations.
2. Monitor parking of construction personnel's vehicles in existing facilities. Maintain vehicular access to and through parking areas.
3. Prevent parking on or adjacent to access roads or in non-designated areas.

3.03 FLARES AND LIGHTS

1. Provide flares and lights during hours of low visibility to delineate traffic lanes and to guide traffic.

3.04 HAUL ROUTES

1. Utilize haul routes designated by authorities or shown on the Drawings for construction traffic.
2. Confine construction traffic to designated haul routes.
3. Provide traffic control at critical areas of haul routes to regulate traffic and minimize interference with public traffic.

3.05 TRAFFIC SIGNS AND SIGNALS

1. Install traffic control devices at approaches to the site and on site, at crossroads, detours, parking areas, and elsewhere as needed to direct construction and affected public traffic.

2. Install and operate traffic control signals to direct and maintain orderly flow of traffic in areas under Contractor's control and areas affected by Contractor's operations.

3. Relocate traffic signs and signals as Work progresses to maintain effective traffic control.

3.06 BRIDGING TRENCHES AND EXCAVATIONS

1. Whenever necessary, bridge trenches and excavation to permit an unobstructed flow of traffic.
2. Secure bridging against displacement by using adjustable cleats, angles, bolts or other devices whenever bridge is installed:
    a. On an existing bus route;
    b. When more than five percent of daily traffic is comprised of commercial or truck traffic;
    c. When more than two separate plates are used for the bridge; or
    d. When bridge is to be used for more than five consecutive days.
3. Install bridging to operate with minimum noise.
4. Adequately shore the trench or excavation to support bridge and traffic.
5. Extend steel plates used for bridging a minimum of one foot beyond edges of trench or excavation. Use temporary paving materials (premix) to feather edges of plates to minimize wheel impact on secured bridging.
6. Use steel plates of sufficient thickness to support H-20 loading truck or lane that produces maximum stress.

3.07 REMOVAL

1. Remove equipment and devices when no longer required.
2. Repair damage caused by installation.
3. Remove post settings to a depth of 2 feet.

PART 4 PAYMENT

4.02 UNIT PRICES

A. Unless indicated in the Unit Prices Section (1.03) as a pay item, no separate payment will be made for work performed under this Section. Include cost of work performed under this Section in pay items of which this work is a component.

END OF SECTION

SECTION 01 57 23

STORM WATER POLLUTION CONTROL AND PREVENTION PLAN - TPDES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. This Section describes the required documentation to be prepared and signed by the Contractor before conducting construction operations, in accordance with the terms and conditions of the General Permit Number TXR150000 for discharges of storm water runoff from small construction sites.

B. The Contractor shall be responsible for providing and implementing a Storm Water Pollution Prevention Plan, prepared by and sealed by a registered professional engineer, for this project.

C. Contractor shall review implementation of the Storm Water Pollution Prevention Plan (SWPPP) in a meeting with the Owner and Engineer prior to start of construction.

1.02 LUMP SUM PRICE

A. Payment for this item shall be made on a lump sum basis and shall cover all costs associated with the preparation and submittal of the Storm Water Pollution Prevention Plan, prepared by a professional engineer registered in Texas, and submittal of all required forms including Notice of Intent to TCEQ, and any forms required by other governmental entities, payment of permit fees (if any), cost of implementation and maintenance of the storm water control measures as required throughout the project.

1.03 REFERENCES

A. Part II.E.2. of TCEQ General Permit Number TXR150000.

B. Part II.F.3 of TCEQ General Permit Number TXR150000 (notification of MS4 operator)

PART 2 PRODUCTS - As required by Storm Water Pollution Prevention Plan.

PART 3 EXECUTION

3.01 SMALL CONSTRUCTION SITE NOTICE

A. The Contractor shall complete and sign the attached Small Construction Site Notice, and copies of the signed notice shall be submitted to TCEQ, the Owner, Engineer, City of Brownsville and shall be posted at the construction site, as specified.

3.02 STORM WATER POLLUTION PREVENTION PLAN

A. Contractor shall be responsible for implementation, maintenance, and inspection of storm water pollution prevention control measures including, but not limited to, erosion and sediment controls, storm water management plans, waste collection and disposal, off-site vehicle tracking, and other practices shown on the Storm Water Pollution Prevention Plan, or as specified by TCEQ or elsewhere in this or other Specifications.

3.03 RETENTION OF RECORDS

A. The Contractor shall keep a copy of the Storm Water Pollution Prevention Plan at the construction site or at the Contractor's field office from the date that it became effective to the date of project completion.

B. At project closeout, the Contractor shall submit to Owner all TPDES forms and certifications, as well as a copy of the SWPPP. Storm water pollution prevention records and data will be retained by Owner for a period of 3 years from the date of project completion.

3.04 REQUIRED NOTICES

A. The following notices shall be posted from the date that this SWPPP goes into effect until the date of final site stabilization:

1. Copies of the Small Construction Site Notice completed, signed and submitted by Contractor shall be posted at the construction site or at Contractor’s office in a prominent place for public viewing.

2. Notice to drivers of equipment and vehicles, instructing them to stop, check, and clean tires of debris and mud before driving onto traffic lanes. Post such notices at every stabilized construction exit area.

3. In an easily visible location on site, post a notice of waste disposal procedures.

4. If applicable, notice of hazardous material handling and emergency procedures shall be posted on site. Keep copies of Material Safety Data Sheets at a location on site that is known to all personnel.

5. Keep a copy of each signed certification at the construction site or at Contractor’s office.

END OF SECTION

SECTION 02 40 00
REMOVING EXISTING PAVEMENT AND STRUCTURES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Removing concrete paving, asphaltic concrete pavement, and base courses.

B. Removing concrete curbs, concrete curbs and gutters, sidewalks and driveways.

C. Removing pipe culverts and sewers.

D. Removing existing inlets and manholes.

E. Removing miscellaneous structures of concrete or masonry and all debris.

1.02 REGULATORY REQUIREMENTS

A. Conform to applicable codes for disposal of debris.

B. Coordinate removal work with utility companies.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION

3.01 PREPARATION

A. Obtain advance approval from Engineer for dimensions and limits of removal work.

B. Identify known utilities below grade. Stake and flag locations.

3.02 PROTECTION

A. Protect the following from damage or displacement:

1. Adjacent public and private property.

2. All trees, plants, and other landscape features unless designated to be removed.

3. All utilities unless designated to be removed.

4. All pavement and utility structures unless designated to be removed.

5. Bench marks, monuments, and existing structures designated to remain.

3.03 REMOVAL

A. Remove pavements and structures by methods that will not damage underground utilities. Do not use a drop hammer near existing underground utilities.

B. Minimize amount of earth loaded during removal operations.

C. Where existing pavement is to remain, make straight saw cuts in existing pavement to provide clean breaks prior to removal. Do not break concrete pavement or base with drop hammer unless concrete or base has been saw cut to a minimum depth of 2 inches.

D. Where street and driveway saw cut locations coincide or fall within 3 feet of existing construction or expansion joints, break out to existing joint.

E. Remove sidewalks and curbs to nearest existing dummy, expansion, or construction joint.

F. Where existing end of pipe culvert or end of sewer is to remain, install an 8-inch-thick masonry plug in pipe end prior to backfill.

3.04 BACKFILL

A. Backfill of removal areas shall be in accordance with requirements of Section 31 23 16.16 - Excavation and Backfill for Structures.

3.05 DISPOSAL

A. Inlet frames, grates, and plates; and manhole frames and covers, may remain Owner's property. Disposal shall be in accordance with local and state laws and the responsibility of the Contractor.

B. Remove from the site debris resulting from work under this section in accordance with local and state laws and the responsibility of the Contractor.

PART 4 PAYMENT

4.01 MEASUREMENT & PAYMENT

Unless prescribed elsewhere in the Contract documents, Unit Prices as follows:

Payment of the quantities for removing existing pavements and structures measured as specified will be at the contract unit price per square yard of the thickness specified.

END OF SECTION

SECTION 02 41 00

DEMOLITION

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Removing concrete paving, asphaltic concrete pavement, and base courses.

B. Removing concrete curbs, concrete curbs and gutters, sidewalks and driveways.

C. Removing pipe culverts and sewers.

D. Removing existing inlets and manholes.

E. Removing miscellaneous structures of concrete or masonry.

1.02 MEASUREMENT AND PAYMENT

A. Payment are based on a lump sum basis

1.03 REGULATORY REQUIREMENTS

A. Conform to applicable codes for disposal of debris.

B. Coordinate removal work with utility companies.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION

3.01 PREPARATION

A. Obtain advance approval from Public Works Director for dimensions and limits of removal work.

B. Identify known utilities below grade. Stake and flag locations.

3.02 PROTECTION

A. Protect the following from damage or displacement:

1. Adjacent public and private property.

2. Trees, plants, and other landscape features designated to remain.

3. Utilities designated to remain.

4. Pavement and utility structures designated to remain.

5. Bench marks, monuments, and existing structures designated to remain.

3.03 REMOVALS

A. Remove pavements and structures by methods that will not damage underground utilities. Do not use a drop hammer near existing underground utilities.

B. Minimize amount of earth loaded during removal operations.

C. Where existing pavement is to remain, make straight saw cuts in existing pavement to provide clean breaks prior to removal. Do not break concrete pavement or base with drop hammer unless concrete or base has been saw cut to a minimum depth of 2 inches.

D. Where street and driveway saw cut locations coincide or fall within 3 feet of existing construction or expansion joints, break out to existing joint.

E. Remove sidewalks and curbs to nearest existing dummy, expansion, or construction joint.

F. Where existing end of pipe culvert or end of sewer is to remain, install an 8-inch-thick masonry plug in pipe end prior to backfill.

3.04 BACKFILL

A. Backfill of removal areas shall be in accordance with requirements of Section 31 23 16.16 - Excavation and Backfill for Structures.

3.05 DISPOSAL

A. Inlet frames, grates and plates; and manhole frames and covers, may remain owner's property. Disposal shall be in accordance with local and state laws and the responsibility of the Contractor.

B. Remove from the site debris resulting from work under this section in accordance with local and state laws and the responsibility of the Contractor.

END OF SECTION

Section 03 30 00

CAST-IN-PLACE CONCRETE
CONCRETE FOR UTILITY CONSTRUCTION

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Cast-in-place concrete work for utility construction or rehabilitation, such as slabs on grade, small vaults, site-cast bases for precast units, and in-place liners for manhole rehabilitation.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No payment will be made for concrete for utility construction under this Section. Include cost in applicable utility structure.

1.04 SUBMITTALS

A. Conform to Section 01 33 00 - Submittal Procedures.

B. Submit proposed mix design and test data for each type and strength of concrete in the Work.

C. Submit laboratory reports prepared by an independent testing laboratory stating that materials used comply with requirements of this Section.

D. Submit manufacturer's mill certificates for reinforcing steel. Provide specimens for testing when required by the Engineer.

E. Submit certification from concrete supplier that materials and equipment used to produce and deliver concrete comply with this Specification.

F. When required on Drawings, submit shop drawings showing reinforcement type, quantity, size, length, location, spacing, bending, splicing, support, fabrication details, and other pertinent information.

G. For waterstops, submit product information sufficient to indicate compliance with this Section, including manufacturer's descriptive literature and specifications.

1.06 HANDLING AND STORAGE

A. Cement: Store cement off of the ground in a well-ventilated, weatherproof building.

B. Aggregate: Prevent mixture of foreign materials with aggregate and preserve gradation of aggregate.

C. Reinforcing Steel: Store reinforcing steel to protect it from mechanical injury and formation of rust. Protect epoxy-coated steel from damage to the coating.

PART 2 PRODUCTS

2.01 CONCRETE MATERIALS

A. Cementitious Material:

1. Portland Cement: ASTM C 150, Type II, unless the use of Type III is authorized by the Engineer; or ASTM C 595, Type IP. For concrete in contact with sewage use Type II cement.

2. When aggregates are potentially reactive with alkalis in cement, use cement not exceeding 0.6 percent alkali content in the form of $Na_2O + 0.658K_20$.

B. Water: Clean, free from harmful amounts of oils, acids, alkalis, or other deleterious substances, and meeting requirements of ASTM C 94.

C. Aggregate:

1. Coarse Aggregate: ASTM C 33. Unless otherwise indicated, use the following ASTM standard sizes: No. 357 or No. 467; No. 57 or No. 67, No. 7. Maximum size: Not larger than 1/5 of the narrowest dimension between sides of forms, nor larger than 3/4 of minimum clear spacing between reinforcing bars.

2. Fine Aggregate: ASTM C 33.

3. Determine the potential reactivity of fine and coarse aggregate in accordance with the Appendix to ASTM C 33.

D. Air Entraining Admixtures: ASTM C 260.

E. Chemical Admixtures:

1. Water Reducers: ASTM C 494, Type A.

2. Water Reducing Retarders: ASTM 494, Type D.

3. High Range Water Reducers (Superplasticizers): ASTM C 494, Types F and G.

F. Prohibited Admixtures: Admixtures containing calcium chloride, thiocyanate, or materials that contribute free chloride ions in excess of 0.1 percent by weight of cement.

G. Reinforcing Steel:

1. Use new billet steel bars conforming to ASTM A 615, ASTM A 767, or ASTM A 775, grade 40 or grade 60, as shown on Drawings. Use deformed bars except where smooth bars are specified. When placed in work, keep steel free of dirt, scale, loose or flaky rust, paint, oil or other harmful materials.

2. Where shown, use welded wire fabric with wire conforming to ASTM A 185 or ASTM A 884. Supply the gauge and spacing shown, with longitudinal and transverse wires electrically welded together at points of intersection with welds strong enough not to be broken during handling or placing.

3. Wire: ASTM A 82. Use 16-1/2 gauge minimum for tie wire, unless otherwise indicated.

H. Fiber:

1. Fibrillated Polypropylene Fiber:

a. Addition Rate: 1.5 pounds of fiber per cubic yard of concrete.

b. Physical Properties:
   1) Material: Polypropylene.
   2) Length: 1/2 inch or graded
   3) Specific Gravity: 0.9l.

c. Acceptable Manufacturer: W. R. Grace Company, Fibermesh, or approved equal.

2. Steel Fiber: Comply with applicable provisions of ACI 544 and ASTM A 820.

a. Ratio: 50 to 200 pounds of fiber per cubic yard of concrete.

b. Physical Properties
   1) Material: Steel.
   2) Aspect Ratio (for fiber lengths of 0.5 to 2.5 inch, length divided by diameter or equivalent diameter): 30:1 to 100:1.
   3) Specific Gravity: 7.8.
   4) Tensile Strength: 40-400 ksi.
   5) Young's Modulus: 29,000 ksi.
   6) Minimum Average Tensile Strength: 50,000 psi.
   7) Bending Requirements: Withstand bending around 0.125-inch diameter mandrel to an angle of 90 degrees, at temperatures not less than 60 degrees F, without breaking.

I. Curing Compounds: Type 2 white-pigmented liquid membrane-forming compounds conforming to ASTM C 309.

2.02 FORMWORK MATERIALS

A. Lumber and Plywood: Seasoned and of good quality, free from loose or unsound knots, knot holes, twists, shakes, decay and other imperfections which would affect strength or impair the finished surface of concrete. Use S4S lumber for facing or sheathing. Forms for bottoms of caps: At least 2-inch (nominal) lumber, or 3/4-inch form plywood backed adequately to prevent misalignment. For general use, provide lumber of 1-inch nominal thickness or form plywood of approved thickness.

B. Formwork for Exposed Concrete Indicated to Receive Rubbed Finish: Form or form-lining surfaces free of irregularities; plywood of 1/4-inch minimum thickness, preferably oiled at the mill.

C. Chamfer Strips and Similar Moldings: Redwood, cypress, or pine that will not split when nailed and which can be maintained to true line. Use mill-cut molding dressed on all faces.

D. Form Ties: Metal or fiberglass of approved type with tie holes not larger than 7/8 inch in diameter. Do not use wire ties or snap ties.

E. Metal Forms: Clean and in good condition, free from dents and rust, grease, or other foreign materials that tend to disfigure or discolor concrete in a gauge and condition capable of supporting concrete and construction loads without significant distortion. Countersink bolt and rivet heads on facing sides. Use only metal forms which present a smooth surface and which line up properly.

2.03 PRODUCTION METHODS

A. Use either ready-mixed concrete conforming to requirements of ASTM C 94, or concrete produced by volumetric batching and continuous mixing in accordance with ASTM C 685.

2.04 MEASUREMENT OF MATERIALS

A. Measure dry materials by weight, except volumetric proportioning may be used when concrete is batched and mixed in accordance with ASTM C 685.

B. Measure water and liquid admixtures by volume.

2.05 DESIGN MIX

A. Use design mixes prepared by a certified testing laboratory in accordance with ASTM C 1077 and conforming to requirements of this section.

B. Proportion concrete materials based on ACI 211.1 to comply with durability and strength requirements of ACI 318, Chapters 4 and 5, and this specification. Prepare mix design of Class A concrete so minimum cementitious content is 564 pounds per cubic yard. Submit concrete mix designs to the Engineer for review.

C. Proportioning on the basis of field experience or trial mixtures in accordance with requirements at Section 5.3 of ACI 318 may be used, if approved by the Engineer.

D. Classification:

CLASS	TYPE	MINIMUM COMPRESSIVE STRENGTH (LBS/SQ. IN.)		MAXIMUM W/C RATIO	AIR CONTENT (PERCENT)	CONSISTENCY RANGE IN SLUMP (INCHES)
		7-DAY	28-DAY			
A	Structural	3200	4000	0.45	4± 1	2 to 4*
B	Pipe Block Fill, Thrust Block	2400	3000	----	4± 1	5 to 7

*When ASTM C 494, Type F or Type G admixture is used to increase workability, this range may be 6 to 9.

E. Add steel or polypropylene fibers only when called for on the Drawings or in another section of these Specifications.

F. Determine air content in accordance with ASTM C 138, ASTM C 173 or ASTM C 231.

G. Use of Concrete Classes: Use classes of concrete as indicated on the Drawings and other Specifications. Use Class B for non-reinforced concrete used for plugging pipes, seal slabs, thrust blocks, trench dams, and concrete fill unless indicated otherwise. Use Class A for all other applications.

2.06 PVC WATERSTOPS

A. Extrude from virgin polyvinyl chloride elastomer. Use no reclaimed or scrap material. Submit waterstop manufacturer's current test reports and manufacturer's written certification that the material furnished meets or exceeds Corps of Engineers Specification CRD-C572 and other specified requirements.

B. Flat Strip and Center-Bulb Waterstops:

1. Thickness: not less than 3/8 inch

2. Acceptable Manufacturers:

a. Kirkhill Rubber Co., Brea, California
b. Water Seals, Inc., Chicago, Illinois
c. Progress Unlimited, Inc., New York, New York
d. Greenstreak Plastic Products Co., St. Louis, Missouri
e. Approved equal.

2.07 RESILIENT WATERSTOP

A. Resilient Waterstop: Where shown on the Drawings; either a bentonite- or adhesive-type material.

B. Bentonite Waterstop:

1. Material: 75 percent bentonite, mixed with butyl rubber-hydrocarbon containing less than 1.0 percent volatile matter, and free of asbestos fibers or asphaltics.

2. Manufacturer's rated temperature ranges: For application, 5 to 125 degrees F; in service, -40 to 212 degrees F.

3. Cross-sectional dimensions, unexpanded waterstop: 1 inch by 3/4 inch.

4. Provide with adhesive backing capable of producing excellent adhesion to concrete surfaces.

C. Adhesive Waterstop:

1. Preformed plastic adhesive waterstop at least 2 inches in diameter.

2. Meets or exceeds requirements of Federal Specification SS-S-210A.

3. Supplied wrapped completely by a 2-part protective paper.

4. Submit independent laboratory tests verifying that the material seals joints in concrete against leakage when subjected to a minimum of 30 psi water pressure for at least 72 hours.

5. Provide primer, to be used on hardened concrete surfaces, from the same manufacturer who supplies the waterstop material.

6. Acceptable Manufacturer: Synko-Flex Preformed Plastic Adhesive Waterstop, Synko-Flex Products, Inc.; or approved equal.

PART 3 EXECUTION

3.01 FORMS AND SHORING

A. Provide mortar-tight forms sufficient in strength to prevent bulging between supports. Set and maintain forms to lines designated such that finished dimensions of structures are within the tolerances specified in ACI 117. Construct forms to permit removal without damage to concrete. Forms may be given slight draft to permit ease of removal. Provide adequate cleanout openings. Before placing concrete, remove extraneous matter from within forms.

B. Install rigid shoring having no excessive settlement or deformation. Use sound timber in shoring centering. Shim to adjust and tighten shoring with hardwood timber wedges.

C. Design Loads for Horizontal Surfaces of Forms and Shoring: Minimum fluid pressure, 175 pounds per cubic foot; live load, 50 pounds per square foot. Maximum unit stresses: 125 percent of allowable stresses used for form materials and for design of support structures.

D. Back formwork with a sufficient number of studs and wales to prevent deflection.

E. Re-oil or lacquer the liner on the job before using. Facing may be constructed of 3/4-inch plywood made with waterproof adhesive backed by adequate studs and wales. In such cases, form lining will not be required.

F. Unless otherwise indicated, form outside corners and edges with triangular 3/4-inch chamfer strips (measured on sides).

G. Remove metal form ties to depth of at least 3/4 inch from surface of concrete. Do not burn off ties. Do not use pipe spreaders. Remove spreaders which are separate from forms as concrete is being placed.

H. Treat facing of forms with approved form coating before concrete is placed. When directed by Engineer, treat both sides of face forms with coating. Apply coating before reinforcement is placed. Immediately before the concrete is placed, wet surface of forms which will come in contact with concrete.

3.02 PLACING REINFORCEMENT

A. Place reinforcing steel accurately in accordance with approved Drawings. Secure steel adequately in position in forms to prevent misalignment. Maintain reinforcing steel in place using approved concrete and hot-dip galvanized metal chairs and spacers. Place reinforcing steel in accordance with CRSI Publication "Placing Reinforcing Bars." Request inspection of reinforcing steel by the inspector and obtain acceptance before concrete is placed.

B. Minimum spacing center-to-center of parallel bars: 2-1/2 times nominal bar diameter. Minimum cover measured from surface of concrete to face of reinforcing bar unless shown otherwise on the Drawings: 3 inches for surfaces cast against soil or subgrade, 2 inches for other surfaces.

C. Detail bars in accordance with ACI 315. Fabricate reinforcing steel in accordance with CRSI Publication MSP-1, "Manual of Standard Practice." Bend reinforcing steel to required shape while steel is cold. Excessive irregularities in bending will be cause for rejection.

D. Do not splice bars without written approval of the Engineer. Approved bar bending schedules or placing drawings constitute written approval. Splice and development length of bars shall conform to ACI 318, Chapters 7 and 12, and as shown on Drawings. Stagger splices or locate at points of low tensile stress.

3.03 EMBEDDED ITEMS

A. Install conduit and piping as shown on Drawings. Accurately locate and securely fasten conduit, piping, and other embedded items in forms.

B. Install waterstops as specified in other sections and according to manufacturer's instructions. Securely position waterstops at joints as indicated on Drawings. Protect waterstops from damage or displacement during concrete placing operations.

3.04 BATCHING, MIXING AND DELIVERY OF CONCRETE

A. Measure, batch, mix, and deliver ready-mixed concrete in accordance with ASTM C 94, Sections 8 through 11. Produce ready-mixed concrete using an automatic batching system as described in NRMCA Concrete Plant Standards, Part 2 - Plant Control Systems.

B. Measure, mix and deliver concrete produced by volumetric batching and continuous mixing in accordance with ASTM C 685, Sections 6 though 8.

C. Maintain concrete workability without segregation of material and excessive bleeding. Obtain approval of the Engineer before adjustment and change of mix proportions.

D. Ready-mixed concrete delivered to the site shall be accompanied by batch tickets providing the information required by ASTM C 94, Section 16. Concrete produced by continuous

mixing shall be accompanied by batch tickets providing the information required by ASTM C 685, Section 14.

E. When adverse weather conditions affect quality of concrete, postpone concrete placement. Do not mix concrete when air temperature is at or below 40 degrees F and falling. Concrete may be mixed when temperature is 35 degrees F and rising. Take temperature readings in the shade, away from artificial heat. Protect concrete from temperatures below 32 degrees F until the concrete has cured for a minimum of 3 days at 70 degrees F or 5 days at 50 degrees F.

F. Clean, maintain and operate equipment so that it thoroughly mixes material as required.

G. Hand-mix only when approved by the Engineer.

3.05 PLACING CONCRETE

A. Give sufficient advance notice to the Engineer (at least 24 hours prior to commencement of operations) to permit inspection of forms, reinforcing steel, embedded items and other preparations for placing concrete. Place no concrete prior to the Engineer's approval.

B. Schedule concrete placing to permit completion of finishing operations in daylight hours. However, if necessary to continue after daylight hours, light the site as required. If rainfall occurs after placing operations are started, provide covering to protect the work.

C. Use troughs, pipes and chutes lined with approved metal or synthetic material in placing concrete so that concrete ingredients are not separated. Keep chutes, troughs and pipes clean and free from coatings of hardened concrete. Allow no aluminum material to be in contact with concrete.

D. Limit free fall of concrete to 4 feet. Do not deposit large quantities of concrete at one location so that running or working concrete along forms is required. Do not jar forms after concrete has taken an initial set; do not place any strain on projecting reinforcement or anchor bolts.

E. Use tremies for placing concrete in walls and similar narrow or restricted locations. Use tremies made in sections, or provide in several lengths, so that outlet may be adjusted to proper height during placing operations.

F. Place concrete in continuous horizontal layers approximately 12 inches thick. Place each layer while layer below is still plastic.

G. Compact each layer of concrete with concrete spading implements and mechanical vibrators of approved type and adequate number for the size of placement. When immersion vibrators cannot be used, use form vibrators. Apply vibrators to concrete immediately after depositing. Move the vibrator vertically through the layer of concrete just placed and several inches into plastic layer below. Do not penetrate or disturb layers previously placed which have partially set. Do not use vibrators to aid lateral flow concrete. Closely supervise consolidation to ensure uniform insertion and duration of immersion.

H. Handling and Placing Concrete: Conform to ACI 302.1R, ACI 304R and ACI 309R.

3.06 WATERSTOPS

A. Embed waterstops in concrete across joints as shown. Waterstops shall be continuous for the extent of the joint; make splices necessary to provide such continuity in accordance with manufacturer's instructions. Support and protect waterstops during construction operations; repair or replace waterstops damaged during construction.

B. Install waterstops in concrete on one side of joints, leaving other side exposed until the next pour. When a waterstop will remain exposed for 2 days or more, shade and protect the exposed waterstop from direct rays of the sun during the entire exposure and until the exposed portion of the waterstop is embedded in concrete.

C. Splicing PVC Waterstops:

1. Splice waterstops by heat-sealing adjacent waterstop sections in accordance with the manufacturer's printed instructions.

2. Butt end-to-end joints of two identical waterstop sections may be made in the forms during placement of waterstop material.

3. Prior to placement in formwork, prefabricate waterstop joints involving more than two ends to be joined together, an angle cut, an alignment change, or the joining of two dissimilar waterstop sections, allowing not less than 24-inch long strips of waterstop material beyond the joint. Upon inspection and approval by the Engineer, install prefabricated waterstop joint assemblies in formwork, and butt-weld ends of the 24-inch strips to the straight-run portions of waterstop in the forms.

D. Setting PVC Waterstops:

1. Correctly position waterstops during installation. Support and anchor waterstops during progress of the work to ensure proper embedment in concrete and to prevent folding over of the waterstop by concrete placement. Locate symmetrical halves of waterstops equally between concrete pours at joints, with center axis coincident with joint openings. Thoroughly work concrete in joint vicinity for maximum density and imperviousness.

2. Where a waterstop in a vertical wall joint does not connect with any other waterstop, and is not intended to be connected to a waterstop in a future concrete placement, terminate the waterstop 6 inches below the top of the wall.

E. Replacement of Defective Field Joints: Replace waterstop field joints showing evidence of misalignment, offset, porosity, cracks, bubbles, inadequate bond or other defects with products and joints complying to the Specifications.

F. Resilient Waterstop:

1. Install resilient waterstop in accordance with manufacturer's instructions and recommendations.

2. When requested by the Engineer, provide technical assistance by manufacturer's representative in the field at no additional cost to the Owner.

3. Use resilient waterstop only where complete confinement by concrete is provided; do not use in expansion or contraction joints.

4. Where resilient waterstop is used in combination with PVC waterstop, lap resilient waterstop over PVC waterstop a minimum of 6 inches and place in contact with the PVC waterstop. Where crossing PVC at right angles, melt PVC ribs to form a smooth joining surface.

5. At the free top of walls without connecting slabs, stop the resilient waterstop and grooves (where used) 6 inches from the top in vertical wall joints.

6. Bentonite Waterstop:

   a. Locate bentonite waterstop as near as possible to the center of the joint and extend continuous around the entire joint. Minimum distance from edge of waterstop to face of member: 5 inches.

   b. Where thickness of concrete member to be placed on bentonite waterstop is less than 12 inches, place waterstop in grooves at least 3/4 inch deep and 1-1/4 inches wide formed or ground into concrete. Minimum distance from edge of waterstop placed in groove to face of member: 2.5 inches.

   c. Do not place bentonite waterstop when waterstop material temperature is below 40 degrees F. Waterstop material may be warmed so that it remains above 40 degrees F during placement but means used to warm it shall in no way harm the material or its properties. Do not install waterstop where air temperature falls outside manufacturer's recommended range.

   d. Place bentonite waterstop only on smooth and uniform surfaces; grind concrete smooth if necessary to produce satisfactory substrate, or bond waterstop to irregular surfaces using an epoxy grout which completely fills voids and irregularities beneath the waterstop material. Prior to installation, wire brush the concrete surface to remove laitance and other substances that may interfere with bonding of epoxy.

e. In addition to the adhesive backing provided with the waterstop, secure bentonite waterstop in place with concrete nails and washers at 12-inch maximum spacing.

7. Adhesive Waterstop:

a. With a wire brush thoroughly clean the concrete surface on which the waterstop is to be placed and then coat with primer.

b. If the surface is too rough to allow the waterstop to form a complete contact, grind to form an adequately smooth surface.

c. Install the waterstop with the top protective paper left in place. Overlap joints between strips a minimum of 1 inch and cover back over with protective paper.

d. Do not remove protective paper until just before final formwork completion. Concrete shall be placed immediately. The time that the waterstop material is uncovered prior to concrete placement shall be minimized and shall not exceed 24 hours.

3.07 CONSTRUCTION JOINTS

A. Definitions:

1. Construction joint: Contact surface between plastic (fresh) concrete and concrete that has attained initial set.

2. Monolithic: Manner of concrete placement to reduce or eliminate construction joints; joints other than those indicated on Drawings will not be permitted without written approval of Engineer. Where so approved, make additional construction joints with details equivalent to those indicated for joints in similar locations.

3. Preparation for Construction Joints: Roughen surface of concrete previously placed, leaving some aggregate particles exposed. Remove laitance and loose materials by sandblasting or high-pressure water blasting. Keep surface wet for several hours prior to placing of plastic concrete.

3.08 CURING

A. Comply with ACI 308. Cure by preventing loss of moisture, rapid temperature change and mechanical injury for a period of 7 curing days when Type II or IP cement has been used and for 3 curing days when Type III cement has been used. Start curing as soon as free water has disappeared from the concrete surface after placing and finishing. A curing day is any calendar day in which the temperature is above 50 degrees F for at least 19 hours. Colder days may be counted if air temperature adjacent to concrete is maintained above 50 degrees F. In continued cold weather, when artificial heat is not provided, removal of forms and shoring

may be permitted at the end of calendar days equal to twice the required number of curing days. However, leave soffit forms and shores in place until concrete has reached the specified 28-day strength, unless directed otherwise by the Engineer.

B. Cure formed surfaces not requiring rubbed-finished surface by leaving forms in place for the full curing period. Keep wood forms wet during the curing period. Add water as needed for other types of forms. Or, at Contractor's option, forms may be removed after 2 days and curing compound applied.

C. Rubbed Finish:

1. At formed surfaces requiring rubbed finish, remove forms as soon as practicable without damaging the surface.

2. After rubbed-finish operations are complete, continue curing formed surfaces by using either approved curing/sealing compounds or moist cotton mats until normal curing period is complete.

D. Unformed Surfaces: Cure by membrane curing compound method.

1. After concrete has received a final finish and surplus water sheen has disappeared, immediately seal surface with a uniform coating of approved curing compound, applied at the rate of coverage recommended by manufacturer or as directed by the Engineer. Do not apply less than 1 gallon per 180 square feet of area. Provide satisfactory means to properly control and check rate of application of the compound.

2. Thoroughly agitate the compound during use and apply by means of approved mechanical power pressure sprayers equipped with atomizing nozzles. For application on small miscellaneous items, hand-powered spray equipment may be used. Prevent loss of compound between nozzle and concrete surface during spraying operations.

3. Do not apply compound to a dry surface. If concrete surface has become dry, thoroughly moisten surface immediately prior to application. At locations where coating shows discontinuities, pinholes or other defects, or if rain falls on a newly coated surface before film has dried sufficiently to resist damage, apply an additional coat of compound at the specified rate of coverage.

3.09 REMOVAL OF FORMS AND SHORING

A. Remove forms from surfaces requiring rubbing only as rapidly as rubbing operation progresses. Remove forms from vertical surfaces not requiring rubbed-finish when concrete has aged for the required number of curing days. When curing compound is used, do not remove forms before 2 days after concrete placement.

B. Leave soffit forms and shores in place until concrete has reached the specified 28-day strength, unless directed otherwise by the Engineer.

3.10 DEFECTIVE WORK

A. Immediately repair any defective work discovered after forms have been removed. If concrete surface is bulged, uneven, or shows excess honeycombing or form marks which cannot be repaired satisfactorily through patching, remove and replace the entire section.

3.11 FINISHING

A. Patch honeycomb, minor defects and form tie holes in concrete surfaces with cement mortar mixed one part cement to two parts fine aggregate. Repair defects by cutting out unsatisfactory material and replacing with new concrete, securely keyed and bonded to existing concrete. Finish to make junctures between patches and existing concrete as inconspicuous as possible. Use a stiff mixture and thoroughly tamp into place. After each patch has stiffened sufficiently to allow for greatest portion of shrinkage, strike off mortar flush with the surface.

B. Apply a rubbed finish to exposed surfaces of formed concrete structures as noted on Drawings. After pointing has set sufficiently, wet the surface with a brush and perform first surface rubbing with No. 16 carborundum stone, or approved equal. Rub sufficiently to bring surface to paste, to remove form marks and projections, and to produce a smooth, dense surface. Add cement to form surface paste as necessary. Spread or brush material, which has been ground to paste, uniformly over surface and allow to reset. In preparation for final acceptance, clean surfaces and perform final finish rubbing with No. 30 carborundum stone or approved equal. After rubbing, allow paste on the surface to reset; then wash surface with clean water. Leave structure with a clean, neat and uniform-appearing finish.

C. Apply a wood float finish to concrete slabs.

3.12 FIELD QUALITY CONTROL

A. Testing shall be performed under provisions of Section 01 45 29 - Testing Laboratory Services.

B. Unless otherwise directed by Engineer, the following minimum testing of concrete is required. Testing shall be performed by qualified individuals employed by an approved independent testing agency, and conform to the requirements of ASTM C 1077.

1. Take concrete samples in accordance with ASTM C 172.

2. Make one set of four compression test specimens for each mix design at least once per day and for each 150 cubic yards or fraction thereof. Make, cure and test the specimens in accordance with ASTM C 31 and ASTM C 39.

3. When taking compression test specimens, test each sample for slump according to ASTM C 143, for temperature according to ASTM C 1064, for air content according to ASTM C 231, and for unit weight according to ASTM C 138.

4. Inspect, sample and test concrete in accordance with ASTM C 94, Section 13, 14, and 15, and ACI 311-5R.

C. Test Cores: Conform to ASTM C 42.

D. Testing High Early Strength Concrete: When Type III cement is used in concrete, the specified 7-day and 28-day compressive strengths shall be applicable at 3 and 7 days, respectively.

E. If 7-day or 3-day test strengths (as applicable for type of cement being used) fail to meet established strength requirements, extended curing or resumed curing on those portions of structure represented by test specimens may be required. If additional curing fails to produce the required strength, strengthening or replacement of portions of structure which fail to develop required strength may be required by the Engineer, at no additional cost to the Owner.

3.13 PROTECTION

A. Protect concrete against damage until final acceptance by the Owner.

B. Protect fresh concrete from damage due to rain, hail, sleet, or snow. Provide such protection while the concrete is still plastic, and whenever such precipitation is imminent or occurring.

C. Do not backfill around concrete structures or subject them to design loadings until components of the structure needed to resist the loading are complete and have reached the specified 28-day compressive strength, except as authorized otherwise by the Engineer.

END OF SECTION

Section 31 06 20.16

BACKFILL MATERIAL SCHEDULE
UTILITY BACKFILL MATERIALS

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Material Classifications.

B. Utility Backfill Materials:
- Concrete sand
- Gem sand
- Pea gravel
- Crushed stone
- Crushed concrete
- Bank run sand
- Select backfill
- Random backfill

C. Material Handling and Quality Control Requirements.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No payment will be made for backfill material under this Section. Include payment in unit price for applicable utility installation.

2. Payment for backfill material, when included as a separate pay item, is on a cubic yard basis for material placed and compacted within theoretical trench width limits and thickness of material according to Drawings.

B. Stipulated Price (Lump Sum). If the Contract is a Stipulated Price Contract, payment for work in this Section is included in the total Stipulated Price.

1.03 DEFINITIONS

A. Unsuitable Material: Unsuitable soil materials are the following:

1. Materials that are classified as ML, CL-ML, MH, PT, OH, and OL according to ASTM D 2487.

2. Materials that cannot be compacted to the required density because of either gradation, plasticity, or moisture content.

3. Materials that contain large clods, aggregate, and stones greater than 4 inches in any dimension; debris, vegetation, and waste; or any other deleterious materials.

4. Materials that are contaminated with hydrocarbons or other chemical contaminants.

B. Suitable Material: Suitable soil materials are the following:

1. Those meeting specification requirements.

2. Unsuitable soils meeting specification requirements for suitable soils after treatment with lime or cement.

C. Foundation Backfill Materials: Natural soil or manufactured aggregate meeting Class I requirements and geotextile filter fabrics as required, to control drainage and material separation. Foundation backfill material is placed and compacted as backfill where needed to provide stable support for the structure foundation base. Foundation backfill materials may include concrete fill and seal slabs.

D. Foundation Base: Crushed stone aggregate with filter fabric as required, cement stabilized sand, or concrete seal slab. The foundation base provides a smooth, level working surface for the construction of the concrete foundation.

E. Backfill Material: Classified soil material meeting specified quality requirements for the designated application as embedment or trench zone backfill.

F. Embedment Material: Soil material placed under controlled conditions within the embedment zone extending vertically upward from top of foundation to an elevation 12 inches above top of pipe, and including pipe bedding, haunching, and initial backfill.

G. Trench Zone Backfill: Classified soil material meeting specified quality requirements and placed under controlled conditions in the trench zone from top of embedment zone to base course in paved areas or to the surface grading material in unpaved areas.

H. Foundation: Either suitable soil of the trench bottom, or material placed as backfill of over-excavation for removal and replacement of unsuitable or otherwise unstable soils.

I. Source: A source selected by the Contractor for supply of embedment or trench zone backfill material. A selected source may be the project excavation, off-site borrow pits, commercial borrow pits, or sand and aggregate production or manufacturing plants.

J. Refer to Section 31 23 33 - Excavation and Backfill for Utilities for other definitions regarding utility installation by trench construction.

1.05 SUBMITTALS

A. Conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit a description of source, material classification and product description, production method, and application of backfill materials.

C. Submit test results for samples of off-site backfill materials to comply with Materials Testing.

D. Before stockpiling materials, submit a copy of temporary easement or approval from landowner for stockpiling backfill material on private property.

E. For each delivery of material, provide a delivery ticket which includes source location.

1.06 TESTS

A. Perform tests of sources for backfill material in accordance with Paragraph 2.03B.

B. Verification tests of backfill materials may be performed by the Owner in accordance with Section 01 45 29 - Testing Laboratory Services.

C. Random fill obtained from the project excavation as source is exempt from pre-qualification requirements by Contractor but must be inspected by the testing lab for unacceptable materials based on ASTM D 2488.

PART 2 P R O D U C T S

2.01 MATERIAL CLASSIFICATIONS

A. Materials for backfill shall be classified for the purpose of quality control in accordance with the Unified Soil Classification Symbols as defined in ASTM D 2487. Material use and application is defined in utility installation specifications and Drawings either by class, as described in Paragraph 2.01B, or by product descriptions, as given in Paragraph 2.02.

B. Class Designations Based on Laboratory Testing:

1. Class I: Well-graded gravels and sands, gravel-sand mixtures, crushed well-graded rock, little or no fines (GW, SW):

   a. Plasticity index: nonplastic.
   b. Gradation: D_{60}/D_{10} - greater than 4 percent; amount passing No. 200 sieve - less than or equal to 5 percent.

2. Class II: Poorly graded gravels and sands, silty gravels and sands, little to moderate fines:

   a. Plasticity index: nonplastic to 4.
   b. Gradations:
      1) Gradation (GP, SP): amount passing No. 200 sieve - less than 5 percent.
      2) Gradation (GM, SM): amount passing No. 200 sieve - between 12 percent and 50 percent.

3) Borderline gradations with dual classifications (e.g., SP-SM): amount passing No. 200 sieve - between 5 percent and 12 percent.

3. Class III: Clayey gravels and sands, poorly graded mixtures of gravel, sand, silt, and clay (GC, SC, and dual classifications, e.g., SP-SC):

a. Plasticity index: greater than 7.
b. Gradation: amount passing No. 200 sieve - between 12 percent and 50 percent.

4. Class IVA: Lean clays (CL).

a. Plasticity Indexes:
1) Plasticity index: greater than 7, and above A line.
2) Borderline plasticity with dual classifications (CL-ML): PI between 4 and 7.

b. Liquid limit: less than 50.
c. Gradation: amount passing No. 200 sieve - greater than 50 percent.
d. Inorganic.

5. Class IVB: Fat clays (CH)

a. Plasticity index: above A line.
b. Liquid limit: 50 or greater.
c. Gradation: amount passing No. 200 sieve - greater than 50 percent.
d. Inorganic.

6. Use soils with dual class designation according to ASTM D 2487, and which are not defined above, according to the more restrictive class.

2.02 PRODUCT DESCRIPTIONS

A. Soils classified as silt (ML), elastic silt (MH), organic clay and organic silt (OL, OH), and organic matter (PT) are not acceptable as backfill materials. These soils may be used for site grading and restoration in unimproved areas as approved by the Owner. Soils in Class IVB, fat clay (CH) may be used as backfill materials where allowed by the applicable backfill installation specification. Refer to Section 31 23 33 - Excavation and Backfill for Utilities.

B. Provide backfill material that is free of stones greater than 6 inches, free of roots, waste, debris, trash, organic material, unstable material, non-soil matter, hydrocarbon or other contamination, conforming to the following limits for deleterious materials:

1. Clay lumps: Less than 0.5 percent for Class I, and less than 2.0 percent for Class II, when tested in accordance with ASTM C 142.

2. Lightweight pieces: Less than 5 percent when tested in accordance with ASTM C 123.

3. Organic impurities: No color darker than standard color when tested in accordance with ASTM C 40.

C. Manufactured materials, such as crushed concrete, may be substituted for natural soil or rock products where indicated in the product specification, and approved by the Engineer, provided that the physical property criteria are determined to be satisfactory by testing.

D. Bank Run Sand: Durable bank run sand classified as SP, SW, or SM by the Unified Soil Classification System (ASTM D 2487) meeting the following requirements:

1. Less than 15 percent passing the number 200 sieve when tested in accordance with ASTM D 1140. The amount of clay lumps or balls not exceeding 2 percent.

2. Material passing the number 40 sieve shall meet the following requirements when tested in accordance with ASTM D 4318:

a. Liquid limit: not exceeding 25 percent.

b. Plasticity index: not exceeding 7.

E. Concrete Sand: Natural sand, manufactured sand, or a combination of natural and manufactured sand conforming to the requirements of ASTM C 33 and graded within the following limits when tested in accordance with ASTM C 136:

Sieve	Percent Passing
3/8"	100
No. 4	95 to 100
No. 8	80 to 100
No. 16	50 to 85
No. 30	25 to 60
No. 50	10 to 30
No. 100	2 to 10

F. Gem Sand: Sand conforming to the requirements of ASTM C 33 for course aggregates specified for number 8 size and graded within the following limits when tested in accordance with ASTM C 136:

Sieve	Percent Passing

3/8"	95 to 100
No. 4	60 to 80
No. 8	15 to 40

G. Pea Gravel: Durable particles composed of small, smooth, rounded stones or pebbles and graded within the following limits when tested in accordance with ASTM C 136:

Sieve	Percent Passing
1/2"	100
3/8"	85 to 100
No. 4	10 to 30
No. 8	0 to10
No. 16	0 to 5

H. Crushed Aggregates: Crushed aggregates consist of durable particles obtained from an approved source and meeting the following requirements:

1. Materials of one product delivered for the same construction activity from a single source.

2. Non-plastic fines.

3. Los Angeles abrasion test not exceeding 45 percent when tested in accordance with ASTM C 131.

4. Crushed aggregate shall have a minimum of 90 percent of the particles retained on the No. 4 sieve with 2 or more crushed faces as determined by Test Method Tex-460-A, Part I.

5. Crushed stone: Produced from oversize plant processed stone or gravel, sized by crushing to predominantly angular particles from a naturally occurring single source. Uncrushed gravel is not acceptable material for embedment where crushed stone is shown on the applicable utility embedment drawing details.

6. Crushed Concrete: Crushed concrete is an acceptable substitute for crushed stone as utility backfill. Gradation and quality control test requirements are the same as crushed stone. Provide crushed concrete produced from normal weight concrete of uniform quality; containing particles of aggregate and cement material, free from other substances

such as asphalt, reinforcing steel fragments, soil, waste gypsum (calcium sulfate), or debris.

7. Gradations, as determined in accordance with Tex-110-E.

Sieve	Percent Passing by Weight for Pipe Embedment by Ranges of Nominal Pipes Sizes		
	>15"	15" - 8"	<8"
1"	95 - 100	100	-
3/4"	60 - 90	90 - 100	100
1/2"	25 - 60	-	90 - 100
3/8"	-	20 - 55	40 - 70
No. 4	0 - 5	0 - 10	0 - 15
No. 8	-	0 - 5	0 - 5

I. Select Backfill: Class III clayey gravel or sand or Class IV lean clay with a plasticity index between 7 and 20 or clayey soils treated with lime in accordance with Section 31 32 13.19 – Lime Treatment for Subgrade, to meet plasticity criteria.

J. Random Backfill: Any suitable soil or mixture of soils within Classes I, II, III and IV; or fat clay (CH) where allowed by the applicable backfill installation specification. Refer to Section 31 23 16.16 - Excavation and Backfill for Structures and Section 31 23 33 - Excavation and Backfill for Utilities.

K. Cement Stabilized Sand: Conform to requirements of Section 31 32 13.16 - Cement Stabilized Sand.

L. Concrete Backfill: Conform to Class B concrete as specified in Section 33 05 16 - Concrete for Utility Construction.

2.03 MATERIAL TESTING

A. Ensure that material selected, produced and delivered to the project meets applicable specifications and is of sufficient uniform properties to allow practical construction and quality control.

B. Source or Supplier Qualification. Perform testing, or obtain representative tests by suppliers, for selection of material sources and products. Provide test results for a minimum of three

samples for each source and material type. Test samples of processed materials from current production representing material to be delivered. Tests shall verify that the materials meet specification requirements. Repeat qualification test procedures each time the source characteristic changes or there is a planned change in source location or supplier. Qualification tests shall include, as applicable:

1. Gradation. Complete sieve analyses shall be reported regardless of the specified control sieves. The range of sieves shall be from the largest particle through the No. 200 sieve.

2. Plasticity of material passing the No. 40 sieve.

3. Los Angeles abrasion test of material retained on the No. 4 sieve.

4. Clay lumps.

5. Lightweight pieces

6. Organic impurities

C. Production Testing. Provide reports to the Owner and the Engineer from an independent testing laboratory that backfill materials to be placed in the Work meet applicable specification requirements.

D. Assist the Owner and Testing Lab in obtaining material samples for verification testing at the source or at the production plant.

PART 3 EXECUTION

3.01 SOURCES

A. Use of material encountered in the trench excavations is acceptable, provided applicable specification requirements are satisfied. If excavation material is not acceptable, provide from other approved source.

B. Identify off-site sources for backfill materials at least 14 days ahead of intended use so that the Owner or Lab may obtain samples for verification testing.

C. Obtain approval for each material source by the Engineer before delivery is started. If sources previously approved do not produce uniform and satisfactory products, furnish materials from other approved sources. Materials may be subjected to inspection or additional verification testing after delivery. Materials which do not meet the specifications will be rejected. Do not use material which, after approval, has become unsuitable for use due to segregation, mixing with other materials, or by contamination. Once a material is approved by the Owner,

expense for sampling and testing required to change to a different material will be credited to the Owner through a change order.

D. Bank run sand, select backfill, and random backfill, if available in the project excavation, may be obtained by selective excavation and acceptance testing. Obtain additional quantities of these materials and other materials required to complete the work from off-site sources.

E. The Owner does not represent or guarantee that any soil found in the excavation work will be suitable and acceptable as backfill material.

3.02 MATERIAL HANDLING

A. When backfill material is obtained from either a commercial or non-commercial borrow pit, open the pit to expose the vertical faces of the various strata for identification and selection of approved material to be used. Excavate the selected material by vertical cuts extending through the exposed strata to achieve uniformity in the product.

B. Establish temporary stockpile locations for practical material handling and control, and verification testing by the Owner in advance of final placement. Obtain approval from landowner for storage of backfill material on adjacent private property.

C. When stockpiling backfill material near the project site, use appropriate covers to eliminate blowing of materials into adjacent areas and prevent runoff containing sediments from entering the drainage system.

D. Place stockpiles in layers to avoid segregation of processed materials. Load material by making successive vertical cuts through entire depth of stockpile.

3.03 FIELD QUALITY CONTROL

A. Quality Control

1. The Owner or Engineer may sample and test backfill at:

   a. Sources including borrow pits, production plants and Contractor's designated off-site stockpiles.
   b. On-site stockpiles.
   c. Materials placed in the Work.

2. The Owner or Engineer may resample material at any stage of work or location if changes in characteristics are apparent.

B. Production Verification Testing: The Owner's testing laboratory will provide verification testing on backfill materials, as directed by the Engineer. Samples may be taken at the source or at the production plant, as applicable.

END OF SECTION

Section 31 10 00

SITE CLEARING - PREPARATION OF SITE

PART 1 G E N E R A L

1.01 SECTION INCLUDES

This Item shall govern for the preparation of the site for construction operations by the removal and disposal of all obstructions, including obstructions not otherwise shown on the plans and specifications.

Such obstructions shall be considered to include remains of houses, foundations, floor slabs, concrete, brick, lumber, plaster, septic tank drain fields, basements, abandoned utility pipes or conduits, equipment, fences, retaining walls, outhouses and shacks.

This Item shall also include the removal of trees and shrubs and other landscape features not designated for preservation, stumps, brush, roots, vegetation, logs, curb and gutter, driveways, paved parking areas, miscellaneous stone, sidewalks, drainage structures, manholes, inlets, abandoned railroad tracks, scrap iron and debris, whether above or below ground except live utility facilities.

1.02 MEASUREMENT AND PAYMENT

A. As prescribed elsewhere in the Contract Documents.

PART 2 E X E C U T I O N

2.01 PREPARATION

A. All areas, as shown on the plans, shall be cleared of all structures and obstructions as defined above. Those trees, shrubs and other landscape features specifically designated by the Engineer for preservation shall be carefully protected from abuse, marring, or damage during construction operations. Continual parking and/or servicing of equipment under the branches of trees marked for preservation will not be permitted. When trees and shrubs are designated for preservation and require pruning, they shall be trimmed as directed by the Engineer and all exposed cuts over 2 inches in diameter shall be treated with a material approved by the Engineer.

B. Culverts, storm sewers, manholes and inlets shall be removed in proper sequence for maintenance of traffic and drainage.

C. Underground obstructions, except those items designated for preservation, shall be removed to the following depths:

(a) In areas to receive embankment: 2 feet below natural ground, except when permitted by the plans, trees and stumps may be cut off as close to natural ground as practicable on areas which are to be covered by at least three feet of embankment.

(b) In areas to be excavated: 2 feet below the lower elevation of the excavation.

(c) All other areas: 1 foot below natural ground.

2.02 DISPOSAL

A Unless otherwise instructed by Owner or Engineer, all brush from existing trees and vegetation cleared on project site shall be collected and neatly stored on-site, in an area designated by Owner (for mulching and reuse).

B. Contractor shall remove all debris, rock, trash and other material deemed objectionable by Owner or Engineer. Disposal shall be off-site shall be at contractor's sole expanse.

C. Unless otherwise shown herein, all materials and debris removed shall become the property of the Contractor and shall be removed from the project site in a manner satisfactory to Owner and Engineer.

D. No timber shall be cut or defaced outside of the areas identified for clearing and demolition.

2.03 BACKFILL

A. Holes remaining after removal of all obstructions, objectionable material, trees, stumps, etc., shall be backfilled with approved material, compacted and restored to approximately its original contours by blading, bulldozing, or by other methods, as approved by the Engineer. In areas to be immediately excavated, the backfilling of holes may not be required when approved by the Engineer.

B. Before backfilling, the remaining ends of all abandoned storm sewers, culverts, sanitary sewers, conduits, and water or gas pipes over 3 inches in diameter, shall be plugged with an adequate quantity of concrete to form a tight closure.

END OF SECTION

Section 31 23 00

EARTHWORK, EXCAVATION, FILL AND GRADING

PART 1 GENERAL

1.01 This section shall cover earthwork, including general clearing, removal, disposal or reutilization of all excavated earthen materials necessary and placement of imported fill material for performing the Work as shown on the drawings, including sheeting and bracing, drainage, and other Work incidental to the preparation of the site for subsequent construction Work.

1.02 Prior to commencing construction operations, the contractor shall make all the provisions necessary to assure the protection of all existing improvements, both public and private. Where identified, he shall protect trees, shrubs, planting and grass areas and shall make provisions for maintaining public travel in an acceptable manner.

1.03 PROTECTION OF EXISTING IMPROVEMENTS. Before any excavation is started, adequate protection shall be provided for all lawns, trees, shrubs, landscape work, fences, sidewalks, hydrants, utility poles, street, alley and driveway paving, curbs, storm sewers, ditches, headwalls, catch basins, surface inlets and all other improvements that are to remain in place. Such protection shall be provided as long as necessary to prevent damage from the CONTRACTOR's operations. Shrubs, bushes, small trees and flowers, which have to be removed to permit excavation for the waterline, shall be protected and replanted or replaced when the backfill is completed. The CONTRACTOR shall exercise every precaution to prevent damage to property within and outside easements.

1.04 Any damage to driveways, buildings, fences, retaining walls, culverts, drains, pavings, sidewalks, etc. which are removed or damaged during construction shall be repaired by contractor. Repair, restoration or replacements of any improvements damaged or removed shall be the obligation of the contractor at no additional cost to Owner.

1.05 Contractor will obtain all necessary permits in public and private rights-of-way from the City of Brownsville, or any other local regulatory authority, as required

1.06 Drainage: Contractor shall make provisions for temporarily handling runoff on site, flows in existing creeks, ditches, sewers, and trenches by employing pipes, flumes, or other approved methods at all times when his operations would, in any way, interfere with the natural functioning of said creeks, ditches, sewers and drains. The contractor shall at all times during construction provide and maintain sufficient equipment for the lawful disposal of all ponding water, or water which enters excavations, to render such area firm and dry through the construction phase.

1.07 It shall be the responsibility of the Bidder and/or Contractor to determine by a careful study of the plans and field conditions the quantities of excavation and imported fill required to bring the ground to the correct elevation.

PART 2 PRODUCTS

2.01 Excavated Material: Contractor will utilize all of the excess excavated soil material that is not deemed objectionable unless otherwise instructed. All material will be placed, spread, compacted to lines and grades shown on plans or as directed by Engineer

2.02 Imported Fill: Select Backfill is acceptable as follows - Class III clayey gravel or sand or Class IV lean clay with a plasticity index between 7 and 20. For pavement subgrade, select fill will serve as an equal to soil treated with lime in accordance with Section 31 32 13.19 – Lime Treatment for Subgrade, to meet plasticity criteria.

2.03 Imported Fill: Random Backfill is acceptable as follows - Any suitable soil or mixture of soils within Classes I, II, III and IV; or fat clay (CH) where allowed by the applicable fill or backfill installation specification. Refer to Section 31 23 16.16 - Excavation and Backfill for Structures and Section 31 23 33 - Excavation and Backfill for Utilities. If Random backfill is to be used for pavement subgrade, it shall be treated with lime in accordance with Section 31 32 13.19 – Lime Treatment for Subgrade, to meet plasticity criteria.

PART 3 E X E C U T I O N

2.01 DISPOSAL OF EXCAVATED MATERIAL

A. Contractor will utilize all of the excess excavated material, unless otherwise instructed. In such event, Contractor shall dispose of material off site at no cost to Owner. All material will be graded and compacted as shown on plans or as directed by Engineer.

2.02 DESCRIPTION

A. Work shall consist of the required excavation and placement of excavated materials, and the placement and compaction of imported fill material, within the limits of the site as shown on the plans. The proper utilization of all excavated and imported fill material and the construction shaping and finishing of all earth work on the entire length of pavement, and all other areas within the site will be done in conformity with the required lines, grades, and typical cross sections in accordance with specification requirements herein outlined.

2.03 CONSTRUCTION METHODS

A. All excavation and corresponding embankment construction shall be performed as specified herein and in the design plans, and the completed site shall conform to the established alignment, grades and cross sections.

B. When using either excavated material or imported soil material to perform fill or grading operations, each lift shall be mechanically compacted in 6" (six inch) layers to a minimum density of 90% Standard Proctor, for general areas. Engineer may select random areas for density testing to confirm minimum compaction. In areas of street construction (subgrade)

minimum density shall be 95%. For backfill of utilities (trenches) or structures, minimum density shall be as prescribed in the applicable specifications, or on the plans.

END OF SECTION

SECTION 31 23 16.13

TRENCH SAFETY SYSTEM

PART 1 GENERAL

1.1 SECTION INCLUDES

1. Trench safety system for the construction of trench excavations.

2. Trench safety system for structural excavations which fall under provisions of State and Federal trench safety laws.

1.2 DELETED

1.3 DEFINITIONS

1. A trench shall be defined as a narrow excavation (in relation to its depth) made below the surface of the ground. In general, the depth is greater than the width, but the width of a trench (measured at the bottom) is not greater than 15 feet.

2. The trench safety system requirements will apply to larger open excavations if the erection of structures or other installations limits the space between the excavation slope and these installation to dimensions equivalent of a trench as defined.

3. Trench Safety Systems include but are not limited to sloping, sheeting, trench boxes or trench shields, sheet piling, cribbing, bracing, shoring, dewatering or diversion of water to provide adequate drainage.

1.04 SUBMITTALS

A. Submittals shall conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit a safety program specifically for the construction of trench excavation. Design the trench safety program to be in accordance with OSHA 29CFR standards governing the presence and activities of individuals working in and around trench excavations.

C. Construction and shop drawings containing deviations from OSHA standards or special designs shall be sealed by a licensed Engineer retained and paid by the Contractor.

D. Review of the safety program by the City or Engineer will only be in regard to compliance with this specification and will not constitute approval by the City Engineer nor relieve Contractor of obligations under State and Federal trench safety laws.

1.05 REGULATORY REQUIREMENTS

A. Install and maintain trench safety systems in accordance with the detail specifications set out in the provision of Excavations, Trenching, and Shoring, Federal Occupation Safety and Health Administration (OSHA) Standards, 29CFR, Part 1926, Subpart P, as amended, including Final Rule, published in the Federal Register Vol. 54, No. 209 on Tuesday, October 31, 1989. The sections that are incorporated into these specifications by reference include Sections 1926-650 through 1926-652.

B. A reproduction of the OSHA standards included in "Subpart P - Excavations" from the Federal Register Vol. 54, No. 209 is available upon request to Contractors bidding on City projects. The City assumes no responsibility for the accuracy of the reproduction. The Contractor is responsible for obtaining a copy of this section of the Federal Register.

C. Legislation that has been enacted by the Texas Legislature with regard to Trench Safety Systems, is hereby incorporated, by reference, into these specifications. Refer to Texas Health and Safety Code Ann., §756.021 (Vernon 1991).

1.06 INDEMNIFICATION

A. Contractor shall indemnify and hold harmless the City, its employees and agents, from any and all damages, costs (including, without limitation, legal fees, court costs, and the cost of investigation), judgements or claims by anyone for injury or death of persons resulting from the collapse or failure of trenches constructed under this Contract.

B. Contractor acknowledges and agrees that this indemnity provision provides indemnity for the City in case the City is negligent either by act or omission in providing for trench safety, including, but not limited to safety program and design reviews, inspections, failures to issue stop work orders, and the hiring of the Contractor.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION

1.4 INSTALLATION

1. Install and maintain trench safety systems in accordance with provisions of OSHA 29CFR.

2. Install specially designed trench safety systems in accordance with the Contractor's trench excavation safety program for the locations and conditions identified in the program.

3. A competent person, as identified in the Contractor's Trench Safety Program, shall verify that trench boxes and other pre-manufactured systems are certified for the actual installation conditions.

1.5 INSPECTION

1. Contractor, or Contractor's independently retained consultant, shall make daily inspections of the trench safety systems to ensure that the installed systems and operations meet OSHA 29CFR and other personnel protection regulations requirements.

2. If evidence of possible cave-ins or slides is apparent, Contractor shall immediately stop work in the trench and move personnel to safe locations until the necessary precautions have been taken by Contractor to safeguard personnel entering the trench.

3. Maintain a permanent record of daily inspections.

1.6 FIELD QUALITY CONTROL

1. Contractor shall verify specific applicability of the selected or specially designed trench safety systems to each field condition encountered on the project.

END OF SECTION

Section 31 23 16.16

EXCAVATION AND BACKFILL FOR MINOR STRUCTURES

PART 1 G E N E R A L

1.01 SECTION INCLUDES

A. Excavation, backfilling, and compaction of backfill for structures.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No payment will be made for structural excavation and backfill under this Section. Include payment in unit price or lump sum for construction of structures.

1.03 DEFINITIONS

A. Unsuitable Material: Unsuitable soil materials are the following:

1. Materials that are classified as ML, CL-ML, MH, PT, OH, and OL according to ASTM D 2487.

2. Materials that cannot be compacted to the required density due to either gradation, plasticity, or moisture content.

3. Materials that contain large clods, aggregates, stones greater than 4 inches in any dimension, debris, vegetation, waste or any other deleterious materials.

4. Materials that are contaminated with hydrocarbons or other chemical contaminants.

B. Suitable Material: Suitable soil materials are those meeting specification requirements. Unsuitable soils meeting specification requirements for suitable soils after treatment with lime or cement shall be considered suitable, unless otherwise indicated.

C. Select Material: Material as defined in Section 31 06 20.16 - Utility Backfill Materials.

D. Backfill: Select material meeting specified quality requirements, placed and compacted under controlled conditions around structures.

E. Foundation Backfill Materials: Natural soil or manufactured aggregate meeting Class I requirements and geotextile filter fabrics as required, to control drainage and material

separation. Foundation backfill material is placed and compacted as backfill where needed to provide stable support for the structure foundation base. Foundation backfill materials may include concrete fill and seal slabs.

F. Foundation Base: For foundation base material, use crushed stone aggregate with filter fabric as required, cement stabilized sand, or concrete seal slab. The foundation base provides a smooth, level working surface for the construction of the concrete foundation.

G. Foundation Subgrade: Foundation subgrade is the surface of the natural soil which has been excavated and prepared to support the foundation base or foundation backfill, where needed.

H. Ground Water Control Systems: Installations external to the excavation such as well points, eductors, or deep wells. Ground water control includes dewatering to lower the ground water, intercepting seepage which would otherwise emerge from the side or bottom of the excavation, and depressurization to prevent failure or heaving of the excavation bottom. Refer to Section 31 23 19 - Control of Ground Water and Surface Water.

I. Surface Water Control: Diversion and drainage of surface water runoff and rain water away from the excavation. Remove rain water and surface water which accidentally enters the excavation as a part of excavation drainage.

J. Excavation Drainage: Removal of surface and seepage water in the excavation by sump pumping and using French drains surrounding the foundation to intercept the water.

K. Over-Excavation and Backfill: Excavation of subgrade soils with unsatisfactory bearing capacity or composed of otherwise unsuitable materials below the foundation as shown on Drawings, and backfilled with foundation backfill material.

L. Shoring System: A structure that supports the sides of an excavation to maintain stable soil conditions and prevent cave-ins.

I. TxDOT Tex-110-E - Determination of Particle Size Analysis of Soils.

J. Federal Regulations, 29 CFR, Part 1926, Standards - Excavation, Occupational Safety and Health Administration (OSHA).

1.05 SUBMITTALS

A. Conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit a work plan for excavation and backfill for each structure with complete written description which identifies details of the proposed method of construction and the sequence of operations for construction relative to excavation and backfill activities. The descriptions, with supporting illustrations, shall be sufficiently detailed to demonstrate to the Entity that the procedures meet the requirements of the Specifications and Drawings.

C. Submit excavation safety system plan.

1. The excavation safety system plan shall be in accordance with applicable OSHA requirements for all excavations.

2. The excavation safety system plan shall be in accordance with the requirements of Section 31 23 16.13 - Trench Safety System, for all excavations that fall under State and Federal trench safety laws.

D. Submit a ground and surface water control plan in accordance with requirements in this Section and Section 31 23 19 - Control of Ground Water and Surface Water.

E. Submit backfill material sources and product quality information in accordance with requirements of Section 31 06 20.16 - Utility Backfill Materials.

1.06 TESTS

A. Testing and analysis of backfill materials for soil classification and compaction during construction will be performed by an independent laboratory provided by the Owner in accordance with requirements of Section 01 45 29 - Testing Laboratory Services and as specified in this Section.

B. Contractor shall perform embedment and backfill material source qualification testing in accordance with requirements of Section 31 06 20.16 - Utility Backfill Materials.

PART 2 P R O D U C T S

2.01 EQUIPMENT

A. Perform excavation with equipment suitable for achieving the requirements of this Specification.

B. Use equipment which will produce the degree of compaction specified. Backfill within 3 feet of walls shall be compacted with hand operated equipment. Do not use equipment weighing more than 10,000 pounds closer to walls than a horizontal distance equal to the depth of the fill at that time. Use hand operated power compaction equipment where use of heavier equipment is impractical or restricted due to weight limitations.

2.02 MATERIAL CLASSIFICATIONS

A. Backfill materials shall conform to the classifications and product descriptions of Section 31 06 20.16 - Utility Backfill Materials. The classification or product description for backfill applications shall be as shown on the Drawings and as specified.

PART 3 E X E C U T I O N

3.01 PREPARATION

A. Conduct an inspection to determine condition of existing structures and other permanent installations.

B. Set up necessary street detours and barricades in preparation for excavation if construction will affect traffic. Conform to State and local government requirements. Maintain barricades and warning devices at all times for streets and intersections where work is in progress, or where affected by the Work, and is considered hazardous to traffic movements.

C. Perform work in accordance with OSHA standards. Employ an excavation safety system as specified in Section 31 23 16.13 - Trench Safety Systems.

D. Remove existing pavements and structures, including sidewalks and driveways, in accordance with requirements of Section 02200 - Removing Existing Pavements and Structures.

E. Install and operate necessary dewatering and surface water control measures in accordance with requirements of Section 31 23 19 - Control of Ground Water and Surface Water.

3.02 PROTECTION

A. Protect trees, shrubs, lawns, existing structures, and other permanent objects outside of grading limits and within the grading limits as designated on the Drawings.

B. Protect and support above-grade and below-grade utilities which are to remain.

C. Restore damaged permanent facilities to pre-construction conditions unless replacement or abandonment of facilities are indicated on the Drawings.

D. Prevent erosion of excavations and backfill. Do not allow water to pond in excavations.

E. Maintain excavation and backfill areas until start of subsequent work. Repair and recompact slides, washouts, settlements, or areas with loss of density at no additional cost to the Owner.

3.03 EXCAVATION

A. Perform excavation work so that the underground structure can be installed to depths and alignments shown on Drawings. Use caution during excavation work to avoid disturbing surrounding ground and existing facilities and improvements. Keep excavation to the absolute minimum necessary. No additional payment will be made for excess excavation not authorized by Entity.

B. Upon discovery of unknown utilities, badly deteriorated utilities not designated for removal, or concealed conditions, discontinue work at that location. Notify Entity and obtain instructions before proceeding in such areas.

C. Immediately notify the agency or company owning any line which is damaged, broken or disturbed. Obtain approval from Entity and agency for any repairs or relocations, either temporary or permanent.

D. Avoid settlement of surrounding soil due to equipment operations, excavation procedures, vibration, dewatering, or other construction methods.

E. Provide surface drainage during construction to protect work and to avoid nuisance to adjoining property. Where required, provide proper dewatering and piezometric pressure control during construction.

F. Conduct hauling operations so that trucks and other vehicles do not create a dirt nuisance in streets. Verify that truck beds are sufficiently tight and loaded in such a manner that objectionable materials will not spill onto streets. Promptly clear away any dirt, mud, or other materials that spill onto streets or are deposited onto streets by vehicle tires.

G. Maintain permanent benchmarks, monumentation, and other reference points. Unless otherwise directed, replace those which are damaged or destroyed by the Work.

H. Provide sheeting, shoring, and bracing where required to safely complete the Work, to prevent excavation from extending beyond limits indicated on Drawings, and to protect the Work and adjacent structures or improvements. Sheeting, shoring, and bracing used to protect workmen and the public shall conform to requirements of Section 31 23 16.13 - Trench Safety Systems.

I. Prevent voids from forming outside of sheeting. Immediately fill voids with grout, concrete fill, cement stabilized sand, or other material approved by Entity.

J. After completion of the structure, remove sheeting, shoring, and bracing unless shown on Drawings to remain in place or directed by Entity in writing that such temporary structures may remain. Remove sheeting, shoring and bracing in such a manner as to maintain safety during backfilling operations and to prevent damage to the Work and adjacent structures or improvements.

K. Immediately fill and compact voids left or caused by removal of sheeting with cement stabilized sand or material approved by Entity.

3.04 HANDLING EXCAVATED MATERIALS

A. Classify excavated materials. Place material which is suitable for use as backfill in orderly piles at a sufficient distance from excavation to prevent slides or cave-ins.

B. Provide additional backfill material if adequate quantities of suitable material are not available from excavation and trenching operations at the site.

3.05 DEWATERING

A. Provide ground water control per Section 31 23 19 - Control of Ground Water and Surface Water.

B. Keep ground water surface elevation a minimum of 2 feet below the bottom of the foundation base.

C. Maintain ground water control as directed by Section 31 23 19 - Control of Ground Water and Surface Water and until the structure is sufficiently complete to provide the required weight to resist hydrostatic uplift with a minimum safety factor of 1.2.

3.06 FOUNDATION EXCAVATION

A. Notify Entity at least 48 hours prior to planned completion of foundation excavations. Do not place the foundation base until the excavation is accepted by the Entity.

B. Excavate to elevations shown on Drawings, as needed to provide space for the foundation base, forming a level undisturbed surface, free of mud or soft material. Remove pockets of soft or otherwise unstable soils and replace with foundation backfill material or a material as directed by the Entity. Prior to placing material over it, recompact the subgrade where indicated on the Drawings, scarifying as needed, to 95 percent of the maximum Standard Dry Density according to ASTM D 698. If the specified level of compaction cannot be achieved, moisture condition the subgrade and recompact until 95 percent is achieved, over-excavate to provide a minimum layer of 24 inches of foundation backfill material, or other means acceptable to the Entity.

C. Fill unauthorized excessive excavation with foundation backfill material or other material as directed by the Entity.

D. Protect open excavations from rainfall, runoff, freezing groundwater, or excessive drying so as to maintain foundation subgrade in a satisfactory, undisturbed condition. Keep excavations free of standing water and completely free of water during concrete placement.

E. Soils which become unsuitable due to inadequate dewatering or other causes, after initial excavation to the required subgrade, shall be removed and replaced with foundation backfill material, as directed by Engineer, at no additional cost to the Owner.

F. Place foundation base, or foundation backfill material where needed, over the subgrade on same day that excavation is completed to final grade. Where base of excavations are left open for longer periods, protect them with a seal slab or cement-stabilized sand.

G. Crushed aggregate, and other free draining Class I materials, shall have a filter fabric separating it from native soils or select material backfill. The fabric shall overlap a minimum of 12 inches beyond where another material stops contact with the soil.

H. Crushed aggregate, and other Class I materials, shall be placed in uniform layers of 8-inch maximum thickness. Compaction shall be by means of at least two passes of a vibratory compactor.

3.07 FOUNDATION BASE

A. After the subgrade is properly prepared, including the placement of foundation backfill where needed, the foundation base shall be placed. The foundation base shall consist of a 12-inch layer of crushed stone aggregate or cement stabilized sand. Alternately, a seal slab with a minimum thickness of 4 inches may be placed. The foundation base shall extend a minimum of 12 inches beyond the edge of the structure foundation, unless shown otherwise on the Drawings.

B. Where the foundation base and foundation backfill are of the same material, both can be placed in one operation.

3.08 BACKFILL

A. Complete backfill to surface of natural ground or to lines and grades shown on Drawings. Use existing material that qualifies as select material, unless indicated otherwise. Deposit backfill in uniform layers and compact each layer as specified.

B. Do not place backfill against concrete walls or similar structures until laboratory test breaks indicate that the concrete has reached a minimum of 85 percent of the specified compressive strength. Where walls are supported by slabs or intermediate walls, do not begin backfill operations until the slab or intermediate walls have been placed and concrete has attained sufficient strength.

C. Remove concrete forms before starting backfill and remove shoring and bracing as work progresses.

D. Maintain fill material at no less than 2 percent below nor more than 2 percent above optimum moisture content. Place fill material in uniform 8-inch maximum loose layers. Compaction of fill shall be to at least 95 percent of the maximum Standard Dry Density according to ASTM D 698 under paved areas. Compact to at least 90 percent around structures below unpaved areas.

E. Where backfill is placed against a sloped excavation surface, run compaction equipment across the boundary of the cut slope and backfill to form a compacted slope surface for placement of the next layer of backfill.

F. Place backfill using cement stabilized sand in accordance with Section 31 32 13.16 - Cement Stabilized Sand.

3.09 FIELD QUALITY CONTROL

A. Testing will be performed under provisions of Section 01 45 29 - Testing Laboratory Services.

B. Tests will be performed initially on minimum of one different sample of each material type for plasticity characteristics, in accordance with ASTM D 4318, and for gradation characteristics, in accordance with Tex-101-E and Tex-110-E. Additional classification tests will be performed whenever there is a noticeable change in material gradation or plasticity.

C. In-place density tests of compacted subgrade and backfill will be performed according to ASTM D 1556, or ASTM D 2922 and ASTM D 3017, and at the following frequencies and conditions:

1. A minimum of one test for every 100 cubic yards of compacted backfill material.

2. A minimum of three density tests for each full work shift.

3. Density tests will be performed in all placement areas.

4. The number of tests will be increased if inspection determines that soil types or moisture contents are not uniform or if compacting effort is variable and not considered sufficient to attain uniform density.

D. At least one test for moisture-density relationships will be initially performed for each type of backfill material in accordance with ASTM D 698. Additional moisture-density relationship tests will be performed whenever there is a noticeable change in material gradation or plasticity.

E. If tests indicate work does not meet specified compaction requirements, recondition, recompact, and retest at Contractor's expense.

3.10 DISPOSAL OF EXCESS MATERIAL

Remove from the site debris resulting from work under this section in accordance with local and state laws and the responsibility of the Contractor.

END OF SECTION

Section 31 23 19

DEWATERING
CONTROL OF GROUND WATER AND SURFACE WATER

PART 1 G E N E R A L

1.1 SECTION INCLUDES

1. Dewatering, depressurizing, draining, and maintaining trenches, shaft excavations, structural excavations, and foundation beds in a stable condition, and controlling ground water conditions for trench and tunnel excavations.

2. Protecting work against surface runoff and rising flood waters.

3. Disposing of removed water.

1.2 METHOD OF PAYMENT

A. Unless prescribed elsewhere in the Contract Documents, no separate payment will be made for control of ground water and surface water. Include the cost to control ground water and surface water in unit price for work requiring such controls.

1.3 REFERENCES

1. ASTM D 698 - Test Methods for Moisture-Density Relations of Soils and Soil-Aggregate Mixtures, Using 5.5-lb (2.49 kg) Rammer and 12-inch (304.8 mm) Drop.

2. Federal Regulations, 29 CFR Part 1926, Standards-Excavation, Occupational Safety and Health Administration (OSHA).

3. Federal Register 40 CFR (Vol. 55, No. 222) Part 122, EPA Administered Permit Programs (NPDES), Para.122.26(b)(14) Storm Water Discharge.

1.4 DEFINITIONS

1. Ground water control includes both dewatering and depressurization of water-bearing soil layers.

    1. Dewatering includes lowering the water table and intercepting seepage which would otherwise emerge from slopes or bottoms of excavations, or into tunnels and shafts, and disposing of removed water. The intent of dewatering is to increase stability of tunnel excavations and excavated slopes; prevent dislocation of material from slopes or bottoms of excavations; reduce lateral loads on sheeting and bracing; improve excavating and hauling characteristics of excavated material; prevent failure or

heaving of the bottom of excavations; and to provide suitable conditions for placement of backfill materials and construction of structures and other installations.

2. Depressurization includes reduction in piezometric pressure within strata not controlled by dewatering alone, as required to prevent failure or heaving of excavation bottom or instability of tunnel excavations.

2. Excavation drainage includes keeping excavations free of surface and seepage water.

3. Surface drainage includes use of temporary drainage ditches and dikes and installation of temporary culverts and sump pumps with discharge lines as required to protect the Work from any source of surface water.

4. Equipment and instrumentation for monitoring and control of the ground water control system includes piezometers and monitoring wells, and devices, such as flow meters, for observing and recording flow rates.

1.5 PERFORMANCE REQUIREMENTS

1. Conduct subsurface investigations to identify groundwater conditions and to provide parameters for design, installation, and operation of groundwater control systems.

2. Design a ground water control system, compatible with requirements of Federal Regulations 29 CFR Part 1926 and Section 31 23 16.13 - Trench Safety Systems, to produce the following results:

    1. Effectively reduce the hydrostatic pressure affecting:
        1. Excavations.
        2. Tunnel excavation, face stability or seepage into tunnels.

    2. Develop a substantially dry and stable subgrade for subsequent construction operations.

    3. Preclude damage to adjacent properties, buildings, structures, utilities, installed facilities, and other work.

    4. Prevent the loss of fines, seepage, boils, quick condition, or softening of the foundation strata.

    5. Maintain stability of sides and bottom of excavations.

3. Provide ground water control systems may include single-stage or multiple-stage well point systems, eductor and ejector-type systems, deep wells, or combinations of these equipment types.

4. Provide drainage of seepage water and surface water, as well as water from any other source entering the excavation. Excavation drainage may include placement of drainage materials, such as crushed stone and filter fabric, together with sump pumping.

5. Provide ditches, berms, pumps and other methods necessary to divert and drain surface water from excavation and other work areas.

6. Locate ground water control and drainage systems so as not to interfere with utilities, construction operations, adjacent properties, or adjacent water wells.

7. Assume sole responsibility for ground water control systems and for any loss or damage resulting from partial or complete failure of protective measures and any settlement or resultant damage caused by the ground water control operations. Modify ground water control systems or operations if they cause or threaten to cause damage to new construction, existing site improvements, adjacent property, or adjacent water wells, or affect potentially contaminated areas. Repair damage caused by ground water control systems or resulting from failure of the system to protect property as required.

8. Provide an adequate number of piezometers installed at the proper locations and depths as required to provide meaningful observations of the conditions affecting the excavation, adjacent structures, and water wells.

9. Provide environmental monitoring wells installed at the proper locations and depths as required to provide adequate observations of hydrostatic conditions and possible contaminant transport from contamination sources into the work area or into the ground water control system.

10. Decommission piezometers and monitoring wells installed during design phase studies and left for Contractors monitoring and use.

1.6 SUBMITTALS

1. Submittals shall conform to requirements of Section 01 33 00 – Submittals Procedures.

2. Submit a Ground Water and Surface Water Control Plan for review by the Owner and Engineer prior to start of any field work. The Plan shall be signed by a Professional Engineer registered in the State of Texas. Submit a plan to include the following:

    1. Results of subsurface investigation and description of the extent and characteristics of water bearing layers subject to ground water control.

    2. Names of equipment suppliers and installation subcontractors.

3. A description of proposed ground water control systems indicating arrangement, location, depth and capacities of system components, installation details and criteria, and operation and maintenance procedures.

4. A description of proposed monitoring and control system indicating depths and locations of piezometers and monitoring wells, monitoring installation details and criteria, type of equipment and instrumentation with pertinent data and characteristics.

5. A description of proposed filters including types, sizes, capacities and manufacturer's application recommendations.

6. Design calculations demonstrating adequacy of proposed systems for intended applications. Define potential area of influence of ground water control operation near contaminated areas.

7. Operating requirements, including piezometric control elevations for dewatering and depressurization.

8. Excavation drainage methods including typical drainage layers, sump pump application and other necessary means.

9. Surface water control and drainage installations.

10. Proposed methods and locations for disposing of removed water.

3. Submit the following records upon completed initial installation:

1. Installation and development reports for well points, eductors, and deep wells.

2. Installation reports and baseline readings for piezometers and monitoring wells.

3. Baseline analytical test data of water from monitoring wells.

4. Initial flow rates.

4. Submit the following records on a weekly basis during operations:

1. Records of flow rates and piezometric elevations obtained during monitoring of dewatering and depressurization. Refer to Paragraph 3.2, Requirements for Eductor, Well Points, or Deep Wells.

2. Maintenance records for ground water control installations, piezometers, and monitoring wells.

5. Submit the following records at end of work. Decommissioning (abandonment) reports for monitoring wells and piezometers installed by other during the design phase and left for Contractor's monitoring and use.

1.7 ENVIRONMENTAL REQUIREMENTS

1. Comply with requirements of agencies having jurisdiction.

2. Comply with Texas Natural Resource Conservation Commission regulations and Texas Water Well Drillers Association for development, drilling, and abandonment of wells used in dewatering system.

3. Obtain permit from EPA under the National Pollutant Discharge Elimination System (NPDES), for storm water discharge from construction sites. Refer to Section 01 57 23 – Storm Water Pollution Control and Prevention Plan.

4. Obtain all necessary permits from agencies with control over the use of groundwater and matters affecting well installation, water discharge, and use of existing storm drains and natural water sources. Because the review and permitting process may be lengthy, take early action to pursue and submit for the required approvals.

5. Monitor ground water discharge for contamination while performing pumping in the vicinity of potentially contaminated sites.

PART 2 P R O D U C T S

1.8 EQUIPMENT AND MATERIALS

1. Equipment and materials are at the option of Contractor as necessary to achieve desired results for dewatering. Selected equipment and materials are subject to review by the Owner and Engineer through submittals required in Paragraph 1.6, Submittals.

2. Eductors, well points, or deep wells, where used, must be furnished, installed and operated by an experienced contractor regularly engaged in ground water control system design, installation, and operation.

3. All equipment must be in good repair and operating order.

4. Sufficient standby equipment and materials shall be kept available to ensure continuous operation, where required.

PART 3 E X E C U T I O N

1.9 GROUND WATER CONTROL

1. Perform a subsurface investigation by borings as necessary to identify water bearing layers, piezometric pressures, and soil parameters for design and installation of ground water control systems. Perform pump tests, if necessary to determine the drawdown characteristics of the waterbearing layers. The results shall be presented in the Ground Water and Surface Water Control Plan (See Paragraph 1.06B.1).

2. Provide labor, material, equipment, techniques and methods to lower, control and handle ground water in a manner compatible with construction methods and site conditions. Monitor effectiveness of the installed system and its effect on adjacent property.

3. Install, operate, and maintain ground water control systems in accordance with the Ground Water and Surface Water Control Plan. Notify the Engineer in writing of any changes made to accommodate field conditions and changes to the Work. Provide revised drawings and calculations with such notification.

4. Provide for continuous system operation, including nights, weekends, and holidays. Arrange for appropriate backup if electrical power is primary energy source for dewatering system.

5. Monitor operations to verify that the system lowers ground water piezometric levels at a rate required to maintain a dry excavation resulting in a stable subgrade for prosecution of subsequent operations.

6. Where hydrostatic pressures in confined water bearing layers exist below excavation, depressurize those zones to eliminate risk of uplift or other instability of excavation or installed works. Allowable piezometric elevations shall be defined in the Ground Water and Surface Water Control Plan.

7. Remove ground water control installations.

    1. Remove pumping system components and piping when ground water control is no longer required.

    2. Remove piezometers, including piezometers installed during the design phase investigations and left for Contractor's use, upon completion of testing, in accordance with Section 02533 - Acceptance Testing of Sanitary Sewers.

    3. Remove monitoring wells when directed by the Engineer.

    4. Grout abandoned well and piezometer holes. Fill piping that is not removed with cement-bentonite grout or cement-sand grout.

8. During backfilling, dewatering may be reduced to maintain water level a minimum of 5 feet below prevailing level of backfill. However, do not allow that water level to result in uplift pressures in excess of 80 percent of downward pressure produced by weight of structure or backfill in place. Do not allow water levels to rise into cement stabilized sand until at least 48 hour after placement.

9. Provide a uniform diameter for each pipe drain run constructed for dewatering. Remove pipe drain when it has served its purpose. If removal of pipe is impractical, provide grout connections at 50-foot intervals and fill pipe with cement-bentonite grout or cement-sand grout when pipe is removed from service.

10. Extent of construction ground water control for structures with a permanent perforated underground drainage system may be reduced, such as for units designed to withstand hydrostatic uplift pressure. Provide a means of draining the affected portion of underground system, including standby equipment. Maintain drainage system during operations and remove it when no longer required.

11. Remove system upon completion of construction or when dewatering and control of surface or ground water is no longer required.

12. Compact backfill to not less than 95 percent of the maximum dry density in accordance with ASTM D 698.

1.10 REQUIREMENTS FOR EDUCTOR, WELL POINTS, OR DEEP WELLS

1. For aboveground piping in ground water control system, include a 12-inch minimum length of clear, transparent piping between every eductor well or well point and discharge header so that discharge from each installation can be visually monitored.

2. Install sufficient piezometers or monitoring wells to show that all trench or shaft excavations in water bearing materials are predrained prior to excavation. Provide separate piezometers for monitoring of dewatering and for monitoring of depressurization. Install piezometers and monitoring wells for tunneling as appropriate for Contractor's selected method of work.

3. Install piezometers or monitoring wells not less than one week in advance of beginning the associated excavation.

4. Dewatering may be omitted for portions of underdrains or other excavations, but only where auger borings and piezometers or monitoring wells show that soil is predrained by an existing system such that the criteria of the ground water control plan are satisfied.

5. Replace installations that produce noticeable amounts of sediments after development.

6. Provide additional ground water control installations, or change the methods, in the event that the installations according to the ground water control plan does not provide satisfactory

results based on the performance criteria defined by the plan and by the specification. Submit a revised plan according to Paragraph 1.06B.

1.11 EXCAVATION DRAINAGE

1. Contractor may use excavation drainage methods if necessary to achieve well-drained conditions. The excavation drainage may consist of a layer of crushed stone and filter fabric, and sump pumping in combination with sufficient wells for ground water control to maintain stable excavation and backfill conditions.

1.12 MAINTENANCE AND OBSERVATION

1. Conduct daily maintenance and observation of piezometers or monitoring wells while the ground water control installations or excavation drainage are operating in an area or seepage into tunnel is occurring. Keep system in good condition.

2. Replace damaged and destroyed piezometers or monitoring wells with new piezometers or wells as necessary to meet observation schedule.

3. Cut off piezometers or monitoring wells in excavation areas where piping is exposed, only as necessary to perform observation as excavation proceeds. Continue to maintain and make observations, as specified.

4. Remove and grout piezometers inside or outside the excavation area when ground water control operations are complete. Remove and grout monitoring wells when directed by the Engineer.

1.13 MONITORING AND RECORDING

1. Monitor and record average flow rate of operation for each deep well, or for each wellpoint or eductor header used in dewatering system. Also monitor and record water level and ground water recovery. These records shall be obtained daily until steady conditions are achieved, and twice weekly thereafter.

2. Observe and record elevation of water level daily as long as ground water control system is in operation, and weekly thereafter until the Work is completed or piezometers or wells are removed, except when Engineer determines that more frequent monitoring and recording are required. Comply with Engineer's direction for increased monitoring and recording and take measures as necessary to ensure effective dewatering for intended purpose.

1.14 SURFACE WATER CONTROL

1. Intercept surface water and divert it away from excavations through use of dikes, ditches, curb walls, pipes, sumps or other approved means. The requirement includes temporary works

required to protect adjoining properties from surface drainage caused by construction operations.

2. Divert surface water and seepage water into sumps and pump it into drainage channels or storm drains, when approved by agencies having jurisdiction. Provide settling basins when required by such agencies.

END OF SECTION

Section 31 23 33

TRENCHING & BACKFILLING
EXCAVATION AND BACKFILL FOR UTILITIES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Excavation, trenching, foundation, embedment, and backfill for installation of utilities, including manholes and other pipeline structures.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No additional payment will be made for trench excavation, embedment and backfill under this Section, including gravel bedding as required. Include cost in the unit price for installed underground piping, sewer, conduit, or duct work.

2. No separate or additional payment will be made for surface water control, ground water control (well-points) or for excavation drainage. Include in the unit price for the installed piping, sewer, conduit, or duct work.

B. Stipulated Price (Lump Sum). If the Contract is a Stipulated Price Contract, payment for work in this Section is included in the total Stipulated Price.

1.03 DEFINITIONS

A. Pipe Foundation: Suitable and stable native soils that are exposed at the trench subgrade after excavation to depth of bottom of the bedding as shown on the Drawings, or foundation backfill material placed and compacted in over-excavations.

B. Pipe Bedding: The portion of trench backfill that extends vertically from top of foundation up to a level line at bottom of pipe, and horizontally from one trench sidewall to opposite sidewall.

C. Haunching: The material placed on either side of pipe from top of bedding up to springline of pipe and horizontally from one trench sidewall to opposite sidewall.

D. Initial Backfill: The portion of trench backfill that extends vertically from springline of pipe (top of haunching) up to a level line 12 inches above top of pipe, and horizontally from one trench sidewall to opposite sidewall.

E. Pipe Embedment: The portion of trench backfill that consists of bedding, haunching and initial backfill.

F. Trench Zone: The portion of trench backfill that extends vertically from top of pipe embedment up to pavement subgrade or up to final grade when not beneath pavement.

G. Unsuitable Material: Unsuitable soil materials are the following:

1. Materials that are classified as ML, CL-ML, MH, PT, OH, and OL according to ASTM D 2487.

2. Materials that cannot be compacted to required density due to either gradation, plasticity, or moisture content.

3. Materials that contain large clods, aggregates, stones greater than 4 inches in any dimension, debris, vegetation, waste or any other deleterious materials.

4. Materials that are contaminated with hydrocarbons or other chemical contaminants.

H. Suitable Material: Suitable soil materials are those meeting specification requirements. Unsuitable soils meeting specification requirements for suitable soils after treatment with lime or cement are considered suitable, unless otherwise indicated.

I. Backfill: Suitable material meeting specified quality requirements, placed and compacted under controlled conditions.

J. Ground Water Control Systems: Installations external to trench, such as well points. Ground water control includes dewatering to lower ground water, intercepting seepage which would otherwise emerge from side or bottom of trench excavation, and depressurization to prevent failure or heaving of excavation bottom. Refer to Section 31 23 19 - Control of Ground Water and Surface Water.

K. Surface Water Control: Diversion and drainage of surface water runoff and rain water away from trench excavation. Rain water and surface water accidentally entering trench shall be controlled and removed as a part of excavation drainage.

L. Excavation Drainage: Removal of surface and seepage water in trench by sump pumping and using a drainage layer, as defined in ASTM D 2321, placed on the foundation beneath pipe bedding or thickened bedding layer of Class I material.

M. Trench Conditions are defined with regard to the stability of trench bottom and trench walls of pipe embedment zone. Maintain trench conditions that provide for effective placement and

compaction of embedment material directly on or against undisturbed soils or foundation backfill, except where structural trench support is necessary.

1. Dry Stable Trench: Stable and substantially dry trench conditions exist in pipe embedment zone as a result of typically dry soils or achieved by ground water control (dewatering or depressurization) for trenches extending below ground water level.

2. Stable Trench with Seepage: Stable trench in which ground water seepage is controlled by excavation drainage.

    a. Stable Trench with Seepage in Clayey Soils: Excavation drainage is provided in lieu of or to supplement ground water control systems to control seepage and provide stable trench subgrade in predominately clayey soils prior to bedding placement.

    b. Stable Wet Trench in Sandy Soils: Excavation drainage is provided in the embedment zone in combination with ground water control in predominately sandy or silty soils.

3. Unstable Trench: Unstable trench conditions exist in the pipe embedment zone if ground water inflow or high water content causes soil disturbances, such as sloughing, sliding, boiling, heaving or loss of density.

N. Subtrench: Subtrench is a special case of benched excavation. Subtrench excavation below trench shields or shoring installations may be used to allow placement and compaction of foundation or embedment materials directly against undisturbed soils. Depth of a subtrench depends upon trench stability and safety as determined by the Contractor.

O. Trench Dam: A placement of low permeability material in pipe embedment zone or foundation to prohibit ground water flow along the trench.

P. Over-Excavation and Backfill: Excavation of subgrade soils with unsatisfactory bearing capacity or composed of otherwise unsuitable materials below top of foundation as shown on Drawings, and backfilled with foundation backfill material.

Q. Foundation Backfill Materials: Natural soil or manufactured aggregate of controlled gradation, and geotextile filter fabrics as required, to control drainage and material separation. Foundation backfill material is placed and compacted as backfill to provide stable support for bedding. Foundation backfill materials may include concrete seal slabs.

R. Trench Safety Systems include both protective systems and shoring systems as defined in Section 31 23 16.13 - Trench Safety Systems.

S. Trench Shield (Trench Box): A portable worker safety structure moved along the trench as work proceeds, used as a protective system and designed to withstand forces imposed on it by cave-in, thereby protecting persons within the trench. Trench shields may be stacked if so designed or placed in a series depending on depth and length of excavation to be protected.

T. Shoring System: A structure that supports sides of an excavation to maintain stable soil conditions and prevent cave-ins, or to prevent movement of the ground affecting adjacent installations or improvements.

U. Special Shoring: A shoring system meeting special shoring as specified in Paragraph 1.08, Special Shoring Design Requirements, for locations identified on the Drawings.

1.05 SCHEDULING

A. Schedule work so that pipe embedment can be completed on the same day that acceptable foundation has been achieved for each section of pipe installation, manhole, or other structures.

1.06 SUBMITTALS

A. Conform to Section 01 33 00 - Submittal Procedures.

B. Submit a written description for information only of the planned typical method of excavation, backfill placement and compaction, including:

1. Sequence of work and coordination of activities.

2. Selected trench widths.

3. Procedures for foundation and embedment placement, and compaction.

4. Procedure for use of trench boxes and other pre-manufactured systems while assuring specified compaction against undisturbed soil.

5. Procedure for installation of Special Shoring at locations identified on the Drawings.

C. Submit a ground and surface water control plan in accordance with requirements in this Section and Section 31 23 19 - Control of Ground Water and Surface Water.

D. Submit backfill material sources and product quality information in accordance with requirements of Section 31 06 20.16 - Utility Backfill Materials.

E. Submit a trench excavation safety program in accordance with requirements of Section 31 23 16.13 - Trench Safety System. Include designs for special shoring meeting the requirements defined in Paragraph 1.08, Special Shoring Design Requirements.

F. Submit record of location of utilities as installed, referenced to survey control points. Include locations of utilities encountered or rerouted. Give stations, horizontal dimensions, elevations, inverts, and gradients.

1.07 TESTS

A. Testing and analysis of backfill materials for soil classification and compaction during construction will be performed by an independent laboratory provided by the Owner in accordance with requirements of Section 01 45 29 - Testing Laboratory Services and as specified in this Section.

B. Perform backfill material source qualification testing in accordance with requirements of Section 31 06 20.16 - Utility Backfill Materials.

1.08 SPECIAL SHORING DESIGN REQUIREMENTS

A. Have special shoring designed or selected by the Contractor's Professional Engineer to provide support for the sides of the excavations, including soils and hydrostatic ground water pressures as applicable, and to prevent ground movements affecting adjacent installations or improvements such as structures, pavements and utilities. Special shoring may be a pre-manufactured system selected by the Contractor's Professional Engineer to meet the project site requirements based on the manufacturer's standard design.

PART 2 P R O D U C T S

2.01 EQUIPMENT

A. Perform excavation with hydraulic excavator or other equipment suitable for achieving the requirements of this Section.

B. Use only hand-operated tamping equipment until a minimum cover of 12 inches is obtained over pipes, conduits, and ducts. Do not use heavy compacting equipment until adequate cover is attained to prevent damage to pipes, conduits, or ducts.

C. Use trench shields or other protective systems or shoring systems which are designed and operated to achieve placement and compaction of backfill directly against undisturbed native soil.

D. Use special shoring systems where required which may consist of braced sheeting, braced soldier piles and lagging, slide rail systems, or other systems meeting requirements as specified in Paragraph 1.09, Shoring Design Requirements.

2.02 MATERIAL CLASSIFICATIONS

A. Embedment and Trench Zone Backfill Materials: Conform to classifications and product descriptions of Section 31 06 20.16 - Utility Backfill Materials.

B. Concrete Backfill: Conform to requirements for Class B concrete as specified in Section 33 05 16 - Concrete for Utility Construction.

C. Geotextile (Filter Fabric): Conform to requirements of Section 02621- Geotextile.

D. Concrete for Trench Dams: Concrete backfill or 3 sack premixed (bag) concrete.

E. Timber Shoring Left in Place: Untreated oak.

PART 3 EXECUTION

3.01 STANDARD PRACTICE

A. Install flexible pipe, including "semi-rigid" pipe, to conform to standard practice described in ASTM D 2321, and as described in this Section. Where an apparent conflict occurs between the standard practice and the requirements of this Section, this Section governs.

B. Install rigid pipe to conform to standard practice described in ASTM C 12, and as described in this Section. Where an apparent conflict occurs between the standard practice and the requirements of this Section, this Section governs.

3.02 PREPARATION

A. Establish traffic control to conform with requirements of Section 01 55 26 - Traffic Control and Regulation. Maintain barricades and warning lights for streets and intersections affected by the Work, and is considered hazardous to traffic movements.

B. Perform work to conform with applicable safety standards and regulations. Employ a trench safety system as specified in Section 31 23 16.13 - Trench Safety Systems.

C. Immediately notify the agency or company owning any existing utility line which is damaged, broken, or disturbed. Obtain approval from the appropriate entity for any repairs or relocations, either temporary or permanent.

D. Remove existing pavements and structures, including sidewalks and driveways, to conform with requirements of Section 02200 - Removing Existing Pavements and Structures, as applicable.

E. Install and operate necessary dewatering and surface water control measures to conform with Section 31 23 19 - Control of Ground Water and Surface Water.

F. Maintain permanent benchmarks, monumentation, and other reference points. Unless otherwise directed in writing, replace those which are damaged or destroyed in accordance with Section 01725 - Field Surveying.

3.03 PROTECTION

A. Protect trees, shrubs, lawns, existing structures, and other permanent objects outside of grading limits and within the grading limits as designated on the Drawings, and in accordance with requirements of Section 01562 - Tree and Plant Protection.

B. Protect and support above-grade and below-grade utilities which are to remain.

C. Restore damaged permanent facilities to pre-construction conditions unless replacement or abandonment of facilities are indicated on the Drawings.

D. Take measures to minimize erosion of trenches. Do not allow water to pond in trenches. Where slides, washouts, settlements, or areas with loss of density or pavement failures or potholes occur, repair, re-compact, and pave those areas at no additional cost to Owner.

3.04 EXCAVATION

A. Except as otherwise specified or shown on the Drawings, install underground utilities in open cut trenches with vertical sides.

B. Perform excavation work so that pipe, conduit, and ducts can be installed to depths and alignments shown on the Drawings. Avoid disturbing surrounding ground and existing facilities and improvements.

C. Determine trench excavation widths using the following schedule as related to pipe outside diameter (O.D.). Maximum trench width shall be the minimum trench width plus 24 inches.

Nominal Pipe Size, Inches	Minimum Trench Width, Inches
Less than 18	O.D. + 18
18 to 30	O.D. + 24
Greater than 30	O.D. + 36

D. Use sufficient trench width or benches above the embedment zone for installation of well point headers or manifolds and pumps where depth of trench makes it uneconomical or impractical to pump from the surface elevation. Provide sufficient space between shoring cross braces to permit equipment operations and handling of forms, pipe, embedment and backfill, and other materials.

E. Upon discovery of unknown utilities, badly deteriorated utilities not designated for removal, or concealed conditions, discontinue work at that location. Notify the appropriate entity and obtain instructions before proceeding.

F. Shoring of Trench Walls.

1. Install Special Shoring in advance of trench excavation or simultaneously with the trench excavation, so that the soils within the full height of the trench excavation walls will remain laterally supported at all times.

2. For all types of shoring, support trench walls in the pipe embedment zone throughout the installation. Provide trench wall supports sufficiently tight to prevent washing the trench wall soil out from behind the trench wall support.

3. Unless otherwise directed by the Enginer, leave sheeting driven into or below the pipe embedment zone in place to preclude loss of support of foundation and embedment materials. Leave rangers, walers, and braces in place as long as required to support sheeting, which has been cut off, and the trench wall in the vicinity of the pipe zone.

4. Employ special methods for maintaining the integrity of embedment or foundation material. Before moving supports, place and compact embedment to sufficient depths to provide protection of pipe and stability of trench walls. As supports are moved, finish placing and compacting embedment.

5. If sheeting or other shoring is used below top of the pipe embedment zone, do not disturb pipe foundation and embedment materials by subsequent removal. Maximum thickness of removable sheeting extending into the embedment zone shall be the equivalent of a 1-inch-thick steel plate. Fill voids left on removal of supports with compacted backfill material.

G. Use of Trench Shields. When a trench shield (trench box) is used as a worker safety device, the following requirements apply:

1. Make trench excavations of sufficient width to allow shield to be lifted or pulled freely, without damage to the trench sidewalls.

2. Move trench shields so that pipe, and backfill materials, after placement and compaction, are not damaged nor disturbed, nor the degree of compaction reduced.

3. When required, place, spread, and compact pipe foundation and bedding materials beneath the shield. For backfill above bedding, lift the shield as each layer of backfill is placed and spread. Place and compact backfill materials against undisturbed trench walls and foundation.

4. Maintain trench shield in position to allow sampling and testing to be performed in a safe manner.

3.05 HANDLING EXCAVATED MATERIALS

A. Use only excavated materials which are suitable as defined in this Section and conforming with Section 31 06 20.16 - Utility Backfill Materials. Place material suitable for backfilling in stockpiles at a distance from the trench to prevent slides or cave-ins.

B. When required, provide additional backfill material conforming with requirements of Section 31 06 20.16 - Utility Backfill Materials.

C. Do not place stockpiles of excess excavated materials on streets and adjacent properties. Protect excess stockpiles for use on site. Maintain site conditions in accordance with Section 01 50 00 - Temporary Facilities and Controls.

3.06 GROUND WATER CONTROL

A. Implement ground water control according to Section 31 23 19 - Control of Ground Water and Surface Water. Provide a stable trench to allow installation in accordance with the Specifications.

3.07 TRENCH FOUNDATION

A. Excavate bottom of trench to uniform grade to achieve stable trench conditions and satisfactory compaction of foundation or bedding materials. Install gravel base on trench bottom as required by BPUB.

B. Place trench dams in Class I foundations in line segments longer than 100 feet between manholes, and not less than one in every 500 feet of pipe placed. Install additional dams as needed to achieve workable construction conditions. Do not place trench dams closer than 5 feet from manholes.

3.08 PIPE EMBEDMENT, PLACEMENT, AND COMPACTION

A. Immediately prior to placement of embedment materials, the bottoms and sidewalls of trenches shall be free of loose, sloughing, caving, or otherwise unsuitable soil.

B. Place embedment including bedding, haunching, and initial backfill as shown on Drawings.

C. For pipe installation, manually spread embedment materials around the pipe to provide uniform bearing and side support when compacted. Do not allow materials to free-fall from heights greater than 24 inches above top of pipe. Perform placement and compaction directly

against the undisturbed soils in the trench sidewalls, or against sheeting which is to remain in place.

D. Do not place trench shields or shoring within height of the embedment zone unless means to maintain the density of compacted embedment material are used. If moveable supports are used in embedment zone, lift the supports incrementally to allow placement and compaction of the material against undisturbed soil.

E. Place geotextile to prevent particle migration from the in-situ soil into open-graded (Class I) embedment materials or drainage layers.

F. Do not damage coatings or wrappings of pipes during backfilling and compacting operations. When embedding coated or wrapped pipes, do not use crushed stone or other sharp, angular aggregates.

G. Place haunching material manually around the pipe and compact it to provide uniform bearing and side support. If necessary, hold small-diameter or lightweight pipe in place during compaction of haunch areas and placement beside the pipe with sand bags or other suitable means.

H. Place electrical conduit, if used, directly on foundation without bedding.

I. Shovel in-place and compact embedment material using pneumatic tampers in restricted areas, and vibratory-plate compactors or engine-powered jumping jacks in unrestricted areas. Compact each lift before proceeding with placement of next lift. Water tamping is not allowed.

J. For water lines construction embedment, use bank run sand, concrete sand, gem sand, pea gravel, or crushed limestone as specified in Section 31 06 20.16 - Utility Backfill Material. For water lines adhere to the following subparagraph numbers 1 and 2; for utility installation other than water, adhere to numbers 3 and 4 below:

1. Class I, II, and III Embedment Materials:

    a. Maximum 6 inches compacted lift thickness.

    b. Compact to achieve a minimum of 95 percent of maximum dry density as determined according to ASTM D 698.

    c. Moisture content to be within -3 percent to +3 percent of optimum as determined according to ASTM D 698, unless otherwise approved by Engineer.

2. Cement Stabilized Sand:

a. Maximum 6 inches compacted thickness.

b. Compact to achieve a minimum of 95 percent of maximum dry density as determined according to ASTM D 698.

c. Moisture content to be on dry side of optimum as determined according to ASTM D 698 but sufficient for effective hydration.

3. Class I embedment materials.

a. Maximum 6-inches compacted lift thickness.

b. Systematic compaction by at least two passes of vibrating equipment. Increase compaction effort as necessary to effectively embed the pipe to meet the deflection test criteria.

c. Moisture content as determined by Contractor for effective compaction without softening the soil of trench bottom, foundation or trench walls.

4. Class II embedment and cement stabilized sand.

a. Maximum 6-inches compacted thickness.

b. Compaction by methods determined by Contractor to achieve a minimum of 95 percent of the maximum dry density as determined according to ASTM D 698 for Class II materials and according to ASTM D 558 for cement stabilized materials.

c. Moisture content of Class II materials within 3 percent of optimum as determined according to ASTM D 698. Moisture content of cement stabilized sands on the dry side of optimum as determined according to ASTM D 558 but sufficient for effective hydration.

K. Place trench dams in Class I embedments in line segments longer than 100 feet between manholes, and not less than one in every 500 feet of pipe placed. Install additional dams as needed to achieve workable construction conditions. Do not place trench dams closer than 5 feet from manholes.

3.09 TRENCH ZONE BACKFILL PLACEMENT AND COMPACTION

A. Place backfill for pipe or conduits and restore surface as soon as practicable. Leave only the minimum length of trench open as necessary for construction.

B. Where damage to completed pipe installation work is likely to result from withdrawal of sheeting, leave the sheeting in place. Cut off sheeting 1.5 feet or more above the crown of the pipe. Remove trench supports within 5 feet from the ground surface.

C. For sewer pipes, use backfill materials described here as determined by trench limits. As trench zone backfill in paved areas for streets and to one foot back of curbs and pavements, use cement stabilized sand for pipe of nominal sizes less than 36 inches. Uniformly backfill trenches partially within limits one foot from streets and curbs according to the paved area criteria. Use select backfill within one foot below pavement subgrade for rigid pavement. For asphalt concrete, use flexible base material within one foot below pavement subgrade.

D. For water lines, backfill in trench zone, including auger pits, with bank run sand, select fill, or random backfill material as specified in Section 31 06 20.16 - Utility Backfill materials.

E. When shown on Drawings, a random backfill of suitable material may be used in trench zone for trench excavations outside pavements.

F. Place trench zone backfill in lifts and compact by methods selected by the Contractor. Fully compact each lift before placement of the next lift.

1. Bank run sand.

    a. Maximum 9-inches compacted lift thickness.

    b. Compaction by vibratory equipment to a minimum of 95 percent of the maximum dry density determined according to ASTM D 698.

    c. Moisture content within 3 percent of optimum determined according to ASTM D 698

2. Cement-stabilized sand.

    a. Maximum lift thickness determined by Contractor to achieve uniform placement and required compaction, but not exceeding 24 inches.

    b. Compaction by vibratory equipment to a minimum of 95 percent of the maximum dry density determined according to ASTM D 558.

    c. Moisture content on the dry side of optimum determined according to ASTM D 558 but sufficient for cement hydration.

3. Select fill.

   a. Maximum 6-inches compacted thickness.

   b. Compaction by equipment providing tamping or kneading impact to a minimum of 95 percent of the maximum dry density determined according to ASTM D 698.

   c. Moisture content within 2 percent of optimum determined according to ASTM D 698.

G. For trench excavations outside pavements, a random backfill of suitable material may be used in the trench zone.

1. Fat clays (CH) may be used as trench zone backfill outside paved areas at the Contractor's option. If the required density is not achieved, the Contractor, at his option and at no additional cost to the Owner, may use lime stabilization to achieve compaction requirements or use a different suitable material.

2. Maximum 9-inch compacted lift thickness for clayey soils and maximum 12-inch lift thickness for granular soils.

3. Compact to a minimum of 90 percent of the maximum dry density determined according to ASTM D 698.

4. Moisture content as necessary to achieve density.

H. For electric conduits, remove formwork used for construction of conduits before placing trench zone backfill.

3.10 MANHOLES, JUNCTION BOXES, AND OTHER PIPELINE STRUCTURES

A. Meet the requirements of adjoining utility installations for backfill of pipeline structures, as shown on the Drawings.

3.11 FIELD QUALITY CONTROL

A. Test for material source qualifications as defined in Section 31 06 20.16 - Utility Backfill Materials.

B. Provide excavation and trench safety systems at locations and to depths required for testing and retesting during construction at no additional cost to Owner.

C. Tests will be performed on a minimum of three different samples of each material type for plasticity characteristics, in accordance with ASTM D 4318, and for gradation characteristics, in accordance with Tex-101-E and Tex-110-E. Additional classification tests will be performed whenever there is a noticeable change in material gradation or plasticity.

D. At least three tests for moisture-density relationships will be performed initially for backfill materials in accordance with ASTM D 698, and for cement- stabilized sand in accordance with ASTM D 558. Additional moisture-density relationship tests will be performed whenever there is a noticeable change in material gradation or plasticity.

E. In-place density tests of compacted pipe foundation, embedment and trench zone backfill soil materials will be performed according to ASTM D 1556, or ASTM D 2922 and ASTM D 3017, and at the following frequencies and conditions.

1. A minimum of one test for every 20 cubic yards of compacted embedment and for every 50 cubic yards of compacted trench zone backfill material.

2. A minimum of three density tests for each full shift of Work.

3. Density tests will be distributed among the placement areas. Placement areas are: foundation, bedding, haunching, initial backfill and trench zone.

4. The number of tests will be increased if inspection determines that soil type or moisture content are not uniform or if compacting effort is variable and not considered sufficient to attain uniform density, as specified.

5. Density tests may be performed at various depths below the fill surface by pit excavation. Material in previously placed lifts may therefore be subject to acceptance/rejection.

6. Two verification tests will be performed adjacent to in-place tests showing density less than the acceptance criteria. Placement will be rejected unless both verification tests show acceptable results.

7. Recompacted placement will be retested at the same frequency as the first test series, including verification tests.

F. Recondition, recompact, and retest at Contractor's expense if tests indicate Work does not meet specified compaction requirements. For hardened soil cement with nonconforming density, core and test for compressive strength at Contractor's expense.

G. Acceptability of crushed rock compaction will be determined by inspection.

3.12 DISPOSAL OF EXCESS MATERIAL

A. Dispose of excess materials in accordance with local and state laws and the responsibility of contractor.

END OF SECTION

SECTION 31 32 13.16

STABILIZED BACKFILL (CEMENT STABILIZED SAND)

PART 1 GENERAL

1.01 DESCRIPTION

A. Scope: Furnish all plant, labor, equipment, supervision, and tools for the furnishing and installation of Stabilized Backfill as shown on the Plans and as indicated in other sections of the Technical Specifications.

B. Work Specified Elsewhere: Related work as called for on Plans or specified elsewhere in this or other Technical Specifications.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No separate payment will be made for Work performed under this Section. Include cost of such work in Contract unit prices for items listed in bid form requiring stabilized backfill material.

1.03 REFERENCES

A. ASTM C 33 - Standard Specification for Concrete Aggregates (Fine Aggregate).

B. ASTM C 40 - Standard Test Method for Organic Impurities in Fine Aggregates for Concrete.

C. ASTM C 94 - Standard Specification for Ready-Mixed Concrete.

D. ASTM C 123 - Standard Test Method for Lightweight Particles in Aggregate.

E. ASTM C 142 - Standard Test Method for Clay Lumps and Friable Particles in Aggregates.

F. ASTM C 150 - Specification for Portland Cement.

G. ASTM D 558 - Standard Test Method for Moisture-Density Relations of Soil Cement-Mixtures.

H. ASTM D 1633 - Standard Test Method for Compressive Strength of Molded Soil-Cement Cylinders.

I. ASTM D 2487 - Standard Test Method for Classification of Soils for Engineering Purposes (Unified Soil Classification System).

J. ASTM D 3665 - Standard Practice for Random Sampling of Construction Materials.

K. ASTM D 4318 - Standard Test Method for Liquid Limit, Plastic Limit, and Plasticity Index of Soils.

1.04 SUBMITTALS

A. Conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit proposed target cement content and production data for sand-cement (native soil/manufactured materials-cement) mixture in accordance with requirements of Paragraph 2.03.

1.05 DESIGN REQUIREMENTS

A. Cement Stabilized Sand: Use sand-cement mixture producing minimum unconfined compressive strength of 100psi in 48 hours and 500psi at 28-days.

1. Design will be based on strength specimens molded in accordance with ASTM D 558 at moisture content within 3 percent of optimum and within 4 hours of batching.

2. Determine minimum cement content from production data and statistical history. Provide no less than 1.5 sacks of cement per cubic yard of dry sand.

B. Flowable Backfill: Flowable backfill shall consist of a mixture of native soils or manufactured materials, cement and/or fly ash, and water which produces a material with unconfined compressive strength of 300psi at 28-days.

1. Any materials used shall be primarily granular, with a plasticity index <12 and with 100% passing a ¾-in. sieve.

2. The flowable mixture shall be mixed in a pug mill, concrete mixer, or transit mixer and shall have a minimum slump of 5-in.

3. The flowable mixture must be allowed to set prior to the placement of any overlying material.

4. Design will be based on strength specimens molded in accordance with ASTM D 558 at moisture content within 3 percent of optimum and within 4 hours of batching.

C. Modified Flowable Backfill: Modified flowable backfill in areas of possible future excavation such as utility installations shall consist of a mixture of native soils or manufactured materials, cement and/or fly ash, air-entraining material, and water which produces a material with unconfined compressive strength of between 100psi at 28-days.

1. Modified flowable backfill in permanent areas such as abandoned pipe closures, abutments and embankments shall contain similar materials and shall have an unconfined compressive strength of greater than 150-psi after 28 days.

2. Any materials used shall be primarily granular, with a plasticity index <12 and with 100% passing a ¾-in. sieve.

3. The flowable mixture shall be mixed in-a pug mill, concrete mixer, or transit mixer and shall have a minimum slump of 5-in. The flowable mixture must be allowed to set prior to the placement of any overlying material.

4. Design will be based on strength specimens molded in accordance with ASTM D 558 at moisture content within 3 percent of optimum and within 4 hours of batching.

PART 2 PRODUCTS

2.01 MATERIALS

A. Cement: Type I Portland cement conforming to ASTM C 150.

B. Sand: Clean, durable sand meeting grading requirements for fine aggregates of ASTM C 33, or requirements for bank run sand of Section 31 06 20.16 - Utility Backfill Materials, and the following requirements:

1. Classified as SW, SP, SW-SM, SP-SM, or SM by United Soil Classification System of ASTM D 2487.

2. Deleterious materials:
   a. Clay lumps, ASTM C 142; less than 0.5 percent.

   b. Deleterious material, less than 2.0 percent.

   c. Material removed by decantation; less than 5.0 percent.

   d. Organic impurities, ASTM C 40, color no darker than standard color.

3. Plasticity index of 4 or less when tested in accordance with ASTM D 4318.

4. Flowable Fill Backfill and Modified Flowable Backfill Material: Any materials used shall be primarily granular, with a plasticity index <12 and with 100% passing a ¾-in. sieve.

C. Water: Potable water, free of oils, acids, alkalies, organic matter or other deleterious substances, meeting requirements of ASTM C 94.

2.02 MIXING MATERIALS

A. Add required amount of water and mix thoroughly in pugmill-type mixer.

B. Stamp batch ticket at plant with time of loading. Reject material not placed and compacted within 4 hours after mixing.

2.03 MATERIAL QUALIFICATION

A. Determine target cement content of material as follows:

1. Obtain samples of stabilized backfill material at production facility representing range of cement content consisting of at least three points.

2. Complete molding of samples within 4 hours after addition of water.

3. Perform strength tests (average of two specimens) at 48 hours and 7 days.

4. Perform cement content tests on each sample.

5. Perform moisture content tests on each sample.

6. Plot average 48-hour strength vs. cement content.

7. Record scale calibration date, sample date, sample time, molding time, cement feed dial settings, and silo pressure (if applicable).

B. Test raw sand for following properties at point of entry into pug-mill:

1. Gradation

2. Plasticity index

5. Organic impurities

6. Clay lumps and friable particles

5. Lightweight pieces

6. Moisture content

7. Classification

C. Present data obtained in format similar to that provided in sample data form attached to this Section.

D. The target content may be adjusted when statistical history so indicates. For determination of minimum product performance use formula:

f'c % 1/2 standard deviation

PART 3 EXECUTION

3.01 PLACING

A. Place stabilized backfill material in maximum 8-inch-thick loose lifts and compact to 95 percent of maximum density as determined in accordance with ASTM D 558, unless otherwise specified. Refer to related specifications for thickness of lifts in other applications. Target moisture content during compaction is -3 to 0 percent of optimum. Perform and complete compaction of stabilized backfill material within 4 hours after addition of water to mix at plant.

B. Do not place or compact stabilized backfill material in standing or free water.

3.02 FIELD QUALITY CONTROL

A. Testing will be performed under provisions of Section 01 45 29 - Testing Laboratory Services.

B. Samples of delivered product will be taken in field at point of delivery for testing in accordance with ASTM D 3665.

C. Prepare and mold four specimens (for each sample obtained) in accordance with ASTM D 558, Method A, without adjusting moisture content. Samples will be molded at approximately same time material is being used, but no later than 4 hours after water is added to mix. Test two sample sets a minimum of every 50 square yards placed or for that days placement.

D. After molding, specimens will be removed from molds and sealed in plastic bag or similar material to minimize moisture loss. Specimens will be cured at room temperature between 60 and 80 degrees F until tested.

E. Specimens will be tested for compressive strength in accordance with ASTM D 1633, Method A. Two specimens will be tested at 48 hours plus or minus 2 hours and two specimens will be tested at 7 days plus or minus 4 hours.

F. A strength test will be average of strengths of two specimens molded from same sample of material and tested at same age. Average daily strength will be average of strengths of all specimens molded during one day's production and tested at same age.

G. Precision and Bias: Test results shall meet recommended guideline for precision in ASTM D 1633 Section 9.

H. Reporting: Test reports shall contain, as a minimum, the following information:

1. Supplier and plant number
2. Time material was batched
3. Time material was sampled
4. Test age (exact hours)
5. Average 48-hour strength
6. Average 7-day strength
7. Specification section number
8. Compliance / non-compliance
9. Mixture identification
10. Truck and ticket numbers
11. The time of molding
12. Moisture content at time of molding
13. Required strength
14. Test method designations
15. Compressive strength data as required by ASTM D 1633

3.03 ACCEPTANCE

A. Strength level of material will be considered satisfactory if:

1. The average 48-hour strength is greater than 75-percent of the design strength with no individual strength test below 50-percent of the design strength.

B. Material will be considered deficient when 7-day individual strength test (average of two specimens) is less than 75-percent of the design strength. See Paragraph 3.04 Adjustment for Deficient Strength.

C. The material will be considered unacceptable and subject to removal and replacement at Contractor's expense when individual strength test has 7-day strength less than 75-percent of the design strength.

D. When moving average of three daily 48-hour averages falls below 75-percent of the design strength, discontinue shipment to project until plant is capable of producing material, which exceeds 75-percent of the design strength at 48 hours. Total of five 48-hour strength tests shall be made in this determination with no individual strength tests less than 75-percent of the design strength.

E. Testing laboratory shall notify Contractor, Owner, and material supplier by facsimile of tests indicating results falling below specified strength requirements.

3.04 ADJUSTMENT FOR DEFICIENT STRENGTH

A. When mixture produces 48-hour compressive strength less than 75-percent of the design strength, then Contractor has option to remove and replace material or request that Owner have second set of samples broken at 7 days.

B. When mixture produces 7-day compressive strength greater than or equal 75-percent of the design strength, then material will be considered satisfactory and bid price will be paid in full.

C. When mixture produces 7-day compressive strength less than 75-percent of the design strength and greater than or equal to 50-percent of the design strength, material shall be accepted contingent on credit in payment. Compute credit by the following formula:

$$\text{Credit per Cubic Yard} = \frac{\$30.00 \times 2\ (100\ \text{psi} - \text{Actual psi})}{100}$$

D. When mixture produces 7-day compressive strength less than 50-percent of the design strength, then remove and replace stabilized backfill material and paving and other necessary work at no cost to Owner.

END OF SECTION

Section 31 32 13.19

LIME TREATMENT FOR SUBGRADE

PART 1 GENERAL

1.01 DESCRIPTION

This item shall consist of treating the existing subgrade, base, and pavement by the pulverizing, addition of lime, mixing, and compacting the mixed material to the required density. This item applied to natural ground, embankment, or existing pavement structure and shall be constructed as specified herein and in conformity with the typical sections, lines, and grades as shown on the plans or as established by the Engineer.

PART 2 PRODUCTS

2.01 MATERIALS

1. The lime shall meet the requirements of the Item, "Lime Slurry", for the type of specified.
   When Type B, Commercial Lime Slurry, is specified, the Contractor shall select, prior to construction, the class to be used and shall notify the Engineer in writing before changing from one class to another.

2. If the minimum design strength or percent of lime to be used for the treatment subgrade, existing subbase, or existing base is specified, it will be determined by preliminary tests performed in accordance with Test Method Tex-121-E. The percentage lime test (lime curve) is to be conducted by an approved testing laboratory prior to the addition of lime to the subgrade. A soil sample shall be made available to the testing laboratory at least ten days prior to application. The lime percentage (lime curve) test shall be paid for by the Owner. The bid schedule is based on 5% lime (by weight) stabilized subgrade at the depth specified in the bid item description. If the lime percentage tests show that less than 5% is to be used then the contractor shall notify the engineer of the difference in writing.

2.02 EQUIPMENT

1. The machinery, tools, and equipment necessary for proper execution of the work shall be on the project and approved by the Engineer prior to the beginning of construction operations. All machinery, tools, and equipment used shall be maintained in a satisfactory and workmanlike manner.

2. Hydrated lime shall be stored and handled in closed weatherproof containers until immediately before distribution on the road. If storage bins are used they shall be

completely enclosed. Hydrated lime in bags shall be stored in weatherproof buildings with adequate protection from ground dampness.

3. If lime is furnished in trucks, each truck shall have the weight of lime certified on public scales.

4. If lime is furnished in bags, each bag shall bear the manufacturer's certified weight. Bags varying more than 5 percent from that weight may be rejected and the average weight of bags in any shipment, as shown by weighing 50 bags taken at random, shall not be less than the manufacturer's certified weight.

PART 3 EXECUTION

3.01 CONSTRUCTION METHODS

A. General. It is the primary requirement of this specification to secure a completed course of treated material containing a uniform lime mixture, free from loose or segregated areas, of uniform density and moisture content, well bound for its full depth and with a smooth surface suitable for placing subsequent courses. It shall be the responsibility of the Contractor to regulate the sequence of his work, to use the proper amount of lime, maintain the work and rework the courses as necessary to meet the above requirements.

The paving areas shall be constructed and shaped to conform to the typical sections, lines and grades as shown on the plans or as established by the Engineer. The material, either before or after lime is added, shall be excavated to the secondary grade (proposed bottom of lime treatment) and removed or windowed to expose the secondary grade. Any wet or unstable materials below the secondary grade shall be corrected, as directed by the Engineer, by scarifying, adding lime, and compacting, or other methods until satisfactory stability is obtained.

If the Contractor elects to use a cutting and pulverizing machine that will remove the subgrade material accurately to the secondary grade and pulverize the material at the same time, he will not be required to expose the secondary grade nor window the material. However, the Contractor shall be required to roll the subgrade, as directed by the Engineer, before using the pulverizing machine and correct any soft areas that this rolling may reveal. These methods will be permitted only where a machine is provided which will insure that the material is cut uniformly to the proper depth and which has cutters that will plane the secondary grade to a smooth surface over the entire width of the cut. The machine shall be of such design that a visible indication is given at all times that the machine is cutting to the proper depth.

B. Application. Lime shall be spread only on that area where the first mixing operations can be completed during the same working day.

The application and mixing of lime with the material shall be accomplished by the methods hereinafter described as "Dry Placing" or "Slurry Placing". When Type A, Hydrated Lime, is specified, the Contractor may use either method, unless otherwise noted on the plans.

1. Dry Placing. The lime shall be spread by an approved spreader or by bag distribution at the rates shown on the plans or as directed by the Engineer.

   The lime shall be distributed at a uniform rate and in such manner as to reduce the scattering of lime by wind to a minimum. Lime shall not be applied when wind conditions, in the opinion of the Engineer, are such that blowing lime becomes objectionable to traffic or adjacent property owners. A motor grader shall not be used to spread the lime.

   The material shall be sprinkled as directed by the Engineer, until the proper moisture content has been secured.

2. Slurry Placing. When Type A Hydrated Lime is specified and slurry placement is to be used, the Type A Hydrated Lime shall be mixed with water to form a slurry of the solids content designated by the Engineer.

   Where Type B, Commercial Lime Slurry is to be used, it shall be of the minimum solids and purity for the applicable grade being used. The distribution of lime at the rates shown on the plans or as directed by the Engineer shall be attained by successive passes over a measured section of roadway until the proper moisture and lime content has been secured.

C. Mixing. The mixing procedure shall be the same for "Dry Placing" or Slurry Placing" as herein described.

The material and lime shall be thoroughly mixed by approved road mixers or other approved equipment, and the mixing continued until, in the opinion of the Engineer, a homogeneous friable mixture of material and lime is obtained, such that when all non-slaking aggregates retained on the 3/4" sieve are removed, the remainder of the material shall meet that following requirements when tested from the roadway in the roadway condition by laboratory sieves:

	Percent
Minimum passing 1 - 3/4" sieve	100%
Minimum passing 3/4" sieve	85%

The soil-time mixture shall be sprinkled during the mixing operation as directed by the Engineer to provide optimum moisture in the mixing.

During the interval of time between application and mixing, hydrated lime that has been exposed to the open air for a period of 6 hours or more or has had excessive loss due to washing or blowing will not be accepted for payment.

D. Compaction. Compaction of the mixture shall begin immediately after final mixing unless approval is obtained from the Engineer. The material shall be aerated or sprinkled as necessary to provide the optimum moisture. Compaction shall begin at the bottom and shall continue until the entire depth of mixture is uniformly compacted by the method of compaction hereinafter specified as the "Density Control" method as indicated on the plans.

If the total thickness of the material to be treated cannot be mixed in one operation, the previously mixed material shall be bladed to a window just beyond the area to be treated and the next layer mixed with lime as specified in Section (C). The first layer of the treated material shall be compacted in such a manner that the treated material will not be mixed with the underlying material.

When the "Density Control" method of compaction is indicated on the plans the following provisions shall apply:

The course shall be sprinkled as required and compacted to the extent necessary to provide the density specified below as determined by the use of the compaction ratio method:

Description	Density, Percent (Standard Proctor)
For lime treated subgrade, existing subbase or existing base that will receive subsequent subbase, base course, or sand cushion.	Not less than 95 except when otherwise shown on plans.

In addition to the requirements specified for density, the full depth of the material shown on the plans shall be compacted to the extent necessary to remain firm and stable under construction equipment. After each section is completed, tests as necessary will be ordered by the Engineer. If the material fails to meet the density requirements, it shall be reworked as necessary to meet these requirements. Throughout this entire operation the shape of the course shall be maintained by blading, and the surface upon completion shall be smooth and in conformity with the typical section shown on the plans and to the established lines and grades. Should the material, due to any reason or cause, lose the required stability, density, and finish before the next course is placed or the work is accepted, it shall be reprocessed and refinished at the expense of the Contractor.

3.02 FINISHING, CURING, & PREPARATION FOR SURFACING

After the final layer of the lime treated subgrade, subbase or base has been compacted, it shall be brought to the required lines and grades in accordance with the typical sections. The completed section shall then be finished by rolling as directed with a pneumatic tire or other suitable roller sufficiently light to prevent hairline cracking. The completed section shall be moist-cured for minimum of 7 days before further courses are added or any traffic is permitted, unless otherwise directed by the Engineer. In cases where subgrade treatment or subbase sets up sufficiently to prevent objectionable damage from traffic, such layers may be opened to construction and/or access traffic, and covered by other courses, the day following compaction, unless otherwise directed by the Engineer. If the plans provide for the treated material to be sealed or covered by other courses of material, such seal or course shall be applied within 14 days after final mixing is completed, unless otherwise directed by the Engineer.

PART 4 MEASUREMENT AND PAYMENTS

Lime treatment of the subgrade, existing subbase, existing base, and salvage pavement and base shall be measured by the square yard to the lines shown on the typical sections.

When Type A Hydrated Lime is used, the quantity of lime shall be measured by the ton of 2,000 pounds, dry weight.

When Type B, Commercial Lime Slurry is used, the quantity of lime will be calculated from the required minimum percent solids based upon the use of Grade 1, Grade 2, or Grade 3 as follows:

Grade 1: The "Dry Solids Content" shall be at least 31% by weight of the slurry and the quantity of lime will be calculated by the ton of 2,000 pounds based on the 31%, as delivered on the road.

Grade 2: The "Dry Solids Content" shall be at least 35% by weight of the slurry and the quantity of lime will be calculated by the ton of 2,000 pounds based on the 35%, as delivered on the road.

Grade 3: The "Dry Solids Content" shall be at least 46% by weight of the slurry and the quantity of lime will be calculated by the tone of 2,000 pounds based on the 46%, as delivered on the road.

END OF SECTION

SECTION 32 01 00

PAVEMENT REPAIR AND RESURFACING

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Repairing and resurfacing streets, highways, driveways, sidewalks, and other pavements that have been cut, broken, or otherwise damaged during construction.

1.02 DELETED

PART 2 PRODUCTS

2.01 MATERIALS

A. Subgrade:

1. Provide backfill material as required by applicable excavation and fill sections of Section 31 23 16.16 - Excavation & Backfill for Structures
2. Provide material for stabilization as required by applicable portions of Section 31 32 13.19 - Lime Treatment for Subgrade and Section 32 11 33 – Cement Treatment (Scarify Road-Mixed).

B. Base: Provide base material as required by applicable portions of Section 32 12 16 - Hot Mix Asphaltic Concrete and Section 32 11 23 - Crushed Limestone Flexible Base.

C. Pavement: Provide paving materials as required by applicable portions of Section 32 12 16 - Hot Mix Asphaltic Concrete, Section 32 13 13 - Concrete Paving and Section 32 16 00 - Concrete Curb and Gutter, Driveways, and Sidewalks.

PART 3 EXECUTION

3.01 PREPARATION

A. Conform to requirement of Section 02 41 00 - Demolition, for removals existing pavements and structures.

B. Saw cut pavement 18 inches wider than width of trench needed to install utilities unless otherwise indicated on Drawings.

C. Protect edges of existing pavement to remain from damage during removals, utility placement, backfill, and paving operations. For concrete pavement, leave and protect minimum of 18 inches of undisturbed subgrade on each side of trench to support replacement slab.

3.02 INSTALLATION

A. Parking Areas, Service Drives, Driveways, and Sidewalks: Replace with material equal to or better than existing or as indicated on Drawings. Conform to applicable requirements of sections referenced in Paragraph 2.01, Materials.

B. Street Pavements and Curbs, Curbs and Gutters: Replace subgrade, base, and surface course with like materials or as indicated on Drawings. Curbs and curbs and gutters shall match existing. Conform to requirements of sections referenced in Paragraph 2.01, Materials.

C. For concrete pavement, install size and length of reinforcing steel and pavement thickness indicated on Drawings. Place types and spacing of joints to match existing or as indicated on Drawings.

D. Where existing pavement consists of concrete pavement with asphaltic surfacing, resurface with minimum 2-inch depth asphaltic pavement.

E. Repair State highway crossings in accordance with TxDOT permit and within 1 week after utility work is installed.

3.03 WASTE MATERIAL DISPOSAL

A. Dispose of waste material in accordance with local and state laws and the responsibility of the Contractor.

3.04 PROTECTION

A. Maintain pavement in good condition until completion of the Work.

B. Replace damaged pavement.

END OF SECTION

Section 32 11 23

AGGREGATE BASE COURSES
(Crushed Limestone Flexible Base)

PART 1 GENERAL

1.01 DESCRIPTION

This item shall govern the materials, placement compaction of Crushed Limestone Base to the lines and grades that are shown on the construction drawings. Crushed Limestone Base thickness for various pavement types are shown on the plans.

1.02 MATERIAL

1. The flexible base shall be Type A Grade 1 by the Texas Department of Transportation "Standard Specifications for Construction and Maintenance of Highways, Streets, and Bridges 2014", Item 247. Meeting in the following requirement:

2. Triaxial Class 1: Min. compressive strength, 45 psi at 0 psi lateral pressure and 175 psi at 15 psi lateral pressure.

RETAINED ON SQUARE SIEVE NUMBER	PERCENT RETAINED
1-3/4" (44 mm)	0
7/8" (22.23 mm)	10-35
3/8" (9.5 mm)	30-50
NUMBER 4 (4.75 mm)	45-65
NUMBER 40 (0.425mm)	70-85

Material passing the Number 40 Sieve shall be known as "Binder Materials" and shall meet the following requirements:

Maximum Liquid Limits (L.L)	=	35
Maximum Plasticity Index (P.I.)	=	10
Wet Ball Mill (max)	=	40
California Bearing Ratio (min.)	=	100

All aggregate retained on the Number 10 Sieve shall be comprised of only crushed limestone.

The Contractor shall not place crushed limestone on the road bed until the Engineer has accepted the shaped and compacted subgrade.

The Contractor must maintain the roadbed free of holes, ruts and depressions and in condition to receive the crushed limestone.

The Contractor upon request shall provide certification that the material supplied meets the above requirements prior to delivery to the job site. Samples for testing of the material must be taken prior to the compaction operations.

1.03 CONSTRUCTION METHODS

The flexible base material shall be placed on the approved subgrade in courses not to exceed six (6) inches compacted depth. It shall be the responsibility of the contractor that the required amount of material be delivered and uniformly spread and shaped. All materials has been cut into the windrows, it shall be sprinkled, spread, shaped, and rolled in proper sequence to prevent segregation and as necessary for required compaction.

The surface on completion shall be smooth and in conformity with typical sections and to the established lines and grades. Any deviation in excess of 1/4 inch in cross-section and in length of 16 feet measured longitudinally shall be corrected.

Flexible base shall be compacted to an apparent dry density of not less than 98 percent of the maximum dry density as determined in accordance with A.S.T.M. Test method D698 (Standard Proctor). Tests for density will be made within 24 hours after compaction operations are completed. If the material fails to meet the density specified, it shall be reworked as necessary to meet the density required. Prior to placing any succeeding course of flexible base or surfacing on a previously completed course the density and moisture of the top three (3) inches of flexible base shall be checked and if the tests show the density to be more than 2 percent below the specified compaction and moisture content, it shall be reworked as necessary the density and moisture required.

The first density and depth test at a specific location will be made by commercial testing laboratory designated by the Owner and said tests shall be paid for the Owner. If the test fails, all other tests at the location shall be paid for by the Contractor, by deducting from the final payment.

END OF SECTION

Section 32 12 16

ASPHALTIC PAVING
(Hot Mix Asphaltic Concrete Pavement)

PART 1 GENERAL

1.01 DESCRIPTION

This item shall consist of a base course, a leveling-up course, a surface course, or any combination of these courses as shown on the plans, each to be composed of a compacted mixture of mineral aggregate and asphaltic material.

The pavement shall be constructed on the previously completed and approved subgrade, base, existing pavement, bituminous surface or in the case of a bridge, on the prepared floor slab, as herein specified and in accordance with the details shown on the plans.

1.02 MATERIAL

Hot Mix Asphaltic Concrete, Type "D" (Fine graded surface course) (Modified). The hot mix asphaltic concrete shall conform to the requirements of the Texas State Department of Highway & Special Provisions 340-115, with anti-stripping agent in accordance with Special Specifications Item 3373. The successful bidder shall submit an asphalt mix design within thirty (30) days prior to installation from a geotechnical laboratory demonstrating that the hot mix asphaltic concrete to be used meets these specifications. The asphalt to be used shall be A.C. 20. Special Modifications to Standard Specification Item 2\340, for this project are as follows:

1. Asphalt Content. Asphaltic Material (AC-20) shall form from 5.0 to 8.0 percent of the mixture by weight.

2. Retained Stability. The paving mixture shall have a retained stability of not less than 70 percent when tested in accordance with ASTM Standard Procedure D1075.

3. Hveem Stability. Hveem stability shall not be less than 30.

4. Aggregate retained on No. 10 Sieve shall be 100% Crushed Limestone.

Tack Coat. "Tack Coat" shall consist of an application of asphaltic material on the existing pavement in accordance with these specifications as directed by the Inspector. The asphalt material for tack coat shall meet the requirement for Cut-Back Asphalt, RC-250, Item 300, "Asphalt, Oils, and Emulsions" of the Texas Highway Department Standard Specifications 2014 Edition.

"Prime Coat" shall consist of an application of asphaltic material on the completed base course and/or other approved areas in accordance with these specifications as directed by the Inspector. The asphalt material for prime coat shall meet the requirement for Cut-Back Asphalt, MC-30, Item 300, "Asphalt, Oils, and Emulsions" of the Texas Highway Department Standard Specifications 2014 Edition.

1.03 CONSTRUCTION METHODS

For Hot Mix Asphaltic Concrete Pavement being placed on Flexible Base Material: When the area and/or base is satisfactory to receive the prime coat, the surface shall be cleaned by sweeping or other approved methods as directed by the Inspector. If directed by the Inspector, the surface shall be lightly sprinkled with water just prior to application of the asphaltic material. The asphaltic material shall be applied on the clean surface by an approved distributor at a rate of 0.2 gallons per square yard of surface, evenly, and smoothly, under a pressure necessary for proper distribution.

For Hot Mix Asphaltic Concrete Pavement being placed on Existing HMAC Material: When the existing pavement is satisfactory to receive the tack coat, the surface shall be cleaned by sweeping or other approved methods as directed by the Inspector. The asphaltic material shall be applied on the clean surface by an approved distributor at a rate not to exceed 0.11 or below 0.05 gallons per square yard of surface, evenly, and smoothly, under a pressure necessary for proper distribution.

During the application of Prime and Tack coat, care shall be taken to prevent splattering of adjacent curb and gutter or structures. Prime and Tack coat shall not be applied when the air temperature is below 60°F and falling, but may be applied when the air temperature is about 50°F and is rising; the air temperature being taken in the shade and away from artificial heat. Asphaltic material shall not be placed when general weather conditions, in the opinion of the Inspector, are not suitable.

Construction methods used in Hot Mix Asphaltic Concrete Pavement shall meet the requirements as set forth in Item 340 "Hot Mix Asphaltic Concrete Pavement" of the DHPT Standard Specification, with the following additions:

If the temperature of the asphaltic mixture of a load of any part of a load becomes less than 225°F or more than 350°F after being dumped from the mixer and prior to passing through the lay-down machine, all or any part of the load may be rejected.

1. Transporting Asphaltic Concrete. The asphaltic mixture, prepared as specified above, shall be hauled to the work in tight vehicles previously cleaned of all foreign material. The dispatching of the vehicles shall be arranged so that all material delivered may be places, and all rolling shall be completed during daylight hours. In cool weather or for long hauls, canvas covers and insulating of the truck bodies may be required. The inside of the truck body may be given a light coating of oil, lime slurry, or other material satisfactory to the Engineer, if necessary, to prevent mixture from adhering to the body.

2. Placing

   a. Generally, the asphaltic mixture shall be dumped and spread on the approved prepared surface with specified spreading and finishing machine, in such manner that when properly compact the finished pavement will be smooth, of uniform density and will meet the requirements of the typical cross sections and the surface tests. During the application of asphaltic material, care shall be taken to prevent splattering of adjacent pavement, curb, gutter and structures.

   b. In placing a level-up course with the spreading and finishing machine, binder twine or cord shall be set to line and grade established by the Engineer. If approved by the Engineer, level-up courses may be spread with a motor grader.

   c. When the asphaltic mixture is placed in a narrow strip along the edge of an existing pavement, or used to level up small areas of an existing pavement or placed in small irregular areas where the use of a finishing machine is not practical, the finishing machine may be eliminated when authorized by the Engineer, provided a satisfactory surface can be obtained by other approved methods.

   d. Flush Structures. Adjacent to flush curbs, gutters, liners, and structures, the surface shall be finished uniformly high so that when compacted it will be slightly above the edge of the curb or flush structure.

3. Conditions for Placement. The asphaltic mixture when placed with a spreading and finishing machine, shall not be placed when the air temperature is below 50°F and is falling, but it may be when the air temperature is above 50°F and is rising. The air temperature shall be taken in the shade away from artificial heat. It is further provided that the asphaltic mixture shall be placed only when the humidity, general weather conditions, and temperature and moisture conditions of the base, in the opinion of the Engineer, are suitable.

4. Compacting

   a. Rolling with the three wheel and tandem rollers shall start longitudinally at the sides and proceed toward the center of the pavement, overlapping on successive trips by at least half the width of the rear wheel unless otherwise directed by the Engineer. Alternative trips of the roller shall be slightly different in length. On super-elevated curves, rolling shall begin at the low side and progress toward the high side unless otherwise directed by the Engineer. Rolling with pneumatic-tire roller shall be done as needed. Rolling shall be continued until no further

compression can be obtained and all roller makers are eliminated. One tandem roller, one pneumatic-tire roller and at least one three wheel roller as specified above shall be provided for each job. If the Contractor elects, he may substitute the three axle tandem roller for the two axle tandem roller and/or the three when roller; but in no case shall less than three rollers be in use on each job. Additional rollers shall be provided if needed. The motion of the roller shall be slow enough at all times to avoid displacement of the mixture. If any displacement occurs, it shall be corrected at once by the use of rakes and of fresh mixtures when required. The roller shall not be allowed to stand on pavement which has not been fully compacted. To prevent adhesion of the surface mixture to the roller, the wheels shall be kept thoroughly moistened with water, but an excess of water will not be permitted. All rollers must be in good mechanical condition. Necessary precautions shall be taken to prevent the dropping of gasoline, oil, grease, or other foreign matter on the pavement, either when the rollers are in operation or when standing.

In lieu of the rolling equipment specified, the Contractor may, upon written permission from the Engineer, operate other compacting equipment that will produce equivalent relative compaction as the specified equipment. If the substituted compaction equipment fails to produce the desired compaction as would be expected of the specified equipment, as determined by the Engineer, its use shall be discontinued.

b. Hand Tamping. The edges of the pavement along curbs, headers, and similar structures, and all places not accessible to the roller, or in such positions as will not allow thorough compaction may be compacted using lightly oiled tamps.

5. Opening to Traffic. The pavement shall be opened to traffic when directed by the Engineer. The Contractor's attention is directed to the fact that all construction traffic allowed on pavement open to public will be subject to the laws governing traffic on Public Roads and Streets.

If the surface ravels or presents a rough appearance, it will be the Contractor's responsibility to correct this condition at his expense. A fog seal and/or sand seal will be applied.

6. Density Test. Acceptance Sampling and Testing of Hot Mix Asphaltic Concrete (Compaction):

Hot Mix Asphaltic Concrete will be accepted for density on a lot basis. A lot will consist of 500 feet of one paving street. One test shall be made for each lot.

Each lot of pavement will be accepted, with respect to density, when the average field density is equal to or greater than 92% of the average maximum theoretical density as determined in accordance with ASTM D2725, and when no individual determination is less than 90% of the average maximum theoretical density. Four field density determinations will be made for each lot. The number of tests will be determined by this specification or by request of the engineer. An asphalt sample specimen shall be provided to the testing laboratory for determining the maximum theoretical density. If heating is necessary, the specimen shall be heated to the lowest temperatures required for proper preparation of the sample.

TABLE 8
SLIDING SCALE PAY FACTORS
(DENSITY BASED ON PERCENT OF MAXIMUM THEORETICAL)

AVERAGE PERCENT DENSITY	RECOMMENDED PERCENT PAYMENT
92% or Above	100
90.0 - 91.9	90 **
Below 90.0	Reject ***

* Average of 4 samples

** If the Owner agrees to accept densities between 90.0-91.9% a seal coat will be required at the costs of the contractor.

*** If the Owner agrees to accept densities below 90.0%, the pay factor for density shall be 50%.

7. Surface Tests. Tests for conformity with the specified crowns and grade shall be made by the Contractor immediately after final rolling. Any variation exceeding the specified tolerances shall immediately be corrected by removing the defective work and replacing with new material, as directed by the Engineer. Any correction required shall be at the sole expense of the Contractor.

For surface course, the finished surface shall not very more than 1/4 inch (6.3mm), when tested with a 16 foot straightedge applied parallel with, or at right angles to, the centerline.

The finished surfaces of hot mix asphaltic concrete shall not vary from the gradeline, elevations and cross sections shown on the plans by more than 1/2 inch (12.7 mm). The Contractor shall correct pavement areas varying in excess of this amount by removing and replacing the defective work. Skin patching shall not be permitted for correction of low areas nor shall be permitted for correction of high areas.

8. Sampling Pavement. Samples for determination of thickness and density of completed pavements shall be obtained by the Owner. The size, number, and locations of the samples will be as directed by the Engineer.

   All tests necessary to determine conformance with the specified requirements will be performed without cost to the Contractor; however, any required retests shall be performed at the Contractor's cost.

   Upon delivery of the Hot Mix Asphaltic Concrete to the site, the Owner will hire a reputable commercial testing laboratory to sample the material and run laboratory tests to verify that the mixture conforms to project specifications (Gradation, Extraction, Hveem Stability and Retained Stability).

END OF SECTION

SECTION 32 16 00

CONCRETE CURBS, GUTTERS, DRIVEWAYS & SIDEWALKS

PART 1 GENERAL

1.01 DESCRIPTION

This guide specification covers the requirements for concrete sidewalks, driveways, and concrete curbs and gutters. Concrete shall be composed of portland cement concrete in accordance with the lines and grades established by the Engineer and in conformance with the details shown on the plans.

1.02 PRODUCTS

CONCRETE: Concrete shall conform to the details in the plans except as otherwise specified. Concrete shall have a minimum compressive strength of 3000 psi at 28 days. Maximum size of aggregate shall be 1-1/2 inches. In climates where freezing is not a factor but where air entrainment is used in local commercial practice to improve the workability and place ability of concrete, concrete having air content percent of 4-1/2 plus or minus 1-1/2 percent may be specified as Contractor's option to non air-entrained concrete. Mixtures may have air content by volume of concrete of 5 to 7 percent, based on measurements made immediately after discharge from the mixer. The desired slump will be inserted. Suggested limits are 3 inches plus or minus 1 inch for hand placed concrete or for slip formed concrete. The concrete slump shall be 3 inches where determined in accordance with ASTM C 143.

JOINT FILLER STRIPS & SEALANTS: Contraction joint filler for curb and gutter shall consist of hard-pressed fiberboard. Joint sealant, cold-applied shall be a rubberized asphalt sealant or equal approved by the engineer.

1.03 CONSTRUCTION METHODS

Placing During Warm Weather: The temperature of the concrete as placed shall not exceed 100 degrees F except where an approved retarder is used. The mixing water and/or aggregates shall be cooled, if necessary, to maintain a satisfactory placing temperature. In no case shall the placing air temperature exceed 103 degrees F.

FORM WORK: Form work shall be designed and constructed to insure that the finished concrete will conform accurately to the indicated dimensions, lines, and elevations, and within the tolerances specified. Forms shall be of wood or steel, straight, of sufficient strength to resist springing during depositing and consolidating concrete. Wood forms shall be surfaced plank, 2-inch nominal thickness, straight and free from warp, twist, loose knots, splits or other defects. Wood forms shall have a nominal length of 10 -12 feet. Radius bends may be formed with 3/4-inch boards, laminated to the required thickness. Steel forms shall be channel-formed sections with a flat top surface and with welded braces at each end and at not less than two intermediate points. Ends of steel forms shall be interlocking and self-aligning. Steel forms shall include flexible forms for radius forming, corner forms, form spreaders, and fillers. Steel forms shall have a **nominal** length of 10 feet with a

minimum of two welded stake pockets per form. Stake pins shall be solid steel rods with chamfered heads and pointed tips designed for use with steel forms.

FORM SETTING: Forms shall be carefully set to the indicated alignment, grade and dimensions. Forms shall be held rigidly in place by a minimum of three stakes per form placed at intervals not to exceed 4 feet. Corners, deep sections, and radius bends shall have additional stakes and braces, as required. Clamps, spreaders, and braces shall be used where required to insure rigidity in the forms. Forms shall be removed without injuring the concrete. Bars or heavy tools shall not be used against the concrete in removing the forms. Any concrete found defective after form removal shall be promptly and satisfactorily repaired. Forms shall be cleaned and coated with form oil each time before concrete is placed. Wood forms may, instead, be thoroughly wetted with water before concrete is placed, except that with probable freezing temperatures, oiling is mandatory. Forms for sidewalks shall be set with the upper edge true to line and grade with an allowable tolerance of 1/8 inch in any 10-foot long section. After forms are set, grade and alignment shall be checked with a 10-foot straightedge. Forms shall have a transverse slope [as indicated] 1/4-inch per foot with the low side adjacent to the roadway. Side forms shall not be removed for 18 hours after finishing has been completed.

CONCRETE PLACEMENT AND FINISHING: Concrete shall be placed in the forms in one layer of such thickness that when consolidated and finished the sidewalks will be of the thickness indicated. After concrete has been placed in the forms, a strike-off guided by side forms shall be used to bring the surface to proper section to be compacted. The concrete shall be consolidated with an approved vibrator, and the surface shall be finished to grade with a wood float, bull float, or darby, edged and broom finished. After straight edging, when most of the water sheen has disappeared, and just before the concrete hardens, the surface shall be finished to a smooth and uniformly fine granular or sandy texture free of waves, irregularities, or tool marks. A scored surface shall be produced by brooming with a fiber-bristle brush in a direction transverse to that of the traffic. All slab edges, including those at formed joints, shall be finished carefully with an edger having a radius of 1/8 inch. Transverse joint shall be edged before brooming, and the brooming shall eliminate the flat surface left by the surface face of the edger. Corners and edges which have crumbled and areas which lack sufficient mortar for proper finishing shall be cleaned and filled solidly with a properly proportioned mortar mixture and then finished. **All slab edges, including those at formed joints, shall be sealed with a rubberized asphalt sealant to control water damage to the subgrade and control of weed and grass growth in the edges and joints.**

Tolerances: Finished surfaces shall not vary more than 1/4 inch from the testing edge of a 10-foot straightedge. Permissible deficiency in section thickness will be up to 1/4 inch.

Expansion Joints: The Expansion joints shall be formed in the fresh concrete by cutting a groove in the top portion of the slab to a depth of at least one-fourth of the sidewalk slab thickness, using a jointer to cut the groove, or by sawing a groove in the hardened concrete with a power-driven saw, unless otherwise approved. Sawed joints shall be constructed by sawing a groove in the concrete with a 1/8-inch blade to the depth indicated. Isolation-joint filler will be required between curbs

that abut the sidewalk longitudinally. Joint filler in expansion joints surrounding structures and features within the sidewalk may consist of performed filler material conforming to ASTM D 1752 or building paper. Isolation joints shall be formed with 3/4 inch fiber board with 3/4 inch joint tack strips. At the end of the curing period, expansion joints shall be carefully cleaned and filled with joint sealer.

CURING AND PROTECTION: Concrete shall be protected against loss of moisture and rapid temperature changes for at least 7 days from the beginning of the curing operation. Unhardened concrete shall be protected from rain and flowing water. All equipment needed for adequate curing and protection of the concrete shall be on hand and ready for use before actual concrete placement begins. Protection shall be provided as necessary to prevent cracking of the pavement due to temperature changes during the curing period.

Protection: Completed concrete shall be protected from damage until accepted. The Contractor shall repair damaged concrete and clean concrete discolored during construction. Concrete that is damaged shall be removed and reconstructed for the entire length between regularly scheduled joints. Refinishing the damaged portion will not be acceptable. Removed damaged portions shall be disposed of as directed.

FIELD QUALITY CONTROL: The Contractor shall perform the inspection and tests described and meet the specified requirements for inspection details and frequency of testing. Based upon the results of these inspections and tests, the Contractor shall take the action and submit reports as required below, and any additional tests to insure that the requirements of these specifications are met.

Strength Testing: The Contractor shall provide molded concrete specimens for strength tests. Samples of concrete placed each day shall be taken not less than once a day nor less than once for every 150 cubic yards of concrete. The samples for strength tests shall be taken in accordance with ASTM C 172. Cylinders for acceptance shall be molded in conformance with ASTM C 31 by an approved testing laboratory. Each strength test result shall be the average of two test cylinders from the same concrete sample tested at 28 days, unless otherwise specified or approved. At least one concrete cylinder should be made to determine an early 7 day strength so further construction can be conducted. Concrete specified on the basis of compressive strength will be considered satisfactory if the averages of all sets of three consecutive strength test results equal or exceed the specified strength, and no individual strength test result falls below the specified strength by more than 500 psi.

Slump Test: One slump tests shall be made on randomly selected batches of each class of concrete for every 150 cubic yards, or fraction thereof, of concrete placed during each shift. All slump tests are to be done on the middle third of the concrete within the concrete truck. Additional tests will be performed when excessive variation in the workability of the concrete is noted or when excessive crumbling or slumping is noticed along the edges of slip-formed concrete. Additional tests can be requested by the engineer or the testing laboratory at any time of the concrete job.

Surface Evaluation: The finished surface of each category of the completed work shall be uniform in color and free of blemishes and form or tool marks. Exposed surfaces of the finished work will be inspected by the Engineer and any deficiencies in appearance will be identified. Areas which exhibit excessive cracking, discoloration, form marks, or tool marks or which are otherwise inconsistent with the overall appearances of the work shall be removed and replaced.

END OF SECTION

SECTION 33 01 10.58

DISINFECTION OF WATER LINES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Disinfection of potable water lines.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No separate payment will be made for disinfection of water lines under this Section. Include cost in unit price of water lines being disinfected.

1.03 REFERENCES

A. AWWA C 651 - Disinfecting Water Mains.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION

3.01 CONDUCTING DISINFECTION

A. Water lines constructed shall be promptly disinfected before any tests are conducted on water lines and before water lines are connected to the Utility Owner's water distribution system.

B. Water for disinfection and flushing will be furnished by the Utility Owner without charge.

C. Unless otherwise provided in Contract Documents, the Contractor will conduct disinfection operations.

D. Coordinate chlorination operations through the Utility Owner.

3.02 PREPARATION

A. Use required temporary blind flanges, cast-iron sleeves, plugs, and other items needed to facilitate disinfection of new mains prior to connection to the Utility Owner's water distribution system. Normally, each valved section of water line requires two each 3/4-inch taps. A 2-inch minimum blow-off is required for water lines up to and including 6-inch diameter.

B. Fire hydrants shall be used as blow-offs to flush newly constructed water lines 8-inch diameter and above. Where fire hydrants are not available on water lines, locations and designs for blow-offs shall be as indicated on Drawings. Install temporary blow-off valves and remove promptly upon successful completion of disinfection and testing.

C. Slowly fill each section of pipe with water in a manner approved by the Utility Owner. Average water velocity when filling pipeline should be less than one foot per second and shall not, under any circumstance, exceed 2 feet per second. Before beginning disinfection operations, expel air from pipeline.

D. Excavations shall be backfilled immediately after installation of risers or blow-offs.

E. Install blow-off valves at end of main to facilitate flushing of dead-end water mains. Install permanent blow-off valves according to Drawings.

3.03 DISINFECTION BY UTILITY PERSONNEL

A. Correct problems that may prevent disinfection operations prior to performing disinfection work. When disinfection work cannot be performed due to covered up valves, missing valve stacks, inoperative fire hydrants or other nonconforming construction, a charge will be levied against Contractor for each trip made by the Utility Owner.

B. Notify and coordinate with the Utility Owner a minimum of 48 hours before disinfection work is to be performed. Assist the Utility personnel during disinfection operations.

3.04 DISINFECTION BY CONTRACTOR

A. The following procedure will be used when disinfection by Contractor is required by Contract Documents:

1. Use not less than 100 parts of chlorine per million parts of water.

2. Introduce chlorinating material to water lines in accordance with AWWA C 651.

3. After contact period of not less than 24 hours, flush system with clean water until residual chlorine is no greater than 1.0 part per million parts of water.

4. Open and close valves in lines being sanitized several times during contact period.

5. If a chemical compound is used for a sterilizing agent, it shall be placed in pipes as directed by the Utility Owner.

3.05 BACTERIOLOGICAL TESTING

A. After disinfection and flushing of water lines, bacteriological tests will be performed by the Utility or testing laboratory in accordance with Section 01 45 29 - Testing Laboratory Services. If test

results indicate need for additional disinfection of water lines based upon Texas Department of Health requirements, assist the Utility with additional disinfection operations.

3.06 COMPLETION

A. Upon completion of disinfection and testing, remove risers except those approved for use in subsequent hydrostatic testing, and backfill excavation promptly.

END OF SECTION

SECTION 33 05 05.31

HYDROSTATIC TESTING OF PIPELINES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Field hydrostatic testing of newly installed water pipelines.

B. Specifications identify requirements for both small-diameter (less than or equal to 20 inches) water mains and large-diameter (greater than 20 inches) water mains. When specifications for large-diameter water mains differ from those for small- diameter water mains, paragraphs for large-diameter mains will govern for large-diameter pipe.

1.02 MEASUREMENT AND PAYMENT

A. No payment will be made for hydrostatic testing of pipelines under this Section. Include cost in unit price of pipelines being tested.

PART 2 PRODUCTS - Not Used

PART 3 EXECUTION

3.01 PREPARATION

A. Disinfect water system pipelines prior to hydrostatic testing.

B. Hydrostatically test newly installed water pipelines after disinfection, if required, and before connecting to Owner's water distribution system.

C. Water for testing will be charged to Contractor in accordance with the Owner's Rules. Prior to hydrostatic testing, Contractor's meter shall be tested and approved by the Owner.

D. For large-diameter water mains, test pipelines in lengths between valves, or plugs, of not more than 4400 feet.

E. Small-diameter pipelines shall be tested in lengths between valves, or plugs, of not more than 2800 feet.

F. Conduct hydrostatic tests in presence of a representative from the Owner.

3.02 TEST PROCEDURES

A. Furnish, install, and operate connections, pump, meter and gages necessary for hydrostatic testing.

B. Allow pipeline to sit a minimum of 24 hours from time it is initially disinfected until testing begins, to allow pipe wall or lining material to absorb water. Periods of up to 7 days may be required for mortar lining to become saturated.

C. For small-diameter pipelines, expel air and apply a minimum test pressure of 150 psi. For large-diameter water mains, expel air and apply a minimum test pressure of 150 psi.

D. Begin test by 4:00 p.m. unless otherwise approved by the Owner. Maintain test pressure until 8 a.m. the following morning. If a large quantity of water is required to maintain pressure during test, testing shall be discontinued until cause of water loss is identified and corrected.

E. Keep valves inside pressure reducing stations closed during hydrostatic pressure test.

3.03 ALLOWABLE LEAKAGE FOR WATER MAINS

A. During hydrostatic tests, no leakage will be allowed for sections of water mains consisting of welded joints.

B. Maximum Pressure Loss: A maximum of 5-psi pressure loss over a 16-hour period is allowed. If this pressure requirement is failed 3 (three) times, use the AWWA Standard C600 Section 4 "Hydrostatic Testing" latest revision.

3.04 CORRECTION FOR FAILED TESTS

A. Repair joints showing visible leaks on surface regardless of total leakage shown on test. Check valves and fittings to ensure that no leakage occurs that could affect or invalidate test. Remove any cracked or defective pipes, fittings, and valves discovered during pressure test and replace with new items.

B. The Owner may require failed lines to be disinfected after repair and prior to retesting. Conduct and pay for subsequent disinfection operations in accordance with requirements of Section 33 13 00 - Disinfection of Water Lines. Contractor shall pay for water required for additional disinfection and retesting.

C. Repeat test until satisfactory results are obtained.

3.05 COMPLETION

A. Upon satisfactory completion of testing, remove risers remaining from disinfection and hydrostatic testing, and backfill excavation promptly.

END OF SECTION

SECTION 33 05 16
CONCRETE FOR UTILITY CONSTRUCTION

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Cast-in-place concrete work for utility construction or rehabilitation, such as slabs on grade, small vaults, site-cast bases for precast units, and in-place liners for manhole rehabilitation.

1.04 SUBMITTALS

A. Conform to Section 01 33 00 - Submittal Procedures.

B. Submit proposed mix design and test data for each type and strength of concrete in the Work.

C. Submit laboratory reports prepared by an independent testing laboratory stating that materials used comply with requirements of this Section.

D. Submit manufacturer's mill certificates for reinforcing steel. Provide specimens for testing when required by the Engineer.

E. Submit certification from concrete supplier that materials and equipment used to produce and deliver concrete comply with this Specification.

F. When required on Drawings, submit shop drawings showing reinforcement type, quantity, size, length, location, spacing, bending, splicing, support, fabrication details, and other pertinent information.

G. For waterstops, submit product information sufficient to indicate compliance with this Section, including manufacturer's descriptive literature and specifications.

1.05 HANDLING AND STORAGE

A. Cement: Store cement off of the ground in a well ventilated, weatherproof building.

B. Aggregate: Prevent mixture of foreign materials with aggregate and preserve gradation of aggregate.

C. Reinforcing Steel: Store reinforcing steel to protect it from mechanical injury and formation of rust. Protect epoxy-coated steel from damage to the coating.

PART 2 PRODUCTS

2.01 CONCRETE MATERIALS

A. Cementitious Material:

1. Portland Cement: ASTM C 150, Type II, unless the use of Type III is authorized by the Engineer; or ASTM C 595, Type IP. For concrete in contact with sewage use Type II cement.
2. When aggregates are potentially reactive with alkalis in cement, use cement not exceeding 0.6 percent alkali content in the form of $Na_2O + 0.658K_2O$.

B. Water: Clean, free from harmful amounts of oils, acids, alkalis, or other deleterious substances, and meeting requirements of ASTM C 94.

C. Aggregate:

1. Coarse Aggregate: ASTM C 33. Unless otherwise indicated, use the following ASTM standard sizes: No. 357 or No. 467; No. 57 or No. 67, No. 7. Maximum size: Not larger than 1/5 of the narrowest dimension between sides of forms, nor larger than 3/4 of minimum clear spacing between reinforcing bars.
2. Fine Aggregate: ASTM C 33.

3. Determine the potential reactivity of fine and coarse aggregate in accordance with the Appendix to ASTM C 33.

D. Air Entraining Admixtures: ASTM C 260.

E. Chemical Admixtures:

1. Water Reducers: ASTM C 494, Type A.
2. Water Reducing Retarders: ASTM 494, Type D.
3. High Range Water Reducers (Superplasticizers): ASTM C 494, Types F and G.

F. Prohibited Admixtures: Admixtures containing calcium chloride, thiocyanate, or materials that contribute free chloride ions in excess of 0.1 percent by weight of cement.

G. Reinforcing Steel:

1. Use new billet steel bars conforming to ASTM A 615, ASTM A 767, or ASTM A 775, grade 40 or grade 60, as shown on Drawings. Use deformed bars except where smooth bars are specified. When placed in work, keep steel free of dirt, scale, loose or flaky rust, paint, oil or other harmful materials.
2. Where shown, use welded wire fabric with wire conforming to ASTM A 185 or ASTM A 884. Supply the gauge and spacing shown, with longitudinal and transverse wires electrically welded together at points of intersection with welds strong enough not to be broken during handling or placing.
3. Wire: ASTM A 82. Use 16-1/2 gauge minimum for tie wire, unless otherwise indicated.

H. Fiber:

1. Fibrillated Polypropylene Fiber:
   a. Addition Rate: 1.5 pounds of fiber per cubic yard of concrete.
   b. Physical Properties:
      1) Material: Polypropylene.
      2) Length: 1/2 inch or graded
      3) Specific Gravity: 0.9l.
   c. Acceptable Manufacturer: W. R. Grace Company, Fibermesh, or approved equal.
2. Steel Fiber: Comply with applicable provisions of ACI 544 and ASTM A 820.
   a. Ratio: 50 to 200 pounds of fiber per cubic yard of concrete.
   b. Physical Properties
      1) Material: Steel.
      2) Aspect Ratio (for fiber lengths of 0.5 to 2.5 inch, length divided by diameter or equivalent diameter): 30:1 to 100:1.
      3) Specific Gravity: 7.8.
      4) Tensile Strength: 40-400 ksi.
      5) Young's Modulus: 29,000 ksi.
      6) Minimum Average Tensile Strength: 50,000 psi.

7) Bending Requirements: Withstand bending around 0.125-inch diameter mandrel to an angle of 90 degrees, at temperatures not less than 60 degrees F, without breaking.

I. Curing Compounds: Type 2 white pigmented liquid membrane-forming compounds conforming to ASTM C 309.

2.02 FORMWORK MATERIALS

A. Lumber and Plywood: Seasoned and of good quality, free from loose or unsound knots, knot holes, twists, shakes, decay and other imperfections which would affect strength or impair the finished surface of concrete. Use S4S lumber for facing or sheathing. Forms for bottoms of caps: At least 2 inch (nominal) lumber, or 3/4 inch form plywood backed adequately to prevent misalignment. For general use, provide lumber of 1 inch nominal thickness or form plywood of approved thickness.

B. Formwork for Exposed Concrete Indicated to Receive Rubbed Finish: Form or form lining surfaces free of irregularities; plywood of 1/4 inch minimum thickness, preferably oiled at the mill.

C. Chamfer Strips and Similar Moldings: Redwood, cypress, or pine that will not split when nailed and which can be maintained to true line. Use mill cut molding dressed on all faces.

D. Form Ties: Metal or fiberglass of approved type with tie holes not larger than 7/8 inch in diameter. Do not use wire ties or snap ties.

E. Metal Forms: Clean and in good condition, free from dents and rust, grease, or other foreign materials that tend to disfigure or discolor concrete in a gauge and condition capable of supporting concrete and construction loads without significant distortion. Countersink bolt and rivet heads on facing sides. Use only metal forms which present a smooth surface and which line up properly.

2.03 PRODUCTION METHODS

A. Use either ready-mixed concrete conforming to requirements of ASTM C 94, or concrete produced by volumetric batching and continuous mixing in accordance with ASTM C 685.

2.04 MEASUREMENT OF MATERIALS

A. Measure dry materials by weight, except volumetric proportioning may be used when concrete is batched and mixed in accordance with ASTM C 685.

B. Measure water and liquid admixtures by volume.

2.05 DESIGN MIX

A. Use design mixes prepared by a certified testing laboratory in accordance with ASTM C 1077 and conforming to requirements of this section.

B. Proportion concrete materials based on ACI 211.1 to comply with durability and strength requirements of ACI 318, Chapters 4 and 5, and this specification. Prepare mix design of Class A concrete so minimum cementitious content is 564 pounds per cubic yard. Submit concrete mix designs to the Engineer for review.

C. Proportioning on the basis of field experience or trial mixtures in accordance with requirements at Section 5.3 of ACI 318 may be used, if approved by the Engineer.

D. Classification:

CLASS	TYPE	MINIMUM COMPRESSIVE STRENGTH (LBS/SQ. IN.)		MAXIMUM W/C RATIO	AIR CONTENT (PERCENT)	CONSISTENCY RANGE IN SLUMP (INCHES)
		7-DAY	28-DAY			
A	Structural	3200	4000	0.45	4± 1	2 to 4*
B	Pipe Block Fill, Thrust Block	2400	3000	----	4± 1	5 to 7
*When ASTM C 494, Type F or Type G admixture is used to increase workability, this range may be 6 to 9.						

E. Add steel or polypropylene fibers only when called for on the Drawings or in another section of these Specifications.

F. Determine air content in accordance with ASTM C 138, ASTM C 173 or ASTM C 231.

G. Use of Concrete Classes: Use classes of concrete as indicated on the Drawings and other Specifications. Use Class B for non-reinforced concrete used for plugging pipes, seal slabs, thrust blocks, trench dams, and concrete fill unless indicated otherwise. Use Class A for all other applications.

2.06 PVC WATERSTOPS

A. Extrude from virgin polyvinyl chloride elastomer. Use no reclaimed or scrap material. Submit waterstop manufacturer's current test reports and manufacturer's written certification that the material furnished meets or exceeds Corps of Engineers Specification CRD-C572 and other specified requirements.

B. Flat Strip and Center-Bulb Waterstops:

1. Thickness: not less than 3/8 inch
2. Acceptable Manufacturers:
   a. Kirkhill Rubber Co., Brea, California
   b. Water Seals, Inc., Chicago, Illinois
   c. Progress Unlimited, Inc., New York, New York
   d. Greenstreak Plastic Products Co., St. Louis, Missouri
   e. Approved equal.

2.07 RESILIENT WATERSTOP

A. Resilient Waterstop: Where shown on the Drawings; either a bentonite- or adhesive-type material.

B. Bentonite Waterstop:

1. Material: 75 percent bentonite, mixed with butyl rubber-hydrocarbon containing less than 1.0 percent volatile matter, and free of asbestos fibers or asphaltics.
2. Manufacturer's rated temperature ranges: For application, 5 to 125 degrees F; in service, -40 to 212 degrees F.
3. Cross-sectional dimensions, unexpanded waterstop: 1 inch by 3/4 inch.
4. Provide with adhesive backing capable of producing excellent adhesion to concrete surfaces.

C. Adhesive Waterstop:

1. Preformed plastic adhesive waterstop at least 2 inches in diameter.
2. Meets or exceeds requirements of Federal Specification SS S-210A.
3. Supplied wrapped completely by a 2-part protective paper.
4. Submit independent laboratory tests verifying that the material seals joints in concrete against leakage when subjected to a minimum of 30 psi water pressure for at least 72 hours.
5. Provide primer, to be used on hardened concrete surfaces, from the same manufacturer who supplies the waterstop material.
6. Acceptable Manufacturer: Synko-Flex Preformed Plastic Adhesive Waterstop, Synko-Flex Products, Inc.; or approved equal.

PART 3 EXECUTION

3.01 FORMS AND SHORING

A. Provide mortar tight forms sufficient in strength to prevent bulging between supports. Set and maintain forms to lines designated such that finished dimensions of structures are within the tolerances specified in ACI 117. Construct forms to permit removal without damage to concrete. Forms may be given slight draft to permit ease of removal. Provide adequate cleanout openings. Before placing concrete, remove extraneous matter from within forms.

B. Install rigid shoring having no excessive settlement or deformation. Use sound timber in shoring centering. Shim to adjust and tighten shoring with hardwood timber wedges.

C. Design Loads for Horizontal Surfaces of Forms and Shoring: Minimum fluid pressure, 175 pounds per cubic foot; live load, 50 pounds per square foot. Maximum unit stresses: 125 percent of allowable stresses used for form materials and for design of support structures.

D. Back formwork with a sufficient number of studs and wales to prevent deflection.

E. Re oil or lacquer the liner on the job before using. Facing may be constructed of 3/4 inch plywood made with waterproof adhesive backed by adequate studs and wales. In such cases, form lining will not be required.

F. Unless otherwise indicated, form outside corners and edges with triangular 3/4-inch chamfer strips (measured on sides).

G. Remove metal form ties to depth of at least 3/4 inch from surface of concrete. Do not burn off ties. Do not use pipe spreaders. Remove spreaders which are separate from forms as concrete is being placed.

H. Treat facing of forms with approved form coating before concrete is placed. When directed by Engineer, treat both sides of face forms with coating. Apply coating before reinforcement is placed. Immediately before the concrete is placed, wet surface of forms which will come in contact with concrete.

3.02 PLACING REINFORCEMENT

A. Place reinforcing steel accurately in accordance with approved Drawings. Secure steel adequately in position in forms to prevent misalignment. Maintain reinforcing steel in place using approved concrete and hot dip galvanized metal chairs and spacers. Place reinforcing steel in accordance with CRSI Publication "Placing Reinforcing Bars." Request inspection of reinforcing steel by the inspector and obtain acceptance before concrete is placed.

B. Minimum spacing center to center of parallel bars: 2 1/2 times nominal bar diameter. Minimum cover measured from surface of concrete to face of reinforcing bar unless shown otherwise on the Drawings: 3 inches for surfaces cast against soil or subgrade, 2 inches for other surfaces.

C. Detail bars in accordance with ACI 315. Fabricate reinforcing steel in accordance with CRSI Publication MSP-1, "Manual of Standard Practice." Bend reinforcing steel to required shape while steel is cold. Excessive irregularities in bending will be cause for rejection.

D. Do not splice bars without written approval of the Engineer. Approved bar bending schedules or placing drawings constitute written approval. Splice and development length of bars shall conform to ACI 318, Chapters 7 and 12, and as shown on Drawings. Stagger splices or locate at points of low tensile stress.

3.03 EMBEDDED ITEMS

A. Install conduit and piping as shown on Drawings. Accurately locate and securely fasten conduit, piping, and other embedded items in forms.

B. Install waterstops as specified in other sections and according to manufacturer's instructions. Securely position waterstops at joints as indicated on Drawings. Protect waterstops from damage or displacement during concrete placing operations.

3.04 BATCHING, MIXING AND DELIVERY OF CONCRETE

A. Measure, batch, mix, and deliver ready-mixed concrete in accordance with ASTM C 94, Sections 8 through 11. Produce ready-mixed concrete using an automatic batching system as described in NRMCA Concrete Plant Standards, Part 2 - Plant Control Systems.

B. Measure, mix and deliver concrete produced by volumetric batching and continuous mixing in accordance with ASTM C 685, Sections 6 though 8.

C. Maintain concrete workability without segregation of material and excessive bleeding. Obtain approval of the Engineer before adjustment and change of mix proportions.

D. Ready-mixed concrete delivered to the site shall be accompanied by batch tickets providing the information required by ASTM C 94, Section 16. Concrete produced by continuous mixing shall be accompanied by batch tickets providing the information required by ASTM C 685, Section 14.

E. When adverse weather conditions affect quality of concrete, postpone concrete placement. Do not mix concrete when air temperature is at or below 40 degrees F and falling. Concrete may be mixed when temperature is 35 degrees F and rising. Take temperature readings in the shade, away from artificial heat. Protect concrete from temperatures below 32 degrees F until the concrete has cured for a minimum of 3 days at 70 degrees F or 5 days at 50 degrees F.

F. Clean, maintain and operate equipment so that it thoroughly mixes material as required.

G. Hand-mix only when approved by the Engineer.

3.05 PLACING CONCRETE

A. Give sufficient advance notice to the Engineer (at least 24 hours prior to commencement of operations) to permit inspection of forms, reinforcing steel, embedded items and other preparations for placing concrete. Place no concrete prior to the Engineer's approval.

B. Schedule concrete placing to permit completion of finishing operations in daylight hours. However, if necessary to continue after daylight hours, light the site as required. If rainfall occurs after placing operations are started, provide covering to protect the work.

C. Use troughs, pipes and chutes lined with approved metal or synthetic material in placing concrete so that concrete ingredients are not separated. Keep chutes, troughs and pipes clean and free from coatings of hardened concrete. Allow no aluminum material to be in contact with concrete.

D. Limit free fall of concrete to 4 feet. Do not deposit large quantities of concrete at one location so that running or working concrete along forms is required. Do not jar forms after concrete has taken an initial set; do not place any strain on projecting reinforcement or anchor bolts.

E. Use tremies for placing concrete in walls and similar narrow or restricted locations. Use tremies made in sections, or provide in several lengths, so that outlet may be adjusted to proper height during placing operations.

F. Place concrete in continuous horizontal layers approximately 12 inches thick. Place each layer while layer below is still plastic.

G. Compact each layer of concrete with concrete spading implements and mechanical vibrators of approved type and adequate number for the size of placement. When immersion vibrators cannot be used, use form vibrators. Apply vibrators to concrete immediately after depositing. Move the vibrator vertically through the layer of concrete just placed and several inches into plastic layer below. Do not penetrate or disturb layers previously placed which have partially set. Do not use vibrators to aid lateral flow concrete. Closely supervise consolidation to ensure uniform insertion and duration of immersion.

H. Handling and Placing Concrete: Conform to ACI 302.1R, ACI 304R and ACI 309R.

3.06 WATERSTOPS

A. Embed waterstops in concrete across joints as shown. Waterstops shall be continuous for the extent of the joint; make splices necessary to provide such continuity in accordance with manufacturer's instructions. Support and protect waterstops during construction operations; repair or replace waterstops damaged during construction.

B. Install waterstops in concrete on one side of joints, leaving other side exposed until the next pour. When a waterstop will remain exposed for 2 days or more, shade and protect the exposed waterstop from direct rays of the sun during the entire exposure and until the exposed portion of the waterstop is embedded in concrete.

C. Splicing PVC Waterstops:

1. Splice waterstops by heat-sealing adjacent waterstop sections in accordance with the manufacturer's printed instructions.
2. Butt end-to-end joints of two identical waterstop sections may be made in the forms during placement of waterstop material.
3. Prior to placement in formwork, prefabricate waterstop joints involving more than two ends to be joined together, an angle cut, an alignment change, or the joining of two dissimilar waterstop sections, allowing not less than 24-inch long strips of waterstop material beyond the joint. Upon inspection and approval by the Engineer, install prefabricated waterstop joint assemblies in formwork, and butt-weld ends of the 24-inch strips to the straight-run portions of waterstop in the forms.

D. Setting PVC Waterstops:

1. Correctly position waterstops during installation. Support and anchor waterstops during progress of the work to ensure proper embedment in concrete and to prevent folding over of the waterstop by concrete placement. Locate symmetrical halves of waterstops equally between concrete pours at joints, with center axis coincident with joint openings. Thoroughly work concrete in joint vicinity for maximum density and imperviousness.
2. Where a waterstop in a vertical wall joint does not connect with any other waterstop, and is not intended to be connected to a waterstop in a future concrete placement, terminate the waterstop 6 inches below the top of the wall.

E. Replacement of Defective Field Joints:

Replace waterstop field joints showing evidence of misalignment, offset, porosity, cracks, bubbles, inadequate bond or other defects with products and joints complying to the Specifications.

F. Resilient Waterstop:

1. Install resilient waterstop in accordance with manufacturer's instructions and recommendations.
2. When requested by the Engineer, provide technical assistance by manufacturer's representative in the field at no additional cost to the Owner.
3. Use resilient waterstop only where complete confinement by concrete is provided; do not use in expansion or contraction joints.
4. Where resilient waterstop is used in combination with PVC waterstop, lap resilient waterstop a minimum of 6 inches and place in contact with the PVC waterstop. Where crossing PVC at right angles, melt PVC ribs to form a smooth joining surface.
5. At the free top of walls without connecting slabs, stop the resilient waterstop and grooves (where used) 6 inches from the top in vertical wall joints.
6. Bentonite Waterstop:
   a. Locate bentonite waterstop as near as possible to the center of the joint and extend continuous around the entire joint. Minimum distance from edge of waterstop to face of member: 5 inches.
   b. Where thickness of concrete member to be placed on bentonite waterstop is less than 12 inches, place waterstop in grooves at least 3/4 inch deep and 1-1/4 inches wide formed or ground into concrete. Minimum distance from edge of waterstop placed in groove to face of member: 2.5 inches.
   c. Do not place bentonite waterstop when waterstop material temperature is below 40 degrees F. Waterstop material may be warmed so that it remains above 40 degrees F during placement but means used to warm it shall in no way harm the material or its properties. Do not install waterstop where air temperature falls outside manufacturer's recommended range.
   d. Place bentonite waterstop only on smooth and uniform surfaces; grind concrete smooth if necessary to produce satisfactory substrate, or bond waterstop to irregular surfaces using an epoxy grout which completely fills voids and irregularities beneath the waterstop material. Prior to installation, wire brush the concrete surface to remove laitance and other substances that may interfere with bonding of epoxy.
   e. In addition to the adhesive backing provided with the waterstop, secure bentonite waterstop in place with concrete nails and washers at 12-inch maximum spacing.

7. Adhesive Waterstop:
   a. With a wire brush thoroughly clean the concrete surface on which the waterstop is to be placed and then coat with primer.
   b. If the surface is too rough to allow the waterstop to form a complete contact, grind to form an adequately smooth surface.
   c. Install the waterstop with the top protective paper left in place. Overlap joints between strips a minimum of 1 inch and cover back over with protective paper.
   d. Do not remove protective paper until just before final formwork completion. Concrete shall be placed immediately. The time that the waterstop material is uncovered prior to concrete placement shall be minimized and shall not exceed 24 hours.

3.07 CONSTRUCTION JOINTS

A. Definitions:
   1. Construction joint: Contact surface between plastic (fresh) concrete and concrete that has attained initial set.
   2. Monolithic: Manner of concrete placement to reduce or eliminate construction joints; joints other than those indicated on Drawings will not be permitted without written approval of Engineer. Where so approved, make additional construction joints with details equivalent to those indicated for joints in similar locations.
   3. Preparation for Construction Joints: Roughen surface of concrete previously placed, leaving some aggregate particles exposed. Remove laitance and loose materials by sandblasting or high-pressure water blasting. Keep surface wet for several hours prior to placing of plastic concrete.

3.08 CURING

A. Comply with ACI 308. Cure by preventing loss of moisture, rapid temperature change and mechanical injury for a period of 7 curing days when Type II or IP cement has been used and for 3 curing days when Type III cement has been used. Start curing as soon as free water has disappeared from the concrete surface after placing and finishing. A curing day is any calendar day in which the temperature is above 50 degrees F for at least 19 hours. Colder days may be counted if air temperature adjacent to concrete is maintained above 50 degrees F. In continued cold weather, when artificial heat is not provided, removal of forms and shoring may be permitted at the end of calendar days equal to twice the required number of curing days. However, leave soffit forms and shores in place until concrete has reached the specified 28-day strength, unless directed otherwise by the Engineer.

B. Cure formed surfaces not requiring rubbed finished surface by leaving forms in place for the full curing period. Keep wood forms wet during the curing period. Add water as needed for other types of forms. Or, at Contractor's option, forms may be removed after 2 days and curing compound applied.

C. Rubbed Finish:
   1. At formed surfaces requiring rubbed finish, remove forms as soon as practicable without damaging the surface.
   2. After rubbed finish operations are complete, continue curing formed surfaces by using either approved curing/sealing compounds or moist cotton mats until normal curing period is complete.

D. Unformed Surfaces: Cure by membrane curing compound method.
   1. After concrete has received a final finish and surplus water sheen has disappeared, immediately seal surface with a uniform coating of approved curing compound, applied at the rate of coverage recommended by manufacturer or as directed by the Engineer. Do not apply less than 1 gallon per 180 square feet of area. Provide satisfactory means to properly control and check rate of application of the compound.
   2. Thoroughly agitate the compound during use and apply by means of approved mechanical power pressure sprayers equipped with atomizing nozzles. For application on small miscellaneous items, hand-powered spray equipment may be used. Prevent loss of compound between nozzle and concrete surface during spraying operations.
   3. Do not apply compound to a dry surface. If concrete surface has become dry, thoroughly moisten surface immediately prior to application. At locations where coating shows discontinuities, pinholes or other defects, or if rain falls on a newly coated surface before film has dried sufficiently to resist damage, apply an additional coat of compound at the specified rate of coverage.

3.09 REMOVAL OF FORMS AND SHORING

A. Remove forms from surfaces requiring rubbing only as rapidly as rubbing operation progresses. Remove forms from vertical surfaces not requiring rubbed finish when concrete has aged for the required number of curing days. When curing compound is used, do not remove forms before 2 days after concrete placement.

B. Leave soffit forms and shores in place until concrete has reached the specified 28-day strength, unless directed otherwise by the Engineer.

3.10 DEFECTIVE WORK

A. Immediately repair any defective work discovered after forms have been removed. If concrete surface is bulged, uneven, or shows excess honeycombing or form marks which cannot be repaired satisfactorily through patching, remove and replace the entire section.

3.11 FINISHING

A. Patch honeycomb, minor defects and form tie holes in concrete surfaces with cement mortar mixed one part cement to two parts fine aggregate. Repair defects by cutting out unsatisfactory material and replacing with new concrete, securely keyed and bonded to existing concrete. Finish to make junctures between patches and existing concrete as inconspicuous as possible. Use a stiff mixture and thoroughly tamp into place. After each

patch has stiffened sufficiently to allow for greatest portion of shrinkage, strike off mortar flush with the surface.

B. Apply a rubbed finish to exposed surfaces of formed concrete structures as noted on Drawings. After pointing has set sufficiently, wet the surface with a brush and perform first surface rubbing with No. 16 carborundum stone, or approved equal. Rub sufficiently to bring surface to paste, to remove form marks and projections, and to produce a smooth, dense surface. Add cement to form surface paste as necessary. Spread or brush material, which has been ground to paste, uniformly over surface and allow to reset. In preparation for final acceptance, clean surfaces and perform final finish rubbing with No. 30 carborundum stone or approved equal. After rubbing, allow paste on the surface to reset; then wash surface with clean water. Leave structure with a clean, neat and uniform appearing finish.

C. Apply a wood float finish to concrete slabs.

3.12 FIELD QUALITY CONTROL

A. Testing shall be performed under provisions of Section 01 45 29 - Testing Laboratory Services.

B. Unless otherwise directed by Engineer, the following minimum testing of concrete is required. Testing shall be performed by qualified individuals employed by an approved independent testing agency, and conform to the requirements of ASTM C 1077.

1. Take concrete samples in accordance with ASTM C 172.
2. Make one set of four compression test specimens for each mix design at least once per day and for each 150 cubic yards or fraction thereof. Make, cure and test the specimens in accordance with ASTM C 31 and ASTM C 39.
3. When taking compression test specimens, test each sample for slump according to ASTM C 143, for temperature according to ASTM C 1064, for air content according to ASTM C 231, and for unit weight according to ASTM C 138.
4. Inspect, sample and test concrete in accordance with ASTM C 94, Section 13, 14, and 15, and ACI 311-5R.

C. Test Cores: Conform to ASTM C 42.

D. Testing High Early Strength Concrete: When Type III cement is used in concrete, the specified 7-day and 28-day compressive strengths shall be applicable at 3 and 7 days, respectively.

E. If 7 day or 3 day test strengths (as applicable for type of cement being used) fail to meet established strength requirements, extended curing or resumed curing on those portions of structure represented by test specimens may be required. If additional curing fails to produce the required strength, strengthening or replacement of portions of structure which fail to develop required strength may be required by the Engineer, at no additional cost to the Owner.

3.13 PROTECTION

A. Protect concrete against damage until final acceptance by the Owner.

B. Protect fresh concrete from damage due to rain, hail, sleet, or snow. Provide such protection while the concrete is still plastic, and whenever such precipitation is imminent or occurring.

C. Do not backfill around concrete structures or subject them to design loadings until components of the structure needed to resist the loading are complete and have reached the specified 28-day compressive strength, except as authorized otherwise by the Engineer.

END OF SECTION

SECTION 33 05 33
POLYETHYLENE WRAP

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Polyethylene wrap to be used in open-cut construction for galvanized steel, cast iron and ductile iron pipe, valves, and fittings when cathodic protection system is not required by Drawings.

1.02 MEASUREMENT AND PAYMENT

A. There shall be no separate payment for work covered under this section. All costs associated with this item shall be included as subsidiary to other items included in the bid schedule.

1.03 REFERENCE

A. ASTM D 1248 - Polyethylene Plastics Molding and Extrusion Materials.

B. AWWA C 105 - Polyethylene Encasement for Ductile-Iron Piping for Water and Other Liquids.

1.03 SUBMITTALS

A. Submit product data in accordance with Section 01 33 00 - Submittal Procedures.

PART 2 EXECUTION

2.01 MATERIALS

A. Polyethylene Film: Tubular or sheet form without tears, breaks, holidays, or defects; conforming with requirements of AWWA C 105, 2.5 to 3 percent carbon black content, either low- or high-density:

1. High-density, cross-laminated polyethylene film. High-density, cross laminated polyethylene film shall be manufactured of virgin polyethylene material conforming to the following requirements of ASTM D 1248

a. Raw material.
(1) Type: III
(2) Class: C (black)
(3) Grade: P33
(4) Flow rate (formerly melt index): 0.4 to 0.5g/10 minute, maximum
(5) Dielectric strength: Volume resistivity, 10^{15} ohm-cm, minimum

b. Physical properties.
(1) Tensile strength: 5000 psi, minimum
(2) Elongation: 100 percent, minimum
(3) Dielectric strength: 800 V/mil thickness, minimum

c. Thickness: Film shall have a nominal thickness of 0.004 inch. The minus tolerance of thickness is 10 percent of the nominal thickness.

B. Polyethylene Tape: Provide 3-inch-wide, plastic-backed, adhesive tape; Paleocene No. 900, Scotchwrap No. 50, or approved equal.

PART 3 EXECUTION

3.01 PREPARATION

A. Remove all soil, clay, mud, and cinders from metal surfaces prior to installation of polyethylene encasement. Prevent all soil or embedment material from becoming trapped between metallic surface and polyethylene.

B. Fit polyethylene film to contour of pipe to effect a snug, but not tight fit; encase with minimum space between polyethylene and pipe. Allow sufficient slack in contouring to prevent stretching polyethylene where it bridges irregular surfaces, such as bell-spigot interfaces, bolted joints, or fittings, and to prevent damage to polyethylene due to backfilling operations. Secure overlaps and ends with adhesive tape to hold polyethylene encasement in place until backfilling operations are complete.

C. For installations below water table or in areas subject to tidal actions, seal both ends of polyethylene tube with nylon string at joint overlap.

3.02 INSTALLATION

A. Tubular Type (Method A):

1. Cut polyethylene tube to a length approximately 2 feet longer than pipe section. Slip tube around pipe, centering tube to provide 1-foot overlap on

each adjacent pipe section, and bunching it accordion-fashion lengthwise until it clears pipe ends.

2. Lower pipe into trench and make up pipe joint with preceding section of pipe. Make shallow bell hole at joints to facilitate installation of polyethylene tube.

3. After assembling pipe joint, make overlap of polyethylene tube. Pull bunched polyethylene from preceding length of pipe, slip it over end of adjoining length of pipe, and secure in place. Then slip end of polyethylene from adjoining pipe section over end of first wrap until it overlaps joint at end of preceding length of pipe. Secure overlap in place. Take up slack width at top of pipe to make a snug, but not tight, fit along barrel of pipe, securing fold at quarter points.

4. Repair cuts, tears, punctures, or other damage to polyethylene. Proceed with installation of next section of pipe in same manner.

B. Tubular Type (Method B):

1. Cut polyethylene tube to a length approximately 1 foot shorter than pipe section. Slip tube around pipe, centering it to provide 6 inches of bare pipe at each end. Take up slack width at top of pipe to make a snug, but not tight, fit along barrel of pipe, securing fold at quarter points; secure ends.

2. Before making up joint, slip 3-foot length of polyethylene tube over end of preceding pipe section, bunching in accordion-fashion lengthwise. After completing joint, pull 3-foot length of polyethylene over joint, overlapping polyethylene previously placed on each adjacent section of pipe by at least 1 foot; make each end snug and secure.

3. Repair cuts, tears, punctures, or other damage to polyethylene. Proceed with installation of next section of pipe in same manner.

C. Sheet Type:

1. Cut polyethylene sheet to a length approximately 2 feet longer than pipe section. Center length to provide 1-foot overlap on each adjacent pipe section, bunching sheet until it clears pipe ends. Wrap polyethylene around pipe so that sheet circumferentially overlaps top quadrant of pipe. Secure cut edge of polyethylene sheet at intervals of approximately 3 feet.

2 Lower wrapped pipe into trench and make up pipe joint with preceding section of pipe. Make shallow bell hole at joints to facilitate installation of polyethylene. After completing joint, make overlap and secure ends.

3. Repair cuts, tears, punctures, or other damage to polyethylene. Proceed with installation of next section of pipe in same manner.

D. Pipe-shaped Appurtenances: Cover bends, reducers, offsets, and other pipe-shaped appurtenances with polyethylene in same manner as pipe.

E. Odd-shaped Appurtenances: When it is not practical to wrap valves, tees, crosses, and other odd-shaped pieces in tube, wrap with flat sheet or split length of polyethylene tube by passing sheet around appurtenance and encasing it. Make seams by bringing edges together, folding over twice, and taping down. Tape polyethylene securely in place at valve stem and other penetrations.

F. Openings in Encasement: Create openings for branches, service taps, blowoffs, air valves, and similar appurtenances by making an X-shaped cut in polyethylene and temporarily folding back film. After appurtenance is installed, tape slack securely to appurtenance and repair cut, as well as other damaged area in polyethylene, with tape. Service taps may also be made directly through polyethylene, with any resulting damaged areas being repaired as specified.

G. Junctions between Wrapped and Unwrapped Pipe: Where polyethylene-wrapped pipe joins an adjacent pipe that is not wrapped, extend polyethylene wrap to cover adjacent pipe for distance of at least 3 feet. Secure end with circumferential turns of tape. Wrap service lines of dissimilar metals with polyethylene or suitable dielectric tape for minimum clear distance of 3 feet away from cast or ductile iron pipe.

3.03 REPAIRS

A. Repair any cuts, tears, punctures, or damage to polyethylene with adhesive tape or with short length of polyethylene sheet or cut open tube, wrapped around pipe to cover damaged area, and secured in place.

END OF SECTION

SECTION 33 10 00
WATERLINE PIPE WORK

PART 1 GENERAL

1.01 DESCRIPTION

This section shall cover the furnishing, laying, jointing and testing of all water pipe, including water appurtenances, both in open cut and in tunnels, as shown on the drawings, or as directed by the engineer.

PART 2 PRODUCTS

2.01 MATERIAL

The material used in pipe work shall be furnished by the CONTRACTOR, as approved by the OWNER, to meet the requirements of the Work of the CONTRACTOR as specified herein.

(A) Water Pipe - Water pipe for main lines may be of any of the following classifications. Any pipe found defective, not meeting the specifications, or improperly installed, shall be rejected and so marked, and shall be replaced by pipe approved by the OWNER at no additional cost to the OWNER.

a. Polyvinyl chloride pipe for waterlines 14" in diameter or greater shall conform to or exceed AWWA Standard “Polyvinyl Chloride (PVC) Pressure Pipe” C905, Class 165 DR-25, or Class 235 DR-18, latest revision. Gaskets shall meet the requirements of ASTM F 477. Use elastomeric factory-installed gaskets to make joints flexible and watertight.

b. Polyvinyl chloride pipe for waterlines 4 inch to 12 inch shall conform to or exceed AWWA Standard "Polyvinyl Chloride (PVC) Pressure Pipe" C900, Class 165 DR-25, or Class 235 DR-18, latest revision. Gaskets shall meet the requirements of ASTM F 477. Use elastomeric factory-installed gaskets to make joints flexible and watertight.

c. Pipe 8 through 12-inch: Certain Teed Certalok Yelomine SDR21 Class 200 (ASTM D2241) RJ Restrained Joint PVC Pipe; nominal 20-foot lengths; steel pipe equivalent outside diameters.

d. Pipe 16-inch: Certain Teed Certalok DR25 C905 RJ Restrained Joint PVC Pipe; nominal 20-foot lengths; steel pipe equivalent outside diameters.

e. Pipe 6-inch through 12-inch: Fusible AWWA C-900 DR-25 PVC; nominal 20, 30, or 40-foot lengths; steel pipe equivalent outside diameters.

(B) Waterline Fittings - Fittings for water lines may be of any of the following classifications. All fittings shall be wrapped in a plastic protector in conformance with AWWA Standard C-105 and ANSI A21.5 "Polyethylene Encasement for Gray and Ductile Cast-Iron piping for Water and Other Liquids." Fitting wrapping shall be installed in such a manner as to curtail or prevent corrosion of the metallic fittings. Any fittings found defective, not meeting the specifications, or improperly installed, shall be rejected and so marked, and shall be replaced by fittings approved by the OWNER, at no additional cost to the OWNER.

a. Fittings for polyvinyl chloride (PVC) pipe 4 inch through 12 inch shall meet AWWA Standard C-100 or C153 "Ductile-Iron Compact Fittings, 3 inch through 12 inch for Water and Other Liquids," and C104, latest revision, and shall be sized to fit PVC water pipe in conformance with 3.2.1.1. No adapters for fittings with outside diameters different from PVC pipe shall be used. Where restrained joints are shown in the design plans. Provide mechanical joint restraint meeting ASTM F 1674-96.

1. Flanged Fittings: ANSI A 21.10; ANSI B 16.1 cast or ductile iron. Flanges: ANSI B 16.1, Class 125; pressure rated at 250 psig. Bolts shall be corten or carbon steel with greased ends.
2. Mechanical Joint Fittings: ANSI A 21.11 (AWWA C 110); pressure rated at 250 psi. Bolts shall be corten or carbon steel with greased ends.

b. Fittings for polyvinyl chloride (PVC) Schedule 40 pipe less than 4 inch shall conform to ASTM Standard D2466, latest revision.

c. Mechanical Joint Tapping Sleeve Fittings for 6-inch through 12-inch PVC applications, shall comply with applicable requirements of ANSI/AWWA C153/21/53 and ASME/ANSI B16.1 or as approved by the Engineer.

(C) Service Connections - Water service connections shall be installed with rubber gasket double strap bronze saddles. "Modified" double strap saddles will not be acceptable substitutes. The service lines and casings shall be of the following classifications. Any material found defective, not meeting the specifications, or improperly installed, shall be rejected and so marked and shall be replaced with material approved by the OWNER'S Engineer at no additional cost to the OWNER. Service line tubing crossings under traveled roadways shall be installed as specified on the plans with a minimum cover of 30" below roadway surface

a. Cross-linked polyethylene (PEX) water service line shall confirm to AWWA C904.

b. Copper tubing for water service lines shall be type "K" and shall conform to ASTM Standard "Seamless Copper Water Tube" B_88, latest revisions.

c. Polyvinyl chloride casing for water service lines shall be Schedule 40 PVC and shall conform to ASTM Standard "Polyvinyl Chloride (PVC) Plastic Pipe" D_1785, latest revision.

PART 3 EXECUTION

3.01 CONSTRUCTION METHODS

(A) PIPE LAYING - All water mains shall be installed as specified in plans with a minimum cover of 36 inches from the top of pipe to an established subgrade. Where pipe is installed beneath railroad tracks, there shall be a minimum vertical distance of 4 feet-0 inches from the top of pipe to top of railroad ties. Construction clearance to cross under railroad trackage will be obtained from Railroad Authority by OWNER. Any expense of bracing or supports to tracks during excavation operation beneath trackage shall be considered part of the Contract. Where pipe is installed beneath State Highways, there shall be a minimum vertical distance of 4 feet from top of pipe to top of paving at center line of highway, or 2 feet from top of pipe to bottom of ditch (if existing), whichever is greater. In special locations, Highway Department may require additional cover. Construction clearance and other requirements to cross under State Highways shall be obtained by OWNER.

1. Procedure - After the trench is excavated to subgrade as specified, it shall be filled to grade as specified in SECTION 6 of these standard specifications. This material shall provide a smooth and uniform pipe bed for the entire length of the water pipe barrel. Trenching and pipe laying shall be uniformly in a straight line and to uniform elevation unless otherwise specified on plans. Pipe, fittings and valves shall be carefully handled to avoid damage. Before placing pipe into the trench, the outside of the spigot and the inside of the bell shall be wiped clean and dry, free from oil and grease. Every precaution shall be taken to prevent foreign material from entering the pipe. During layout operation, no debris, tools, clothing or other material shall be placed into the pipe. After placing a length of pipe in the trench, the spigot end shall be centered in the bell; the pipe forced home, brought to the correct alignment and covered with an approved backfill material.

2. Metallic tape shall be buried above pipe at a depth of 24 inches below finished grade for surface locating purposes. At times when pipe laying is not in progress, the open ends of pipe shall be closed by a **watertight plug** or other approved means. This provision shall apply during the noon hour as well as overnight. If water is in the trench, the seal shall remain in place until the trench is pumped completely dry.

(B) PIPE JOINTING - In laying the water pipe to line and grade, the pipe shall be jointed in accordance with one of the following approved jointing methods. OWNER reserves the right, before construction, or while construction is in progress, to change the type of joints if OWNER's Engineer so directs.

1. Asbestos Cement Pipe Jointing - The CONTRACTOR shall furnish and install asbestos cement pipe in accordance with AWWA Standard "Installation of Asbestos Cement Pressure Pipe" C603-78, latest revision. The machined ends of the pipe to be jointed, coupling grooves and rubber rings shall be cleaned immediately before assembly. Care should be taken not to roll, pinch or reverse the gasket when placed in the bell. Each pipe joint shall be sealed with a coupling consisting of an asbestos cement sleeve and two rubber rings or an equivalent coupling or joint of equivalent strength and performance, as determined by Engineer. The pipe joint shall not be deflected either vertically or horizontally beyond the limits recommended by the manufacturer.

3. Polyvinyl Chloride (PVC) Pipe Jointing - The CONTRACTOR shall make certain before jointing polyvinyl chloride pipe that the ring groove in the bell of the pipe is clean, with no dirt or foreign material that could interfere with proper seating of the ring. Make sure pipe end is clean. Wipe with a clean dry cloth around the entire circumference from the end to one inch beyond the reference mark. Lubricate the spigot end of the pipe, using only the lubricant supplied by the manufacturer. Be sure the entire circumference is covered. The coating should be the equivalent of a brush coat of enamel paint. It can be applied by hand, cloth, pad, sponge or glove. Do not lubricate the ring groove in the bell because such lubrication could cause ring displacement. The level end is then inserted into the bell so that it is in contact with the ring. Brace the bell, while the level end is pushed in under the ring, so that previously completed joints in the line will not be closed up. The spigot end is pushed until the reference mark on the spigot end is flush with the end of the bell. If undue resistance to inserting of the level end is encountered or the reference mark does not reach the flush position, disassemble the joint and check the position of the ring. If it is twisted or pushed out of its seat, clean the ring, bell and level end and repeat the assembly steps.

(C) WET CONNECTIONS - Schedules of existing fittings and proposed new fittings needed to make wet connections to existing waterlines as shown on the plans are estimates only. It is to be recognized that after existing lines and fittings are uncovered, that some discrepancies may occur. Where discrepancies occur, the CONTRACTOR shall request a decision by the OWNER as to how the connection in question shall be made. CONTRACTOR shall plan his work concerning wet connections in such a way that a minimum of inconvenience shall occur to existing water customers due to water service interruptions. Before water service interruptions are made to any customer, CONTRACTOR shall notify designated official and cooperate with operating personnel in every way to minimize service interruptions due to wet conditions. In certain locations, other utility lines or conduits will be obstructing the normal path of proposed waterlines. In such instances, gravity lines of all kinds hold priority as to grade over water pressure lines, gas lines, electric conduits, or other obstruction conduits or combinations of conduits, which may be encountered. CONTRACTOR is to analyze conditions carefully and then use best judgment in determining proper method of proceeding through obstructed area with waterline construction, and shall notify the OWNER forty-eight (48) hours in advance of making such connection after obtaining approval from the OWNER's Engineer.

(D) APPURTENANCES - Appurtenances to the waterline shall be provided and laid in accordance with the drawings and in the manner as specified herein.

1. **Valves**. Valves shall be installed at the locations indicated on, and with concrete thrust blocks as specified in the construction drawings, shall be wrapped in polyethylene as described in 3.2.2., and shall conform to the following requirements:

2. **Gate valves** shall conform to AWWA Standard "Resilient Seated Gate Valves, 3 inch through 12 inch" C509, latest revision, and shall be utilized for lines 12 inch and smaller, unless otherwise specified in the construction drawings. All gate valves shall be iron body, bronze mounted, double disc parallel seats, non-rising stem, internal wedging type. Valves must embody the best workmanship and finish, and open and close freely and easily. In closing, the gates must move without friction to their position opposite their ports, both discs being then closed squarely against the seat rings. When valves are in full open position, the disc shall be raised to clear the waterway and provide an opening equal to the full nominal diameter of the valves. All gate valves shall open by turning hand wheel or square nut operator counterclockwise. Hydrostatic and leakage tests shall conform to AWWA Standard "Resilient Seated Gate Valves, 3 inch through 12 inch" C509-80, latest revision.

3. **Butterfly valves** shall conform to AWWA Standard "Rubber Seated Butterfly Valves" C504, latest revision; and shall be Class 150B, long body flanged, and shall be utilized for lines 16 inch and larger, unless otherwise specified in the construction drawings. Valves shall be provided with manual operators with enclosed gear grease housing and hand wheels. Manual operators shall be composed of work gearing, totally enclosed in a grease-packed gear case. Work gears shall be bronze and worm gears shall be hardened steel. Manual operators shall be furnished with devices (externally mounted) to hold the valve in a fixed position for an extended period of time and to indicate valve position. All butterfly valves shall open by turning hand wheel or square nut operator counterclockwise. Hydrostatic and leakage tests shall conform to AWWA Standard "Rubber-Seated Butterfly Valves" C504, latest revision.

4. **Fire Hydrants**. Unless otherwise specified, fire hydrants shall conform to AWWA Standard "Dry-Barrel Fire Hydrants" C502, latest revision. Hydrants shall be cast iron, fully bronze mounted and have a working pressure of 150 psi. Fire hydrants shall have a minimum valve opening of 5-1/4 inch. All fire hydrants shall be located as shown in the plans, and in a manner to provide complete accessibility, and to minimize the possibility of damage from vehicles or injury to pedestrians. All hydrants shall stand plumb with the pumper nozzle facing the curb and the bury line of the hydrant at the finished grade. The barrel of the fire hydrant shall be set so that no portion of the pumper nozzle or hose nozzle will be less than 12 inches from the curb, walkway, or bike path or more than 20 feet from the face of the curb. The preferred location for the fire hydrant shall be 2 feet clear of the right-of-way line. All fire hydrants shall be placed in accordance with any City or County ordinances. Fire hydrants installed near State Highways shall be in accordance with State Department of Highways and Public Transportation requirements. All fire hydrants shall be connected to the main in the manner shown in the Water Connection Standards.

3.02 EXECUTION

1. TESTING. All newly laid sections of pipe shall be hydrostatically tested at a gauge pressure of 150 psi. CONTRACTOR has the option of running hydrostatic test before or after trench has been completely backfilled. Trenches must be at least partially backfilled before hydrostatic testing to prevent pipe shift. Hydrostatic tests shall be in accordance with AWWA Standard C600 Section 4 "Hydrostatic Testing" latest revision.

a. Hydrostatic Test Procedure - The CONTRACTOR shall provide all necessary equipment and shall perform all Work required in connection with the tests. All pressure pipe, fittings and valves shall be subjected to a hydrostatic pressure of 150 psi. Air pressure testing will not be allowed. The line under test shall be slowly filled with water to the specified test pressure. The lowest elevation point of the section being tested shall be determined and any corrections necessary shall be corrected to the elevation of the test gauge by means of a hand pump, gasoline or electrically driven test pump connected to the pipe. A blow off or fire hydrant shall be installed at the end of the line under test. Before applying the specified test pressure, all air shall be expelled from the test section including service connections. If hydrants or blow offs are not available at high places, tap at points of highest elevation shall be made before the test is made and brass plugs inserted after the test has been completed. The required test pressure shall be applied for not less than two (2) hours and longer if ordered by the OWNER. Leakage tests shall be conducted concurrently with pressure tests. OWNER will inspect all pipe, fittings, valves and joints under tests. Any faults found to be due to improper workmanship shall be corrected by the CONTRACTOR at no expense to OWNER.

2. STERILIZATION. Pipeline construction shall be in accordance with Section 4. of AWWA Standard C601-01, latest revision. Upon or during completion of the hydrostatic test, the new section of pipe shall be sterilized in accordance with AWWA Standard "Disinfecting Water Mains" C601, latest revision; and the State of Texas Health Standards. Chlorine may be applied by the following methods: Continuous Feed Method and Chlorine Tablet Method. CONTRACTOR shall provide all equipment and chemicals necessary for sterilization.

a. Continuous Feed Method - This method is suitable for general application. Water from the existing distribution system or other approved sources of supply shall be made to flow at a constant, measured rate into the newly laid pipeline. The water shall receive a dose of chlorine, also fed at a constant, measured rate. The two rates shall be proportioned so that the chlorine concentration in the water in the pipe is maintained at a minimum of 50 mg/l available chlorine. During the application of the chlorine, valves shall be manipulated to prevent the treatment dosage from flowing back into the line supplying the water. Chlorine application shall not cease until the entire main to be tested is filled with the chlorine solution. The chlorine water shall be retained in the main for at least 24 hours during which time all valves and hydrants in the section treated shall be operated in order to disinfect the appurtenances. At the end of this 24 hour period, the treated water shall contain no less than 25 mg/l chlorine throughout the length of the main.

b. Chlorine Tablet Method - Tablet disinfection is best suited to short extensions (up to 2,500 feet) and smaller diameter mains (up to 12 inches). Because the preliminary flushing step must be eliminated, this method shall be used only when scrupulous cleanliness has been exercised. It shall not be used if trench water or foreign material has entered the main or if the water is below 5`C (41`F). Calcium hypochlorite tablets are placed in each section of pipe and also in hydrants, hydrant branches and other appurtenances. They shall be attached by an adhesive, except for the tablets placed in hydrants and in the joints between the pipe sections. All the tablets within the main must be at the top of the main. If the tablets are fastened before the pipe section is placed in the trench, their position should be marked on the section to assure that there will be no rotation. In placing tablets in joints, they are either crushed and placed on the inside annular space or, if the type of assembly does not permit, they are rubbed like chalk on the butt ends of the sections to coat them with calcium hypochlorite. The adhesive may be Permatex No. 1 or any alternative approved by the OWNER. There shall be no adhesive on the tablet except on the broad side next to the surface to which the tablet is attached. If desired, the calcium hypochlorite may be placed in the pipe in granular form at a rate of one (1) cup (4 fl. oz.) per each pipe. When installation has been completed, the main shall be filled with water at a velocity of less than 1-ft./sec. This water shall remain in the pipe for at least 24 hours. Valves shall be manipulated so that the strong chlorine solution in the line being treated will not flow back into the line supplying the water.

c. Final Flushing - After the applicable retention period, the heavily chlorinated water shall be flushed from the main until the chlorine concentration in the water leaving the main is no higher than that generally prevailing in the system, or less than 1 mg/1. Chlorine residual determination shall be made to ascertain that the heavily chlorinated water has been removed from the pipeline.

d. Bacteriologic Tests - After final flushing, and before the water main is placed in service, a sample or samples shall be collected from the end of the line and tested for bacteriologic quality and shall show the absence of coliform organisms. If the number and frequency or samples is not prescribed by the public health authority having jurisdiction, at least one sample shall be collected from chlorinated supplies when a chlorine residual is maintained throughout the new main. From unchlorinated supplies, at least two samples shall be collected at least 24 hours apart. In the case of extremely long mains, it is desirable that samples be collected the length of the line as well as at its end. Samples for bacteriologic analysis shall be collected in sterile bottles treated with sodium thiosulfate. No hose or fire hydrant shall be used in collection of samples. A suggested sampling tap consists of a standard corporation cock installed in the main with a copper tube gooseneck assembly. After samples have been collected, the gooseneck assembly may be removed and retained for future use.

e. Repetition of Procedure. If the initial disinfection fails to produce satisfactory samples, disinfection shall be repeated until satisfactory samples have been obtained. The tablet method cannot be used in these subsequent disinfections. When the samples are satisfactory, the main may be placed in service.

Part 4 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. Payment for water mains installed by open-cut or augered with or without casing is on a linear foot basis for each size of pipe installed.

2. Payment of fire hydrant branch for relocated fire hydrant will be from the centerline axis of the existing main or the centerline of the existing valve to the centerline of the relocated fire hydrant along the center of branch.

3. Payment of valves will be on a unit price basis for each valves installed for each size and type of valve.

4. Payment for water services installed by open-cut or augered, with or without casing, is on a unit price basis for each ¾ inch single service, 1-inch double service, long and short services.

5. No separate payment will be made for water pipe branches associated with fire hydrant assemblies. Include cost of such pipework in Contract unit prices for items listed in bid form requiring fire hydrants.

6. No separate payment will be made for waterline fittings associated with pipe work, unless listed in the contract unit prices. Include cost of such items in the Contract unit prices for items listed in bid form requiring waterline pipework.

7. No separate payment will be made for thrust blocks and pipe restraints associated with pipe work. Include cost of such items in the Contract unit prices for items listed in bid form requiring waterline pipework.

END OF SECTION

SECTION 33 11 00

WATER MAINS

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Installation of water mains.

B. Leads for fire hydrant relocation.

C. Specifications identify requirements for both small-diameter water mains and large-diameter water mains. When specifications for large-diameter water mains differ from those for small-diameter water mains, large-diameter specifications will govern for large-diameter pipe.

1.02 MEASUREMENT AND PAYMENT

A. Payment for water mains installed by open-cut or augered with or without casing is on a linear foot basis for each size of pipe installed. Separate pay items are used for open-cut and augered installation.

a. Mains: Measure along axis of pipe and include fittings.

b. Branch Pipe: Measure from axis of main to end of branch.

2. Payment of fire hydrant branches from the centerline axis of the main fitting to the centerline of the fire hydrant will be considered under the Fire Hydrant Assembly unit price item. Payment of fire hydrant branch for relocated fire hydrant will be from the centerline axis of the existing main or the centerline of the existing valve to the centerline of the relocated fire hydrant along the center of branch.

3. For large-diameter water mains, payment for an interconnection (tie-in) is on a lump sum basis for each interconnection required. Payment will include tapping sleeve and fittings and all other related work necessary for construction as shown on Drawings as specified.

4. When directed by the Engineer to install extra fittings as required to avoid unforeseen obstacles, payment will be based on the following:

a. Each extra fitting requested by the Engineer and delivered to jobsite will be paid according to the unit price for "Extra Fittings in Place."

b. Payment will include and be full compensation for all items necessary for installation and operation of the water line.

1.03 REFERENCES

A. ANSI/NSF Standard 61.

B. ASTM A 126 - Specification for Gray Iron Castings for Valves, Flanges, and Pipe Fittings.

C. ASTM B 21 - Specification for Naval Brass Rod, Bar, and Shapes.

D. ASTM B 98 - Specification for Copper-Silicon Alloy Rod, Bar, and Shapes.

E. ASTM B 584 - Specification for Copper Alloy Sand Castings for General Applications.

F. AWWA C 206 - Standard for Field Welding of Steel Water Pipe.

G. AWWA C 207 - Standard for Steel Pipe Flanges for Waterworks Service - Sizes 4 Inches through 144 Inches.

1.04 SUBMITTALS

A. Submittals shall conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Conform to submittal requirements of applicable Section for type of pipe used.

PART 2 P R O D U C T S

2.01 PIPE MATERIALS

A. Install pipe materials which conform to following:

1. Section 33 11 13.13 - Ductile Iron Pipe and Fittings.

2. Section 33 05 31.13 - Polyvinyl Chloride Pressure Pipe.

B. Conform to American National Standards Institute/National Sanitation Foundation (ANSI/NSF) Standard 61 and have certified by an organization accredited by ANSI.

C. Type of pipe materials used are Contractor's option unless specifically identified on Drawings.

2.02 WELDED JOINT PROTECTION FITTING (NOT USED)

2.03 RESTRAINED JOINTS

A. PVC Pipe:

1. Fittings: Mega Lug by Ebaa Iron Inc. or JCM 610 Sur-Grip Fitting Restrainer by JCM Industries, Inc., or approved equal.

2. Bell and Spigot: Mega Lug by Ebaa Iron Inc. or JCM 610 Sur-Grip Fitting Restrainer by JCM Industries, Inc., or approved equal.

2.04 COUPLINGS AND APPURTENANCES FOR LARGE-DIAMETER WATER MAIN

A. Flexible (Dresser-type) Couplings.

1. Install where shown on Drawings or where allowed by the Engineer for Contractor's convenience. Use galvanized flexible couplings when installed on galvanized pipe which is cement lined, or when underground. Provide gaskets manufactured from Neoprene, Buna-N, or approved equal.

2. For steel pipe; sleeve-type flexible couplings, Smith-Blair type, or approved equal. Thickness of middle ring equal to or greater than thickness of pipe wall.

3. Flanged adapter couplings for steel pipe; Dresser Style 128, Rockwell Type 913, or approved equal.

4. Use Type 316 stainless steel bolts, nuts and washers where flexible couplings are installed underground. Coat entire coupling with 20-mil of T.C. Mastic as manufactured by the Tape Coat Company, Inc., Bitumastic No. 50 as manufacturer by Koppers Company, Inc., or approved equal.

B. Victaulic Joints. Make joint with Victaulic Style 77 coupling fitted with Grade H molded synthetic rubber gasket or approved equal.

PART 3 E X E C U T I O N

3.01 PREPARATION

A. Conform to applicable installation specifications for types of pipe used.

B. Employ workmen who are skilled and experienced in laying pipe of type and joint configuration being furnished. Provide watertight pipe and pipe joints. Lay pipe with bell ends facing in direction of laying.

C. Lay pipe to lines and grades shown on Drawings. Use adequate surveying methods and equipment; employ personnel competent in use of this equipment. Horizontal and vertical deviations from alignment as indicated on Drawings shall not exceed 0.10 feet. Measure and record "as-built" horizontal alignment and vertical grade at maximum of every 100-feet on record drawings.

D. Confirm that separation from gravity sanitary sewers and manholes or from force mains have minimum clearance as specified in this Section and conforming to TCEQ Chapter 290 and 217 rules or 9 feet in all directions unless a special design is provided on the Drawings:

1. Parallel water line and gravity sanitary sewer, force main or manhole with no leaks: Minimum 9 foot horizontal clearance from outside wall of water line to outside wall of gravity sanitary sewer, force main, or manhole.

2. Water line crossing above a gravity sanitary sewer or force main with no leaks: Minimum 2 foot vertical clearance.

E. Where above clearances cannot be attained, and a special design has not been provided on Drawings, obtain direction from the Engineer before proceeding with construction.

F. Inform the Engineer if any un-metered connections exist which are not shown on Drawings. Make transfer only after approval by the Engineer.

G. Keep pipe trenches free of water which might impair pipe-laying operations. Prevent pipe bells from coming in contact with subgrade. Grade pipe trenches to provide uniform support along bottom of pipe. Excavate for bell holes for proper sealing of pipe joints after bottom has been graded and in advance of placing pipe. Lay not more than 300 feet of pipe in trench ahead of backfilling operations. Cover or backfill laid pipe if pipe laying operations are interrupted and during non-working hours. Place backfill carefully and simultaneously on each side of pipe to avoid lateral displacement of pipe and damage to joints. If adjustment of pipe is required after it has been laid, remove and re-lay as new pipe.

H. If asbestos-cement pipe is encountered, follow safety practices outlined in the Asbestos-Cement Pipe Producers Association publication, Recommended Work Practices for A/C Pipe. Strictly adhere to recommended practices contained in this publication.

I. For pipe diameters 36 inches and greater, clearly mark each section of pipe and fitting with a unique designation on the inside of the pipe. Minimum letter height is 4 inches.

J. Laying Large-diameter Water Main

1. Lay not more than 50 feet of pipe in trench ahead of backfilling operations.

2. Dig trench proper width as shown. When Contractor's operations cause trench width below top of pipe to become 4 feet wider than specified, install higher class of pipe or improved bedding, as determined by the Engineer. No additional payment will be made for higher class of pipe or improved bedding.

3. Prevent damage to coating when placing backfill. Backfill material shall be free of large rocks or stones, or other material which could damage coatings.

4. Before assembling couplings, lightly coat pipe ends and outside of gaskets with cup grease or liquid vegetable soap to facilitate installation. Groove pipe to manufacturer's specifications.

K. Contractor is responsible for assuring the chosen manufacturer fulfills requirements for extra fittings and, therefore, is responsible for all costs due to downtime if requirements are not met.

F. Detectable warning metallic tape with "Waterline Below" shall be buried above pipe at a depth of 18 inches below finished grade for surface locating purposes. The width of the metallic tape shall be 6-inches wide as manufacturer by Presco Detectable Waring Tape or approved equal.

3.02 HANDLING, CLEANING AND INSPECTION

A. Handling:

1. Place pipe along project site where storm water or other water will not enter or pass through pipe.

2. Load, transport, unload, and otherwise handle pipe and fittings to prevent damage of any kind. Handle and transport pipe with equipment designed, constructed and arranged to prevent damage to pipe, lining and coating. Do not permit bare chains, hooks, metal bars, or narrow skids or cradles to come in contact with coatings. Where required, provide pipe fittings with sufficient interior strutting or cross bracing to prevent deflection under their own weight.

3. Hoist pipe from trench side into trench by means of sling of smooth steel cable, canvas, leather, nylon or similar material.

4. For large-diameter water mains, handle pipe only by means of a sling of canvas, leather, nylon, or similar material. The sling shall be a minimum 36 inches in width. Do not tear or wrinkle tape layers.

5. Use precautions to prevent injury to pipe, protective linings and coatings.

   a. Package stacked pipe on timbers. Place protective pads under banding straps at time of packaging.

   b. Pad fork trucks with carpet or other suitable material. Use nylon straps around pipe for lift when relocating pipe with crane or backhoe.

   c. Do not lift pipe using hooks at each end of pipe.

   d. Do not place debris, tools, clothing, or other materials on pipe.

6. Repair damage to pipe or protective lining and coating before final acceptance.

7. Permit no visible cracks longer than 6 inches, measured within 15 degrees of a line parallel to pipe longitudinal axis in the cores of finished pipe with the following exceptions:

   a. In the surface laitance of centrifugally cast concrete.

   b. In sections of pipe with steel reinforcing collars or wrappers.

   c. Within 12 inches of pipe ends.

8. Reject pipe with visible cracks (not meeting exceptions) and remove from project site.

B. Cleaning: Thoroughly clean and dry interior of pipe and fittings of foreign matter before installation, and keep interior clean until the Work has been accepted. Keep joint contact surfaces clean until jointing is completed. Do not place debris, tools, clothing or other materials in pipe. After pipe laying and joining operations are completed, clean inside of pipe and remove debris.

C. Inspection: Before installation, inspect each pipe and fitting for defects. Reject defective, damaged or unsound pipe and fittings and remove them from site.

3.03 EARTHWORK

A. Conform to applicable provisions of Section 31 23 33 - Excavation and Backfilling for Utilities.

B. Bedding: Use bedding materials in conformance with Section 31 23 23.13 - Utility Backfill Materials.

C. Backfill: Use bank run sand or earth or native soil as specified in Section 31 23 23.13 - Utility Backfill Materials. Backfill excavated areas in the same day excavated. When not possible, cover excavated areas using steel plates on paved areas and other protective measures elsewhere.

D. Place material in uniform layers of prescribed maximum loose thickness and wet or dry material to approximately optimum moisture content. Compact to prescribed density. Field density tests may be made at a frequency determined by the Engineer. Water tamping is not allowed.

E. Pipe Zone: Including 6-inch pipe bedding and backfill to 12 inches above top of pipe.

3.04 PIPE CUTTING

A. Cut pipe 12 inches and smaller with standard chop saw. Cut pipe larger than 12 inches in manner approved by the Engineer. Make cuts smooth and at right angles to axis of pipe. Bevel plain end with heavy file or grinder to remove sharp edges.

3.05 PIPING INSTALLATION

A. Do not lay pipe unless subgrade is free of water. Make adjustments of pipe to line and grade by scraping away subgrade or filling in with granular material. Wedging or blocking up bell will not be acceptable.

B. Do not install pipe at greater depth than its design allows.

C. Protection of Pipeline: Securely place stoppers or bulkheads in openings and in end of line when construction is stopped temporarily and at end of each day's work.

3.06 JOINTS AND JOINTING

A. Rubber Gasketed Bell-and-Spigot Joints (Concrete Cylinder Pipe, PVC, Steel, and DIP):

1. After rubber gasket is placed in spigot groove of pipe, equalize rubber gasket cross section by inserting tool or bar recommended by manufacturer under rubber gasket and moving it around periphery of pipe spigot.

2. Lubricate gaskets with nontoxic water-soluble lubricant before pipe units are joined. Push the lubricated spigot past the gasket into the bell until the insertion line on the spigot is even with the edge of the bell. DO NOT OVER INSERT BEYOND THE INSERTION LINE.

3. Fit pipe units together in manner to avoid twisting or otherwise displacing or damaging rubber gasket.

4. After the pipe sections are joined, check gaskets to ensure that no displacement of gasket has occurred. If displacement has occurred, remove pipe section and remake joint as for new pipe. Remove old gasket, inspect for damage and replace if necessary before remaking joint.

5. Where preventing movement of 16-inch-diameter or greater pipe is necessary due to thrust, use restrained joints.

B. Flanged Joints (Concrete Cylinder Pipe, DIP, Steel):

1. AWWA C 207. Prior to installation of bolts, accurately center and align flanged joints to prevent mechanical pre-stressing of flanges, pipe and equipment. Align bolt holes to straddle vertical, horizontal or north-south centerline. Do not exceed 3/64 inch per foot inclination of flange face from true alignment.

2. Use full-face gaskets for flanged joints. Provide 1/8-inch-thick cloth inserted rubber gasket material. Cut gaskets at the factory to proper dimensions.

3. Use stainless steel 304 or 316 nuts and bolts to match flange material. Tighten bolts progressively to prevent unbalanced stress. Draw bolts tight to ensure proper seating of gaskets.

C. Joint Testing:

1. In addition to testing individual joints with feeler gauge approximately 1/2-inch wide and 0.015-inch thick, use any other joint testing procedure approved or recommended by pipe manufacturer which will help ensure watertight installation prior to backfilling. These tests shall be made at no additional cost to the Owner.

2. Test 100 percent of welded joints including any joint or seam welded after successful hydrostatic testing by methods as described in Paragraph 3.06C, Welded Joints. The Owner reserves right to require additional tests if tests performed indicate an unacceptable weld. Repair rejected weld.

D. Make curves and bends by deflecting joints or other method as recommended by manufacturer and approved by the Engineer. Contractor may submit details of other methods of providing curves and bends for consideration by the Engineer, and if accepted, shall be installed at no additional cost to the Owner.

1. Deflection of pipe joints shall not exceed maximum deflection recommended by pipe manufacturer, unless otherwise indicated on Drawings.

2. If deflection exceeds that specified but is less than 5 percent, repair entire deflected pipe section such that maximum deflection allowed is not exceeded.

3. If deflection is equal to or exceeds 5 percent from that specified, remove entire portion of deflected pipe section and install new pipe.

4. Replace, repair, or reapply coatings and linings as required.

5. Assessment of deflection may be measured by the Engineer at any location along pipe. Arithmetical averages of deflection or similar average measurement methods will not be deemed as meeting intent of standard.

6. When rubber gasketed pipe is laid on a curve, join pipe in a straight alignment and then deflect to curved alignment.

E. Closures and Field Modifications to Steel, Concrete Cylinder Pipe, and Fittings: These requirements also apply to standard pipe joints which exceed manufacturer's recommended deflection.

1. Apply welded-wire fabric reinforcement to interior and exterior of exposed interior and exterior surfaces greater than 6 inches in diameter. Welded-wire fabric: minimum W1; maximum spacing 2 inches by 4 inches; 3/8 inch from surface of steel plate or middle third of lining or coating thickness for mortar thickness less than 3/4 inch.

2. Fill exposed interior and exterior surfaces with non-shrink grout.

3. For large-diameter water mains, perform field welds on interior and exterior of pipe.

4. For large-diameter water mains, provide minimum overlap of 2 inches of butt strap over adjacent piece on butt-strap closures.

3.07 CATHODIC PROTECTION APPURTENANCES

A. Where identified on Drawings, modify pipe for cathodic protection as detailed on Drawings and specified. Unless otherwise noted, provide insulation kits at connections to existing water system or at locations to isolate one type of cathodic system from another type, between water main, access manhole piping and other major openings in water main, or as shown on Drawings.

B. Bond joints for pipe installed in tunnel or open cut, except where insulating flanges are provided. Weld strap or clip between bell and spigot of each joint. No additional bonding required where joints are welded for thrust restraint.

C. Bonding Strap or Clip: Free of foreign material that may increase contact resistance between wire and strap or clip.

3.08 SECURING, SUPPORTING AND ANCHORING

A. Support piping as shown on Drawings and as specified in this Section, to maintain line and grade and prevent transfer of stress to adjacent structures.

B. Where shown on Drawings, anchor pipe fittings and bends installed on water main by welding consecutive joints of pipe together to distance each side of fitting. Restrained length, as shown on Drawings, assumes that installation of pipe and subsequent hydrostatic testing begin upstream and proceed downstream, with respect to normal flow of water in pipe. If installation and testing differs from this assumption, submit for approval method of restraining pipe joints upstream and downstream of device used to test against (block valve, blind flange or dished head plug).

C. Use adequate temporary blocking of fittings when making connections to distribution system and during hydrostatic tests. Use sufficient anchorage and blocking to resist stresses and forces encountered while tapping existing water line.

3.09 THRUST RESTRAINT

A. For new water lines 16 inches in diameter and larger, restrain joints as specified in Paragraph 3.06A.5 of this Section.

B. For existing water lines and water lines less than 16 inches in diameter, restrain pipe joints with concrete thrust blocks and provide joints as specified in Paragraph 3.06A.5 of this Section.

C. Prevent any lateral movement of thrust restraints throughout pressure testing and operation. Place 2500 psi concrete conforming to Section 03 30 00 - Concrete for Utility Construction, for blocking at each change in direction of existing water lines, to brace pipe against undisturbed trench walls. Finish placement of concrete blocking, made from Type I cement, 4 days prior to hydrostatic testing of pipeline. Test may be made 2 days after completion of blocking if Type II cement is used.

D. Thrust restraint lengths shown on Drawings are minimum anticipated lengths. These lengths are based on deflections indicated and on use of pre-stressed concrete cylinder pipe. Adjustments in deflections or use of other pipe material may result in reduction or increase of thrust lengths. Perform calculations by pipe manufacturer to verify proposed thrust restraint lengths. Submit calculations for all pipe materials sealed by a registered Professional Engineer for review by the Engineer. Make adjustments in thrust restraint lengths at no additional cost to the Owner.

E. Passive resistance of soil will not be permitted in calculation of thrust restraint.

F. Use minimum 20-foot length of pipe in and out of joints made up of beveled pipe where restraint joint lengths are not identified on Drawings. Otherwise, provide welded restraint joints for a minimum length of 20 feet on each side of beveled joints.

3.10 POLYETHYLENE WRAP

A. Double wrap pipe and appurtenances (except fire hydrants) with 8-mil polyethylene film.

B. Conform to requirements of Section 33 05 33 - Polyethylene Wrap.

3.11 CLEANUP AND RESTORATION

A. Provide cleanup and restoration crews to work closely behind pipe laying crews, and where necessary, during chlorination, testing, service transfers, abandonment of old mains, backfill and surface restoration.

B. Upon completion of section not exceeding 4000 feet per crew, chlorinate and pressure test. Begin transfer of services no later than 7 calendar days after successful completion of chlorination and pressure testing.

C. After transfer of services, but no later than 21 calendar days after successful completion of chlorination and pressure testing, begin abandonment of old mains, including re-sodding and placement of sidewalks and pavements.

D. Do not begin construction of additional sections if above conditions are not met.

E. For large-diameter water mains, do not install more than 2000 feet of main, without the previous 2000 feet being cleaned up and site fully restored. Schedule paving crews so repaving work will not lag behind pipe laying work by more than 1000 feet. Failure to comply with this requirement will result in a "Notice of Nonconformance".

3.12 CLEANING PIPING SYSTEMS

A. Remove construction debris or foreign material and thoroughly clean and flush piping systems. Provide temporary connections, equipment and labor for cleaning.

3.13 DISINFECTION OF WATER LINES

A. Conform to requirements of Section 33 13 00 - Disinfection of Water lines.

3.14 FIELD HYDROSTATIC TESTS

A. Conform to requirements of Section 33 05 05.13 - Hydrostatic Testing of Pipelines.

END OF SECTION

SECTION 33 12 15

GATE VALVES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Gate valves.

1.02 MEASUREMENT AND PAYMENT

A. Payment will be made for gate valves at the unit price for each gate valve and valve box installed for the various sizes itemized under this Section. Unit Prices shall include all materials and labor necessary to install the gate valves.

1.03 REFERENCES

A. ASTM A 307 - Carbon Steel Externally Threaded Standard Fasteners.

C. ASTM D 429 - Test Methods for Rubber Property-Adhesion to Rigid Substrates.

D. ASTM B 763 - Copper Alloy Sand Casting for Valve Application.

E. AWWA C 500 - Gate Valves, 3 Through 48 in. NPS, for Water and Sewage Systems.

F. AWWA C 509 - Resilient-seated Gate Valves, 3 through 12 NPS, for Water and Sewage Systems.

G. AWWA C 550 - Protective Epoxy Interior Coatings for Valves and Hydrants.

1.04 SUBMITTALS

A. Submittals shall conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit manufacturer's product data for proposed valves for approval.

1.05 QUALITY CONTROL

A. Submit manufacturer's affidavit that gate valves are manufactured in the United States and conform to stated requirements of AWWA C 500, AWWA C 509, and this Section, and that they have been satisfactorily tested in the United States in accordance with AWWA C 500 and AWWA C 509.

PART 2 P R O D U C T S

2.01 MATERIALS

A. Gate Valves 4 Inches to 12 Inches in Diameter: Non-directional, resilient seated (AWWA C 509), 200 psig, bronze mounting, Mechanical Joint ends, and nut-operated unless otherwise specified. Provide resilient seated valves manufactured by Mueller 2360 Series, or approved equal. Comply with following requirements:

1. Design: Fully encapsulated rubber wedge or rubber seat ring mechanically attached with minimum 304 stainless-steel fasteners or screws; threaded connection isolated from water by compressed rubber around opening.

2. Body: Cast iron, flange bonnet and stuffing box together with 304 SS or 316 SS bolts. Manufacturer's initials, pressure rating, and year manufactured shall be cast in body.

3.. Bronze: Valve components in waterway to contain not more than 15 percent zinc and not more than 2 percent aluminum.

4. Stems: ASTM B 763 bronze, alloy number 995 minimum yield strength of 40,000 psi; minimum elongation in 2-inches of 12 percent, non-rising.

5. O-rings: AWWA C 509, sections 2.2.6 and 4.8.2.

6. Stem Seals: Consist of three O-rings, two above and one below thrust collar with anti-friction washer located above thrust collar.

7. Stem Nut: Independent or integrally cast of ASTM B 62 bronze.

8. Resilient Wedge: Molded, synthetic rubber, vulcanized and bonded to cast or ductile iron wedge or attached with 304 stainless steel screws tested to meet or exceed ASTM D 2000; seat against epoxy-coated surface in valve body.

9. Bolts: AWWA C 509 Section 4.4; 304 or 316 stainless steel only.

10. Direct bury Valves open counterclockwise.

B. If type of valve is not indicated on Drawings, use gate valves as line valves for sizes less than 16-inches. If type of valve is indicated, no substitute is allowed.

C. Gate Valves 1-1/2 Inches in Diameter and Smaller: 125 psig; bronze; rising-stem; single-wedge; disc type; screwed ends; such as Crane No. 428, or approved equal.

D. Coatings for Gate Valves 2 Inches and Larger: AWWA C 550; Indurall 3300 or approved equal, non-toxic, imparts no taste to water, functions as physical, chemical, and electrical barrier between base metal and surroundings, minimum 10-mil-thick, fusion-bonded epoxy. Prior to assembly of valve, apply protective coating to interior and exterior surfaces of body.

E. Gate Valves 2 Inches in Diameter: Cast Iron body, non-rising stem, 500-psi test, 2-inch square nut operating counter clockwise to open.

F. Gate Valves 16 Inches and larger in Diameter: Non-directional, resilient seated (AWWA C 509), 200 psig, bronze mounting, Mechanical Joint ends, and nut-operated unless otherwise specified. Provide resilient seated valves manufactured by Mueller 2361 Series, or approved equal. Comply with following requirements:

1. Design: Fully encapsulated rubber wedge or rubber seat ring mechanically attached with minimum 304 stainless-steel fasteners or screws; threaded connection isolated from water by compressed rubber around opening.

2. Body: Cast iron, flange bonnet and stuffing box together with 304 SS or 316 SS bolts. Manufacturer's initials, pressure rating, and year manufactured shall be cast in body.

3.. Bronze: Valve components in waterway to contain not more than 15 percent zinc and not more than 2 percent aluminum.

4. Stems: ASTM B 763 bronze, alloy number 995 minimum yield strength of 40,000 psi; minimum elongation in 2-inches of 12 percent, non-rising.

5. O-rings: AWWA C 509, sections 2.2.6 and 4.8.2.

6. Stem Seals: Consist of three O-rings, two above and one below thrust collar with anti-friction washer located above thrust collar.

7. Stem Nut: Independent or integrally cast of ASTM B 62 bronze.

8. Resilient Wedge: Molded, synthetic rubber, vulcanized and bonded to cast or ductile iron wedge or attached with 304 stainless steel screws tested to meet or exceed ASTM D 2000; seat against epoxy-coated surface in valve body.

11. Bolts: AWWA C 509 Section 4.4; 304 or 316 stainless steel only.

12. Gate Valves for Fire Hydrants leads shall be provided with Aquagrip connection.

G. Gate Valves Installed at Greater than 4-foot Depth: Provide non-rising, extension stem having coupling sufficient to attach securely to operating nut of valve. Upper end of extension stem shall terminate in square wrench nut no deeper than 4 feet from finished grade.

H. Gate Valves in Factory Mutual (Fire Service) Type Meter Installations: Conform to provisions of this specification; outside screw and yoke valves; carry label of Underwriters' Laboratories, Inc.; flanged, Class 125; clockwise to close.

I. Provide flanged joints when valve is connected to steel or PCCP.

PART 3 EXECUTION

3.01 INSTALLATION

A. Earthwork. Conform to applicable provisions of Section 31 23 33 - Excavation and Backfilling for Utilities.

B. Operation. Do not use valves for throttling without prior approval of manufacturer.

3.02 SETTING VALVES AND VALVE BOXES

A. Remove foreign matter from within valves prior to installation. Inspect valves in open and closed positions to verify that parts are in satisfactory working condition.

B. Install valves and valve boxes where shown on Drawings. Set valves plumb and as detailed. Center valve boxes on valves. Carefully tamp earth around each valve box for minimum radius of 4 feet, or to undisturbed trench face if less than 4 feet. Install valves completely closed when placed in water line.

C. For pipe section of each valve box, use only cast iron, ductile iron, or DR18 PVC pipe cut to proper length. Size to allow future operation of valve. Assemble and brace box in vertical position as indicated on Drawings.

3.03 DISINFECTION AND TESTING

A. Solid-Wedge Gate Valves: Apply hydrostatic pressure equal to twice rated working pressure of valve with both ends bulk headed and gate open. The valve shall show no leakage through metal, flanged joints, or stem seals. Test at rated working pressure, applied through bulkheads alternately to each side of closed gate with opposite side open for inspection. The valve shall show no leakage through metal, flanged joints, or stem-seals. Do not exceed a leakage rate of 1 oz/hr/inch of nominal valve size.

B. Repair or replace valves which exceed the leakage rate.

3.04 PAINTING OF VALVES

A. Paint valves in vaults, stations, and above ground using ACRO Paint No. 2215, or approved equal.

B. If damage to the exterior surface of the fire hydrant occurs during the handling and/or installation of the hydrant, the contractor shall be responsible for the touch-up/repair of said exterior surface. The Contractor shall follow the hydrants manufactures recommendations for such repairs.

1.03 REFERENCES

A. ASTM A 307 - Carbon Steel Externally Threaded Standard Fasteners.

B. ASTM B 62 - Composition Bronze or Ounce Metal Casting.

C. ASTM D 429 - Test Methods for Rubber Property-Adhesion to Rigid Substrates.

D. ASTM B 763 - Copper Alloy Sand Casting for Valve Application.

E. AWWA C 500 - Gate Valves, 3 Through 48 in. NPS, for Water and Sewage Systems.

F. AWWA C 509 - Resilient-seated Gate Valves, 3 through 12 NPS, for Water and Sewage Systems.

G. AWWA C 550 - Protective Epoxy Interior Coatings for Valves and Hydrants.

1.04 SUBMITTALS

A. Submittals shall conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit manufacturer's product data for proposed valves for approval.

1.05 QUALITY CONTROL

A. Submit manufacturer's affidavit that gate valves are manufactured in the United States and conform to stated requirements of AWWA C 500, AWWA C 509, and this Section, and that they have been satisfactorily tested in the United States in accordance with AWWA C 500 and AWWA C 509.

PART 2 PRODUCTS

2.01 MATERIALS

A. Gate Valves: AWWA C 500, AWWA C 509 and additional requirements of this Section. Direct bury valves and those in subsurface vaults open clockwise; aboveground and plant valves open counterclockwise.

B. If type of valve is not indicated on Drawings, use gate valves as line valves for sizes less than 16-inches. If type of valve is indicated, no substitute is allowed.

C. Gate Valves 1-1/2 Inches in Diameter and Smaller: 125 psig; bronze; rising-stem; single-wedge; disc type; screwed ends; such as Crane No. 428, or approved equal.

D. Coatings for Gate Valves 2 Inches and Larger: AWWA C 550; Indurall 3300 or approved equal, non-toxic, imparts no taste to water, functions as physical, chemical, and electrical barrier between base metal and surroundings, minimum 10-mil-thick, fusion-bonded epoxy. Prior to assembly of valve, apply protective coating to interior and exterior surfaces of body.

E. Gate Valves 2 Inches in Diameter: Cast Iron body, non-rising stem, 500-psi test, 2 inch square nut operating clockwise to open.

F. Gate Valves 4 Inches to 12 Inches in Diameter: Non-directional, resilient seated (AWWA C 509), 200 psig, bronze mounting, Mechanical Joint ends, and nut-operated unless otherwise specified. Provide resilient seated valves manufactured by Mueller 2360 Series, or approved equal. Comply with following requirements:

1. Design: Fully encapsulated rubber wedge or rubber seat ring mechanically attached with minimum 304 stainless-steel fasteners or screws; threaded connection isolated from water by compressed rubber around opening.

2. Body: Cast iron, flange bonnet and stuffing box together with 304 SS or 316 SS bolts. Manufacturer's initials, pressure rating, and year manufactured shall be cast in body.

3.. Bronze: Valve components in waterway to contain not more than 15 percent zinc and not more than 2 percent aluminum.

4. Stems: ASTM B 763 bronze, alloy number 995 minimum yield strength of 40,000 psi; minimum elongation in 2 inches of 12 percent, non-rising.

5. O-rings: AWWA C 509, sections 2.2.6 and 4.8.2.

6. Stem Seals: Consist of three O-rings, two above and one below thrust collar with anti-friction washer located above thrust collar.

7. Stem Nut: Independent or integrally cast of ASTM B 62 bronze.

8. Resilient Wedge: Molded, synthetic rubber, vulcanized and bonded to cast or ductile iron wedge or attached with 304 stainless steel screws tested to meet or exceed ASTM D 2000; seat against epoxy-coated surface in valve body.

9. Bolts: AWWA C 509 Section 4.4; 304 or 316 stainless steel only.

G. Gate Valves 14 Inches to 24 Inches in Diameter: AWWA C 500; push-on bell ends with rubber rings and nut-operated unless otherwise specified, double disc, 150 psi, and comply with the following:

1. Body: Cast or ductile iron; flange together bonnet and stuffing box with ASTM A 307 Grade B bolts. Manufacturer's initials, pressure rating, and year manufactured shall be cast in body. Equip with rollers, tracks, and scrapers.

2. Stems: Machined from ASTM B 62 bronze rod with integral forged thrust collar machined to size; non-rising.

3. Stem Seals: Consist of one O-ring above and one O-ring below thrust collar with anti-friction washer located above thrust collar for operating torque.

4. Stem Nut: Independent or integrally cast of ASTM B 62 bronze.

5. Discs: Cast iron with bronze disc rings securely pinned into machined dovetailed grooves.

6. Wedging Device: Solid bronze or cast-iron, bronze-mounted wedges. Thin plates or shapes integrally cast into cast-iron surfaces are acceptable. Other moving surfaces integral to wedging action shall be bronze monel or nickel alloy-to-iron.

7. Bronze Mounting: Built as integral unit mounted over, or supported on, cast-iron base and of sufficient dimensions to be structurally sound and adequate for imposed forces.

8. Gear Cases: Cast iron; furnished on 18-inch and larger valves and of extended type with steel side plates, lubricated, gear case enclosed with oil seal or O-rings at shaft openings.

9. Stuffing Boxes: Located on top of bonnet and outside gear case.

H. Gate Valves 20 Inches and Larger: Furnish and equip with bypass valves.

1. Sizes: Provide 3-inch bypass valves for 16-inch through 20-inch gate valves. Provide 4-inch bypass valves for 24-inch gate valves.

I. Valves 4 Inches through 12 Inches for Installation in Vertical Pipe Lines: Double disc, square bottom.

J. Valves 14 Inches and Larger for Installation in Horizontal Pipe Lines: Equipped with bronze shoes and slides.

K. Gate Valves Installed at Greater than 4 foot Depth: Provide non-rising, extension stem having coupling sufficient to attach securely to operating nut of valve. Upper end of extension stem shall terminate in square wrench nut no deeper than 4 feet from finished grade.

L. Gate Valves in Factory Mutual (Fire Service) Type Meter Installations: Conform to provisions of this specification; outside screw and yoke valves; carry label of Underwriters' Laboratories, Inc.; flanged, Class 125; clockwise to close.

M. Provide flanged joints when valve is connected to steel or PCCP.

PART 3 EXECUTION

3.01 INSTALLATION

A. Earthwork. Conform to applicable provisions of Section 31 23 33 - Excavation and Backfilling for Utilities.

B. Operation. Do not use valves for throttling without prior approval of manufacturer.

3.02 SETTING VALVES AND VALVE BOXES

A. Remove foreign matter from within valves prior to installation. Inspect valves in open and closed positions to verify that parts are in satisfactory working condition.

B. Install valves and valve boxes where shown on Drawings. Set valves plumb and as detailed. Center valve boxes on valves. Carefully tamp earth around each valve box for minimum radius of 4 feet, or to undisturbed trench face if less than 4 feet. Install valves completely closed when placed in water line.

C. For pipe section of each valve box, use only cast iron, ductile iron, or DR18 PVC pipe cut to proper length. Size to allow future operation of valve. Assemble and brace box in vertical position as indicated on Drawings.

3.03 DISINFECTION AND TESTING

A. Assist the Utility Owner with disinfection of valves and appurtenances as required by Section 02514 - Disinfection of Waterlines and test as required by Section 02511 - Water Mains.

B. Double-Disc Gate Valves: Apply hydrostatic test pressure equal to twice the rated working pressure of valve between discs. The valve shall show no leakage through metal, flanged joints, or stem seals. Test at rated working pressure, applied between discs. The valve shall show no leakage through metal, flanged joints, or stem seals. Do not exceed a leakage rate of 1 oz/hr/inch of nominal valve size.

C. Solid-Wedge Gate Valves: Apply hydrostatic pressure equal to twice rated working pressure of valve with both ends bulk headed and gate open. The valve shall show no leakage through metal, flanged joints, or stem seals. Test at rated working pressure, applied through bulkheads alternately to each side of closed gate with opposite side open for inspection. The valve shall show no leakage through metal, flanged joints, or stem-seals. Do not exceed a leakage rate of 1 oz/hr/inch of nominal valve size.

D. Repair or replace valves which exceed the leakage rate.

3.04 PAINTING OF VALVES

A. Paint valves in vaults, stations, and above ground using ACRO Paint No. 2215, or approved equal.

END OF SECTION

SECTION 33 12 16.13

TAPPING SLEEVES AND VALVES

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Tapping sleeves and valves for connections to existing water system.

1.02 DELETED

1.03 REFERENCES

A. ANSI B 16.1 - Cast Iron Pipe Flanges and Flanged Fittings.

B. AWWA C 110 - Ductile-Iron and Gray-Iron Fittings, 3 in. through 48 in., for Water and other Liquids.

C. AWWA C 111 - Rubber-Gasket Joints for Ductile-Iron and Gray-Iron Pressure Pipe and Fittings.

D. AWWA C 200 - Steel Water Pipe 6 in. And Larger.

E. AWWA C 207 - Steel Pipe Flanges for Waterworks Service - Sizes 4 in. through 144 in.

F. AWWA C 500 - Gate Valves, 3 through 48 in. NPS, for Water and Sewage Systems.

1.04 SUBMITTALS

A. Submit product data in accordance with requirements of Section 01 33 00 - Submittal Procedures.

B. Submit results of tapping sleeves NPT test opening.

C. Submit manufacturer's affidavit stating that valves for tapping into existing water lines conform to Section 02521 - Gate Valves and to requirements of AWWA C 500 and that they have been satisfactorily tested in accordance with AWWA C 500.

1.05 DELIVERY, STORAGE AND HANDLING

A. Ship steel sleeves in wooden crates that provide protection from damage to epoxy coating during transport and storage.

PART 2 PRODUCTS

2.01 MATERIALS

A. Tapping Sleeves:

1. Tapping Sleeve Bodies: Tapping valves will be Mueller SS Series Stainless Steel Service Saddle with all 304SS exterior bolts, or approved equal. Flange bolts must be 304 SS or 316 SS.

2. Branch Outlet of Tapping Sleeve:

a. Flanged, machined recess, AWWA C 207, Class D, ANSI 150 pound drilling.

b. Gasket: Affixed around recess of tap opening to prevent rolling or binding during installation.

3. Use cast iron split sleeve where fire service from 6-inch main is approved.

B. Welded-steel tapping-sleeve bodies may be used in lieu of cast or ductile iron bodies for following sizes and with following restrictions:

1. Flange: AWWA C 207, Class D, ANSI 150 pound drilling.

2. Gasket: Affixed around recess of tap opening to prevent rolling or binding during installation.

3. Steel sleeves are restricted to use on pipe sizes 6 inches and larger.

4. Body: Heavy, welded-steel construction; top half grooved to retain neoprene O ring seal permanently against outside diameter of pipe.

5. Bolts: AWWA C 500 Section 3.5; coated with 100 percent vinyl resin or corrosive resistant material.

6. Steel Sleeves Finish: Fusion-bonded epoxy coated to minimum 12 mil thickness.

7. Finished Epoxy Coat: Free of laminations and blisters; and remain pliant and resistant to impact with non-peel finish.

8. Steel tapping sleeves shall be Smith Blair No. 622, JCM No. 412, or approved equal.

9. Tapping Sleeves: Provide with 3/4-inch NPT test opening for testing prior to tapping. Provide 3/4-inch bronze plug for opening.

10. Do not use steel sleeves for taps greater than 75 percent of pipe diameter.

C. Tapping Valves: Meet requirements of Section 02521 - Gate Valves with following exceptions:

1. Inlet Flanges:

a. AWWA C 110; Class 125.

b. AWWA C 110; Class 150 and higher: Minimum 8-hole flange.

2. Outlet: Standard mechanical or push-on joint to fit any standard tapping machine.

3. Valve Seat Opening: Accommodate full-size shell cutter for nominal size tap without any contact with valve body; double disc.

D. Valve Boxes: Standard A valve box conforming to requirements of Section 33 12 33 - Valve Boxes, Meter Boxes, and Meter Vaults.

PART 3 EXECUTION

3.01 APPLICATION

A. Install tapping sleeves and valves at locations and of sizes shown on Drawings. Install sleeve so valve is in a horizontally level position.

B. Clean tapping sleeve, tapping valve, and pipe prior to installation and in accordance with manufacturer's instructions.

C. Hydrostatically test installed tapping sleeve to 150 psig for a minimum of 15 minutes. Inspect sleeve for leaks, and remedy leaks prior to tapping operation.

D. When tapping concrete pressure pipe, size on size, use shell cutter one standard size smaller than water line being tapped.

E. Do not use Large End Bell (LEB) increasers with a next size tap unless existing pipe is asbestos-cement.

3.02 INSTALLATION

A. Tighten bolts in proper sequence so that undue stress is not placed on pipe.

B. Align tapping valve properly and attach to tapping sleeve.

C. Make tap with sharp, shell cutter:

1. For 12-inch and smaller tap, use minimum cutter diameter one-half inch less than nominal tap size.

2. For 16-inch and larger tap, use manufacturer's recommended cutter diameter.

D. Withdraw coupon and flush cuttings from newly-made tap.

E. Wrap completed tapping sleeve and valve in accordance with Section 02511 - Water Mains.

F. Place concrete thrust block behind tapping sleeve (not over tapping sleeve and valve).

G. Request inspection of installation prior to backfilling.

H. Backfill in accordance with Section 31 23 33 - Excavation and Backfill for Utilities.

END OF SECTION

Section 33 30 00

SANITARY SEWERAGE UTILITIES
SANITARY SEWER PIPE WORK

PART 1 GENERAL

1.01 DESCRIPTION

Under this section is included the furnishing, laying, jointing and testing of all sewer pipe, including sewer pipe and sewer appurtenances, both in open cut and in tunnels, as shown on the drawings or as directed by the engineer.

PART 2 PRODUCTS

2.01 MATERIAL

(A) Gravity Sewer Pipe

1. Gravity sewer pipe may be of any of the following classifications. Any pipe found defective, not meeting the specifications, or improperly installed shall be rejected and so marked and shall be replaced by pipe approved by the engineer at no additional cost to PUB.

    a. Pipe and fittings shall be manufactured in conformance with the materials and methods described in ASTM Specification D-3034. Joint seals shall be compression type rubber gaskets in compliance with the requirements of ASTM Specification D-1869.

    b. Pipe and fittings shall be manufactured in conformance with the materials and methods described in ASTM Specification F-789 and UNI-B-10. Gaskets shall comply with the requirements of ASTM Specification F-477.

(B) Force Mains

1. Pressure sewer pipe will be the following classification. Any pipe found defective, not meeting the specifications, or improperly installed shall be rejected and so marked and shall be replaced by pipe approved by the engineer at no additional cost to PUB.

    a. Polyvinyl chloride pipe for force mains shall conform to AWWA Standard "Polyvinyl Chloride (PVC) Pressure Pipe" C-900 - 750 Class 100 DR25 latest revision. Fittings for polyvinyl chloride (PVC) pipe shall be Ductile Iron Class 125 "Compact Fittings" short body, tar coated (not cement lined). Transition gaskets shall also be included, unless otherwise noted on the contract bid document or drawings.

(C) Watertight Joint Materials

1. The contractor must exert every reasonable effort to secure a watertight joint and prevent infiltration of ground water into or exfiltration of sewage out of all pipe sewers and property service connections. To achieve this, joint material shall be made of the materials as specified herein, unless otherwise set forth in Special Provisions or Proposal. Any joint materials found to be defective or not meeting the specifications shall be rejected and replaced by approved joint materials at no additional cost to PUB.

(D) Pipe Jointing

1. In laying the sewer pipe to line and grade, the pipe shall be jointed in accordance with one of the approved jointing methods. PUB reserves the right, before construction is in progress, to change the type of joints if its engineer so directs.

(E) Polyvinyl Chloride Pipe (PVC) Jointing

1. The contractor shall make certain before jointing polyvinyl chloride pipe that the ring groove in the bell of the pipe is clean with no dirt or foreign material that could interfere with proper seating of the ring. Make sure pipe end is clean. Wipe with a clean dry cloth around the entire circumference from the end to one (1) inch beyond the reference mark. Lubricate the spigot end of the pipe, using only the lubricant supplied by the manufacturer. Be sure the entire circumference is covered. The coating shall be the equivalent of a brush coat of enamel paint. It can be applied by hand, cloth, pad, sponge, or glove. Do not lubricate the rubber ring or the ring groove in the bell because such lubricant could cause ring displacement. The level end is then inserted into the bell so that it is in contact with the ring. Brace the bell, while the level end is pushed in under the ring, so that previously completed joints in the line will not be closed up. The spigot end is pushed until the reference mark on the spigot end is flush with the end of the bell. If undue resistance to insertion of the level end is encountered or the reference mark does not reach the flush position, disassemble the joint and check the position of the ring. If it is twisted or pushed out of its seat, lean the ring, bell and level end and repeat the assembly steps.

2. Water stop joints shall be Polyvinyl Chloride (PVC) or other similar approved joint materials.

(F) SERVICE CONNECTIONS

1. Property service connections shall be installed using Polyvinyl Chloride Pipe (PVC). The pipe shall be SDR-35 and shall be manufactured in accordance with ASTM D-3034. The joints shall be compression type rubber gasket joints conforming to ASTM D-1869. The location of all laterals and service lines shall be shown on the plans. Where no approved street grade has been established, the depth of the connection shall be based on the assumed future street grade or on the present street or ground surface, as determined by the engineer. At times when pipe laying is not in process, the open ends of the pipe shall be closed by a watertight plug or other approved means. This provision shall apply during

the noon hour as well as overnight. If water is in the trench, the seal shall remain in place until the trench is pumped completely dry.

PART 3 EXECUTION

3.01 CONSTRUCTION METHODS

1. After the trench is excavated to a subgrade as specified, it shall be filled to grade with a minimum 6-inch gravel layer. This material shall be mechanically tamped to a density minimum of 90%. This material shall provide a smooth and uniform pipe bed for the entire length of the sewer pipe barrel. Ditching and pipe laying shall be uniformly in a straight line and to uniform elevations unless otherwise specified on the plans. Pipe and fittings shall be carefully handled to avoid damage. Before placing pipe into the trench, the outside of the spigot and the inside of the bell shall be wiped clean and dry, free from oil and grease. Every precaution shall be taken to prevent foreign material from entering the pipe. During layout operation, no debris, tools, clothing or other material shall be placed into the pipe. After placing a length of pipe into the trench, the spigot end shall be centered in the bell, the pipe forced home, brought to the correct alignment and covered with an approved backfill material. When the pipe is installed, metallic tape shall be buried as directed by the PUB inspector, but no greater than 4' below the finished grade or less than 2' above the top of the pipe for location purposes.

2. Sewer Appurtenances - Appurtenances to the sewer shall be provided and laid in accordance with the drawings and in the manner as specified herein. Appurtenances in addition to those required by the drawings or the proposal, as approved or directed by the engineer, shall be paid for under the appropriate items of the proposal.

3. Branches and Fittings - Branches and fittings shall be provided and laid as and where directed. T-branches and Y-branches, placed in the sewer for property service connections, shall be located by the contractor, as directed by the engineer, at such points in the sewer so as to result in the property service connection having the shortest length possible between the sewer and property line or easement line, unless otherwise indicated on the drawing or directed by the engineer.

4. Stubs - Stubs for future sewer pipe shall be installed as indicated by the drawings. If the specified length of the stub is exceeded, there will be no additional cost to PUB unless the extra length is ordered by the engineer. Existing sewer pipe stubs shall be removed as required, but only when directed by the engineer.

5. Stacks - Stacks shall be constructed as and where directed. The height of the stack shall be as indicated on the drawings, set forth in the proposal, as determined by the engineer. The stack shall encased in-concrete in accordance with the "Typical Sewer Details" drawings.

6. Drop Inlets - Drop inlets to the manhole shall be constructed as and where indicated by the drawings of either of the types shown on the "Typical Sewer Details" drawings, as directed by the engineer.

7. Cleanouts - Cleanouts on all service laterals shall be installed at the location shown on the plans and in accordance with the Wastewater Construction Standards.

8. Manholes - Manholes shall be constructed as shown on the "Typical Sewer Details" drawings to the elevations shown on the plan-profile sheets, or as directed. The manholes specified shall be Glass Fiber-Reinforced Polyester Manholes for use in sanitary sewer applications. They shall be a one-piece unit of one class, fabricated in a composite laminate. Walls shall be of uniform thickness and shall be free from thin spots and voids. Exterior surface shall be free of ridges and sharp protrusions and reinforcement. Interior surface shall also be smooth and free of ridges so as to facilitate self-cleaning. The exterior surface shall be covered with graded sand to facilitate bonding to the concrete base pad, cement stabilized sand backfill and cement grout used to seal around all incoming lines. The main line over which the manhole cut-out will be set shall be fitted with a seal ring as manufactured by Johns-Manville Manufacturing or equal (as per ASTM C-923 requirements). The manholes shall be Containment Solutions, Inc. Flowtite Fiberglass Manholes or approved equal that conforms to ASTM D. 3753-81, Standard Specifications for Glass Fiber-Reinforced Polyester Manholes and all noted applicable documents. The manufacturer shall submit written certification that their product meets the requirements of ASTM D. 3753-81 with test results of specified manholes included.

9. Stoppers and Bulkheads - Open ends of pipes and branches smaller than 15 inches in diameter shall be sealed with stoppers, cemented into place in an acceptable manner using a rubber gasket between the stopper and socket. Openings 15 inches in diameter and larger shall be closed with brick bulkheads at least 4 inches thick or by other approved methods as authorized. All openings to the pipeline shall be satisfactorily protected from the entrance of earth, water or other material. If a temporary bulkhead is constructed to prevent sewage from backing into the trench excavation or to prevent foreign material from entering the sewer from the new sewer trench, the contractor shall be responsible for reconstructing, repairing, or replacing those portions of the existing sewers removed or damaged by his operations. Existing bulkheads shall be removed as indicated by the drawings or set forth in the proposal, but not until directed by the engineer.

3.02 EXECUTION

1. Air Testing - This shall cover the testing of completed sections of installed sewer pipe using low air pressure. The contractor shall conduct low air pressure tests on completed sections of sewer mains. The air test results will be used to evaluate materials and construction methods on the pipe line sections, and successful air tests shall be mandatory for the acceptance of the lines. The Contractor shall furnish all labor and material required to complete all testing required by this specification.

2. Material for Air Testing - The following materials will be furnished by the contractor and utilized for air testing sewer mains:

   a. Compressor Air Supply: Any source which will provide at least three hundred (300) cubic feet per minute at one hundred (100) pounds per square inch. The compressor air supply shall be furnished by the contractor.

   b. Plugs, valves, pressure gauges, air hose, connections and other equipment necessary to conduct the air test shall be furnished by the contractor. The test equipment for air testing will consist of valves, plugs, and pressure gauges used to control the rate at which air flows to the test section and to monitor the air pressure inside the plugs. Test equipment shall be assembled as follows:

      1. hose connection
      2. shut off valve
      3. throttle valve
      4 pressure reduction valve
      5. gauge cock
      6. monitoring pressure gauge

3. Test Procedures - The following procedures will be utilized for air testing sewer mains:

   a. Determine section of line to be tested.

   b. Apply air pressure until the pressure inside the pipe reaches 4 psig.

   c. Allow the pressure inside the pipe to stabilize, then bleed back to 3.5 psig.

   d. At 3.5 psig, the time, temperature and pressure will be observed and recorded. A minimum of five (5) readings will be required for each test. If the time in seconds for the air pressure to decrease from 3.5 psig to 2.5 psig is greater than that shown in the following table, the pipe shall be presumed to be free from defect. When these rates are exceeded, pipe breakage, joint leakage, or leaking plugs are indicated and an inspection must be made to determine the cause. The contractor shall effect such repairs as may be required to accomplish a successful air test.

Table 1 Minimum Test Time for Various Pipe Sizes

Nominal Pipe Size, in.	T(time) min/100 ft.	Nominal Pipe Size, in.	T(time) min/100 ft.
3	0.2	21	3.0
4	0.3	24	3.6
6	0.7	27	4.2
8	1.2	30	4.8

10	1.5	33	5.4
12	1.8	36	6.0
15	2.1	39	6.6
18	2.4	42	7.3

4. Leakage Test - A leakage test may be requested by the engineer at any time to determine whether or not there is excessive infiltration and to assure that the sewer section is substantially watertight. The engineer may order the contractor to make leakage tests of as many sections as may be necessary to determine whether the work complies with the criteria for the rate of leakage. A section shall consist of a reach from one manhole to the next manhole provided the manholes are at least 300 feet apart and preferably 400 feet. Leakage tests shall be conducted, and measurements made, for a minimum of one hour. The tests may be conducted over a longer period of time with no reduction in the rate of leakage.

   a. Leakage into Sewer - Leakage into the sewer including manholes, shall not exceed a rate of 50 gallons per 24 hours per inch diameter per mile of sewer. There shall be no gushing or spurting streams entering the sewer or manhole and where encountered they shall be repaired regardless of the rate of infiltration at no additional cost to PUB. Where practicable, the tests for leakage into the sewers shall be made at a time when the groundwater level is at a maximum, but it must be at least one foot above the top of the pipe of the highest elevation in the section being tested.

   b. Leakage out of Sewer - Where the groundwater level is less than one foot above the top of-the pipe and where conditions will permit, the sewers shall be subjected to an internal pressure by plugging the pipe at both ends and then filling the sewer and manholes with clean water to a height above the top of the pipe sufficient to obtain satisfactory measurements to determine the rate of leakage. The rate of leakage from the sewers may be determined by either the amount of subsidence in the water surface level of the amount of water required to maintain the original water surface level above the top of the pipe. Leakage from the sewers under test shall not exceed the requirement of leakage into sewers as specified in Section 4.7.1, except that an allowance of an additional 10 percent of gallonage shall be permitted for each additional 2 feet of head over a basic 2 foot minimum internal head.

   c. Requirements of the Contractor - The contractor shall construct such weirs or other means of measurements as may be required, shall furnish water and shall do all necessary pumping to enable the tests to be properly made. When a leakage test fails, the contractor shall do such other work as may be necessary until the rate of leakage meets the above requirements, as determined by additional leakage tests.

5. Deflection Testing for Gravity PVC Sewer Lines

a. No sooner than 30 days, nor later than 12 months after the pipe has been installed and backfilling has been completed, tests for deflection will be made. A deflection of more than 5 percent of the inside diameter of the pipe shall be cause for rejection, and the line will be removed and replaced at the contractor's expense. A GO NO-GO Deflection Testing Mandrel, to be furnished by the contractor, and certified by the engineer, shall be used. The testing shall consist of the following:

1. Completely flush the line, if required, making sure the pipe is clean of any mud or debris that would hinder the passage of the mandrel.
2. During the final flushing of the line, attach a floating block or ball to the end of the mandrel pull rope and float the rope through the line.
3. After the rope is threaded through the line, connect the pull rope to the mandrel and place the mandrel in the entrance of the rope.
4. Connect a retrieval rope to the back of the mandrel to pull it back if necessary.
5. Remove all slack in the pull rope and place a tape marker on the rope at the ends of the pipe where the mandrel will exit, determining the location of the mandrel in the line.
6. Using manhole guide pulleys, draw mandrel through the sewer line, if any irregularity of pipe deformation exceeding the allowable 5 percent is encountered in the line, the line shall be uncovered at the point.
7. If an obstructed or over-deflected section is found, locate it; dig down and uncover pipe; inspect the pipe; if any damaged pipe is found, replace it. If pipe is not damaged, re-round the pipe, replace and thoroughly tamp the embedment and initial backfill; replace remainder of backfill.
8. Re-test this entire section for deflection.
9. Any pipe removed shall be replaced by use of gasketed repair couplings. Each and every deflection test shall be conducted in the presence of the owner's or engineer's representative.

b. The Contractor shall furnish all labor and material required to clean and flush and complete all testing required by this specification. The owner, at their discretion, may televise the sewer lines in lieu of the mandrel test. Televising equipment will be furnished by the owner. The contractor shall furnish labor to assist PUB inspectors to operate televising equipment. Labor shall consist of a minimum of 2 persons. Televising work will normally be performed during other than normal working hours, including Saturdays and after 5 PM on weekdays.

If there are insufficient roadways within the project area, the contractor will furnish the equipment necessary to gain full access to the site.

6. Force Main Hydrostatic Testing

a. After the pipe and appurtenance have been installed, test line and drain. Prevent damage to the Work or adjacent areas. Use clean water to perform tests.

b. The Utility Owner may direct tests of relatively short sections of completed lines to minimize traffic problems or potential public hazards.

c. Test pipe in the presence of the Utility Owner.

d. Test pipe at 150 psig or 1.5 times design pressure of the pipe, whichever is greater. Design pressure of the force main shall be the rated total dynamic head of the lift station pump.

e. Test pipe at the required pressure for a minimum of 2 hours according to requirements of Uni-B-3.

f. Maximum allowable leakage shall be as calculated by the following formula:

$$L = (S)\ (D)\ (P^{0.5}) / 133{,}200$$

Where: L = Leakage in gallons per hour.
S = Length of pipe in feet.
D = Inside diameter of pipe in inches.
P = Pressure in pounds per square inch.

g. Correct defects, cracks, or leakage by replacement of defective items or by repairs as approved by the Utility Owner.

h. Plug openings in the force main after testing and flushing. Use cast iron plugs or blind flanges to prevent debris from entering the tested pipeline.

7. Pigging Test

1. After completion of hydrostatic testing and prior to final acceptance, test force mains longer than 200 feet by pigging to ensure piping is free of obstructions.

2. Pigs: Provide proving pigs manufactured of an open-cell polyurethane foam body, without any coating or abrasives which would scratch or otherwise damage interior pipe wall surface or lining. Pigs shall be able to pass through reductions of up to 65 percent of the nominal cross-sectional area of the pipe. Pigs shall be able to pass through standard fittings such as 45-degree and 90-degree elbows, crosses, tees, wyes, gate valves, or plug valves, as applicable to the force main being tested.

3. Test Execution: Pigging test shall be conducted in the presence of the Utility Owner. Provide at least 48-hours notice of scheduled pigging of the force main prior to commencing the test.

Part 4 MEASUREMENT AND PAYMENT

A. Unless prescribed elsewhere in the contract documents, Unit Prices as follows.

1. Payment for normal depth sanitary sewer, up to 8 feet deep, by open-cut or augered with or without casing is on a linear foot basis for each size of pipe. Depth is measured from bottom of the pipe to the proposed natural ground. Separate pay items are used for open-cut and augered installation. Unit Prices shall include all materials, fittings, testing and labor necessary to install the sanitary sewer.

2. Payment for extra depth sanitary sewer by open-cut or augered is on a unit price basis per vertical foot for each foot of depth greater than 8 feet. Depth is measured from bottom of the pipe to the proposed natural ground.

3. Payment for normal depth manholes, up to 8 feet deep, is on a unit price basis for each manhole installed. Depth is measured from proposed top of cover to sewer invert. Unit Prices shall include all materials, fittings, testing and labor necessary to install the sanitary sewer manhole.

4. Payment for extra depth manholes is on a unit price basis per vertical foot for each foot of depth greater than 8 feet. Depth is measured from proposed top of cover to sewer invert.

5. Payment will be made for service connection at the unit price for each service connection installed for the various sizes itemized under this Section. Unit Prices shall include all materials, fittings, and labor necessary to install the service connection.

6. Payment for force mains installed by open-cut or augered with or without casing is on a linear foot basis for each size of pipe installed. Separate pay items are used for open-cut and augered installation. Unit Prices shall include all materials, fittings, testing and labor necessary to install the force main.

END OF SECTION

SECTION 33 39 13

MANHOLES, GRATES, RINGS, AND COVERS

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Iron castings for manhole frames and covers, inlet frames and grates, catch basin frames and grates, meter vault frames and covers, adjustment rings, and extensions.

B. Ring grates.

1.02 REFERENCES

A. AASHTO - American Association of State Highway and Transportation Officials Standard Specification for Highway Bridges.

B. ASTM A 48 - Specification for Gray Iron Castings.

C. ASTM A 615 - Standard Specification for Deformed Billet-Steel Bars for Concrete Reinforcement.

D. AWS - D 12.1 Welding Reinforcing Steel.

1.03 SUBMITTALS

A. Submit product data in accordance with Section 01 33 00 - Submittal Procedures.

B. Submit copies of manufacturer's specifications, load tables, dimension diagrams, anchor details, and installation instructions.

C. Submit shop drawings for fabrication and installation of casting assemblies that are not included in Drawings. Include plans, elevations, sections and connection details. Show anchorage and accessory items. Include setting drawings for location and installation of castings and anchorage devices.

PART 2 PRODUCTS

2.01 CASTINGS

A. Castings for frames, grates, rings and covers shall conform to ASTM A 48, Class 30. Provide locking covers if indicated on Drawings.

B. Castings shall be capable of withstanding the application of an AASHTO H-20 loading without permanent deformation.

C. Fabricate castings to conform to the shapes, dimensions, and with wording or logos shown on the Drawings. Standard dimensions for manhole covers are 32 inches in diameter.

D. Castings shall be clean, free from blowholes and other surface imperfections. Cast holes in covers shall be clean and symmetrical, free of plugs.

2.02 BEARING SURFACES

A. Machine bearing surfaces between covers or grates and their respective frames so that even bearing is provided for any position in which the casting may be seated in the frame.

2.03 SPECIAL FRAMES AND COVERS

A. Where indicated on the Drawings, provide watertight manhole frames and covers with a minimum of four bolts and a gasket designed to seal cover to frame. Supply watertight manhole covers and frames, Model R-1916H (32-inch cover diameter) manufactured by Neenah Foundry Company, Model V-2420 by Vulcan Foundry, or approval equal.

B. Where shown on the Drawing, provide manhole frames and covers with 48-inch-diameter clear opening, with inner cover for 22-inch diameter clear opening. Provide inner cover with pattern shown on Drawings, Neenah Foundry, Model R-1741-F, Vulcan Foundry V-7, or approved equal.

2.04 FINISH

A. Unless otherwise specified, coat iron castings with the manufacturer's standard asphaltic paint.

2.05 FABRICATED RING GRATES

A. Ring grates shall be fabricated from reinforcing steel conforming to ASTM A 615.

B. Welds connecting the bars shall conform to AWS D 12.1.

PART 3 E X E C U T I O N

3.01 INSTALLATION

A. Install castings according to approved shop drawings, instructions given in related specifications, and applicable directions from the manufacturer's printed materials.

B. Set castings accurately at required locations to proper alignment and elevation. Keep castings plumb, level, true, and free of rack. Measure location accurately from established lines and grades. Brace or anchor frames temporarily in formwork until permanently set.

C. Ring grates shall be fabricated in accordance to the Engineer, Ring Grate for Open End of 18" to 72" Stubs to Ditch, and shall be set in mortar in the mouth of the pipe bell.

END OF SECTION

Section 33 40 00

STORM DRAINAGE UTILITIES
STORM DRAINAGE SYSTEM

PART 1 GENERAL

1.01 SECTION INCLUDES

Storm drainage system includes, but is not limited to construction of storm sewers, culverts, drainage structures, drainage appurtenances, riprap, ditching, backfilling, shoring and dewatering of trenches for storm sewers as required for safe and workmanlike construction.

Storm drains, culverts, safety ends that are in public easements (TX-DOT right-of-way) shall be constructed in accordance with the TX-DOT Construction Specifications.

1.02 MEASUREMENT AND PAYMENT

A. Unless prescribed elsewhere in the Contract Documents, Unit Prices as follows:.

1. Payment for storm sewer lines or culverts installed by open-cut is on a linear foot basis for each size and class of pipe installed.

2. Payment for safety end treatments shall be made for each individual safety end treatment completed and installed.

3. Payment for grate inlets shall be made for each individual grate inlet completed and installed.

4. Payment for storm sewer manholes shall be made for each individual manhole completed and installed.

5. Payment for rip rap or other concrete work shall made for each individual unit completed and installed.

6. Tie-ins and connections to existing drainage structures shall be considered subsidiary to the Work. No additional pay.

1.03 QUALITY ASSURANCE

A. Storm drainpipe may be inspected at the manufacturing source as well as at the job site by the Engineer.

B. Storm drainage systems serving public streets shall be constructed under the inspection of the owning governmental agency. Final acceptance of governmental agency is required prior to final payment under this contract.

PART 2 - PRODUCTS

2.01 BEDDING MATERIAL

Bedding material shall be specified in the drawing details. Sand shall be Bank Run Sand or River Sand, as follows: Durable bank run sand classified as SP, SW, or SM by the Unified Soil Classification System (ASTM D 2487) meeting the following requirements:

1. Less than 15 percent passing the number 200 sieve when tested in accordance with ASTM D 1140. The amount of clay lumps or balls not exceeding 2 percent.

2. Material passing the number 40 sieve shall meet the following requirements when tested in accordance with ASTM D 4318:

   a. Liquid limit: not exceeding 25 percent.

   b. Plasticity index: not exceeding 7.

Contractor shall provide reports to the Owner and the Engineer from an independent testing laboratory that backfill materials to be placed in the Work meet applicable specification requirements. Contractor shall assist Owner, Owner's representative and Testing Lab in obtaining samples, from the delivered materials, for verification testing.

2.02 STORM DRAIN PIPE MATERIALS

A. Storm drainpipe is to be of the size and type shown on the drawings.

B. 1. Reinforced concrete pipe (RCP) and special fittings shall be reinforced concrete culvert, storm drain and sewer pipe conforming to the latest requirements of ASTM Standard Specifications, Serial Designation C-76. Pipe shall be centrifugally cast or vibrated prebed, horizontally or vertically cast or made on a Packerhead machine and shall be furnished in lengths not less than four feet (4') and gasketed.

2. Polyvinyl chloride pipe for pipe sizes 4 inch to 12 inch shall conform to or exceed AWWA Standard "Polyvinyl Chloride (PVC) Pressure Pipe" C900, Class 100 DR-25, or Class 150 DR-18, latest revision, or as shown on plans.
3. HDPE pipe shall be N-12 WT IB (per ASTM F2648)

C. Each pipe shall be clearly marked as required by the Standard Specifications to show its class, date of manufacturer and name or trademark of the manufacturer.

D. Any pipe which has been broken, cracked or otherwise damaged before, during or after delivery, or which has failed to meet the required tests shall be removed from the site of the work and shall not be used therein.

E. All pipe and special fittings shall be new materials which have not been previously used.

F. Nominal inside diameter shall be as shown on the drawings, or as directed by the Engineer.

G. Portland cement and mortar sand for this construction of storm drainage pipe and culverts must be on the project, proven to be the first-class working condition before construction will be permitted to begin.

H. The Sub-contractor shall provide hoisting equipment to handle the pipe in unloading and placing in its final position, without damage to the pipe.

2.03 APPURTENANCE MATERIAL

A. Concrete for storm drainage constructions shall be in accordance with appropriate section of the Specifications for this project. Strength shall be 3,000 psi at age 28 days.

B. Reinforcement - Comply with ASTM A-615

C. Castings - Comply with ASTM A 48, grey cast iron.

D. If Sub-contractor desires to substitute precast drainage structures for structure detailed on the plans, he shall submit design drawings to the Owner and Engineer for consideration. If precast are acceptable by the Engineer, shop drawings for construction will be required.

PART 3 - EXECUTION

3.01 GENERAL

A. All pipe will be laid in an open trench of dimensions as shown on the drawings. No projecting conditions will be allowed.

B. Lengths of storm drainpipe shown on the drawings are approximate distances center to center of structures. Slopes are approximate. The Sub-contractor shall install pipe based on actual field measurements after locating drainage structures in accordance with plan requirements.

C. Particular care shall be exercised in establishing the relationship of storm drainage pipe, drainage structure bases and final drainage top conditions. Drainage structure tops are required to be located in specific position and orientation. Subsurface construction to be located to allow drainage structure construction as detailed on the drawings without modification. In case of misalignment of drainage structure tops and bases, the Sub-contractor will be required to correct the construction as directed by the Engineer.

D. **All connections to the existing storm sewer system shall be cleaned with a high pressure fire hose to clean all silt and debris from piping and inlets**.

3.02 EXCAVATION

A. All excavation shall be unclassified. Excavate all rock, if encountered, and all other unsuitable materials, at no additional cost to the Owner.

B. Should rock be encountered in the trenches, use a backhoe or ripper, until the use of such equipment is not practical.

C. Notify the Engineers and receive written instructions prior to further rock excavation.

D. No blasting shall be permitted.

E. Excavation shall be by open cut. The top portion of the trenches may be excavated as required by the Sub-contractor to any width which will not cause damage to any adjacent structure. The portion of the trench from one-foot (1') above the top of the pipe and below shall not exceed the dimensions shown on the drawings.

F. The bottom of trenches shall be carefully shaped to conform to and support the lower one-fourth of the periphery of the pipe barrel. Where the rock is encountered, it shall be removed to a depth of six inches (6") below bottom of pipe.

G. Excavated material shall be hauled off site at no additional cost to Owner.

3.03 BACKFILLING

A. Backfilling shall be as specified in the Section 31 06 20.16 - titled "Utility Backfill Materials" of these specification.

B. For HDPE pipe (N-12 WT IB per ASTM 2648), manufacturer's backfilling recommendations shall be strictly followed.

3.04 APPURTENANCES

A. All drainage structures are to be constructed as shown on the drawings and in accordance with generally accepted construction practice. Refer to site plans for location and size.

1. The Sub-contractor shall furnish and install drainage structure as shown in detail on the drawings.
2. Structure bottoms shall have shaped inverts.
3. All mortar joints shall be filled full. Joints shall be struck flush inside and out.
4. All pipe, where cut at the face of the structure wall, shall be cut and ground smooth with the face of the wall.
5. All joints around pipe and structure walls at the face of the wall shall be packed full with mortar.
6. The bottom of drainage structures shall be clean of all debris and walls shall be clean of mortar as work progresses.

3.05 CLEANUP

Sewers and structures shall be left clean and free from mud or debris of any kind. When looked through, each line between structures shall show a full circle of light. Otherwise, the Contractor shall be required to remove and replace the defective portion of the work at his own expense.

END OF SECTION

SECTION 02448

PIPE AND CASING AUGERING

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Installation of casing for pipe by dry augering or slurry boring methods, together with installation of pipe in the casing.

B. Installation of pipe by slurry boring methods. Construction casing may be used at the Contractor's option.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. Casing installed by augering methods shown on the Drawings, will be measured and paid by the linear foot from end to end of the augered section. Casing installed in the auger pits or open cuts adjacent to augered sections shall be paid for under a separate bid item. Casing installed by open-cut methods where shown on the Drawings, will be measured and paid by the linear foot from end to end of the casing.

2. Pipe augering shown on the Drawings, will be measured and paid by the linear foot from end to end of the augered section.

3. Payment will include and be full compensation for labor, equipment, materials and supervision for excavation and construction of the pipe, complete in place including disposal of excess materials, shoring, dewatering, utility adjustments, grouting, backfill, clean-up, and other related work necessary for construction as indicated on the Drawings and specified this Section.

4. Cost for pits and other excavations are to be included in the unit price for pipe with or without casing.

5. Trench safety systems for pits are to be included in the unit price for pipe with or without casing.

B. Stipulated Price (Lump Sum). There shall be no separate payment for work covered under this section. All costs associated with this item shall be included in the bid price for the entire project. Schedule of Values shall be based on consideration of applicable construction units or quantities determined from construction drawings.

1.03 DEFINITIONS

A. Augering means either "dry augering" or "slurry boring".

B. Dry augering is jacking a casing while excavating the soil at the heading and transporting the spoil back through the casing by an otherwise uncased auger.

C. Slurry boring is installing a casing or pipe by drilling a small diameter pilot hole, followed by reaming the bore to full diameter with the assistance of slurry or drilling fluids.

1.03 REFERENCE STANDARDS

A. American Railway Engineering Association (AREA) Manual for Railway Engineering.

B. American Association of State Highway and Transportation Officials (AASHTO).

C. AWWA C 200 - Steel Water Pipe, 6-Inch and Larger.

1.05 SUBMITTAL

A. Make submittals in conformance with Section 01 33 00 - Submittal Procedures.

B. For installation by augering, submit for review:

1. Description of mechanized excavating equipment.

2. Method of controlling line and grade.

3. Grouting techniques to be used for filling annular void between pipe and casing, and void between pipe or casing and the ground, including equipment, pumping and injection procedures, pressure grout types, and mixes.

4. Locations and dimensions of pits.

5. Pit design and construction drawings.

6. Identification of casings required and paid under the Contract and casings installed at the Contractor's option.

7. Design of casings.

C. Prepare auger pit and casing design submittals that are site specific. Have auger pit and casing design submittals signed and sealed by a qualified Professional Engineer registered in the State of Texas.

1.06 CRITERIA FOR DETERMINING CASING INSTALLATION LOADS

A. Select and design casing pipe and pipe joints to carry the thrust of jacks or loads due to the pulling mechanism in combination with overburden, earth and hydrostatic loads. Select casings for dry augering to withstand the action of the auger without damage.

B. Have a Professional Engineer determine design stresses, design deflections and factors of safety for design of casing. Present such determination as a part of the design submittal. Apply the following maximum casing pipe stresses and deflections to casings shown on the Drawings:

1. Design stress in the pipe wall: 50 percent of the minimum yield point of the steel or 18,000 psi, whichever is less, when subjected to the applicable loading conditions.

2. Wall thickness: Maximum allowable deflection which does not exceed 3 percent of nominal casing diameter.

C. Use Cooper E-80 locomotive loading distributions as criteria for railroad crossings in accordance with AREA's specifications for culverts. In the design, account for additive loadings due to multiple tracks.

D. Use H-20 vehicle loading distributions as criteria for truck loading in accordance with AASHTO.

E. When not specifically indicated on the Drawings, select casing diameter to permit practical installation (including skids if applicable) and grouting.

PART 2 PRODUCTS

2.01 MATERIALS

A. Provide casing pipe which is straight, circular in section, uncoated, welded steel pipe, manufactured in accordance with AWWA C 200.

B. Provide pipe in accordance with the plans.

C. Provide restrained-joint pipe when installing pipe in slurry bored holes by a pull-back method.

PART 3 EXECUTION

3.01 LOCATION AND SIZE OF AUGER PITS

A. Locate auger pits for slurry boring so that the distance between pits is no greater than 80 feet; and for dry augering not more than 120 feet apart.

B. Where possible, locate auger pits and associated work areas to avoid blocking driveways and cross streets and to minimize disruption to business and commercial interests. Avoid auger pit locations near areas identified as potentially contaminated.

C. Make size adequate for construction of any structures indicated on the Drawings. Provide adequate room to meet Contractor's operational requirements for augering.

D. Provide a portable concrete traffic barrier around the periphery of the pit, meeting applicable safety standards. Properly maintain the barrier throughout the period the pit remains open. Angle traffic barriers in the direction of the lane flow; do not place barriers perpendicular to on-coming traffic.

E. Provide a full cover or other security fencing for each access pit in which there is no construction activity or which is unattended by Contractor's personnel.

3.02 DRY AUGERING OF CASING

A. Provide jacks, mounted on a frame or against a backstop, of a capacity suitable for forcing the excavating auger and casing through the soil conditions to be encountered. Operate jacks so that even pressure is applied to the casing.

B. Provide steerable front section of casing to allow vertical grade adjustments. Provide a water level or other means to allow monitoring of the grade elevation of the auger casing.

C. Bentonite slurry may be used to lubricate the casing during installation. The use of water to facilitate removal of spoil is permitted; however, water jetting for excavation of the soil is not allowed when jacking casing.

D. Tolerances from lines and grades shown on the Drawings for pipe installed in casing are plus or minus 6 inches in horizontal alignment, and plus or minus 1-1/2 inches in elevation.

3.03 SLURRY BORING OF CASING OR PIPE

A. Drill a small diameter pilot hole and check for line and grade at the receiving end. Redrill the pilot hole if the bored pipe does not meet specified tolerances.

B. Using the pilot hole as a guide, bore a larger diameter hole of sufficient size for pipe or casing installation. Water jetting is not permitted.

C. Bentonite slurry may be used to maintain a stable hole and furnish lubrication for pipe or casing installation.

D. Tolerances from lines and grades shown on the Drawings for the installed pipe are plus or minus 6 inches in horizontal alignment and plus or minus 1-1/2 inches in elevation.

E. Completely fill the annular space between the pipe and the surrounding soil or casing with grout, without displacing the pipe during the grouting operation.

3.04 PIPE IN CASING

A. Grout the annular void between pipe and any casing from end to end of the casing. Block and brace the pipe to prevent movement during grout placement and to maintain specified line and grade.

3.05 SETTLEMENT MONITORING

A. Monitor the ground surface elevation along the length of the augering operation. Locate and record settlement monitoring points with respect to construction baseline and elevations. Record elevations to an accuracy of 0.01 feet for each monitoring point location. Establish monitoring points at locations and by methods that protect them from damage by construction operations, tampering, or other external influences. As a minimum, locate survey points as follows:

1. For road crossings: Centerline and each shoulder.

2. Railroads: Track subbase at centerline of each track.

3. Utilities and Pipelines: Directly above and 10 feet before and after the utility or pipeline intersection.

4. Long bores under improved areas such as pavements: Ground surface elevations must be recorded on the centerline ahead of augering operations at locations not to exceed 50 feet apart (including points located for roads, railroads, utilities, and pipelines), or at least three locations per augering drive.

B. Reading Frequency and Reporting. Take settlement survey readings:

1. Prior to the auger excavation reaching the point.

2. After the auger reaches the monitoring point in plan.

3. After grouting of the ground supporting pipe or casing is complete.

C. Immediately report to the Engineer any movement, cracking, or settlement which is detected.

D. Following substantial completion but prior to final completion, make a final survey of all monitoring points.

E. All damage done, by the augering operation, to roadways or other structures shall be repaired by the Contractor at no cost to the Owner.

3.06 DISPOSAL OF EXCESS MATERIAL

A. Remove and dispose of spoil from the job site.

END OF SECTION

SECTION 02506 - POLYVINYL CHLORIDE PIPE AND FITTINGS

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Seamless polyvinyl chloride (PVC) corrugated or solid wall pipe and fittings with smooth interior for sanitary, irrigation or storm sewer applications in nominal diameters 4 inches through 60 inches.

1.02 REFERENCES

A. ASTM D 1248 - Standard Specification for Polyethylene Plastics Molding and Extrusion Materials.

B. ASTM D 1784 - Standard Specification for Rigid Polyvinyl Chloride Compound and Chlorinated Polyvinyl Chloride Compounds.

C. ASTM D 2122 - Standard Specification for Test Methods for Determining Dimensions of Thermoplastic Pipe and Fittings.

D. ASTM D 2412 - Standard Specification for Polyvinyl Chloride Plastic Pipe.

E. ASTM D 2444 - Test Method for Impact Resistance of Thermoplastic Pipe and Fittings by Means of a Tup (Falling Weight).

F. ASTM D 3212 - Specification for Joints for Drain and Sewer Plastic Pipes Using Flexible Elastomeric Seals.

G. ASTM F 477 - Standard Specification for Elastomeric Seals (Gaskets) for Joining Plastic Pipe.

H. ASTM F 794 and F 1803 - Standard Specification for Polyvinyl Chloride Profile Gravity Sewer and Fittings Based on Controlled Inside Diameters.

I. ASTM F 949 - Standard Specification for Polyvinyl Chloride Corrugated Sewer Pipe with Smooth Interior and Fittings.

1.03 SUBMITTALS

A. Conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Submit shop drawings showing design of new pipe and fittings indicating alignment and grade, laying dimensions, fabrication, fittings, flanges, and special details.

PART 2 P R O D U C T S

2.01 MATERIAL

A. Use PVC compounds in the manufacture of pipe that contain no ingredient in an amount that has been demonstrated to migrate into water in quantities considered to be toxic.

B. The PVC material shall have a minimum cell classification of 12454-C as defined in ASTM D-1784

C. Provide pipe which is homogeneous throughout, free of voids, cracks, inclusions, and other defects, uniform as commercially practical in color, density, and other physical properties. Deliver pipe with surfaces free from nicks and scratches with joining surfaces of spigots and joints free from gouges and imperfections which could cause leakage.

D. For PVC pressure pipe used for water mains, provide self-extinguishing PVC pipe that bears Underwriters' Laboratories mark of approval and is acceptable without penalty to Texas State Fire Insurance Committee for use in fire protection lines.

E. Gaskets:

1. Gaskets shall meet the requirements of ASTM F 477. Use elastomeric factory-installed gaskets to make joints flexible and watertight.

2. Pipes to be installed in potentially contaminated areas, especially where free product is found near the elevation of the proposed sewer, shall have the following gasket materials for the noted contaminants.

CONTAMINANT	GASKET MATERIAL REQUIRED
Petroleum (diesel, gasoline)	Nitrile Rubber
Other contaminants	As recommended by the pipe manufacturer

3. Do not use PVC gasket material for water mains in potentially contaminated areas.

E. Lubricant for rubber-gasketed joints: Water soluble, non-toxic, non-objectionable in taste and odor imparted to fluid, non-supporting of bacteria growth, having no deteriorating effect on PVC or rubber gaskets.

2.02 IRRIGATION PIPE AND FITTINGS

A. Pipe 14-inch through 60-inch: Polyvinyl Chloride (PVC) with minimum cell classification of 12364 or 12354 as defined in ASTM D1784 with smooth interior and integral gasket bell and spigot joints.

B. Bends and Fittings: All fittings for PVC solid wall pipe with a smooth interior shall meet the size requirements for the above specified pipe. Approved gasket adapters will be allowed.

C. Connections to concrete pipe and structures shall be as recommended by the pipe manufacturer instructions.

D. Make curves and bends by deflecting the joints. Do not exceed maximum deflection recommended by the pipe manufacturer. Submit details of other methods of providing curves and bends for review by Engineer.

PART 3 E X E C U T I O N

3.01 PROTECTION

A. Each pipe shipment should be inspected carefully upon arrival. Pipe should be lowered, not dropped, from trucks to the ground or into a trench.

B. Store pipe under cover out of direct sunlight and protect from excessive heat or harmful chemicals in accordance with the manufacturer's recommendations.

3.02 INSTALLATION

A. Install PVC pipe in accordance with Section 31 23 33 - Excavation and Backfill for Utilities, ASTM D 2321, and manufacturer's recommendations.

B. Avoid imposing strains that will overstress or buckle the pipe when lowering pipe into trench.

F. Hand shovel pipe bedding under the pipe haunches and along the sides of the pipe barrel and compact to eliminate voids and ensure side support.

END OF SECTION

SECTION 02513

WET CONNECTIONS

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Wet connections for new water mains and service lines to existing water mains.

1.02 MEASUREMENT AND PAYMENT

A. Payment for wet connections shown on Drawings is on the basis of each wet connection. Separate payment will be made for each size of water main.

B. No compensation will be given for extra work or for damages occurring as a result of an incomplete shutoff.

1.03 REFERENCES

A. AWWA C 800 - Underground Service Line Valves and Fittings.

1.04 DEFINITIONS

A. Wet connections consist of isolating sections of pipe to be connected with installed valves, draining the isolated sections, and completing the connections.

B. Connection of 2-inch or smaller lines, which may be referred to on Drawings as "2-inch standard connections" or "gooseneck connections" will be measured as 2-inch wet connections. This item is not to be used as part of a 2-inch service line.

PART 2 PRODUCTS

2.01 MATERIALS

A. Pipe shall conform to requirements of applicable portions of Sections 02506 – Polyvinyl Chloride Pipe.

B. Corporation cocks and saddles shall conform to requirements of Section 33 12 13 - Water Tap and Service Line Installation.

C. Valves shall conform to requirements of Section 02521 - Gate Valves.

D. Brass fittings shall conform to requirements of AWWA C 800.

PART 3 EXECUTION

3.01 CONNECTION OPERATIONS

A. Plan wet connections in such manner and at such hours as to least inconvenience public. Notify the Engineer and the Owner at least 48 hours in advance of making connections.

B. Do not operate valves on mains in use by the Owner. The Owner will handle, at no cost to Contractor, operations involving opening and closing valves for wet connections.

C. Conduct connection operations when Inspector is at job site. Connection work shall progress without interruption until complete once existing mains have been cut or plugs has been removed for making connections.

3.02 2-INCH WET CONNECTIONS

A. Tap water main. Use corporation cocks, saddles, copper tubing as required for line and grade adjustment, and brass fittings necessary to adapt to existing main. Use 2-inch valves when indicated on Drawings for 2-inch copper gooseneck connections.

END OF SECTION

Section 02533

ACCEPTANCE TESTING FOR SANITARY SEWERS

PART 1 GENERAL

1.01 SECTION INCLUDES

A. Acceptance testing of sanitary sewers including:

1. Visual inspection of sewer pipes
2. Mandrel testing for flexible sewer pipes.
3. Leakage testing of sewer pipes.
4. Leakage testing of manholes.
5. Smoke testing of point repairs.

B. All tests listed in this Section are not necessarily required on this Project. Required tests are named in other Sections which refer to this Section for testing criteria and procedures.

1.02 MEASUREMENT AND PAYMENT

A. Unit Prices.

1. No payment will be made for acceptance testing under this Section.

1.03 REFERENCES

A. ASTM C 828 - Standard Test Method for Low Pressure Air Test of Vitrified Clay Pipe Lines.

B. ASTM C 924 - Standard Practice for Testing Concrete Pipe Sewer Lines by Low-Pressure Air Test Method.

C. ASTM D 3034 - Standard Specification for Type PSM Polyethylene (Vinyl Chloride) (PVC) Sewer Pipe and Fittings.

D. ASTM F 794 - Specification for Polyvinyl Chloride Large-Diameter Ribbed Gravity Sewer Pipe and Fittings Based on Controlled Inside Diameter.

E. ASTM F 1417 - Standard Test Method for Installation Acceptance of Plastic Gravity Sewer Lines Using Low Pressure Air.

F. 30 TAC 317.2 - Design Criteria for Sewage Systems.

G. Uni-Bell UNI-B-3 Polyvinyl Chloride (PVC) Pressure Pipe (Complying with AWWA C 900).

1.04 PERFORMANCE REQUIREMENTS

A. Gravity flow sanitary sewers are required to have a straight alignment and uniform grade between manholes.

B. Flexible pipe, including Asemi-rigid pipe, is required to show no more than 5 percent deflection. Test pipe no sooner than 30 days after backfilling of a line segment but prior to final acceptance using a standard mandrel to verify that installed pipe is within specified deflection tolerances.

C. Maximum allowable leakage for Infiltration or Exfiltration

1. The total exfiltration, as determined by a hydrostatic head test, shall not exceed 50 gallons per inch diameter per mile of pipe per 24 hours at a minimum test head of 2 feet above the crown of the pipe at the upstream manhole or 2 feet above the groundwater elevation, whichever is greater.

2. When pipes are installed more than 2 feet below the groundwater level, an infiltration test shall be used in lieu of the exfiltration test. The total infiltration shall not exceed 50 gallons per inch diameter per mile of pipe per 24 hours. Groundwater elevation must be at least 2 feet above the crown of the pipe at the upstream manhole.

3. Refer to Table 02533-1, Water Test Allowable Leakage, at the end of the Section, for measuring leakage in sewers. Perform leakage testing to verify that leakage criteria are met.

D. Perform air testing in accordance with requirements of this Section and the Texas Natural Resources Conservation Commission requirements. Refer to Table 02533-2, Time Allowed For Pressure Loss From 3.5 psig to 2.5 psig, Table 02533-3, Minimum Testing Times for Low Pressure Air Test, and Table 02533-4, Vacuum Test Time Table, at the end of this Section.

1.05 SUBMITTALS

A. Conform to requirements of Section 01 33 00 - Submittal Procedures.

B. Test Plan: Before testing begins and in adequate time to obtain approval through the submittal process, prepare and submit a test plan for approval by Utility Owner. Include testing procedures, methods, equipment, and tentative schedule. Obtain advance written approval for deviations from the Drawings and Specifications.

C. Test Reports: Submit test reports for each test on each segment of sanitary sewer.

1.06 GRAVITY SANITARY SEWER QUALITY ASSURANCE

A. Repair, correct, and retest manholes or sections of pipe which fail to meet specified requirements when tested.

B. Provide testing reports and videotape of television inspection as directed by the Utility Owner.

C. Upon completion of tape reviews by the Utility Owner, Contractor will be notified regarding final acceptance of the sewer segment.

1.07 SEQUENCING AND SCHEDULING

A. Perform testing as work progresses. Schedule testing so that no more than 1000 linear feet of installed sewer remains untested at any one time.

B. Coordinate testing schedules with the Utility Owner. Perform testing under observation of the Utility Owner.

PART 2 P R O D U C T S

2.01 DEFLECTION MANDREL

A. Mandrel Sizing. The rigid mandrel shall have an outside diameter (O.D.) equal to 95 percent of the inside diameter (I.D.) of the pipe. The inside diameter of the pipe, for the purpose of determining the outside diameter of the mandrel, shall be the average outside diameter minus two minimum wall thickness for O.D. controlled pipe and the average inside diameter for I.D. controlled pipe, dimensions shall be per appropriate standard. Statistical or other "tolerance packages" shall not be considered in mandrel sizing.

B. Mandrel Design. The rigid mandrel shall be constructed of a metal or a rigid plastic material that can withstand 200 psi without being deformed. The mandrel shall have nine or more "runners" or "legs" as long as the total number of legs is an odd number. The barrel section of the mandrel shall have a length of at least 75 percent of the inside diameter of the pipe. The rigid mandrel shall not have adjustable or collapsible legs which would allow a reduction in

mandrel diameter during testing. A proving ring shall be provided and used for modifying each size mandrel.

C. Proving Ring. Furnish a "proving ring" with each mandrel. Fabricate the ring of 1/2-inch-thick, 3-inch-wide bar steel to a diameter 0.02 inches larger than approved mandrel diameter.

D. Mandrel Dimensions (5 percent allowance). Average inside diameter and minimum mandrel diameter are specified in Table 02533-5, Pipe vs. Mandrel Diameter, at the end of this Section. Mandrels for higher strength, thicker wall pipe or other pipe not listed in the table may be used when approved by the Utilities Director.

2.02 EXFILTRATION TEST

A. Water Meter: Obtain a transient water meter from the Utility for use when water for testing will be taken from the Utility system. Conform to Utility requirements for water meter use.

B. Test Equipment:

1. Pipe plugs.

2. Pipe risers where the manhole cone is less than 2 feet above highest point in pipe or service lead.

2.03 INFILTRATION TEST

A. Test Equipment:

1. Calibrated 90 degree V-notch weir.

2. Pipe plugs.

2.04 LOW PRESSURE AIR TEST

A. Minimum Requirement for Equipment:

1. Control panel.

2. Low-pressure air supply connected to control panel.

3. Pneumatic plugs: Acceptable size for diameter of pipe to be tested; capable of withstanding internal test pressure without leaking or requiring external bracing.

4. Air hoses from control panel to:

   a. Air supply.

   b. Pneumatic plugs.

   c. Sealed line for pressuring.

   d. Sealed line for monitoring internal pressure.

B. Testing Pneumatic Plugs: Place a pneumatic plug in each end of a length of pipe on the ground. Pressurize plugs to 25 psig; then pressurize sealed pipe to 5 psig. Plugs are acceptable if they remain in place against the test pressure without external aids.

2.05 GROUND WATER DETERMINATION

A. Equipment: Pipe probe or small diameter casing for ground water elevation determination.

2.06 SMOKE TESTING

A. Equipment:

1. Pneumatic plugs.

2. Smoke generator as supplied by Superior Signal Company, or an approved equal.

3. Blowers producing 2500 scfm minimum.

PART 3 E X E C U T I O N

3.01 PREPARATION

A. Provide labor, equipment, tools, test plugs, risers, air compressor, air hose, pressure meters, pipe probe, calibrated weirs, or any other device necessary for proper testing and inspection.

B. The selection of test methods and pressures for gravity sanitary sewers shall be determined based on ground water elevation. Determine ground water elevation using equipment and procedures conforming to Section 31 23 19 - Control of Ground Water and Surface Water.

3.02 VISUAL INSPECTION OF GRAVITY SANITARY SEWERS

A. Check pipe alignment visually by flashing a light between structures. Verify if alignment is true and no pipes are misplaced. In case of misalignment or damaged pipe, remove and re-lay or replace pipe segment.

3.03 MANDREL TESTING FOR GRAVITY SANITARY SEWERS

A. Perform deflection testing on flexible and semi-rigid pipe to confirm pipe has no more than 5 percent deflection. Mandrel testing shall conform to ASTM D 3034. Perform testing no sooner than 30 days after backfilling of line segment, but prior to final acceptance testing of the line segment.

B. Pull the approved mandrel by hand through sewer sections. Replace any section of sewer not passing the mandrel. Mandrel testing is not required for stubs.

C. Retest repaired or replaced sewer sections.

3.04 LEAKAGE TESTING FOR GRAVITY SANITARY SEWERS

A. Test Options:

1. Test gravity sanitary sewer pipes for leakage by either exfiltration or infiltration methods, as appropriate, or with low pressure air testing.

2. Test new or rehabilitated sanitary sewer manholes with water or low pressure air. Manholes tested with low pressure air shall undergo a physical inspection prior to testing.

3. Leakage testing shall be performed after backfilling of a line segment, and prior to tie-in of service connections.

4. If no installed piezometer is within 500 feet of the sewer segment, Contractor shall provide a temporary piezometer for this purpose.

B. Compensating for Ground Water Pressure:

1. Where ground water exists, install a pipe nipple at the same time sewer line is placed. Use a 1/2-inch capped pipe nipple approximately 10 inches long. Make the installation through manhole wall on top of the sewer line where line enters manhole.

2. Immediately before performing line acceptance test, remove cap, clear pipe nipple with air pressure, and connect a clear plastic tube to nipple. Support tube vertically and allow water to rise in the tube. After water stops rising, measure height in feet of

water over invert of the pipe. Divide this height by 2.3 feet/psi to determine the ground water pressure to be used in line testing.

C. Exfiltration test:

1. Determine ground water elevation.

2. Plug sewer in downstream manhole.

3. Plug incoming pipes in upstream manhole.

4. Install riser pipe in outgoing pipe of upstream manhole if highest point in service lead (house service) is less than 2 feet below bottom of manhole cone.

5. Fill sewer pipe and manhole or pipe riser, if used, with water to a point 2-1/2 feet above highest point in sewer pipe, house lead, or ground water table, whichever is highest.

6. Allow water to stabilize for one to two hours. Take water level reading to determine drop of water surface, in inches, over a one-hour period, and calculate water loss (1 inch of water in 4 feet diameter manhole equals 8.22 gallons) or measure the quantity of water required to keep water at same level. Loss shall not exceed that calculated from allowable leakage according to Table 02533-1 at the end of this Section.

D. Infiltration test: Ground water elevation must be not less than 2.0 feet above highest point of sewer pipe or service lead (house service).

1. Determine ground water elevation.

2. Plug incoming pipes in upstream manhole.

3. Insert calibrated 90 degree V-notch weir in pipe on downstream manhole.

4. Allow water to rise and flow over weir until it stabilizes.

5. Take five readings of accumulated volume over a period of 2 hours and use average for infiltration. The average must not exceed that calculated for 2 hours from allowable leakage according to the Table 02533-1 at the end of this Section.

E. Low Air Pressure Test: When using this test conform to ASTM C 828, ASTM C 924, or ASTM F 1417, as applicable, with holding time not less than that listed in Table 02533-2.

1. Air testing for sections of pipe shall be limited to lines less than 36-inch average inside diameter.

2. Lines 36-inch average inside diameter and larger shall be tested at each joint. The minimum time allowable for the pressure to drop from 3.5 pounds per square inch gauge to 2.5 pounds per square inch during a joint test shall be 10 seconds, regardless of pipe size.

3. For pipe sections less than 36-inch average inside diameter:

   a. Determine ground water level.

   b. Plug both ends of pipe. For concrete pipe, flood pipe and allow 2 hours to saturate concrete. Then drain and plug concrete pipe.

   c. After a manhole-to-manhole section of sanitary sewer main has been sliplined and prior to any service lines being connected to new liner, plug liner at each manhole with pneumatic plugs.

   d. Pressurize pipe to 4.0 psig. Increase pressure 1.0 psi for each 2.3 feet of ground water over highest point in system. Allow pressure to stabilize for 2 to 4 minutes. Adjust pressure to start at 3.5 psig (plus adjustment for ground water table). See Table 02533-2 at the end of this Section.

   e. To determine air loss, measure the time interval for pressure to drop to 2.5 psig. The time must exceed that listed in the Table 02533-2 at the end of this Section for pipe diameter and length. For sliplining, use diameter of carrier pipe.

F. Retest: Any section of pipe which fails to meet requirements shall be repaired and retested.

3.05 TEST CRITERIA TABLES

A. Exfiltration and Infiltration Water Tests: Refer to Table 02533-1, Water Test Allowable Leakage, at the end of this Section.

B. Low Pressure Air Test:

1. Times in Table 02533-2, Time Allowed For Pressure Loss From 3.5 psig to 2.5 psig, at the end of this Section, are based on the equation from Texas Natural Resources and Conservation Commission (TNRCC) Design Criteria 317.2(a)(4)(B).

$$T = 0.0850(D)(K)/(Q)$$

where:

T	=	time for pressure to drop 1.0 pounds per square inch gauge in seconds
K	=	0.000419 DL, but not less than 1.0
D	=	average inside diameter in inches
L	=	length of line of same pipe size in feet
Q	=	rate of loss, 0.0015 ft^3/min./sq. ft. internal surface

2. Since a K value of less than 1.0 shall not be used, there are minimum testing times for each pipe diameter as given in Table 02533-3, Minimum Testing Times for Low Pressure Air Test.

Notes:
1. When two sizes of pipe are involved, the time shall be computed by the ratio of lengths involved.
2. Lines with a 27-inch average inside diameter and larger may be air tested at each joint.
3. Lines with an average inside diameter greater than 36 inches must be air tested for leakage at each joint.
4. If the joint test is used, a visual inspection of the joint shall be performed immediately after testing.
5. For joint test, the pipe is to be pressurized to 3.5 psi greater than the pressure exerted by groundwater above the pipe. Once the pressure has stabilized, the minimum times allowable for the pressure to drop from 3.5 pounds per square inch gauge to 2.5 pounds per square inch gauge shall be 10 seconds.

3.06 LEAKAGE TESTING FOR MANHOLES

A. After completion of manhole construction, wall sealing, or rehabilitation, but prior to backfilling, test manholes for water tightness using hydrostatic or vacuum testing procedures.

B. Plug influent and effluent lines, including service lines, with suitably-sized pneumatic or mechanical plugs. Ensure plugs are properly rated for pressures required for test; follow manufacturer's safety and installation recommendations. Place plugs a minimum of 6 inches outside of manhole walls. Brace inverts to prevent lines from being dislodged if lines entering manhole have not been backfilled.

C. Vacuum testing:

1. Install vacuum tester head assembly at top access point of manhole and adjust for proper seal on straight top section of manhole structure. Following manufacturer's instructions and safety precautions, inflate sealing element to the recommended maximum inflation pressure; do not over-inflate.

2. Evacuate manhole with vacuum pump to 10 inches mercury (Hg), disconnect pump, and monitor vacuum for the time period specified in Table 02533-4, Vacuum Test Time Table.

3. If the drop in vacuum exceeds 1 inch Hg over the specified time period tabulated above, locate leaks, complete repairs necessary to seal manhole and repeat test procedure until satisfactory results are obtained.

D. Hydrostatic exfiltration testing shall be performed as follows:

1. Seal wastewater lines coming into the manhole with an internal pipe plug. Then fill the manhole with water and maintain it full for at least one hour.

2. The maximum leakage for hydrostatic testing shall be 0.025 gallons per foot diameter per foot of manhole depth per hour.

3. If water loss exceeds amount tabulated above, locate leaks, complete repairs necessary to seal manhole and repeat test procedure until satisfactory results are obtained.

3.07 SMOKE TEST PROCEDURE FOR POINT REPAIRS

A. Application: Perform smoke test to:

1. Locate points of line failure for point repair.

2. Determine if point repairs are properly made.

3. Determine if service connections have been reconnected to the rehabilitated sewer.

4. Check integrity of connections to newly replaced service taps to liners and to existing private service connections.

B. Limitations: Do not backfill service taps until completion of this test. Test only those taps in a single manhole section at any one time. Keep the number of open excavations to a minimum.

C. Preparation: Prior to smoke testing, give written notices to area residents no fewer than 2 days, nor more than 7 days, prior to proposed testing. Also give notice to City Police and Fire Departments 24 hours prior to actual smoke testing.

D. Isolate Section: Isolate the manhole section to be tested from adjacent manhole sections to keep smoke localized. Temporarily seal the annular space at manhole for sliplined sections.

E. Smoke Introduction:

1. Operate equipment according to manufacturer's recommendation and as approved by Utilities Director.

2. Conduct test by forcing smoke from smoke generators through sanitary sewer main and service connections. Operate smoke generators for a minimum of 5 minutes.

3. Introduce smoke into upstream and downstream manhole as appropriate. Monitor the tap/connection for smoke leaks. Note sources of leaks.

F. Repair and Retest: Repair and replace any taps or connections noted as leaking and then retest. Taps and connections may be left exposed in only one manhole section at a time. If repair or replacement, testing or retesting, and backfilling of the excavation is not completed within one work day, properly barricade and cover each excavation as approved by the Utility Owner.

G. Service Connections: On houses where smoke does not issue from plumbing vent stacks to confirm reconnection of sewer service to the newly installed liner pipe, perform a dye test to confirm reconnection. Introduce dye into the service line through a plumbing fixture inside the structure or a sewer cleanout immediately outside the structure and flush with water. Observe flow at service reconnection or downstream manhole. Detection of dye confirms a reconnection.

Table 02533-1
WATER TEST ALLOWABLE LEAKAGE

DIAMETER OF RISER OR STACK IN INCHES	VOLUME PER INCH OF DEPTH		ALLOWANCE LEAKAGE*	
	INCH	GALLONS	PIPE SIZE IN INCHES	GALLONS/MINUTE PER 100 FT.

END OF SECTION

SECTION 02950
RESTORATION OF SITE IMPROVEMENTS

PART 1 GENERAL

1.01 SECTION INCLUDES

1. Restoration of the Work site in public rights-of-way or easements and adjacent public or private property affected by construction operations, including pavement, esplanades, sidewalks, driveways, fences, lawns and landscaping.

1.02 DEFINITIONS

1. Site Restoration. Replacement or reconstruction of site improvements to rights-of-way, easements, public property, and private property that are affected or altered by construction operations, with the improvements restored to a condition which is equal to, or better than, that which existed prior to construction operations.

2. Site Improvements. Includes but is not limited to pavement, curb and gutter, esplanades, sidewalks, driveways, fences, lawns, irrigation systems, and landscaping.

3. Line Segment. The length of sewer from centerline to centerline of manholes, inline junction structure, and bends as designated on the Drawings, and to the end of stubs or the termination of the pipe.

4. Maximum Trench Width. The allowable trench width for a corresponding pipe outside diameter as defined in the design plans or in Section 31 23 33 - Excavation and Backfill for Utilities.

1.03 SUBMITTALS

1. Make submittals in conformance with Section 01 33 00 - Submittal Procedures.

1.04 SCHEDULING

1. After paving or utility work is completed on a line segment and the segment is submitted on the monthly estimate for payment, complete site restoration for that segment before the next monthly estimate for payment is submitted, unless extended in writing by the Owner or Engineer.

2. For utility work requiring testing or post-installation TV inspection, completion of the segment is not considered to include testing or TV inspection. The schedule for completion of site restoration is not determined by completion of testing or TV inspection.

PART 2 PRODUCTS

2.01 MATERIALS

1. Pavement, Sidewalks and Driveways. Use materials as specified in Section 02965 - Pavement Repair and Resurfacing and Section 32 16 00 - Concrete Curb and Gutter, Driveways, and Sidewalks.

PART 3 EXECUTION

3.01 EXAMINATION

1. Construction Site Photographs. Document pre-existing conditions on and adjacent to the construction site with construction photographs and /or video recordings.

3.02 PREPARATION

1. Removing Pavements and Structures.

    1. Remove the minimum pavement, curb and gutter, and other structures as required to perform the Work. Perform removals in accordance with Section 02200 - Removing Existing Pavements and Structures.

    2. Remove concrete and asphaltic concrete material by saw cutting the existing pavement with methods approved by the Owner and Engineer.

2. Remove or relocate existing fencing, if required, for construction operations. Maintain the integrity of the private property owner's fencing if needed for protection of children, pets or property. Notify the property owner 72 hours in advance before removing fencing and coordinate security needs.

3.03 INSTALLATION

1. Pavement, Sidewalk, and Driveway Restoration.

    1. Replace pavement, curb and gutter, sidewalks, and driveways removed or damaged as the result of construction operations. Reconstruct in accordance with Section 32 01 00 - Pavement Repair and Resurfacing and Section 32 16 00 - Concrete Curb and Gutter, Driveways, and Sidewalks.

    2. Where replacement sidewalks terminate at a street curb radius, construct a wheelchair ramp according standard detail drawing or as directed by the Engineer.

2. Fence Removal and Replacement.

    1. Replace fencing removed or damaged, including, but not limited to, posts, caps, concrete footings, concrete curb under fence, wire mesh, wood panels, top and bottom railing.

    2. Reconstruct any portion of the fence disturbed by construction which is not equal to or better than that which existed prior to construction operations as evidenced by pre-construction photographs or videos.

    3. Remove and dispose of damaged or substandard material.

3.04 CLEANING

1. Remove debris and trash which is the result of the Contractor's operation to maintain a clean and orderly site.

END OF SECTION

"EXHIBIT I"

GENERAL CONDITIONS

ARTICLE 1- DEFINITIONS
Wherever used in these General Conditions or in the other CONTRACT DOCUMENTS the following terms have the meanings indicated which are applicable to both the singular and plural thereof:

ADDENDA- Written or graphic instruments issued prior to the opening of Bids which clarify, correct or change the bidding documents or the CONTRACT DOCUMENTS.

AGREEMENT- The written Agreement between OWNER and CONTRACTOR covering the Work to be performed; other CONTRACT DOCUMENTS are attached to the Agreement and made a part thereof as provided therein.

APPLICATION FOR PAYMENT- The form accepted by the ENGINEER which is to be used by CONTRACTOR in requesting progress or final payments and which is to include such supporting documentation as is required by the CONTRACT DOCUMENTS.

BID- The offer or proposal of the bidder submitted on the prescribed form setting forth the prices for the Work to be performed.

BONDS- Bid, performance and payment bonds and other instruments of security.

CHANGE ORDER- A document recommended by ENGINEER, which is signed by CONTRACTOR and OWNER and authorizes an addition, deletion or revisions in the Work, or an adjustment in the Contract Price or the Contract Time, issued on or after the Effective Date of the Agreement.

CONTRACT DOCUMENTS- The Agreement, Addenda (which pertain to the CONTRACT DOCUMENTS), CONTRACTOR'S Bid (including documentation accompanying the Bid and any post-Bid documentation submitted prior to the Notice of Award) when attached as an exhibit to the Agreement, the Bonds, these General Conditions, the Supplementary Conditions, the Specifications and the Drawings as the same are more specifically identified in the Agreement, together with all amendments, modifications and supplements issued pursuant to paragraphs 3.4 and 3.5 on or after the Effective Date of the Agreement.

CONTRACT PRICE- The moneys payable by OWNER to CONTRACTOR under the CONTRACT DOCUMENTS as stated in the Agreement.

CONTRACT TIME- The number of days (computed as provided in paragraph 17.2) or the date

stated in the Agreement for the completion of the Work.
CONTRACTOR- The person, firm or corporation with whom OWNER has entered into the Agreement.

DEFECTIVE- An adjective which when modifying the word Work refers to work that is unsatisfactory, faulty or deficient, or does not conform to the CONTRACT DOCUMENTS, or does not meet the requirements of any inspection, reference standard, test or approval referred to in the CONTRACT DOCUMENTS, or has been damaged prior to ENGINEER'S recommendation of final payment (unless responsibility for the protection thereof has been assumed by OWNER at Substantial Completion in accordance with paragraph 14.8 or 14.10).

DRAWING- The drawings which show the character and Scope of Work to be performed and which have been prepared or approved by ENGINEER and are referred to in the CONTRACT DOCUMENTS.

EFFECTIVE DATE OF THE AGREEMENT- The date indicated in the Agreement on which it becomes effective, but if no such date is indicated it means the date on which the Agreement is signed and delivered by the last of the two parties to sign and deliver.

ENGINEER- The person, firm or corporation named as such in the Agreement.

FIELD ORDER- A written order issued by ENGINEER which orders minor changes in the Work in accordance with paragraph 9.5 but which does not involve a change in the Contract Price or the Contract Time.

GENERAL REQUIREMENTS- Those described in Pages TS-1 through TS-7 of the Specifications.

LAW AND REGULATIONS; LAW OR REGULATIONS- Laws, rules, regulations, ordinances, codes and/or orders.

NOTICE OF AWARD- The written notice by OWNER or ENGINEER to the apparent successful bidder stating that upon compliance by the apparent successful bidder with the conditions precedent enumerated therein, within the time specified, OWNER will sign and deliver the Agreement.

NOTICE TO PROCEED- A written notice given by OWNER or ENGINEER to CONTRACTOR fixing the date on which the Contract Time will commence to run and on which the CONTRACTOR shall start to perform CONTRACTOR'S obligations under the CONTRACT DOCUMENTS.

OWNER- The public body or authority, corporation, association, firm or person with whom CONTRACTOR has entered into the Agreement and for whom the Work is to be provided.
PARTIAL UTILIZATION- Placing a portion of the Work in service for the purpose for which it is intended (or a related purpose) before reaching Substantial Completion for all the Work.

PROJECT- The total construction of which the Work to be provided under the CONTRACT DOCUMENTS may be the whole, or a part as indicated elsewhere in the CONTRACT DOCUMENTS.

RESIDENT PROJECT REPRESENTATIVE- The authorized representative of ENGINEER, who is assigned to the site or any part thereof.

SHOP DRAWINGS- All drawings, diagrams, illustrations, schedules and other date which are specifically prepared by or for CONTRACTOR to illustrate some portion of the Work and all illustrations, brochures, standard schedules, performance charts, instructions, diagrams and other information prepared by Supplier and submitted by CONTRACTOR to illustrate material or equipment for some portion of the Work.

SPECIFICATIONS- The portions of the CONTRACT DOCUMENTS consisting of written technical description of materials, equipment, construction systems, standards and workmanship as applied to the Work and certain administrative details applicable thereto.

SUB-CONTRACTOR- An individual, firm or corporation having a direct contract with CONTRACTOR or with any other Sub-Contractor for the performance of a part of the Work at the site.

SUBSTANTIAL COMPLETION- The Work (or a specified part thereof) which has progressed to the point where, in the opinion of ENGINEER as evidence by ENGINEER'S definitive certificate of Substantial Completion, it is sufficiently complete, in accordance with the CONTRACT DOCUMENTS, so that the Work, (or specified part) can be utilized for the purpose for which it is intended; or if there by no such certificate issued, when final payment is due in accordance with paragraph 14.13. The terms "substantially complete" and "substantially completed" as applied to any Work refer to Substantial Completion thereof.

SUPPLEMENTAL GENERAL CONDITIONS- The part of the CONTRACT DOCUMENTS which amends or supplements these General Conditions.

SUPPLIER- A manufacturer, fabricator, supplier, distributor, material-man or vendor.

UNDERGROUND FACILITIES- All pipelines, conduits, ducts, cables, wires, manholes, vaults, tanks, tunnels or other such facilities or attachments, and any encasements containing

such facilities which have been installed underground to furnish any of the following service or materials: electricity, gases, steam, liquid petroleum products, telephone or other communications, cable television, sewage and drainage removal, traffic or other control systems or water.

UNIT PRICE WORK- Work to be paid for on the basis of unit prices.

WORK- The entire completed construction or the various separately identifiable parts thereof required to be furnished under the CONTRACT DOCUMENTS. Work is the result of performing services, furnishing labor and furnishing and incorporating materials and equipment into the construction, all as required by the CONTRACT DOCUMENTS.

WORK DIRECTIVE CHANGE- A written directive to CONTRACTOR, issued on or after the Effective Date of the Agreement and signed by OWNER and recommended by ENGINEER, ordering an addition, deletion or revision in the Work, or responding to differing or unforeseen physical conditions under which the Work is to be performed as provided in paragraphs 4.2 and 4.3 or to emergencies under

paragraph 6.22. A Work Directive Change may not change the Contract Price or the Contract Time, but is evidence that the parties expect that the change directed or documented by a Work Directive Change will be incorporated in a subsequently issued Change Order following negotiations by the parties as to its effect, if any, on the Contract Price or Contract Time as provided in paragraph 10.2.

WRITTEN AMENDMENT- A written amendment of the CONTRACT DOCUMENTS, signed by OWNER and CONTRACTOR on or after the Effective Date of the Agreement and normally dealing with the non-engineering or non-technical rather than strictly Work-related aspects of the CONTRACT DOCUMENTS.

ARTICLE 2- PRELIMINARY MATTERS DELIVERY OF BONDS:
2.1. When CONTRACTOR delivers the executed Agreements to OWNER, CONTRACTOR shall also deliver to OWNER such Bonds as Contract may be required to furnish in accordance with paragraph 5.1.

COPIES OF DOCUMENTS:

2.2. OWNER shall furnish to CONTRACTOR up to five copies (unless otherwise specified in the Supplementary Conditions) of the CONTRACT DOCUMENTS as are reasonably necessary for the execution of the Work. Additional copies will be furnished, upon request, at the cost of reproduction.

COMMENCEMENT OF CONTRACT TIME; NOTICE TO PROCEED:
2.3. The Contract Time will commence to run on the thirtieth day after the Effective Date of the Agreement, or if a Notice to Proceed is given, on the day indicated in the Notice to Proceed. A Notice to Proceed may be given at any time within thirty days after the Effective Day of the Agreement. In no event will the Contract Time commence to run later than the seventy-fifth day after the day of Bid Opening or the thirtieth day after the Effective Date of the Agreement, whichever date is earlier.

STARTING THE PROJECT:

2.4 CONTRACTOR shall start to perform the Work on the date when the Contract Time commences to run, but no Work shall be done at the site prior to the date on which the Contract Time commences to run.

BEFORE STARTING CONSTRUCTION:

2.5 Before undertaking each part of the Work, CONTRACTOR shall carefully study and compare the Contract Documents and check and verify pertinent figures shown thereon and all applicable field measurements. CONTRACTOR shall promptly report in writing to ENGINEER any conflict, error or discrepancy which CONTRACTOR shall not be liable to OWNER or ENGINEER for failure to report any conflict, error or discrepancy in the CONTRACT DOCUMENTS, unless CONTRACTOR has actual knowledge thereof or should reasonably have known thereof.

2.6 Within ten days after the Effective Date of the Agreement (unless otherwise specified in the General Requirements), CONTRACTOR shall submit to ENGINEER FOR review:

2.6.1 An estimated progress schedule indicating the starting and completion dates of the various stages of the Work;

2.6.2 A preliminary schedule of Shop Drawings submissions; and

2.6.3 A preliminary schedule of values for all of the Work which will include quantities and prices of items aggregating the Contract Price and will subdivide the Work into component parts in sufficient detail to serve as the basis of progress payments during construction. Such prices will include an appropriate amount of overhead and profit applicable to each item of Work which will be confirmed in writing by CONTRACTOR at the time of submission.

2.7 Before any Work at the site is started, CONTRACTOR shall deliver to OWNER, with a copy to ENGINEER, certificates (and other evidence of insurance requested by OWNER) which CONTRACTOR is required to purchase and maintain in accordance with paragraphs 5.3 and 5.4.

PRE-CONSTRUCTION CONFERENCE:

2.8 Within twenty days after the Effective Date of the Agreement, but before CONTRACTOR starts the Work at the site, a conference attended by CONTRACTOR, ENGINEER and others as appropriate will be held to discuss the schedules referred to in paragraph 2.6, to discuss procedures for handling Shop Drawings and other submittals and for processing Applications for Payment, and to establish a working understanding among the parties as to the Work.

FINALIZING SCHEDULES:

2.9 At least ten days before submission of the First Application for Payment a conference attended by CONTRACTOR, ENGINEER and others as appropriate will be held to finalize the schedules submitted in accordance with paragraph 2.6. The finalized progress schedule will be acceptable to ENGINEER as providing an orderly progression of the Work to completion within the Contract Time, but such acceptance will neither impose on ENGINEER responsibility for the progress or scheduling of the Work nor relieve CONTRACTOR from full responsibility therefore. The finalized schedule of Shop Drawing submissions will be acceptable to ENGINEER as providing a workable arrangement for processing the submissions. The finalized schedule of values will be acceptable to ENGINEER as to form and substance.

ARTICLE 3 - CONTRACT DOCUMENTS: INTENT, AMENDING, REUSE INTENT:
3.1. The CONTRACT DOCUMENTS comprise the entire Agreement between OWNER and CONTRACTOR concerning the WORK. The CONTRACT DOCUMENTS are complementary; what is called for by one is as binding as if called for by all. The CONTRACT DOCUMENTS will be construed in accordance with the law of the place of the Project.

3.2 It is the intent of the CONTRACT DOCUMENTS to describe a functionally complete Project (or part thereof) to be constructed in accordance with the CONTRACT DOCUMENTS. Any Work,

materials or equipment that may reasonably be inferred from the CONTRACT DOCUMENTS as being required to produce the intended result will be supplied whether or not specifically called for. When words which have a well-known technical or trade meaning are used to describe Work, materials or equipment such works shall be interpreted in accordance with that meaning. Reference to standard specifications, manuals or codes of any technical society, organization or association, or to the Laws or Regulations in effect at the time of opening of Bids (or, on the Effective Date of the Agreement if there were no Bids), except as may be otherwise specifically stated. However, no provision of any referenced standard specifications, manual or code (whether or not specifically incorporated by reference in the CONTRACT DOCUMENTS) shall be effective to change the duties and responsibilities of OWNER, CONTRACTOR or ENGINEER, or any of their consultants, agents or employees from those set forth in the CONTRACT DOCUMENTS, nor shall it be effective to assign to ENGINEER, or any of ENGINEER'S consultants, agents or employees, any duty or authority to supervise or direct the furnishing or performance of the Work or any duty or authority to undertake responsibility contrary to the provisions of paragraphs 9.15 or 9.16. Clarifications and interpretations of the CONTRACT DOCUMENTS shall be issued by ENGINEER as provided in paragraph 9.4.

3.3 If, during the performance of the Work, CONTRACTOR finds a conflict, error or discrepancy in the CONTRACT DOCUMENTS, CONTRACTOR shall so report to ENGINEER in writing at once and before proceeding with the Work affected thereby shall obtain a written interpretation or clarification from ENGINEER; however, CONTRACTOR shall not be liable to OWNER or ENGINEER for failure to report any conflict, error or discrepancy on the CONTRACT DOCUMENTS unless CONTRACTOR had actual knowledge thereof or should reasonably have known thereof.

AMENDING AND SUPPLEMENTING CONTRACT DOCUMENTS:

3.4 The CONTRACT DOCUMENTS may be amended to provide for additions, deletions and revisions in the Work or to modify the terms and conditions thereof in one or more of the following ways:

3.4.1. A formal Written Amendment,

3.4.2. A Change Order (Pursuant to paragraph 10.4), or

3.4.3. A Work Directive Change (Pursuant to paragraph 10.1).

As indicated in paragraphs 11.2 and 12.1, Contract Price and Contract Time may only be changed by a Change Order or Written Amendment.

3.5. In addition, the requirements of the CONTRACT DOCUMENTS may be supplemented, and minor variations and deviations in the Work may be authorized, in one or more of the following ways:

3.5.1. A Field Order (Pursuant to paragraph 9.5),

3.5.2. ENGINEER'S approval of a Shop Drawing or sample (pursuant to paragraphs 6.26 and 6.27), or

3.5.3. ENGINEER'S written interpretation or clarification (pursuant to paragraph 9.4).

REUSE OF DOCUMENTS:

3.6 Neither CONTRACTOR nor any Sub-Contractor or Supplier or other person or organization performing or furnishing any of the Work under a direct or indirect contract with OWNER shall have or acquire any title to or ownership rights in any of the Drawings, Specifications or other documents (or copies of any thereof) prepared by or bearing the seal of ENGINEER; and they shall not reuse any of them on extensions of the Project of any other project without written consent of the OWNER.

ARTICLE 4 - AVAILABILITY OF LANDS; PHYSICAL CONDITIONS; REFERENCE POINTS

AVAILABILITY OF LANDS:

4.1 OWNER shall furnish, as indicated in the CONTRACT DOCUMENTS, the lands upon which the Work is to be performed, Rights-of-Way and easements for access thereto, and such other lands which are designated for the use of CONTRACTOR. Easements for permanent structures or permanent changes in existing facilities will be obtained and paid for by OWNER, unless otherwise provided in the CONTRACT DOCUMENTS. If CONTRACTOR believes that any delay in OWNER'S furnishing these lands, Rights-of-Way or easements entitles CONTRACTOR to an extension of the Contract Time, CONTRACTOR may make a claim therefore as provided in Article 12. CONTRACTOR shall provide for all additional lands and access thereto that may be required for temporary construction facilities or storage of materials and equipment.
PHYSICAL CONDITIONS:

4.2.1. Explorations and Reports: Reference is made to the Supplementary conditions for identification of those reports of explorations and tests of sub-surface conditions at the site that have been utilized by ENGINEER in preparation of the CONTRACT DOCUMENTS. CONTRACTOR may rely upon the accuracy of the technical data contained in such reports, but not upon non-technical data, interpretations for opinions contained therein or for the completeness thereof for CONTRACTOR'S purposes. Except as indicated in the immediately preceding sentence and in paragraph 4.2.6, CONTRACTOR shall have full responsibility with respect to sub-surface conditions at the site.

4.2.2. Existing Structures: Reference is made to the Supplementary Conditions for identification of those drawings of physical conditions in or relating to existing surface and sub- surface structures (except Underground Facilities referred to in paragraph 4.3) which are at or contiguous to the site that have been utilized by ENGINEER in preparation of the CONTRACT DOCUMENTS. CONTRACTOR may rely upon the accuracy of the technical data contained in such drawings, but not for the completeness thereof for CONTRACTOR'S purposes. Except as indicated in the immediately preceding sentence and in paragraph 4.2.6, CONTRACTOR shall have full responsibility with respect to physical conditions in or relating to such structures.
4.2.3. Report to Differing Conditions: If CONTRACTOR believes that:

4.2.3.1 Any technical data on which CONTRACTOR is entitled to rely as provided in paragraphs 4.2.1

and 4.2.2 is inaccurate, or

4.2.3.2. Any physical condition uncovered or revealed at the site differ materially from that indicated, reflected or referred to in the CONTRACT DOCUMENTS,

CONTRACTOR shall, promptly after becoming aware thereof and before performing any Work in connection therewith (except in an emergency as permitted by paragraph 6.22), notify OWNER and ENGINEER in writing about the inaccuracy or difference.

4.2.4. ENGINEER'S Review: ENGINEER will promptly review the pertinent conditions, determine the necessity of obtaining additional explorations or tests with respect thereto and advise OWNER in writing (with a copy to CONTRACTOR) of ENGINEER'S findings and conclusions.

4.2.5. Possible Document Change: If ENGINEER concludes that there is a material error in the CONTRACT DOCUMENTS or that because of newly discovered conditions a change in the CONTRACT DOCUMENTS is required, a Work directive Change or a Change Order will be issued as provided in Article 10 to reflect and document the consequences of the inaccuracy or difference.

4.2.6. Possible Price and Time Adjustments: In each such case, an increase or decrease in the Contract Price or an extension or shortening of the Contract Time, or any combination thereof, will be allowable to the extend that they are attributable to any such inaccuracy or difference.

If OWNER and CONTRACTOR are unable to agree as to the amount or length thereof, a claim may be made thereof, as provided in Articles 11 and 12.

PHYSICAL CONDITIONS - UNDERGROUND FACILITIES:

4.3.1. Shown or Indicated: The information and data shown or indicated in the CONTRACT DOCUMENTS with respect to existing Underground Facilities at or contiguous to the site is based on information and data furnished to OWNER or ENGINEER by the owners of such Underground Facilities or by others. Unless it is otherwise expressly provided in the Supplementary Conditions:

4.3.1.1. OWNER and ENGINEER shall not be responsible for the accuracy or completeness of any such information or data; and,

4.3.1.2. CONTRACTOR shall have full responsibility for reviewing and checking all such information and data, for locating all Underground Facilities shown or indicated in the CONTRACT DOCUMENTS, for coordination of the Work with the owners of such Underground Facilities during construction, for safety and protection thereof as provided in paragraph 6.20 and repairing any damage thereto resulting from the Work, the cost of all of which will be considered as having been included in the Contract Price.

4.3.2. Not Shown or Indicated: If an Underground Facility is uncovered or revealed at or contiguous to the site which was not shown or indicated in the CONTRACT DOCUMENTS and which CONTRACTOR could not reasonable have been expected to be aware of, CONTRACTOR shall,

promptly after becoming aware thereof and before performing and Work affected thereby (except in an emergency as permitted by paragraph 6.22), identify the owner of such Underground Facility and give written notice thereof to that owner and to OWNER and ENGINEER. ENGINEER will promptly review the Underground Facility to determine the extent to which the CONTRACT DOCUMENTS should be modified to reflect and document the consequences of the existence of the Underground Facility, and the CONTRACT DOCUMENTS will be amended or supplemented to the extent necessary. During such time, CONTRACTOR shall be responsible for the safety and protection of such Underground Facility as provided in paragraph 6.20. CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, to the extent that they are attributable to the existence of any Underground Facility that was not shown or indicated in the CONTRACT DOCUMENTS and which CONTRACTOR could not reasonably have been expected to be aware of. If the parties are unable to agree as to the amount or length thereof, CONTRACTOR may make a claim thereof as provided in Articles 11 and 12.

REFERENCE POINTS:

4.4. OWNER shall provide engineering surveys to establish reference points for construction which in ENGINEER'S judgement are necessary to enable CONTRACTOR to proceed with the Work. CONTRACTOR shall be responsible for laying out the Work (unless otherwise specified in the General Requirements), shall protect and preserve the established reference points and shall make no changes or relocations without written approval of OWNER.

CONTRACTOR shall report to ENGINEER whenever any reference point is lost or destroyed or requires relocation because of necessary changes in grades or locations, and shall be responsible for the accurate replacement or relocation of such reference points by professionally qualified personnel.

ARTICLE 5 - BOND AND INSURANCE PERFORMANCE AND OTHER BONDS:
5.1. CONTRACTOR shall furnish performance and payment Bonds, each in an amount at least equal to Contract Price as security for the faithful performance and payment of all CONTRACTOR'S obligations under the CONTRACT DOCUMENTS. These Bonds shall remain in effect at least until one year after the date when final payment becomes due, except as otherwise provided by Law or Regulations or by the CONTRACT DOCUMENTS. CONTRACTOR shall also furnish such other Bond as are required by the Supplementary Conditions. All Bonds shall be in the forms prescribed by law or Regulation or by the Contract Documents and be executed by such sureties as are named in the current list of "Companies Holding Certificates of Authority as Acceptable Sureties on Federal Bonds and as Acceptable Reinsuring Companies" as published in Circular 570 (amended) by the Audit Staff Bureau of Accounts, U.S. Treasury Department. All Bonds signed by an agent must be accompanied by a certified copy of the authority to act.

5.2 If the surety on any Bond furnished CONTRACTOR is declared a bankrupt or becomes insolvent or its right to do business is terminated in any state where any part of the Project is located or it ceases to meet the requirements of paragraph 5.1, CONTRACTOR shall within five days thereafter substitute another Bond and Surety, both of which must be acceptable to OWNER.

CONTRACTOR'S LIABILITY INSURANCE:

5.3. CONTRACTOR shall purchase and maintain such comprehensive general liability and other insurance as is appropriate for the Work being performed and furnished and as will provide protection from claims set forth below which may arise out of or result form CONTRACTOR'S performance and furnishing of the Work and CONTRACTOR'S other obligations under the CONTRACT DOCUMENTS, whether it is to be performed or furnished by CONTRACTOR, by any Sub-Contractor, by anyone directly or indirectly employed by any of them to perform or furnish any of the Work, or by anyone for whose acts any of them may be liable:

5.3.1. Claims under worker's or workmen's compensation, disability benefits and other similar employee benefit acts;

5.3.2. Claims for damages because of bodily injury, occupational sickness or disease, or death of CONTRACTOR'S employees;

5.3.3. Claims for damages because of bodily injury, sickness or disease, or death of any person other than CONTRACTOR'S employees;

5.3.4. Claims for damages insured by personal injury liability coverage which are sustained (a) by any person as a result of an offense directly or indirectly related to the employment of such person by CONTRACTOR, (b) by any other person for any other reason;

5.3.5. Claims for damages, other than to the Work itself, because of injury to or destruction of tangible property wherever located, including loss of use resulting there from;

5.3.6. Claims arising out of operation of Laws or Regulations for damages because of bodily injury or death of any person or for damage to property; and

5.3.7. Claims for damages because of bodily injury or death of any person or property damage arising out of the ownership, maintenance or use of motor vehicle.

The insurance required by this paragraph 5.3 shall include the specific coverages and be written for not less than the limits of liability and coverages provided in the Supplemental General Conditions, or required by law, whichever is greater. The comprehensive general liability insurance shall include completed operations insurance. All of the policies of insurance so required to be purchased and maintained (or the certificates or other evidence thereof) shall contain a provision or endorsement that the coverage afforded will not be canceled, materially changed or renewal refused until at least thirty days' prior to a written notice been given to OWNER and ENGINEER by certified mail. All such insurance shall remain in effect until final payment and at all times thereafter when CONTRACTOR may be correcting, removing or replacing defective work in accordance with paragraph 13.12. In addition, CONTRACTOR shall maintain such completed operations insurance for at least two years after final payment and furnish OWNER with evidence of continuation of such insurance at final payment and one year thereafter.

CONTRACTUAL LIABILITY INSURANCE:

5.4. The comprehensive general liability insurance required by paragraph 5.3 will include contractual

liability insurance applicable to CONTRACTOR'S obligations under paragraphs 6.30 and 6.31.

OWNER'S LIABILITY INSURANCE:

5.5. (Deleted) PROPERTY INSURANCE:
5.6. – 5.10 (Deleted)

WAIVER OF RIGHTS:
5.11.1. CONTRACTOR waives all rights against OWNER for all losses and damages caused by any of the perils covered by the policies of insurance provided under the Supplemental General Conditions and any other property insurance applicable to the Work, and also waives all such rights against the Sub-Contractors, ENGINEER, ENGINEER'S Consultants and all other parties named as insured in such policies for losses and damages so caused. As required by paragraph 6.11, each sub-contract between CONTRACTOR, and a Sub-Contractor will
contain similar waiver provisions by the Sub-Contractor in favor of OWNER, CONTRACTOR, ENGINEER, ENGINEER'S Consultants and all other parties named as insured. None of the above waivers shall extend to the rights that any of the insured parties may have to the proceeds of insurance held by OWNER as trustee or otherwise payable under any policy so issued.

5.11.2. CONTRACTOR intends that any policies provided under the Supplemental General Conditions shall protect all of the parties insured and provide primary coverage for all losses and damages caused by the perils covered thereby. Accordingly, all such policies shall contain provisions to the effect that in the event of payment of any loss or damage the insurer will have no rights or recovery against any of the parties named as insured or additional insured and if the insurers require separate waiver forms to be signed by ENGINEER or ENGINEER'S consultant or any Sub- Contractor, CONTRACTOR will obtain the same.

RECEIPT AND APPLICATION OF PROCEEDS:

5.12. (Delete)

5.13. (Delete)

ACCEPTANCE OF INSURANCE:

5.14. If OWNER has any objection to the coverage afforded by or other provisions of the insurance required to be purchased and maintained by CONTRACTOR in accordance with paragraphs 5.3 and 5.4 on the basis of its not complying with the CONTRACT DOCUMENTS, OWNER shall notify CONTRACTOR in writing thereof within ten days of the date or delivery of such certificates to OWNER in accordance with paragraph 2.7. CONTRACTOR shall each provide to OWNER, such additional information in respect of insurance provided by each as the OWNER may reasonably request. Failure by OWNER to give such notice of objection within the time provided shall constitute acceptance of such insurance purchased by the CONTRACTOR as complying with the CONTRACT DOCUMENTS.

PARTIAL UTILIZATION- PROPERTY INSURANCE:

5.15 If OWNER finds it necessary to occupy or use a portion or portions of the Work prior to Substantial Completion of all the Work, such use or occupancy may be accomplished in accordance with paragraph 14.10. The insurers of CONTRACTORS providing the property insurance shall consent to such use or occupancy by endorsement on the policy or policies, but the property insurance shall not be canceled or lapse on account of any such partial use or occupancy.

ARTICLE 6- CONTRACTOR'S RESPONSIBILITIES SUPERVISION AND SUPERINTENDENCE:

6.1. CONTRACTOR shall supervise and direct the Work competently and efficiently, devoting such attention thereto and applying such skill and expertise as may be necessary to perform the Work in accordance with the CONTRACT DOCUMENTS. CONTRACTOR shall be solely responsible for the means, methods, techniques, sequences and procedures of construction, but CONTRACTOR shall not be responsible for the negligence of others in the design or selection or a specific means, method, technique, sequence or procedure or construction which is indicated in and required by the CONTRACT DOCUMENTS. CONTRACTOR shall be responsible to see that the finished Work complies accurately with the CONTRACT DOCUMENTS.

6.2. CONTRACTOR shall keep on the Work at all times during its progress a competent resident superintendent, who shall not be replaced without written notice to OWNER and ENGINEER except under extraordinary circumstances. The superintendent will be CONTRACTOR'S representative at the site and shall have authority to act on behalf of CONTRACTOR. All communications given to the superintendent shall be as binding as if given to CONTRACTOR.

LABOR, MATERIALS AND EQUIPMENT:

6.3. CONTRACTOR shall provide competent, suitably qualified personnel to survey and lay out the Work and perform construction as required by the CONTRACT DOCUMENTS. CONTRACTOR shall at all times maintain good discipline and order at the site. Except in connection with the safety or protection of persons of the Work or property at the site or adjacent thereto, and except as otherwise indicated in the CONTRACT DOCUMENTS, all Work at the site shall be performed during regular working hours, and CONTRACTOR will not permit overtime work or the performance of Work on Saturday, Sunday or any legal holiday without OWNER'S written consent after prior written notice to ENGINEER.

6.4. Unless otherwise specified in the General Requirements, CONTRACTOR shall furnish and assume full responsibility for all materials, equipment, labor, transportation, construction equipment and machinery, tools, appliances, fuel, power, light, telephone, water, sanitary facilities, temporary facilities and all other facilities and incidentals necessary for the furnishing, performance, testing start-up, and completion of Work.

6.5. All materials and equipment shall be of good quality and new, except, as otherwise provided in the CONTRACT DOCUMENTS. If required by ENGINEER, CONTRACTOR shall furnish satisfactory

evidence (including reports of required tests) as to the kind and quality of materials and equipment. All materials and equipment shall be applied, installed, connected, erected, used, cleaned and conditioned in accordance with the instructions of the applicable
Supplier, except as otherwise provided in the CONTRACT DOCUMENTS; but no provision of any such instructions will be effective to assign to ENGINEER, or any of ENGINEER'S consultants, agents or employees, any duty or authority to supervise or direct the furnishing or performance of the Work or any duty or authority to undertake responsibility contrary to the provisions of paragraph 9.15 or 6.16.

ADJUSTING PROGRESS SCHEDULE:

6.6 CONTRACTOR shall submit to ENGINEER for acceptance (to the extent indicated in paragraph 2.9) adjustments in the progress schedule to reflect the impact thereon of new developments; these will conform generally to the progress schedule then in effect and additionally will comply with any provisions of the General Requirements applicable thereto.

SUBSTITUTES OR "OR-EQUAL" ITEMS:

6.7.1. Whenever materials or equipment are specified or described in the CONTRACT DOCUMENTS by using the name of a proprietary item or the name of a particular Supplier the naming of the item is intended to establish the type, function and quality required. Unless the name is followed by words indicating that no substitution is permitted, materials or equipment of other Suppliers may be accepted by ENGINEER if sufficient information is submitted by CONTRACTOR to allow ENGINEER to determine that the material or equipment proposed is equivalent or equal to that named. The procedure for review by ENGINEER will include the following as supplemented in the General Requirements. Requests for review of substitute items of material and equipment will not be accepted by ENGINEER from anyone other than CONTRACTOR. If CONTRACTOR wishes to furnish or use a substitute item of material or equipment, CONTRACTOR shall make written application to ENGINEER for acceptance thereof, certifying that the proposed substitute will perform adequately the functions and achieve the results called for by the general design, be similar and of equal substance to that specified and be suited to the same use as that specified. The application will state that the evaluation and acceptance of the proposed substitute will not prejudice CONTRACTOR'S achievement of Substantial Completion on time, whether or not acceptance of the substitutes for use in the Work will require a change in any of the CONTRACT DOCUMENTS (or in the provisions of any other direct contract with OWNER for Work on the Project) to adapt the design to the proposed substitute and whether or not incorporation or use of the substitute in connection with the Work is subject to payment or any license fee of royalty. All variations of the proposed substitute from that specified will be identified in the application and available maintenance, repair and replacement service will be indicated. The application will also contain an itemized estimate of all costs that will result directly or indirectly from acceptance of such substitute, including cost of redesign and claims or other contractors affected by the resulting change, all of which shall be considered by ENGINEER in evaluating the proposed substitute. ENGINEER may require CONTRACTOR to furnish at CONTRACTOR'S expense additional data about the proposed substitute.

6.7.2. If a specific means, method, technique, sequence or procedure of construction is indicated in or

required by the CONTRACT DOCUMENTS, CONTRACTOR may furnish or utilize a substitute means, method, sequence, technique or procedure of construction acceptable to ENGINEER, if CONTRACTOR submits sufficient information to allow ENGINEER to determine that the substitute proposed is equivalent to that indicated or required by the CONTRACT DOCUMENTS. The procedure for review by ENGINEER will be similar to that provided in paragraph 6.7.1, as applied by ENGINEER and as may be supplemented in the General Requirements.

6.7.3. ENGINEER will be allowed a reasonable time within which to evaluate each proposed substitute. ENGINEER will be sole judge of acceptability, and no substitute will be ordered, installed or utilized without ENGINEER'S prior written acceptance which will be evidenced by either a Change Order or an approved Shop Drawing. OWNER may require CONTRACTOR to furnish at CONTRACTOR'S expense a special performance guarantee or other surety with respect to any substitute. ENGINEER will record time required by ENGINEER and ENGINEER'S consultants in evaluating substitutions proposed by CONTRACTOR and in making changes in the CONTRACT DOCUMENTS occasioned thereby. Whether or not ENGINEER accepts a proposed substitute, CONTRACTOR shall reimburse OWNER for the charges of ENGINEER and ENGINEER'S consultants for evaluating each proposed substitute.

CONCERNING SUB-CONTRACTORS, SUPPLIERS AND OTHER:

6.8.1. CONTRACTOR shall not employ any Sub-Contractor, Supplier or other person or organization (including those acceptable to OWNER and ENGINEER as indicated in paragraph 6.8.2), whether initially or as a substitute, against whom OWNER or ENGINEER may have reasonable objection. CONTRACTOR shall not be required to employ any Sub- Contractor, Supplier or other person or organization to furnish or perform any of the Work against whom CONTRACTOR has reasonable objection.

If the Supplementary Conditions require the identity of certain Sub-Contractors, Suppliers or other persons or organizations (including those who are to furnish the principal items or materials and equipment) to be submitted to OWNER in advance of the specified date prior to the Effective Date of the Agreement for acceptance by OWNER and ENGINEER and if CONTRACTOR has submitted a list thereof in accordance with the Supplementary Conditions, OWNER'S or ENGINEER'S acceptance either in writing or by failing to make written objection thereto by the date indicated for acceptance or objection in bidding documents or the CONTRACT DOCUMENTS) of any such Sub-Contractor, Supplier or other person or organization so identified may be revoked on the basis of reasonable objection after due investigation, in which case CONTRACTOR shall submit an acceptable substitute, the Contract Price will be increased by the difference in the cost occasioned by such substitution and an appropriate Change Order will be issued or Written Amendment signed. No acceptance by OWNER or ENGINEER of any such Sub-Contractor, Supplier or other person or organization shall constitute a waiver of any right of OWNER or ENGINEER to reject
defective Work.

6.9. CONTRACTOR shall be fully responsible to OWNER and ENGINEER for all acts and omissions of the Sub-Contractor's, Suppliers and other persons and organizations performing or furnishing any of the Work under a direct and indirect contract with CONTRACTOR just as

CONTRACTOR is responsible for CONTRACTOR'S own acts and omissions. Nothing in the CONTRACT DOCUMENT shall create any contractual relationship between OWNER or ENGINEER and any such Sub-Contractor, Supplier or other person or organization, nor shall it create any obligation on the part of OWNER or ENGINEER to pay or to see to the payment of any moneys due any such Sub-Contractor, Supplier or other person or organization except as may otherwise be required by Laws and Regulations.

6.10. The divisions and sections of the Specifications and the identifications of any Drawings shall not control CONTRACTOR in dividing the Work among Sub-Contractors or Suppliers or delineating the Work to be performed by any specified trade.

6.11 All Work performed for CONTRACTOR by a Sub-Contractor will be pursuant to an appropriate agreement between CONTRACTOR and Sub-Contractor which specifically binds the Sub-Contractor to the applicable terms and conditions of the CONTRACT DOCUMENTS for the benefit of OWNER and ENGINEER and contains waiver provisions as required by paragraph 5.11.

PATENT FEES AND ROYALTIES:

6.12. CONTRACTOR shall pay all license fees and royalties and assume all costs incident to the use in the performance of the Work or the incorporation in the Work of any invention, design, process, product or device which is the subject of patent rights or copyrights held by others. If a particular invention, design, process, product or device is specified in the CONTRACT DOCUMENTS for use in the performance of the Work and if to the actual knowledge of OWNER and ENGINEER its use is subject to patent rights or copyrights calling for the payment of any license fee or royalty to others, the existence of such rights shall be disclosed by OWNER in the CONTRACT DOCUMENTS. CONTRACTOR shall indemnify, hold harmless and defend at its cost, OWNER and ENGINEER and anyone directly or indirectly employed by either of them from and against all claims, damages, losses and expenses (including attorneys' fees and court and arbitration costs) arising out of any infringement of patent rights or copyrights incident to the use in the performance of the Work or resulting from the incorporation in the Work of any invention, design, process, product, or device not specified in the CONTRACT DOCUMENTS, and shall defend all such claims in connection with any alleged infringement of such rights.

6.13. Unless otherwise provided in the Supplemental General Conditions, CONTRACTOR shall obtain and pay for all construction permits and licenses. OWNER shall assist CONTRACTOR, when necessary, in obtaining such permits and licenses. CONTRACTOR
shall pay all governmental charges and inspection fees necessary for the prosecution of the Work, which are applicable at the time of opening of Bids, or if there are not Bids on the Effective Date of the Agreement. CONTRACTOR shall pay all charges of utility owners for connections to the Work, and OWNER shall pay all charges of such utility owners for capital costs related thereto such as plant investment fees.

LAWS AND REGULATIONS:

6.14.1. CONTRACTOR shall give all notices and comply with all laws and Regulations applicable to

furnishing and performing of the Work. Except where otherwise expressly required by applicable Laws and Regulations, neither OWNER nor ENGINEER shall be responsible for monitoring CONTRACTOR'S compliance with any Law or Regulations.

6.14.2 If CONTRACTOR observes that the Specification of Drawings are at variance with any Laws or Regulations, CONTRACTOR shall give ENGINEER prompt written notice thereof, any necessary changes will be authorized by one of the methods indicated in paragraph 3.4.

If CONTRACTOR performs any Work knowing or having reason to know that it is contrary to such Laws or Regulations, and without such notice to ENGINEER, CONTRACTOR shall bear all costs arising therefrom; however, it shall not be CONTRACTOR'S primary responsibility to made certain that the Specifications and Drawings are in accordance with such Laws and Regulations.

6.15. CONTRACTOR shall pay all sales, consumer use and other similar taxes required to be paid by CONTRACTOR in accordance with the Laws and Regulations of the place of the Project which are applicable during the performance of the Work.

USE OF PREMISES:

6.16. CONTRACTOR shall confine construction equipment, the storage of materials and equipment and the operations of workers to the Project site and land and areas identified in and permitted by the CONTRACT DOCUMENTS and other land and areas permitted by Laws and Regulations, rights-of-way, permits and easements, and shall not unreasonably encumber the premises with construction equipment or equipment. CONTRACTOR shall assume full responsibility for any damage to any such land or area, or to the owner or occupant thereof or of any land or areas contiguous thereto, resulting from the performance of the Work. Should any claim be made against OWNER or ENGINEER by any such owner or occupant because of the performance of the Work, CONTRACTOR shall promptly attempt to settle with such other party by agreement or otherwise resolve the claim by at law. CONTRACTOR shall, to the fullest extend permitted by Law and Regulations, indemnify and hold OWNER and ENGINEER harmless from and against all claims, damages, losses and expenses (including, but not limited to, fees of Engineers, Architects, Attorneys and other professional and court and arbitration costs) arising directly, indirectly or consequently out of any action, legal or equitable, brought by any such other party against OWNER or ENGINEER to the extent based on a claim arising out of work done by CONTRACTOR under the CONTRACT DOCUMENTS. It is the expressed intention of the parties hereto, both OWNER and CONTRACTOR, that the indemnity provided for in this paragraph is indemnity by CONTRACTOR to indemnify and protect OWNER from the consequences of OWNER'S own negligence, whether that negligence is the sole or a concurring cause of the injury, death or damage.

6.17. During the progress of the Work, CONTRACTOR shall keep the premises free from such accumulations of waste materials, rubbish and other debris resulting from the Work. At the completion of the Work CONTRACTOR shall remove all waste materials, rubbish and debris from and about the premises as well as all tools, appliances, construction equipment and machinery and surplus materials, and shall leave the site clean and ready for occupancy by OWNER. CONTRACTOR shall restore to original condition all property not designated for alteration by the CONTRACT DOCUMENTS.

6.18. CONTRACTOR shall not load nor permit any part of any structure to be loaded in any manner that will endanger the structure, nor shall CONTRACTOR subject any part of the Work or adjacent property to stresses or pressures that will endanger it.

DOCUMENTS:

6.19. CONTRACTOR shall maintain in a safe place at the site one record copy of all Drawings, Specifications, Addenda, Written Amendments, Change Orders, Work Directive Changes, Field Orders and Written Interpretations and Clarifications (issued pursuant to paragraph 9.4) in good order and annotated to show all changes made during construction. These record documents together with all approved samples and a counterpart of all approved Shop Drawings will be available to ENGINEER for reference. Upon completion of the Work, these Record Documents, Samples and Shop Drawings will be delivered to ENGINEER for OWNER.

SAFETY AND PROTECTION:

6.20. CONTRACTOR shall be responsible for initiation, maintaining and supervising all safety precautions and programs in connection with the Work. CONTRACTOR shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury or loss to:

6.20.1. All employees on the Work and other persons and organizations who may be affected thereby;

6.20.2 All the Work and materials and equipment to be incorporated therein, whether in storage on or off the site.

6.20.3. Other property at the site or adjacent thereto, including trees, shrubs, lawns, walks, pavements, roadways, structures, utilities and Underground Facilities not designated for removal, relocation or replacement in the course of construction.

CONTRACTOR shall comply with all applicable Laws and Regulations of any public body having jurisdiction for the safety of persons or property or to protect them from damage, injury or loss; and shall erect and maintain all necessary safeguards for such safety and protection. CONTRACTOR shall notify owners of adjacent property and of Underground Facilities and utility owners when prosecution of the Work may affect them, and shall cooperate with them in the protection, removal, relocation and replacement of their property. All damages, injury or loss to any property referred to in paragraphs 6.20.2 or 6.20.3 caused, directly or indirectly, in whole or in part, by CONTRACTOR, and Sub-Contractor, Supplier or any other person or organization directly or indirectly employed by any of them to perform or furnish any of the Work or anyone for whose acts any of them may be liable, shall be remedied by CONTRACTOR (except damage or loss attributable to the fault of Drawings or Specifications or to the acts or omission of OWNER or ENGINEER or anyone employed by either of them or anyone for whose acts either of them may be liable, and not attributable, directly or indirectly, in whole or in part, to the fault or negligence of CONTRACTOR). CONTRACTOR'S duties and

responsibilities for the safety and protection of the Work shall continue until such time as all the Work is completed and ENGINEER has issued a notice to OWNER and CONTRACTOR in accordance with paragraph 14.13 that the Work is acceptable (except as otherwise expressly provided in connection with Substantial Completion.

6.21. CONTRACTOR shall designate a responsible representative at the site whose duty shall be the prevention of accidents. This person shall be CONTRACTOR'S superintendent unless otherwise designated in writing by CONTRACTOR to OWNER.

EMERGENCIES:

6.22. In emergencies affecting the safety or protection of persons or the Work or property at the site or adjacent thereto, CONTRACTOR, without special instruction or authorization from ENGINEER or OWNER, is obligated to act to prevent threatened damage, injury or loss. CONTRACTOR shall give ENGINEER prompt written notice if CONTRACTOR believes that any significant changes in the Work or variations from the CONTRACT DOCUMENTS have been caused thereby. If ENGINEER determines that a change in the CONTRACT DOCUMENTS is required because of the action taken in response to any emergency, a Work Directive Change or Change Order will be issued to document the consequences of the changes or variations.

SHOP DRAWINGS AND SAMPLES:

6.23. After checking and verifying all field measurements and complying with applicable procedures specified in the General Requirements, CONTRACTOR shall submit to ENGINEER for review an approval in accordance with the accepted schedule of Shop Drawing submissions (see paragraph 2.9), or for other appropriate action if so indicated in the Supplementary Conditions, five copies (unless otherwise specified in General Requirements) of all Shop Drawings, which bear a stamp written indication that CONTRACTOR has satisfied CONTRACTOR'S responsibilities under the CONTRACT DOCUMENTS with respect to the review of the submission. All submissions will be identified as ENGINEER may require. The data shown on the Shop Drawings will be completed with respect to quantities, dimensions, specified performance and design criteria, materials, and similar data to enable ENGINEER to review the information as required.

6.24. CONTRACTOR shall also submit to ENGINEER for review and approval with such promptness as to cause no delay in Work, all samples required by the CONTRACT DOCUMENTS. All samples will have been checked by and accompanied by a specific written indication that CONTRACTOR has satisfied CONTRACTOR'S responsibilities under the CONTRACT DOCUMENTS with respect to the review of the submission and will be identified clearly as to material, Supplier, pertinent data such as catalog numbers and the use for which intended.

6.25.1. Before submission of each Shop Drawing or sample CONTRACTOR shall have determined and verified all quantities, dimensions, specified performance criteria, installation requirements, materials, catalog numbers and similar data with respect thereto and reviewed or coordinated each Shop Drawing or sample with other Shop Drawings and samples and with the requirements of the Work and the CONTRACT DOCUMENTS.

6.25.2. At the time of each submission, CONTRACTOR shall give ENGINEER specific written notice of each variation that the Shop Drawings or samples may have from the requirements of the CONTRACT DOCUMENTS, and in addition, shall cause a specific notation to be made on each Shop Drawing submitted to ENGINEER for review and approval of each such variation.

ENGINEER will review and approve with reasonable promptness Shop Drawings and samples, ENGINEER'S review and approval will be only for conformance with the design concept of the Project and for compliance with the information given in the CONTRACT DOCUMENTS and shall not extend to means, methods, techniques, sequences or procedures of construction (except where a specific means, method, technique, sequence or procedure of construction is indicated in or required by the CONTRACT DOCUMENTS) or to safety precautions or programs incident thereto. The review and approval of a separate item as such will not indicate approval of the assembly in which the item functions. CONTRACTOR shall make corrections required by ENGINEER, and shall return the required number of corrected copies of Shop Drawings and submit as required new samples for review and approval. CONTRACTOR shall direct specific attention in writing to revisions other than the corrections called by ENGINEER or previous submittals.

6.27. ENGINEER'S review and approval of Shop Drawings or samples shall not relieve CONTRACTOR from responsibility for any variation from the requirements of the CONTRACT DOCUMENTS unless CONTRACTOR has in writing called ENGINEER'S attention to each such variation at the time of submission as required by paragraph 6.25.2 and ENGINEER has given written approval of each such variation by a specific written notation thereof incorporated in or accompanying the Shop Drawing or sample approval; nor will any approval by ENGINEER relieve CONTRACTOR from responsibility for errors or omissions in the Shop Drawings or from responsibility for having complied with the provisions of paragraph 6.25.1.

6.28. Where a Shop Drawing or sample is required by the Specifications, any related Work performed prior to ENGINEER'S review and approval of the pertinent submission will be the sole expense and responsibility of CONTRACTOR.

CONTINUING THE WORK:

CONTRACTOR shall carry on the Work and adhere to the progress schedule during all disputes or disagreements with OWNER. No Work shall be delayed or postponed pending resolution of any disputes or disagreements, except as permitted by paragraph 15.5 or as CONTRACTOR and OWNER may otherwise agree in writing.

INDEMNIFICATION:

6.30. To the fullest extent permitted by Laws and Regulations CONTRACTOR shall indemnify and hold harmless OWNER and ENGINEER and their consultants, agents and employees from and against all claims, damages, losses and expense, direct, indirect or consequential (including but not limited to fees and charges of Engineers, Architects, Attorneys and other professional and court and arbitration

costs) arising out of or resulting from the performance of the Work, provided that any such claim, damage, loss or expense (a) is attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property (other than the Work itself) including the loss of use resulting there from and (b) is caused in whole or in part by any negligent act or omission of OWNER, CONTRACTOR, and Sub-Contractor, any person or organization directly or indirectly employed by any of them to perform or furnish any of the Work or anyone for whose acts any of them may be liable, regardless of whether or not it is caused in part by a partly indemnified hereunder or arises by or is imposed by Law and Regulations regardless of the negligence of any such party. It is the expressed intention of the parties hereto, both OWNER and CONTRACTOR, that the indemnity provided for in this paragraph is indemnity by CONTRACTOR to indemnify and protect OWNER from the consequences of OWNER'S own negligence, whether that negligence is the sole or concurring cause of the injury, death or damage.

6.31. In any and all claims against OWNER or ENGINEER or any of their consultants, agents or employees by any employee or Contractor, any Sub-Contractor, and person or organization directly or indirectly employed by any of them to perform or furnish any of the Work or anyone for whose acts any of them may be liable, the indemnification obligation under paragraph 6.30 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for CONTRACTOR or any Sub-Contractor or other person or organization under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

6.32. The obligations of CONTRACTOR under paragraph 6.30 shall not exceed to the liability of ENGINEER, ENGINEER'S consultants, agents or employees arising out of the preparation or approval or maps, drawings, opinions, reports, surveys, Change Orders, designs or Specifications.

ARTICLE 7-OTHER WORK RELATED WORK AT SITE:

7.1. OWNER may perform other work related to the Project at the site by OWNER'S own forces, have other work performed by utility owners or let other direct contracts therefore which shall contain General Conditions similar to these. If the fact that such other work is to be performed was not noted in the CONTRACT DOCUMENTS, written notice thereof will be given to CONTRACTOR prior to starting any such other work; and if CONTRACTOR believes that such performance will involve additional expense to CONTRACTOR or requires additional time and the parties are unable to agree as to the extent thereof, CONTRACTOR may make a claim therefore as provided in Articles 11 and 12.

7.2. CONTRACTOR shall afford each utility owner and other contractor who is a party to such a direct contract (or OWNER, if OWNER is performing the additional work with OWNER'S employees) proper and safe access to the site and a reasonable opportunity for the introduction and storage of materials and equipment and the execution of such work, and shall properly connect and coordinate the Work with theirs. CONTRACTOR shall do all cutting, fitting and patching of the Work that may be required to make its several parts come together properly and integrate with such other work. CONTRACTOR shall not endanger any work of others by cutting, excavating or otherwise altering their work and will only cut or alter their work with the written consent of ENGINEER and the others whose work will be affected. The duties and responsibilities of CONTRACTOR under this paragraph are for the benefit of such utility owners and other contractors to the extent that there are comparable provisions for the benefit of CONTRACTOR in said direct contracts between OWNER and such utility owners and

other contractors.

7.3. If any part of CONTRACTOR'S Work depends for proper execution or results upon the work of any such other contractor or utility owner (or OWNER), CONTRACTOR shall inspect and promptly report to ENGINEER in writing any delays, defects or deficiencies in such work that render it unavailable or unsuitable for such proper execution and results. CONTRACTOR'S failure to report will constitute and acceptance of the other work as fit and
proper for integration with CONTRACTOR'S work except for latent or non-apparent defects in the other work.

COORDINATION:

7.4. If OWNER contracts with others for the performance of other work on the Project at the site, the person or organization who will have authority and responsibility for coordination of the activities among the various prime contractors will be identified in the Supplementary Conditions, and the specific matters to be covered by such authority and responsibility will be itemized, and the extent of such authority and responsibilities will be provided, in the Supplementary Conditions. Unless otherwise provided in the Supplementary Conditions, neither OWNER nor ENGINEER shall have any authority or responsibility in respect of such coordination.

ARTICLE 8-OWNER'S RESPONSIBILITIES

8.1. OWNER shall issue all communications to CONTRACTOR through ENGINEER.

8.2. In case of termination of the employment or ENGINEER, OWNER shall appoint an engineer against whom CONTRACTOR makes no reasonable objection, whose status under the CONTRACT DOCUMENTS shall be that of the former ENGINEER. Any dispute in connection with such appointment shall be subject to arbitration.

OWNER shall furnish the data required of OWNER under the CONTRACT DOCUMENTS promptly and shall make payments to CONTRACTOR promptly after they are due as provided in paragraphs 14.4 and 14.14.

8.4. OWNER'S duties in respect of providing lands and easements and providing engineering surveys to establish reference points are set forth in paragraphs 4.1 and 4.4. Paragraph 4.2 refers to OWNER'S identifying and making available to CONTRACTOR copies of reports of explorations and tests of sub-surface conditions at the site and existing structures which have been utilized by ENGINEER in preparing the Drawings and Specifications.

8.5. (Delete)

8.6 OWNER is obliged to execute Change Orders as indicated in paragraph 10.4.

8.7. OWNER'S responsibility in respect of certain inspections, tests and approvals is set forth in paragraph 13.4.

8.8. In connection with OWNER'S right to stop Work or suspend Work, see paragraph 13.10 and 15.1. Paragraph 15.2 deals with OWNER'S right to terminate services on CONTRACTOR under certain circumstances

ARTICLE 9-ENGINEER'S STATUS DURING CONSTRUCTION OWNER'S REPRESENTATIVE:
9.1. ENGINEER will be OWNER'S representative during the construction period. The duties and responsibilities and the limitations of authority of ENGINEER as OWNER'S representative during construction are set forth in the CONTRACT DOCUMENTS and shall not be extended without written consent of OWNER and ENGINEER.

VISITS TO SITE:

9.2. ENGINEER will make visits to the site at intervals appropriate to the various stages of construction to observe the progress and quality of the executed Work and to determine, in general, if the Work is proceeding in accordance with the CONTRACT DOCUMENTS. ENGINEER will not be required to made exhaustive or continuous on-site inspections to check the quality or quantity of the Work. ENGINEER'S efforts will be directed toward providing for OWNER a greater degree of confidence that the complete Work will conform to the CONTRACT DOCUMENTS. On the basis of such visits and on-site observations as an experienced and qualified design professional, ENGINEER will keep OWNER informed of the progress of the Work and will endeavor to guard OWNER against defects and deficiencies in the Work.

PROJECT REPRESENTATION:

9.3. If OWNER and ENGINEER agree, ENGINEER will furnish a Resident Project Representative to assist ENGINEER in observing the performance of the Work. The duties, responsibilities and limitations of authority of any such Resident Project Representative and assistants will be as provided in the Supplemental Conditions. If OWNER designates another agent to represent OWNER at the site who is not the ENGINEER'S agent or employee, the duties, responsibilities and limitations of authority of such other person will be provided in Supplemental Conditions.

CLARIFICATIONS AND INTERPRETATIONS:

9.4. ENGINEER will issue with reasonable promptness such written clarifications or interpretations of the requirements of the CONTRACT DOCUMENTS (in the form of Drawings or otherwise) as ENGINEER may determine necessary, which shall be consistent with or reasonably inferable from the overall intent of the CONTRACT DOCUMENTS. If CONTRACTOR believes that a written clarification or interpretation justifies an increase in the Contract Price or an extension of the Contract Time and the parties are unable to agree to the amount or extent thereof, CONTRACTOR may make a claim therefore as provided in Article 11 or Article 12.

AUTHORIZED VARIATIONS IN WORK:

9.5. ENGINEER may authorize minor variations in the Work from the requirements of the CONTRACT DOCUMENTS which do not involve an adjustment in the Contract Price of the Contract Time and are consistent with the overall intent of the CONTRACT DOCUMENTS. These may be accomplished by a Field Order and will be binding on OWNER, and also on CONTRACTOR who shall perform the Work involved promptly. If CONTRACTOR believes that a Field Order justifies an increase in the Contract Price or an extension of the Contract Time and the parties are unable to agree as to the amount thereof, CONTRACTOR may make a claim therefor as provided in Article 11 or 12.

REJECTING DEFECTIVE WORK:

9.6. ENGINEER will have authority to disapprove or reject Work which ENGINEER believes to be defective, and will also have authority to require special inspection or testing of the Work as provided in paragraph 13.9, whether or not the Work is fabricated, installed or complete.

SHOP DRAWINGS, CHANGE ORDERS AND PAYMENTS:

9.7. In connection with ENGINEER'S responsibility for Shop Drawings and samples, see paragraphs 6.23 through 6.29 inclusive.

9.8. In connection with ENGINEER'S responsibility as to Change Orders, see Articles 10,11, and 12.

9.9. In connection with ENGINEER'S responsibility in respect of Applications for Payment, etc, see Article 14.

DETERMINATIONS FOR UNIT PRICES:

9.10. (Delete)

DECISIONS ON DISPUTES:

9.11. ENGINEER will be the initial interpreter of the requirements of the CONTRACT DOCUMENTS and judge of the acceptability of the Work thereunder. Claims, disputes and other matters relating to the acceptability of the Work or the interpretation of the requirements of the CONTRACT DOCUMENTS pertaining to the performance and furnishing of the Work and claims under Articles 11 and 12 in respect of changes in the Contract Price or Contract Time will be referred initially to ENGINEER in writing with a request for a formal decision in accordance with this paragraph, which ENGINEER will render in writing within a reasonable time. Written notice of each such claim, dispute and other matter will be delivered by the claimant to ENGINEER and the other party to the Agreement promptly (but in no event later than thirty days) after the occurrence of the event giving rise thereto, and written supporting data will be submitted to ENGINEER and the other party within sixty days after such occurrence unless ENGINEER allows and additional period of time to ascertain more accurate data in support of the claim.

9.12. When functioning as interpreter and judge under paragraphs 9.10 and 9.11, ENGINEER will not show partiality to OWNER or CONTRACTOR and will not be liable in connection with any

interpretation or decision rendered in good faith in such capacity. Then rendering of a decision by ENGINEER pursuant to paragraphs 9.10 and 9.11 with respect to any such claim, dispute or other matter (except and which have been waived by the making or acceptance of final payments as provided in paragraph 14.16) will be a condition precedent to any exercise by OWNER or CONTRACTOR or such rights or remedies as either may otherwise have under the CONTRACT DOCUMENTS or by Laws or Regulations in respect of any such claim, dispute or other matter.

LIMITATIONS ON ENGINEER'S RESPONSIBILITIES:

9.13 Neither ENGINEER'S authority to act under this Article 9 or elsewhere in the CONTRACT DOCUMENTS nor any decision made by ENGINEER in good faith either to exercise or not exercise such authority shall give rise to any duty or responsibility of ENGINEER to CONTRACTOR, any Sub-Contractor, any Supplier, or any other person or organization performing any of the Work, or to any surety for any of them.

9.14. Whenever in the CONTRACT DOCUMENTS the terms "as ordered", "as directed", "as required", "as allowed", "as approved" or terms of like effect or import are used, or the adjectives "reasonable", "suitable", "acceptable", "proper", or "satisfactory" or adjectives of the effect or import are used to describe a requirement, direction, review or judgment of ENGINEER as to the Work, it is intended that such requirement, direction review or judgment will be solely to evaluate the Work for compliance with the CONTRACT DOCUMENTS (unless there is a specific statement indicating otherwise). The use of any such term or adjective shall not be effective to assign to ENGINEER any duty or authority to supervise or direct the furnishing or performance of the Work or any duty or authority to undertake responsibility contrary to the provisions of paragraphs 9.15 and 6.16.

9.15. ENGINEER will not be responsible for CONTRACTOR'S means, methods, technique, sequences or procedures of construction, or the safety precautions and programs incident thereto, and ENGINEER will not be responsible for CONTRACTOR'S failure to perform or furnish the Work in accordance with the CONTRACT DOCUMENTS.

9.16. ENGINEER will not be responsible for the acts or omissions of the CONTRACTOR or of any Sub-Contractor, any Supplier or any other person or organization performing or furnishing any of the Work.

ARTICLE 10-CHANGES IN THE WORK

Without invalidating the Agreement and without notice to any surety, OWNER may, at any time or from time to time, order additions, deletions or revisions in the Work; these will be authorized, be a written amendment, a Change Order or a Work Directive Change. Upon receipt of any such document, CONTRACTOR shall promptly proceed with the Work involved which will be performed under the applicable conditions of the CONTRACT DOCUMENTS (except as otherwise specifically indicated).

10.2. If OWNER and CONTRACTOR are unable to agree as to the extent if any of an increase or decrease in the Contract Price or an extension of shortening of the Contract Time that should be allowed

as a result of a work directive change, a claim may be made therefore as provided in Article 11 or Article 12.

10.3. CONTRACTOR shall not be entitled to any increase in the Contract Price or an extension of the Contract Time with respect to any Work performed that is not required by the CONTRACT DOCUMENTS as amended modified and supplemented as provided in paragraphs 3.4 and 3.5, except in the case of any emergency as provided in paragraph 6.22 and except in the case of uncovering Work as provided in paragraph 13.9.

10.4. OWNER and CONTRACTOR shall execute appropriate Change Orders (or Written Amendments) covering:

10.4.1. Changes in the Work that are ordered by OWNER pursuant to paragraph 10.1, are required because of acceptance of defective Work under paragraph 13.13 or correcting defective Work under paragraph 13.14, or are agreed to by the parties;

10.4.2. Changes in the Contract Price or Contract Time which are agreed to by the parties; and

10.4.3. Changes in the Contract Price or Contract Time which embody the substance of any written decision rendered by ENGINEER pursuant to paragraph 9.11, provided that, in lieu of executing any such Change Order, an appeal may be taken from any such decision in accordance with the provisions of the CONTRACT DOCUMENTS and applicable laws and regulations, but during any such appeal, CONTRACTOR shall carry on the Work and adhere to the progress schedule as provided in paragraph 6.29.

10.5. If notice of any change affecting the general scope of the Work of the provisions of the CONTRACT DOCUMENTS (including, but not limited to, Contract Price or Contract Time) is required by the provisions of any Bond to be given to a surety, the giving of any such notice will be CONTRACTOR'S responsibility, and the amount of each applicable Bond will be adjusted accordingly.

ARTICLE 11-CHANGE OR CONTRACT PRICE

11.1. The Contract Price constitutes the total compensation (subject to authorized adjustments) payable to CONTRACTOR for performing the Work. All duties, responsibilities and obligations assigned to or undertaken by CONTRACTOR shall be at his expense without change in the Contract Price.

11.2. The Contract Price may only be changed by a Change Order or by a Written Amendment. Any claim for an increase or decrease in the Contract Price shall be based on written notice delivered by the party making the claim to the other party and to ENGINEER promptly (but in no event later than thirty days) after the occurrence of the event giving rise to the claim and stating the general nature of the claim. Notice of the amount of the claim with supporting data shall be delivered within sixty days after such occurrence (unless ENGINEER allows an additional period of time to ascertain more accurate data in support of the claim) and shall be accompanied by claimant's written statement that the amount

claimed covers all known amounts (direct, indirect and consequential) to which the claimant is entitled as a result of the occurrence of said event. All claims for adjustment in the Contract Price shall be determined by ENGINEER in accordance with paragraph 9.11 if OWNER and CONTRACTOR cannot otherwise agree on the amount involved. No claim for an adjustment in the Contract Price will be valid if not submitted in accordance with this paragraph 11.2.

11.3. The value of any Work covered by a Change Order of any claim for an increase or decrease in the Contract Price shall be determined in of the following ways:

11.3.1. (Delete)

11.3.2. By mutual acceptance of a lump sum, which at the discretion of OWNER may be based in whole or in part on the same unit costs outlined in the Bid included in the CONTRACT DOCUMENTS which may include an allowance for overhead and profit.

ARTICLE 12-CHANGE OF CONTRACT TIME

12.1. The Contract Time may only be changed by a Change Order or a Written Amendment. Any Claim for an extension or shortening of the Contract Time shall be based on written notice delivered by the party making the claim to the other party and to ENGINEER promptly (but in no event later than thirty days) after the occurrence of the event giving rise to the claim and stating the general nature of the claim. Notice of the extent of the claim with supporting data shall be delivered within sixty days after such occurrence (unless ENGINEER allows an additional period of time to ascertain more accurate data in support of the claim) and shall be accompanied by the claimant's written statement that the adjustment claimed is the entire
adjustment to which the claimant has reason to believe it is entitled as a result of the occurrence of said event.

All claims for adjustment in the Contract Time shall be determined by ENGINEER in accordance with paragraph 9.11 if OWNER and CONTRACTOR cannot otherwise agree. No claim for an adjustment in the Contract Time will be valid if not submitted in accordance with the requirements of this paragraph 12.1.

12.2. The Contract Time will be extended in an amount to time lost due to delays beyond the control of CONTRACTOR if a claim is made therefore as provided in paragraph 1.1. Such delays shall include, but not be limited to, acts or neglect by OWNER or others performing additional work as contemplated by Article 7, or to fires, floods, labor disputes, epidemics, abnormal weather conditions or acts of God.

12.3. All time limits stated in the CONTRACT DOCUMENTS are of the essence of the Agreement. The provisions of this Article 12 shall not exclude recovery for damages (including but not limited to fees and charges of engineers, architects, attorneys and other professionals and court and arbitration costs) for delay by either party.

ARTICLE 13 - WARRANTY AND GUARANTEE; TESTS AND INSPECTIONS; CORRECTIONS, REMOVAL OR ACCEPTANCE OF DEFECTIVE WORK

WARRANTY AND GUARANTEE:

13.1. CONTRACTOR warrants and guarantees to OWNER and ENGINEER that all Work will be in accordance with the CONTRACT DOCUMENTS and will not be defective. Prompt notice of all defects shall be given to CONTRACTOR. All defective Work, whether or not in place, may be rejected, corrected or accepted as provided in this Article 13.

ACCESS TO WORK:

13.2. ENGINEER and ENGINEER'S representatives, other representatives of OWNER, testing agencies an governmental agencies with jurisdictional interests will have access to the work at reasonable times for their observation, inspecting and testing. CONTRACTOR shall provide proper and safe conditions for such access.

TESTS AND INSPECTION:

13.3. CONTRACTOR shall give ENGINEER timely notice of readiness of the Work for all required inspections, tests or approvals.

13.4. If laws and Regulations of any public body having jurisdiction require any Work (or part thereof) to specifically be inspected, tested or approved, CONTRACTOR shall assume full responsibility therefore, pay all costs in connection therewith and furnish ENGINEER the required certificates of inspection, testing or approval.

CONTRACTOR shall also be responsible for and shall pay all costs in connection with any inspection or testing required in connection with OWNER'S or ENGINEER'S acceptance of a supplier or materials or equipment proposed to be incorporated in the Work, or of materials or equipment submitted for approval prior to CONTRACTOR'S purchase thereof for incorporation in the Work. The cost of all inspections, tests and approvals other than those which are required by the CONTRACT DOCUMENTS shall be paid by OWNER (unless otherwise specified).

13.5. All inspections, tests or approvals other than those required by Laws or regulations of any public body having jurisdiction shall be performed by organizations acceptable to OWNER and CONTRACTOR (or by ENGINEER if so specified).

13.6. If any Work (including the work of others) that is to be inspected, tested or approved is covered without written concurrence of ENGINEER, it must, if requested by ENGINEER, be uncovered for observation. Such uncovering shall be at CONTRACTOR'S expense unless CONTRACTOR has given ENGINEER timely notice of CONTRACTOR'S intention to cover the same and ENGINEER has not acted with reasonable promptness in response to such notice.

13.7. Neither observations by ENGINEER nor inspections, tests or approvals by others shall relieve CONTRACTOR from CONTRACTOR'S obligations to perform the Work in accordance with the CONTRACT DOCUMENTS.

UNCOVERING WORK:

13.8. If any Work is covered contrary to the written request of ENGINEER, it must, if requested by ENGINEER, be uncovered for ENGINEER'S observation and replaced at CONTRACTOR'S EXPENSE.

13.9. If ENGINEER considers it necessary or advisable that covered Work be observed by ENGINEER or inspected or tested by others, CONTRACTOR, a ENGINEER'S request, shall uncover, expose or otherwise make available for observation, inspection or testing as ENGINEER may require, that portion of the Work in question, furnishing all necessary labor, material and equipment. If it is found that such Work is defective, CONTRACTOR shall bear all direct, indirect and consequential costs of such uncovering, exposure, observation, inspection and testing and of satisfactory reconstruction, (including but not limited to fees and charges of engineers, architects, attorneys and other professionals), and OWNER shall be entitled to an appropriate decrease in the Contract Price, and, if the parties are unable to agree as to the amount thereof, may make a claim thereof, may make a claim therefore as provided in Article
11. If, however, such work is not found to be defective, CONTRACTOR shall be allowed to increase in the Contract Price or an extension of the contract time, or both, directly attributable to such uncovering, exposure, observation, inspection, testing and reconstruction; and, if the parties are unable to agree as to the amount or extent thereof, CONTRACTOR may make a claim therefore as provided in Articles 11 and 12.

OWNER MAY STOP THE WORK:

13.10. If the Work is defective, or CONTRACTOR fails to supply sufficient skilled workers or suitable materials or equipment, or fails to furnish or perform the Work in such a way that the completed Work will conform to the CONTRACT DOCUMENTS, OWNER may order CONTRACTOR to stop the Work, or any portion thereof, until the cause for such order has been eliminated; however, this right of OWNER to stop the Work shall not give rise to any duty on the part of OWNER to exercise this rights for the benefit of CONTRACTOR or any other party.

CORRECTION OR REMOVAL OF DEFECTIVE WORK:

13.11. If required by ENGINEER, CONTRACTOR shall promptly, as directed, either correct al defective Work, whether or not fabricated, installed or completed, or, if the Work has been rejected by Engineer, remove it from the site and replace it with non-defective Work. CONTRACTOR shall bear all direct, indirect and consequential costs of such correction or removal (including but not limited to fees and charges of engineers, architects, attorneys and other professionals) made necessary thereby.

ONE-YEAR CORRECTION PERIOD:

13.12. If within one year after the date of issue of the Certificate of Acceptance or such longer period of time as may be prescribed by Laws or Regulations or by the terms of any applicable special guarantee required by the CONTRACT DOCUMENTS or by any specific provision of the CONTRACT

DOCUMENTS, any Work is found to be defective, CONTRACTOR shall promptly, without cost to OWNER and in accordance with OWNER'S written instructions, either correct such defective Work, or, if it has been rejected by OWNER, remove it from the site and replace it with non-defective work. If CONTRACTOR does not promptly comply with the terms of such instructions, or in an emergency where delay would cause serious risk of loss or damage, OWNER may have the defective Work corrected pr the rejected work removed and replaced, and all direct, indirect and consequential costs and replacement (including but not limited to fees and charges of engineers, architect, attorneys, and other professionals) will be paid by CONTRACTOR.

ACCEPTANCE OF DEFECTIVE WORK:

13.13. If, instead of requiring correction of removal and replacement of defective Work, OWNER (and, prior to ENGINEER'S recommendation of final payment, also ENGINEER) prefers to accept it, OWNER may do so. CONTRACTOR shall bear all direct, indirect and consequential costs attributable to OWNER's evaluation of and determination to accept such defective Work (such cost to be approved by ENGINEER as to reasonableness and to include but not be limited to fees and charges of engineers, architects, attorneys and other professionals).

If any such acceptance occurs prior to ENGINEER'S recommendation of final payment, a Change Order will be issued incorporating the necessary revisions in the CONTRACT DOCUMENTS with respect to the Work; and OWNER shall be entitled to an appropriate decrease in the Contract Price, and, if the parties are unable to agree as to the amount thereof, OWNER may make a claim therefore as provided in Article 11. If the acceptance occurs after such recommendation, an appropriate amount will be paid by CONTRACTOR to OWNER.

OWNER MAY CORRECT DEFECTIVE WORK:

13.14. If COCNTRACTOR fails within a reasonable time after written notice of ENGINEER to proceed to correct and to correct defective Work or to remove and replace rejected Work as required by ENGINEER in accordance with paragraph 13.11, or if CONTRACTOR fails to perform the Work in accordance with the CONTRACT DOCUMENTS, or if CONTRACTOR fails to comply with any other provision of the CONTRACT DOCUMENTS, OWNER may, after seven days' written notice to CONTRACTOR, correct and remedy any such deficiency. In exercising the rights and remedies under this paragraph OWNER shall proceed expeditiously. To the extent necessary to complete corrective and remedial action, OWNER may exclude CONTRACTOR from all or part of the site, take possession of all or part of the Work, and suspend CONTRACTOR'S services related thereto, take possession of CONTRACTOR'S tools, appliances, construction equipment and machinery at the site and incorporate in the Work all materials and equipment stored at the site or for which OWNER has paid CONTRACTOR but which are stored elsewhere. CONTRACTOR shall allow OWNER, OWNER'S representatives, agents and employees such access to the site as may be necessary to enable OWNER to exercise the rights and remedies under this paragraph. All direct, indirect and consequential costs of OWNER in Exercising such rights and remedies will be charged against CONTRACTOR in an amount approved as to reasonableness by ENGINEER, and charged against CONTRACTOR in an amount approved as to reasonableness by ENGINEER, and a Change Order will be issued incorporating the necessary revisions in the CONTRACT DOCUMENTS with respect to the Work; and OWNER shall be

entitled to an appropriate decrease in the Contract Price, and, if the parties are unable to agree as to the amount thereof, OWNER may make a claim therefore as provided in Article 11. Such direct, indirect and OWNER consequential costs will include but not be limited to fees and charges of engineers, architects, and other professionals, all court and arbitration costs and all costs of repair and replacement of work of others destroyed or damaged by correction, removal or replacement of CONTRACTOR'S defective Work. CONTRACTOR shall not be allowed an extension of the Contract Time because of any delay in performance of the Work attributable to the exercise by OWNER of OWNER'S rights and remedies hereunder.

ARTICLE 14 - PAYMENTS TO CONTRACTOR AND COMPLETION SCHEDULE OF VALUES:

14.1 The schedule of values established as provided in paragraph 2.9 will serve as the basis for progress payments and will be incorporated into a form of Application of Payment acceptable to ENGINEER. Progress payments on account of Unit Price Work will be based on the number of units completed.

APPLICATION FOR PROGRESS PAYMENT:

14.2 At least twenty days before each progress payment is scheduled (but not more often than once a month), CONTRACTOR shall submit to ENGINEER for review an Application for Payment filled out and signed by CONTRACTOR covering the Work completed as of the date of the Application and accompanied by such supporting documentation as is required by the CONTRACT DOCUMENTS. If Payment is requested on the basis of materials and equipment not incorporated in the Work but delivered and suitably stored at the site or at another location agreed to in writing, the Application for Payment shall also be accompanied by a bill of sale, invoice or other documentation warranting that OWNER has received the materials and equipment free and clear of all liens, charges, security interests and encumbrances (which are hereinafter in these General Conditions referred to as "Liens") and evidence that the materials and equipment are covered by appropriate property insurance and other arrangements to protect OWNER'S interest therein, all of which will be satisfactory to OWNER. The amount of retainage with respect to progress payments will be 10% (ten percent). The retainage shall be held by the owner until all the work has been satisfactorily completed and accepted in writing. At that time the retainage may be released and included in the Final Payment.

CONTRACTOR'S WARRANTY OF TITLE:

14.3. CONTRACTOR warrants and guarantees that title to all Work, materials and equipment covered by any Application for Payment, whether incorporated in the Project or not, will pass to OWNER no later than the time of payment free and clear of all Liens.

REVIEW OF APPLICATIONS FOR PROGRESS PAYMENT:

14.4 ENGINEER will, within ten days after receipt of each Application for Payment, either indicate in writing a recommendation of payment and present the Application to Owner, or return the Application to Contractor indicating in writing ENGINEER'S reasons for refusing to recommend payment. In the latter case, CONTRACTOR may make the necessary corrections and re-submit the Application twenty (20) days after the presentation of the Application for Payment with ENGINEER'S recommendation, the amount recommended will (subject to the provisions of the last sentence of paragraph 14.7) become due

and when due will be paid by
OWNER to CONTRACTOR.

14.5 ENGINEER'S recommendation of any payment requested in an application for Payment will constitute a representation by ENGINEER to OWNER, based on ENGINEER'S on-site observations of the Work in progress as an experienced and qualified design professional and on ENGINEER'S review of the Application for Payment and the accompanying data and schedules that the work has progressed to the point indicated that to the best of the ENGINEER'S knowledge, information and belief, the quality of the Work is in accordance with the CONTRACT DOCUMENTS (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent test called for in the CONTRACT DOCUMENTS, to a final determination of quantities and classifications for Unit Price Work under paragraph 9.10, and to any other qualifications stated the recommendation); and that CONTRACTOR is entitled to payment of the amount recommended.

However, by recommending any such payment ENGINEER will not thereby be deemed to have represented that exhaustive or continuous on-site inspection have been made to check the quality or the quantity of the Work beyond the responsibilities specifically assigned to ENGINEER in the CONTRACT DOCUMENTS or that there may be other matters or issues between the parties that might entitle CONTRACTOR to be paid additionally by OWNER or OWNER to withhold payment to CONTRACTOR.

14.6 ENGINEER'S recommendation of final payment will constitute an additional representation by ENGINEER to OWNER that the conditions precedent to CONTRACTOR'S being entitled to final payment as set forth in paragraph 14.13 have been fulfilled.

14.7. ENGINEER may refuse to recommend the whole or any part of any payment if, in ENGINEER'S opinion, it would be incorrect to make such representation to OWNER. ENGINEER may also refuse to recommend any such payment, or because of tests, nullify any such payments previously recommended, to such extent as may be necessary in ENGINEER'S opinion to protect OWNER from loss because:

14.7.1 The Work is defective, or completed Work has been damaged requiring correction or replacement;

14.7.2. The Contract Price has been reduced by Written Amendment or Change Order,

14.7.3. OWNER has been required to correct defective Work or complete Work in accordance with paragraph 13.14.

14.7.4. ENGINEER'S actual knowledge of the occurrence of any of the events enumerated in paragraphs 15.2.1 through 15.2.9 inclusive.

OWNER may refuse to make payment of the full amount recommended by ENGINEER because claims have been made against OWNER on account of CONTRACTOR'S performance of furnishing of the Work or Liens have been filed in connection with the Work or there are other items

entitling OWNER to a set-off against the amount recommended, but OWNER must give CONTRACTOR immediate written Notice (with a copy to ENGINEER) stating the reasons for such action.

SUBSTANTIAL COMPLETION:

14.8 When CONTRACTOR considers the entire Work ready for its intended use CONTRACTOR shall notify OWNER and ENGINEER in writing that the entire Work is substantially complete (except for items specifically listed by CONTRACTOR as incomplete) and request that ENGINEER issue a certificate of Substantial Completion. Within a reasonable time thereafter, OWNER, CONTRACTOR and ENGINEER shall make an inspection of the Work to determine the status of completion. If ENGINEER considers The Work substantially complete, ENGINEER will prepare and deliver to OWNER a tentative certificate of Substantial Completion which shall fix the date of Substantial Completion.

There shall be attached to the certificate a tentative list of items to be completed or corrected before final payment. OWNER shall have seven days after receipt of the tentative certificate during which to make written objection to ENGINEER as to any provisions of the certificate or attached list. If, after considering such objections, ENGINEER concludes that the Work is not substantially complete, ENGINEER will within fourteen days after submission of the tentative certificate to OWNER notify CONTRACTOR in writing, stating the reasons therefore. If, after consideration of OWNER'S objections, ENGINEER considers the Work substantially complete, ENGINEER will within said fourteen days execute and deliver to OWNER and CONTRACTOR a definitive certificate of Substantial Completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as ENGINEER believes justified after consideration of any objections from OWNER. At the time of delivery of the tentative certificate of Substantial completion (with a revised tentative list of items to be completed or corrected) reflecting such changes from the tentative certificate as ENGINEER of delivery of the tentative certificate of Substantial Completion ENGINEER will deliver to OWNER and CONTRACTOR a written recommendation as to division of responsibilities pending final payment between OWNER and CONTRACTOR with respect to security, operation, safety, maintenance, heat, utilities, insurance and warranties. Unless OWNER and CONTRACTOR agree otherwise in writing and to inform ENGINEER prior to ENGINEER'S issuing the definitive certificate of Substantial completion, ENGINEER'S aforesaid recommendation will be binding on OWNER and CONTRACTOR until final payment.

14.9. OWNER shall have the right to exclude CONTRACTOR from the Work after the date of Substantial Completion, but OWNER shall allow CONTRACTOR reasonable access to complete or correct items on the tentative list.

PARTIAL UTILIZATION:

14.10. Use by OWNER of any finished part of the Work, which has specifically been identified in the

CONTRACT DOCUMENTS, or which OWNER, ENGINEER and CONTRACTOR agree constitutes a separately functioning and usable part of the Work that can be used by OWNER without significant interference with CONTRACTOR'S performance of the remainder of the Work, may be accomplished prior to Substantial Completion of all the Work subject to the following:

14.10.1. OWNER at any time may request CONTRACTOR in writing to permit OWNER to use any such part of the Work which OWNER believes to be ready for its intended use and substantially complete. If CONTRACTOR agrees, CONTRACTOR will certify to OWNER and ENGINEER that said part of the Work is substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. CONTRACTOR at any time may notify OWNER and ENGINEER in writing that CONTRACTOR considers any such part of the Work ready for its intended use and substantially complete and request ENGINEER to issue a certificate of Substantial Completion for that part of the Work. Within a reasonable time after either such request, OWNER, CONTRACTOR and ENGINEER shall make an inspection of that part of the Work to determine its status of completion. If ENGINEER does not consider that part of the Work to be substantially complete, the provisions of paragraphs 14.8 and 14.9 will apply with respect to certification of Substantial Completion of that part of the Work and the division of responsibility in respect thereof and access thereto.

14.10.2 OWNER at any time may request CONTRACTOR in writing to permit OWNER to take over operation of any such part of the Work although it is not substantially complete. A copy of such request will be sent to ENGINEER and within a reasonable time thereafter OWNER, CONTRACTOR and ENGINEER shall make an inspection of that part of the Work to determine its status of completion and will prepare a list of the items remaining to be completed or corrected thereon before final payment. If CONTRACTOR does not object in writing to OWNER and ENGINEER that such part of the Work is not ready for separate operation by OWNER, ENGINEER will finalize the list of items to be completed or corrected and will deliver such list to OWNER and CONTRACTOR together with written recommendation as to the division of responsibilities pending final payment between OWNER and CONTRACTOR with respect to security, operation, safety, maintenance, utilities, insurance, warranties and guarantees for that part of the Work which will become binding upon OWNER and CONTRACTOR at the time when OWNER takes over such operation (unless they shall have otherwise agreed in writing and so informed ENGINEER). During such operation and prior to Substantial Completion of such part of the Work, OWNER shall allow CONTRACTOR reasonable access to complete or correct items on said list and to complete other related Work.

14.10.3 No occupancy or separate operation of part of the Work will be accomplished prior to compliance with the requirements of paragraph 5.15 in respect of property insurance. FINAL INSPECTION:

14.11 Upon written notice from CONTRACTOR that the entire Work or an agreed portion thereof is complete, ENGINEER will make a final inspection with OWNER and CONTRACTOR and will notify CONTRACTOR in writing of all particulars in which this inspection reveals that the Work is incomplete or defective. CONTRACTOR shall immediately take such measures as are necessary to remedy such deficiencies.

FINAL APPLICATION FOR PAYMENT:

14.12 After CONTRACTOR has completed all such corrections to the satisfaction of ENGINEER and delivered all maintenance and operating instructions, schedules, guarantees, Bonds certificates of inspection, marked-up record documents (as provided in paragraph 6.19) and other documents-all as required by the CONTRACT DOCUMENTS, and after ENGINEER has indicated that the Work is acceptable (subject to the provisions of paragraph 14.16), CONTRACTOR may make application for final payment following the procedure for progress payments. The final Application for Payment shall be accompanied by all documentation called for in the CONTRACT DOCUMENTS, together with complete and legally effective releases or waivers (satisfactory to OWNER) of all Liens arising out of or filed in connection with the Work. In lieu thereof and as approved by OWNER, CONTRACTOR may furnish receipts or releases in full; an affidavit of CONTRACTOR that the releases and receipts include all labor, services, material and equipment for which a Lien could be filed, and that all payrolls, material and equipment bills, and other indebtedness connected with the Work for which OWNER or OWNER'S property might in any way be responsible, have been paid or otherwise satisfied; and consent of the surety, if any, to final payment. If any Sub-Contractor or Supplier fails to furnish a release or receipt in full, CONTRACTOR may furnish a Bond or other collateral satisfactory to OWNER to indemnify OWNER against any Lien.

FINAL PAYMENT AND ACCEPTANCE:

If, on the basis of ENGINEER'S observation of the Work during construction and final inspection, and ENGINEER'S review of the final Application for Payment and accompanying documentation, all required by the CONTRACT DOCUMENTS, ENGINEER is satisfied that the Work has been completed and CONTRACTOR'S other obligations under the CONTRACT DOCUMENTS have been fulfilled, ENGINEER will, within ten days after receipt of final Application for Payment, indicate in writing ENGINEER'S recommendation of payment and present the Application to OWNER for payment.

Thereupon ENGINEER will give written notice to OWNER and CONTRACTOR that the Work is acceptable subject to the provisions of paragraph 14.16. otherwise, the ENGINEER will return the Application to CONTRACTOR, indicating in writing the reasons for refusing to recommend final payment, in which case CONTRACTOR shall make the necessary corrections and re-submit the Application. Thirty days after presentation to OWNER of the Application and accompanying documentation, in appropriate form and substance, and with ENGINEER'S recommendation and notice of acceptability the amount recommended by ENGINEER will become due and will be paid by OWNER to CONTRACTOR.

14.14 If, through no fault of CONTRACTOR, final completion of the Work is significantly delayed and if ENGINEER so confirms, OWNER shall, upon receipt of CONTRACTOR'S final Application for payment and recommendation of ENGINEER, and without terminating the Agreement, make payment of the balance due for that portion of the Work fully completed and accepted. If the remaining balance to be held by OWNER for Work not fully completed or corrected is less than the retainage stipulated in the Agreement, and if bonds have been furnished as required in paragraph 5.1, the written consent of the surety to the payment of the balance due for that portion of the Work fully completed and accepted shall be submitted by CONTRACTOR to ENGINEER with the Application for such payment. Such payment shall be made under the terms and conditions governing final payment, except that it shall not constitute

a waiver of claims.

CONTRACTOR'S CONTINUING OBLIGATION:

14.15. CONTRACTOR'S obligation to perform and complete the Work in accordance with the CONTRACT DOCUMENTS shall be absolute. Neither recommendation of any progress or final payment by ENGINEER, nor the issuance of a certificate of Substantial Completion, nor any payment by OWNER to CONTRACTOR under the CONTRACT DOCUMENTS, nor any use or occupancy of the Work or any part thereof by OWNER, nor any act of acceptance by OWNER nor any failure to do so, nor any review and approval of a Shop Drawing or sample submission, nor the issuance of a notice of acceptability by ENGINEER pursuant to paragraph 14.13, nor any correction of defective Work by OWNER will constitute an acceptance of Work not in accordance with the CONTRACT DOCUMENTS or release of CONTRACTOR'S obligation to perform the Work in accordance with the CONTRACT DOCUMENTS.

WAIVER OF CLAIMS:

14.16. The making and acceptance of final payment will constitute:

14.16.1 A waiver of all claims by OWNER against CONTRACTOR, except claims arising from unsettled Liens, from defective Work appearing after final inspection pursuant to paragraph 14.11 or from failure to comply with the CONTRACT DOCUMENTS or the terms of any special guarantees specified therein; however it will constitute a waiver by OWNER of any rights in respect of CONTRACTOR'S continuing obligations under the CONTRACT DOCUMENTS; and

14.16.2 A waiver of all claims by CONTRACTOR against OWNER other than those previously made in writing and still unsettled.

ARTICLE 15- SUSPENSION OF WORK AND TERMINATION OWNER MAY SUSPEND WORK:
15.1 OWNER may at any time and without cause, suspend the Work or any portion thereof for a period of not more than ninety days by notice in writing to CONTRACTOR and ENGINEER which will fix the date on which Work will be resumed. CONTRACTOR shall resume Work on the date so fixed. CONTRACTOR shall be allowed an increase in the Contract Price or an extension of the Contract Time, or both, directly attributable to any suspension if CONTRACTOR makes an approved claim therefore as provided in Articles 11 and 12.

OWNER MAY TERMINATE:

15.2 Upon the occurrence of any one or more of the following events:

15.2.1. If CONTRACTOR commences a voluntary case under any chapter of the Bankruptcy Code as now or hereafter in effect at the time of filling, or if a petition is filed seeking any such equivalent or similar relief against CONTRACTOR under any other Federal or State law in effect at the time relating to bankruptcy or insolvency;

15.2.2. If a petition is filed against CONTRACTOR under any chapter of the Bankruptcy Code as now or hereafter in effect at the time of filing, or if a petition is filed seeking any such equivalent or similar relief against CONTRACTOR under any other Federal or State law in effect at the time relating to bankruptcy or insolvency;

15.2.3. If CONTRACTOR makes a general assignment for the benefit of creditors;

15.2.4. If a trustee, receiver, custodian or agent of CONTRACTOR is appointed under applicable law or under contract, whose appointment or authority to take charge of property of CONTRACTOR is for the purpose or enforcing a Lien against such property or for the purpose of general administration of such property for the benefit of CONTRACTOR'S creditors;

15.2.5. If CONTRACTOR admits in writing as inability to pay its debts generally as they become due;

15.2.6. If CONTRACTOR persistently fails to perform the work in accordance with the CONTRACT DOCUMENTS (including, but not limited to, failure to supply sufficient skilled workers or suitable materials or equipment of failure to supply sufficient skilled workers or suitable materials or equipment of failure to adhere to the progress schedule established under
paragraph 2.9 as revised from time to time);

15.2.7. If CONTRACTOR disregards Law or Regulations of any public body having jurisdiction;

15.2.8. If CONTRACTOR disregards the authority of ENGINEER; or

15.2.9. If CONTRACTOR otherwise violates in any substantial way any provisions of the CONTRACT DOCUMENTS; OWNER (and the surety, if there be one) seven days written the extent notice and to permitted by Laws and Regulations, terminate the CONTRACTOR, exclude CONTRACTOR from the site and take possession of the Work and of all CONTRACTOR'S tools, appliances, construction equipment and machinery at the site and use the same to the full extent they could be used by CONTRACTOR (without liability to CONTRACTOR for trespass or conversion) incorporated in the Work all materials and equipment stored elsewhere and finish the Work as Owner may deem expedient. In such case CONTRACTOR shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Price exceeds the direct, indirect and consequential costs of completing the Work (including but not limited to fees and charges of engineers, architects, attorneys and other professionals and court and arbitration costs), such excess will be paid to CONTRACTOR. If such costs exceed such unpaid balance, CONTRACTOR shall pay the difference to OWNER. Such costs incurred by OWNER will be approved as to reasonableness by ENGINEER and incorporated in a Change Order, but when exercising any rights to remedies under this paragraph OWNER shall not be required to obtain the lowest price for the Work performed.

15.3 Where CONTRACTOR'S services have been so terminated by OWNER, the termination will not affect any rights or remedies of OWNER against CONTRACTOR then existing or which may thereafter occur. Any retention or payment of moneys due CONTRACTOR by OWNER will not release CONTRACTOR from liability.

15.4. Upon seven days' written notice to CONTRACTOR and ENGINEER, OWNER may, without cause and without prejudice to any other right or remedy, elect to abandon the Work and terminate the Agreement. In such case, CONTRACTOR shall be paid for all Work executed and any expense sustained plus reasonable termination expense, which will include, but not be limited to, direct, indirect and consequential costs (including, but not limited to, fees and charges of engineers, architects, attorneys and other professionals and court and arbitration costs.

CONTRACTOR MAY STOP WORK OR TERMINATE:

15.5. If, through no act or fault of CONTRACTOR, the Work is suspended for a period or more than ninety days by OWNER or under an order of court or other public authority, or ENGINEER fails to act on any Application for Payment within thirty days after it is submitted,
or OWNER fails for thirty days to pay CONTRACTOR any sum finally determined to be due, then CONTRACTOR may, upon seven days written notice to OWNER and ENGINEER, terminate the Agreement and recover from OWNER payment for all Work executed and any expense sustained plus reasonable termination expenses. In addition and in lieu of terminating the Agreement, if ENGINEER has failed to act on an Application for Payment or OWNER has failed to make any payment as aforesaid, CONTRACTOR may upon seven days' written notice to OWNER and ENGINEER stop the Work until payment of all amounts then due. The provisions of this paragraph shall not relieve CONTRACTOR of the obligations under paragraph 6.29 to carry on the Work in accordance with the progress schedule and without delay during disputes and disagreements with OWNER.

Deleted

ARTICLE 17 - MISCELLANEOUS GIVING NOTICE:
17.1 Whenever any provision of the CONTRACT DOCUMENTS requires the giving of written notice, it will be deemed to have been validly given if delivered in person to the individual or to a member of the firm or to an officer of the corporation for whom it is intended, or if delivered at or sent by registered or certified mail, postage prepaid, to the last business address know to the giver of the notice.

17.2.1. When any period of time is referred to in the CONTRACT DOCUMENTS by days, it will be computed to exclude the first and include the last day of such period. If the last day of any such period falls on a Saturday or on a day made a legal holiday by the law of the applicable jurisdiction, such day will be omitted from the computation.

17.2.2. A calendar day of twenty-four hours measured from midnight to the next midnight shall constitute a day.

GENERAL:

17.3. Should OWNER or CONTRACTOR suffer injury or damage to person or property because of any error, omission or act of the other party or of any of the other party's employees or agents or others for whose acts the other party is legally liable, claim will be made in writing to the other party within a

reasonable time of the first observance of such injury or damage. The provision of this paragraph 17.3 shall not be construed as a substitute for or a waiver of the provisions of any applicable statute of limitations or repose.

17.4. The duties and obligations imposed by these General Conditions and the rights and remedies available hereunder to the parties hereto, and, in particular but without limitation, the warranties, guarantees and obligation imposed upon CONTRACTOR by paragraphs 6.30, 13.1, 13.12, 13.14, 14.3 and 15.2 and all of the rights and remedies available to OWNER and ENGINEER thereunder, are in addition to, and are not to be construed in any way as a limitation of, any rights and remedies available to any or all of them which are otherwise imposed or available by Laws and Regulations, by special warranty or guarantee or by other provisions of the CONTRACT DOCUMENTS, and the provisions of this paragraph will be as effective as if repeated specifically in the CONTRACT DOCUMENTS in connection with each particular duty, obligation, right and remedy to which they apply. All representations, warranties and guarantees made in the CONTRACT DOCUMENTS will survive final payment and termination or completion of the Agreement.

17.5 STANDARD WORK HOURS: The standard work hours for the OWNER is 8:00 am to 5:00 pm, Monday through Friday. Should the Contractor elect to work on Saturday, Sundays or holidays, he shall be responsible for paying overtime charges for the OWNERS personnel involved. These charges will be at cost and will be calculated either at time and a half or double time, as applicable to the particular day being worked. Pre-approval shall be obtained from the Engineer or Engineer's representative by completing and signing a OWNER'S Form entitled "CONSTRUCTION INSPECTORS OVERTIME COMPENSATION AUTHORIZATION", prior to commencing any overtime work.

Any work done outside the standard workday, without prior authorization, shall be considered under unauthorized work. The Contractor is required to pay the overtime wages of the OWNER Inspectors that work overtime Mondays through Fridays at time in a half. The Contractor is responsible for the overtime wages of the ONWER inspectors that work Holidays at double time. Minimum hours will be billed to contractor for callouts or for insufficient notice of two (2) hours.

17.6 INDEMNIFICATION

TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAWS AND REGULATIONS, CONTRACTOR SHALL INDEMNIFY AND HOLD HARMLESS OWNER, ENGINEER, ENGINEER'S SUBCONSULTANTS AND THE OFFICERS, DIRECTORS, EMPLOYEES, AGENTS, AND OTHER CONSULTANTS OF EACH AND ANY OF THEM FROM AND AGAINST ALL CLAIMS, COSTS, LOSSES, AND DAMAGES (INCLUDING BUT NOT LIMITED TO ALL FEES AND CHARGES OR ENGINEERS, ARCHITECTS, ATTORNEYS, AND OTHER PROFESSIONALS AND ALL COURT OR ARBITRATION OR OTHER DISPUTE RESOLUTION COSTS) CAUSED BY, ARISING OUT OF, OR RESULTING FROM, THE PERFORMANCE OF THE WORK, PROVIDED THAT ANY SUCH CLAIM, COST, LOSS OR DAMAGE: (i) IS ATTRIBUTABLE TO BODILY INJURY, SICKNESS, DISEASE, OR DEATH, OR TO INJURY TO OR DESTRUCTION OF TANGIBLE PROPERTY (OTHER THAN THE WORK ITSELF), INCLUDING THE LOSS OF USE RESULTING THEREFROM, AND
(ii) IS CAUSED IN WHOLE OR IN PART BY ANY NEGLIGENT ACT OR OMISSION OF CONTRACTOR, ANY SUBCONTRACTOR, ANY SUPPLIER, ANY PERSON, OR

ORGANIZATION DIRECTLY OR INDIRECTLY EMPLOYED BY ANY OF THEM TO PERFORM OR FURNISH ANY OF THE WORK, OR ANYONE FOR WHOSE ACTS ANY OF THEM MAY BE LIABLE, REGARDLESS OF WHETHER OR NOT CAUSED IN PART BY ANY NEGLIGENCE OR OMISSION OF A PERSON OR ENTITY INDEMNIFIED HEREUNDER OR WHETHER LIABILITY IS IMPOSED UPON SUCH INDEMNIFIED PARTY BY LAWS AND REGULATIONS REGARDLESS OF THE NEGLIGENCE OF ANY SUCH PERSON OR ENTITY. CLAIMS, COSTS, LOSSES, DAMAGES, SUITS AND CAUSES OF ACTION, AND ANY AND ALL LIABILITY, COSTS, EXPENSES, SETTLEMENTS, DAMAGES, AND JUDGEMENTS INCURRED IN CONNECTION THEREWITH (INCLUDING BUT NOT LIMITED TO ALL FEES AND CHARGES OF ENGINEERS, ARCHITECTS, ATTORNEYS, AND OTHER PROFESSIONALS, AND ALL COURT OR ARBITRATION OR OTHER DISPUTES RESOLUTION COSTS) WHETHER ARISING IN EQUITY, AT COMMON LAW, OR BY STATUTE, INCLUDING THE TEXAS DECEPTIVE TRADE PRACTICES ACTOR SIMILAR STATUTE OF OTHER JURISDICTIONS, OR UNDER THE LAW OF CONTRACTS, TORTS (INCLUDING WITHOUT LIMITATION, NEGLIGENCE AND STRICT LIABILITY WITHOUT REGARD TO FAULT) OR PROPERTY, OF EVERY KIND OR CHARACTER… (iii) IS CAUSED IN WHOLE OR IN PART BY ANY NEGLIGENT ACT OR OMISSION, OTHER FAULT, BREACH OF CONTRACT OR WARRANTY, VIOLATION OF THE TEXAS DECEPTIVE TRADE PRACTICES ACT, OR STRICT LIABILITY WITHOUT REGARD TO FAULT OF CONTRACTOR…. REGARDLESS OF WHETHER OR NOT CAUSED IN PART BY ANY NEGLIGENCE OR OMISSION, OTHER FAULT, BREACH OF CONTRACT OR WARRANTY, VIOLATION OF THE TEXAS DECEPTIVE TRADE PRACTICES ACT, OR STRICT LIABILITY WITHOUT REGARD TO FAULT OF A PERSON OR ENTITY INDEMNIFIED HEREUNDER…. CONTRACTOR'S OBLIGATIONS OF INDEMNIFICATION UNDER THIS PARAGRAPH 6.20.1 SHALL NOT BE LIMITED BY THE AMOUNT OF ANY INSURANCE.

VIDEOTAPING: The Contractor shall videotape the entire job site, including access to the job site, prior to commencing work. A copy of the videotape shall be provided to the City at the Pre-Construction Conference. The videotape will be held for historical purposes and for resolving complaints/claims from affected property owners. Failure to provide such a tape shall render the contractor liable for claims. Acceptable format is standard VHS tape. Beta format is not acceptable.

Monthly videotaping by the contractor during construction is recommended to protect the contractor's interest against claims and as a basis for extras.

"EXHIBIT J"

SPECIAL CONDITIONS

1. COMPLETION TIME AND LIQUIDATED DAMAGES

The project as indicated in the Plans and Specifications shall be completed within the number of consecutive calendar days stated in the Contract beginning the date of the notice to commence work. Contractors shall submit a monthly request for time extensions, and such requests shall include justification in conformance with the Contract. The time set forth in the Proposal for the completion of the work is an essential element of the contract. The Contractor and Owner understand and agree that a breach of this Contract as to completion on time will cause damage to the Owner. The parties agree that for each and every calendar day the work or an portion thereof shall remain uncompleted after the expiration of the time limits, the amount per day given in the following schedule will be deducted from the money due or to become due the Contractor, not as penalty, but as liquidated damages and added expense of engineering and overhead.

The Contractor shall within the (10) days from the beginning of any delay notify the Engineer, in writing, of the causes of delay. The Engineer shall ascertain the facts, and the extent of delay and his findings of the facts thereon shall be final and conclusive.

2. CONTRACT DRAWINGS

The Contractor will be furnished three (3) complete sets of drawings by the Engineer for use during construction of the project. Only Plans and Specifications marked "Approved for Construction" and bearing signature of the Engineer on said mark shall be used as construction drawings. Any additional set of construction plans can be provided to contractor upon payment of $100.00.

3. DISPOSAL OF RUBBISH

It shall be the responsibility of the Contractor to dispose of all rubbish, brush, fencing, trees or other objectionable materials by burning, removal form the site or whatever means necessary to effect such disposal.

4. UTILITY SERVICES FOR CONSTRUCTION

Contractor will be responsible for furnishing water or any other utility services required for construction of project.

5. TESTING, INSPECTION AND CONTROL

Testing and inspection of materials required by these specifications shall be by a commercial testing laboratory. The laboratory shall be selected by the Owner and laboratory services and field testing

required by the Technical Specifications for control of work, such as testing of concrete cylinders made on the job shall be paid for by the Contractor. Additional laboratory services as dictated below shall be paid for y the Contractor:

A. The cost of laboratory services required to establish mix design for Portland Cement Concrete and Asphaltic concrete mixture, testing of aggregates, fixing gradations, the preparations and testing of design cylinders or specimens and other such services required to establish mix design, or to redesign the mix when required due to change in source of materials.

B. The Contractor shall furnish all materials and test specifications for testing as selected by the Testing Agency.

C. Mills test will be required for reinforcing steel, and cement, and mill certificates will be acceptable when it is definite that the test sheets apply to the material being supplied.

D. Any tests or inspections performed exclusively for the Contractor's convenience and for retests caused by initial nonconformance of the materials with the Contract Documents.

The testing mentioned in this section will be performed at a frequency required by the specification or at a frequency determined by the Engineer or the Engineer's representative. The Engineer shall require sufficient testing to ensure that the requirements of the specifications are met by the Contractor.

6. LICENSE, FEES AND PERMITS

It shall be the Contractor's responsibility to make necessary applications and obtain all permits required by all agencies, including, but not limited to, the City, County, State, and Federal government for this project.

7. TRAFFIC

It shall be the responsibility of the Contractor to provide for the safety and convenience of traffic so as to comply with all existing traffic regulations and ordinances as may apply.

8. UNDERGROUND OBSTACLES

Pipelines and other existing underground installations and structures in the vicinity of the work are shown on the drawings according o the best information available to the Owner. The Owner does not guarantee the accuracy of such information. The Contractor shall make every effort to locate all underground pipelines, conduits and structures by contacting owners of underground utilities an by prospecting in advance of trench excavation. The repair of existing utilities cut by the Contractor shall be made at the expense of the Contractor, and shall be scheduled so as to cause the least possible inconvenience to the public. Any delay or extra cost to the Contractor caused by pipelines or other underground structures or obstructions not shown by the Plans, or found in location of different from

those indicated, shall not constitute a claim for extra work, additional payment or damages.

9. RECORD DRAWINGS

Upon completion of the project and before final payment is made to the Contractor, the Contractor shall deliver one (1) complete set of record drawings and said drawings shall be neat, accurate and orderly and produced to the satisfaction of the Engineer.

10. OTHER CONTRACTS

Other contracts may be underway concurrently in this area. Contractor shall afford other contractors and utility companies reasonable opportunity for the introduction and storage of their materials and the execution of their work and shall properly connect and coordinate his work with theirs.

11. MATERIALS AND WORKSHIP

When materials are specified by a trade or brand name, it is not the intention of the Owner to discriminate against an equal product of another manufacturer, but to set a definite standard of quality or performance and to establish an equal basis for the evaluation of bids.

12. REPAIR TO ROADS

The Contractor shall be responsible for repairing any damage to City or County Roads and road owned by the Owner which are used by the Contractor in connection with operations under this Contract. Said repair work shall be at the Contractor's expense. Any debris, mud and related sources caused by contractor will need to be hauled off and cleaned.

13. PUBLIC UTILITIES

A. All poles, wires, cables, conduits, pipelines, or other structures within the work area, belonging to municipalities or public utility corporations, shall be protected by the Contractor.
B. The Contractor will conduct the work along any section of this project which is crossed by, or adjacent to, a public utility such as high lines, sewer lines, etc., in a manner so that no damages result to these utilities. The Contractor will be held solely responsible for damages to such utilities as a result of careless or negligent operations.

14. PRE-CONSTRUCTION CONFERENCE

Upon award of a Contract to the successful bidder, the Contractor shall meet with the Engineer at a designated location and at a time set by the Engineer. A schedule of procedure for a sequence of construction shall be agreed upon at this conference.

15. LINES AND GRADES

Special attention is directed to Part 2, Paragraph 2.6, Page GC-5, of the General Conditions of Agreement. Special care should be taken by the Contractor to avoid disturbance of Engineer's horizontal and vertical control points. The protection of construction stakes (horizontal and vertical control points), is the Contractor's responsibility and re-staking or re-establishment of these points or stakes will be done by the Engineer at the Contractor's expense. Survey Party time for re-staking will be charged at hourly rates in accordance with the Engineer's schedule of hourly rates which is in effect at the time of the re-staking. (Refer to SG5 Notification)

16. STAKING FOR CONSTRUCTION General

The staking services that the Engineer will furnish and the responsibility of the Contractor respecting the uses of and maintenance of all stakes is outlined under this section. (Refer to Notification section on this document)

No stakes will be furnished until the right-of-way or easements are acceptable condition other than clearing stakes.

Notification

The Contractor shall notify the Engineer, in writing, at least three (3) full working days in advance of the date when specific staking services are desired, giving the specific location and/or limiting stations. The Contractor shall notify the Engineer five (5) days prior to start-up so as to allow the Engineer to set his control. The Engineer shall be notified of any change of sequence which is established at pre-construction conferences. Construction stakeout is the Contractor's responsibility. (non-pay item).

Control Stakes

Stakes which constitute reference points for all construction work will be conspicuously marked with flagging tape in accordance with the code in these Specifications. It will be the responsibility of the Contractor to inform his employees and his subcontractors of their importance, and the necessity for their preservation. The cost of replacing such controls, should it become necessary for any reason whatsoever, shall be at the Contractor's expense. If the removal of a control stake is required by the construction operations of the Contractor or his subcontractors, advance notice in writing, of at least three (3) full working days shall be given to the Engineer, who will reference and remove said stake or stakes at no cost to the Contractor.

The Contractor shall employ competent grade setters to control the grading operations from the information provided on the reference stakes.

No additional stakes will be furnished, except as requested in writing by the Contractor and paid for by him. This applies to all re-staking for whatever reason, as well as for additional staking which the Contractor may request. Charges for the additional staking will be deducted from next progress payment that is issued to the Owner by the Engineer.

17. INSURANCE REQUIREMENTS

The Contractor, at his expense, shall take out and keep in force throughout the term of this Contract, the following insurance coverage in the amounts specified below to cover all of his operations in connection with the work to be performed under the Technical Specifications. The insurance certificates shall be submitted to the Owner for acceptance prior to move-in and beginning work

MINIMUM INSURANCE REQUIRMENTS

INSURANCE TYPE
Workman's Compensation General Liability
Comprehensive Form
Premises-Operations Products/Completed Operations Hazard Contractual Insurance Independent Contractors Personal Injury

Automobile Liability Comprehensive Owned
Hired
Non-owned

Excess Liability

$500,000/Occurance Property Damage
$100,000/Occurance
$300,00/Aggregate Personal Injury
$500,000

Bodily Injury
$300,000/Person
$500,000/Occurance Property Damage
$300,000/Occurance

$100,000

The remaining term of all policies shall extend at least to the least to the completion date of this Contract; if the expiration date shall occur prior to final completion of all operations hereunder, Contractor shall, not less than fifteen (15) days prior to expiration date, furnish evidence of renewal of

or extension of such insurance. All such evidence of insurance shall provide for ten (10) days prior notice to be given to Owner in the event of cancellations.

The Contractor agrees to indemnify and to hold the Owner and the Engineer harmless from and against any and all damages, claims, demands, suits, judgments and costs including attorney's fees and expenses for or on account of damage to property of any person, firm corporation, or Government agency, or death of or injury to any person or persons (including property and employees of the Owner, the Contractor, and employees of the Contractor) directly or indirectly arising out of, or caused by or in connection with the performance of or failure to perform any work provided for hereunder by the Contractor, his subcontractors, or their or the Contractor's agents, servants, or employees.
The Contractor will be held accountable for all insurance coverage's including those of sub- contractors, and provide that all the above mentioned policies will be with insurance carriers.

18. UNBALINCING OF BIDS AND USAGE OF SPECIAL ITEMS

The Contractor's attention is directed to the fact that unbalancing of unit bid prices for any reason shall be considered justification for rejection of the bid. The Contractor may not decrease these bid prices, however, he may increase the bid prices as he may see fit. In instances where subsurface seepage of water above trench bottom requires the drying up of trench bottom, the use of washed gravelor shell in trench bottom will be permitted.

19. ARBITRATION

Arbitration under this agreement shall be subject to the provisions of the Texas General Arbitration Act, Articles 224 to 238-6, V.A.C.S. To any extend that the provisions of Section 16 of the General Conditions are in conflict with or inconsistent with any provision of such Act, the provisions of such Act shall control. Both the Owner and Contractor shall concur on Arbitration as a method of settling any particular dispute.

20. PARTIAL PAYMENTS

Article 14.2 APPLICATION FOR PROGRESS PAYMENT (Standard General Conditions of the Construction Contract) is hereby supplemented with the following:
On or before the last Monday of each month, the CONTRACTOR shall prepare and submit to the Engineer for approval or modification a statement showing as completely as practicable the total value of the work done by the Contractor up to and including the last day of the preceding month; said statement shall also include the value of all sound materials delivered on the site of the work that are to be fabricated into the work.
The OWNER shall then pay the CONTRACTOR on or before the 2nd Monday of the following month the total amount of the approved statement, less 10 percent of the amount thereof, which 10 percent shall be retained until final payment, and further less all previous payments and all further sums that may be retained by the OWNER under the terms of this Agreement. It is understood, however, that in case the whole work be near the completion and some unexpected and unusual delay occurs due to not fault or neglect on the part of the CONTRACTOR, the OWNER may-upon written recommendation of the ENGINEER- pay a reasonable and equitable portion of the retained percentage to the CONTRACTOR, or the CONTRACTOR at the OWNER'S option, may be relieved of the obligation to fully complete the work and, thereupon, the CONTRACTOR shall receive payment of the balance due him under the contract subject only to the conditions stated under "Final Payment".

SAFETY RECORD QUESTIONNAIRE
(Must be submitted with bid form)

The City may at its discretion disqualify any bidder which has had final orders entered by the Occupational Safety and Health Review Commission (OSHRC) against the bidder, or any firm or individual acting on its behalf, for serious violations of OSHA regulations within the past three years; and/or which has been, or has had any firm or individual acting on its behalf, convicted of a criminal offense within the past ten years which resulted in serious bodily injury or death.

QUESTION ONE

Has the bidder, or any firm or individual acting on behalf of the bidder, received citations for violations of OSHA within the past three years?

YES _____ NO _____

If the bidder has indicated YES for question number one above, the bidder shall provide to the Owner, with its bid submission, complete information regarding the date of citation, location of establishment inspected, category of citation, final disposition of citation, and penalty assessed.

QUESTION TWO

Has the bidder, or any firm or individual acting on behalf of the bidder, ever been convicted of a criminal offense which resulted in serious bodily injury or death?

YES _____ NO _____

If the bidder has indicated YES for question number two above, the bidder shall provide to the Owner, with its bid submission, complete information regarding the date of offense, County where offense occurred, type of offense, final disposition of offense, and penalty assessed.

I certify that I have made no willful misrepresentations in this Questionnaire, nor have I withheld information in my statements and answers to questions. I am aware that the information given by me in this questionnaire will be investigated, with my full permission, and that any misrepresentations or omissions may cause my bid to be rejected.

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1034 E Levee Street, City Plaza, 1st Floor, Brownsville, TX 78520
Email: City.Secretary@brownsvilletx.gov
Phone: (956) 548-6042

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

_____

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print, sign, and notarize the TEC Form 1295 and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed and notarized in accordance with TEC requirements.

PROCUREMENT ANALYSIS

Date: Monday, August 17, 2026
To: Mr. John Cowen Jr., City Mayor
From: Mr. Alan Guard, Interim City Manager
CC: Mr. Damian Espinoza, Procurement Director
Maribel Bermudez Guerrero, Director of Engineering and Public Works

Agenda Title:
Agenda Item for the City Commission meeting of Tuesday, September 1, 2026.
"Consideration and Action to Authorize a Contract with RM Walsdorf Inc. in the amount of $104,911.70 for Contract No. 246-26-EPW-IFB, for a term of 60 consecutive calendar days. (Engineering and Public Works Department)."

Executive Summary:

- Department: Engineering and Public Works Department
- Procurement Method: IFB – Invitation For Bids
- Submittals Received: Nine (9)
- Contract Number: 246-26-EPW-IFB
- Vendor: RM Walsdorf Inc..
- Contract Amount: $104,911.70
- Term: 60 consecutive calendar days

Background:
The Engineering and Public Works Department identified the need for drainage improvements along Stillman Road to address water ponding and improve stormwater conveyance. The Abilene Trail Storm Sewer Improvements project includes the construction of drainage improvements, including a new culvert crossing and associated stormwater infrastructure

Procurement Process:
The Procurement Department issued an Invitation for Bid (IFB) in compliance with the Texas Local Government Code. The solicitation was advertised in the local newspaper and posted on the City's electronic bidding platform. Nine (9) bids were received.

This procurement is governed by the following statute:

- **IFB (Competitive Sealed Bidding): Texas Local Government Code Chapter 252, Subchapter C – Competitive Sealed Bidding (§252.041).**

Results
For IFB: "[Vendor A] submitted the lowest responsive and responsible bid at $XXX (see Exhibit A – Bid Tab)."

For RFP/RFQ: "[Vendor A] ranked first with XX points, followed by [Vendor B] with XX points (see Exhibit A – Evaluation Results)."

Example 1 — IFB (Lowest Bid Wins)

Results:
A total of nine (9) bids were received. Following review of the bids for responsiveness, responsibility, minimum qualifications, and technical requirements, RM Walsdorf Inc. was determined to be the lowest responsive and responsible bidder eligible for award, with a total bid of $104,911.70. The bid tabulation is provided as Exhibit A.

Vendor Information:
RM Walsdorf Inc.
P.O. Box 577, Los Fresnos, Texas 78566
Point of Contact: Kimberly Walsdorf, President
Phone: (956) 233-2420
Email: kim@rmwalsdorf.com

Exhibits & Supporting Documents:
- Exhibit A – Bid Tab (lowest responsive/responsible bidder).
- Exhibit B – Ambiotec Letter of Recommendation
- Exhibit C – Form 2 - Statement of Conflict of Interest
- Exhibit D – Form 3 - Texas Ethics Commission Certificate of Interested Parties (1295)

Recommendation:
The Procurement Department recommends that the City Commission authorize a contract with RM Walsdorf Inc. under Invitation for Bid (IFB) No. 246-26-EPW-IFB, in a total amount not to exceed $104,911.70, for a term of sixty (60) consecutive calendar days.

"EXHIBIT A"

AMBIOTEC GROUP

Civil and Environmental Engineers, Scientists and Construction Managers
Firm No. F-4126
TBPLS No. 100053000

August 7, 2026

Mr. Carlos Lastra, P.E.
Deputy Director/City Engineer
City of Brownsville Engineering Department
404 E. Washington St, Brownsville, TX 78520

REF: Project No. 3871 - City of Brownsville Abilene Trail Storm Sewer Improvements 246-26-EPW-IFB

Dear Mr. Lastra:

The bids received for the Abilene Trail Road Drainage Improvements project, including the bid proposals, addenda, and bidder references, have been reviewed. Based on our review, concerns have been identified regarding the apparent low bidder, AJ3 Construction LLC, and the second-lowest bidder, Saenz Utility Contractors, LLC.

AJ3 Construction LLC – Apparent Low Bidder

AJ3 Construction LLC submitted the apparent low bid. However, the references provided do not demonstrate experience comparable to the scope and complexity of this project. The referenced work primarily includes approximately 4,000 LF of chain-link fencing and relatively small drainage improvements and does not demonstrate experience with large-diameter reinforced concrete pipe (RCP) or drainage improvements of a comparable size and scope.

Based on the references provided, we do not believe AJ3 Construction LLC has demonstrated experience comparable to the requirements of the Abilene Trail Road Drainage Improvements project.

Saenz Utility Contractors, LLC – Second-Lowest Bidder

Saenz Utility Contractors, LLC submitted the second-lowest bid. The current Bid Schedule, as incorporated through Addendum No. 2, contains 18 items, while Saenz submitted a Bid Schedule containing only 15 items and did not include the three additional items required by Addendum No. 2. As a result, their submitted bid is incomplete.

RM Walsdorf, Inc. – Third-Lowest Bidder

The third low bidder submitted a bid of $104,911.70. RM Walsdorf, Inc. has extensive experience similar to the scope of this project. We hereby recommend that the City of Brownsville award the project to "RM Walsdorf, Inc."

Sincerely,

Vicente Mendez, P.E., R.P.L.S.
Principal Engineer

August 7, 2026

Mr. Alan Cuevas
Ambiotec Group, Inc.
5420 Paredes Line Road
Brownsville, Texas 78526

Reference: Bid No. 246-26-EPW-IFB – Traffic Signals Improvements Project

Dear Mr. Cuevas:

The City of Brownsville Procurement Department reviewed Ambiotec Group, Inc.'s August 6, 2026 assessment, the bid tabulation, the applicable solicitation requirements, AJ3 Construction LLC's submitted references, the supplemental project information, and the reference-check information received. Based on that record, the City concurs with Ambiotec's concern that AJ3 has not demonstrated the minimum experience required to be considered a responsible bidder.

Section 2.2 of the IFB requires at least three references from projects of similar size and scope completed within the past five years, and Section 4.3 permits a non-responsibility determination when a bidder cannot provide valid references demonstrating capability to perform the work. AJ3's Form 8 identifies one street and drainage project, one chain-link fence project, and one asphalt project. The supplemental information identifies one additional completed drainage project with a substantially smaller contract value and one drainage project that remains in progress. The materials reviewed therefore do not establish three completed, comparable projects demonstrating experience with the principal elements of this work, including 36-inch reinforced concrete pipe, headwalls, excavation, drainage regrading, pavement restoration, and utility coordination.

The City also concurs that Saenz Utility Contractors, LLC cannot be recommended for award because its bid used the superseded 15-item bid schedule and omitted the three items incorporated through Addendum No. 2. Those omissions affect the scope and price offered and are material to a common comparison of bids.

Accordingly, RM Walsdorf Inc. satisfies all remaining responsiveness and responsibility requirements, availability and appropriation of sufficient funds, and approval by the authorized City body, the Procurement Department concurs with proceeding to RM Walsdorf Inc. as the apparent lowest responsive and responsible bidder at $104,911.70.

For any inquiries or additional details, please feel free to reach out. Your prompt attention to this matter is appreciated.

Sincerely,

Damian Espinoza
City of Brownsville - Procurement Director

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1034 E Levee Street, City Plaza, 1st Floor, Brownsville, TX 78520
Email: City.Secretary@brownsvilletx.gov
Phone: (956) 548-6042

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY

Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

_____

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print, sign, and notarize the TEC Form 1295 and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed and notarized in accordance with TEC requirements.

PROCUREMENT ANALYSIS

Date: Thursday, August 13, 2026
To: Mr. John Cowen Jr., City Mayor
From: Mr. Alan Guard, Interim City Manager
CC: Mr. Damian Espinoza, Procurement Director
Faisal Khalifa, Interim Airport Director

Agenda Title:
Agenda Item for the City Commission meeting of Tuesday, September 1, 2026.
"Consideration and Action to Authorize a Professional Services Agreement with Oscar Alvarado in an Amount Not to Exceed $250,000.00 for the Signature Public Art Monument for the Brownsville South Padre Island International Airport."

Executive Summary:

- Department: Airport Department
- Exemption Type: Professional Exemption
- Contract Number: 340-26-AIR-PX
- Vendor: Oscar Alvarado
- Contract Amount: Not to Exceed $250,000.00
- Term: Twelve (12) Months or Until Completion of All Services

Background:
The Brownsville South Padre Island International Airport is commissioning a signature public art monument to serve as a gateway landmark at the entrance to the Airport. The artwork is intended to reflect the identity, culture, history, innovation, and character of the Brownsville community while enhancing the visual appeal of the Airport and welcoming residents and visitors.

Exemption Justification:
Professional Services Procurement (Gov't Code §2254) – Selection of professional services based on qualifications, not price.

The Airport conducted a Call for Artists to identify and evaluate qualified artists for the design and creation of the Airport Art Monument. Oscar Alvarado was selected based on artistic qualifications, experience, and the proposed concept, making this procurement appropriate under the Professional Services Procurement exemption.

Vendor Information:
Oscar Alvarado
119 Devine St., San Antonio, TX 78210
Point of Contact: Oscar Alvarado

Exhibits & Supporting Documents:

- Exhibit A – Contract Agreement
  - Exhibit F – Form 2 - Statement of Conflict of Interest
  - Exhibit G – Form 3 - Texas Ethics Commission Certificate of Interested Parties (1295)

Recommendation:

The Procurement Department recommends that the City Commission authorize a Professional Services Agreement with Oscar Alvarado in an amount not to exceed $250,000.00 for the design, fabrication, delivery, and installation of a signature public art monument for the Brownsville South Padre Island International Airport.

CITY OF BROWNSVILLE CONTRACT AGREEMENT FOR ART MONUMENT PROFESSIONAL SERVICE AGREEMENT

340-26-AIR-PX

This Agreement shall commence upon the approval of the City Commission and executed by the City of Brownsville's Mayor or designee. This agreement is between The City of Brownsville, Texas, hereinafter referred to as ("CITY") and Oscar Alvarado hereinafter referred to as ("CONTRACTOR"), collectively referred to as "Parties" and individually as "Party".

1. **Documents**
   a. The following documents (collectively, "Contract Documents") are hereby incorporated into and made part of this Agreement.

      i. Scope of Services, Conditions and Additional Services (Exhibit A)
      ii. Term of Agreement (Exhibit B)
      iii. Compensation Structure and Payment Schedule (Exhibit C)
      iv. Insurance (Exhibit D)
      v. Artwork Ownership, Copyright, and Artist Rights (Exhibit E)
      vi. Form 2 - Statement of Conflict of Interest (Exhibit F)
      vii. Form 3 - Texas Ethics Commission Certificate of Interested Parties (1295) (Exhibit G)

2. **Scope of Services**
   a. Contractor shall perform the Services under this agreement upon written request orders by CITY. Unless otherwise specified in a project request, Contractor and CITY agree that the scope of work is deemed to include preliminary considerations and prerequisites, and all tasks which are an integral and inseparable part of the work described in the Contract Documents or by separate written request.
   b. Contractor will perform such Services in a diligent and workmanlike manner consistent with industry standards.
   c. By signing this Agreement, Contractor represents that it has thoroughly reviewed the Contract Documents incorporated into this Agreement, including but not limited to "Exhibit A" Scope of services and that it accepts the description of the Work and the conditions under which the Work is to be performed and completed.

3. **Independent Contractor; Personnel**
   a. Contractor enters into this Agreement as, and shall continue to be, an independent Contractor. All Services shall be performed only by Contractor and Contractor's employees. Under no circumstances shall Contractor, or any of Contractor's employees, look to CITY as his/her employer, or as a partner, agent or principal. Neither Contractor, nor any of Contractor's employees, shall be entitled to any benefits accorded to CITY's employees, including without limitation worker's compensation, disability insurance, vacation or sick pay. Contractor shall be responsible for providing, at Contractor's expense, and in Contractor's name, unemployment, disability, worker's compensation and other insurance, as well as any and all licenses and permits usual or necessary for conducting the Services. Contractor shall be responsible for paying all applicable local, state and federal taxes.
   b. Contractor represents and warrants to CITY that its employees performing Work hereunder will have sufficient expertise, training, licensure (if applicable) and experience to accomplish the Services.

4. **Term of Agreement.**
   a. The initial contract period shall commence upon approval by the City Commission and when executed by the City of Brownsville's Mayor or designee and shall end or be extended upon the terms specified

in Contract Documents "Exhibit B". The term or any continuation of this Agreement shall be subject to both the appropriation and the availability of funds by CITY.

5. Compensation

a. Contractor agrees that compensation for services shall be as specified in the Contract Documents "Exhibit C". It is acknowledged and agreed by Contractor that compensation, as enumerated in Exhibit C constitutes a limitation upon CITY's obligation to compensate Contractor for Contractor's services pursuant and related to this Agreement but it does not constitute a limitation of any sort upon Contractor's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services.

b. Contractor may submit invoices for compensation no more often than monthly, but only after the services for which the invoices are submitted have been completed. An original invoice plus one copy are due within fifteen (15) days of the end of the month except the final invoice which must be received no later than sixty (60) days after this Agreement expires. Invoices shall designate the nature of the services performed and/or the goods provided. Notwithstanding any provision of this Agreement to the contrary, CITY may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or defective work that has not been remedied or resolved in a manner satisfactory to the CITY's Contract Administrator or failure to comply with this Agreement. The amount withheld shall not be subject to payment of interest by CITY.

6. Observation and Review of the Project.

a. The Contractor shall exercise reasonable care and due diligence in discovering and promptly reporting to the City defects or deficiencies in the work of the Contractor or any subContractors or sub-Contractors reasonably observed during regular site visits.

7. Ownership of Documents.

a. All documents prepared or furnished by the Contractor (and Contractor's subContractors or sub-Contractors) pursuant to this Agreement are instruments of service and shall become property of the City upon the termination of this Agreement. The Contractor is entitled to retain copies of all such documents.

8. Insurance

a. The Contractor shall furnish proof of insurance requirements as specified in Contract Documents "Exhibit D". The coverage is to remain in force at all times during the contract period and the minimum insurance coverage is required. The commercial general liability insurance policy shall name the City of Brownsville, Texas, as an "additional insured." This MUST be written in the description section of the insurance certificate, even if there is a check-off box on the insurance certificate. Any costs for adding the City as "additional insured" shall be at the Contractor's expense.

b. The CITY shall be given notice 10 days prior to cancellation or modification of any required insurance. The insurance provided shall be endorsed or amended to comply with this notice requirement. In the event that the insurer is unable to accommodate, it shall be the responsibility of the Contractor to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested and addressed to the Procurement Services Division.

c. The Contractor's insurance must be provided by an A.M. Best's "A-"rated or better insurance company authorized to issue insurance policies in the State of Texas, subject to approval by the City of Brownsville Department of Safety and Risk Management. Any exclusions or provisions in the insurance maintained by the Contractor that excludes coverage for work contemplated in this solicitation shall be deemed unacceptable, and shall be considered breach of contract.

9. Termination

a. *Termination for Cause.* The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. CITY may also terminate this Agreement upon such notice as the City of Brownsville's City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The parties agree that if the CITY erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to CITY's satisfaction; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

b. *Termination for Convenience.* CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this Agreement is terminated for convenience, Contractor shall be paid for any services performed to CITY's satisfaction pursuant to the Agreement through the termination date specified in the written notice of termination. Contractor acknowledges and agrees that he/she/it has received good, valuable and sufficient consideration from CITY, the receipt and adequacy of which are hereby acknowledged by Contractor, for CITY's right to terminate this Agreement for convenience.

c. *Cancellation for Non-appropriated Funds.* CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for non-appropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of CITY for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

d. *Force Majeure.* CITY and Contractor will be excused from the performance of their respective obligations under this agreement when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of transportation, equipment, or service from a public utility needed for their performance, provided that:

   i. The non performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;
   ii. The excuse of performance is of no greater scope and of no longer duration than is reasonably necessary when considered in light of the Force Majeure;
   iii. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure; and
   iv. The non-performing party uses its best efforts to remedy its inability to perform.
   v. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of sixty (60) days, provided that in extenuating circumstances, CITY may excuse performance for a longer term. Economic hardship of the Contractor will not constitute Force

Majeure. The term of the agreement shall be extended by a period equal to that during which either party's performance is suspended under this Section.

10. Materiality and Waiver of Breach.

a. CITY and Contractor agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and that each is, therefore, a material term hereof. CITY's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement

11. Indemnification.

A. CONTRACTOR COVENANTS AND AGREES TO FULLY INDEMNIFY, DEFEND AND HOLD HARMLESS, THE CITY AND THE ELECTED OFFICIALS, EMPLOYEES, OFFICERS, DIRECTORS, VOLUNTEERS AND REPRESENTATIVES OF THE CITY, INDIVIDUALLY AND COLLECTIVELY, FROM AND AGAINST ANY AND ALL COSTS, CLAIMS, LIENS, DAMAGES, LOSSES, EXPENSES, FEES, FINES, PENALTIES, PROCEEDINGS, ACTIONS, DEMANDS, CAUSES OF ACTION, LIABILITY AND SUITS OF ANY KIND AND NATURE, INCLUDING BUT NOT LIMITED TO, PERSONAL OR BODILY INJURY, DEATH AND PROPERTY DAMAGE, MADE UPON THE CITY DIRECTLY OR INDIRECTLY ARISING OUT OF, RESULTING FROM OR RELATED TO CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, INCLUDING ANY ACTS OR OMISSIONS OF CONTRACTOR, ANY AGENT, OFFICER, DIRECTOR, REPRESENTATIVE, EMPLOYEE, CONTRACTOR OR SUBCONTRACTOR OF CONTRACTOR, AND THEIR RESPECTIVE OFFICERS, AGENTS EMPLOYEES, DIRECTORS AND REPRESENTATIVES WHILE IN THE EXERCISE OF THE RIGHTS OR PERFORMANCE OF THE DUTIES UNDER THIS AGREEMENT. THIS INDEMNIFICATION PROVISION IS SPECIFICALLY INTENDED TO OPERATE AND BE EFFECTIVE EVEN IF IT IS ALLEGED OR PROVEN THAT ALL OR SOME OF THE DAMAGES BEING SOUGHT WERE CAUSED, IN WHOLE OR IN PART, BY ANY ACT, OMISSION OR NEGLIGENCE OF THE CITY. THIS INDEMNITY PROVISION IS INTENDED TO INCLUDE, WITHOUT LIMITATION, INDEMNITY FOR COSTS, EXPENSES AND LEGAL FEES INCURRED BY THE CITY IN DEFENDING AGAINST SUCH CLAIMS AND CAUSES OF ACTIONS. IN THE EVENT CONTRACTOR AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

B. THE PROVISIONS OF THIS INDEMNITY ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY. CONTRACTOR SHALL ADVISE THE CITY

IN WRITING WITHIN 24 HOURS OF ANY CLAIM OR DEMAND AGAINST THE CITY OR CONTRACTOR KNOWN TO CONTRACTOR RELATED TO OR ARISING OUT OF CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, AND SHALL SEE TO THE INVESTIGATION AND DEFENSE OF SUCH CLAIM OR DEMAND AT CONTRACTOR'S COST. THE CITY SHALL HAVE THE RIGHT, AT ITS OPTION AND AT ITS OWN EXPENSE, TO PARTICIPATE IN SUCH DEFENSE WITHOUT RELIEVING CONTRACTOR OF ANY OF ITS OBLIGATIONS UNDER THIS PARAGRAPH.

C. This Indemnification provision shall survive termination or expiration of the Agreement.

12. Miscellaneous Provisions.

a. *Successors and Assigns.* All of the provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, if any, successors, and assigns.

b. *Choice of Law.* The laws of the state of Texas shall govern the validity of this Agreement, the construction of its terms and the interpretation of the rights and duties of the parties hereto.

c. *No Waiver of Governmental Immunity.* NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED TO WAIVE CITY'S GOVERNMENTAL IMMUNITY FROM LAWSUIT, WHICH IMMUNITY IS EXPRESSLY RETAINED TO THE EXTENT IT IS NOT CLEARLY AND UNAMBIGUOUSLY WAIVED BY STATE LAW.

d. *Assignment.* Contractor shall not assign any of Contractor's rights under this Agreement or delegate the performance of any of Contractor's duties hereunder, without the prior consent of CITY.

e. *Modification or Amendment.* No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties hereto.

f. *Venue.* This Agreement and any and all matters arising directly or indirectly here from shall be governed by and construed and enforced in accordance with the Laws of the State of Texas, in the Federal and State Courts of Cameron County, Texas having jurisdiction. (b) If at any time there is a dispute between or among the Parties with respect to any matter arising directly or indirectly from this Agreement (an "Agreement Matter"), the Parties agree that, prior to seeking judicial remedy, they will engage in face-to-face negotiations in an attempt to resolve such dispute and shall, upon failing to negotiate a mutually-satisfactory resolution, choose a mutually agreeable neutral third party to mediate such dispute. Mediation shall be non-binding and shall be confidential.

g. *Notices.* Any and all notices, demands, or other communications required or desired to be given hereunder by any party shall be in writing and shall be validly given or made to another party if personally served, or if deposited in the United States mail, certified or registered, postage prepaid, return receipt requested. If such notice or demand is served personally, notice shall be deemed constructively made at the time of such personal service. If such notice, demand or other communication is given by mail, such notice shall be conclusively deemed given five days after deposit thereof in the United States mail addressed to the party to whom such notice, demand or other communication is to be given as follows:

If to Contractor: Oscar Alvarado
119 Devine St.,
San Antonio, TX 78210

If to CITY: City of Brownsville
1001 E. Elizabeth St.
Brownsville, Texas, 78521

Any party hereto may change its address for purposes of this paragraph by written notice given in the manner provided above.

h. *Entire Understanding.* This document and any exhibit attached constitute the entire understanding and agreement of the parties, and any and all prior agreements, understandings, and representations are hereby terminated and canceled in their entirety and are of no further force and effect.

i. *Unenforceability of Provisions.* If any provision of this Agreement, or any portion thereof, is held to be invalid and unenforceable, then the remainder of this Agreement shall nevertheless remain in full force and effect.

IN WITNESS WHEREOF the undersigned have executed this Agreement as of the day and year first written above.

APPROVED AS TO FORM

Alyssa J. Castillon
Assistant City Attorney

"EXHIBIT A"

SCOPE OF WORK

The Artist shall provide all professional services necessary to design, fabricate, deliver, and install a permanent signature public art monument (the "Artwork") for the Brownsville South Padre Island International Airport owned and operated by the City of Brownsville at the triangular gateway located at the intersection of Billy Mitchell Boulevard and Boca Chica Boulevard, adjacent to the Brownsville South Padre Island International Airport ("Site").
The Artwork is intended to serve as a welcoming landmark that reflects the identity, culture, history, innovation, future and character of the Brownsville community and the Lower Rio Grande Valley while creating a visually significant gateway to the Airport and the City.

The Artist shall be solely responsible for furnishing all labor, materials, equipment, transportation, subcontractors, insurance, permits, engineering, fabrication, installation, and all other services necessary to complete the Artwork in accordance with this Agreement.

The Scope of Work shall include, at a minimum, the following phases:

1. **Exploration and Discovery**
   - Participate in a project kickoff meeting with Airport and City staff.
   - Conduct a site visit and become familiar with the project location, surrounding context, and site constraints.
   - Meet with project stakeholders, as requested.
   - Perform research and concept exploration to develop an artistic vision responsive to the project goals.
   - Engage in public meetings with the community.
   - Engage in media interviews, as requested.
2. **Concept Design**
   - Develop a minimum of two and up to four draft Concept Design alternatives for the Artwork that include a preliminary sketch, description of materials, brief narrative, and siting.
   - Present the draft Concept Designs to Airport and City staff for technical review.
   - Incorporate feedback from technical review and present the draft Concept Designs to the Selection Committee.
   - Prepare renderings, narrative descriptions, preliminary dimensions, proposed materials, finishes, and site integration concepts for the preferred Concept Design, and incorporate feedback as reasonably requested.
   - Submit a preliminary project schedule and budget.
3. **Final Design and Construction Documents**
   - Prepare final design drawings and construction documents based on the approved concept.
   - Provide structural drawings, engineering certifications (when required), material specifications, fabrication details, installation methodology, and maintenance requirements.

- Coordinate with the Airport project team to ensure compatibility with the Site.
- Submit final budget and project schedule for Airport approval.

4. **Fabrication**
   - Fabricate the Artwork in accordance with the approved Final Design.
   - Procure all materials, components, finishes, and specialty items.
   - Coordinate and manage all subcontractors and fabricators.
   - Provide weekly progress updates and photographic documentation requested by the Airport.
   - Notify the Airport when fabrication is complete and the Artwork is ready for delivery.
5. **Delivery and Installation**
   - Deliver the Artwork to the Site.
   - Coordinate installation activities with the City.
   - Provide all labor, equipment, lifting devices, supervision, and temporary protection necessary for installation.
   - Install the Artwork in accordance with the approved construction documents and applicable codes.
   - Complete any required punch list items.
6. **Project Closeout and Unveiling Ceremony**
   - Submit maintenance and conservation manuals.
   - Provide warranties, engineering certifications, and any required closeout documentation.
   - Participate in the final inspection.
   - Correct deficiencies identified during final acceptance.
   - Participate in the public dedication or unveiling ceremony.
   - After consultation with the Artist, the City shall, at its own expense, prepare and install at an appropriate location a plaque or sign identifying the Artist, the title of the Artwork, the year of completion, and any other information mutually agreed upon by the Parties. The City shall reasonably maintain the plaque or sign in good condition, reasonable wear and tear excepted.

"EXHIBIT B" – Contract Term

Contract Term Details: The Contract, pending City Commission approval, shall commence upon approval by the City Commission and execution by the Mayor of the City of Brownsville or the Mayor's designee and shall remain in effect for a period of **twelve (12) months**, or until all services have been completed, final acceptance of the Artwork has been issued by the City, and all contractual obligations have been fulfilled, **whichever occurs later**.

- **Base Period:** Twelve (12) months from the Effective Date of the Agreement, or until all services have been completed, final acceptance of the Artwork has been issued by the City, and all contractual obligations have been fulfilled, whichever occurs later.
- **Renewal Periods:** None.
- **Total Term of the Contract:** Twelve (12) months, or until all services have been completed, final acceptance of the Artwork has been issued by the City, and all contractual obligations have been fulfilled, whichever occurs later.

"EXHIBIT C"

Compensation Structure

The total compensation under this Agreement shall not exceed Two Hundred Fifty Thousand Dollars and No/100 **($250,000.00).** The Contract Amount is all-inclusive and constitutes full compensation for all services required under this Agreement. The Artist shall be solely responsible for all costs associated with the Project, including, but not limited to, labor, materials, fabrication, engineering, permits, insurance, equipment, subcontractors, transportation, delivery, shipping, travel, lodging, meals, overhead, taxes, and all incidental expenses. No additional compensation or reimbursement shall be paid by the City unless expressly authorized in writing through a written amendment to this Agreement.

Payment Schedule

1. **Exploration and Discovery (5%) - $12,500**
   Commencement of the Exploration and Discovery phase, including project initiation, site review, research, and concept exploration.
2. **Concept Design (10%) - $25,000**
   Development and City approval of the Concept Design package.
3. **Final Design (30%) - $75,000**
   Completion and City approval of the Final Design package, including all final renderings, specifications, fabrication drawings, and documentation required to proceed with fabrication.
4. **Fabrication Progress (25%) - $62,500**
   Completion of approximately fifty percent (50%) of the Artwork fabrication, supported by progress documentation and photographic evidence acceptable to the City.
5. **Fabrication Complete (20%) - $50,000**
   Completion of fabrication of the Artwork and confirmation that the Artwork is ready for delivery and installation at the Site.
6. **Installation and Final Acceptance (10%) - $25,000**
   Completion of delivery, installation, final inspection, correction of any punch list items, and written acceptance of the Artwork by the City.

Ownership of the Artwork

Upon the City's written Final Acceptance of the Artwork and payment of the Final Acceptance milestone, ownership and title to the Artwork shall transfer to the City of Brownsville. The Artwork shall thereafter become the sole property of the City.

The Artist acknowledges that the Artwork is a permanent public installation located on City property and that the City shall have the unrestricted right to possess, display, maintain, preserve, relocate (if necessary), reproduce, photograph, publish, and otherwise use images of the Artwork for governmental, educational, promotional, archival, tourism, marketing, and non-commercial purposes without additional compensation to the Artist.

"EXHIBIT D"

INSURANCE

Contractor shall obtain and maintain insurance coverage as agreed in paragraph 8 of the City of Brownsville Contract Agreement and ensure that coverage with the parameters contained herein remains in full force at all times during the contract period as follows:

1. **Workers' Compensation and Employers' Liability Insurance**

   Minimum Limits Consistent with Texas Worker's Compensation Act (Section 401):

   1. $100,000 bodily injury each accident
   2. $500,000 bodily injury by disease policy limit
   3. $100,000 Bodily injury by disease each employee

   Any firm performing work for or on behalf of the City of Brownsville must provide Workers' Compensation insurance.

2. **Commercial General Liability Insurance**

   Covering premises-operations, products-completed operations, independent Contractors and contractual liability, with a combined single limit bodily injury/property damage of $1,000,000. This coverage must include, but not be limited to:

   1. Coverage for the liability assumed by the Contractor under the indemnity provision of the contract.
   2. Coverage for Premises/Operations
   3. Products/Completed Operations
   4. Broad Form Contractual Liability
   5. Independent Contractors

3. **Automobile Liability Insurance**

   Covering all owned, hired and non-owned automobile equipment with the following Limits:

   1. Bodily injury

      $250,000 each person,

      $500,000 each occurrence

   2. Property damage

      $100,000 each occurrence

"EXHIBIT E"

Artwork Ownership, Copyright, and Artist Rights

DISTORTION, MUTILATION, DESTRUCTION AND REINSTALLATION/ EXHIBITION OF WORK

A. **General Provisions** To the extent required by the Visual Artist's Rights Act of 1990 ("Visual Rights Act") or other applicable laws and regulations, during the Artist's lifetime, the City shall not intentionally distort, mutilate, or otherwise modify the Project in a manner which is prejudicial to the Artist's honor or reputation ("Modification"), nor shall the City intentionally destroy the Work during the Artist's lifetime. The Visual Rights Act allows the Artist to waive some or all of the Artist's rights described in this Section by signing a written instrument identifying the Work and the rights waived. A Modification shall not include modifications caused by the passage of time, the inherent nature of the materials, or the result of conservation, lighting, or placement in connection with public presentation, unless caused by the reckless conduct of the City.

B. **Material Modifications** If any material Modification by the City occurs to the Work after the Work is formally accepted by the City, whether the change is intentional, unintentional or malicious, the Artist may make a written request to the City that the Work no longer be represented as a work of the Artist. Thereafter, the Work shall no longer be represented as a work of the Artist.

C. Repairs and Restoration

1) After issuance of the Notice of Acceptance, if the Artist inspects the Work and, in the Artist's opinion, finds the Work to be in a state of substantial disrepair, and if the City and the Artist cannot agree whether or to what extent the Work should be repaired, the City shall make the final decision regarding whether and to what extent the Work shall be repaired. If the Artist believes the Work requires repair, and the City does not repair the Work to the satisfaction of the Artist, the Artist may make a written request to the City that the Work no longer be represented on any publicly viewable signage proximate to the Work as the work of the Artist, and the City shall comply with that request.

2) For purposes of consulting with or providing notice to the Artist as set forth in this Agreement with respect to post-acceptance matters, after acceptance of the Work and during Artist's lifetime, the Artist must provide to and maintain with the City Artist's current contact information, including both a working phone number and a residential address serviceable by U.S. Mail or a national recognized delivery service through which the Artist may be contacted.

3) If after acceptance of the Work, City determines that the Work is in need of substantial repairs or restoration, then City shall make reasonable attempts to consult with the Artist concerning such repair or restoration of the Work, provided that in the event the needed repairs or restoration are necessary to remedy an imminently dangerous safety or structural hazard, then the City may take such measures to remedy such safety or structural hazard without consultation with the Artist. To the extent the City determines it is appropriate, and not due to fault of materials, fabrication or installation, the Artist shall be given the opportunity to perform substantial repairs to, and restoration for the Work for a mutually agreed upon fee.

D. Future Site Development The Parties understand that any substantial change in the immediate vicinity of the Project where the Work will be placed could change the intended appearance and character of the Work and context. If the City causes a substantial change in the immediate vicinity of the Project referable to the Work,

the City shall comply with any later written request by the Artist that the Artist no longer be represented on any publicly viewable signage proximate to the Work as the Artist of the Work.

E. Removal or Relocation If, after acceptance of the Work, the Work, or any portion of the Work, must be removed or moved from the Site to a new location, the City shall attempt to notify the Artist in writing. The Artist may advise or consult with the City regarding any such removal or moving of the Work. To the extent the removal or moving of the Project would otherwise violate any rights the Artist may have under state or federal law, including, without limitation, the provisions of the Visual Rights Act, the Artist waives such rights; provided, however, in such event the City shall comply with any written request by the Artists that the Artist no longer be represented as the Artist of the Project on any publicly viewable signage proximate the Work. In the event of removal or deinstallation of the Work from the Location, after the Artist has complied with the removal and/or deinstallation of the Work, the Artist shall not reinstall or exhibit the Work at any location without providing prior written notice to the City. When reinstalled, the Artist will credit The Brownsville South Padre Island International Airport and the City of Brownsville for the commission of the work and provide written notification to the City for each reinstallation.

COPYRIGHT AND REPRODUCTION RIGHTS

A. General Reservation and License The Artist retains all rights under the Copyright Act of 1976, 17 U.S.C. § 101 et seq. ("Copyright Law"), as the sole author of the Work for the duration of the copyright. The Artist may, at the Artist's sole option and expense, cause to be registered with the United States Register of Copyrights, a copyright of the Work in the Artist's name. The Artist expressly reserves rights available to the Artist to control the making and dissemination of copies or reproductions of the Work, except as those rights are limited by this Agreement. The City shall have the perpetual, royalty-free right to display, lend, and reproduce the work as set forth herein. Title to the physical Work shall pass to the City upon the City's final payment for the work.

B. Image Rights The Artist hereby grants to the City a perpetual, royalty-free, non-exclusive license and permission to use Work for all City noncommercial purposes including, but not limited to, displaying the work publicly, lending the work, or reproducing the work by methods involving a renditions, photographic (digital, file or other media) images and moving images (video, film or other media) (collectively, "Visual Reproductions"). Visual Reproductions made and transmitted of the Work may be released through all media including, but not limited to, catalogues, books, newspapers, film, television, slides, negatives, prints, videotapes, and the digital distribution of photographic images (such as the Internet, the City's and Airport's website, and social media) without written permission. All reproductions shall bear a copyright notice as follows:

Image or Rendition of **"Airport Art Monument"**
Copyright © Oscar Alvarado, 2026

This non-exclusive perpetual license, which does not transfer ownership of the copyright of the Work to the City, shall endure for the entire term of the copyright in and to said Work, and shall survive all assignments of copyright according to the Copyright Law. Any transfer or assignment of copyright shall be reported in writing to the City. The effective date of the license granted herein shall begin upon creation of the Work as provided for under the Copyright Law. As the non-commercial license granted herein is royalty-free, the Artist understands that the Artist is not entitled to any royalties or other payments for reproductions of the above listed work of art.

C. Credit to the Artist All reproductions of the Work by the City shall contain credit to the Artist. Credit should read,

Airport Art Monument, Copyright © Oscar Alvarado, 2026.

D. Credit to the City If the Artist reproduces the Work, all reproductions of the Work by the Artist shall contain credit to the City in the following form: "an original work commissioned by The Brownsville South Padre Island International Airport and The City of Brownsville."

RECORDS/DOCUMENTS

Following the Completion of the Project and Work but prior to the Final Payment, the Artist shall furnish the City with true, complete and accurate copies of records, reports and documents pertaining to the Project and Work, including, but not limited to, the Artist's expenses and records of accounts between the City and Artist (which shall be kept on a generally recognized accounting basis). The Artist shall furnish the City with digital images relating to Artist's Services, Project and the Work to be used by or on behalf of City for legal and regulatory requirements and in materials related or directed to publicity and/or exhibition of the Work, including, but not limited to printed and web publications, as built construction drawings, and a full written narrative description of the Work.

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1001 East Elizabeth Street, Brownsville, Texas 78520
Email: citysecretary@brownsvilletx.gov
Phone: (956) 548-6000

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

N/A

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

_____

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed in accordance with TEC requirements.

CITY OF BROWNSVILLE CONTRACT AGREEMENT FOR ART MONUMENT PROFESSIONAL SERVICE AGREEMENT

340-26-AIR-PX

This Agreement shall commence upon the approval of the City Commission and executed by the City of Brownsville's Mayor or designee. This agreement is between The City of Brownsville, Texas, hereinafter referred to as ("CITY") and Oscar Alvarado hereinafter referred to as ("CONTRACTOR"), collectively referred to as "Parties" and individually as "Party".

1. **Documents**
   a. The following documents (collectively, "Contract Documents") are hereby incorporated into and made part of this Agreement.

      i. Scope of Services, Conditions and Additional Services (Exhibit A)
      ii. Term of Agreement (Exhibit B)
      iii. Compensation Structure and Payment Schedule (Exhibit C)
      iv. Insurance (Exhibit D)
      v. Artwork Ownership, Copyright, and Artist Rights (Exhibit E)
      vi. Form 2 - Statement of Conflict of Interest (Exhibit F)
      vii. Form 3 - Texas Ethics Commission Certificate of Interested Parties (1295) (Exhibit G)

2. **Scope of Services**
   a. Contractor shall perform the Services under this agreement upon written request orders by CITY. Unless otherwise specified in a project request, Contractor and CITY agree that the scope of work is deemed to include preliminary considerations and prerequisites, and all tasks which are an integral and inseparable part of the work described in the Contract Documents or by separate written request.
   b. Contractor will perform such Services in a diligent and workmanlike manner consistent with industry standards.
   c. By signing this Agreement, Contractor represents that it has thoroughly reviewed the Contract Documents incorporated into this Agreement, including but not limited to "Exhibit A" Scope of services and that it accepts the description of the Work and the conditions under which the Work is to be performed and completed.

3. **Independent Contractor; Personnel**
   a. Contractor enters into this Agreement as, and shall continue to be, an independent Contractor. All Services shall be performed only by Contractor and Contractor's employees. Under no circumstances shall Contractor, or any of Contractor's employees, look to CITY as his/her employer, or as a partner, agent or principal. Neither Contractor, nor any of Contractor's employees, shall be entitled to any benefits accorded to CITY's employees, including without limitation worker's compensation, disability insurance, vacation or sick pay. Contractor shall be responsible for providing, at Contractor's expense, and in Contractor's name, unemployment, disability, worker's compensation and other insurance, as well as any and all licenses and permits usual or necessary for conducting the Services. Contractor shall be responsible for paying all applicable local, state and federal taxes.
   b. Contractor represents and warrants to CITY that its employees performing Work hereunder will have sufficient expertise, training, licensure (if applicable) and experience to accomplish the Services.

4. **Term of Agreement.**
   a. The initial contract period shall commence upon approval by the City Commission and when executed by the City of Brownsville's Mayor or designee and shall end or be extended upon the terms specified

in Contract Documents "Exhibit B". The term or any continuation of this Agreement shall be subject to both the appropriation and the availability of funds by CITY.

5. Compensation

a. Contractor agrees that compensation for services shall be as specified in the Contract Documents "Exhibit C". It is acknowledged and agreed by Contractor that compensation, as enumerated in Exhibit C constitutes a limitation upon CITY's obligation to compensate Contractor for Contractor's services pursuant and related to this Agreement but it does not constitute a limitation of any sort upon Contractor's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services.

b. Contractor may submit invoices for compensation no more often than monthly, but only after the services for which the invoices are submitted have been completed. An original invoice plus one copy are due within fifteen (15) days of the end of the month except the final invoice which must be received no later than sixty (60) days after this Agreement expires. Invoices shall designate the nature of the services performed and/or the goods provided. Notwithstanding any provision of this Agreement to the contrary, CITY may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or defective work that has not been remedied or resolved in a manner satisfactory to the CITY's Contract Administrator or failure to comply with this Agreement. The amount withheld shall not be subject to payment of interest by CITY.

6. Observation and Review of the Project.

a. The Contractor shall exercise reasonable care and due diligence in discovering and promptly reporting to the City defects or deficiencies in the work of the Contractor or any subContractors or sub-Contractors reasonably observed during regular site visits.

7. Ownership of Documents.

a. All documents prepared or furnished by the Contractor (and Contractor's subContractors or sub-Contractors) pursuant to this Agreement are instruments of service and shall become property of the City upon the termination of this Agreement. The Contractor is entitled to retain copies of all such documents.

8. Insurance

a. The Contractor shall furnish proof of insurance requirements as specified in Contract Documents "Exhibit D". The coverage is to remain in force at all times during the contract period and the minimum insurance coverage is required. The commercial general liability insurance policy shall name the City of Brownsville, Texas, as an "additional insured." This MUST be written in the description section of the insurance certificate, even if there is a check-off box on the insurance certificate. Any costs for adding the City as "additional insured" shall be at the Contractor's expense.

b. The CITY shall be given notice 10 days prior to cancellation or modification of any required insurance. The insurance provided shall be endorsed or amended to comply with this notice requirement. In the event that the insurer is unable to accommodate, it shall be the responsibility of the Contractor to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested and addressed to the Procurement Services Division.

c. The Contractor's insurance must be provided by an A.M. Best's "A-"rated or better insurance company authorized to issue insurance policies in the State of Texas, subject to approval by the City of Brownsville Department of Safety and Risk Management. Any exclusions or provisions in the insurance maintained by the Contractor that excludes coverage for work contemplated in this solicitation shall be deemed unacceptable, and shall be considered breach of contract.

9. Termination

a. *Termination for Cause.* The aggrieved party may terminate this Agreement for cause if the party in breach has not corrected the breach within ten (10) days after written notice from the aggrieved party identifying the breach. CITY may also terminate this Agreement upon such notice as the City of Brownsville's City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The parties agree that if the CITY erroneously, improperly or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the Work to CITY's satisfaction; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

b. *Termination for Convenience.* CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this Agreement is terminated for convenience, Contractor shall be paid for any services performed to CITY's satisfaction pursuant to the Agreement through the termination date specified in the written notice of termination. Contractor acknowledges and agrees that he/she/it has received good, valuable and sufficient consideration from CITY, the receipt and adequacy of which are hereby acknowledged by Contractor, for CITY's right to terminate this Agreement for convenience.

c. *Cancellation for Non-appropriated Funds.* CITY reserves the right, in its best interest as determined by the City of Brownsville's City Manager, to cancel this contract for non-appropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of CITY for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the contract into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

d. *Force Majeure.* CITY and Contractor will be excused from the performance of their respective obligations under this agreement when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of transportation, equipment, or service from a public utility needed for their performance, provided that:

   i. The non performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;
   ii. The excuse of performance is of no greater scope and of no longer duration than is reasonably necessary when considered in light of the Force Majeure;
   iii. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure; and
   iv. The non-performing party uses its best efforts to remedy its inability to perform.
   v. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of sixty (60) days, provided that in extenuating circumstances, CITY may excuse performance for a longer term. Economic hardship of the Contractor will not constitute Force

Majeure. The term of the agreement shall be extended by a period equal to that during which either party's performance is suspended under this Section.

10. Materiality and Waiver of Breach.

a. CITY and Contractor agree that each requirement, duty, and obligation set forth herein is substantial and important to the formation of this Agreement and that each is, therefore, a material term hereof. CITY's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement

11. Indemnification.

A. CONTRACTOR COVENANTS AND AGREES TO FULLY INDEMNIFY, DEFEND AND HOLD HARMLESS, THE CITY AND THE ELECTED OFFICIALS, EMPLOYEES, OFFICERS, DIRECTORS, VOLUNTEERS AND REPRESENTATIVES OF THE CITY, INDIVIDUALLY AND COLLECTIVELY, FROM AND AGAINST ANY AND ALL COSTS, CLAIMS, LIENS, DAMAGES, LOSSES, EXPENSES, FEES, FINES, PENALTIES, PROCEEDINGS, ACTIONS, DEMANDS, CAUSES OF ACTION, LIABILITY AND SUITS OF ANY KIND AND NATURE, INCLUDING BUT NOT LIMITED TO, PERSONAL OR BODILY INJURY, DEATH AND PROPERTY DAMAGE, MADE UPON THE CITY DIRECTLY OR INDIRECTLY ARISING OUT OF, RESULTING FROM OR RELATED TO CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, INCLUDING ANY ACTS OR OMISSIONS OF CONTRACTOR, ANY AGENT, OFFICER, DIRECTOR, REPRESENTATIVE, EMPLOYEE, CONTRACTOR OR SUBCONTRACTOR OF CONTRACTOR, AND THEIR RESPECTIVE OFFICERS, AGENTS EMPLOYEES, DIRECTORS AND REPRESENTATIVES WHILE IN THE EXERCISE OF THE RIGHTS OR PERFORMANCE OF THE DUTIES UNDER THIS AGREEMENT. THIS INDEMNIFICATION PROVISION IS SPECIFICALLY INTENDED TO OPERATE AND BE EFFECTIVE EVEN IF IT IS ALLEGED OR PROVEN THAT ALL OR SOME OF THE DAMAGES BEING SOUGHT WERE CAUSED, IN WHOLE OR IN PART, BY ANY ACT, OMISSION OR NEGLIGENCE OF THE CITY. THIS INDEMNITY PROVISION IS INTENDED TO INCLUDE, WITHOUT LIMITATION, INDEMNITY FOR COSTS, EXPENSES AND LEGAL FEES INCURRED BY THE CITY IN DEFENDING AGAINST SUCH CLAIMS AND CAUSES OF ACTIONS. IN THE EVENT CONTRACTOR AND CITY ARE FOUND JOINTLY LIABLE BY A COURT OF COMPETENT JURISDICTION, LIABILITY SHALL BE APPORTIONED COMPARATIVELY IN ACCORDANCE WITH THE LAWS FOR THE STATE OF TEXAS, WITHOUT, HOWEVER, WAIVING ANY GOVERNMENTAL IMMUNITY AVAILABLE TO THE CITY UNDER TEXAS LAW AND WITHOUT WAIVING ANY DEFENSES OF THE PARTIES UNDER TEXAS LAW.

B. THE PROVISIONS OF THIS INDEMNITY ARE SOLELY FOR THE BENEFIT OF THE PARTIES HERETO AND NOT INTENDED TO CREATE OR GRANT ANY RIGHTS, CONTRACTUAL OR OTHERWISE, TO ANY OTHER PERSON OR ENTITY. CONTRACTOR SHALL ADVISE THE CITY

IN WRITING WITHIN 24 HOURS OF ANY CLAIM OR DEMAND AGAINST THE CITY OR CONTRACTOR KNOWN TO CONTRACTOR RELATED TO OR ARISING OUT OF CONTRACTOR'S ACTIVITIES UNDER THIS AGREEMENT, AND SHALL SEE TO THE INVESTIGATION AND DEFENSE OF SUCH CLAIM OR DEMAND AT CONTRACTOR'S COST. THE CITY SHALL HAVE THE RIGHT, AT ITS OPTION AND AT ITS OWN EXPENSE, TO PARTICIPATE IN SUCH DEFENSE WITHOUT RELIEVING CONTRACTOR OF ANY OF ITS OBLIGATIONS UNDER THIS PARAGRAPH.

C. This Indemnification provision shall survive termination or expiration of the Agreement.

12. Miscellaneous Provisions.

a. *Successors and Assigns.* All of the provisions of this Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective heirs, if any, successors, and assigns.

b. *Choice of Law.* The laws of the state of Texas shall govern the validity of this Agreement, the construction of its terms and the interpretation of the rights and duties of the parties hereto.

c. *No Waiver of Governmental Immunity.* NOTHING IN THIS AGREEMENT SHALL BE CONSTRUED TO WAIVE CITY'S GOVERNMENTAL IMMUNITY FROM LAWSUIT, WHICH IMMUNITY IS EXPRESSLY RETAINED TO THE EXTENT IT IS NOT CLEARLY AND UNAMBIGUOUSLY WAIVED BY STATE LAW.

d. *Assignment.* Contractor shall not assign any of Contractor's rights under this Agreement or delegate the performance of any of Contractor's duties hereunder, without the prior consent of CITY.

e. *Modification or Amendment.* No amendment, change or modification of this Agreement shall be valid unless in writing signed by the parties hereto.

f. *Venue.* This Agreement and any and all matters arising directly or indirectly here from shall be governed by and construed and enforced in accordance with the Laws of the State of Texas, in the Federal and State Courts of Cameron County, Texas having jurisdiction. (b) If at any time there is a dispute between or among the Parties with respect to any matter arising directly or indirectly from this Agreement (an "Agreement Matter"), the Parties agree that, prior to seeking judicial remedy, they will engage in face-to-face negotiations in an attempt to resolve such dispute and shall, upon failing to negotiate a mutually-satisfactory resolution, choose a mutually agreeable neutral third party to mediate such dispute. Mediation shall be non-binding and shall be confidential.

g. *Notices.* Any and all notices, demands, or other communications required or desired to be given hereunder by any party shall be in writing and shall be validly given or made to another party if personally served, or if deposited in the United States mail, certified or registered, postage prepaid, return receipt requested. If such notice or demand is served personally, notice shall be deemed constructively made at the time of such personal service. If such notice, demand or other communication is given by mail, such notice shall be conclusively deemed given five days after deposit thereof in the United States mail addressed to the party to whom such notice, demand or other communication is to be given as follows:

If to Contractor: Oscar Alvarado
119 Devine St.,
San Antonio, TX 78210

If to CITY: City of Brownsville
1001 E. Elizabeth St.
Brownsville, Texas, 78521

Any party hereto may change its address for purposes of this paragraph by written notice given in the manner provided above.

h. *Entire Understanding.* This document and any exhibit attached constitute the entire understanding and agreement of the parties, and any and all prior agreements, understandings, and representations are hereby terminated and canceled in their entirety and are of no further force and effect.
i. *Unenforceability of Provisions.* If any provision of this Agreement, or any portion thereof, is held to be invalid and unenforceable, then the remainder of this Agreement shall nevertheless remain in full force and effect.

IN WITNESS WHEREOF the undersigned have executed this Agreement as of the day and year first written above.

APPROVED AS TO FORM

Alyssa J. Castillon
Assistant City Attorney

"EXHIBIT A"

SCOPE OF WORK

The Artist shall provide all professional services necessary to design, fabricate, deliver, and install a permanent signature public art monument (the "Artwork") for the Brownsville South Padre Island International Airport owned and operated by the City of Brownsville at the triangular gateway located at the intersection of Billy Mitchell Boulevard and Boca Chica Boulevard, adjacent to the Brownsville South Padre Island International Airport ("Site").
The Artwork is intended to serve as a welcoming landmark that reflects the identity, culture, history, innovation, future and character of the Brownsville community and the Lower Rio Grande Valley while creating a visually significant gateway to the Airport and the City.

The Artist shall be solely responsible for furnishing all labor, materials, equipment, transportation, subcontractors, insurance, permits, engineering, fabrication, installation, and all other services necessary to complete the Artwork in accordance with this Agreement.

The Scope of Work shall include, at a minimum, the following phases:

1. **Exploration and Discovery**
   - Participate in a project kickoff meeting with Airport and City staff.
   - Conduct a site visit and become familiar with the project location, surrounding context, and site constraints.
   - Meet with project stakeholders, as requested.
   - Perform research and concept exploration to develop an artistic vision responsive to the project goals.
   - Engage in public meetings with the community.
   - Engage in media interviews, as requested.
2. **Concept Design**
   - Develop a minimum of two and up to four draft Concept Design alternatives for the Artwork that include a preliminary sketch, description of materials, brief narrative, and siting.
   - Present the draft Concept Designs to Airport and City staff for technical review.
   - Incorporate feedback from technical review and present the draft Concept Designs to the Selection Committee.
   - Prepare renderings, narrative descriptions, preliminary dimensions, proposed materials, finishes, and site integration concepts for the preferred Concept Design, and incorporate feedback as reasonably requested.
   - Submit a preliminary project schedule and budget.
3. **Final Design and Construction Documents**
   - Prepare final design drawings and construction documents based on the approved concept.
   - Provide structural drawings, engineering certifications (when required), material specifications, fabrication details, installation methodology, and maintenance requirements.

- Coordinate with the Airport project team to ensure compatibility with the Site.
- Submit final budget and project schedule for Airport approval.

4. **Fabrication**
   - Fabricate the Artwork in accordance with the approved Final Design.
   - Procure all materials, components, finishes, and specialty items.
   - Coordinate and manage all subcontractors and fabricators.
   - Provide weekly progress updates and photographic documentation requested by the Airport.
   - Notify the Airport when fabrication is complete and the Artwork is ready for delivery.
5. **Delivery and Installation**
   - Deliver the Artwork to the Site.
   - Coordinate installation activities with the City.
   - Provide all labor, equipment, lifting devices, supervision, and temporary protection necessary for installation.
   - Install the Artwork in accordance with the approved construction documents and applicable codes.
   - Complete any required punch list items.
6. **Project Closeout and Unveiling Ceremony**
   - Submit maintenance and conservation manuals.
   - Provide warranties, engineering certifications, and any required closeout documentation.
   - Participate in the final inspection.
   - Correct deficiencies identified during final acceptance.
   - Participate in the public dedication or unveiling ceremony.
   - After consultation with the Artist, the City shall, at its own expense, prepare and install at an appropriate location a plaque or sign identifying the Artist, the title of the Artwork, the year of completion, and any other information mutually agreed upon by the Parties. The City shall reasonably maintain the plaque or sign in good condition, reasonable wear and tear excepted.

"EXHIBIT B" – Contract Term

Contract Term Details: The Contract, pending City Commission approval, shall commence upon approval by the City Commission and execution by the Mayor of the City of Brownsville or the Mayor's designee and shall remain in effect for a period of **twelve (12) months**, or until all services have been completed, final acceptance of the Artwork has been issued by the City, and all contractual obligations have been fulfilled, **whichever occurs later**.

- **Base Period:** Twelve (12) months from the Effective Date of the Agreement, or until all services have been completed, final acceptance of the Artwork has been issued by the City, and all contractual obligations have been fulfilled, whichever occurs later.
- **Renewal Periods:** None.
- **Total Term of the Contract:** Twelve (12) months, or until all services have been completed, final acceptance of the Artwork has been issued by the City, and all contractual obligations have been fulfilled, whichever occurs later.

"EXHIBIT C"

Compensation Structure

The total compensation under this Agreement shall not exceed Two Hundred Fifty Thousand Dollars and No/100 **($250,000.00).** The Contract Amount is all-inclusive and constitutes full compensation for all services required under this Agreement. The Artist shall be solely responsible for all costs associated with the Project, including, but not limited to, labor, materials, fabrication, engineering, permits, insurance, equipment, subcontractors, transportation, delivery, shipping, travel, lodging, meals, overhead, taxes, and all incidental expenses. No additional compensation or reimbursement shall be paid by the City unless expressly authorized in writing through a written amendment to this Agreement.

Payment Schedule

1. **Exploration and Discovery (5%) - $12,500**
   Commencement of the Exploration and Discovery phase, including project initiation, site review, research, and concept exploration.
2. **Concept Design (10%) - $25,000**
   Development and City approval of the Concept Design package.
3. **Final Design (30%) - $75,000**
   Completion and City approval of the Final Design package, including all final renderings, specifications, fabrication drawings, and documentation required to proceed with fabrication.
4. **Fabrication Progress (25%) - $62,500**
   Completion of approximately fifty percent (50%) of the Artwork fabrication, supported by progress documentation and photographic evidence acceptable to the City.
5. **Fabrication Complete (20%) - $50,000**
   Completion of fabrication of the Artwork and confirmation that the Artwork is ready for delivery and installation at the Site.
6. **Installation and Final Acceptance (10%) - $25,000**
   Completion of delivery, installation, final inspection, correction of any punch list items, and written acceptance of the Artwork by the City.

Ownership of the Artwork

Upon the City's written Final Acceptance of the Artwork and payment of the Final Acceptance milestone, ownership and title to the Artwork shall transfer to the City of Brownsville. The Artwork shall thereafter become the sole property of the City.

The Artist acknowledges that the Artwork is a permanent public installation located on City property and that the City shall have the unrestricted right to possess, display, maintain, preserve, relocate (if necessary), reproduce, photograph, publish, and otherwise use images of the Artwork for governmental, educational, promotional, archival, tourism, marketing, and non-commercial purposes without additional compensation to the Artist.

"EXHIBIT D"

INSURANCE

Contractor shall obtain and maintain insurance coverage as agreed in paragraph 8 of the City of Brownsville Contract Agreement and ensure that coverage with the parameters contained herein remains in full force at all times during the contract period as follows:

1. **Workers' Compensation and Employers' Liability Insurance**

   Minimum Limits Consistent with Texas Worker's Compensation Act (Section 401):

   1. $100,000 bodily injury each accident
   2. $500,000 bodily injury by disease policy limit
   3. $100,000 Bodily injury by disease each employee

   Any firm performing work for or on behalf of the City of Brownsville must provide Workers' Compensation insurance.

2. **Commercial General Liability Insurance**

   Covering premises-operations, products-completed operations, independent Contractors and contractual liability, with a combined single limit bodily injury/property damage of $1,000,000. This coverage must include, but not be limited to:

   1. Coverage for the liability assumed by the Contractor under the indemnity provision of the contract.
   2. Coverage for Premises/Operations
   3. Products/Completed Operations
   4. Broad Form Contractual Liability
   5. Independent Contractors

3. **Automobile Liability Insurance**

   Covering all owned, hired and non-owned automobile equipment with the following Limits:

   1. Bodily injury

      $250,000 each person,

      $500,000 each occurrence

   2. Property damage

      $100,000 each occurrence

"EXHIBIT E"

Artwork Ownership, Copyright, and Artist Rights

DISTORTION, MUTILATION, DESTRUCTION AND REINSTALLATION/ EXHIBITION OF WORK

A. **General Provisions** To the extent required by the Visual Artist's Rights Act of 1990 ("Visual Rights Act") or other applicable laws and regulations, during the Artist's lifetime, the City shall not intentionally distort, mutilate, or otherwise modify the Project in a manner which is prejudicial to the Artist's honor or reputation ("Modification"), nor shall the City intentionally destroy the Work during the Artist's lifetime. The Visual Rights Act allows the Artist to waive some or all of the Artist's rights described in this Section by signing a written instrument identifying the Work and the rights waived. A Modification shall not include modifications caused by the passage of time, the inherent nature of the materials, or the result of conservation, lighting, or placement in connection with public presentation, unless caused by the reckless conduct of the City.

B. **Material Modifications** If any material Modification by the City occurs to the Work after the Work is formally accepted by the City, whether the change is intentional, unintentional or malicious, the Artist may make a written request to the City that the Work no longer be represented as a work of the Artist. Thereafter, the Work shall no longer be represented as a work of the Artist.

C. Repairs and Restoration

1) After issuance of the Notice of Acceptance, if the Artist inspects the Work and, in the Artist's opinion, finds the Work to be in a state of substantial disrepair, and if the City and the Artist cannot agree whether or to what extent the Work should be repaired, the City shall make the final decision regarding whether and to what extent the Work shall be repaired. If the Artist believes the Work requires repair, and the City does not repair the Work to the satisfaction of the Artist, the Artist may make a written request to the City that the Work no longer be represented on any publicly viewable signage proximate to the Work as the work of the Artist, and the City shall comply with that request.

2) For purposes of consulting with or providing notice to the Artist as set forth in this Agreement with respect to post-acceptance matters, after acceptance of the Work and during Artist's lifetime, the Artist must provide to and maintain with the City Artist's current contact information, including both a working phone number and a residential address serviceable by U.S. Mail or a national recognized delivery service through which the Artist may be contacted.

3) If after acceptance of the Work, City determines that the Work is in need of substantial repairs or restoration, then City shall make reasonable attempts to consult with the Artist concerning such repair or restoration of the Work, provided that in the event the needed repairs or restoration are necessary to remedy an imminently dangerous safety or structural hazard, then the City may take such measures to remedy such safety or structural hazard without consultation with the Artist. To the extent the City determines it is appropriate, and not due to fault of materials, fabrication or installation, the Artist shall be given the opportunity to perform substantial repairs to, and restoration for the Work for a mutually agreed upon fee.

D. Future Site Development The Parties understand that any substantial change in the immediate vicinity of the Project where the Work will be placed could change the intended appearance and character of the Work and context. If the City causes a substantial change in the immediate vicinity of the Project referable to the Work,

the City shall comply with any later written request by the Artist that the Artist no longer be represented on any publicly viewable signage proximate to the Work as the Artist of the Work.

E. Removal or Relocation If, after acceptance of the Work, the Work, or any portion of the Work, must be removed or moved from the Site to a new location, the City shall attempt to notify the Artist in writing. The Artist may advise or consult with the City regarding any such removal or moving of the Work. To the extent the removal or moving of the Project would otherwise violate any rights the Artist may have under state or federal law, including, without limitation, the provisions of the Visual Rights Act, the Artist waives such rights; provided, however, in such event the City shall comply with any written request by the Artists that the Artist no longer be represented as the Artist of the Project on any publicly viewable signage proximate the Work. In the event of removal or deinstallation of the Work from the Location, after the Artist has complied with the removal and/or deinstallation of the Work, the Artist shall not reinstall or exhibit the Work at any location without providing prior written notice to the City. When reinstalled, the Artist will credit The Brownsville South Padre Island International Airport and the City of Brownsville for the commission of the work and provide written notification to the City for each reinstallation.

COPYRIGHT AND REPRODUCTION RIGHTS

A. General Reservation and License The Artist retains all rights under the Copyright Act of 1976, 17 U.S.C. § 101 et seq. ("Copyright Law"), as the sole author of the Work for the duration of the copyright. The Artist may, at the Artist's sole option and expense, cause to be registered with the United States Register of Copyrights, a copyright of the Work in the Artist's name. The Artist expressly reserves rights available to the Artist to control the making and dissemination of copies or reproductions of the Work, except as those rights are limited by this Agreement. The City shall have the perpetual, royalty-free right to display, lend, and reproduce the work as set forth herein. Title to the physical Work shall pass to the City upon the City's final payment for the work.

B. Image Rights The Artist hereby grants to the City a perpetual, royalty-free, non-exclusive license and permission to use Work for all City noncommercial purposes including, but not limited to, displaying the work publicly, lending the work, or reproducing the work by methods involving a renditions, photographic (digital, file or other media) images and moving images (video, film or other media) (collectively, "Visual Reproductions"). Visual Reproductions made and transmitted of the Work may be released through all media including, but not limited to, catalogues, books, newspapers, film, television, slides, negatives, prints, videotapes, and the digital distribution of photographic images (such as the Internet, the City's and Airport's website, and social media) without written permission. All reproductions shall bear a copyright notice as follows:

Image or Rendition of **"Airport Art Monument"**
Copyright © Oscar Alvarado, 2026

This non-exclusive perpetual license, which does not transfer ownership of the copyright of the Work to the City, shall endure for the entire term of the copyright in and to said Work, and shall survive all assignments of copyright according to the Copyright Law. Any transfer or assignment of copyright shall be reported in writing to the City. The effective date of the license granted herein shall begin upon creation of the Work as provided for under the Copyright Law. As the non-commercial license granted herein is royalty-free, the Artist understands that the Artist is not entitled to any royalties or other payments for reproductions of the above listed work of art.

C. Credit to the Artist All reproductions of the Work by the City shall contain credit to the Artist. Credit should read,

Airport Art Monument, Copyright © Oscar Alvarado, 2026.

D. Credit to the City If the Artist reproduces the Work, all reproductions of the Work by the Artist shall contain credit to the City in the following form: "an original work commissioned by The Brownsville South Padre Island International Airport and The City of Brownsville."

RECORDS/DOCUMENTS

Following the Completion of the Project and Work but prior to the Final Payment, the Artist shall furnish the City with true, complete and accurate copies of records, reports and documents pertaining to the Project and Work, including, but not limited to, the Artist's expenses and records of accounts between the City and Artist (which shall be kept on a generally recognized accounting basis). The Artist shall furnish the City with digital images relating to Artist's Services, Project and the Work to be used by or on behalf of City for legal and regulatory requirements and in materials related or directed to publicity and/or exhibition of the Work, including, but not limited to printed and web publications, as built construction drawings, and a full written narrative description of the Work.

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1001 East Elizabeth Street, Brownsville, Texas 78520
Email: citysecretary@brownsvilletx.gov
Phone: (956) 548-6000

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

N/A

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

_____

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed in accordance with TEC requirements.

1. Resolution 2026-1245

Resolution Number 2026-1245

A RESOLUTION OF THE CITY OF BROWNSVILLE SUPPORTING THE SUBMISSION OF AN APPLICATION FOR FY2026 MODEL CITIES INITIATIVE GRANT, THROUGH THE OFFICE OF THE US DEPARTMENT OF JUSTICE

WHEREAS, the City of Brownsville is committed to enhancing public safety, emergency preparedness, and its ability to effectively respond to major incidents and critical events; and

WHEREAS, the U.S. Department of Justice FY2026 Model Cities Initiative Grant provides an opportunity to obtain funding for the purchase of five (5) fully equipped mobile command centers to provide on-site command, communications, technology, specialized equipment, and secure operational workspaces; and

WHEREAS, the City of Brownsville finds that applying for the grant and acquiring these mobile command centers will enhance the Department's operational readiness and ability to manage major incidents and emergencies benefiting Brownsville and the surrounding communities, and is in the best interest of the public.

NOW THEREFORE, BE IT RESOLVED:

(1) The City of Brownsville approves the submission of the FY2026 Model Cities Initiative Grant application for the City of Brownsville Police Department to the US Department of Justice;

(2) The City of Brownsville agrees that in the event of loss or misuse of the US Department of Justice funds if awarded, the City of Brownsville assures that the funds will be returned to the US Department of Justice in full.

(3) The City of Brownsville designates the City Manager, or their designee, as the grantee's authorized official. The authorized official is given the power to apply for, accept, reject, alter or terminate the grant on behalf of the City.

Adopted this, 1st day of September 2026.

Agenda #:	Consideration and **ACTION** to approve the submission of Brownsville Metro's application to the Federal Transit Administration (FTA) FY 2026 Innovative Coordinated Access and Mobility (ICAM) Pilot Program in the amount of $2,000,000 with $300,000 in local funds for the proposed project of replacing Paratransit vehicles that have surpassed their useful life. (Brownnsville Metro)

Summary:
The ICAM program provides competitive funding to support innovative projects for older adults, people with disabilities, and people of low incomes that will improve the coordination of transportation and non-emergency medical transportation services. Brownsville Metro intends to replace paratransit vehicles that have surpassed their useful life.

Project Scope and Analysis:
The project consists of applying for and, if awarded, utilizing the funds from the Federal Transit Administration to purchase 10 Paratransit vehicles that will replace current operating vehicles that have surpassed their useful life to support continued service needs.

Funding:

Source: Federal Transit Administration (FTA)

Amount: 2,000,000

Local Contribution if Applicable: 300,000

Recommendation:
Brownsville Metro recommends the approval to submit the application under the ICAM program.

COOPERATIVE SERVICE AGREEMENT
348-26-EPMO-CP

This Cooperative Service Agreement ("Agreement") is entered into by and between Galiguer Corporation DBA Xtreme Security & Fire ("Vendor") and the City of Brownsville, ("City"), a Texas home rule municipality.

The Cooperative Service Agreement includes the following documents which shall be construed in the order of precedence in which they are listed:

1. This Cooperative Purchase Agreement.
2. Exhibit A – Proposal: Scope of Services, and Compensation/Fees
3. Exhibit B – TIPS Cooperative Contract #260202
4. Exhibit C – Conflict of Interest Questionnaire
5. Exhibit D- Certificate of Insurance
6. Exhibit E- Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Exhibits A, B, C, D, and E which are attached hereto and incorporated herein, are made a part of this Agreement for all purposes. Vendor agrees to provide City with the services and goods included in Exhibit A pursuant to the terms and conditions of this Cooperative Service Agreement, including all exhibits thereto.

City shall pay Vendor in accordance with the fee schedule in Exhibit A and in accordance with the provisions of this Agreement. Total payment made under this Agreement by City shall not exceed **One Hundred Thousand Seven Hundred Sixty-Nine Dollars and Zero Cents ($100,769.00).** Vendor shall not provide any additional items or services or bill for expenses incurred for City not specified by this Agreement unless City requests and approves in writing the additional costs for such services. City shall not be liable for any additional expenses of Vendor not specified by this Agreement unless City first approves such expenses in writing.

The term of this Agreement shall commence on approval by the City Commission or designee and ending **thirty (30)** days from start of services not to exceed September 30, 2027. Notwithstanding the foregoing, the parties understand and acknowledge that the TIPS Cooperative Contract the City is relying on for cooperative purchase expires on April 30, 2029, at which time the City's Agreement with Vendor shall also expire.

Vendor agrees that City shall, until the expiration of final payment under this Agreement, or the final conclusion of any audit commenced during the said three years, have access to and the right to examine at reasonable times any directly pertinent books, documents, papers and records, including, but not limited to, all electronic records, of Vendor involving transactions relating to this Agreement at no additional cost to City. Vendor agrees that City shall have access during normal working hours to all necessary Vendor facilities and shall be provided adequate and appropriate workspace in order to conduct audits in compliance with the provisions of this section. City shall give Vendor reasonable advance notice of intended audits.

VENDOR ACKNOWLEDGES THAT CITY IS A GOVERNMENT ENTITY AND AS SUCH CANNOT INDEMNIFY OR HOLD HARMLESS A PARTY WITHOUT FIRST CREATING A SINKING FUND OR LEVYING A TAX. VENDOR FURTHER ACKNOWLEDGES THAT THE CITY HAS NO INTENTION OF CREATING SUCH A SINKING FUND OR LEVYING A TAX. THE PARTIES AGREE THAT ANY PROVISION CONTAINED WITHIN THE CONTRACT DOCUMENTS REQUIRING THE CITY TO INDEMNIFY OR HOLD HARMLESS THE VENDOR IS HEREBY STRICKEN.

Notices required pursuant to the provisions of this Agreement shall be conclusively determined to have been delivered when (1) hand-delivered to the other party, its agents, employees, servants or representatives, (2) delivered by facsimile with electronic confirmation of the transmission, or (3) received by the other party by United States Mail, registered, return receipt requested, addressed as follows:

To CITY:
City of Brownsville
Attn: City Manager

TIPS VENDOR AGREEMENT

TIPS RFP 260202 Security Systems, Products, and Services

The following Vendor Agreement ("Agreement") creates a legal agreement between The Interlocal Purchasing System ("TIPS"), a government purchasing cooperative and Department of Texas Region 8 Education Service Center and (INSERT ENTITY NAME):

Galiguer Corporation DBA Xtreme Security & Fire

(ENTER ENTITY NAME)

its owners, agents, subsidiaries, and affiliates (together, "Vendor") (individually, "Party", and collectively the "Parties") and this agreement shall exclusively govern the contractual relationship ("Agreement") between the Parties.

TIPS, a governmental entity and a national purchasing cooperative seeks to provide a valuable and necessary solution to public entities and qualifying non-profits by performing the public procurement solicitation process and awarding compliant contracts to qualified vendors. Then, where the law of a customer's jurisdiction allows, instead of public entities and qualifying non-profits expending time, money, and resources on the extensive public procurement process, the use of TIPS allows public entities to quickly select and purchase their preferred products or services from qualified, competitively evaluated vendors through cooperative purchasing.

1. **Purpose.** The purpose of this Agreement is to identify the terms and conditions of the relationship between TIPS and Vendor. Public entities and qualifying non-profits that properly join or utilize TIPS ("TIPS Members") may elect to "piggyback" off of TIPS' procurements and agreements where the laws of their jurisdiction allow. TIPS Members are not contractual parties to this Agreement although terms and conditions of this Agreement may ensure benefits to TIPS Members.

2. **Authority.** *The Parties agree that the signatories below are individual authorized to enter into this Agreement on behalf of their entity* and that they are acting under due and proper authority under applicable law.

3. **Definitions.**

    a. **TIPS Pricing:** The specific pricing, discounts, and other pricing terms and incentives which Vendor submitted and TIPS approved for each respective TIPS Contract awarded to Vendor and all permissible, subsequent pricing updates submitted by Vendor and accepted by TIPS, if any.

    b. **Authorized Reseller:** A reseller or dealer authorized and added by a Vendor through their online TIPS Vendor Portal to make TIPS sales according to the terms and conditions herein.

4. **Entire Agreement.** This Agreement resulted from TIPS posting a "TIPS Solicitation" (RFP, RCSP, RFQ, or other) and Vendor submitting a proposal in response to that posted TIPS Solicitation for evaluation and award. The Parties agree that this Agreement consists of the provisions set forth herein and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to this Agreement. All documentation and information listed is hereby incorporated by reference as if set forth herein verbatim. In the event of conflict between the terms herein and one of the incorporated documents the terms and conditions herein shall control.

5. **Vendor's Specific Warranties, Terms, and License Agreements.** Because TIPS serves public entities and non-profits throughout the nation all of which are subject to specific laws and policies of their jurisdiction, as a matter of standard practice, TIPS does not typically accept a Vendor's specific "Sale Terms" (warranties, license agreements, master agreements, terms and conditions, etc.) on behalf of all TIPS Members. TIPS may permit Vendor to attach those to this Agreement to display to interested customers what terms may apply to their Supplemental Agreement with Vendor (if submitted by Vendor for that purpose). However, unless this term of the Agreement is negotiated and modified to state otherwise, those specific Sale Terms are not accepted by TIPS on behalf of all TIPS Members and each Member may choose whether to accept, negotiate, or reject those specific Sale Terms, which must be reflected in a separate agreement between Vendor and the Member in order to be effective.

6. **Vendor Identity and Contact Information.** It is Vendor's sole responsibility to ensure that all identifying vendor information (name, EIN, d/b/a's, etc.) and contact information is updated and current at all times within the TIPS eBid System and the TIPS Vendor Portal. It is Vendor's sole responsibility to confirm that all e-correspondence issued from tips-usa.com, ionwave.net, and tipsconstruction.com to Vendor's contacts are received and are not blocked by firewall or other technology security. Failure to permit receipt of correspondence from these domains and failure to keep vendor identity and contact information current at all times during the life of the contract may cause loss of TIPS Sales, accumulating TIPS fees, missed rebid opportunities, lapse of TIPS Contract(s), and unnecessary collection or legal actions against Vendor. It is no defense to any of the foregoing or any breach of this Agreement that Vendor was not receiving TIPS' electronic communications issued by TIPS to Vendor's listed contacts.

7. **Initiation of TIPS Sales.** When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Once verified, Vendor must include the TIPS Contract Number on all purchase communications and sales documents exchanged with the TIPS Member.

8. **TIPS Sales and Supplemental Agreements.** The terms of the specific TIPS order, including but not limited to: shipping, freight, insurance, delivery, fees, bonding, cost, delivery expectations and location, returns, refunds, terms, conditions, cancellations, order assistance, etc., shall be controlled by the purchase agreement (Purchase Order, Contract, Invoice, etc.) (hereinafter "Supplemental Agreement") entered into between the TIPS Member Customer and Vendor only. TIPS is not a party to any Supplemental Agreement. All Supplemental Agreements shall include Vendor's Name, as known to TIPS, and TIPS Contract Name and Number. Vendor accepts and understands that TIPS is not a legal party to TIPS Sales and Vendor is solely responsible for identifying fraud, mistakes, unacceptable terms, or misrepresentations for the specific order prior to accepting. Vendor agrees that any order issued from a customer to Vendor, even when processed through TIPS, constitutes a legal contract between the customer and Vendor only. When Vendor accepts or fulfills an order, even when processed through TIPS, Vendor is representing that Vendor has carefully reviewed the order for legality, authenticity, and accuracy and TIPS shall not be liable or responsible for the same. In the event of a conflict between the terms of this TIPS Vendor Agreement and those contained in any Supplemental Agreement, the provisions set forth herein shall control unless otherwise agreed to and authorized by the Parties in writing within the Supplemental Agreement.

9. **Right of Refusal.** Vendor has the right not to sell to a TIPS Member under the awarded agreement at Vendor's discretion unless otherwise required by law.

10. **Reporting TIPS Sales**. Vendor must report all TIPS Sales to TIPS. If a TIPS sale is initiated by Vendor receiving a TIPS Member's purchase order from TIPS directly, Vendor may consider that specific TIPS Sale reported. Otherwise, with the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion. Please refer to the TIPS Accounting FAQ's for more information about reporting sales and if you have further questions, contact the Accounting Team at accounting@tips-usa.com.

11. **TIPS Administration Fees.** The collection of administrative fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The administration fee ("TIPS Administration Fee") is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of the amount paid by the TIPS Member for each TIPS Sale, less shipping cost, bond cost, and taxes if applicable and identifiable, which is legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding solicitation and is incorporated herein by reference. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. Upon receipt of payment for a TIPS Sale, including partial payment (which renders TIPS Administration Fees immediately due), Vendor shall issue to TIPS the corresponding TIPS Administration Fee payment as soon as possible but not later than thirty-one calendar days following Vendor's receipt of payment. Vendor shall pay TIPS via check unless otherwise agreed to by the Parties in writing. Vendor shall include clear documentation with the issued payment dictating to which sale(s) the amount should be applied. Vendor may create a payment report within their TIPS Vendor Portal which is the preferred documentation dictating to which TIPS Sale(s) the amount should be applied. Failure to pay all TIPS Administration Fees pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion as well as the initiation of collection and legal actions by TIPS against Vendor to the extent permitted by law. Any overpayment of participation fees to TIPS by Vendor will be refunded to the Vendor

within ninety (90) days of receipt of notification if TIPS receives written notification of the overpayment not later than the expiration of six (6) months from the date of overpayment and TIPS determines that the amount was not legally due to TIPS pursuant to this agreement and applicable law. Any notification of overpayment received by TIPS after the expiration of six (6) months from the date that TIPS received the payment will render the overpayment non-refundable. Region 8 ESC and TIPS reserve the right to extend the six (6) month deadline if approved by the Region 8 ESC Board of Directors. TIPS reserves all rights under the law to collect TIPS Administration Fees due to TIPS pursuant to this Agreement.

12. **Term of the Agreement.** This Agreement with TIPS is for approximately three years with a one-year, consecutive option for renewal as described herein. Renewal options are not automatic and shall only be effective if offered by TIPS at its sole discretion. If TIPS offers a renewal option, the Vendor will be notified via email issued to Vendor's then-listed Primary Contact. The renewal option shall be deemed accepted by Vendor unless Vendor notifies TIPS of its objection to the renewal option in writing and confirms receipt by TIPS.

    Actual Effective Date: Agreement is effective upon signature by authorized representatives of both Parties. The Effective Date does not affect the "Term Calculation Start Date."

    Term Calculation Start Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, Vendor shall calculate the foregoing term as starting on the last day of the month that "Award Notifications" are anticipated as published in the Solicitation, regardless of the actual Effective Date.

    Example of Term Calculation Start Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2026, but extended negotiations delay award until June 27, 2026 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2026 in this example.

    Contract Expiration Date: To keep the contract term consistent for all vendors awarded under a single TIPS contract, the term expiration date shall be three-years from the Term Calculation Start Date.

    Example of Contract Expiration Date: If the anticipated "Award Date" published in the Solicitation is May 22, 2026, but extended negotiations delay award until June 27, 2026 (Actual Effective Date), the Term Calculation Start Date shall be May 31, 2026 and the Contract Expiration Date of the resulting initial "three-year" term, (which is subject to an extension(s)) will be May 31, 2029 in this example.

    Option(s) for Renewal: Any option(s) for renewal shall begin on the Contract Expiration Date, or the date of the expiration of the prior renewal term where applicable, and continue for the duration specified for the renewal option herein.

    Example of Option(s) for Renewal: In this example, if TIPS offers a one-year renewal and the Contract Expiration Date is May 31, 2029, then the one-year renewal is effective from May 31, 2029 to May 31, 2030.

    TIPS may offer to extend Vendor Agreements to the fullest extent the TIPS Solicitation resulting in this Agreement permits.

13. **TIPS Pricing.** Vendor agrees and understands that for each TIPS Contract that it holds, Vendor submitted, agreed to, and received TIPS' approval for specific pricing, discounts, and other pricing terms and incentives which make up Vendor's TIPS Pricing for that TIPS Contract ("TIPS Pricing"). Vendor confirms that Vendor will not add the TIPS Administration Fee as a charge or line-item in a TIPS Sale. Vendor hereby certifies that Vendor shall only offer goods and services through this TIPS Contract if those goods and services are included in or added to Vendor's TIPS Pricing and approved by TIPS. TIPS reserves the right to review Vendor's pricing update requests as specifically as line-item by line-item to determine compliance. However, Vendor contractually agrees that all submitted pricing updates shall be within the original terms of the Vendor's TIPS Pricing (scope, proposed discounts, price increase limitations, and other pricing terms and incentives originally proposed by Vendor) such that TIPS may accept Vendors price increase requests as submitted without additional vetting at TIPS discretion. Any pricing quoted by Vendor to a TIPS Member or on a TIPS Quote shall never exceed Vendor's TIPS Pricing for any good or service offered through TIPS. TIPS Pricing price increases and modifications, if permitted, will be honored according to the terms of the solicitation and Vendor's proposal, incorporated herein by reference.

14. **Indemnification of TIPS.** VENDOR AGREES TO INDEMNIFY, HOLD HARMLESS, AND DEFEND TIPS, TIPS MEMBERS, TIPS OFFICERS, TIPS EMPLOYEES, TIPS DIRECTORS, AND TIPS TRUSTEES (THE "TIPS INDEMNITEES") FROM AND AGAINST ALL CLAIMS AND SUITS BY THIRD-PARTIES FOR DAMAGES, INJURIES TO PERSONS (INCLUDING DEATH), PROPERTY DAMAGES, LOSSES, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES, ARISING OUT OF OR RELATING TO VENDOR'S PERFORMANCE UNDER THIS AGREEMENT (INCLUDING THE PERFORMANCE OF VENDOR'S OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES), REGARDLESS OF THE NATURE OF THE CAUSE OF ACTION, INCLUDING WITHOUT LIMITATION CAUSES OF ACTION BASED UPON COMMON, CONSTITUTIONAL, OR STATUTORY LAW OR BASED IN

WHOLE OR IN PART UPON ALLEGATIONS OF NEGLIGENT OR INTENTIONAL ACTS OR OMISSIONS ON THE PART OF VENDOR, ITS OFFICERS, EMPLOYEES, AGENTS, AUTHORIZED RESELLERS, SUBCONTRACTORS, LICENSEES, OR INVITEES. **NO LIMITATION OF LIABILITY FOR DAMAGES FOR PERSONAL INJURY OR PROPERTY DAMAGE ARE PERMITTED OR AGREED TO BY TIPS.** APART FROM THIS INDEMNIFICATION PROVISION REQUIRING INDEMNIFICATION OF THE TIPS INDEMNITEES' ATTORNEY'S FEES AS SET FORTH ABOVE, RECOVERY OF ATTORNEYS' FEES BY THE PREVAILING PARTY IS AUTHORIZED ONLY IF AUTHORIZED BY TEX. EDUC. CODE § 44.032(F).

15. **Indemnification and Assumption of Risk – Vendor Data.** VENDOR AGREES THAT IT IS VOLUNTARILY PROVIDING DATA (INCLUDING BUT NOT LIMITED TO: VENDOR INFORMATION, VENDOR DOCUMENTATION, VENDOR'S PROPOSALS, VENDOR PRICING SUBMITTED OR PROVIDED TO TIPS, TIPS CONTRACT DOCUMENTS, TIPS CORRESPONDENCE, VENDOR LOGOS AND IMAGES, VENDOR'S CONTACT INFORMATION, VENDOR'S BROCHURES AND COMMERCIAL INFORMATION, VENDOR'S FINANCIAL INFORMATION, VENDOR'S CERTIFICATIONS, AND ANY OTHER VENDOR INFORMATION OR DOCUMENTATION, INCLUDING WITHOUT LIMITATION SOFTWARE AND SOURCE CODE UTILIZED BY VENDOR, SUBMITTED TO TIPS BY VENDOR AND ITS AGENTS) ("VENDOR DATA") TO TIPS. FOR THE SAKE OF CLARITY, AND WITHOUT LIMITING THE BREADTH OF THE INDEMNITY OBLIGATIONS IN SECTION 14 ABOVE, VENDOR AGREES TO PROTECT, INDEMNIFY, AND HOLD THE TIPS INDEMNITEES HARMLESS FROM AND AGAINST ANY AND ALL LOSSES, CLAIMS, ACTIONS, DEMANDS, ALLEGATIONS, SUITS, JUDGMENTS, COSTS, EXPENSES, FEES, INCLUDING COURT COSTS, ATTORNEY'S FEES, AND EXPERT FEES AND ALL OTHER LIABILITY OF ANY NATURE WHATSOEVER ARISING OUT OF OR RELATING TO: (I) ANY UNAUTHORIZED, NEGLIGENT OR WRONGFUL USE OF, OR CYBER DATA BREACH INCIDENT AND VIRUSES OR OTHER CORRUPTING AGENTS INVOLVING, VENDOR'S DATA, PRICING, AND INFORMATION, COMPUTERS, OR OTHER HARDWARE OR SOFTWARE SYSTEMS, AND; (II) ALLEGATIONS OR CLAIMS THAT ANY VENDOR DATA INFRINGES ON THE INTELLECTUAL PROPERTY RIGHTS OF A THIRD-PARTY OR VENDOR.

16. **Procedures Related to Indemnification.** In the event that an indemnity obligation arises, Vendor shall pay all amounts set forth in Section 14 and 15 above (including any settlements) and – if it has accepted its indemnity obligation without qualification – control the legal defense to such claim or cause of action, including without limitation attorney selection, strategy, discovery, trial, appeal, and settlement, and TIPS shall, at Vendor's cost and expense (with respect to reasonable out of pocket costs and expenses incurred by TIPS which shall be reimbursed to TIPS by Vendor), provide all commercially reasonable assistance requested by Vendor. In controlling any defense, Vendor shall ensure that all assertions of governmental immunity and all applicable pleas and defenses shall be promptly asserted.

17. **Indemnity for Underlying Sales and Supplemental Agreements.** Vendor shall be solely responsible for any customer claims or any disputes arising out of TIPS Sales or any Supplemental Agreement as if sold in the open-market. The Parties agree that TIPS shall not be liable for any claims arising out of Vendor's TIPS Sales or Supplemental Agreements, including but not limited to: allegations of product defect or insufficiency, allegations of service defect or insufficiency, allegations regarding delivery defect or insufficiency, allegations of fraud or misrepresentation, allegations regarding pricing or amounts owed for TIPS sales, and/or allegations regarding payment, over-payment, under-payment, or non-payment for TIPS Sales. Payment/Drafting, overpayment/over-drafting, under-payment/under-drafting, or non-payment for TIPS Sales between customer and Vendor and inspections, rejections, or acceptance of such purchases shall be the exclusive respective obligations of Vendor/Customer, and disputes shall be handled in accordance with the terms of the underlying Supplemental Agreement(s) entered into between Vendor and Customer. Vendor acknowledges that TIPS is not a dealer, subcontractor, agent, or reseller of Vendor's goods and services and shall not be responsible for any claims arising out of alleged insufficiencies or defects in Vendor's goods and services, should any arise.

18. **Confidentiality of Vendor Data.** Vendor understands and agrees that by signing this Agreement, all Vendor Data is hereby released to TIPS, TIPS Members, and TIPS third-party administrators to effectuate Vendor's TIPS Contract except as provided for herein. The Parties agree that Vendor Data is accessible by all TIPS Members as if submitted directly to that TIPS Member Customer for purchase consideration. If Vendor otherwise considers any portion of Vendor's Data to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code (the "Public Information Act") or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form which is required to be submitted as part of Vendor's proposal resulting in this Agreement and incorporated by reference. The Confidentiality Claim Form included in Vendor's proposal and incorporated herein by reference is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a Public Information Request. If TIPS receives a request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor Data deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion. In the event that TIPS receives a written request for information pursuant to the Public Information Act that affects Vendor's interest in any information or data furnished to TIPS by Vendor, and TIPS requests an opinion from the Attorney General, Vendor may, at its own option and expense, prepare comments and submit information directly to the Attorney General stating why the requested information is exempt from disclosure pursuant to the requirements of the Public Information Act. Vendor is solely responsible for submitting the memorandum brief and information to the Attorney General

within the time period prescribed by the Public Information Act. Notwithstanding any other information provided in this solicitation or Vendor designation of certain Vendor Data as confidential or proprietary, Vendor's acceptance of this TIPS Vendor Agreement constitutes Vendor's consent to the disclosure of Vendor's Data, including any information deemed confidential or proprietary, to TIPS Members or as ordered by a Court or government agency, including without limitation the Texas Attorney General. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation by TIPS Members or as required by law.

19. **Vendor's Authorized Resellers.** TIPS recognizes that many vendors operate in the open market through the use of resellers or dealers. For that reason, TIPS permits Vendor to authorize Authorized Resellers within its Vendor Portal and make TIPS Sales through the Authorized Reseller(s). Once authorized by Vendor in the Vendor Portal, the Authorized Reseller(s) may make TIPS sales to TIPS Members. However, all purchase documents must include: (1) Authorized Reseller's Name; (2) Vendor's Name, as known to TIPS, and; (3) Vendor's TIPS Contract Name and Number under which it is making the TIPS Sale. Either Vendor or Reseller may report the sale pursuant to the terms herein. However, Vendor agrees that it is legally responsible for all reporting and fee payment as described herein for TIPS Sales made by Authorized Resellers. The TIPS Administration Fee is assessed on the amount paid by the TIPS Member, not on the Vendor's cost or on the amount for which the Vendor sold the item to a dealer or Authorized Reseller. The Parties intend that Vendor shall be responsible and liable for TIPS Sales made by Vendor's Authorized Resellers. Vendor agrees that it is voluntarily authorizing this Authorized Reseller and in doing so, Vendor agrees that it is doing so at its own risk and agrees to protect, indemnify, and hold TIPS harmless in accordance with Sections 14-17 above related to Authorized Reseller TIPS Sales made pursuant to this Agreement or purporting to be made pursuant to this Agreement that may be asserted against Vendor whether rightfully brought or otherwise. The Parties further agree that it is no defense to Vendor's breach of this Agreement that an Authorized Reseller caused Vendor of breach this Agreement.

20. **Circumvention of TIPS Sales.** When a public entity initiates a purchase with Vendor, if the Member inquires verbally or in writing whether Vendor holds a TIPS Contract, it is the duty of the Vendor to verify whether the Member is seeking a TIPS purchase. Any request for quote, customer communication, or customer purchase initiated through or referencing a TIPS Contract shall be completed through TIPS pursuant to this Agreement. Any encouragement or participation by Vendor in circumventing a TIPS sale being completed may result in immediate termination of Vendor's TIPS Contract(s) for cause as well as preclusion from future TIPS opportunities at TIPS sole discretion.

21. **State of Texas Franchise Tax.** By signature hereon, Vendor hereby certifies that Vendor is not currently delinquent in the payment of any franchise taxes owed to the State of Texas under Chapter 171 of the Texas Tax Code.

22. **Termination.**

A) Termination for Convenience. TIPS may, by written notice to Vendor, terminate this Agreement for convenience, in whole or in part, at any time by giving thirty (30) days' written notice to Vendor of such termination, and specifying the effective date thereof.

B) Termination for Cause. If Vendor fails to materially perform pursuant to the terms of this Agreement, TIPS shall provide written notice to Vendor specifying the default. If Vendor does not cure such default within thirty (30) days, TIPS may terminate this Agreement, in whole or in part, for cause. If TIPS terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

C) Vendor's Termination. If TIPS fails to materially perform pursuant to the terms of this Agreement, Vendor shall provide written notice to TIPS specifying the default ("Notice of Default"). If TIPS does not cure such default within thirty (30) days, Vendor may terminate this Agreement, in whole or in part, for cause. If Vendor terminates this Agreement for cause, and it is later determined that the termination for cause was wrongful, the termination shall automatically be converted to and treated as a termination for convenience.

D) Upon termination, all TIPS Sale orders previously accepted by Vendor shall be fulfilled and Vendor shall be paid for all TIPS Sales executed pursuant to the applicable terms. All TIPS Sale orders presented to Vendor but not fulfilled by Vendor, prior to the actual termination of this agreement shall be honored at the option of the TIPS Member. TIPS shall submit to Vendor an invoice for any outstanding TIPS Administration Fees and approved expenses and Vendor shall pay such fees and expenses within 30 calendar days of receipt of such valid TIPS invoice. Vendor acknowledges and agrees that continued participation in TIPS is subject to TIPS' sole discretion and that any Vendor may be removed from the TIPS program at any time with or without cause. This

termination clause does not affect TIPS Sales Supplemental Agreements pursuant to this term regarding termination and the Survival Clause term.

E) Vendor hereby waives any and all claims for damages, including, but not limited, to consequential damages or lost profits, that might arise from TIPS' act of terminating this Agreement.

23. **Survival Clause.** It is the intent of the Parties that this Agreement and procurement method applies to any TIPS Sale made during the life of this Agreement even if made on or near the Contract Expiration Date as defined herein. Thus, all TIPS Sales, including but not limited to: leases, service agreements, license agreements, open purchase orders, warranties, and contracts, even if they extend months or years past the TIPS Contract Expiration Date, shall survive the expiration or termination of this Agreement subject to the terms and conditions of the Supplemental Agreement between Customer and Vendor or unless otherwise specified herein.

24. **Audit Rights.** Due to transparency statutes and public accountability requirements of TIPS and TIPS Members, Vendor shall at their sole expense, maintain documentation of all TIPS Sales for a period of three years from the time of the TIPS Sale. In order to ensure and confirm compliance with this agreement, TIPS shall have authority to conduct audits of Vendor's TIPS Pricing or TIPS Sales with thirty-days' notice unless the audit is ordered by a Court Order or by a Government Agency with authority to do so without said notice. Notwithstanding the foregoing, in the event that TIPS is made aware of any pricing being offered to eligible entities that is materially inconsistent with Vendor's TIPS Pricing, TIPS shall have the ability to conduct the audit internally or may engage a third- party auditing firm to investigate any possible non-compliant conduct or may terminate the Agreement according to the terms of this Agreement. In the event of an audit, the requested materials shall be reasonably provided in the time, format, and at the location acceptable to TIPS. TIPS agrees not to perform a random audit the TIPS transaction documentation more than once per calendar year, but reserves the right to audit for just cause or as required by any governmental agency or court with regulatory authority over TIPS or the TIPS Member. These audit rights shall survive termination of this Agreement for a period of one (1) year from the effective date of termination.

25. **Conflicts of Interest.** The Parties confirm that they have not offered, given, or accepted, nor intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, service to the other in connection with this Agreement. Vendor affirms that, to the best of Vendor's knowledge, this Agreement has been arrived at independently, and is awarded without collusion with anyone to obtain information or gain any favoritism that would in any way limit competition or give an unfair advantage over other vendors in the award of this Agreement. Vendor agrees that it has disclosed any necessary affiliations with Region 8 Education Service Center and the TIPS Department, if any, through the Conflict of Interest attachment provided in the solicitation resulting in this Agreement.

26. **Volume of TIPS Sales.** Nothing in this Agreement or any TIPS communication may be construed as a guarantee that TIPS or TIPS Members will submit any TIPS orders to Vendor at any time.

27. **Compliance with the Law.** The Parties agree to comply fully with all applicable federal, state, and local statutes, ordinances, rules, and regulations applicable to their entity in connection with the programs contemplated under this Agreement.

28. **Severability.** If any term(s) or provision(s) of this Agreement are held by a court of competent jurisdiction to be invalid, void, or unenforceable, then such term(s) or provision(s) shall be deemed restated to reflect the original intention of the Parties as nearly as possible in accordance with applicable law and the remainder of this Agreement, and the remainder of the provisions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated, unless such holding causes the obligations of the Parties hereto to be impossible to perform or shall render the terms of this Agreement to be inconsistent with the intent of the Parties hereto.

29. **Force Majeure.** If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement through no fault of its own then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon. Upon delivering such notice, the obligation of the affected party, so far as it is affected by such Force Majeure as described, shall be suspended during the continuance of the inability then claimed but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch. In the event that Vendor's obligations are suspended by reason of Force Majeure, all TIPS Sales accepted prior to the Force Majeure event shall be the legal responsibility of Vendor and the terms of the TIPS Sale Supplemental Agreement shall control Vendor's failure to fulfill for a Force Majeure event.

30. **Immunity.** Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. The failure to enforce, or any delay in the enforcement of, any privileges, rights, defenses,

remedies, or immunities available to Region 8 Education Service Center or its TIPS Department under this Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

31. **Insurance Requirements.** Vendor agrees to maintain the following minimum insurance requirements for the duration of this Agreement. All policies held by Vendor to adhere to this term shall be written by a carrier with a financial size category of VII and at least a rating of "A-" by A.M. Best Key Rating Guide. The coverages and limits are to be considered minimum requirements and in no way limit the liability of the Vendor(s). Any immunity available to TIPS or TIPS Members shall not be used as a defense by the contractor's insurance policy. Only deductibles applicable to property damage are acceptable, unless proof of retention funds to cover said deductibles is provided. "Claims made" policies will not be accepted. Vendor's required minimum coverage shall not be suspended, voided, cancelled, non-renewed or reduced in coverage or in limits unless replaced by a policy that provides the minimum required coverage except after thirty (30) days prior written notice by certified mail, return receipt requested has been given to TIPS or the TIPS Member if a project or pending delivery of an order is ongoing. Upon request, certified copies of all insurance policies shall be furnished to the TIPS or the TIPS Member. Vendor agrees that when Vendor or its subcontractors are liable for any damages or claims, Vendor's policy, shall be primary over any other valid and collectible insurance carried by the Member or TIPS.

General Liability:	$1,000,000 each Occurrence/Aggregate
Automobile Liability:	$300,000 Includes owned, hired & non-owned
Workers' Compensation:	Statutory limits for the jurisdiction in which the Vendor performs under this Agreement. If Vendor performs in multiple jurisdictions, Vendor shall maintain the statutory limits for the jurisdiction with the greatest dollar policy limit requirement.
Umbrella Liability:	$1,000,000 each Occurrence/Aggregate

32. **Waiver.** No waiver of any single breach or multiple breaches of any provision of this Agreement shall be construed to be a waiver of any breach of any other provision. No delay in acting regarding any breach of any provision shall be construed to be a waiver of such breach.

33. **Binding Agreement.** This Agreement shall be binding and inure to the benefit of the Parties hereto and their respective heirs, legal successors, and assigns.

34. **Headings.** The paragraph headings contained in this Agreement are included solely for convenience of reference and shall not in any way affect the meaning or interpretation of any of the provisions of this Agreement.

35. **Choice of Law and Venue.** This Agreement shall be governed by, construed, and enforced in accordance with the laws of the State of Texas. Any proceeding, claim, action, or alternative dispute resolution arising out of or relating to this Agreement or involving TIPS shall be brought in a State Court of competent jurisdiction in Camp County, Texas, or if Federal Court is legally required, a Federal Court of competent jurisdiction in the Eastern District of Texas, and each of the Parties irrevocably submits to the exclusive jurisdiction of said court in any such proceeding, waives any objection it may now or hereafter have to venue or to convenience of forum, agrees that all claims in respect of the proceeding shall be heard and determined only in any such court, and agrees not to bring any proceeding arising out of or relating to this procurement process or any contract resulting from or and contemplated transaction in any other court. The Parties agree that either or both of them may file a copy of this paragraph with any court as written evidence of the knowing, voluntary and freely bargained for agreement between the Parties irrevocably to waive any objections to venue or to convenience of forum.

36. **Relationship of the Parties.** Nothing contained in this Agreement shall be construed to make one Party an agent of the other Party nor shall either party have any authority to bind the other in any respect, unless expressly authorized by the other party in writing. The Parties are independent contractors and nothing in this Agreement creates a relationship of employment, trust, agency or partnership between them.

37. **Assignment.** No assignment of this Agreement or of any duty or obligation of performance hereunder, shall be made in whole or in part by a Party hereto without the prior written consent of the other Party. Written consent of TIPS shall not be unreasonably withheld.

38. **Minimum Condition and Warranty Requirements for TIPS Sales.** All goods quoted or sold through a TIPS Sale shall be new unless clearly stated otherwise in writing. All new goods and services shall include the applicable manufacturers minimum standard warranty unless otherwise agreed to in the Supplemental Agreement.

39. **Minimum Customer Support Requirements for TIPS Sales.** Vendor shall provide timely and commercially reasonable support for TIPS Sales or as agreed to in the applicable Supplemental Agreement.

40. **Minimum Shipping Requirements for TIPS Sales.** Vendor shall ship, deliver, or provide ordered goods and services within a commercially reasonable time after acceptance of the order. If a delay in delivery is anticipated, Vendor shall notify the TIPS Member as to why delivery is delayed and provide an updated estimated time for completion. The TIPS Member may cancel the order if the delay is not commercially acceptable or not consistent with the Supplemental Agreement applicable to the order.

41. **Minimum Vendor License Requirements.** Vendor shall maintain, in current status, all federal, state, and local licenses, bonds and permits required for the operation of the business conducted by Vendor. Vendor shall remain fully informed of and in compliance with all ordinances and regulations pertaining to the lawful provision of goods or services under the TIPS Agreement. TIPS and TIPS Members reserve the right to stop work and/or cancel a TIPS Sale or terminate this or any TIPS Sale Supplemental Agreement involving Vendor if Vendor's license(s) required to perform under this Agreement or under the specific TIPS Sale have expired, lapsed, are suspended or terminated subject to a 30-day cure period unless prohibited by applicable statue or regulation.

42. **Minimum Vendor Legal Requirements.** Vendor shall remain aware of and comply with this Agreement and all local, state, and federal laws governing the sale of products/services offered by Vendor under this contract. Such applicable laws, ordinances, and policies must be complied with even if not specified herein.

43. **Minimum Site Requirements for TIPS Sales (*when applicable to TIPS Sale*).**

Cleanup: When performing work on site at a TIPS Member's property, Vendor shall clean up and remove all debris and rubbish resulting from their work as required or directed by the TIPS Member or as agreed by the parties. Upon completion of work, the premises shall be left in good repair and an orderly, neat, clean and unobstructed condition.

Preparation: Vendor shall not begin a project for which a TIPS Member has not prepared the site, unless Vendor does the preparation work at no cost, or until TIPS Member includes the cost of site preparation in the TIPS Sale Site preparation includes, but is not limited to: moving furniture, installing wiring for networks or power, and similar pre-installation requirements.

Registered Sex Offender Restrictions: For work to be performed at schools, Vendor agrees that no employee of Vendor or a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are, or reasonably expected to be, present unless otherwise agreed by the TIPS Member. Vendor agrees that a violation of this condition shall be considered a material breach and may result in the cancellation of the TIPS Sale at the TIPS Member's discretion. Vendor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Safety Measures: Vendor shall take all reasonable precautions for the safety of employees on the worksite, and shall erect and properly maintain all necessary safeguards for protection of workers and the public. Vendor shall post warning signs against all hazards created by the operation and work in progress. Proper precautions shall be taken pursuant to state law and standard practices to protect workers, general public and existing structures from injury or damage.

Smoking: Persons working under Agreement shall adhere to the TIPS Member's or local smoking statutes, codes, ordinances, and policies.

44. **Payment for TIPS Sales.** TIPS Members may make payments for TIPS Sales directly to Vendor, Vendor's Authorized Reseller, or as otherwise agreed to in the applicable Supplemental Agreement after receipt of the invoice and in compliance with applicable payment statutes. Regardless of how payment is issued or received for a TIPS Sale, Vendor is responsible for all reporting and TIPS Administration Fee payment requirements as stated herein.

45. **Marketing.** Vendor agrees that any logos, images, photos, writing, audio, clip art, music, data, promotional documents, or any other information or intellectual property ("Vendor Property") approved or provided by Vendor for TIPS' use are either the exclusive property of Vendor, or Vendor has all necessary rights, license, and permissions to allow TIPS use of Vendor Property. Vendor permits TIPS to use their name and logo to identify Vendor as a TIPS Awarded Vendor on the TIPS website only. All other use of Vendor's Property by TIPS shall require prior written Vendor approval. Any Vendor use of TIPS' logos, images, photos, writing, audio, clip art, music, data, promotional documents, or any other information or intellectual property ("TIPS Property") or reference to TIPS in marketing outreach requires Vendor to obtain prior written authorization from marketing@tips-usa.com which will not be unreasonably withheld. Vendor must execute a TIPS Marketing Waiver before specific, written authorization will be granted. For any marketing

outreach taken by Vendor without proper TIPS' authorization and execution of the TIPS Marketing Waiver, **Vendor shall indemnify and hold harmless TIPS and its employees, officers, agents, representatives, contractors, assignees, designees, and TIPS Members from any and all claims, damages, and judgments involving:**

i. **Infringement of patent, copyright, trade secrets, trade or services marks, and any other intellectual or intangible property rights and/or claims arising from the Vendor's (including Vendor's officers', employees', agents', authorized resellers', subcontractors', or invitees') unauthorized use or distribution of Vendor Property.**
ii. **Violations of privacy and data laws; and**
iii. **Unauthorized use or distribution of TIPS Property.**

46. **Tax Exempt Status of TIPS Members.** Most TIPS Members are tax exempt entities and the laws and regulations applicable to the specific TIPS Member customer shall control.

47. **Automatic Renewal Limitation for TIPS Sales.** No TIPS Sale may incorporate an automatic renewal clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated into a TIPS Sale Supplemental Agreement shall only be valid and enforceable when Vendor received written confirmation of acceptance of the renewal term from the TIPS Member for the specific renewal term. The purpose of this clause is to avoid a TIPS Member inadvertently renewing an Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. Any TIPS Sale Supplemental Agreement containing an "Automatic Renewal" clause that conflicts with these terms is rendered void and unenforceable.

48. **Choice of Law Limitation for TIPS Sales.** Vendor agrees that if any "Choice of Law" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Choice of Law" applicable to the TIPS Sale agreement/contract between Vendor and TIPS Member shall be the state where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Choice of Law" clause that conflicts with these terms is rendered void and unenforceable.pr

49. **Venue Limitation for TIPS Sales.** Vendor agrees that if any "Venue" provision is included in any TIPS Sale Agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Venue" for any litigation or alternative dispute resolution shall be in the state and county where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable.

50. **Indemnity Limitation for TIPS Sales.** Texas and other jurisdictions restrict the ability of governmental entities to indemnify others. Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any TIPS sales agreement/contract between Vendor and a TIPS Member, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [TIPS Member's State]" unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing an "Indemnity" clause that conflicts with these terms is rendered void and unenforceable.

51. **Arbitration Limitation for TIPS Sales.** Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause may not require that the arbitration is mandatory or binding. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause provides for only voluntary and non-binding arbitration unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Arbitration" clause that conflicts with these terms is rendered void and unenforceable.

In Witness Whereof, the parties hereto, each acting under due and proper authority, have signed this Agreement.

Event Information

Number: 260202
Title: Security Systems, Products, and Services
Type: Request for Proposal
Issue Date: 2/5/2026
Deadline: 3/20/2026 03:00 PM (CT)
Notes: This is a solicitation issued by The Interlocal Purchasing System (TIPS), a department of Texas Region 8 Education Service Center. It is an Indefinite Delivery, Indefinite Quantity ("IDIQ") solicitation. It will result in contracts that provide, through adoption/"piggyback" an indefinite quantity of supplies/services, during a fixed period of time, to TIPS public entity and qualifying non-profit "TIPS Members" throughout the nation. Thus, there is no specific project or scope of work to review. Rather, this solicitation is issued as a prospective award for utilization when any TIPS Member needs the goods or services offered during the life of the agreement.

IF YOU CURRENTLY HOLD TIPS CONTRACT 230202 SECURITY SYSTEMS PRODUCTS AND SERVICES ("230202"), YOU MUST RESPOND TO THIS SOLICITATION TO PREVENT LAPSE OF CONTRACT UNLESS YOU HOLD ANOTHER CURRENT TIPS CONTRACT THAT COVERS ALL OF YOUR SECURITY OFFERINGS. THIS AWARDED CONTRACT WILL REPLACE YOUR EXPIRING TIPS CONTRACT 230202.

IF YOU HOLD ANOTHER TIPS CONTRACT OTHER THAN 230202 WHICH COVERS ALL OF

YOUR SECURITY OFFERINGS AND YOU ARE SATISFIED WITH IT, THERE IS NO NEED TO RESPOND TO THIS SOLICITATION UNLESS YOU PREFER TO HOLD BOTH CONTRACTS.

Requested Attachments

Pricing Form 1

260202 Pricing Form 1 (5).xlsx

Pricing Form 1 must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed as instructed, and uploaded to this location.

Pricing Form 2

260202 Pricing Form 2 (1).xlsx

Pricing Form 2 must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed as instructed, and uploaded to this location.

(3) Required Customer Reference Letters

Reference letters.pdf

Vendor is required to upload three Customer Reference Letters from three separate customers as described herein. Vendor will be scored on the aggregate Reference Letters received from customers as described in the solicitation. Vendor must provide three current letters (issued within the 12-months preceding the date on which the solicitation was posted) from its customers verifying Vendor's customer service and reputation as described herein. (Ex. if the solicitation/bid posted on February 4, 2024, the letters must be dated on or after February 1, 2023). The letters must be issued from customers who have received goods or services from the Vendor or its current corporate officials, on entity/company letterhead, must specify its customer experience with Vendor, and must be signed by an authorized representative of the customer. TIPS Reference Forms from past bids will no longer be accepted.

Required Confidentiality Claim Form

Confidentiality claim form.pdf

The Required Confidentiality Claim Form must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location. This is the only way for Vendor to assert confidentiality of any information submitted.

Vendor Agreement

TIPS Vendor Agreement.pdf

The Vendor Agreement must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, Vendor Name placed in the line provided at the top, and uploaded to this location. If Vendor has proposed deviations to the Vendor Agreement, Vendor may assert so in the Attribute Questions and those shall be addressed during evaluation.

Vendor Agreement Signature Form

Agreement Signature Form.pdf

The Vendor Agreement Signature Form must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location. If Vendor has proposed deviations to the Vendor Agreement, Vendor may leave the signature line of this page blank and assert so in the Attribute Questions and those shall be addressed during evaluation.

Current Form W-9

W-9 Form.pdf

Vendor must upload their current IRS Tax Form W-9. The legal name, EIN, and d/b/a's listed should match the information provided herein exactly. This form will be utilized by TIPS to properly identify your entity.

Alternate or Supplemental Pricing Documents

No response

Optional. If when completing Pricing Form 1 & Pricing Form 2 you direct TIPS to view additional, alternate, or supplemental pricing documentation, you may upload that documentation.

Certificates & Licenses (Supplemental Vendor Information Only)

Certificates.pdf

Optional. If Vendor would like to display any applicable certificates or licenses (including HUB certificates) for TIPS and TIPS Member Customer consideration, Vendor may upload those at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Vendor Logo (Supplemental Vendor Information Only)

Company Logo.pdf

Optional. If Vendor desires that their logo be displayed on their public TIPS profile for TIPS and TIPS Member viewing, Vendor may upload that logo at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Vendor's Warranties, Terms, and Conditions (Supplemental Vendor Information Only)

No response

Optional. If Vendor would like to display any standard warranties, terms, or conditions which are often applicable to their offerings for TIPS and TIPS Member Customer consideration, Vendor may upload those at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Supplemental Vendor Information (Supplemental Vendor Information Only)

No response

Optional. If Vendor would like to display or include any brochures, promotional documents, marketing materials, or other Vendor Information for TIPS and TIPS Member Customer consideration, Vendor may upload those at this location. These supplemental documents shall not be considered part of the TIPS Contract. Rather, they are Vendor Supplemental Information for marketing and informational purposes only.

Disclosure of Lobbying Activities - Standard Form - LLL

No response

Do not upload this form unless Vendor has reportable lobbying activities. There are Attributes entitled, "2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment – Continued." Properly respond to those Attributes and only upload this form if applicable/instructed. If upload is required based on your response to those Attributes, the Disclosure of Lobbying Activities – Standard Form - LLL must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded to this location.

Conflict of Interest Questionnaire - Form CIQ

No response

Do not upload this form unless you have a reportable conflict with TIPS. There is an Attribute entitled "Conflict of Interest Questionnaire Requirement" immediately followed by an Attribute entitled "Conflict of Interest Questionnaire Requirement – Form CIQ – Continued." Properly respond to those Attributes and only upload this form if applicable/instructed. If upload is required based on your response to those Attributes, the Conflict of Interest Questionnaire – Form CIQ must be downloaded from the "Attachments" section of the IonWave eBid System, reviewed, properly completed, and uploaded at this location.

Bid Attributes

1	**Disadvantaged/Minority/Women Business & Federal HUBZone** Some participating public entities are required to seek Disadvantaged/Minority/Women Business & Federal HUBZone ("D/M/WBE/Federal HUBZone") vendors. Does Vendor certify that their entity is a D/M/WBE/Federal HUBZone vendor? If you respond "Yes," you must upload current certification proof in the appropriate "Response Attachments" location. YES

2 **Historically Underutilized Business (HUB)**

Some participating public entities are required to seek Historically Underutilized Business (HUB) vendors as defined by the Texas Comptroller of Public Accounts Statewide HUB Program. Does Vendor certify that their entity is a HUB vendor?

If you respond "Yes," you must upload current certification proof in the appropriate "Response Attachments" location.

Yes

3 **National Coverage**

Can the Vendor provide its proposed goods and services to all 50 US States?

No

4 **States Served**

If Vendor answered "No" to the question entitled "National Coverage," please list all states where vendor can provide the goods and services proposed directly below. Your response may dictate which potential TIPS Member customers consider purchasing your offerings.

Texas

5 **Description of Vendor Entity and Vendor's Goods & Services**

If awarded, this description of Vendor and Vendor's goods and services will appear on the TIPS website for customer/public viewing.

Sales, services and monitoring of security equipment, door access , Surveillance Cameras and fire Alarm and monitoring

6 **Primary Contact Name**

30 **Search Words Identifying Vendor**

Please list all search words and phrases to be included in the TIPS database related to your entity. ***Do not*** list words which are not associated with the bid category/scope (See bid title for general scope). This will help users find you through the TIPS website search function. You may include product names, manufacturers, specialized services, and other words associated with the scope of this solicitation.

Alarm , CCTV, Wireless systems, Surveillance Equipment , Notification System , Cable , Fire , Monitoring , Cameras, Installation, Burglary , Gates , Intercom , Door Access, Recording Solutions , Video Storage, Surveillance Mobile Trailers

31 **Certification of Vendor Residency (Required by the State of Texas)**

Does Vendor's parent company or majority owner:

(A) have its principal place of business in Texas; ***or*** (B) employ at least 500 persons in Texas?

Texas Education Code Section 44.031 requires that this information be considered in evaluation for certain contracts. However, Vendor response does not affect points, scoring, or potential award.

Yes

32 **Vendor's Principal Place of Business (City)**

In what city is Vendor's principal place of business located?

Brownsville

33 **Vendor's Principal Place of Business (State)**

In what state is Vendor's principal place of business located?

Texas

34 **Vendor's Years in Business**

How many years has the business submitting this proposal been operating in its current capacity and field of work?

25

35 **Certification Regarding Entire TIPS Agreement**

Vendor agrees that, if awarded, Vendor's final TIPS Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract.

Does Vendor agree?

Yes, Vendor agrees

36 Minimum Percentage Discount Offered to TIPS Members on all Goods and Services (READ CAREFULLY)

Please read thoroughly and carefully as an error on your response can render your contract award unusable.

TIPS Members often turn to TIPS Contracts for ease of use and to receive discounted pricing.

What is the minimum percentage discount that you can offer TIPS Members off of all goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer? Only limited goods/services specifically identified and excluded from this discount in Vendor's original proposal may be excluded from this discount.

Vendor must respond with a percentage from 0%-100%. The percentage discount that you input below will be applied to your "Catalog Pricing", as defined in the solicitation, for all TIPS Sales made during the life of the contract. You cannot alter this percentage discount once the solicitation legally closes. You will always be required to discount every TIPS Sale by the percentage included below with the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal. If you add goods or services to your "Catalog Pricing" during the life of the contract, you will be required to sell those new items with this discount applied.

Example: In this example, you enter a 10% minimum percentage discount below. In year-one of your TIPS Contract, your published "Catalog Pricing" (website/store/published pricing) for "Tablet A" is $100 and for "Tablet Set-Up Service" is $100. In this example, you must sell those items under the TIPS Contract at the proposed 10% discounted price of: "Tablet A" - $90, "Tablet Set-Up Service" - $90. In year two of your TIPS Contract, you update your "Catalog Pricing" with the market. You add "Tablet B" to your "Catalog Pricing" for $200 and have increased the price of "Tablet A" to $110 and the price of "Tablet Set-Up Service" to $110. In this example, after the "Catalog Pricing" update, you must still sell those items under the TIPS Contract at the proposed 10% discounted price of: "Tablet A" - $99, "Tablet Set-Up Service" - $99, and "Tablet B" - $180.00.

With the exception of limited goods/services specifically identified and excluded from this discount in Vendor's original proposal, if you cannot honor the discount on all goods and items now included or which may be added in the future with certainty, then you should offer a lesser discount percentage below.

What is the minimum percentage discount that you can offer TIPS Members off of all goods and service pricing (whether offered through Pricing Form 1, Pricing Form 2, or in another accepted format) that you offer?

15%

37 Honoring Vendor's Minimum Percentage Discount

Vendor is asked in these Attribute Questions to provide a Minimum Percentage Discount offered to TIPS Members on all goods and services sold under the TIPS Contract. Points will be assigned for your response and scoring of your proposal will be affected. A "YES" answer will be awarded the maximum 10 points and a "NO" answer will be awarded 0 points.

Does Vendor agree to honor the Minimum Percentage Discount off of their TIPS "Catalog Pricing" that Vendor proposed for all TIPS Sales made for the duration of the TIPS Contract?

Yes, Vendor agrees

38 Volume and Additional Discounts

In addition to the Minimum Percentage Discount proposed herein, does Vendor ever expect and intend to offer additional, greater, or volume discounts to TIPS Members?

Point(s) may be assigned for your response in the category of "Pricing" during scoring and evaluation.

Yes

39	**"Catalog Pricing" and Pricing Requirements** **<u>This is a requirement of the TIPS Contract and is non-negotiable.</u>** In this solicitation and resulting contract, "Catalog Pricing" shall be defined as: "The then available list of goods or services, in the most current listing regardless of date, that takes the form of a catalog, price list, price schedule, shelf-price or other viewable format that: A. is regularly maintained by the manufacturer or Vendor of an item; and B. is either published or otherwise available for review by TIPS or a customer during the purchase process; C. to which the Minimum Percentage Discount proposed by the proposing Vendor may be applied. If awarded on this TIPS Contract, for the duration of the contract, Vendor agrees to provide, upon request, their then current "Catalog Pricing." Or, in limited circumstances where Vendor has proposed the Percentage Mark-Up method of pricing in this proposal, proof of Vendor's "cost" may be accepted by TIPS in place of catalog pricing. YES
40	**EXCEPTIONS & DEVIATIONS TO TIPS STANDARD TERMS AND CONDITIONS** Vendor agrees that, if awarded, Vendor's final TIPS Contract will consist of the provisions set forth in the finalized TIPS Vendor Agreement, Vendor's responses to these attribute questions, and: (1) The TIPS solicitation document resulting in this Agreement; (2) Any addenda or clarifications issued in relation to the TIPS solicitation; (3) All solicitation information provided to Vendor by TIPS through the TIPS eBid System; (3) Vendor's entire proposal response to the TIPS solicitation including all accepted required attachments, acknowledged notices and certifications, accepted negotiated terms, accepted pricing, accepted responses to questions, and accepted written clarifications of Vendor's proposal, and; any properly included attachments to the TIPS Contract. In the event of conflict between the terms of the finalized Vendor Agreement and one of the incorporated documents the terms and conditions which are in the best interest of governmental/qualifying non-profit TIPS Members shall control at TIPS sole discretion. If Vendor responds, "No, Vendor does not agree" to this Attribute, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. This is the only proper way to submit proposed deviations for TIPS consideration. TIPS reserves the right to accept, decline, or modify Vendor's requested negotiated terms. For this reason, answering "No, Vendor does not agree" may ultimately delay or prevent award. Does Vendor agree with TIPS standard terms and conditions as presented in the TIPS solicitation document (RFP, RCSP, RFQ, or other) and the TIPS Vendor Agreement document? Yes, Vendor agrees

4.1	**TIPS Sales Reporting Requirements** **This is a requirement of the TIPS Contract and is non-negotiable.** By submitting this proposal, Vendor certifies that Vendor will properly report all TIPS sales. With the exception of TIPS Automated Vendors, who have signed an exclusive agreement with TIPS regarding reporting, all TIPS Sales must be reported to TIPS by either: (1) Emailing the purchase order or similar purchase document (with Vendor's Name, as known to TIPS, and the TIPS Contract Name and Number included) to TIPS at tipspo@tips-usa.com with "Confirmation Only" in the subject line of the email within three business days of Vendor's acceptance of the order, or; (2) Within 3 business days of the order being accepted by Vendor, Vendor must login to the TIPS Vendor Portal and successfully self-report all necessary sale information within the Vendor Portal and confirm that it shows up accurately on your current Vendor Portal statement. No other method of reporting is acceptable unless agreed to by the Parties in writing. Failure to report all sales pursuant to this provision may result in immediate cancellation of Vendor's TIPS Contract(s) for cause at TIPS' sole discretion.
4.2	**TIPS Administration Fee Requirement and Acknowledgment** **This is a requirement of the TIPS Contract and is non-negotiable.** The collection of fees by TIPS, a government entity, for performance of these procurement services is required pursuant to Texas Government Code Section 791.011 et. seq. The TIPS Administration Fee is the amount legally owed by Vendor to TIPS for TIPS Sales made by Vendor. The TIPS Administration Fee amount is typically a set percentage of each TIPS Sale legally due to TIPS, but the exact TIPS Administration Fee for this Contract is published in the corresponding RFP or RCSP document. TIPS Administration Fees are due to TIPS immediately upon Vendor's receipt of payment, including partial payment, for a TIPS Sale. By submitting a proposal, Vendor agrees that it has read, understands, and agrees to the published TIPS Administration Fee amount, calculation, and payment requirements. By submitting a proposal Vendor further confirms that all TIPS Pricing includes the TIPS Administration Fee and Vendor will not show adding the TIPS Administration Fee as a charge or line-item in any TIPS Sale.
4.3	**TIPS Member Access to Vendor Proposal & Documentation** **This is a requirement of the TIPS Contract and is non-negotiable.** Notwithstanding any other information provided in this solicitation or Vendor designation of certain documentation as confidential or proprietary, Vendor's submission of this proposal constitutes Vendor's express consent to the disclosure of Vendor's comprehensive proposal, including any information deemed confidential or proprietary, **to TIPS Members**. The proposing Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of information or documentation to TIPS Members or by TIPS Members. By submitting this proposal, Vendor certifies the foregoing.

44	**Non-Collusive Bidding Certificate** **This is a requirement of the TIPS Contract and is non-negotiable.** By submission of this proposal, the Vendor certifies that: 1) This proposal has been independently arrived at without collusion with any other entity, bidder, or with any competitor; 2) This proposal has not been knowingly disclosed and will not be knowingly disclosed, prior to the opening of bids, or proposals for this project, to any other bidder, competitor or potential competitor: 3) No attempt has been or will be made to induce any other person, partnership or corporation to modify, submit, or not to submit a bid or proposal; and 4) The person signing this bid or proposal certifies that they are duly authorized to execute this proposal/contract on behalf of Vendor and they have fully informed themselves regarding the accuracy of the statements contained in this certification, and under the penalties being applicable to the bidder as well as to the person signing in its behalf;

45	**Prohibition of Vendor Conflict of Interest (Tex. Edu. Code § 11.067)** **This is a requirement of the TIPS Contract and is non-negotiable.** "Substantial Interest", as used in this attribute, is defined in Tex. Edu. Code § 11.067(b). By submission of this proposal, the Vendor certifies that at the time of proposal submission, no individual serving on the Region 8 ESC Board of Trustees: (1) Has a substantial interest in the Vendor, or (2) Is related by the second degree by consanguinity or affinity (as determined under Chapter 573, Government Code) to an individual with a substantial interest in the Vendor. Vendor further certifies that it shall not enter a contract with a Texas school district TIPS Member under this TIPS Contract if an individual serving on that TIPS Member's Board of Trustees: (1) Has a substantial interest in the Vendor, or (2) Is related by the second degree by consanguinity or affinity (as determined under Chapter 573, Government Code) to an individual with a substantial interest in the Vendor.

46	**Antitrust Certification Statements (Tex. Government Code § 2155.005)** **This is a requirement of the TIPS Contract and is non-negotiable.** By submission of this bid or proposal, Vendor certifies under penalty of perjury of the laws of the State of Texas that: (1) I am duly authorized to execute this proposal/contract on my own behalf or on behalf of the company, corporation, firm, partnership or individual (Vendor) identified herein; (2) In connection with this proposal, neither I nor any representative of Vendor has violated any provision of the Texas Free Enterprise and Antitrust Act, Tex. Bus. & Comm. Code Chapter 15; (3) In connection with this proposal, neither I nor any representative of the Vendor has violated any federal antitrust law; (4) Neither I nor any representative of Vendor has directly or indirectly communicated any of the contents of this bid to a competitor of the Company or any other company, corporation, firm, partnership or individual engaged in the same line of business as the Company.

47 **Limitation on Out-of-State Litigation - Texas Business and Commerce Code § 272**

This is a requirement of the TIPS Contract and is non-negotiable.

Texas Business and Commerce Code § 272 prohibits a construction contract, or an agreement collateral to or affecting the construction contract, from containing a provision making the contract or agreement, or any conflict arising under the contract or agreement, subject to another state's law, litigation in the courts of another state, or arbitration in another state. If included in Texas construction contracts, such provisions are voidable by a party obligated by the contract or agreement to perform the work.

By submission of this proposal, Vendor acknowledges this law and ***if Vendor enters into a construction contract with a Texas TIPS Member*** under this procurement, Vendor certifies compliance.

48 **Required Confidentiality Claim Form**

This is a requirement of the TIPS Contract and is non-negotiable.

TIPS provides the required TIPS Confidentiality Claim Form in the "Attachments" section of this solicitation. Vendor must execute this form by either signing and waiving any confidentiality claim, or designating portions of Vendor's proposal confidential. If Vendor considers any portion of Vendor's proposal to be confidential and not subject to public disclosure pursuant to Chapter 552 Texas Gov't Code or other law(s) and orders, Vendor must have identified the claimed confidential materials through proper execution of the Confidentiality Claim Form.
If TIPS receives a public information act or similar request, any responsive documentation not deemed confidential by you in this manner will be automatically released. For Vendor documents deemed confidential by you in this manner, TIPS will follow procedures of controlling statute(s) regarding any claim of confidentiality and shall not be liable for any release of information required by law, including Attorney General determination and opinion.

Notwithstanding any other Vendor designation of Vendor's proposal as confidential or proprietary, Vendor's submission of this proposal constitutes Vendor's agreement that proper execution of the required TIPS Confidentiality Claim Form is the only way to assert any portion of Vendor's proposal as confidential.

49 **Non-Discrimination Statement and Certification**

This is a requirement of the TIPS Contract and is non-negotiable.

In accordance with Federal civil rights law, all U.S. Departments, including but not limited to the USDA, USDE, FEMA, are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by federal funds (not all bases apply to all programs).
Vendor certifies that Vendor will comply with applicable Non-Discrimination and Equal Opportunity provisions set forth in TIPS Member Customers' policies and other regulations at the local, state, and federal levels of governments.

☑ Yes, I certify

50 **Limitation of Vendor Indemnification and Similar Clauses**

This is a requirement of the TIPS Contract and is non-negotiable.

TIPS, a department of Region 8 Education Service Center, a political subdivision, and local government entity of the State of Texas, is prohibited from indemnifying third-parties (pursuant to the Article 3, Section 52 of the Texas Constitution) except as otherwise specifically provided for by law or as ordered by a court of competent jurisdiction. Article 3, Section 52 of the Texas Constitution states that "no debt shall be created by or on behalf of the State ... " and the Texas Attorney General has opined that a contractually imposed obligation of indemnity creates a "debt" in the constitutional sense. Tex. Att'y Gen. Op. No. MW-475 (1982). Thus, contract clauses which require TIPS to indemnify Vendor, pay liquidated damages, pay attorney's fees, waive Vendor's liability, or waive any applicable statute of limitations must be deleted or qualified with "to the extent permitted by the Constitution and Laws of the State of Texas."

Does Vendor agree?

☑ Yes, I Agree

51 **Alternative Dispute Resolution Limitations**

This is a requirement of the TIPS Contract and is non-negotiable.

TIPS, a department of Region 8 Education Service Center, a political subdivision, and local government entity of the State of Texas, does not agree to binding arbitration as a remedy to dispute and no such provision shall be permitted in this Agreement with TIPS. Vendor agrees that any claim arising out of or related to this Agreement, except those specifically and expressly waived or negotiated within this Agreement, may be subject to non-binding mediation at the request of either party to be conducted by a mutually agreed upon mediator as prerequisite to the filing of any lawsuit arising out of or related to this Agreement. Mediation shall be held in either Camp or Titus County, Texas. Agreements reached in mediation will be subject to the approval by the Region 8 ESC's Board of Directors, authorized signature of the Parties if approved by the Board of Directors, and, once approved by the Board of Directors and properly signed, shall thereafter be enforceable as provided by the laws of the State of Texas.

Does Vendor agree?

Yes, Vendor agrees

52 **No Waiver of TIPS Immunity**

This is a requirement of the TIPS Contract and is non-negotiable.

Vendor agrees that nothing in this Agreement shall be construed as a waiver of sovereign or government immunity; nor constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to Region 8 Education Service Center or its TIPS Department under this Agreement or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities or be considered as a basis for estoppel.

Does Vendor agree?

☑ Yes, Vendor agrees

53 **Payment Terms and Funding Out Clause**

This is a requirement of the TIPS Contract and is non-negotiable.

Vendor agrees that TIPS and TIPS Members shall not be liable for interest or late-payment fees on past-due balances at a rate higher than permitted by the laws or regulations of the jurisdiction of the TIPS Member.

Funding-Out Clause: Vendor agrees to abide by the applicable laws and regulations, including but not limited to Texas Local Government Code § 271.903, or any other statutory or regulatory limitation of the jurisdiction of any TIPS Member, which requires that contracts approved by TIPS or a TIPS Member are subject to the budgeting and appropriation of currently available funds by the entity or its governing body.

Does Vendor agree?

☑ Yes, Vendor agrees

54 **Certification Regarding Prohibition of Certain Terrorist Organizations (Tex. Gov. Code 2270)**

Vendor certifies that Vendor is not a company identified on the Texas Comptroller's list of companies known to have contracts with, or provide supplies or services to, a foreign organization designated as a Foreign Terrorist Organization by the U.S. Secretary of State.

Does Vendor certify?

Yes, Vendor certifies

55 **Certification Regarding Prohibition of Boycotting Israel (Tex. Gov. Code 2271)**

If (a) Vendor is not a sole proprietorship; (b) Vendor has ten (10) or more full-time employees; and (c) this Agreement or any agreement with a TIPS Member under this procurement has value of $100,000 or more, the following certification shall apply; otherwise, this certification is not required. Vendor certifies, where applicable, that neither the Vendor, nor any affiliate, subsidiary, or parent company of Vendor, if any, boycotts Israel, and Vendor agrees that Vendor and Vendor Companies will not boycott Israel during the term of this Agreement. For purposes of this Agreement, the term "boycott" shall mean and include refusing to deal with, terminating business activities with, or otherwise taking any action that is intended to penalize, inflict economic harm on, or limit commercial relations with Israel, or with a person or entity doing business in Israel or in an Israeli-controlled territory but does not include an action made for ordinary business purposes.

When applicable, does Vendor certify?

Yes, Vendor certifies

56 Certification Regarding Prohibition of Contracts with Certain Foreign-Owned Companies (Tex. Gov. Code 2274)

Certain public entities are prohibited from entering into a contract or other agreement relating to critical infrastructure that would grant Vendor direct or remote access to or control of critical infrastructure in this state, excluding access specifically allowed by a customer for product warranty and support purposes.

Vendor certifies that neither it nor its parent company nor any affiliate of Vendor or its parent company, is (1) owned by or the majority of stock or other ownership interest of the company is held or controlled by individuals who are citizens of China, Iran, North Korea, Russia, or a designated country; (2) a company or other entity, including governmental entity, that is owned or controlled by citizens of or is directly controlled by the government of China, Iran, North Korea, Russia, or a designated country; or (3) headquartered in China, Iran, North Korea, Russia, or a designated country.

For purposes of this certification, "critical infrastructure" means "a communication infrastructure system, cybersecurity system, electric grid, hazardous waste treatment system, or water treatment facility." Vendor certifies that Vendor will not grant direct or remote access to or control of critical infrastructure, except for product warranty and support purposes, to prohibited individuals, companies, or entities, including governmental entities, owned, controlled, or headquartered in China, Iran, North Korea, Russia, or a designated country, as determined by the Governor.

When applicable, does Vendor certify?

Yes, Vendor certifies

57 Certification Regarding Prohibition of Discrimination Against Firearm and Ammunition Industries (Tex. Gov. Code 2274)

If (a) Vendor is not a sole proprietorship; (b) Vendor has at least ten (10) full-time employees; and (c) this Agreement or any Supplemental Agreement with certain public entities have a value of at least $100,000 that is paid wholly or partly from public funds; (d) the Agreement is not excepted under Tex. Gov. Code 2274 and (e) the purchasing public entity has determined that Vendor is not a sole-source provider or the purchasing public entity has not received any bids from a company that is able to provide this written verification, the following certification shall apply; otherwise, this certification is not required.

Vendor certifies that Vendor, or association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, including a wholly owned subsidiary, majority-owned subsidiary parent company, or affiliate of these entities or associations, that exists to make a profit, does not have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association and will not discriminate during the term of this contract against a firearm entity or firearm trade association.

For purposes of this Agreement, "discriminate against a firearm entity or firearm trade association" shall mean, with respect to the entity or association, to: "(1) refuse to engage in the trade of any goods or services with the entity or association based solely on its status as a firearm entity or firearm trade association; (2) refrain from continuing an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association; or (3) terminate an existing business relationship with the entity or association based solely on its status as a firearm entity or firearm trade association."

"Discrimination against a firearm entity or firearm trade association" does not include: "(1) the established policies of a merchant, retail seller, or platform that restrict or prohibit the listing or selling of ammunition, firearms, or firearm accessories; and (2) a company's refusal to engage in the trade of any goods or services, decision to refrain from continuing an existing business relationship, or decision to terminate an existing business relationship to comply with federal, state, or local law, policy, or regulations or a directive by a regulatory agency, or for any traditional business reason that is specific to the customer or potential customer and not based solely on an entity's or association's status as a firearm entity or firearm trade association."

When applicable, does Vendor certify?

Yes, Vendor certifies

58 **Certification Regarding Termination of Contract for Non-Compliance (Tex. Gov. Code 552.374)**

If Vendor is not a governmental body and (a) this Agreement or any Supplemental Agreement with a public entity has a stated expenditure of at least $1 million in public funds for the purchase of goods or services by certain public entities; or (b) this Agreement or any Supplemental Agreement results in the expenditure of at least $1 million in public funds for the purchase of goods or services by certain public entities in their fiscal year, the following certification shall apply; otherwise, this certification is not required.

As required by Tex. Gov. Code 552.374, the following statement is included in the RFP and the Agreement (unless the Agreement is (1) related to the purchase or underwriting of a public security; (2) is or may be used as collateral on a loan; or (3) proceeds from which are used to pay debt service of a public security of loan): "The requirements of Subchapter J, Chapter 552, Government Code, may apply to this solicitation and Agreement and the Vendor agrees that this Agreement and any applicable Supplemental Agreement can be terminated if Vendor knowingly or intentionally fails to comply with a requirement of that subchapter."

Pursuant to Chapter 552 of the Texas Government Code, Vendor certifies that Vendor shall: (1) preserve all contracting information related to this Agreement as provided by the records retention requirements applicable to TIPS or the purchasing TIPS Member for the duration of the Agreement; (2) promptly provide to TIPS or the purchasing TIPS Member any contracting information related to the Agreement that is in the custody or possession of Vendor on request of TIPS or the purchasing TIPS Member; and (3) on completion of the Agreement, either (a) provide at no cost to TIPS or the purchasing TIPS Member all contracting information related to the Agreement that is in the custody or possession of Vendor, or (b) preserve the contracting information related to the Agreement as provided by the records retention requirements applicable to TIPS or the purchasing TIPS Member.

When applicable, does Vendor certify?

Yes, Vendor certifies

59 **Certification Regarding Prohibition of Boycotting Certain Energy Companies (Tex. Gov. Code 2274)**

If (a) Vendor is not a sole proprietorship; (b) Vendor has ten (10) or more full-time employees; and (c) this Agreement or any Supplemental Agreement with certain public entities has a value of $100,000 or more that is to be paid wholly or partly from public funds, the following certification shall apply; otherwise, this certification is not required.

Vendor certifies that Vendor, or any wholly owned subsidiary, majority-owned subsidiary, parent company, or affiliate of these entities or business associations, if any, do not boycott energy companies and will not boycott energy companies during the term of the Agreement or any applicable Supplemental Agreement.

For purposes of this certification the term "company" shall mean an organization, association, corporation, partnership, joint venture, limited partnership, limited liability partnership, or limited liability company, that exists to make a profit.

The term "boycott energy company" shall mean "without an ordinary business purpose, refusing to deal with, terminating business activities with, or otherwise taking any action intended to penalize, inflict economic harm on, or limit commercial relations with a company because the company (a) engages in the exploration, production, utilization, transportation, sale, or manufacturing of fossil fuel-based energy and does not commit or pledge to meet environmental standards beyond applicable federal and state law, or (b) does business with a company described by paragraph (a)." (See Tex. Gov. Code 809.001).

When applicable, does Vendor certify?

Yes, Vendor certifies

60 **Felony Conviction Notice - Texas Education Code 44.034**

Texas Education Code, Section 44.034, Notification of Criminal History, Subsection (a), states, "a person or business entity that enters into a contract with a school district must give advance notice to the district if the person or an owner or operator of the business entity has been convicted of a felony. The notice must include a general description of the conduct resulting in the conviction of a felony."

Subsection (b) states, "a school district may terminate a contract with a person or business entity if the district determines that the person or business entity failed to give notice as required by Subsection (a) or misrepresented the conduct resulting in the conviction. The district must compensate the person or business entity for services performed before the termination of the contract."

Subsection (c) states, "This section does not apply to a publicly held corporation.

Vendor certifies one of the following:

A. My firm is a publicly held corporation; therefore, this reporting requirement is not applicable, or;

B. My firm is not owned nor operated by anyone who has been convicted of a felony, or;

C. My firm is owned or operated by the following individual(s) who has/have been convicted of a felony.

If Vendor responds with Option (C), Vendor is required to provide information in the next attribute.

B. My firm is not owned nor operated by felon.

61 **Felony Conviction Notice - Texas Education Code 44.034 - Continued**

If Vendor selected Option (C) in the previous attribute, Vendor must provide the following information herein:

1. Name of Felon(s)

2. The Felon(s) title/role in Vendor's entity, and

3. Details of Felon(s) Conviction(s).

N/A

62 **Conflict of Interest Questionnaire Requirement**

Vendor agrees that it has looked up, read, and understood the current version of Texas Local Government Code Chapter 176 which generally requires disclosures of conflicts of interests by Vendor hereunder if Vendor:

(1) has an employment or other business relationship with a local government officer of our local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of our local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of our local governmental entity.

(4) Any other financial, commercial, or familial relationship with our local government that may warrant reporting under this statute.

Does Vendor certify that it has NO reportable conflict of interest?

Yes, Vendor certifies - VENDOR HAS NO CONFLICT

63 **Conflict of Interest Questionnaire Requirement - Form CIQ - Continued**

If you responded "No, Vendor does not certify - VENDOR HAS CONFLICT" to the Conflict of Interest Questionnaire question above, you are required by law to fully execute and upload the form attachment entitled "Conflict of Interest Questionnaire - Form CIQ." If you accurately claimed no conflict above, you may disregard the form attachment entitled "Conflict of Interest Questionnaire - Form CIQ."

Have you uploaded this form if applicable?

Yes

64 **Upload of Current W-9 Required**

Vendors are required by TIPS to upload a current, accurate W-9 Internal Revenue Service (IRS) Tax Form for your entity. This form will be utilized by TIPS to properly identify your entity.

You must confirm that you are responding to this solicitation under your legal entity name. Go now to your Supplier Profile in this eBid System and confirm that your profile reflects your "Legal Name" as it is listed on your W9.

65 **Regulatory Good Standing Certification**

Does Vendor certify that its entity is in good standing will all government entities and agencies, whether local, state, or federal, that regulate any aspect of Vendor's field of work or business operations?

If Vendor selects "No", Vendor must provide explanation on the following attribute question.

Yes, Vendor certifies

66 **Regulatory Good Standing Certification - Explanation - Continued**

If Vendor responded to the prior attribute that "No", Vendor is not in good standing, Vendor must provide an explanation of that lack of good standing here for TIPS consideration.

N/A

67	**Instructions Only - Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion** **Instructions for Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion** 1. By answering yes to the next Attribute question below, the vendor and prospective lower tier participant is providing the certification set out herein in accordance with these instructions. 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and / or debarment. 3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances. 4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participants," "person," "primary covered transaction," "principal," "proposal" and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations. 5. The prospective lower tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated. 6. The prospective lower tier participant further agrees by submitting this form that it will include this clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction" without modification in all lower tier covered transactions and in all solicitations for lower tier covered transactions. 7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List. 8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings. 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and / or debarment.

68 **Suspension or Debarment Certification**

Read the instructions in the attribute above and then answer the following accurately.

Vendor certifies that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

Does Vendor certify?

Yes, Vendor certifies

69 **Vendor Certification of Criminal History - Texas Education Code Chapter 22**

Texas Education Code Chapter 22 requires entities that contract with school districts to provide services to obtain criminal history record information regarding covered employees. Contractors must certify to the district that they have complied. Covered employees with disqualifying criminal histories are prohibited from serving at a school district pursuant to this law.

DEFINITIONS

Covered employees: Employees of a contractor or subcontractor who have or will have continuing duties related to the service to be performed at the District and have or will have direct contact with students. The District will be the final arbiter of what constitutes direct contact with students.

Disqualifying criminal history: Any conviction or other criminal history information designated by the District, or one of the following offenses, if at the time of the offense, the victim was under 18 or enrolled in a public school: (a) a felony offense under Title 5, Texas Penal Code; (b) an offense for which a defendant is required to register as a sex offender under Chapter 62, Texas Code of Criminal Procedure; or (c) an equivalent offense under federal law or the laws of another state.

Vendor certifies:

NONE (Section A): None of the employees of Vendor and any subcontractors are covered employees, as defined above. If this box is checked, I further certify that Contractor has taken precautions or imposed conditions to ensure that the employees of Vendor and any subcontractor will not become covered employees. Contractor will maintain these precautions or conditions throughout the time the contracted services are provided under this procurement.

OR

SOME (Section B): Some or all of the employees of Vendor and any subcontractor are covered employees. If this box is checked, I further certify that: (1) Vendor has obtained all required criminal history record information regarding its covered employees. None of the covered employees has a disqualifying criminal history; (2) If Vendor receives information that a covered employee subsequently has a reported criminal history, Vendor will immediately remove the covered employee from contract duties and notify the purchasing entity in writing within 3 business days; (3) Upon request, Vendor will provide the purchasing entity with the name and any other requested information of covered employees so that the purchasing entity may obtain criminal history record information on the covered employees; (4) If the purchasing entity objects to the assignment of a covered employee on the basis of the covered employee's criminal history record information, Vendor agrees to discontinue using that covered employee to provide services at the purchasing entity.

Which option does Vendor certify?

Yes, I certify - NONE (Section A)

70 **Certification Regarding "Choice of Law" Terms with TIPS Members**

Vendor agrees that if any "Choice of Law" provision is included in any sales agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Choice of Law" applicable to the sales agreement/contract between Vendor and TIPS Member shall be the state where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Choice of Law" clause that conflicts with these terms is rendered void and unenforceable.

If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration.

Does Vendor agree?

Yes, Vendor agrees

71 **Certification Regarding "Venue" Terms with TIPS Members**

Vendor agrees that if any "Venue" provision is included in any sales agreement/contract between Vendor and a TIPS Member, that clause must provide that the "Venue" for any litigation or alternative dispute resolution is shall be in the state and county where the TIPS Member operates unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Venue" clause that conflicts with these terms is rendered void and unenforceable.

If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration.

Does Vendor agree?

Yes, Vendor agrees

72 **Certification Regarding "Automatic Renewal" Terms with TIPS Members**

Vendor agrees that no TIPS Sale may incorporate an "Automatic Renewal" clause that exceeds month to month terms with which the TIPS Member must comply. All renewal terms incorporated into a TIPS Sale Supplemental Agreement shall only be valid and enforceable when Vendor received written confirmation of acceptance of the renewal term from the TIPS Member for the specific renewal term. The purpose of this clause is to avoid a TIPS Member inadvertently renewing a Supplemental Agreement during a period in which the governing body of the TIPS Member has not properly appropriated and budgeted the funds to satisfy the Agreement renewal. Any TIPS Sale Supplemental Agreement containing an "Automatic Renewal" clause that conflicts with these terms is rendered void and unenforceable.

If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration.

Does Vendor agree?

Yes, Vendor agrees

73	**Certification Regarding "Indemnity" Terms with TIPS Members** Texas and other jurisdictions restrict the ability of governmental entities to indemnify others. Vendor agrees that if any "Indemnity" provision which requires the TIPS Member to indemnify Vendor is included in any sales agreement/contract between Vendor and a TIPS Member, that clause must either be stricken or qualified by including that such indemnity is only permitted, "to the extent permitted by the laws and constitution of [TIPS Member's State]" unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing an "Indemnity" clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees
74	**Certification Regarding "Arbitration" Terms with TIPS Members** Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause may ***not*** require that the arbitration is mandatory or binding. Vendor agrees that if any "Arbitration" provision is included in any TIPS Sale agreement/contract between Vendor and a TIPS Member, that clause provides for only voluntary and non-binding arbitration unless the TIPS Member expressly agrees otherwise. Any TIPS Sale Supplemental Agreement containing a "Arbitration" clause that conflicts with these terms is rendered void and unenforceable. If Vendor disagrees, after this solicitation legally closes and TIPS begins evaluating Vendor's file, TIPS will provide Vendor with a draft Word Document version of the Vendor Agreement and will be instructed to include all requested negotiations as redline edits for TIPS consideration. Does Vendor agree? Yes, Vendor agrees
75	**2 CFR PART 200 AND FEDERAL CONTRACT PROVISIONS EXPLANATION** TIPS and TIPS Members will sometimes seek to make purchases with federal funds. In accordance with 2 C.F.R. Part 200 of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (sometimes referred to as "EDGAR"),Vendor's response to the following questions labeled "2 CFR Part 200 or Federal Provision" will indicate Vendor's willingness and ability to comply with certain requirements which may be applicable to TIPS purchases paid for with federal funds, if accepted by Vendor. Your responses to the following questions labeled "2 CFR Part 200 or Federal Provision" will dictate whether TIPS can list this awarded contract as viable to be considered for a federal fund purchase. **Failure to certify all requirements labeled "2 CFR Part 200 or Federal Provision" will mean that your contract is listed as not viable for the receipt of federal funds. However, it will not prevent award.** If you do enter into a TIPS Sale when you are accepting federal funds, the contract between you and the TIPS Member will likely require these same certifications. Specifically, if Vendor utilizes the Cost-Plus Markup method anywhere in its proposal, Vendor cannot and will not be listed as federally compliant for TIPS purposes unless Vendor also certifies "Yes" in response to the Attribute entitled, "2 CFR Part 200 - Prohibition of Cost- Plus."

76 **2 CFR Part 200 or Federal Provision - Prohibition of Cost Plus**

Contracts paid with federal funds which exceed the simplified acquisition threshold currently set at $250,000 (2 CFR 200.320), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, may not utilize a cost plus percentage of cost and percentage of cost method of contract pricing. Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members for a TIPS Sale resulting from this procurement process which exceeds the simplified acquisition threshold, Vendor shall not utilize a cost plus a percentage of cost and percentage of cost method of contract pricing for that expenditure. If Vendor fails to certify and proposes a Cost Plus Markup Method of pricing anywhere in their proposal, Vendor will **not** be listed as federally/EDGAR compliant for TIPS purposes.
Does Vendor certify?

Yes, Vendor agrees.

77 **2 CFR Part 200 or Federal Provision - Vendor Willingness to Accept Federal Funds**

This certification is not required by federal law. However, TIPS Members are public entities and qualifying non-profits which often receive federal funding and grants (ESSER, CARES Act, EDGAR, etc.) ***Accepting such funds often requires additional required certifications and responsibilities for Vendor.*** The following attribute questions include these required certifications. Your response to this questions, the following certifications, and other factors will determine whether your contract award will be deemed as eligible for federal fund expenditures by TIPS Members.

If awarded, is Vendor willing to accept payment for goods and services offered under this contract paid for by a TIPS Member with federal funds?

Yes

78 **2 CFR Part 200 or Federal Provision - Contracts**

Contracts for more than the simplified acquisition threshold currently set at $250,000 (2 CFR § 200.320), which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Notice: Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members reserve all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

Does vendor agree?

Yes, Vendor agrees

79 **2 CFR Part 200 or Federal Provision - Termination**

Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of $10,000)

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members reserve the right to terminate any agreement in excess of $10,000 resulting from this procurement process for cause after giving the vendor an appropriate opportunity and up to 30 days, to cure the causal breach of terms and conditions. ESC Region 8 and TIPS Members reserve the right to terminate any agreement in excess of $10,000 resulting from this procurement process for convenience with 30 days notice in writing to the awarded vendor. The Vendor would be compensated for work performed and goods procured as of the termination date if for convenience of the ESC Region 8 and TIPS Members. Any award under this procurement process is not exclusive and the ESC Region 8 and TIPS reserves the right to purchase goods and services from other vendors when it is in the best interest of the ESC Region 8 and TIPS.

Does vendor agree?

Yes, Vendor agrees

80

2 CFR Part 200 or Federal Provision - Clean Air Act

Clean Air Act (42 U.S.C. 7401-7671q.) and the Federal Water Pollution Control Act (33 U.S.C. 1251-1387), as amended—Contracts and subgrants of amounts in excess of $150,000 must contain a provision that requires the non-Federal award to agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
Pursuant to the Clean Air Act, et al above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members require that the proposer certify that during the term of an award by the ESC Region 8 and TIPS Members resulting from this procurement process the vendor agrees to comply with all of the above regulations, including all of the terms listed and referenced therein.
Does vendor agree?

Yes, Vendor agrees

81

2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment

Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding $100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members require the proposer certify that during the term and during the life of any contract with ESC Region 8 and TIPS Members resulting from this procurement process the vendor certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352).

Does Vendor agree?

Yes, Vendor agrees

82 **2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment - Continued**

Applicable to Grants, Subgrants, Cooperative Agreements, and Contracts Exceeding $100,000 in Federal Funds

Submission of this certification is a prerequisite for making or entering into this transaction and is imposed by the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "disclosure Form to Report Lobbying," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered subawards exceeding $100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

Does Vendor certify that it has NOT lobbied as described herein?

Yes, Vendor certifies - NO Reportable Lobbying

83 **2 CFR Part 200 or Federal Provision - Byrd Anti-Lobbying Amendment - Continued**

If you answered "No, Vendor does not certify - Lobbying to Report" to the above attribute question, you must download, read, execute, and upload the attachment entitled "Disclosure of Lobbying Activities - Standard Form - LLL", as instructed, to report the lobbying activities you performed or paid others to perform.

84 **2 CFR Part 200 or Federal Provision - Federal Rule**

Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of $100,000)

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, ESC Region 8 and TIPS Members requires the proposer certify that in performance of the contracts, subcontracts, and subgrants of amounts in excess of $250,000, the vendor will be in compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15).

Does vendor certify compliance?

Yes, Vendor certifies

85

2 CFR Part 200 or Federal Provision - Procurement of Recovered Materials

A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include: (1) procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at 40 CFR part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; (2) procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

Does vendor certify that it is in compliance with these provisions?

Yes, Vendor certifies

86

2 CFR Part 200 or Federal Provision - Rights to Inventions

If the Federal award meets the definition of "funding agreement" under 37 CFR §401.2 (a) and the recipient or subrecipient wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the recipient or subrecipient must comply with the requirements of 37 CFR Part 401, "Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements," and any implementing regulations issued by the awarding agency.
Pursuant to the above, when the foregoing applies to ESC Region 8 and TIPS Members, Vendor certifies that during the term of an award resulting from this procurement process, Vendor agrees to comply with all applicable requirements as referenced in the Federal rule above.
Does vendor certify?

Yes, Vendor certifies

87 **2 CFR Part 200 or Federal Provision - Domestic Preferences for Procurements and Compliance with Buy America Provisions**

As appropriate and to the extent consistent with law, TIPS Member Customers, to the greatest extent practicable under a Federal award, may provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). Vendor agrees that the requirements of this section will be included in all subawards including all contracts and purchase orders for work or products under this award, to the greatest extent practicable under a Federal award. For purposes of 2 CFR Part 200.322, "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stag through the application of coatings, occurred in the United States. Moreover, for purposes of 2 CFR Part 200.322, "Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum, plastics and polymer-based products such as polyvinyl chloride pipe, aggregates such as concrete, glass, including optical fiber, and lumber.

Vendor certifies that it is in compliance with all applicable provisions of the Buy America Act. Purchases made in accordance with the Buy America Act must still follow the applicable procurement rules calling for free and open competition. For purposes of 2 CFR Part 200.322,

"Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

"Manufactured products" means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, Vendor certifies that to the greatest extent practicable Vendor will provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products).

Does Vendor Certify?

Yes, Vendor certifies

88 **2 CFR Part 200 or Federal Provision - Ban on Foreign Telecommunications**

ESC 8 and TIPS Members are prohibited from obligating or expending Federal financial assistance, to include loan or grant funds, to: (1) procure or obtain, (2) extend or renew a contract to procure or obtain, or (3) enter into a contract (or extend or renew a contract) to procure or obtain, equipment, services, or systems that use "covered telecommunications" equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. "Covered telecommunications" equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities), and physical security surveillance of critical infrastructure and other national security purposes, and video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities) for the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes detailed in 2 CFR § 200.216.

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, Vendor certifies that Vendor will not purchase equipment, services, or systems that use "covered telecommunications", as defined by 2 CFR §200.216 equipment or services as a substantial or essential component of any system, or as critical technology as part of any system.

Does vendor certify?

Yes, Vendor certifies

89

2 CFR Part 200 or Federal Provision - Contract Cost & Price

For contracts more than the simplified acquisition threshold currently set at $250,000, a TIPS Member may, in very rare circumstances, be required to negotiate profit as a separate element of the price pursuant to 2 C.F.R. 200.324(b). Under those circumstances, Vendor agrees to provide information and negotiate with the TIPS Member regarding profit as a separate element of the price. However, Vendor certifies that the total price charged by the Vendor shall not exceed the Vendor's TIPS pricing and pricing terms proposed.

Does Vendor certify?

Yes, Vendor certifies

90

2 CFR Part 200 or Federal Provision - Equal Employment Opportunity

Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members on any federally assisted construction contract, the equal

opportunity clause is incorporated by reference here.

Does Vendor Certify?

Yes, Vendor certifies

91

2 CFR Part 200 or Federal Provision - Davis Bacon Act Compliance

Texas Statute requires compliance with Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of $2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146- 3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction"). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non- Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, "Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States"). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to state and federal requirements, Vendor certifies that it will be in compliance with all applicable Davis-Bacon Act provisions if/when applicable.

Does Vendor certify?

Yes, Vendor certifies

92 **2 CFR Part 200 or Federal Provision - Contract Work Hours and Safety Standards**

Where applicable, all contracts awarded by ESC 8 and TIPS Members in excess of $100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
Pursuant to the above, when federal funds are expended by ESC Region 8 and TIPS Members, Vendor certifies that during the term of an award for all contracts resulting from this procurement process, Vendor will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act.

Does Vendor certify?

Yes, Vendor certifies

93 **2 CFR Part 200 or Federal Provision - FEMA Fund Certification & Certification of Access to Records**

If and when Vendor accepts a TIPS purchase paid for in full or part with FEMA funds, Vendor certifies that:

(1) Vendor agrees to provide the TIPS Member, the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to and rights to reproduce any books, documents, papers, and records of the Contractor which are directly pertinent to this contract, or any contract resulting from this procurement, for the purposes of making audits, examinations, excerpts, and transcriptions. This right also includes timely and reasonable access to Vendor's personnel for the purpose of interview and discussion relating to such documents. Vendor agrees to provide the FEMA Administrator or an authorized representatives access to construction or other work sites pertaining to the work being completed under the contract. Vendor acknowledges and agrees that no language in this contract or the contract with the TIPS Member is intended to prohibit audits or internal reviews by the FEMA Administrator or the Comptroller General of the United States.

(2) The Vendor shall not use the Department of Homeland Security's seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval.

(3) The Vendor will comply with all applicable Federal law, regulations, executive orders, FEMA policies, procedures, and directives.

(4) The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.

(5) The Vendor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the Vendor's actions pertaining to this contract.

Does Vendor certify?

Yes, Vendor certifies

94 **2 CFR Part 200 or Federal Provision - Certification of Compliance with the Energy Policy and Conservation Act**

When appropriate and to the extent consistent with the law, Vendor certifies that it will comply with the Energy Policy and Conservation Act (42 U.S.C. 6321 et seq; 49 C.F.R. Part 18) and any state mandatory standards and policies relating to energy efficiency which are contained in applicable state energy conservation plans issued in compliance with the Act.

Does Vendor certify?

Yes, Vendor certifies

95 **2 CFR Part 200 or Federal Provision - Certification of Compliance with Never Contract with the Enemy**

Where applicable, all contracts awarded by ESC 8 and TIPS Members in excess of $50,000.00, within the period of performance, and which are performed outside of the United States, including U.S. territories, are subject to the regulations implementing Never Contract with the Enemy in 2 CFR part 183. Per 2 CFR part 183, in the situation specified, ESC 8 and TIPS Members shall terminate any contract or agreement resulting from this procurement which violates the Never Contract with the Enemy regulation in 2 CFR part 183, including if Vendor is actively opposing the United States or coalition forces involved in a contingency operation in which members of the the Armed Forces are actively engaged in hostilities. Vendor certifies that it is neither an excluded entity under the System for Award Management (SAM) nor Federal Awardee Performance and Integrity Information System (FAPIIS) for any contract terminated due to Never Contract with the Enemy as a Termination for Material Failure to Comply.

Does Vendor certify?

Yes, Vendor certifies

96 **2 CFR Part 200 or Federal Provision - Certification of Compliance with EPA Regulations**

For contracts resulting from this procurement, in excess of $100,000.00 and paid for with federal funds, Vendor certifies that Vendor will comply with all applicable standards, orders, regulations, and/or requirements issued pursuant to the Clean Air Act of 1970, as amended (42 U.S.C. 1857(h)), Section 508 of the Clean Water Act, as amended (33 U.S.C. 1368), Executive Order 117389 and Environmental Protection Agency Regulation, 40 CFR Part 15.

Does Vendor certify?

Yes, Vendor certifies

97 **2 CFR Part 200 or Federal Provision - Record Retention Requirements**

For contracts resulting from this procurement, paid for by ESC 8 or TIPS Members with federal funds, Vendor certifies that Vendor will comply with the record retention requirements detailed in 2 CFR § 200.334. Vendor certifies that Vendor will retain all records as required by 2 CFR § 200.334 for a period of three years after final expenditure or financial reports, as applicable, and all other pending matters are closed.

Does Vendor certify?

Yes, Vendor certifies

98 **2 CFR Part 200 or Federal Provision - Subcontracting and Affirmative Steps for Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms.**

Do you ever anticipate the possibility of subcontracting any of your work under this award if you are successful?

If you respond "Yes", you must respond to the following attribute question accurately. If you respond "No", you may skip the following attribute question.

YES

99 **2 CFR Part 200 or Federal Provision - If "Yes" Response to Above Attribute - Continued - Subcontracting and Affirmative Steps for Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms.**

Only respond to this question if you responded "Yes" to the attribute question directly above. Skip this question if you responded "No" to the attribute question directly above.

Does Vendor certify that it will follow the following affirmative steps? Federal Regulation 2 CFR §200.321 Contracting with small and minority businesses, women's business enterprises, and labor surplus area firms. (a)The non-Federal entity must take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

(b) Affirmative steps must include:

(1) Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

(2) Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;

(3) Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;

(4) Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises;

(5) Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce ; and

(6) Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs(1) through (5) of this section.

Does Vendor certify?

Yes, Vendor certifies

100 **ACKNOWLEDGMENT & BINDING CORPORATE AUTHORITY**

By submitting this proposal, the individual(s) submitting on behalf of the Vendor certify that they are authorized by Vendor to complete and submit this proposal on behalf of Vendor and that this proposal was duly submitted on behalf of Vendor by authority of its governing body, if any, and within the scope of its corporate powers.

Vendor further certifies that it has read, examined, and understands all portions of this solicitation including but not limited to all attribute questions, attachments, solicitation documents, bid notes, and the Vendor Agreement(s). Vendor certifies that, if necessary, Vendor has consulted with counsel in understanding all portions of this solicitation.

Re: Reference Letter

To Whom It May Concern:

Please accept this letter as a reference for **Extreme Fire and Safety**, who provide services to our organization.

The vendor provided **installation and service of our smoke detector system** in **2025**. We understand that they have submitted a proposal to **Education Service Center Region 8** and the **The Interlocal Purchasing System (TIPS) Cooperative**.

Our organization has been a customer of the above-named vendor, and their work has been performed in a professional and satisfactory manner. Based on our experience, we would not hesitate to do business with them again. As a customer, we would highly recommend this vendor to TIPS public entities and non-profit members.

Thank you,

Javier J. Perez

Re: Reference Letter for Xtreme Security & Fire

To whom it may concern:

Please accept this reference for Xtreme Security & Fire who provided goods or services to our entity. The Vendor provided security system and alarm installation in several of our project in the past years. We understand that they have submitted a proposal to Education Service Center Region 8 and the TIPS Cooperative.

This entity is a customer of above-named Vendor. They performed satisfactorily and we would do business with them again. As a customer of the Vendor, we would highly recommend the Vendor to TIPS public entity and non-profit members.

Thank you,

Miguel A Cisneros

TIPS CONTRACT 260202

REQUIRED CONFIDENTIALITY CLAIM FORM

(VENDOR MUST COMPLETE THE FOLLOWING VENDOR INFORMATION)

Vendor Entity Name: Galiguer Corporation DBA Xtreme Security & Fire

Vendor Authorized Signatory Name: Galiguer Manjarrez

Vendor Authorized Signatory Title: President

Vendor Authorized Signatory Email: Galiguer@xtremesecurity.us

Vendor Address: 6835 N. Expressway 77

City: Olmito State: Tx Zip Code: 78575

Vendor agrees that it is voluntarily providing its data (including but not limited to: Vendor information, Vendor documentation, Vendor's proposal, Vendor pricing submitted or provided to TIPS, TIPS contract documents, TIPS correspondence, Vendor logos and images, Vendor's contact information, Vendor's brochures and commercial information, Vendor's financial information, Vendor's certifications, and any other Vendor information or documentation submitted to TIPS by Vendor and its agents) (Hereinafter, "Vendor Data") to TIPS. Vendor understands and agrees that TIPS is a government entity subject to public information laws including but not limited to Texas Government Code (TGC) Chapter 552. Vendor agrees that regardless of confidentiality designations herein, Vendor's submission of a proposal constitutes Vendor's consent to the disclosure and release of Vendor's Data and comprehensive proposal, including any information deemed confidential or proprietary herein, to and by TIPS Members.

Notwithstanding the foregoing permissible release to TIPS Members, if Vendor considers any portion of Vendor's proposal to be otherwise confidential and not subject to public disclosure pursuant to public information laws, including but not limited to TGC Chapter 552, Vendor must properly execute ***Option 1 only*** below, attach to this PDF all documents and information that Vendor deems confidential, and upload the consolidated documentation. Regardless of the Option selected below, this form must be completed and uploaded to the "Response Attachments" section of the eBid System entitled "Required Confidentiality Claim Form." Execution and submission of this form is the sole indicator of whether Vendor considers any Vendor Data confidential in the event TIPS receives a request, a Public Information Request, or subpoena. If TIPS receives a request, any responsive documentation not deemed confidential by you through proper execution of Option 1 of this form will be automatically released. For information deemed confidential by you through proper execution of Option 1 of this form, TIPS will follow procedures of controlling statute(s) regarding withholding that documentation and shall not be liable for any release of information required by law, including Attorney General opinion or court order.

(VENDOR MUST COMPLETE ONE OF THE TWO OPTIONS AND UPLOAD IN THE EBID SYSTEM)

OPTION 1 – DESIGNATING CONFIDENTIAL MATERIALS – YES, VENDOR HAS ATTACHED CONFIDENTIAL MATERIALS

(Confirm each bullet point and sign below)

- Vendor claims some Vendor Data confidential to the extent permitted by TGC Chapter 552 and other applicable law.
- Vendor attached to this PDF all potentially confidential Vendor Data and listed the number of attached pages below.
- Vendor's authorized signatory has signed below and shall upload this document in the proper location in the eBid System.
- Vendor agrees that TIPS shall not be liable for any release of confidential information required by law.

Number of pages attached deemed confidential: _____

Authorized Signature: _____

OPTION 2 – WAIVER OF CONFIDENTIALITY – NO, VENDOR HAS NOT ATTACHED CONFIDENTIAL MATERIALS

(Confirm each bullet point and sign below)

By signing for Option 2 below, Vendor expressly waives any confidentiality claim for all Vendor Data submitted in relation to this proposal and resulting contract. Vendor confirms that TIPS may freely release Vendor Data submitted in relation to this proposal or resulting contract to any requestor. Vendor agrees that TIPS shall not be responsible or liable for any use or distribution of Vendor Data by TIPS or TIPS Members.

- Vendor's authorized signatory has signed below and shall upload this document in the proper location in the eBid System.
- Vendor agrees that TIPS shall not be liable for any release of confidential information required by law.

Authorized Signature: 

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1001 East Elizabeth Street, Brownsville, Texas 78520
Email: citysecretary@brownsvilletx.gov
Phone: (956) 548-6000

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

N/A

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

N/A

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☒ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☒ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

N/A

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed in accordance with TEC requirements.

Agenda #:	Consideration and **ACTION** to approve a Contract with ARGIO Roofing & Construction, LLC in the amount of $285,131.87 for Contract No. 346-26-ISD-CP, for repairs to the Market Square Dome, as budgeted. (Internal Services Department)

Summary:

The Internal Services Department requests authorization for a contract with ARGIO Roofing & Construction, LLC for necessary repairs to the Market Square Dome. The total contract amount is $285,131.87 under Contract No. 346-26-ISD-CP, with a performance term of 180 calendar days following issuance of the Notice to Proceed.

The repairs are required to address facility integrity concerns and ensure continued safe use of the Market Square structure. Procurement has confirmed that the project qualifies for a Cooperative Purchase Exemption under Texas Local Government Code §271.102, utilizing the active Choice Partners Cooperative Contract No. 23/041MR-02.

Project Scope and Analysis:

The Internal Services Department has identified essential repairs needed to preserve the Market Square Building Dome and ensure its long-term safety and functionality. The project scope includes the following:

- **Dome Repair:** Structural and surface repairs to restore integrity and prevent further deterioration of the dome.
- **Tile Replacement:** Removal and replacement of damaged or deteriorated tiles to maintain structural stability and weather protection.
- **Bell Tower Repair:** Rehabilitation of the bell tower to address identified structural issues, prevent water intrusion, and preserve historical design elements.

All labor, materials, equipment, and safety measures necessary to complete this work will be provided in accordance with the Contract Documents, **Choice Partners Cooperative Contract No. 23/041MR-02**, and all applicable historical preservation guidelines set forth by the City of

Brownsville.

- **Project Title:** Market Square Dome – Repair Project
- **Contract Number:** 346-26-ISD-CP
- **Vendor:** ARGIO Roofing & Construction, LLC
- **Contract Amount:** $285,131.87
- **Contract Term:** 180 Calendar Days (from issuance of Notice to Proceed)
- **Procurement Method:** Cooperative Purchase Exemption (Texas Local Gov't Code §271.102)

Funding:

Source: 808-8110-9136

Amount: $285,131.87

Local Contribution if Applicable: N/A

Recommendation:

The Internal Services Department recommends authorizing a contract with ARGIO Roofing & Construction, LLC for repairs to the Market Square Dome under Choice Partners Cooperative Contract No. 23/041MR-02, meeting all cooperative purchase exemption requirements outlined in Texas Local Government Code §271.102, as budgeted.

PROCUREMENT ANALYSIS

Date: Tuesday, August 18, 2026
To: Mr. John Cowen Jr., City Mayor
From: Mr. Alan Guard, Interim City Manager
CC: Mr. Damian Espinoza, Procurement Director
Mr. Juan P. Villarreal, Internal Services Director

Agenda Title:
Agenda Item for the City Commission meeting of Tuesday, September 1, 2026.
"Consideration and Action to Authorize a Contract with ARGIO Roofing & Construction, LLC in the amount of $285,131.87 for Contract No. 346-26-ISD-CP, for a term of 180 Calendar Days after issuance of Notice to Proceed, for repairs to the Market Square Dome. (Internal Services Department)."

Executive Summary:

- Department: Internal Services Department
- Exemption Type: Cooperative Purchase Exemption
- Contract Number: 346-26-ISD-CP
- Vendor: ARGIO Roofing & Construction, LLC
- Contract Amount: $285,131.87
- Term: 180 Calendar Days after issuance of Notice to Proceed

Background:
The Internal Services Department identified the need for repairs to the Market Square Dome to address necessary facility improvements and maintain the integrity and functionality of the structure. These repairs will help preserve the facility and support its continued use.

Exemption Justification:
Authorized use of contracts competitively solicited and awarded by another governmental entity or cooperative organization in compliance with Texas Local Government Code §271.102.

Procurement has verified that this scope of work falls under the active Choice Partners Cooperative Contract No. 23/041MR-02.

Vendor Information:
ARGIO Roofing & Construction, LLC
413 S A St., Harlingen, Texas 78550

Re: Market Square Building Tower & Dome Evaluation and Assessment Project

Dear Mr. Villarreal,

As per your request, this letter will serve to set forth that I have reviewed the latest revised proposal information (see attached) as submitted by Argio Roofing & Construction, LLC, for the above referenced project. I'm satisfied that the revised proposal is an accurate representation of the work in the Contract Documents.

I've reviewed the revisions to Argio's original proposal dated 05/11/26 which have resulted in a project cost increase of $4,261.07. I feel that the adjustments are reasonable and in line with project cost increases that are currently being experienced on other projects of similar scope in our area.

The Associated General Contractors, American Institute of Architects, and other industry organizations are confirming that these cost increases are being experienced nationwide.

I've worked with Argio on several other projects that were successfully completed on time and within budget. Therefore, it's my professional recommendation that, to lock in the current prices, the City of Brownsville should award this construction contract to Argio as quickly as possible and commence immediately upon contract execution.

Please contact me at your earliest convenience if you have any questions or if I can provide any additional information at this time.

Thank you,

Roberto J Ruiz

1001 East Elizabeth Street
Brownsville, Texas

Project: Market Square Building Bell Tower & Dome Concerns
Evaluation and Assessment Project.

Dear Mr. Villarreal,

The following letter is to explain the cost increase in the proposal submitted on May 11, 2026. Over the last eighty calendar days, we have experienced price increases on several construction materials. We have also experienced a price increase in freight fees due to the high cost of diesel fuel.

Our cost proposal has increased a total of $4,261,07 due to the price increase on mortar, tile, waterproofing, and freight fees. Our labor and cost of rental equipment have remained the same.

It is our interest to receive approval from the owner, as early as possible, to lock in the prices for the materials as specified for this project.

If any other information is needed, please contact our office and ask for Leo Aguilar, CM.

Thank you,

Leo Aguilar, CM
Argio Roofing & Construction, LLC.

UNIT PRICES:

Below unit prices are not to be included in the base bid (as referenced in Specification Section 012200 "Unit Prices") but must be filled out at time of Bid submittal. They will be used for any addition or deduction in the quantities found in the field.

SCHEDULE OF UNIT PRICES

A. Unit Prices: Unit Cost Allowances shall be established by the Contractor as a line item in his bid for each item noted and as mutually agreed upon between the Owner and the Contractor. Contractor shall show as a line item under the Contractor's bid and the Schedule of Values.

1. Provide a Unit price per one sq.ft. to repair Spalling in accordance with the contract documents.

One Hundred Eighty Dollars - $ **180.00**

2. Provide a Unit price per linear one lf. to repair Cracks in accordance with the contract documents.

One Hundred Forty Dollars - $ **140.00**

3. Provide a Unit price per one sq.ft. to repair of Portland Cements Plaster in accordance with the contract documents.

Eighty Dollars - $ **80.00**

If awarded this Contract, the undersigned will execute a satisfactory construction Contract, performance bond, labor and material payment bond and proof of insurance coverage, with the Owner for the entire work as per the Contract documents within ten (10) days after notice of award.

It is agreed that this proposal is subject to the Owner's acceptance within a period of thirty (30) days from the above date of bid opening.

The undersigned agrees to the following:

A. To furnish all materials as shown and specified in the Contract Documents.

B. To start work within 10 days after Notice to Proceed.

C. The undersigned further agrees to complete the project and achieve substantial completion as noted in this bid proposal form.

D. Contractor is to pay for all fees and apply for permits as required. Contractor must obtain a Building Permit but the City of Brownsville will waive the fee for said permit.

E. Contractor has visited the job site and is familiar with all work to be performed under the contract documents. Contractor to verify all existing conditions and has verified all dimensions and quantities based on field conditions.

F. Due to the historical significance of this building, the Contractor is abiding by all Historical Guidelines as established by the City Historical Committee.

G. Contractor to include in Bid all allowances as noted in Specification Section 012100 Allowances.

H. Contractor to insert all unit prices on Bid Proposal form at time of Bid submission.

I. BIDDER understands that the OWNER reserves the right to reject any or all bids and to waive any informality in the bidding.

The undersigned hereby declares that only the persons or firms interested in the proposal as principal or principals are named herein, and that no other persons or firms than are herein mentioned have any interest in this Proposal or in the contract to be entered into; that this Proposal is made without connection with any other person, company, or parties likewise submitting a Bid or proposal; and that it is in all respects for and in good faith, without collusion or fraud.

Upon receipt of written notice of the acceptance of this Bid, BIDDER will execute the formal contract attached within ten (10) days and deliver the Performance and Payment Bonds, the Insurance Certificates, and any other documents as required under the GENERAL CONDITIONS.

BIDDER Acknowledges receipt of the following addenda:

COOPERATIVE PURCHASE AGREEMENT
346-26-ISD-CP

This Cooperative Purchase Agreement ("Agreement") is entered into by and between ARGIO Roofing & Construction, LLC ("Vendor") and the City of Brownsville ("City"), a Texas home rule municipality.

The Cooperative Purchase Agreement includes the following documents, which shall be construed in the order of precedence in which they are listed:

1. This Cooperative Purchase Agreement.
2. Exhibit A – Proposal
3. Exhibit B – Choice Partners Cooperative Contract No.23/041MR-02
4. Exhibit C – Form 2- Statement of Conflict of Interest
5. Exhibit D – Insurance (ACORD 25 Certificate of Insurance)
6. Exhibit E – Form 3 – Texas Ethics Commission Certificate of Interested Parties (1295)
7. Exhibit F – Payment and Performance Bonds (Required upon Approval by City Commission)

Exhibits A, B, C, D, E, and F, which are attached hereto and incorporated herein, are made a part of this Agreement for all purposes. Vendor agrees to provide City with the services and goods included in Exhibit A pursuant to the terms and conditions of this Cooperative Purchase Agreement, including all exhibits thereto.

City shall pay Vendor in accordance with the fee schedule in Exhibit A and in accordance with the provisions of this Agreement. The total contract amount for the Work described in this Agreement is Two Hundred Eighty-Five Thousand One Hundred Thirty-One Dollars and Eighty-Seven Cents ($285,131.87), as reflected in the Vendor's lump-sum proposal attached as Exhibit A. Vendor shall not provide any additional items or services or bill for expenses incurred for City not specified by this Agreement unless City requests and approves in writing the additional costs for such services. Any changes to the scope of work or adjustments to the contract amount shall be made only through a written change order approved by the City. City shall not be liable for any additional expenses of Vendor not specified by this Agreement unless City first approves such expenses in writing.

The term of this Agreement shall commence upon approval by the City Commission or designee and shall continue until the Work is substantially complete, which shall occur within one hundred eighty (180) calendar days after issuance of the Notice to Proceed, unless terminated earlier in accordance with this Agreement. Notwithstanding the foregoing, the parties understand and acknowledge that the Choice Partners Cooperative Contract No.23/041MR-02 that the City is relying on for cooperative purchase expires on ~~April 30, 2026~~, and may be renewed for additional terms. This Agreement shall not extend beyond the term of the underlying Buyboard contract, including any renewals.

Current Expiration Date: August 15, 2027

Vendor agrees that City shall, until the expiration of final payment under this Agreement, or the final conclusion of any audit commenced during the said three years, have access to and the right to examine at reasonable times any directly pertinent books, documents, papers and records, including, but not limited to, all electronic records,

of Vendor involving transactions relating to this Agreement at no additional cost to City. Vendor agrees that City shall have access during normal working hours to all necessary Vendor facilities and shall be provided adequate and appropriate workspace in order to conduct audits in compliance with the provisions of this section. City shall give Vendor reasonable advance notice of intended audits.

VENDOR ACKNOWLEDGES THAT CITY IS A GOVERNMENT ENTITY AND AS SUCH CANNOT INDEMNIFY OR HOLD HARMLESS A PARTY WITHOUT FIRST CREATING A SINKING FUND OR LEVYING A TAX. VENDOR FURTHER ACKNOWLEDGES THAT THE CITY HAS NO INTENTION OF CREATING SUCH A SINKING FUND OR LEVYING A TAX. THE PARTIES AGREE THAT ANY PROVISION CONTAINED WITHIN THE CONTRACT DOCUMENTS REQUIRING THE CITY TO INDEMNIFY OR HOLD HARMLESS THE VENDOR IS HEREBY STRICKEN.

Payment and Performance Bond Requirements

Sec. 252.044. CONTRACTOR'S BOND, (a) If the contract is for the construction of public works, the bidder to whom the contract is awarded must execute a good and sufficient bond. The bond must be:

1. In the full amount of the contract price;
2. Conditioned that the contractor will faithfully perform the contract; and
3. Executed, in accordance with Chapter 2253, Government Code, by a surety company authorized to do business in the state.
4. Repealed by Acts 1993, 73rd Leg., ch. 865, Sec. 2, eff. Sept. 1, 1993.
5. The governing body of a home-rule municipality by ordinance may adopt the provisions of this section and Chapter 2253, Government Code, relating to contractors' surety bonds, regardless of a conflicting provision in the municipality's charter.

Acts 1987, 70th Leg., ch. 149, Sec. 1, eff. Sept. I, 1987. Amended by Acts 1993, 73rd Leg., ch. 865, Sec. 2, eff. Sept. 1, 1993; Acts 1995, 74th Leg., ch. 76. Sec. 5.95(17), eff. Sept. 1, 1995.

A Payment & Performance Bond ***(Only applies to Construction/Construction-Rehabilitation)*** in an amount of not less than one hundred percent (100%) of the Contract Price, conditioned upon the faithful performance of the Contract, a Payment Bond, as required by Chapter **§2253** of the Texas Government Code, guaranteeing the payment of all persons supplying labor and furnishing materials; and an Extended Warranty Bond, either by separate instrument or incorporated in the foregoing bonds, will be required. Payment and performance bonds provided to the City of Brownsville for these purposes are required to conform with Article 7.19-1 of **the *Texas Insurance Code.*** To that end, all bonds provided (i) must be executed by a surety company holding a certificate of authority from the United States Secretary of the Treasury to qualify on obligations permitted or required under federal law-or- (ii) must be provided by a surety company that is covered by reinsurance for any liability in excess of $100,000.00 from a reinsurer authorized and admitted as a reinsurer in Texas holding a certificate of authority from the United States Secretary of the Treasury to qualify on obligations permitted or required under federal law.(See Chapter 2253 - Performance and Payment Bond)

A. A listing on the Department of the Treasury Listing of Approved Sureties on the date of bond issuance shall be sufficient proof of the previously mentioned certificate of authority.
B. A copy of the reinsurance contract(s) with accompanying cover letter with original signature shall be sufficient proof of the previously mentioned reinsurance.

Contractor shall provide either a copy of the list as described in "A." above, or the contract(s) and letter described in "B." above, together with the payment and performance bonds.

Bid Bonds. Performance Bonds. Payment Bonds, and Extended Warranty Bonds issued by a corporate surely

company not licensed to do business in the State of Texas ***will not be accepted.***

Notices required pursuant to the provisions of this Agreement shall be conclusively determined to have been delivered when (1) hand-delivered to the other party, its agents, employees, servants or representatives, (2) delivered by facsimile with electronic confirmation of the transmission, or (3) received by the other party by United States Mail, registered, return receipt requested, addressed as follows:

Re: Market Square Building Tower & Dome Evaluation and Assessment Project

Dear Mr. Villarreal,

As per your request, this letter will serve to set forth that I have reviewed the latest revised proposal information (see attached) as submitted by Argio Roofing & Construction, LLC, for the above referenced project. I'm satisfied that the revised proposal is an accurate representation of the work in the Contract Documents.

I've reviewed the revisions to Argio's original proposal dated 05/11/26 which have resulted in a project cost increase of $4,261.07. I feel that the adjustments are reasonable and in line with project cost increases that are currently being experienced on other projects of similar scope in our area.

The Associated General Contractors, American Institute of Architects, and other industry organizations are confirming that these cost increases are being experienced nationwide.

I've worked with Argio on several other projects that were successfully completed on time and within budget. Therefore, it's my professional recommendation that, to lock in the current prices, the City of Brownsville should award this construction contract to Argio as quickly as possible and commence immediately upon contract execution.

Please contact me at your earliest convenience if you have any questions or if I can provide any additional information at this time.

Thank you,

Roberto J Ruiz

Brownsville, Texas

Project: Market Square Building Bell Tower & Dome Concerns
Evaluation and Assessment Project.

Dear Mr. Villarreal,

The following letter is to explain the cost increase in the proposal submitted on May 11, 2026. Over the last eighty calendar days, we have experienced price increases on several construction materials. We have also experienced a price increase in freight fees due to the high cost of diesel fuel.

Our cost proposal has increased a total of $4,261,07 due to the price increase on mortar, tile, waterproofing, and freight fees. Our labor and cost of rental equipment have remained the same.

It is our interest to receive approval from the owner, as early as possible, to lock in the prices for the materials as specified for this project.

If any other information is needed, please contact our office and ask for Leo Aguilar, CM.

Thank you,

Leo Aguilar, CM
Argio Roofing & Construction, LLC.

UNIT PRICES:

Below unit prices are not to be included in the base bid (as referenced in Specification Section 012200 "Unit Prices") but must be filled out at time of Bid submittal. They will be used for any addition or deduction in the quantities found in the field.

SCHEDULE OF UNIT PRICES

A. Unit Prices: Unit Cost Allowances shall be established by the Contractor as a line item in his bid for each item noted and as mutually agreed upon between the Owner and the Contractor. Contractor shall show as a line item under the Contractor's bid and the Schedule of Values.

1. Provide a Unit price per one sq.ft. to repair Spalling in accordance with the contract documents.

One Hundred Eighty Dollars - $ **180.00**

2. Provide a Unit price per linear one lf. to repair Cracks in accordance with the contract documents.

One Hundred Forty Dollars - $ **140.00**

3. Provide a Unit price per one sq.ft. to repair of Portland Cements Plaster in accordance with the contract documents.

Eighty Dollars - $ **80.00**

If awarded this Contract, the undersigned will execute a satisfactory construction Contract, performance bond, labor and material payment bond and proof of insurance coverage, with the Owner for the entire work as per the Contract documents within ten (10) days after notice of award.

It is agreed that this proposal is subject to the Owner's acceptance within a period of thirty (30) days from the above date of bid opening.

The undersigned agrees to the following:

A. To furnish all materials as shown and specified in the Contract Documents.

B. To start work within 10 days after Notice to Proceed.

C. The undersigned further agrees to complete the project and achieve substantial completion as noted in this bid proposal form.

D. Contractor is to pay for all fees and apply for permits as required. Contractor must obtain a Building Permit but the City of Brownsville will waive the fee for said permit.

E. Contractor has visited the job site and is familiar with all work to be performed under the contract documents. Contractor to verify all existing conditions and has verified all dimensions and quantities based on field conditions.

F. Due to the historical significance of this building, the Contractor is abiding by all Historical Guidelines as established by the City Historical Committee.

G. Contractor to include in Bid all allowances as noted in Specification Section 012100 Allowances.

H. Contractor to insert all unit prices on Bid Proposal form at time of Bid submission.

I. BIDDER understands that the OWNER reserves the right to reject any or all bids and to waive any informality in the bidding.

The undersigned hereby declares that only the persons or firms interested in the proposal as principal or principals are named herein, and that no other persons or firms than are herein mentioned have any interest in this Proposal or in the contract to be entered into; that this Proposal is made without connection with any other person, company, or parties likewise submitting a Bid or proposal; and that it is in all respects for and in good faith, without collusion or fraud.

Upon receipt of written notice of the acceptance of this Bid, BIDDER will execute the formal contract attached within ten (10) days and deliver the Performance and Payment Bonds, the Insurance Certificates, and any other documents as required under the GENERAL CONDITIONS.

BIDDER Acknowledges receipt of the following addenda:

Form 2 - Statement Of Conflicts Of Interest (If Any)

Conflict of Interest Disclosure Instructions

The Respondent must disclose any conflicts of interest related to the goods and/or services associated with this solicitation. A conflict-of-interest statement is required if any conflicts exist, along with a detailed plan for mitigating the conflict(s). The City reserves the sole discretion to determine whether a conflict disqualifies a firm and/or whether a conflict mitigation plan is acceptable.

If a conflict of interest exists, the Respondent must:

- Complete Form CIQ
- File the form with the City Secretary
- Include a copy of the completed Form CIQ with the proposal

If no conflict of interest exists, Form CIQ is not required. Regardless of whether a conflict exists, this Form 2 must be completed and signed.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Chapter 176, Texas Local Government Code, regarding conflict-of-interest disclosures.
2. The Respondent understands that a completed Texas Ethics Commission Form CIQ must be filed with the City Secretary's Office of the City of Brownsville, Texas, within seven (7) business days after the Respondent becomes aware of a conflict.
3. The Respondent acknowledges that the completed Form CIQ is a public record and will be made available by the City Secretary in accordance with state law.
4. The Respondent understands that failure to file a required Form CIQ is a violation of state law and may result in penalties under Texas Local Government Code §176.006 and possible disqualification from consideration for award.
5. The Respondent shall submit this acknowledgment form as part of its solicitation response and attach a copy of the completed TEC Form CIQ, if applicable.

City Secretary Contact Information

City of Brownsville – Office of the City Secretary
1034 E Levee Street, City Plaza, 1st Floor, Brownsville, TX 78520
Email: City.Secretary@brownsvilletx.gov
Phone: (956) 548-6042

Certification

By signing below, the Respondent certifies that they have reviewed and understand the requirements of Chapter 176, Texas Local Government Code and have determined whether a conflict of interest exists. The Respondent further certifies that, if a conflict of interest exists, a completed Conflict of Interest Questionnaire (Form CIQ) has been or will be filed with the City Secretary in accordance with state law and that a copy of the completed Form CIQ is included with this submission, if applicable. The Respondent affirms that all information provided is true and correct and that they are authorized to bind the entity.

CONFLICT OF INTEREST QUESTIONNAIRE

FORM CIQ

For vendor doing business with local governmental entity

This questionnaire reflects changes made to the law by H.B. 23, 84th Leg., Regular Session.

This questionnaire is being filed in accordance with Chapter 176, Local Government Code, by a vendor who has a business relationship as defined by Section 176.001(1-a) with a local governmental entity and the vendor meets requirements under Section 176.006(a).

By law this questionnaire must be filed with the records administrator of the local governmental entity not later than the 7th business day after the date the vendor becomes aware of facts that require the statement to be filed. *See* Section 176.006(a-1), Local Government Code.

A vendor commits an offense if the vendor knowingly violates Section 176.006, Local Government Code. An offense under this section is a misdemeanor.

OFFICE USE ONLY
Date Received

1 **Name of vendor who has a business relationship with local governmental entity.**

ARGIO Roofing & Construction LLC

2 ☐ **Check this box if you are filing an update to a previously filed questionnaire.** (The law requires that you file an updated completed questionnaire with the appropriate filing authority not later than the 7th business day after the date on which you became aware that the originally filed questionnaire was incomplete or inaccurate.)

3 **Name of local government officer about whom the information is being disclosed.**

N/A

Name of Officer

4 **Describe each employment or other business relationship with the local government officer, or a family member of the officer, as described by Section 176.003(a)(2)(A). Also describe any family relationship with the local government officer. Complete subparts A and B for each employment or business relationship described. Attach additional pages to this Form CIQ as necessary.**

N/A

A. Is the local government officer or a family member of the officer receiving or likely to receive taxable income, other than investment income, from the vendor?

☐ Yes ☐ No

B. Is the vendor receiving or likely to receive taxable income, other than investment income, from or at the direction of the local government officer or a family member of the officer AND the taxable income is not received from the local governmental entity?

☐ Yes ☐ No

5 **Describe each employment or business relationship that the vendor named in Section 1 maintains with a corporation or other business entity with respect to which the local government officer serves as an officer or director, or holds an ownership interest of one percent or more.**

N/A

6 ☐ Check this box if the vendor has given the local government officer or a family member of the officer one or more gifts as described in Section 176.003(a)(2)(B), excluding gifts described in Section 176.003(a-1).

CONFLICT OF INTEREST QUESTIONNAIRE
For vendor doing business with local governmental entity

A complete copy of Chapter 176 of the Local Government Code may be found at http://www.statutes.legis.state.tx.us/Docs/LG/htm/LG.176.htm. For easy reference, below are some of the sections cited on this form.

Local Government Code § 176.001(1-a): "Business relationship" means a connection between two or more parties based on commercial activity of one of the parties. The term does not include a connection based on:

(A) a transaction that is subject to rate or fee regulation by a federal, state, or local governmental entity or an agency of a federal, state, or local governmental entity;

(B) a transaction conducted at a price and subject to terms available to the public; or

(C) a purchase or lease of goods or services from a person that is chartered by a state or federal agency and that is subject to regular examination by, and reporting to, that agency.

Local Government Code § 176.003(a)(2)(A) and (B):

(a) A local government officer shall file a conflicts disclosure statement with respect to a vendor if:

***

(2) the vendor:

(A) has an employment or other business relationship with the local government officer or a family member of the officer that results in the officer or family member receiving taxable income, other than investment income, that exceeds $2,500 during the 12-month period preceding the date that the officer becomes aware that

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor;

(B) has given to the local government officer or a family member of the officer one or more gifts that have an aggregate value of more than $100 in the 12-month period preceding the date the officer becomes aware that:

(i) a contract between the local governmental entity and vendor has been executed; or

(ii) the local governmental entity is considering entering into a contract with the vendor.

Local Government Code § 176.006(a) and (a-1)

(a) A vendor shall file a completed conflict of interest questionnaire if the vendor has a business relationship with a local governmental entity and:

(1) has an employment or other business relationship with a local government officer of that local governmental entity, or a family member of the officer, described by Section 176.003(a)(2)(A);

(2) has given a local government officer of that local governmental entity, or a family member of the officer, one or more gifts with the aggregate value specified by Section 176.003(a)(2)(B), excluding any gift described by Section 176.003(a-1); or

(3) has a family relationship with a local government officer of that local governmental entity.

(a-1) The completed conflict of interest questionnaire must be filed with the appropriate records administrator not later than the seventh business day after the later of:

(1) the date that the vendor:

(A) begins discussions or negotiations to enter into a contract with the local governmental entity; or

(B) submits to the local governmental entity an application, response to a request for proposals or bids, correspondence, or another writing related to a potential contract with the local governmental entity; or

(2) the date the vendor becomes aware:

(A) of an employment or other business relationship with a local government officer, or a family member of the officer, described by Subsection (a);

(B) that the vendor has given one or more gifts described by Subsection (a); or

(C) of a family relationship with a local government officer.

EXHIBIT "D"

INSURANCE

Contractor shall obtain and maintain insurance coverage as agreed in paragraph 7 of the City of Brownsville Contract Agreement and ensure that coverage with the parameters contained herein remains in full force at all times during the contract period as follows:

1. **Workers' Compensation and Employers' Liability Insurance**

   Minimum Limits Consistent with Texas Worker's Compensation Act (Section 401):

   1. $100,000 bodily injury each accident
   2. $500,000 bodily injury by disease policy limit
   3. $100,000 Bodily injury by disease each employee

   Any firm performing work for or on behalf of the City of Brownsville must provide Workers' Compensation insurance.

2. **Commercial General Liability Insurance**

   Covering premises-operations, products-completed operations, independent Contractors and contractual liability, with a combined single limit bodily injury/property damage of $1,000,000. This coverage must include, but not be limited to:

   1. Coverage for the liability assumed by the Contractor under the indemnity provision of the contract.
   2. Coverage for Premises/Operations
   3. Products/Completed Operations
   4. Broad Form Contractual Liability
   5. Independent Contractors

3. **Automobile Liability Insurance**

   Covering all owned, hired and non-owned automobile equipment with the following Limits:

   1. Bodily injury

      $250,000 each person,

      $500,000 each occurrence

   2. Property damage

      $100,000 each occurrence

PRIMARY AND NONCONTRIBUTORY – OTHER INSURANCE CONDITION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART
PRODUCTS/COMPLETED OPERATIONS LIABILITY COVERAGE PART

The following is added to the **Other Insurance** Condition and supersedes any provision to the contrary:

Primary And Noncontributory Insurance

This insurance is primary to and will not seek contribution from any other insurance available to an additional insured under your policy provided that:

(1) The additional insured is a Named Insured under such other insurance; and

(2) You have agreed in writing in a contract or agreement that this insurance would be primary and would not seek contribution from any other insurance available to the additional insured.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – SCHEDULED PERSON OR ORGANIZATION

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location(s) Of Covered Operations
Any person or organization to which you are obligated by virtue of a written contract to provide insurance such as is afforded by this policy, but only with respect to (1) occurrences taking place after such written contract has been executed and (2) occurrences resulting from work performed by you during the policy period, or occurrences resulting from the conduct of your business during the policy period. .	
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

A. Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:

1. Your acts or omissions; or
2. The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured(s) at the location(s) designated above.

B. With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to "bodily injury" or "property damage" occurring after:

1. All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
2. That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – COMPLETED OPERATIONS

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

SCHEDULE

Name Of Additional Insured Person(s) Or Organization(s):	Location And Description Of Completed Operations
Any person or organization to which you are obligated by virtue of a written contract to provide insurance such as is afforded by this policy, but only with respect to (1) occurrences taking place after such written contract has been executed and (2) occurrences resulting from work performed by you during the policy period. A person or organization that qualifies as an “insured” under the above paragraph of this Endorsement shall be an additional insured solely with respect to such additional insured’s for “bodily injury,” property damage” or “personal and advertising injury” caused in whole or in part by your acts or omissions in the performance of “your work” for the additional insured on or at “commercial construction projects.” For the purposes of this Endorsement, “commercial construction projects” are defined as buildings or structures constructed for commercial use and also includes apartments, hotels, homes for the aged, dormitories or barracks. However, “commercial construction projects” shall not include any building or structure which contains individual owner occupied units or dwellings.	
Information required to complete this Schedule, if not shown above, will be shown in the Declarations.	

Section II – Who Is An Insured is amended to include as an additional insured the person(s) or organization(s) shown in the Schedule, but only with respect to liability for "bodily injury" or "property damage" caused, in whole or in part, by "your work" at the location designated and described in the schedule of this endorsement performed for that additional insured and included in the "products-completed operations hazard".

Form 3 – Texas Ethics Commission Certificate of Interested Parties (Form 1295)

Purpose

This form serves as an acknowledgment of the statutory requirement for certain vendors to file a Certificate of Interested Parties (Form 1295) with the Texas Ethics Commission (TEC) before a contract can be executed with the City of Brownsville.

The requirement applies to any contract that:

- Must be approved by the City Commission or executed by a City official before becoming effective, or
- Otherwise meets the criteria established by the Texas Ethics Commission under Texas Government Code §2252.908 and 1 Texas Administrative Code Chapter 46.

Respondent Acknowledgment

By signing below, the Respondent certifies and acknowledges the following:

1. The Respondent has reviewed the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46.
2. When applicable, the Respondent shall complete and file Form 1295 electronically at https://www.ethics.state.tx.us/filinginfo/1295/ to obtain a Certificate Number issued by the TEC.
3. The Respondent shall print and provide a PDF copy to the City of Brownsville Procurement Department **after** notice of intent to award but prior to contract execution.
4. The Respondent understands that the City may not execute a contract until a completed and verified Form 1295 is received.
5. The Respondent acknowledges that the Certificate of Interested Parties will be made publicly accessible on the TEC's website in accordance with state law.

Certification

By signing below, the undersigned Respondent certifies that they have read and understood the requirements of Texas Government Code §2252.908 and 1 TAC Chapter 46 and that a completed Form 1295 will be filed and provided to the City prior to contract execution, if applicable.

The Respondent further understands that the Form 1295 itself must be signed in accordance with TEC requirements.

Agenda #:	Consideration and **ACTION** to approve **Resolution Number 2026-118** supporting proposed state legislation that would require county election officials to offer annual election services contracts to municipalities conducting May municipal elections, while preserving each municipality's discretion whether to contract for those services. (Office of the City Secretary)

Summary:
The purpose of this item is to request City Commission support for proposed state legislation relating to municipal election services and to advocate for measures that will help municipalities administer local elections efficiently, consistently, and cost-effectively.

Texas municipalities are responsible for conducting municipal elections in compliance with the Texas Election Code and other applicable requirements. Election administration involves increasingly complex laws, voting systems, accessibility standards, election security measures, staffing, equipment, and procedural deadlines. County election officials maintain specialized election expertise and resources that can assist municipalities in conducting fair, efficient, and compliant elections.

Current state law does not require a county election official to offer election services annually to municipalities conducting May elections. Practices may therefore vary by county and may change because of personnel, policy, or operational decisions. The proposed legislation would establish a consistent statewide requirement that county election officials offer annual election services contracts to eligible municipalities. It would not require a municipality to enter into a contract or surrender its statutory authority; each city would retain the choice of whether contracting serves its local needs.

The sponsoring municipalities are requesting resolutions from cities across Texas so they can demonstrate broad, statewide support when presenting the proposal to legislators, state agencies, and municipal advocacy organizations. Brownsville's Resolution would become part of that collective record. The greater the number and geographic diversity of supporting cities, the stronger the evidence that this is a statewide municipal concern rather than an issue affecting only one community.

Commission support is also needed to advocate for long-term certainty. Even when our county currently contracts with municipalities, there is no guarantee that the practice will continue. County personnel, policies, available resources, and operational priorities may change. Without a statutory requirement to offer services, a municipality could have to assume election functions with limited notice, including securing compliant voting equipment, trained personnel, accessible polling operations, testing, programming, supplies, tabulation, reporting, and other specialized resources. The requested legislation would create a dependable annual opportunity to contract without obligating Brownsville to do so. This protects local decision-making while helping ensure that the City can evaluate county services each election cycle and select the arrangement that best supports voters, compliance, efficiency, and responsible use of public resources.

Adoption would add Brownsville's voice to the statewide municipal request and demonstrate support for consistent access to county election services.

Project Scope and Analysis:
The proposed legislation is intended to provide municipalities greater certainty from one election cycle to the next, improve access to trained election personnel and specialized equipment, promote consistency in election administration, reduce the risk of inadvertent noncompliance, and strengthen voter confidence. The proposal preserves local discretion because the County would be required to offer services, but the City would not be required to accept or contract for them.

1. Resolution 2026-118

CITY OF BROWNSVILLE, TEXAS
RESOLUTION NO. 2026-118

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF BROWNSVILLE, TEXAS, SUPPORTING LEGISLATION REQUIRING COUNTY ELECTION ADMINISTRATORS TO OFFER ANNUAL ELECTION SERVICES CONTRACTS TO MUNICIPALITIES CONDUCTING MAY ELECTIONS; PRESERVING MUNICIPAL DISCRETION WHETHER TO CONTRACT FOR SUCH SERVICES, AND PROFESSIONAL; AND PROVIDING AN EFFECTIVE DATE.

WHEREAS, the City received a request to support legislation requiring county election officials to provide annual election services contracts to municipalities;

WHEREAS, the City of Brownsville recognizes that free, fair, accurate, and transparent elections are fundamental to maintaining public confidence in representative government; and

WHEREAS, municipal elections are governed by the Texas Election Code and require compliance with complex and evolving laws, procedures, voting-system requirements, accessibility standards, election-security measures, and statutory deadlines; and

WHEREAS, City Secretaries frequently serve as the election officials for municipalities while also carrying out numerous other statutory and administrative responsibilities on behalf of their communities; and

WHEREAS, County Election Administrators are specifically trained, staffed, and equipped to administer elections and maintain expertise in election procedures, voting systems, election security, accessibility, and legal compliance; and

WHEREAS, allowing municipalities the opportunity to contract annually with County Election Administrators promotes consistency, professionalism, efficiency, and public confidence in the administration of elections throughout the State of Texas; and

WHEREAS, current law does not require counties to offer election services contracts to municipalities on an annual basis, resulting in inconsistent practices among counties and unequal access to professional election administration services; and

WHEREAS, the City Commission believes that all Texas municipalities, regardless of size, should have the opportunity to utilize the expertise and resources of their County Election Administrator when conducting May municipal elections; and

WHEREAS, legislation requiring County Election Administrators to offer annual election services contracts for municipal May elections would:

- Strengthen the integrity, security, and public confidence of municipal elections;
- Promote statewide consistency in election administration;
- Reduce the risk of inadvertent noncompliance with increasingly complex election laws;

- Ensure municipalities have access to trained election professionals and specialized resources; and
- Enhance the efficient and effective administration of elections throughout Texas.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF BROWNSVILLE, TEXAS, THAT:

SECTION 1. The City Commission of the City of Brownsville hereby expresses its support for legislation that would require County Election Administrators to offer annual election services contracts to municipalities for May elections.

SECTION 2. The City Commission respectfully encourages Texas Legislature to consider and enact legislation that promotes uniformity, professionalism, and integrity in municipal election administration by ensuring municipalities have the opportunity to contract with their County Election Administrator on an annual basis.

SECTION 3. The City Commission directs the City Secretary to transmit a certified copy of this Resolution to the City's State Representative, the Governor of Texas, the Lieutenant Governor of Texas, the Speaker of the Texas House of Representatives, the Texas Secretary of State, members of the City's state legislative delegation, Texas Municipal League Government Relations, the Texas Municipal Clerks Association, and any other appropriate legislative or governmental organizations advocating for sound election administration.

SECTION 4. This Resolution shall become effective immediately upon its adoption.

PASSED AND APPROVED by the City Commission of the City of Brownsville, Texas, this 1st day of September, 2026.

ATTEST: **APPROVED:**

_____ _____

Mayra A. Rios, City Secretary John Cowen, Jr., Mayor

APPROVED AS TO FORM:

_____

Guillermo (Will) S. Trevino, City Attorney

To:	Mayor and City Commission
Through:	Alan Guard, Interim City Manager
From:	Marina Zolezzi, Interim Assistant City Manager
Date:	Tuesday, September 1, 2026
Agenda #:	Consideration and **ACTION** on **Resolution Number 2026-117A** to appoint or reappoint members to the Youth Advisory Board. (Office of the City Manager)

Summary:
With the new resolution, the City Commission shall appoint a total of 14 members from public, private, or charter schools or study-at-home program located within Brownsville, Texas with no more than two members representing the same school. Interested students have the opportunity to submit an application through the City of Brownsville for the Commission's consideration. Each member of the Commission may appoint two students — one primary (preferably a senior) and one alternate (preferably a junior). Each committee member shall be an active student in 11th or 12th grade who is in good standing at any area Brownsville public, private, or charter school or study-at-home program. Each member shall serve without compensation. The board shall consist of 20 members with 14 members being appointed by the Commission and 6 by the board once members are established.

On August 18, six members of the Commission appointed twelve (12) students to the Youth Advisory Board (two per Commission member). Two pending appointments are for the Mayor.

Project Scope and Analysis:
Resolution 2026-116 established bylaws and describes the makeup of the Youth Advisory Board membership. A total of 14 students shall be appointed by the City Commission. Twelve were appointed on August 18, 2 appointments for the Mayor are pending.

1. RESOLUTION NUMBER 2026-117A
2. Youth Advisory Board Template

RESOLUTION NUMBER 2026-117A

A RESOLUTION OF THE CITY OF BROWNSVILLE APPOINTING MEMBERS TO THE YOUTH ADVISORY BOARD.

WHEREAS, the City Commission established a Youth Advisory Board through resolution #2024-084 on September 3, 2024; and

WHEREAS, resolution #2026-116 serves to repeal and replace all prior resolutions including resolution #2024-084 and resolution #2025-094 creating the Youth Advisory Board and establishing governing bylaws; and

WHEREAS, the purpose of the Youth Advisory Board is to act in an advisory, service, and support capacity with respect to any potential initiative or opportunity undertaken jointly with the staff or city commission within the municipal limits of Brownsville or its extraterritorial jurisdiction. In addition, the purpose of the Youth Advisory Board is to expand opportunities for youth including input and engagement while providing a worthwhile endeavor and valuable experience for the young residents of Brownsville.

WHEREAS, the Board shall consist of seven (20) voting members from public, private, or charter schools or study-at-home program located within Brownsville, Texas with no more than two members representing the same school; fourteen (14) of which are to be appointed by the city commission and six (6) of which are to be appointed by the Youth Advisory Board. Each City Commission member is responsible for nominating two members to the Board of which one is a primary member (preferably a student that will be a senior for the year) and the other is an alternate preferably a student that will be a junior for the year). Each committee member shall be an active student in 11th or 12th grade who is in good standing at any area Brownsville public, private, or charter school or study-at-home program; and

WHEREAS, voting board members shall serve for a term of one year beginning on September 15th on the year of appointment and ending on August 1st the following year. The term of each member who is classified as a senior at the time of appointment shall be one year. Members who are classified as juniors at the time of appointment may indicate their interest for a second year for the Commission's consideration; and

WHEREAS, no salary, fees, or compensation shall be paid to the members of the Board for their service.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF BROWNSVILLE, TEXAS, THAT:

The following individuals are appointed to serve as members of the Youth Advisory Board.

NAME	APPOINTED BY	TERM ENDING
